THURSDAY  
APRIL 4, 1974

**WALK A MILE IN MY SHOES WEEK** -- To point up the day-to-day problems members face, the LCC Handicapped Students Association is sponsoring role-switching activities and wheelchair basketball games. Non-handicapped staff members and students are invited to spend a day in a wheelchair or blindfolded to see the other side of things. Gerry Rasmussen and Warner Wong will be on crutches, Jack Carter and Ginny DeChaine in wheelchairs and Nile Williams will be deaf. Two benefit basketball games will be played Friday in the main gym at 3:30 and 7:30 p.m. The Portland Wheelblazers will take on two local non-handicapped teams. Admission is \$1; proceeds will go toward a van to transport handicapped students.

**NEW LOOK ON TV CHANNEL 7** -- LCC and UO now jointly share responsibility for coordinating and originating programming for broadcast on Teleprompter Cable 7. Television units at the two institutions will help non-profit organizations in the area to produce programs and air them. Program listings are published daily in the Register-Guard. Got a program idea? Contact the Mass Communication Department.

**ETVS SLIDE SHOW** -- Information & Publications soon will have a 5 to 8 minute narrated slide program about Eugene Technical-Vocational School ready for showing. Come and see what Bill Cox, Mel Gaskill, Carl Lemke, Roger Houglum and others looked like before they got so handsome. And, if you'd like to schedule the program for showing before local clubs and organizations, contact Anne Stewart at ext. 340. Interest should be high; we're told that as many as 30,000 people took classes at EVS and ETVS.

Hours are 10 to 11 a.m. and 3 to 4 p.m. daily. Or, visitors may drop in at the Center at the Unitarian Church, 40th & Donald Streets.

SPEAKERS BUREAU -- Security and Loss Prevention Prof. John Kocher spoke to marketing and business classes at Jefferson, OR High School on March 28 on the subject of retail security and shoplifting. THURSDAY  
APRIL 11, 1974

SHAKE BILL COX'S HAND TODAY -- He's a happy man because the Board of Education Wednesday night approved construction of a \$461,500 maintenance building. It will contain 23,000 square feet of space and be located to the north of the Air Technology Building. Occupancy could occur in early 1975. The move of Bill's departments to the new structure will open up space all over campus and permit a host of other remodeling and moving projects. And, we'll get rid of those not-so-pretty portables now marring the beauty of the northeast entrance.

LCC's Food Services will not longer serve non-union lettuce and grapes. The Board voted unanimously to get that so-called scab lettuce out of those salads and cheezeburgers. The ban was asked by the Chicano Student Union and the Student Senate and was supported by the Lane County Labor Council. They support the United Farm Workers, who are striking against non-union farmers to get improved working and living conditions. LCC in the past has bought union lettuce when it was available, but had bought the non-union variety when it was the only kind around.

In other Board action, the matter of a tuition increase was left to further study. The Administration talked of a possible 5 percent hike, but Board member Al Brauer of Florence suggested that the amount should be tied to the proposed new tax base and might have to go above 5 percent.

A \$14,000 project to make the Community Education office more visible and accessible was approved. Signs will be installed and 50 parking spaces will be created on the north side of the Apprenticeship Building.

The Board unanimously voted to approve a continuing membership in Lane Council of Governments, though the dues will go up next year from \$220 to \$3,080.

LET'S GET IN SHAPE -- Friday at 12 noon is the final deadline for novice, beginning, advanced singles, doubles and mixed intramural badminton. Sign up in the Health & Physical Education Department.

FRIDAY SPORTS -- Baseball: U of O JVs at LCC at 3 p.m., single game; Men's track and field: Blue Mountain, Central Oregon, Clatsop, Linn-Benton, & Oregon Track Club at LCC at 3 p.m.

FORMER STUDENT -- Mary Catherine Antoine, 17, who was found shot to death in Portland this week, was a Fall Term 1973 student in the LCC high school completion program. She had taken science, math, science fiction, grammar and literature and was a C student. She and a boy friend, with whom she had been residing in Portland, were shot Monday night and their bodies left in a vacant lot between North Williams and Vancouver Avenue.

SHOP SKILLS CONTEST -- A team from Creswell High School won the third annual LCC Shop Skills Contest for agricultural students.

INNOVATION REQUIRES CONFLICT -- A study by the Stanford Center for Research and Development in Teaching indicates that innovative school districts have three structural characteristics which influence the adoption of innovations. The districts have large numbers of students and thus management problems which force innovative attempts at solutions. They have more administrative positions and a greater number of conflict-resolving committees. They thus have problem-solving capacity and specialized experts to promote innovative behavior. And they face pressures in their communities because of urbanization, population density, etc., and are forced to meet these pressures in innovative ways.

FELLOWSHIPS -- For Independent Study and Research, National Endowment for the Humanities. Deadlines for 1975-76 will be June 17 and October 15, 1974. This is a salary-matching stipend, up to \$20,000 for 6 to 12 months full-time work in the humanities. Contact Lisl Fenner, ext. 334.
