

# ROUNDUP

## Round the campus

The new telephone credit cards have been distributed to administrators according to Dean of College Services BILL COX. The new cards use "O" numbers instead of "Q". Staff members are asked to please use all 10 digits when dialing because the last three specify that the call is from Oregon.

The Finance and Planning Committee began a series of breakfast meetings Wednesday morning at 6:45 a.m. Wednesday they met with the Science Department. Thirteen members were present and they discussed long range plans for the next five years. From the long range discussion the group discussed the budget for the 1969-70 academic year.

The Finance and Planning Committee will be meeting with each department for this type of discussion. There is a budget breakfast planned for every morning from now until Jan. 24. Some of the groups will be meeting for dinner. The meetings are held in the Food Service unit.

The 1968-69 revised staff handbook and staff directory are completed and are being distributed to staff members. The staff has been waiting several months for both books and the question "when will the "handbook" be ready" is answered. It is ready now.

WANDA JONES, business office manager, was cited by BILL MANSELL, clerk-controller, for her assistance in investing the idle bond money for construction. The investments are made by the Lane County Director of Finance and Auditing, but only in the amounts directed by Wanda. The total investment earnings for this money are \$313,920.62.

The initial meeting of the screening committee for the Presidential search will be held next Wednesday, Jan 15 beginning at 3 p.m. The purpose for the meeting will be to organize the committee and set up a schedule for meetings and interviews etc. The committee will meet with the Board for dinner to receive instruction on what to be looking for in the search. The dinner and committee meeting are not open.

Friday, Jan. 10, 1969

## CAST GOES ON TOUR

The cast of Stop the World, LCC's first musical production, will be on tour Jan. 15-18. Performing Arts Chairman ED RAGOZZINO directed the play and will accompany the troop on tour. The cast will play for the inmates at the State Penitentiary in Salem the 15th, January 16 they will play for the state legislators at Willamette University and the 17th they will play the Mount Angel Abbey. The group will finish in Florence on Saturday.

The cast is also being considered for participation in the American Theatre Festival. The Festival runs April 28 - May 12 in Washington D.C.

Dr. William Dorn, director of Computer Education at the University of Denver, will be lecturing at 2 p.m. in the Forum (rm.309) this afternoon. He will be speaking on the relationships of the computer with today's society and the implications of education.

Tomorrow, Dr. Dorn will lecture to faculty members during a second day on campus. There will be a question-answer discussion period following the Saturday lecture. The coffee hour and conversation time begin at 9:30 a.m.

## LANE NAMED CPS TEST CENTER

LCC has been established as a testing center for the Certified Professional Secretary examination for 1969. The only other Oregon CPS exam center is in Portland. The cost of the test is \$70.

The Adult Ed department offered a course Fall Term to prepare secretaries for the exam given the first Friday and Saturday in May of each year. The course will again be offered Winter term. If you are interested see NILE WILLIAMS, adult ed coordinator.

The Roundup is prepared by the Office of Information and Publications at Lane Community College, 4000 E. 30th Ave., Eugene, Ore. 97405. Kathy Dave, editor. Ext. 340

## ELECTRONICS DEPARTMENT FILES APPLICATIONS

Staff members in the Electronics Department have been busy the last three weeks preparing numerous applications for new electronic communications facilities for the campus to be filed with the Federal Communications Commission.

Among the applications sent to the FCC for approval was a request for permission to install a microwave studio-to-transmitter link to carry KLCC programs from the control rooms on campus to the transmitter site on Blanton Heights. This equipment was previously purchased and will be installed this summer, replacing the presently used leased telephone lines.

An application was also filed requesting a modified station license of the Lane Community College Radio Club amateur radio station W7ILQ to specify the new campus as its permanent location. W7ILQ operates in the amateur radio bands, 80 through 10 meters, with 1,000 watts of power. Electronics Chairman ROGER HOUGLUM is the club trustee and Electronics Prof DARWIN McCARROLL is advisor.

A third similar request was sent to the FCC to designate the LCC campus as the permanent location of the College's Citizens Band base station. The school's license permits up to 10 fixed and mobile stations under the terms of this license.

Flying saucer expert  
to speak at LCC

James Moseley, America's most authoritative expert on flying saucers and other unidentified flying objects, will speak at LCC's Jan. 20 public convocation. He will be lecturing in the large lecture room in the Forum Building beginning at 8 p.m.

He is considered to be the most knowledgeable American on the subject of UFO's. He is a graduate of Princeton and is the author of several magazine articles on the subject of flying saucers.

There will be no admission charged and the lecture is open to the public.

## Study Skills Center Announces new hours

New hours for the Study Skills Center for Winter Term have been released as follows: effective last Monday (Jan. 6)

Monday through Thursday--8 a.m. to 9 p.m.

Friday--8 a.m. to 6 p.m.

Saturday--CLOSED

The Math Lab in the SSC will be on the following schedule:

1:30-4 p.m.

Thursday (by app't only) 4-6 p.m.

## Adult Education offers

### night classes

Basic nutrition, working with young children, and adjusting the kitchen to the family cycle are among several courses being offered Winter Term through the Adult Education department.

The nutrition class will deal in meal planning and attractive food service. Class will meet each Tuesday beginning Jan. 14 for ten weeks. Class time is 7:30-9:30 p.m. in Health 115. The cost is \$8.

A study of children from birth through age six will be covered in the child-care class. It will include ways of working with young children--providing creative experiences for them to develop emotionally and physically.

The cost and time for this course are the same as the nutrition class except the room is Health 116.

The third course, adjusting the kitchen, is a study of the need of a kitchen organized to meet each phase of the family cycle, beginning with the small kitchen for efficient meal management.

The class meets each Wednesday evening from 7-10 p.m. for five weeks. Tuition is \$6. The class is in Health 115. It began Jan. 8.

Registration for all three courses is at the first class meeting.

## FACULTY WIVES MEET

The regular monthly meeting of the Faculty Wives Association will be held Jan. 13 at 7:30 p.m. in the Food Service unit (Snack Shack). All faculty wives are encouraged to come. Following the general business meeting, the group will get re-acquainted playing cards, games and having refreshments.

The Snack Shack is the first mobile unit next to the Mechanics Building on the South side of the campus.

## BIRTHDAYS

Happy January birthday to: CLAIRES JOHNSON, secretary, 5; PAUL PATRICK, mechanics prof, 11; and LARRY DAVIS, mechanics prof, 12.

Associate Dean GERRY RASMUSSEN particularly enjoyed interviews with two teacher applicants the day after Christmas. An interview with an anthropologist was conducted entirely in Danish, which Gerry speaks fluently as a result of his heritage and visits to Denmark. A subsequent interview with an economist was conducted with Gerry speaking Danish and his guest, Norwegian.

KLCC

# ROUNDUP

## Round the campus

A security personnel will be on the second floor of the Business Education Building nightly between the hours of 10-10:30 p.m. Anyone needing his services during the evening should contact him at this location. The remainder of the evening shift will be spent securing the campus and patrolling the Building areas. He is not in uniform at the present, but he will be later.

The dental hygiene students from the Paradental Department are now holding clinics on Tuesday and Thursday afternoons. The students will clean and scale teeth under the supervision of instructors with the latest dental equipment for \$5. After you have once been to the clinic, the charge for return trips for cleaning is \$4. If any staff members or their families are interested, appointments can be made through the Paradental department on the second floor of the Health Building. Children's teeth will be cleaned and given fluoride treatments for \$5.

WALT VAN ORDEN, plant supervisor reports that several donations of water fowl have been received at the college to be placed in the seven-acre sewage lagoon. Walt says, "We have about 10 domestic fowl. One large mallard drake, a white duck, a couple of geese and some other ducks. Several flocks of wild birds have stopped and there are also reports of wood ducks."

Several other donations are anticipated by the college and more water may be needed to accommodate the fowl.

### SALARY PROPOSAL EXPLAINED BY SPPC

Thursday, Jan. 23, a member of the Staff Personnel Policies Committee will be available to brief staff members on the 1969-70 salary proposal each hour from 8 a.m. to 4 p.m. in room 220 of the Apprenticeship Building. "We are doing it this way in an effort to make sure that every staff member has the opportunity to hear the proposal before it goes to the Board," says Chairman EVAN ALFORD.

The proposal is for both classified and instructional staff members.

Tuesday, Jan. 21, 1969

### Family Life Discussions begin again Thursday

The second series of Family Life Discussions presented by the Family Counseling Service for Lane County in cooperation with LCC will begin Jan. 23. The meetings will be held in rooms 102 and 103 of the Health Building and will start at 7:30 p.m. every other Thursday evening through March 6.

Each presentation will be followed by a small group discussion period led by a volunteer, non-professional trained by the Counseling Service for this purpose.

### News briefs

According to Dean COX, several of the carpets are beginning to show damage due to smoking in classrooms and not using ashtrays. The staff handbook states "Smoking is not permitted in classrooms when classes are in session, in the library, or in posted areas" (420.1). It seems that many people do not observe this rule. Staff members are among the main offenders.

Dean Cox said, "Large ash urns have been placed in all of the buildings on campus for the purpose of allowing staff and students to dispose of their cigarettes before entering classes."

The official notice of LCC's three-year accreditation was sent to President HAMILL recently and according to the letter received from the Northwest Association of Secondary and Higher Schools, the accreditation was effective as of the beginning of the current school year.

A reminder to staff members and other persons outside the college who would like to use the campus facilities or classrooms for non-instructional purposes, you must check for clearance through MARGARET KNUTSON, secretary to BILL COX. This includes the scheduling of the Board Room. Unless you have cleared the use of rooms through Margaret, the facilities can be scheduled for other use.

## PLANNING POSITION OPEN TO STAFF

Staff members who wish to apply for the short-term position of Facilities Planner should contact personnel clerk DOROTHY KELLOGG in the Office of Instruction.

The job, created by the Board of Education on Jan. 15, will run only until July 1, 1969. The planner will work out of the President's Office to develop educational specifications for the second phase of campus construction and to do the analysis necessary for the establishment of construction priorities.

President BOB HAMILL said staff members need only "indicate their interest" rather than make formal application. Interviews will then be arranged by the President's Office.

Selection of a present staff member would hinge on the availability of someone to fill the staff member's present assignment during the approximately five-month period of the planning job. The staff member would retain his right to return to his old job.

Salary would be "at least at the Director level," President Bob said. That is around \$1,000 monthly.

Applications for the planning position also are being accepted from non-staff personnel.

### Dental Students Capped

Capping ceremonies were held last Friday for the dental assistant students and the dental hygiene students. President HAMILL was the guest speaker for the 8 p.m. program, which was held in the Lecture Hall in the Forum. Other staff members participating in the ceremony were Dean of Instruction LEW CASE, offered the invocation and benediction, Associate Dean RAY LaGRANDEUR provided the welcome and Paradental Director JOHN DICKSON introduced the students and the speakers. There were 16 dental hygiene students capped and 19 dental assistants. The capping of the dental students signifies that they are now able to accept patients.

Following the ceremonies, refreshments were served in the dental classroom and parents and friends were taken on a tour of the new dental facilities. There were 175 people attending the capping.

### LCC receives grant

The Law Enforcement Program received a \$15,600 grant under the Law Enforcement Assistance Administration to use for loans and grants for law enforcement students. Most of the grant money will be made available to employed law enforcement officers who are attending classes. The remainder will be used for student loans to those students majoring in Police Science.

# names in the news

GERMAN ELLSWORTH, mechanics prof, is attending a two-week workshop at UCLA. The workshop, which is concerned with powerplant theory and maintenance, began Monday and will run through the 24th.

The institute is one of many being held to develop materials for the Airframe and Powerplant core curriculum throughout the United States.

Mechanics Prof BOB MAXWELL and his wife BEA attended the inauguration ceremony of President Richard Nixon today in Washington D.C. Bob was a guest of the inaugural committee as are all Congressional Medal of Honor Holders. Bob and Bea flew transportation-free to the ceremony courtesy of United Airlines. The trip also included several activities such as the Governors' Reception, and other unofficial events.

The Data Processing Department welcomes JUNE CALLEN, keypunch operator. June began work Jan. 1.

EVELYN ALFORD has joined the faculty of the Practical Nursing program.

A new face in the Adult Education Office is BEVERLY BOYD. Beverly replaces NORMA EVERS, secretary in Nursing.

Math Profs JOHN LOUGHLIN, ED SEABLOOM and PAT GORE are attending a computer workshop in Salem today to observe the latest equipment and techniques used in computer instruction.

Dean of College Services BILL COX and Learning Resource Director KEITH HARKER flew to San Francisco Monday to observe several dial retrieval systems at some of the campuses in the Bay area.

Associate Dean RAY LaGRANDEUR has been appointed to the Area 5 Regional Manpower Coordinating Committee by Governor Tom McCall. The first meeting of the committee was held on campus and Ray was elected chairman. Director of Special Training Programs LARRY MURRAY will serve as an alternate member to the committee.

JOHN KLOBAS, sociology prof, has been named to lead a four-day conference on communications and social interaction for staff and students at the University of North Carolina.

The session will be held either the last week of January or the third week of February.

Drafting Prof BOB ALLEN broke his hip in a fall at his home Sunday afternoon. He apparently fell on some ice at his house. He will be out for some time and is in the hospital now.

ROGER JAY, math prof and his wife CATHERINE are the parents of a new baby boy, GREGORY THERIN.

JERRY FOSTER, editor of the student newspaper The Torch recently wrote a feature on "Excessive lecturing and student-faculty communication." The article was reprinted in the December issue of the OCCA Bulletin.

Social Science Prof JOE SEARL, who is teaching a cooperative program with the U of O Geography Department, reports that LCC students received the same percentage of A's, B's, C's, D's and Failures as the U of O students taking the same course and the same examinations. Says Joe, "If one institution's students are flunkies the others must be, too."

German Instructor CLAUS RESCHKE reports the formation of a German Language Hour. The group meets Thursdays from 11:30-12:30 p.m. in room 106 of the Health Building. It is open to any student or staff member who has a knowledge of German. Native German students and German speaking students and staff are encouraged to drop in and enjoy conversation times with others interested in the German culture. The informal meetings will help students or staff to practice speaking the language. Stop in any day and bring your lunch.

## Breakfast is served

MERLIN AMES, food service supervisor, reports that breakfast is being served at the Snack Shack between 7-10:30 a.m. daily.

The breakfast menu is as follows:

bacon and eggs - 75¢  
ham and eggs - 75¢  
sausage and eggs - 75¢  
hotcakes - 40¢  
French toast - 40¢  
omeletts - plain--40¢, cheese--45¢,  
ham and cheese--55¢

Happy January birthday to RICHARD COALWELL, math prof, 13; PAUL ARMSTRONG, English prof, 15; PAT GRANT, purchasing agent, and BILL MANSELL, clerk-controller, 16.

January 15, 1969  
Board Summary

Contracted employees whose duties primarily involve student contact (teachers, librarians, counselors) are now eligible for five-year continuing appointment in the spring of their third year of contracted employment.

The Board of Education adopted the policy at its meeting Jan. 15. Several dozen employees will be eligible for application this spring.

Those who do not receive the five-year contract at first eligibility may be employed an additional year. If the five-year contract is not given at the second application, their employment will be terminated.

The new policy was developed by the Staff Personnel Policies Committee, which is chaired by English Prof EVAN ALFORD.

In other business, the Board:

\* Awarded a \$167,700 contract to RCA to install hardware for the LRC information retrieval system. RCA's bid was \$6,000 higher than A-V Electronics. The decision to accept the high bid was based on "quality and probability of performance on time." The system should be in operation next fall.

\* Heard a report from Dean BILL COX that the construction of the LRC building is a month to six weeks ahead of schedule. Occupancy might be possible by mid-March, though the kitchen equipment won't be ready until later.

\* Awarded a contract to Metropolitan Printing Co. of Portland to print 10,000 College catalogs for \$6,225.

\* Approved \$600 for travel for Mechanics Department staff to search for an aircraft for the flight technology program.

\* Approved travel for President BOB HAMILL to San Jose Feb. 17-21 to a computer orientation for presidents; BERT DOTSON to San Francisco Feb. 27-28 for a AAJC community services meeting; ART SCHAEFER to Las Vegas Jan. 26-29 for an American Alumni Council meeting.

\* Agreed to hold budget committee meetings on March 5, April 2 and 16, May 7 and 21, and June 18.

\* Heard Dean BUD HAKANSON report that Winter Term headcount enrollment is 4,031 in the credit programs and 1,401 in Adult Education. Comparable Fall Term figures were 4,188 and 1,854.

\* Noted that Siuslaw School District and the City of Florence have offered the College a 20-acre tract of land adjacent to the new Siuslaw High School. The Board is expected to discuss the offer at its Jan. 29 meeting.
