WEDNESDAY  
October 3, 1973

CABINET MEETING---A surprising enrollment hike coupled with an on again-off again budget affected by legislative decisions about what is and what isn't a reimbursable ceiling highlighted yesterday's cabinet meeting in the Board Room.

The first meeting of the revised President's Cabinet wrestled with money problems as they tied in with the present budgetary process (described by business manager Bill Watkins as "making the best guess you can at the time with the best data you've got") fluctuating enrollment, and the whims of the state political machinery. Watkins reviewed the current budget process, noting that the only known fixed income was from taxes, and that payroll and fixed charges to the payroll accounted for about 85 percent of the expenses. An on-the-nose budget is difficult, if not nearly impossible under such conditions, he said. On top of that, the original budget approved last Spring under a reimbursable ceiling of 5810 FTE was nullified in July when the legislature raised the ceiling to 5893.

Both Bill and President Schafer agreed that LCC would have to go back to the drawing boards and that the instructional areas would be the most affected.

Other business included a report on the Charrette on curriculum development held late this summer. Dean Gerry Rasmussen reported that the Charrette investigated different ways to ease the curriculum development approval process by devising a method that would (a) examine curriculum fully, and (b) be both flexible and fast. Current methods are cumbersome and often bog down in a tangle of red tape. The key element resulting from the meeting was the feeling that a single organization, called the Instructional Priorities Committee, should be formed to work with the staff and with the

Board in establishing a workable system. The committee, which would be a standing committee, would be made up of members from throughout the campus community but primarily from instruction. Marston Morgan pointed out that instructional support areas should also be represented. A full report on the Charrette is available at the office of instruction.

RED FOX TO SPEAK---Student body president David Red Fox will speak today at noon on charges made against him at a July 25 press conference. Red Fox, who will also talk on the National Student Association, the Titan Code (the recently-published student handbook) and a new budget system, will speak in the cafeteria.

OCCFA WORKSHOP---Interested instructors can still apply for the OCCFA workshop "Learning Together in the Community College", scheduled for Oct. 26, 27, Nov. 30 and Dec. 1. See the bulletin board in the administration building for details.

THURSDAY  
OCTOBER 11, 1973

**BOARD MEETING** -- If you smoke and you plan on attending any future Board meetings, you'd better leave your cigarettes at home. With only one "no" vote (from Ms. Lauris), the Board followed a statewide trend and banned cigarette smoking during its public meetings. The Board also voted to allow LCC to restore \$82,000 in building funds to complete the Center Building, and to seek authorizations for completion of the mechanics and transportation facility and the Forum Building. Builders are four days ahead of schedule on the Performing Arts Building.

**INSURANCE REP** -- Archie Zarewski will be on campus tomorrow from 2 p.m.

**UW CAMPAIGN** -- Pledge cards to the United Way campaign should be turned in to Lyle Swetland's office and not payroll. Lyle said that a monthly tabulation is made of all pledges and the deduction scheduled is sent all at once to payroll. Seems to cut down on a lot of paper shuffling.

**LITERARY ARTS CLUB** -- A special meeting of the Literary Arts Club is scheduled today at 4 p.m. in Cen. 436. Officers will be elected and a budget must be approved to be presented to the student senate next week. Everyone is invited.

**MEET THE BOSS** -- New staff members will meet in an informal discussion with President Schafer at today's orientation seminar in Room 133 of the Aircraft Maintenance Bldg. on the powerplant side. Aircraft Maintenance is the building to the east of the Math/Art Building. The session begins at noon and is open to everyone, even old timers.

**TAKE MY MIMESCOPE ... PLEASE** -- Any department that would like a free mimeoscope, call Jan John, ext. 340. (It's used to copy line art onto mimeograph stencils.)

**FACULTY COUNCIL** -- Nominations for faculty representation to the college Cabinet will be taken today during the Faculty Council meeting from 3-5 p.m. in Cen. 124. Also on the

agenda are self study for accreditation, faculty job descriptions, and grievance procedures.

TEGGER ON PANEL -- Composition and literature instructor Art Tegger will appear on a panel for the Oregon Federation of Teachers Saturday at Lloyd Center in Portland. Art will share the OFT-Quality Education Standards (QuEST) panel with state superintendent Dale Parnell, Larry Perry, state senators Victor Atiyeh and Betty Roberts, Allen Doblin of the Portland public schools, and teachers Marolyn Sabala and Sara Schmidt. Accountability will be discussed. The panel is from 9 a.m.-noon in the auditorium and it costs a buck to get in.

ACCREDITATION IN PROCESS---An accreditation team from the American Dental Association is here today and tomorrow to inspect the LCC dental assistant program.

OEA PETITIONS FOR ELECTION---Friday, LCC became the first community college in Oregon to seek an election under HB 2263 to choose a bargaining agent for the college's staff. The necessary 30 percent of the faculty signed the OEA petition asking the state Public Employee Relations Board (PERB) to arrange the election; no date has been set. Steve Kenney, OEA president, and Ted Romoser, president of the LCC chapter, met with the press early Monday and outlined the association's objectives at the college. In a prepared statement Kenney said, "the OEA believes that we can represent community college teachers effectively, just as we represent teachers in public schools. We are ready to represent community college teachers this school year on any campus where teachers want to make substantial progress towards equitable salaries and fringe benefits, protection of basic teaching rights, and improvement of teaching conditions in the classroom."

Neither Romoser or Kennedy included classified employees in the proposed OEA bargaining group, though both admitted that such a possibility exists as a result of the election, particularly if PERB does not split the two groups for bargaining purposes. However, Romoser and Kenney both expect the PERB to do just that and feel that the classified staff should seek its own bargaining representative. Kenney suggested the classified look to either the Oregon State Employees Association or the American Federation of State, County, and Municipal Employees (AFL/CIO) for possible representation. Both men also said, however, there was room for classified in the OEA and if the Association becomes the bargaining agent for a split campus a cooperative arrangement, perhaps a represent-by-fee system, would be established.

INSTRUCTIONS AVAILABLE---Application instructions for the White House Fellows program for 1974 are available in the office of community services. Fellows will be selected to gain first-hand experience in government at the highest levels and will be assigned to White House staff members, the vice president, and members of the Cabinet. Deadline for submitting applications is Nov. 15.

FORD FOUNDATION REPORT---The Ford Foundation report on "An Inquiry into the Uses of Instructional Technology" is available for loan from OCS.

STICK'EM UP---Printed correction labels are being sent to the departments via campus mail to right a wrong on page 35 of the new staff handbook. Just peel off the back of the self-sticking label and affix it over the Level III and Level IV pay scales, which were accidentally switched in the original printing.

WEDNESDAY  
October 24, 1973

CABINET MEETING---Yesterday's Cabinet tentatively set Monday, Oct. 29 as the first "Brown Bag Lunch" day for administrators and staff leaders to eat lunch informally in heavily-travelled student areas. If the weather is nice the brownbaggers will bag it in the courtyard between the admin and center buildings. If it rains they'll eat in the cafeteria. Idea is, says John Kocher who stole it from UC/Berkeley, is to get students and administrators talking to each other. Brown Bag Lunch Days will continue throughout the school year. In other business, the Cabinet agreed in concept to a Classified work schedule proposal that would allow flexible working hours (as long as the 40-hour week is met) and decided to make the issue part of the negotiating process. Also, in the eventuality the college must hold a budget election next year a tentative date of May 7 has been set aside as one of two or three we might pick. State law limits the dates an election can be held to March 26, Feb. 19, May 7, June 11, Sept. 24, and Nov. 12.

The new cabinet, by the way, is comprised of elected and appointed section leaders, Staff Association officers, SPPC representatives, and the student body president. The old cabinet was comprised chiefly of line officers and administrators.

PHOTOGRAPHER ON CAMPUS---Freelance writer/photographer Barry Lopez will be on campus through Thursday shooting pictures for Information & Publications. He is NOT working for the Torch. Please don't pay any attention to him...he gets nervous easily.

DON'T TURN RIGHT---Until further notice you cannot make a right turn anytime (except in the specially-designated lane) at the intersection of the frontage road along gasoline alley and 30th Ave. It was prohibited

from 7-9 a.m. but the state has shut off all right turns from that lane until a study on traffic flows can be completed. Too many accidents have been happening there this year.

Portland Community College continues to lead the state with 26,000 students enrolled, an increase of more than 3,000 over last year's total.

MONDAY  
OCTOBER 29, 1973

WELCOME TO -- Pacific Standard Time.

ENERGY CRISIS WEEK -- Noting that public response was overwhelmingly against his proposed mid-December to mid-January school closure, Gov. Tom McCall announced Friday that it would be business as usual this winter for Oregon's public schools. However, as outlined in a joint statement by McCall and Dale Parnell, the schools will observe a five-day Energy Crisis Week Dec. 3-7, with Dec. 7 set aside as Energy Crisis Day.

During Energy Crisis Week, community colleges will coordinate community-wide awareness of the power crunch by compiling lists of speakers and making them available to the public, and by scheduling special events on the subject. The Office of Community Services is already getting a list of speakers together, but it needs your help. If you have a knowledge of the energy problem, or know someone who does, give Anne Stewart a call at ext. 340. You don't have to be a scientist or a lineman for PP & L either; just have an interest or knowledge of the problem--how we got it, and how we can get rid of it, or at least live with it. Thanks.

PEANUT BUTTER AND JELLY, AGAIN?! -- Administrators and staff leaders will brownbag it today in the first in a series of informal lunches in student eating areas. If it's a nice day, they'll all eat in the courtyard between the Admin. and Center buildings. If not, then it's lunch in the cafeteria. Purpose is, says John Kocher who organized it, to mix with and meet students who rarely get a chance to see the people behind the names on the doors on the second floor.

'BYE B. WATKINS -- A coffee and cake farewell get-together for Bill Watkins is scheduled today from 2-4 p.m. in the Board Room. It's still a secret, says Carol Beckley. Everyone is welcome.

**CABINET TODAY** -- Discussion items for today's Cabinet meeting include a proposed organizational change at the administrative level, a review of the November 14 board agenda, a progress report on the Arthur Young study, and a review of the new financial report format. The meeting is scheduled to begin at 3 p.m. in the Board Room.

**CLASSIFIED WORKSHOP** -- Saturday's OCCA classified workshop focused, as promised, on the full implications of HB2263 and what classified employees can expect from the over-all collective bargaining picture. One of the bill's authors, Ted Kulongoski, spoke to about 60 classified employees for more than 90 minutes before turning the rest of the program over to Jim Soukup of Pacific Power & Light (who spoke on the Energy Crisis) and Delma Jones of Ma Bell, who talked on personnel policies and related questions. Lisl Fenner, who coordinated the statewide event, has further details including a report on the T'ai Chi demonstration given by David Leung and five of his students.

**PREZ OFF CAMPUS** -- President Schafer will be away from the campus from Nov. 1-13. His schedule includes a meeting of the American Community College Trustees in New Orleans, a workshop in St. Paul, Minn., and a League for Innovation meeting in Saginaw, Mich.

**GOOD FOOD, GOOD MUSIC** -- John Klobas and the Polka Pipers will headline the first annual Hochzeit Old World Festival, Nov. 3 in the cafeteria. The festival, sponsored by Phi Theta Kappa, will feature a Middle European cuisine of Kielbasa (Polish sausage), Kapusta (flavored sauerkraut), and Kartoffel (parsleyed potato), along with a roll and beverage for only \$1.95. The Pipers will play traditional Polish folk music and will be accompanied by international folk dancers from the U of O. All proceeds go toward establishing a collection of rare Polish music in the LCC library, the first such attempt on the west coast. The festival begins at 5 p.m. Saturday.
