**THINKING OF ATTENDING OSU**--Representatives of Oregon State University will visit LCC from 9 a.m. to 3 p.m. today to talk with prospective students. The representatives will be between the restaurant and the cafeteria on the first floor of the Center Building.

**REVIEW OF NEW COURSES**--New courses will be reviewed by the Curriculum Review Committee on Wednesday, Feb. 4. The meeting will be in the LRC Conference room at 3 p.m. If you have submitted an application for review, please plan to attend to answer questions. A majority of applications are for courses to be taught spring term.

**SPECIAL VISITOR**--Luis Fernando Arias, Director of the Central Region of the University of Costa Rica, visited LCC last Thursday. Mr. Arias specializes in the two-year college program in Costa Rica. He expressed admiration for the LCC programs during his visit which also took him to Linn-Benton and Clatsop CC. His letter of introduction was backed by a letter from Dr. Henry Kissinger. As a side note--it would be nice if all Americans could not speak Spanish as well as Mr. Arias claims to not speak English. He was quite fluent.

**THINK SAFETY**--If you know of hazardous physical plant conditions around the campus, please report them to a member of the Safety Committee. Tony Birch, Dean of Business Operations, chairs a committee which includes Don Dickinson of the mechanics faculty, Alvin Howard of maintenance, Bob Owen representing students, Sylvia Pinkerton of the Business Department, and Gene Sorenson of Counseling.

**BECOME A BEER EXPERT**--Blitz-Weinhard Beer Company has invited all LCC staff and faculty members and some students to a free tasting party on Tuesday, Feb. 3, from 6:30 to 10 p.m. The event, complete with music by Fox and Weasel, will be held in the Pioneer Building at the Lane County Fairgrounds. Door prizes and refreshments will be provided by Blitz. This is one of several such tasting parties for various groups, and company officials say they have been quite successful.

TUESDAY  
February 3, 1976

**COLD FRONT DUE**--The greatest weatherman of them all -- the Groundhog -- predicts another six weeks of winter. His shadow frightened him back into hibernation yesterday. Don't let the sunshine fool you into putting your umbrella away.

**AFFIRMATIVE ACTION PLANS**--President Schafer released this statement Friday: "I want you to understand that as a result of the Board of Education action last Wednesday evening, and to underline the College's commitment to Affirmative Action, attendance at the Workshop (Friday, Feb. 6) will be mandatory unless an exception is granted by one of the deans, Birch, Carter, Case or Rasmussen. Further, I urge you to use this opportunity to gain additional understanding of the implication of this national policy for Lane Community College. Thank you for enthusiastically supporting this staff designed activity."

George Alvergue related this news: "Were we clairvoyant? The State Board of Education has announced that on Feb. 10 a public hearing will be held in the matter of the adoption of Rule 43-115, nondiscrimination and equal employment, and educational opportunity (community colleges). The Affirmative Action Workshop on Feb. 6 will allow us the opportunity to give input on this issue. Let's give it our solid support."

Both the LCC Bookstore and the food service area have announced closures for the Friday Workshop. The Bookstore will be closed all day to allow staff members to attend the Workshop. Food service will close the snack bar and the restaurant all day but the cafeteria will be open from noon to 1 p.m.

More details about the Workshop will be available for Wednesday's Daily.

**AFFIRMATIVE ACTION UPDATE---**The following memo from Personnel further explains who must attend the Affirmative Action Workshop: The February 6 Affirmative Action Workshop has been given official sanction by the Board and attendance should be of value for all employees.

"Since some campus functions cannot be left totally without coverage, some employees may have to remain on the job. It is the responsibility of the supervisor to determine which of the positions in his/her organization must be staffed and to make appropriate arrangements for necessary coverage.

"Accordingly, supervisors are to submit to their deans a listing of all employees (name and position) being required to remain at their work stations by 4 p.m. Wednesday, Feb. 4.

"The Dean of a respective area bears the ultimate responsibility to resolve scheduling difficulties or discretionary decisions on attendance.

"Part time employees regularly scheduled to work a portion of Feb. 6, will be compensated for that time but should, subject to the comments above on required staffing, be allowed to attend the workshop. Irregular employees paid for intermittent service will not be compensated for attendance at the workshop but should be extended the opportunity to attend.

"Departments with second and third shift employees may modify schedules to facilitate attendance at the workshop and the discretion of the supervisor."

THURSDAY

February 5, 1976

**BOARD AND BUDGET COMMITTEE WRAP-UP---**At last night's meeting, the LCC Board of Education approved a resolution to acquire a surplus aircraft from the state of Kansas for use in the Flight Technology program. Also approved was a request for transfer of matching funds out of contingency for supplemental student federal work study funds. In other action the Board approved revision of the 6000 series of Board Policy (Instruction) which leaves only one series to be revised (8000 series/College-Community Relations).

The budget committee met last night for the first time and was presented with the 1976-77 budget document. In his message to the budget committee, President Schafer termed the budget a "realistic expression" of the fiscal needs at LCC. The proposed budget calls for \$2,604,073 outside the six percent limitation. The cost to the voter would be an estimated \$1.77 per \$1,000 true cash value (TCV). This year's tax rate is \$1.61 per TCV.

The next budget committee meeting will be Feb. 11. The budget committee includes seven lay members as well as the seven board members.

**WHY?---**At the request of the Affirmative Action Committee, Ted Romoser has drafted the following statement for insertion in today's Daily: Did you know that our staff organizations may be sued if we agree to a collective bargaining contract that turns out to be discriminatory in any way? Did you know that the State Department of Education is about to develop policies on affirmative action for every community college? Did you know that LCC must undergo an evaluation this year of every aspect of our program from hiring to textbooks? These policies will affect all of us, not just those who hire. Your bargaining agent must have an informed membership in order to work constructively on college policies.

Is it "indoctrination"? No, no, no! This workshop is not an attempt to change anyone's opinion or beliefs. The basic purpose is for us to share our ideas and decide what we as a staff think about affirmative action and what we want the college to do or not do. The speeches and panels will provide facts and calm explanations for us to use. No one intends to push ideas down our throats.

**FINAL RAP GROUPS---**Eileen Peterson's final discussion groups for returning women students will be today and Friday at noon in Center 222. This week's discussion is entitled, "Being Me; Right, Privilege or Permission? Or, 'I have a perfect right'."

**REMINDER---**The Bookstore, Warehouse and Office of Financial Services will be closed tomorrow, Feb. 6. The snack bar and restaurant will be closed with only the cafeteria operating from noon to 1 p.m. Also, the Daily will not be published on Friday.

**FROM FINANCIAL AIDS---**College Work Study students' time sheets for the month of February must be in the Financial Aids Office no later than 5 p.m. Feb. 16. This change is precipitated due to the fewer number of working days this month.

**BOARD AND BUDGET MEETING**--A proposed increase in tuition and the Special Programs Activity Fund fee will again be considered by the LCC Board of Education during its meeting at 7 o'clock tonight in the Board room. The Board is expected to act on a proposal that would raise tuition to \$10.50 per credit hour with 12 hours considered a full time student. The proposed tuition increase is expected to keep student support at about a 20 per cent level of the total cost of operation. Tuition has not increased at LCC since Fall, 1974.

Another item on the agenda is a request for Board endorsement of the concept of Centrex telephone service. While installation of Centrex would improve the ability to reach extensions both on and off the campus, it would be December, 1978 (at the earliest) before the change over could be completed.

Following the Board meeting, the seven lay members will join the Board at 8 p.m. for a Budget Committee meeting. The group is studying the proposed \$14 million operating budget.

**SPECIAL COMMENDATION**--Laura Oswalt, Director of the Student Health Services, has this message for the Daily: "LCC Student Health Service feels special commendation should go to the staff and students concerned regarding the fatal illness of Donald Wolgamott. At 8:15 a.m. Feb. 5 when he collapsed in class, the emergency procedure was initiated without panic. Another student, Jerry Greenleaf, began mouth-to-mouth resuscitation immediately. Carol Metzler, R.N., from Health Services, initiated cardiac massage on her arrival. Security directed the ambulance to the proper location. Three attempts were made by ambulance personnel to get his heart action re-established. Meanwhile, students in the class remained calm, loaned their coats to keep him warm, and kept out of the way. At 9 a.m. Carol Metzler accompanied the patient in the ambulance to Sacred Heart Hospital and remained for a half-hour administering cardiac massage during this time, while others maintained his breathing and got monitors connected, etc. Donald was pronounced dead about 1 p.m. at Sacred Heart. Autopsy reports are not yet complete."

**PAYROLL**--February mid-month draw checks will be available Monday morning, Feb. 16. February payroll worksheets will be available for pick up at Financial Services at 2 p.m. Feb. 18, and must be returned to Financial Services by 5 p.m. Feb. 19. Please process payroll changes to Personnel Services prior to noon, Monday, Feb. 16, which will be the cut-off time for incorporation into the February payroll worksheets. Due to the reduced number of working days in February, handwritten changes made to the payroll worksheets will not be processed by Financial Services except for termination notices. New employees due February pay, but who are not on the February payroll worksheets, will be paid by handwritten checks no later than the second week in March.

BIAS LANGUAGE WORKSHOP--The Curriculum Commission of the Human Awareness Council will sponsor a Bias Language Workshop on Thursday, Feb. 12, from noon to 1 p.m. in Forum 311 as a follow up to the Affirmative Action Workshop. The workshop will consist of a slide presentation followed by dialogue to share differing ideas and identify mutual concerns.

CELEBRATE ABE'S BIRTHDAY--Sid Austin will celebrate Lincoln's birthday in costume with memorabilia and slides during the Brown Bag Forum on Thursday. Sid's presentation will be from noon to 1 p.m. in the Board room.

CORRECTION--The Athletic Department's Badminton Tournament will be Saturday and Sunday from 8 a.m. to 11 p.m. in the gym, not Friday and Saturday as earlier reported.

**BOARD WRAP UP**--Tuition will be increased next fall as a result of the Board of Education decision last night. The Board voted 4 to 3 to increase the tuition for a full time student to \$126 from the current \$100 per term, and increase that of a part time student by 50 cents a credit hour to \$10.50. A full time student was redefined as carrying 12 hours per term (it is 10 hours this year). The tuition question was the only item considered in the meeting which was attended by about 75 people -- mostly students opposed to the increase. Following the Board meeting the budget committee convened to continue deliberations on the proposed \$14.7 million operating budget.

FRIDAY  
February 13, 1976

**UNUSUAL**--February has its share of offbeat holidays this year. In addition to the traditional President's birthdays and Valentine's Day, February is blessed with a Friday the 13th, Groundhog's Day and Leap Year. Even with the extra day this year, February has to have the highest percentage of 'holidays' of any month in the year.

**BOARD FINAL**--Wednesday night the Board of Education convened, voted to raise tuition, and then adjourned to a budget committee meeting. What we didn't report in the Daily was that the budget committee met until about 10:30 p.m. when the Board then reconvened and went through many of the items remaining on the agenda -- including a change in the Special Programs Activity Fund (SPAF) fee. The Board voted to eliminate the fee and increase the tuition by 40 cents per credit hour up to a maximum of 12 hours. That fund will provide revenue for the Health Services, Torch and athletics with student government funding still to be worked out.

**VISITOR**--Dr. Terry O'Banion, Executive Director of the League for Innovation in the Community College, is visiting the LCC campus today. With offices in Los Angeles, the League is a national consortium of 16 member districts of community colleges which aims to encourage and evaluate innovation and experimentation designed to improve varied aspects of college operations. IN THE NEWS--LCC was mentioned in a Wall Street Journal article last week in connection with Project Access and the Goldmark RTS tv system. The clipping is reproduced on the back of today's Daily.

TIME SHEETS - Work-study time sheets are due at Financial Aids by 5 p.m. today.

COMMENDATION - Bill Mullin, sociology prof, is praised in a letter from a former LCC student now at UofO. Shared with the Board, the letter says that Bill is a "fine teacher and I consider myself very lucky to have been in his classes.

IN CONCERT - Dave Case (son of Lew and Peggy) and John Jarvie will present classical guitar duets at a free concert Tuesday, Feb. 17th, at 8 p.m. at Beall Concert Hall at the UofO. They will be backed up by John Hamilton on harpsicord and Harold Owen on recorder.

LEAVE REPORTS--Three instructors allowed time off from their duties at LCC to work on special projects during a Professional Development Leave report the value of the time spent away from the campus. Jerry Berg, an instructor in Study Skills, is in the process of completion of eight books in a series of readers for junior and senior high school students that he started during his leave spring term. Fred Kelley, an instructor in mass communications, completed his dissertation at the University of Oregon during his spring leave and was awarded his Ph.D. in September. Jay Marston, biology instructor, completed field studies during his spring leave. He said he was able to take a 9 hour a week class at the University which had an equal amount of time required for field work. "During the field work I identified over 200 different plant species of which many were photographed to be used as teaching aids in some of the courses at LCC."

FREE WATER--In answer to a question from Board Member Jim Martin, Food Services Director Ken Brownell reports the snack bar will stop charging for hot water. "Ten cents for hot water was an attempt to keep people from ripping us off. Very few food service operations allow people to bring their own food in to either be prepared or consumed. When hot water was 'free' people brought their own tea bags and instant coffee and soup mixes. Nevertheless, we will stop charging for hot water."

NEW STEPS--Jed Merrill's construction class will replace the stairs connecting the different levels of the south parking lot. The work will involve the excavation, forming, pouring, and finishing for 15 separate stairs. The labor will be free but materials and expenses are expected to be about \$2,000. The project won Board approval last week.

## Goldmark Develops High-Speed System Of TV Transmission

Device Permits Reception  
From Broadcast or Cable  
On Home Set, Fast Storage

By a WALL STREET JOURNAL Staff Reporter

STAMFORD, Conn.—Goldmark Communications Corp. said it developed a new system for the transmission of television images and sound at speeds considerably in excess of those at which normal images and sound are sent.

The images and sound would be sent by means of regular "over-the-air" broadcasting facilities by satellite or by cable television for storage and playback over ordinary television sets in the home or at school. The technique was developed by Goldmark Communication's founder and president, Peter C. Goldmark, the man who developed the long-playing phonograph record and the first practical color television system. The latter two developments came about while Mr. Goldmark was director of research for CBS Inc. and head of CBS Laboratories.

The images and sound sent by means of the new Rapid Transmission and Storage system can be picked up on a regular television set by means of an RTS recording attachment costing approximately \$300. The images and sound could be sent at night, recorded and stored for later use in the home or the classroom.

### Six Colleges State Use

Goldmark Communications also announced that six community colleges would introduce the first-generation RTS system, Mark I, for teaching purposes this fall. The six colleges, with a total enrollment of more than 200,000 students, are Central Piedmont Junior College District of Charlotte, N.C.; Chicago City Colleges; The Coast Community College District of Costa Mesa, Calif.; the College of DuPage, Ill.; Lane Community College District of Eugene, Ore., and Metropolitan Community Colleges of Kansas City.

The Mark I system can provide 60 different half-hour programs in the sound and picture format from a single hour-long video cassette. Up to 30 of these programs can be selected from the single tape and shown simultaneously on as many sets for multiple classroom instruction. The first three of the initial group of courses already are in preparation, the company said. They deal with health sciences, consumer education and introduction to business. Each course will consist of 30 different modules or lessons of about 30 minutes' duration.

### "New Dimension" in Educational TV

The lessons sent by means of the new technique can be erased from the tape used to record them and the tape can be reused as often as desired to record still other lessons. The user can view the lessons he chooses on any standard color television set at any time he wishes. He also can repeat all or parts of a lesson. Mr. Goldmark said he expected the Mark I and a second-generation system, called Mark II, to add "a new dimension" to the educational television broadcast system.

"This network has access to more than three-quarters of the population," he said, "but it is underutilized during nonbroadcast hours at night-time. The RTS system will enable public broadcasting stations across the country to utilize fully these nonbroadcast hours to fulfill an important aspect of their charter. . . ."

The transmission speed of the Mark II system will make it possible during a single eight-hour period to broadcast 2,800 different half-hour lessons.

FROM JONATHAN WEST--By and large people cannot be coerced into learning. They can be bullied and overpersuaded, but fear is a dangerous motive and its main result is to create in the learner a loathing for the teacher, the subject, and the school. In fact it cripples any further likelihood of learning.

IN-SERVICE--The Home Economics Department reports a very successful in-service day recently. Susan Gilmore of the UofO faculty spoke on assertive training.

TODAY--James Faulkner will present a slide-film lecture on his uncle, William Faulkner, at 1:30 p.m. in Forum 301. The appearance is co-sponsored by Phi Theta Kappa and the Language Arts Department.

FOR SALE--(to institutions & departments only) Electric typewriters available from Oregon State surplus, between \$50 and \$90. Call Patrick Grant, ext. 309, if interested. Some models are about 5-years-old.

**NEW WASSOM**--Len and Marti Wassom left campus yesterday about 4:30 p.m. for the hospital. Their son, Timothy, was born an hour and one-half later.

**\$2,000 NEEDED**--Donations are being sought for travel funds to send the LCC wrestling team to national competition later this month. Lane athletic teams can't use school funds for participation in national tourneys so public donations are needed. The money will be used to pay for travel, lodging and food during the National Junior College Athletic Association Championships in Worthington, Minnesota. Coach Bob Creed says he has three wrestlers--Mark Booth, Larry Nugent and Jon Hanson--who are capable of winning national titles, and several others who could place high in the standings. Donations, which are tax deductible, should be earmarked for the wrestling team national travel fund and sent to the Lane Community College Development Fund. The deadline is Feb. 22.

**YOU'RE INVITED**--A benefit for the Eugene Hearing and Speech Center will be held Saturday from 8 p.m. to 1 a.m. at the Center. The event is limited to 75 couples so reservations are required. Tickets are \$15 a couple. Activities include dancing to the music of the Gene Aitken Quartet, viewing the Oregon-UCLA game, attending a mini-auction and dining at a midnight buffet breakfast. For reservations call John Wilson, ext. 288, or Leslie Hartwig, 344-6864.

**RESERVE YOUR NOON HOUR**--Two activities are planned today during the lunch hour. The Supportive Services Commission of the Human Awareness Council will sponsor "Man and Woman: Myths and Stereotypes." The slide presentation with musical accompaniment will be from noon to 1:30 p.m. in Room 309 of the Forum Building.

Also scheduled for today is the first in a series of speakers discussing career opportunities and life styles for women. Ingrid Funke, LCC anthropology instructor, will speak at noon in the Women's Awareness Center.

**WINTER JAZZ CONCERT**--The LCC Jazz Lab Bands and Swing Choir will present the annual Winter Jazz Concert in the Performing Arts Theatre on Friday at 7:30 p.m. Admission is \$1.

**FISHY**--The California Newspaper Publishers Assn. reports a meat company produced a scented-ink newspaper ad that smelled like bacon. "Neighborhood dogs went a little crazy and caused a record headache because of newspapers carried from porches and ripped in pieces," says a CNPA publication. It seems only fair that the meat company give the neighborhood cats a turn and develop a fish-scented ink.

MONDAY  
February 23, 1976

**BUSY WEEK--**The Women's Awareness Center has planned three varied noontime programs for Tuesday, Wednesday and Thursday of this week. A presentation of paintings with accompanying poetry reading will be Tuesday, the Family Circus Theatre will perform Wednesday, and the second in an on-going series of speakers discussing career opportunities and life styles for women will be Thursday. All are at noon and all are in the Women's Awareness Center except the Family Circus which will be in Forum 301 and 302. A fourth activity is planned at the Women's Center from 2 to 3 p.m. Tuesday. A Health Care Rap session focusing on birth control is scheduled.

**SOC REPS--**Representatives from Southern Oregon College in Ashland will be in the cafeteria from 10 a.m. to 2 p.m. today to talk with prospective students.

**ALSO ON THE DOCKET--**The LCC Budget Committee will meet Wednesday at 8 p.m. The discussion will center on Schedule I of the document -- the General Fund. The meeting is open to the public.

**UPCOMING SPORTS--**The Titan Basketball team will be out of town this week with games in Astoria and Oregon City. The Women's Basketball team will play at LCC at 6 p.m. on Tuesday (Mt. Hood Community College) and 8 p.m. Friday (Clark College). And the wrestling team will participate in the NJCAA Championship in Worthington, Minnesota, on Thursday, Friday and Saturday.

**FOOTNOTE--**A principal in Maine recently clocked the rate at which his pupils responded to the fire drill bell. It took the kids four minutes, thirteen seconds to evacuate the building. Later the same day, he clocked them when the closing bell rang. It took them one minute, forty seconds to clear the building that time. There's a moral there someplace.

**WINNING WEEKEND--**The LCC Titans are first place in the league as a result of this weekend's basketball play. And, while the University of Oregon isn't in first place, few would challenge that it was a great weekend. Can you imagine UCLA building up 98 wins at home and then after this weekend starting over again with 1...

FRIDAY  
February 27, 1976

NOSTALGIA--An 11-year-old Register-Guard clipping happened onto the Daily editor's desk. It tells how the Board of Education, by a 4-3 vote, decided to name this college "Lane" instead of "Joseph Lane." That came on a second ballot after a first round vote of three for Lane, three for Joseph, and one for Emerald. Other finalists were Timberland, White Water, Emerald Empire and Whiteaker. Ten other names that were suggested didn't get much consideration: Evergreen, Cascade, Pacific Cascade, Oregon Trail, Jason Lee, Herbert Hoover, Edwin Markham, Winston Churchill, Douglas MacArthur, and Emeralane.
