NOT EVEN CLOSE, AND DEFINITELY NO CIGAR---The Lane Community College budget committee adjourned at eleven last night little closer to a 1975-76 budget than they were at 7:30. While a general budget-cutting sentiment still survived throughout most of the committee (there was one suggestion to cut \$1 million) no one could seem to agree on the way it should be done or what should be left in and what should be taken out. As a result, committee members will come back next Wednesday, the day after the serial levy election, with one last chance to approve the budget before it has to be submitted to the county for placement on the June 17 ballot. Some highlights include:

- * The committee tentatively approved adjusted budgets for instructional departments and instructional services. Departments was adjusted upward from \$5,150,740 to \$5,181,085, and Services was cut from \$498,017 to \$495,723.

- * President Schafer recommended that about \$84,000 be cut from the general fund providing that extra funds come through to extend CETA Title II's (not Title VI's, as was incorrectly reported last week) until Dec. 31, and \$50,000 from curriculum development's budget of \$150,000. That would leave about \$30,000 for on-campus curriculum development and the remainder for the first year's commitment to the Goldmark project. The committee accepted his recommendations.

- * Jim Martin moved that \$1 million be cut from the budget--\$600,000 from the contingency fund and \$400,000 from capital outlay. His motion died due to lack of a second.

- * Donna Sprecher said she would prefer going to the voters promising not to raise their millage. Period. Such an approach is possible, but difficult because of fluctuating assessments (some homes are going up 24 percent) and would probably result in a cut larger even than Martin's \$1 million figure.

- * Chairer Jerry Brown and others were concerned that, assuming the serial levy fails, that capital outlay funds be guaranteed in the operating budget. Robert Mention agreed somewhat, but added that if it comes to that, that all areas should be reduced proportionately rather than to leave capital outlay intact and cut like mad elsewhere.

- * The committee tentatively approved the enterprise account after transferring \$1,522 from the summer theatre contingency account to the theatre's transfers out account for custodial services and utilities.

- * The next meeting is scheduled for May 7 at 7:30 p.m. in the Board Room. It is open to the public.

REVIEW OF CONSTRUCTION PROJECTS---The Facilities Planning Committee will meet today and tomorrow to discuss construction projects. Today, from 1-5 p.m., the committee will discuss home economics, performing arts, financial aids, language arts, art and applied design and so forth. The meeting is open. Tomorrow's, also at 1 p.m., is in Adm. 202.

PARNELL COMMENCEMENT SPEAKER---Dale Parnell, Lane Community College's first president and now chancellor of the San Diego Community College District, will deliver the commencement address at LCC's graduation exercises June 6, a Friday. Commencement is scheduled for 7:30 p.m. in the performing arts theatre, breaking with a tradition of holding graduation exercises on a Sunday afternoon. Admission is free.

Parnell was superintendent of Lane IED from 1960-65 when he was named LCC's first president. He left in 1968, the year Lane moved to its new campus, to become Superintendent of Public Instruction for the State Department of Education. In 1974 he was hired as chancellor of the San Diego system. Because LCC will be 10 years old on July 1, the theme of the ceremony is "Ten Great Years". Besides Parnell, other early LCC staff members will also participate in commencement. Retiring Superintendent of College Facilities Bill Cox will hand out diplomas, and all staff members who have been with the college since the beginning will be recognized. About 200-300 students are expected to receive associate degrees or certificates of completion.

YOU'RE INVITED---LCC's tenth anniversary will be celebrated in the King Cole Room of the Eugene Hotel following graduation ceremonies on campus. The party should begin about 9 p.m. No-host bar. Prominent people connected with the college's beginning are being invited. Founding president Dale Parnell will be present. No tickets and no charge.

JAZZ CONCERT SCHEDULED---Jazz, with a little County Western, funk, and acappella thrown in, will be performed by two bands and a choir May 9 in the Spring Jazz Concert in the LCC performing arts theatre. The concert begins at 8 p.m. and is free. Among the selections to be played by the two Lab Bands are such Count Basie tunes as "The Second Time Around" and "I Can't Stop Loving You", plus "Diablos Drummer" by Buddy Rich, and a John Metcalf arrangement of "Birdsnest". Director Gene Aitkin said the bands will also perform a few County Western songs and "funk", described by Gene as "back beat rock".

The Swing Choir, directed by Wayte Kirchner, will perform "Walk Softly" in acappella, a Bossa Nova in five/four time called "Here", a traditional version of "I Left My Heart in San Francisco", and "Chiapas", which features scat singing. Scat singing is improvising with voices to make them sound like musical instruments.

TEN YEAR EMPLOYEES---Dale Parnell will present certificates at the June 6 graduation to present college staff members who he hired 10 years ago. Following is the list of 40 people who are completing their 10th year this fiscal year. Last chance to get on the list: call the personnel office if you think you belong.

Employees completing their tenth year at LCC during FY 1974-75 are Robert Allen, Mabel Armstrong, Paul Armstrong, W.G. "Buck" Bailey, Carl Blood, William Cox, Delpha "Debbie" Daggett, Don Dickinson, Bert Dotson, German Ellsworth, Laura Gauderman, Leland Halberg, Helen Haynie, Florence Hedden, Cecil Hodges, Roger Houglum, Francis Howard, John Howard, James Huntington, John Jacobs, Karen Lansdowne, Carl Lemke, George Luck, Robert Marshall, Darwin McCarroll, O. Jed Merrill, Ray Nott, Gene Parro, Muriel Peterson, John Phillips, Herb Pruett, Gerald Rasmussen, Jack Scales, Jean Shaffer, Hazel Smith, Evelyn Tennis, Susan Watkins, Gordon Wehner, Marv Winger, William Wright, and Board member Al Brauer.

RETRACTION---Last week's Torch carried a special supplement on tomorrow's serial levy election that included a question-and-answer section on the levy and related topics. One of the answers was in error. Because the Torch will not publish in time to note the error before the election, it is noted here. The reporter who answered the question concerning the number of administrators and their salaries quoted salary totals too high. His figure of \$755,531 was incorrect. It should have read \$481,798. The reporter has recognized the error and written an apology to the Torch and the administration.

SPEAKING OF SERIAL LEVY ELECTIONS---There is one tomorrow, along with a school Board election. The polls will be open until 8 p.m.

COURSE APPROVAL FORMS NEEDED---Anyone having spare course approval forms should return them to Mary Jeanne Jacobsen. She has only a few left.

LANE LEADS IN GRANTS---Lane Community College leads all other community colleges over the past five years in Educational Coordinating Council grants for the Improvement of Undergraduate Instruction. The table on the back shows the exact figures.

TODAY IS ELECTION DAY---At stake for LCC is a serial levy request that would raise about \$800,000 a year for three years. Thirteen persons are also running for two seats on the Board of Education, ten for the at-large position and three for Zone 2. The polls will be open until 8 p.m. today. Please vote.

"STAGE DOOR" NEXT, AND LAST, PRODUCTION---"Stage Door", a comedy written by Edna Ferber and George S. Kaufman, is scheduled to open May 23 as Lane Community College's last stage production of the year. Performances are scheduled for 8 p.m. May 23, 24, 28, 29, 30, and 31 in the theatre. Tickets are \$2.50 each and all seats are reserved. Set in the 1930s, "Stage Door" is a light comedy about a group of young girls trying to become actresses in New York. It stars Karen Quanbeck as the heroine Terry Randall, with other principal roles held by Gini Blake, Karen Orendorf, Susan Anderson, JoLu Roberts, Rebekah Albert, Barbara Myrick, Chuck Robbins, and John Barker.

The director is Wayne Ballantyne, a former theatre student at LCC and a graduate of the American Academy of Dramatic Arts in New York. He is now majoring in theatre at the University of Oregon. Ballantyne is well-known to Lane and Marion County audiences. He played Monsieur Boniface in "Hotel Paradiso", Pseolus in "A Funny Thing Happened on the Way to the Forum", Tevye in "Fiddler on the Roof", and the title role in Chekov's "Uncle Vanya". As a director at the Pentacle Theatre in Salem, he directed such plays as "The Women", "Design for Living", "A Delicate Balance", and "Cabaret". Tickets to "Stage Door" are on sale at the box office.

UNIONS PROTEST, REJECT MESSAGE---Rick Romanek and Eveyln Tennis of the two staff bargaining organizations have released the following statement concerning an anonymous message received by some faculty and classified employees recently: "Selected campus personnel have received an anonymous message through the campus mail. The message contains a scurrilous attack on some of our high-level administrators. The LCC Employees Federation and the LCC Education Association deplore the use of such tactics. Neither the Federation nor the Association can condone such action. The President's and Executive Councils of both groups publicly repudiate anonymous material of any kind."

CABINET TO MEET TODAY---On the agenda, a preview of tomorrow's budget committee meeting, a look at the college from now until the start of the new school year in September, and a review of courtesy appointments. The meeting begins at 3 p.m. in Adm. 202.

STUDENT ELECTIONS SCHEDULED---Tomorrow and Thursday, in the cafeteria. Please remind your students to vote.

FURNITURE MOVIE TODAY---A Wendell Castle film will be shown today at 1 p.m. in Room 118 of the art and applied design department. Castle, we understand, is the "guru" of furniture, and his 45-minute film is free and can be seen by anyone.

SEVEN YEARS AGO TODAY---From the May 6 issue of the LCC Roundup, music teacher Bob Norman was looking for talent scouts to tell him of any staff member who could "sing, dance, play and instrument or tell jokes" for the second annual Student-Staff Variety Show; administrative intern Joe Malik was about to distribute a Do-It-Yourself Campaign Kit for the May 29 tax base election (Malik admitted stealing the idea from LBJ's presidential campaign, saying that "when we steal, we take it from the big boys."); May 6 was also election day for new Board members, with President Dale Parnell declaring it "more important to the college's future than the tax base election"; Dean of Students Bud Hakanson was elected to a one-year term on the executive committee of the Oregon High School-College Relations Council, representing the state's community colleges; Deans Lewis Case and Gerald Rasmussen attended the Vocational Teacher-Coordination Conference May 1-2 at OSU; the plumbers' strike at the new campus was heading into its sixth week, but Dean of College Services Bill Cox said "we're still expecting the campus to be ready for September occupancy."; Research Director Bob Hamill was chairman of a committee working up a system for numbering instructional and office spaces on the new campus; grading had started on the 30th Avenue interchange at the northwest entrance of the campus; and President Parnell was to address the staff in the fall on the topic "Are we Free Enough", dealing with such questions that, as colleagues, "can we talk to each other? Can we walk into another's class and thus learn from each other?" Thanks to Helen Loomis for the old issue of The Roundup.

SERIAL LEVY DEFEATED; PERRY, PITNEY WIN---By about 2,000 votes, the serial levy request that would have provided about \$800,000 a year for equipment purchase and replacement has been defeated. About 20 percent of the electorate turned out yesterday to vote the request down, a decision that will dramatically effect the shape of the operating budget that will go to the voters in June. The budget committee will meet tonight at 7:30 to figure out what to do.

The serial levy was defeated 12,057 No to 10,094 Yes and was one of six school money measures to lose yesterday. Others were Bethel, Junction City, Siuslaw, South Lane, and the Lane IED equalization levy. Winners were Springfield, Oakridge, McKenzie, Marcola, Mapleton, Lowell, and all the special fire and water districts, except the Lane Rural Fire Protection District.

Meanwhile, Larry Perry and James Pitney were elected to the Board of Education, easily outdistancing the eleven other candidates for the two seats. Perry, a South Eugene High School teacher, received 5,605 votes in defeating an army of candidates for the at-large position. Businesswoman Ruth Watters was second with 3,177 and Dick Eymann was third with 3,039. Junction City farmer James Pitney beat LCC student Judith Weller for the Zone 2 seat, 7,102 to 5,028. Both winners will be sworn in on July 1.

BUDGET COMMITTEE TO MEET---Yesterday's vote will figure heavily in any decision the committee makes tonight--and a decision will have to be made if an operating budget is to be submitted to the county in time to be put on the June 17 ballot. At the 7:30 p.m. meeting, the committee will take one last look at the budget and listen to their own and administration proposals for trimming it. The meeting will be in Adm. 202.

LBCC HANGING ON, BUT SLIPPING---At 7:30 this morning, with nine precincts still out, Linn-Benton Community College is 398 votes behind in its effort to pass a \$2.28 million levy.

MORE 10-YEAR VETS---Pat Grant, Rosemary Grant, Daryl Jossart and Merlin Ames have been added to the list of employees completing their tenth year of full-time service at LCC. Anyone else missing? Call the personnel office.

REGISTRATION LARGELY VOLUNTEER--- In an effort to stay within the admissions/student records budget, summer term registration will be conducted with a large percentage of volunteer help. Anyone wishing to volunteer should call Bob Marshall's office. Additionally, no catalogs will be mailed to those asking for them, nor will students be sent confirming transcripts when grade records have been changed until the new fiscal year. As announced earlier, the summer term class schedule will be handed out on campus instead of appearing in the Eugene Register-Guard, and no schedules will be mailed to individuals or agencies requesting them. The schedules should be available about June 9.

FINAL HEARING SET---A final construction priorities hearing, to allow for comment on the proposed list of priorities drawn up by the office of academic and college planning, will be held tomorrow at 1 p.m. in Adm. 202. Afterward, the list of about 50 projects will be recommended to the administration and the Board.

VISITATIONS---Next week's recruiting visits include representatives from Southern Oregon College from 10 a.m. to 2 p.m. May 12 and Eastern Oregon College from 10 a.m. to 1 p.m. May 13. They will be located in the cafeteria.

LECTURE TODAY---An Eckankar lecture will be held today at noon in Forum 309. The introductory spiritual lecture is free and open to the public.

FREE BLOOD PRESURE TESTS---Free blood pressure tests will be available to all staff members next week during the Health Fair, sponsored by students and the Student Health Center. The Fair is scheduled in the Forum area May 13-15.

A MILLION DOLLARS LATER, LCC GETS ITS BUDGET---With little discussion other than an expressed desire to end up with a figure the voters will support, the budget committee believes it found several last night--the two most important being \$1,424,794 and \$1.56. The \$1.4 million figure will be the amount sought outside the six percent limitation when the budget goes to the voters next month. \$1.56 is the estimated tax rate, based on a 21 percent increase in the assessed valuation of District property. The current tax rate is \$1.49.

The committee voted 12-1 on Al Brauer's motion to lop off \$810,550 from the contingency and capital outlay funds that, when added with earlier cuts, would bring to \$935,430 dollars actually cut from the budget. Only Donna Sprecher voted against the motion. Earlier cuts had included about \$130,000 from such funds as summer theatre transfer, the Board of Education, innovative projects, instructional departments and so on.

The total budget was reduced from \$20,756,308 to \$19,982,400, and the general fund was cut from \$12,731,452 to \$11,797,544. Contingency was lowered from \$1,010,000 to \$600,000, and capital outlay lost \$400,550 from its original \$800,550. Several committee members urged the Board to protect the remaining \$400,000 capital outlay budget from reduction or redistribution at a later date, preferring that half a loaf for equipment purchase and replacement is better than none. They were referring to Tuesday's serial levy defeat that threw funds for such purchases back into the general fund. Brauer and others also said that the possibility for seeking another serial levy, possibly next fall, should be considered.

Following adoption of the budget, which committee member Ken Parks described as a "good budget, one that should be supported ...all the way", and one that most everyone on the committee felt the public would support, the Board of Education formally called for June 17 as the date when the public would get its chance. On the ballot will be the request for \$1.4 million outside the six percent limitation and the \$1.56 tax rate. Most Board and committee members felt that, should that request fail, an identical budget would be submitted in September.

Some notable figures: The total proposed levy--\$5,991,460; Levy within six percent limitation--\$2,937,449; Total personnel services in the general fund--\$8,416,231; Total capital outlay--\$469,036, including \$69,036 for the Sigma VI computer; \$1,424,794, the levy request outside the six percent limitation, down from \$2,500,001; tax rate--\$1.56, down from \$2.09 originally scheduled.

INVENTORY PRINTOUTS---June 30 is the deadline to complete and return the recently-distributed departmental inventory printouts. During the summer, corrections will be made and an up-to-date printout will be available in the fall. For details call Bob, ext. 304.

FINAL HEARING TODAY---A final construction priorities hearing on the list drawn up by the facilities planning committee will be held today at 1 p.m. in Adm. 202.

ELECTIONS TODAY---Student elections wind-up today at 9 p.m. The polls are located in the cafeteria. Please announce in your classes.

JOCK CHALK TALK---The women's tennis team beat George Fox College 6-1 Tuesday, and the baseball team won a doubleheader with the OCE JVs 2-1 and 3-0.

SUMMER REGISTRATION JUNE 17-20---Volunteer help is needed. Anyone interested should call Bob Marshall's office.

OTHERS NEEDED TOO---Staff members interested in participating in the decision-making experiment called the Enwright Project, scheduled for 10-2 p.m. May 14, should call the counseling department or the Student Health Service. The Project is part of the Health Fair, which will run May 13-15.

INSTRUCTIONAL COUNCIL CANCELED---For May 15. Council members are urged to attend the meeting of the facilities planning committee instead. It begins at 1:30 p.m. in Adm. 202.

ROMOSER AT WHITE HOUSE BRIEFING---Language arts instructor Ted Romoser took part in a White House briefing last Friday along with the National Education Association Board of Directors. President Ford, Secretary of Labor John Dunlop and Federal Energy Advisor Frank Zarb addressed the NEA group. Ford promised new efforts to discuss education policy with the union and said he had ordered the commissioner of education to seek teacher nominees for national committee appointments. Ford also promised to lend more administration support to funding requests for vocational education and multi-lingual programs.

Dunlop said he supported collective bargaining, and Zarb said that the "value concept" of conservation would continue. Zarb's "value concept" says that people will buy smaller cars and install storm windows only when the price of oil becomes so expensive that such moves are worthwhile. Later, Ted spoke with Zarb on oil prices and the administration's apparent desire to raise them. Said Ted to the Czar: "People can't very well vote against gas stations or auto companies, but they can vote against school budgets. When they do, fuel costs can't be cut but educational programs and teachers can be."

BOARD NOTES---The Board of Education met last night in its first meeting since budget-forming sessions ended last week, and acted on several proposals. Among them:

- A supplemental budget of \$214,000 was adopted.
- The Facilities Planning Committee's recommended revisions to construction priority guidelines was approved in part. Left alone were recommendations that general priority be given to completing the present campus (deleting a portion that said "but not to the exclusion of off campus development") and a section that said "areas directly involved in student instruction shall have priority over support areas." Many Board members felt that those two provisions, if included in the guidelines, would tie their hands in future construction decisions. Approved were a shopping list of specifics concerning how projects would be prioritized.
- Scholarships amounting to a little less than \$7,000 were awarded to 23 high school seniors. The tuition scholarships are worth \$300 apiece.
- Former student Sharon Nail was named to the Forestry Technician advisory committee, and students Roger Kirtland and Larry Wickizer were named to the Evening Program Advisory Committee.
- The Board supported the idea of "courtesy appointments", which would provide some liability insurance, recreational privileges, tuition waivers and so forth to persons who work at Lane but are not paid by the college or are paid by someone else. Examples include dentists and other volunteer workers who donate a great deal of time to the school.

PURCHASING OFFICE MOVES---The purchasing office will move to the new maintenance building Monday and Tuesday, and perhaps Wednesday, and at the same time will be getting a new phone number: ext. 309 or 310. Patrick Grant warns that because of the move the office will be unable to conduct much business during those days.

TODAY IS LAST DAY OF HEALTH FAIR---And on the agenda: a presentation on search and rescue and mountain safety, dance therapy, discussions and films on venereal disease, self exams for women, women in the health care system, preventive health care, films and discussion on overpopulation, and workshops on yoga, massage, meditation, and vegetarianism. Activities will be from 10 a.m. to 4 p.m. in the Forum area.

REGISTRATION DEADLINE LOOMS---Saturday is the last day you can register to vote in the June 17 election. To register, or change registration, see Lyle Swetland in the development office or Jane Foust in social science.

TICKETS TO GO ON SALE FOR "GODSPELL"---Tickets to the Lane Community College Summer Theatre production of "Godspell", scheduled to run for 17 performances from June 20 to July 26, go on sale May 27 at the LCC box office. Tickets are \$4 each and all seats are reserved. The box office will be open weekdays from 9 a.m. to 5 p.m. and Saturdays from 9 a.m. to 2 p.m. Tickets will also be available at J.C. Penney in Valley River Center and at Carl Greve Jewelers in downtown Eugene, or can be ordered by telephone by calling ext. 401.

"Godspell" launches the first Summer Theatre season at LCC with virtually the same cast that played to sell-out performances of the musical last fall. Directed by Ed Ragozzino, it stars David Morgan, Lloyd Brass, Tim Foster, Rosemary Loar, Roxy Thomas, Francie Wilderson, David New, Karen Quanbeck, Angel Reid and Roger Reid. Only Foster, who replaces Matthew Pearl is new to the cast. The behind-the-scenes staff is also the same. Besides Ragozzino as director, Nathan Cammack returns as music director, Nicola Crafts as choreographer, and David Sherman as set and light designer. The costumes are based on those originally designed and constructed by Linda Sherman.

Summer Theatre at LCC will be financially self-sustaining--supported by ticket sales, not tax dollars. Performances are scheduled June 20, 21, 26, 28, July 3, 4, 5, 10, 11, 12, 17, 18, 19, 24, 25, and 26, or every Thursday-Friday-Saturday following the opening weekend June 20-21.

Haugse's film, "This is Not a Museum", was completed recently and has won an award at the Ann Arbor (Mich.) Film Festival. Admission is \$1.

The booth, which will be staffed by LCC employees will be here as a result of a task force of men and women who grouped together after the Let's Put Woman in Her Place conference last month. ABSENTEE BALLOTS FOR THE JUNE 17 BUDGET ELECTION---About June 1st ballots will be available at the Lane County Elections Department (7th and Oak, basement of the old Armory Bldg.), and those who will be unable to get to the polls on June 17 are urged to go to the Elections Department and vote any time from June 1st on...between 8 a.m. and 5 p.m. weekdays.

The alternative to going to the Elections Department is to write a note to the Lane County Elections Dept., 125 E. 7th, Eugene, 97401, requesting that an absentee ballot be sent to you, and include the address they should use for mailing, and you must sign the request in your own handwriting. This cannot be done by someone else for you, nor can it be done by telephone.

LIST EXPANDING---The 44 employees who will complete their tenth year at LCC by June 30, 1975, have been identified. Now the Personnel Office is assembling a list of those who came to work between October 1, 1965, and September 30, 1966. They will reach their tenth anniversaries of employment during next school year. If you think your name should be on this list, contact the Personnel Office at Ext. 411. Thanks for your help.

ON THE EMMY AWARDS SHOW TONIGHT---Dr. Peter Goldmark (recognize the name?) will receive the National Academy of Television Arts and Sciences' highest honor, the Trustee Award, for outstanding technological contributions to the field of communications. He headed CBS Laboratories for 36 years, developing the long-playing phonograph record, the first practical color television broadcasting system, and electronic video recording. His system made it possible for the Apollo astronauts to beam live color telecasts to world audiences of man's first walk on the lunar surface. He holds more than 160 patents. Since forming Goldmark Communications in 1972, he has developed RTS, a new educational system; Transcan, a film-to-video tape processing method; MLS, an electronic system for music learning; and advanced technologies for the cable tv field. Previous recipients of the Trustee Award include former Presidents Dwight Eisenhower and John Kennedy, Jack Benny, Bob Hope, Edward R. Murrow, and Dr. Frank Stanton.

PROGRAM SHAPING UP---The 10 Great Years party committee has signed IED Supt. Bill Jones as master of ceremonies for the short 10 p.m. program. He was chairman of the LCC organizing committee in 1963-64. Dale Parnell will offer remarks under the title, "Gleam in the Eye". Toasts will be delivered by Eldon Schafer, Darwin McCarroll, Leon Lindsay, Evelyn Tennis, Karen Lansdowne and Al Brauer. Phil Robley is working on a continuous silent slide show of old LCC photos. THERE GOES THE NEIGHBORHOOD---College Facilities, which has been spread out across campus for as long as anyone can remember, finally gets together under one roof this week as it moves into its new building east of the theatre. Through at least tomorrow, the staffs of the College Facilities general office, security, the mail room, the information desk, purchasing, maintenance and custodial, and the warehouse will be moving to their new quarters.

During the move, it may be difficult to get one of the above offices on the telephone. After the move it may be no picnic either, since some of the offices will have new numbers. Namely: the general office, mail room, information desk (Wendy Westfall), and the custodial and maintenance crews will be available at ext. 301, 302, 303, 304 and 305. Security, now 301, will answer to 305. Purchasing becomes ext. 309 and 310. The warehouse keeps its same number, ext. 206.

CABINET TO MEET TODAY---On the agenda: tax base development, a review of yesterday's administrative council meeting, a preview of the June 4 Board meeting, and discussion on graduation and the tenth year celebration. The meeting begins at 3 p.m. in Adm. 202.

PICK UP WORKSHEETS---Payroll worksheets can be picked up in the financial affairs office beginning at 2 p.m. today, and should be returned by 5 p.m. tomorrow.

THE GREAT UTENSIL RIP OFF CONTINUES---Plates, bowls, silverware, cups and saucers continue to disappear from food services at an alarming rate, bringing the restaurant and cafeteria almost to the critical point in the ability to keep up with the demand. Ken Brownell asks that anyone who has utensils stashed away in his or her desk please return them. As an example of the problem: This year food services ordered 4,320 spoons. There are less than 200 left.

FIRST CLASS UNLESS YOU SAY SO---Large manila envelopes that are not marked otherwise will go first class. That means that an envelope weighing 15 ounces will cost \$1.50 to send first class, 64 cents to send third class, and 18 cents fourth class or bookrate. If you don't want it to go first class, please mark your preference on the envelope.

AND FROM THE LUCY BOOTH---Here is what some people are saying to the "doctors" attending to matters at the Lucy Booth, located for the present in the Center Building. The topic, you remember, is the changing roles of men and women. The remarks are the reportage or the perceptions of the volunteers staffing the booth.

*"Doesn't agree with happy homemaker concept, but doesn't agree with the 'masculine' woman concept either. Gets frustrated with hard-core women's libbers." Male.

*"Feels they don't want to take the bad with the good, mainly that they don't want to be in the armed forces." Male.

*"Shares housework with husband, likes being able to work together on a joint project. Husband has 'switched' roles temporarily. Both parties enjoy the switch." Female.

*"If wife wishes to go to school, the husband should help in every way possible, even if his career suffers." Male

*"Homemaking is not dishonorable, as too much press seems to indicate lately. Women should feel that homemaking is an acceptable alternative." Female.

*"Changing roles are much more comfortable, but more progress needs to be made." Female.

*"Feels it should have happened a long time ago. His wife should be treated as an individual in her own right, an individual first and a wife second. Resents the chauvinist in himself." Male.

*Direct quote, "I keep my wife in line." Male.

*And another direct quote, "Men have to be liberated before changes will affect me." Female.

The Lucy Booth will remain on campus through the end of the week, from 10 a.m. to 2 p.m. daily, inside on the second floor Center if it rains, outside the cafeteria if it's nice. Dreamers.

LET'EM KNOW---House Bill 2608, which would alter certain inheritance laws that would make them more equitable for widows, is still in committee and may need some push from interested citizens if it is to make it to the floor by the end of the session. Karen Lansdowne requests that staff members and students write to Lane County legislators to support the bill that says "not less than one-half of property passing to surviving spouse was contributed by the surviving spouse for the purposes of inheritance taxation". Currently, even if a woman owned property jointly with her husband, she must now pay inheritance tax on the whole amount, and widows of servicemen must pay inheritance tax on the death benefits projected for her life expectancy before she gets them.

IF NEVER RAINS BUT IT POURS---The I&P Xerox key has found its way home, but it must be catching because, to quote the phone call, "the guy who works in counseling on Tuesday nights lost the stupid Xerox key.
