IT WAS A GOOD TERM FOR A's--A total of 2,120 students have been named to the fall term honor roll at LCC. Of the total, 1,112 are on the President's List (3.5 or better) and 1,008 are on the Dean's List (3.0 to 3.49). And 365 students earned perfect 4.0 gpa's.

ENROLLMENT--It appears that LCC will enroll about 13,000 individuals winter term. Registrar Bob Marshall says that 5,800 had enrolled in credit programs as of last Friday and 700 more are expected to register today and tomorrow. The total should reach 6,500 to 7,000 by the time outreach centers and other registration is completed. Non-credit, adult education registration is expected to involve about 6,000 individuals. The total will be slightly below fall term and this is the usual yearly pattern.

LET'S GIVE IT ANOTHER TRY--After one cancellation, Archie Zarewski and representatives from Great West Ins. Co. will be on campus Jan. 6 through 9 to explain tax sheltered annuity programs. One representative will be in room 107 of the Administration Building. Please check with your department secretary to see when a representative will be in your department.

NEW MEMBER--Nile Williams, Associate Dean of Instruction for Community Education, has been elected to the Community College Committee of the National Association for Public and Continuing Adult Education.

TWO UO PROGRAMS--The University Neuropsychology Laboratory has two programs available to the community. A four-week counseling program is available to individuals who are experiencing depression. Treatment fees will be waived if clients complete all assessment and daily records needed for the research project. If interested, stop by the Lab office between 8:30 a.m. and 3:30 p.m. today through Saturday. The other project is a research project in which participants will be paid for completing all required procedures. Stop by the Lab during the above mentioned dates and times to apply. Offices are located in Straub Hall at the corner of 15th and Onyx Streets.

WELCOME BACK--Those of you who have been on vacation -- you may not be as excited to return as are those of us who manned a very lonely ship in your absence. Hope your holidays were good ones.

JONATHAN WEST'S CONTRIBUTION--"A good education is not one that produces doctors and lawyers rather than welders and beauticians. A good education is not one that teaches more philosophy and less accounting. A good education is simply one that produces an educated man. An educated man, it has been said, is to be discovered by nothing so much as by the quality of his mind -- by his outlook, by the temper of his ideas, by his attitude toward life, and by his fair way of thinking. He has insight and comprehension. His mind is a practiced instrument of appreciation. He is more apt to contribute light than heat to a discussion. He has a knowledge of the world that no one can have who knows only his own generation or his own task." -- David Mathews, Secretary, U.S. Department of Health, Education and Welfare

WEDNESDAY
January 14, 1976

BOARD TO MEET--The Lane Community College Board of Directors will meet at 7:30 tonight in the Administration Building. Among the items on the agenda is a discussion of an increase in tuition. Dean Jack Carter has recommended that the Board approve a change in the definition of full time to 12 hours and adjust the in-district, out-of-district, and out-of-state rates accordingly. The proposed tuition increase is an effort to maintain tuition revenue at 20 per cent of the operating budget of the college.

LOOK IN THE BOOK FIRST--But first you need a book. The new (1976) telephone directories have arrived. Departments can bring the old telephone books to the mailroom and receive new books in exchange. Please try to bring in the old ones and pick up the new ones as soon as possible.

VISIT THE LIBRARY--Terry Forster wrote to a group of well-known people in a variety of areas asking what their favorite books are. The replies are fascinating. The letters will be on display in the library through Feb. 7. President Ford grew up reading Horatio Alger, R. Buckminster Fuller prefers his own books, and Ken Kesey's list ranges from the Bible to I Ching to A Walk on the Wild Side.

BALLOT COUNT--Ballots for the NEA Representative Assembly will be counted Thursday at 9 a.m. in Room 205W of the Electronics Building. Members of the LCCEA are invited to participate in the vote count.

PROGRAM EXTENDED--The University of Oregon Neuropsychology Laboratory has extended the application deadline indefinitely for the counseling program for depressed individuals. Treatment fees will be waived if clients complete all assessment and daily records needed for the research project. If interested, stop by the Lab office between 8:30 a.m. and 3:30 p.m. Offices are located in Straub Hall at the corner of 15th and Onyx streets.

COMPARISON--Female Ph.D.'s as a group, spend an average of 10 hours a week on child care plus 18 hours a week on household chores such as cooking and cleaning. Data provided by both male and female researchers conclude that married women subordinate their careers to their marriage commitment. ----- Carnegie Commission on High Education has summarized several studies which show there are major differences in research and publications between men and women, a difference of about 4:1 in articles and 2:1 in books and monographs, favoring men. -- Jonathan West.

THURSDAY

TUITION AND THE BOARD--Discussion of a tuition increase highlighted the Board of Education meeting Wednesday night, but a decision was postponed until a later meeting. Dean of Students Jack Carter recommended the increase to maintain tuition revenue at 20 per cent of the operating budget. Carter recommended that the number of hours for a full-time student be increased from 10 to 12 and that an increase of \$26 (from \$100 to \$126) be approved. He also recommended that the rate be increased from \$10 to \$10.50 per credit hour for part-time students, and increases for out-of-district and out-of-state students be made accordingly. Student Body President Len Wassom told the board that the student senate opposes such an increase, and two representatives of the Veteran's Club also indicated their opposition. They suggested administrative salaries be frozen rather than having a raise in tuition. A decision on tuition is expected at the Jan. 28 board meeting.

In other business, about 20 women walked out early in the meeting when they were informed further discussion of the women's program issue was not on the agenda for the meeting.

OFFICIAL OPENING--The Women's Awareness Center will officially open on Jan. 21 and 22 from 9 a.m. to 4 p.m. both days. Scheduled for Wednesday, is a speech by Norma Paulus, candidate for Secretary of State in Oregon, a poetry reading, and Planned Parenthood workshop. On Thursday, the schedule includes conversations with Susan Gilmore of the University of Oregon, music jam session, and a seminar on Women as Heads of Household, led by Edna Jensen. Everyone is invited to drop in.

NURSING LOTTERY--Applicants are coming forth willingly for the lottery for selection to the nursing programs. Some 80 students in the Associate Degree of Nursing program and 30 students in the Practical Nursing program, and alternates in both programs, will be selected by the lottery method. The drawing is scheduled for April 30. Minimum requirements must be met before a name may be submitted to the lottery and applicants may be allotted additional chances in the lottery if he or she has completed required pre-nursing course work, and has previous patient care experience. Only applicants meeting in-district requirements will be entered into the bowl for selection. Applications will be accepted prior to the March 31 deadline. Estelle Singleton, department chairwoman, indicated applicants seem to be receptive to the lottery system and prefer the drawing because it is more objective than the interview system used previously.

FRIDAY
January 16, 1976

THE BALLOTS ARE IN--Ted Romoser was been elected the NEA Representative Assembly delegate from LCC in the balloting Wednesday. He will attend the convention in Miami Beach in June as the representative. Ted won over Pat John and Larry Davis for the delegate position.

BE PREPARED--Bill Wright, LCC counselor, will present the January Brown Bag Forum. He will show slides and exhibit his collection of wildflowers on Tuesday, Jan. 20, at noon in Center 222/223. With this talk as background, you should be prepared to find beautiful bouquets this spring. Bring your lunch and share the lunch hour with Bill.

OTHER DISTRICTS--Some 1,900 students and parents in the Fern Ridge School District will be able to relax a bit now that the District's \$1.7 million operating budget passed Tuesday. The fourth levy attempt would have meant closure of schools had it been rejected.

The State Board of Education is expected to take action on the proposed annexation of part of Jackson County to the Rogue Community College District when it meets in Roseburg Monday, Jan. 19. An annexation election would be held in March if the Board okays the move.

ON THE OTHER SIDE OF THE FENCE--According to Thursday's Oregonian, the Washington State Legislature is considering a 30 per cent tuition increase for community colleges and a 24 per cent tuition increase for state colleges and universities for the coming year.

STARTING SALARIES OF WOMEN IN BUSINESS--"An Evaluation Follow-Up Study of Hampton Institute Business Graduates of 1967-1971" by Lois S. Cofield, Ed.D., published in 1974 reveals that most of the female business graduates receive a present salary of \$7,000-\$12,999, while most of the male business graduates receive \$10,000-\$15,999. --Jonathan West.

VOCATIONAL EDUCATION FOR WOMEN--More than half of all women over the age of 18 are in the work force (53.9 per cent according to the Women's Bureau of Labor Department) and, according to the same statistics, one out of every eight families is headed by a woman. Aside from the promptings of the women's movement, these two facts alone are ample reason why vocational education must pursue a more vigorous roll in meeting women's needs. It is well known that the majority of women in the work force are in traditional women's jobs, many at low pay. -- Jonathan West.

WEDNESDAY
January 21, 1976

PRESS TROUBLE--A sickly press again delayed delivery of Tuesday's Daily until Wednesday morning. Today's mail brings both yesterday's and today's Daily as a result...maybe we should ask the Register-Guard for help.

CANDIDATE ON CAMPUS--Oregon State Representative Norma Paulus, candidate for Secretary of State, will be the featured speaker at noon today for the official opening of the Women's Awareness Center. Her talk is scheduled in the Center, which is located in Room 221 of the Center Building. Also on the agenda is a poetry reading at 11 a.m. and a Planned Parenthood Workshop at 2 p.m.

LAST CHANCE--Today is the last chance to turn in nominations for Outstanding Vocational Educator. There is no limit to the number of persons selected for the award. A committee will select the winners from among the nominees. If you know someone worthy of the honor, don't neglect to nominate that person.

ANOTHER BROWN BAG--Following on the heels of the success of Bill Wright's Brown Bag Forum, will be a command performance by Pete Peterson, author of the recently published book, "Our Wagon Train Is Lost." Pete's Brown Bag Forum will be at noon Friday in the Board Room. Bring your lunch -- to eat -- and your book -- to be autographed.

HERE AGAIN--Archie Zarewski will be on campus to discuss insurance at 2:30 p.m. today.

SPECIAL MEETING--The Student Senate will have a special meeting at 3 p.m. today to discuss ways to help Terry Chronister's family. The LCC student died last weekend from complications resulting from hepatitis (death occurs in about 1 per cent of the cases). Meet in Adm 202.

DIFFERENCE OF OPINION--A student who opposes abortions has written a letter to the Register-Guard, we're told, criticizing Health Services' family planning clinic. In case you're asked, here are the facts as supplied by Health Services Coordinator Laura Oswalt. The family planning clinic, now in its third year, is conducted on Tuesdays, Wednesdays, and Thursdays from 4 to 6 p.m. by Linda Paseman, a family planning nurse practitioner. If a woman has an unwanted pregnancy, she is informed of all the options available and given an abortion referral if she requests it. IUDs are available if requested. These and the other services available through the clinic are being offered because women students asked for them.

It appears that LCC's Workshop may be the only such workshop held in the U.S.

BEST FRIEND--Student Service Associate Eileen Peterson will conduct a series of weekly discussions on "Being Your Own Best Friend" for women who are returning to school. The lunchtime discussions will be held every Thursday and Friday at noon in Room 222 in the Center Building. This week's topic is "Budgeting Your Time, or Learning to Let George Do It." The meetings are from noon to 1 p.m. and participants are encouraged to bring their lunch.

LUNCH ACTIVITY--Another lunch discussion scheduled this week is Pete Peterson's Brown Bag Forum on his recently published book, "Our Wagon Train Is Lost." Pete's Forum will be at noon Friday in the Board Room.

CHESS, ANYONE?--Tom Cauble, president of the LCC Chess Club, and John Loughlin will present a simultaneous chess exhibition from 11 a.m. to 1 p.m. on Friday in the cafeteria. Both men will play up to a dozen opponents at one time. It's free and fun, according to Loughlin.

WOMEN'S CENTER--Conversations with Susan Gilmore, UO psychologist, will highlight the second day of the Women's Awareness Center Open House. Dr. Gilmore's talk is scheduled from noon to 1:30 p.m. in Room 221 of the Center Building. Music will precede the speaker and a seminar, "Women as Heads of Household" by Edna Jensen, is set for 2 p.m. Drop by for all or just part of the activities.

QUOTABLE QUOTE--"It is an unhappy fact that many of the strongest proponents of public sessions have proved less interested in hearing the board members express themselves on key questions than in seizing the opportunity to exert pressure on the board to vote in a particular way. Groups who deplore the 'lack of communication' with governing boards are frequently much more disturbed by 'lack of agreement.' The truth may be that the board and its critics are communicating very well--they simply don't agree." -- Robben W. Fleming, President of the University of Michigan, speaking to trustees in Reports, Nov.-Dec. 1975.

TAKE YOUR CHOICE--Anyone wanting a little entertainment or discussion during lunch today can pretty much have a choice:

Pete Peterson, Journalism instructor, will be in the Board Room to talk about his recently published book, "Our Wagon Train Is Lost." Bring your lunch to this Brown Bag Forum.

Student Service Associate Eileen Peterson is continuing her discussion group in Room 222 in the Center Building. This week's topic is "Budgeting Your Time, or Learning to Let George Do It." The discussion is geared for returning women students.

Tom Cauble, president of the LCC Chess Club, and John Loughlin will take on up to a dozen opponents each during the simultaneous chess exhibition from 11 a.m. to 1 p.m. in the cafeteria.

TONIGHT--The wrestling team will be at Central Oregon CC and the women's basketball team will play in Corvallis.

CHANGES--Effective this month, Jonathan West is assigned to the Personnel Services Office for 33 per cent of his time as the Associate Director, in addition to his duties as Equal Opportunities Advisor. And Susan Nieminen, now research associate to the Assistant to the President, has been reassigned as the manager of the clerical activities with the Personnel Services Office.

LEGAL HELP--Eric Haws provides legal services free to LCC students. His office is in Room 234 of the Center Building. Office hours are 8:30 a.m. to 3:30 p.m. Tuesday, 8:30 a.m. to 3 p.m. Thursday, and 8:30 to 11:30 a.m. Friday. Appointments are necessary.

THE BLACK EXPERIENCE--"Black separatism is a function of white racism. It represents failure in the relationship between the black individual and the white society. The black experience at a white college is a story of hope, frustration, and disillusionment. It is a story of acceptance and rejection. It is a story of individual and institutional racism." Charles V. Willie, "Black Students at White Colleges"

TGIF--A serious young searcher for Eternal Life climbs to the top of a mountain and asks an old guru for the SECRET. "To gain Eternal Life, you must do three things," the guru instructs. "Give up drinking, give up smoking and give up sex." "Is that all?" gulps the hopeful seeker. "Will I then gain Eternal Life?" "Well, not really," replies the wise old man. "But it will seem like it."

SRO--It was a standing room only crowd for the featured speakers during the two-day official opening of the Women's Awareness Center. Norma Paulus' talk was attended by about 50 people, including the local media, and Sue Gilmore drew over 100 listeners. The staff of the Women's Awareness Center said they really appreciated the support from LCC staff and faculty members and students who came by. They add, the invitation to drop in is always true.

REGISTER TO VOTE--Register to vote by mail forms are now distributed to various departments around campus. If you aren't registered, they've made it pretty easy to do so.

TICKETS GONE--Tickets for Lane Community College's production of "A Little Night Music" are sold out for the six scheduled performances. About 150 tickets remain for a benefit performance for the Legal Secretaries Scholarship Fund. The benefit performance will be Jan. 29. Tickets are \$3.50 and may be purchased by calling Kathy Applegate at 345-4371.

HECTIC--The simultaneous chess exhibition Friday produced nine wins, one loss and one draw for Tom Cauble and eight wins, one loss and one draw for John Loughlin. "I think we generated some interest in the Chess Club," Loughlin said, adding, "we may do it again if we are able to unscramble our brains."

HOLDING POWER--While nearly one of every two Anglo students (49 per cent) who begin school can expect to enter college, only about one in every four Mexican Americans and Blacks do so (23 per cent of Mexican Americans and 29 per cent of Blacks). Of those who do enter college, the differential loss for minority students continues. Only five Mexican Americans and eight Blacks of every 100 who begin school ever receive a college diploma, while 24 of every 100 Anglos who begin school graduate from college.

AFFIRMATIVE ACTION WORKSHOP--A bright gold information sheet should accompany your Daily today. The sheet has the crucial facts about the upcoming Affirmative Action Workshop on Feb. 6. If your Daily arrived alone, check around for the gold flyer.

OTI--Students interested in attending Oregon Technical Institute may meet with representatives of OTI on Thursday from 9:30 a.m. to 3 p.m. in the Food Service area between the cafeteria and the restaurant.

DEVELOPING VOCATIONAL LEADERS--Fellowships in the EPDA National Vocational Leadership Development program will be accepted by the Oregon Department of Education up to Feb. 23. The program is designed to develop leaders in vocational education through graduate level study and intern experience. Oregon expects to have a minimum of two fellowships to award for the 1976-77 school year. Stipend support is not yet official but is expected to be \$4,800 plus \$750 for each dependent. For further information, contact Lisl Fenner.

SPECTATOR SPORTS--The Titan Basketball team is the only team playing at LCC this week. The team will meet Clatsop CC at 7:30 p.m. on Saturday. Earlier in the week, the team will travel to Albany for a game with Linn-Benton CC. That game is at 7:30 p.m. Wednesday. The Women's basketball team will meet the OCE JV team on Tuesday in Monmouth and the University of Oregon B team on Friday at 4:30 p.m. in Eugene. The wrestling team will meet Mt. Hood Community College on Friday and participate in a tour in Longview, Wash., on Saturday.

PLUS A BONUS--Doug White, Paradental/Paramedical Department Chairman, recently received a letter from one of his graduates. She sent \$100 to repay a loan to the Development Fund and a \$20 donation. That is pretty fair interest for a one year loan. And thanks to her LCC education, the dental hygienist is earning \$70 day.

CAN WE HEAR THAT AGAIN--Yogi Berra gets the credit for the following truism: "You can observe a lot by just watching."

WOMEN IN VOC ED--"School Shop" (November 1975) states that Wilma Ludwig, who has been appointed New Mexico State Director of Vocational Education, is currently the only woman in the United States directing a state vocational education division. -- Jonathan West

BOARD OF EDUCATION MEETING TONIGHT--Several items of interest are on the agenda for tonight's Board of Education meeting. Tony Birch, Dean of Business Operations, is expected to present an oral preview of the 1976-77 budget, the Board is expected to act on a proposed tuition increase, and a decision is expected on the cancellation of classes for the Affirmative Action Workshop on Feb. 6. A seven-minute report regarding the Women's Study Program is also scheduled for the session. The Board agenda indicates the report is to be considered a statement and not an issue to be debated, nor is action to be requested or taken. The meeting will be a 7:30 p.m. in Administration 202.

AVAILABLE--The new Public Employees Retirement System Handbooks are now available in Personnel Services.

ARCHIE'S HERE--Archie Zarewski, LCC's insurance representative, will be on campus Thursday at 11 a.m. in Personnel Services.

OTI REPS--Representatives of Oregon Technical Institute will be on campus Thursday from 9:30 a.m. to 3 p.m. in the Food Service area between the cafeteria and the restaurant. Students interested in attending OTI may meet with them.

EQUAL OPPORTUNITY--Do you know that if you ask a job applicant a wrong question, you may be asking for a lawsuit by the Equal Opportunity Commission? Questions of race, sex, religion, age or national origin are, of course, illegal -- unless they are related to what EEOC calls a "bona fide occupational qualification" (BFOQ). But though most administrators would never ask an applicant his religion, they might well ask if he (or more likely she) is married, has children, or owns a home. And such questions, though more subtle than "Are you a Christian?" are still discriminatory, according to EEOC. To keep managers out of such trouble, a California company has come up with this short table of do's and don'ts for job interviews.

Subject	Can do or ask	Cannot do or ask
Sex	Notice appearance.	Make comments or notes unless sex is a BFOQ.
Marital Status	Status after hiring, for insurance.	Are you married? Single? Divorced? Engaged? Living with anyone? Do you see your ex-spouse?
Children	Numbers and ages of children after hiring, for insurance purposes.	Do you have children? How old? Who cares for them? Do you plan more children?
Physical Data	Explain manual labor, lifting, other requirements of the job. Show how it is performed. Require physical exam.	How tall are you? How heavy?
Criminal Record	If security clearance is necessary, can be done prior to employment.	Have you ever been arrested, convicted or spent time in jail?
Military Record	Are you a veteran? Why not? Any job-related experience?	What type of discharge do you have? What branch did you serve in?
Age	Age after hiring.	How old are you? Estimate.
Housing	If you have no phone, how can we reach you?	Do you own your home? Do you rent? Do you live in an apartment or a house?

AFFIRMATIVE ACTION WORKSHOP OKAYED--The Board of Education officially approved cancellation of classes Feb. 6 for staff participation in the Affirmative Action Workshop. The move clears the way for the day long series of discussions, panels and speakers scheduled by the LCCEA, LCCEF, Faculty Council, and Human Awareness Council. Organizers of the Workshop say LCC is the first educational institution to bring together the entire staff to study the issue of Affirmative Action. Its purpose is to help the staff understand the term's meaning and implementation.

Board members also agreed to defer action on a proposed tuition increase to allow exploration of several other alternatives. One alternative presented by board member Jim Martin was the establishment of a parking fee. Staff will investigate that proposal, as well as others, prior to the Feb. 11 meeting.

Board members also heard a preview of the 1976-77 budget which would call for an estimated levy of \$2.6 million outside the six per cent limitation. The tax rate on that amount would be \$1.77 per \$1,000 true cash value of assessed valuation. The current rate is \$1.61. Those figures remain estimates.

FREE LESSONS--Persons interested in learning how to play chess may meet from 3 to 4 p.m. in the northeast corner of the cafeteria on Friday for free lessons given by the chess club. Participants are asked to bring chess sets if available. The lessons will start with the fundamentals.

TAKE A DEEP BREATH--If you cough when you take a deep breath you should make plans to visit the Christmas Seal Breath Mobile for a free lung check up on Friday from 10 a.m. to 2 p.m. The Breath Mobile will be parked at the front opening of the campus for your convenience. A check up will take only a few minutes and is especially important for smokers.

DISCUSSION GROUP--The second in the series of weekly discussions on "Being Your Own Best Friend" is scheduled for noon on Thursday and Friday in Room 222 in the Center Building. Discussion leader Eileen Peterson is gearing the group for returning women students. This week's topic is "Saying No When Duty Calls, or No, no, a thousand times no."

Life's Tests

If never a sorrow came to us, and never a care
we knew;
If every hope were realized, and every dream
came true;
If only joy were found on earth, and no one
ever sighed,
And never a friend proved false to us, and
never a love one died,
And never a burden bore us down, soul sick and
weary too;
We'd yearn for tests to prove our worth and
tasks for us to do.

--Edgar A. Guest
