December 1, 1975

TURKEY LEFTOVERS--They are probably all gobbled up by now but six turkeys were presented to three first and three second place winners in the Intramural-sponsored Turkey Trot races on Tuesday and Wednesday. First place winners of 15-pound birds were Gerald Donohoe, Maureen McKinney, and Steve John, while 12-pound turkeys went to Ray Hardin, Karyn Howarth, and Mike Mitchell for second. Winners were selected in three divisions -- men students, women students, and faculty. To win, each person estimated how long it would take him to complete the two-mile course. Those with actual times closest to their estimate won the prizes.

Incidentally, in the men's division Gerald Donohoe had the closest estimate and actual time. He was only one second off. And Ray Hardin tied with Mike Burk for second but Hardin won the turkey by virtue of a flip of the coin. Guess that is the way the turkey gobbles...

U OF O TO VISIT--Representatives from the University of Oregon will be available to discuss programs at the University with LCC students who might be interested in transferring. The reps will be here Monday from 9:30 a.m. to 2:30 p.m. in the LCC Food Service area.

THE GOOD OLE' DAYS--Memorabilia from early schools, including old ink bottles and ink wells and quill pens, will be among the items displayed by Sid Austin during the Brown Bag Forum at noon Wednesday in the Board room.

IMPROVING--Jerry Sirois has been moved to his room from intensive care at Good Samaritan Hospital in Portland. Letter can be addressed to his room, 594, at the hospital, 1015 N.W. 22nd, Portland 97210. Or you can call him at 229-7865.

BICENTENNIAL PLANS--The LCC Bicentennial Committee will meet to plan the balance of the Bicentennial observance today at 1:30 p.m. in the library conference room. All interested persons are invited to attend.

ART SALE--Original graphic art will be exhibited and sold today from 11 a.m. to 3 p.m. in the LRC Mezzanine Conference room.

NOMINATIONS, PLEASE--Tuesday is the deadline for filing nominating petitions for the LCCEF Executive Council. The election will be Wednesday at 5 p.m. in the Board room for all Employees Federation members.

STILL LOST--It seems someone has rustled a book entitled A Study of the Russell Creek Basin. Anyone with an idea of where it might be should contact Lyle Swetland's office -- or return the volume there.

NIGHT CLASSES--The Evening Program Advisory Committee will meet Wednesday, Dec. 3, at 9 a.m. in the President's dining room. Included on the agenda are discussions of class programs in Health and Physical Education, Nursing, Mechanics and Science.

GIVE IT SOME THOUGHT--Wise words from West -- We must mix our children, not necessarily to make them alike -- to integrate them -- but to give them a true picture of realities and possibilities. From Desegregation Works by Lillian S. Calhoun.

SIGN AND SEAL--Students and staff wishing to have a document notarized can contact Dorothy Nutting, Student Financial Aids, Center Building; Dorothy Ziebert, Financial Services, Carol Beckley, Business Operations, or Helen Haynie, President's Office, all in the Administration Building. Identification is required and the documents must be signed in front of the Notary. The service is available at no cost to both students and staff.

Payroll worksheets will be available in Financial Services at 2 p.m. on Tuesday, Dec. 9, and must be returned to Financial Services by 5 p.m. Wednesday, Dec. 10. Paychecks will be available for distribution at 8 a.m. on Friday, Dec. 19.

INSURANCE PROBLEMS?--Archie Zarewski, LCC's insurance representative, will be on campus Friday, Dec. 5. Contact Personnel Services for more information.

HOMEcoming--Jerry Sirois came home yesterday from Good Samaritan Hospital in Portland. He can receive calls and visitors.

OOPS--The Evening Program Advisory Committee will meet at 9 p.m. (not 9 a.m. as stated in the Monday edition). It makes sense, I guess, that the evening program will meet in the evening not the morning... That meeting will be in the President's Dining Room.

NOON CONCERT--The first of regularly scheduled concerts on the first Wednesday of each month will be held Dec. 3. Students from the Performing Arts Department will present an informal concert at noon in the Performing Arts Theatre. Entertainment will include both musical and theatrical productions.

SPORTS WRAP-UP--The LCC Titans will play the U of O Junior Varsity in basketball tonight at 7:30 p.m. at Lane. Later this week the team will participate in the Linn-Benton Invitational Tournament in Albany. Those games are scheduled for Friday and Saturday, Dec. 5 and 6, from 7 to 9 p.m. both days. The main gymnasium will be busy with volleyball on Saturday from 8 a.m. to 6 p.m.

SCIENCE DISPLAYS SOUGHT--The Cooperative Museum Commission (U of O, IED and LCC) will have displays in the Atrium Building on Dec. 20 through Jan. 4. The Commission is seeking science-related displays and demonstrations for the exhibit.

BICENTENNIAL REPORT--The LCC Bicentennial Committee has finalized its plans for the remainder of the Bicentennial observance. The committee has decided to ask that land be set aside for an arboretum and possibly a picnic area near campus. The high school essay contest is underway with Jan. 15 set as the deadline for entries. The awards program will be in May.

ONE OF THREE--Lane Community College's Health Science course has been selected as one of the three initial courses to be developed for Project ACCESS (Association of Community Colleges for Excellence in Systems and Services). Dick Newell, Health and Physical Education Department chairman, has been chosen as the director of the development project. The curriculum team of Dr. Patrick Fraleigh, psychologist and counselor, and Fran Thomas, health instructor, will work with staff from six other community colleges across the nation to develop this course.

The two other courses are Consumer Education, directed by Central Piedmont Community College, with George Alvergue, social science coordinator, acting as a member of the design team; and Introduction to Business, directed by staff at Coast Community College. Richard Eno, business management instructor, will work with the business design team.

THURSDAY
December 11, 1975

LIVELY MEETING--In a five-hour meeting last night, the Board of Education voted not to limit its lettuce purchases to United Farm Workers products, agreed to continue the Interdisciplinary Studies program, and dropped a half-time teaching position, currently held by Robbie Hanna, in the Women's Studies department. Nearly 100 people attended the often emotional meeting. In their vote not to support the United Farmworkers boycott, the board indicated it as an effort not to serve any one political group. The Interdisciplinary Studies program will continue at its current staffing for the remainder of the school year. And the full-time coordinator of the Women's Studies program, Anne Stewart, will take over the half-time teaching duties of that department.

She was recently released from the hospital and is at home if you would like to drop her a card. Also, cash donations to help her through the Christmas season may be made through the Development Office on campus.

Any questions about hepatitis can be answered by contacting the Student Health Service. Any questions about the food drop, call Dorothy Ziebert, ext. 311.

DON'T ASK US WHAT IT ALL MEANS---The Siuslaw News at Florence speculates a ghost roaming LCC's Heceta House. The News says that the caretakers put out poison to kill mice and found the poison exchanged for a silk stocking. A workman painting the house recently is quoted as saying that an elderly lady with a long gown, long grey hair and wrinkled face appeared and caused him to leap 14 feet down to get out of there fast. The same man is quoted as saying that he fixed an attic window from the outside, leaving the broken glass on the inside attic floor. The caretakers subsequently heard scraping in the night and the next morning found the broken glass swept into a neat pile in a corner of the attic away from the broken window.

COPIER OUT OF ORDER---The library Xerox machine is not working. Patrons this week are being referred to the Administration Building copier.

TO SAY THANKS---The Pacific Northwest Hardware and Implement Association says it is organizing a banquet at which it will honor former LCC farm mechanics prof Paul Patrick and present profs Harvey Kelm and Brian Dryer. The Association annually gives a scholarship to an LCC student. LCC and Spokane Community College apparently have the only farm mechanics programs in the northwest.

MERRY CHRISTMAS---"Many of you will be starting your yule vacation late this week. Before you get away, I want to wish you much Christmas joy and thank you for your many contributions to LCC this term. A college is as good as its staff, so I'm not surprised that people say LCC is one of the best in the country."--Eldon.

ANNUITY---Insurance representatives from Great Western will be on campus today through Thursday explaining the Tax Sheltered Annuity program to faculty members. Please check with your department secretary for times the representative will be in your department. In event you cannot see a representative at that time, an agent will be in Room 107 of the Administration Building today through Thursday from 9 a.m.-12 and from 1-4 p.m.

DROP IN---The new Siuslaw Center at Florence is open and invites staff to visit.

REGISTRATION---Returning students sign up for Winter Term tomorrow through Thursday in the gym. New students have to wait until Dec. 30 to register.

-GOOD SEATS---The performing arts box office in the theatre lobby is open from 10 a.m. to noon weekdays until Dec. 31 to give staff first crack at the good seats for "A Little Night Music." It plays Jan. 30 and 31 and Feb. 4, 5, 6, 7 under direction of Ed Ragozzino. It's a romantic musical comedy and publicist Dick Reid reminds that tickets would make a wonderful Christmas gift. They're \$3.50 each.

WEDNESDAY
December 17, 1975

DAILY SCHEDULE--With finals nearing completion and Christmas vacation upcoming, the flow of news which keeps the Daily alive has dwindled. As a result, the Daily will be published on Monday, Dec. 22, and Monday, Dec. 29, following this week. Regular publication will resume Monday, Jan. 5. It looks as if the remainder of this week may be light on news items, but we'll forge on.

ENVIRONMENTAL IMPROVEMENT--Student Records would like to show off its new decor this week. The artist, who did murals, mobiles, wall hangings and the like for the department, is exhibiting his paintings. Student Records has invited everyone to come by and take a look.

FOOD DRYER--If you've had trouble finding jar lids for your canning in recent years, perhaps the answer is a food dryer. Winter term a class will be offered on how to assemble a home food dryer from pre-cut parts. In addition, students will learn about food drying times, recipes, and safety operating factors. For more information call Community Education.

VEEP--Dean of Instruction Jim Piercey has been elected vice president of the 16,000-member Vocational Administrators Association of the American Vocational Association (whew, what a title!). As such he has been appointed as a representative for post secondary vocational education on a special committee in the U.S. Office of Education.

RETURN THE SURVEY--Jim Ellison is still waiting for copies of the Student Skills Assessment Survey to be returned by every teacher. If you have not completed your copy, please do so by today and return it to Jim via your faculty council representative.

CHAPERON VOLUNTEERS--James Browning, an 18-year-old Australian exchange student visiting LCC for six-weeks, wants an adult companion to travel to Disneyland for himself and another exchange student. Both have money for their transportation but under the agreement with the Lions Club, which is sponsoring their visit, they can't travel alone. If you are planning to visit Disneyland prior to Jan. 24, James and Janine would like to tag along. Get in touch with Howard Bird (with whom James is staying while at LCC), ext. 366, if you are able to accommodate the pair.

RESTAURANT SERVICE--Restaurant service will be discontinued from Dec. 17 to Jan. 5. The cafeteria will operate until Wednesday, Dec. 17. The snack bar will be open from Dec. 17 through Tuesday, Dec. 23, closed from Dec. 24 to Dec. 26, open from Dec. 29 to Dec. 31, and closed from Jan. 1 to Jan. 4. THURSDAY
December 18, 1975

WELL, THEY TRIED--The folks at the Siuslaw Area Center sent the Daily a change of address card to publicize their new address -- P.O. Box V, Florence 97439. That was well and good, except the change of address card went first to the Lane County Courthouse. We wonder if the post office people realize it is the Siuslaw Center which moved, not the entire college.

DRINK YOUR MILK--A survey of lunch waste, done by Springfield High School students and reported in the Dec. 20 National Observer, indicates that in one day, the nine test schools wasted 511 half-pints of milk. If projected over a 180-day school year, that waste is enough to supply the total daily protein needs of 57 children for an entire year. Maybe the old axiom "Eat what you take and take what you eat" isn't that far off.

SLIM UP FOR SPRING--The Health and Physical Education Department would like all interested faculty and staff to know a Slimnastics course (exercise to music) will be offered winter term. The class was not included in the Register Guard schedule of classes. Interested persons may sign up for the sessions listed as Fitness, TLN 2042-02, Course no. PE 170, MWF, 1 to 2 p.m., Room 166, Health Building.

ANNUITY FOOTNOTE--The meetings with the representatives from Great Western to work with faculty members on tax sheltered annuities have been cancelled until further notice. The last session was to have taken place today.

SNACKS ONLY--Only the snack bar will be open through the end of the year. The snack bar will be open from Dec. 17 through Dec. 23, closed from Dec. 24 to Dec. 26, open from Dec. 29 to Dec. 31, and closed from Jan. 1 to Jan. 4. The hours will be from 7:30 a.m. to 3:30 p.m. The restaurant and cafeteria will reopen Jan. 5.

DAILY VACATION--Tomorrow's Daily will be the last regular edition of the term. The Daily will be published Monday, Dec. 22, and again, Monday, Dec. 29, before resuming regular publication on Monday, Jan. 5.

The John Deere Company gave the money to the Department to use as it sees fit for tools, scholarships, field trips, and the like.

The LCC math and science departments' exhibit is entitled "Problems, Puzzles and Paradoxes". Casey Fast, Department Chairman, termed it a believe it or not of math and science phenomena. For instance, did you know that if you have a group of 20 people, the chances are over 50 per cent two of them will have the same birthday? Admission is 75 cents, which will be donated to the planetarium fund.

BACON AND EGGS, ANYONE?--Beginning Jan. 5, breakfast will be served at the restaurant only. There will be a complete change of menu for the restaurant for winter term.

NO SUCH THING AS A FREE BREAKFAST - Food Services reminds that there will be a 50¢ minimum charge in the restaurant when it begins serving breakfasts on Monday, Jan. 5. All these changes are indicative of how hard the food people are working to get the restaurant on a break-even basis so that it won't have to be closed.
