EMBLEM DESIGNER

David Spriggs, 2nd year student in Technical Drafting at LCC, is the designer of the new masthead for this week's Round-Up. He has spent a great deal of time doing research to establish authentic details for the masthead.

David is fast assuming the role of "School Emblem Designer" for LCC, having already produced designs for the School Seal, the signs in front of the Eugene Campus, the Torch Masthead, the Mascot, and the Coat of Arms. He is now working on the final details of the bronze casting of the seal which will be used on the new campus.

David has had no formal training in Technical Design, but would like to carve a career for himself in the relatively rare field.

STUDENT COUNCIL

Royal blue was the color chosen for caps and gowns for the 1966 graduation ceremonies at LCC. The decision was made at the January 11th Student Council meeting.

The agenda for this week's Council meeting will include discussions of the Cultural Exchange Program with the other Oregon community colleges, the February 2nd Student Body elections, and formation of student groups.

Next meeting of the Student Council will be Tuesday, January 18th, at 2:30 pm in KRVM Studio on the Eugene Campus.

PRESIDENTIAL REPORT

"The southern California visit to nineteen community colleges should prove of great value to LCC in the future," President Parnell said Monday morning. Dr. Parnell was one of a group of fourteen Staff members who accompanied Board members and Campus Planners on a four-day trip to observe existing community colleges in action.

"Observation revealed many facets of community college planning and operation which will be useful in planning the new LCC campus, both good and bad," Dr. Parnell said. "If errors are made now, it will not be because we didn't make an effort to bypass them."
