Grading System

Grade definitions are as follows:

A. Indicates superior work, initiative and originality.

B. Indicates performance of assigned work in highly satisfactory manner.

C. Indicates adequate or average performance of assigned work.

D. Indicates barely passing work and that little or no initiative has been displayed.

E. Indicates "Incomplete." This indicates that for a justifiable, approved reason, (serious illness, etc.) a student failed to complete all requirements of the course. Such work must be made up during the succeeding quarter. Failure to make up incomplete work by the end of the succeeding quarter will result in the "E" being changed to an "F" on the permanent record. A student must petition before the end of a quarter for an "E" in each course in which an incomplete is sought.

F. Indicates failure, or failing to take a final.

F\*. Indicates unauthorized withdrawal from a class or withdrawal after the fifth week with below "C" work in a course.

W. Indicates approved withdrawal from a course. A "W" indicates that the student withdrew from a course before the end of the fifth week or that he was earning a satisfactory ("C") grade if he withdrew after that time.
