ELECTION NUMBER THREE--The Board of Education meets Wednesday at 7:30 p.m. (third consecutive Wednesday). The agenda this week includes the setting of the next levy election, a canvass of the June 29 election, paying construction claims, possible allocations for Adm. Bldg. remodeling and general construction planning, discussion of Board Scholarship award procedures, and more work on updating Board policies. The levy election probably will be September 21; amount of the levy probably will be same as sought at the June 29 election.

AS FOR ELECTION NUMBER TWO--The college carried Eugene 4J with 55% of the vote, but lost in the other 15 school districts. District-wide, LCC's yes vote totaled 47% compared to 31% on April 20. As usual, 78% of the yes votes came from Eugene 4J and parts of Springfield. South and Central Eugene were heavily positive with yes votes of up to 79% in some precincts.

PAYROLL WORKSHEETS--They're ready now at Financial Services for those who didn't pick them up last Friday to report hours worked June 21 through June 30. Completed worksheets are due back in Financial Services July 8 (Thursday). These hours will be paid on regular payday, July 30. Call Marion at Ext. 311 if you have questions.

HEALTH INSURANCE--There is open enrollment until July 16 to add or drop dependent coverage with LCC's new health insurance company, Aetna Life Insurance. Contact Lorraine Dillon at Personal Services.

FIRST CHILD--Pete Peterson, journalism, and wife Chilton, part-time in Performing Arts, have a new son, Sydnor, born June 20.

GUESS WHO IS COMING TO DINNER--Foodservices asks that individuals running conferences, workshops, etc., this summer please call (ext. 203) if the participants will be eating on campus. Foodservices will then have sufficient seating, food and personnel to handle the extra load.

FRINGE BENEFITS--National Phi Theta Kappa president and LCC student Jeff Arnold has agreed (willingly) to be one of the judges for the Miss Oregon Teenager Pageant July 17 at the Eugene Hotel. Jeff's membership in the honor society qualified him for the rigorous duty....

PAPERS IN ORDER--The LCC Nursing program has been accredited by the State Board of Nursing for the coming year.

MEETINGS

CLASSIFIED ADVERTISING POLICY--Ads are printed free on a space available basis for part and full-time employees and students only. Ads must include the first and last name and department of advertisers. Ads for ongoing part or full-time businesses cannot be accepted. The Daily editor is the judge of what will be accepted; appeals in writing may be made to the College President.

THE WEEK OF
July 12-16, 1976

Published for the staff of

SAME AS LAST YEAR--LCC's third attempt to get voter approval of an operating budget levy will be September 21. Amount being sought beyond the 6% limitation is \$1,424,794 and that's the same size levy as was approved by voters a year ago on June 17, 1975. The tax rate, however, would drop about 16% from \$1.61 per \$1000 true cash value to \$1.35. The cutback since the June 29 election defeat totals \$75,000 but the proposed budget remains the same. A higher than expected cash carryover into the new fiscal year reduced the amount of revenue needed.

NEW LEADER--The LCC Board of Education last week picked Jim Martin of Springfield as 1976-77 chairman and Catherine Lauris of Eugene as vice chairwoman. Edward Cooper was seated as Al Brauer's successor and Steve Reid was sworn in for a second term.

EXCESS BUT NOT EXCESSIVE--Howard Bird, our man in federal excess property, told the Board last week that he has acquired instructional and other equipment worth about \$375,000. New, it cost the federal government about \$1.5 million. And, Howard assures, there's much more to come.

KEEP IT LIKE IT IS--The first 1,384 responses to a survey seeking public input as to future instructional priorities indicate that most people want LCC to stay comprehensive. They want courses and programs which meet varying needs. Some respondents, however, would like a strictly tech-voc school. The ranking assigns No. 1 priority to tech-voc programs, with other services in this order: 2) transfer courses which are part of tech-voc programs, 3) basic skills courses, 4) courses which transfer into bachelor degree programs, 5) non-credit courses for adults. The complete survey should be available late this month.

NEED ADVICE?--College insurance agent Archie Zarewski will be on campus Wednesday, July 14. Contact Lorraine in Personnel Services for an Appointment.

THEY'VE MOVED--Business Operations and Personnel Services are now temporarily located in Health 102-3. Telephone numbers remain the same. Remodeling of the west half of the first floor of the Administration Building is about to begin. The result will be a much more efficient use of the space.

GRANTS--1) Allan Gubrud, Physical science prof, has received a three year \$137,400 grant from the National Science Foundation to develop physical science audio-video learning modules. 2) LCC will share in a Title 1 award of \$55,631 given the UofO to study ways of reaching non-traditional learners. 3) Through the League for Innovation, LCC will

participate in a U.S. Research and Development Administration-funded National Institute on Energy Education in Community Colleges. Instructional Operations Dean Gerald Rasmussen will go to Brookdale Community College in New Jersey in early August for a planning conference. It is hoped that the colleges can develop courses in energy education.

CLASSIFIED EMPLOYEES--Evelyn Tennis and Darrell Allyn are both off campus this week. Contact person for Federation members is Bob Smith. Messages may be left at Campus Services or he can be reached at 345-4904.

HONOR ROLL--Only full-time students (10 or more credits) are eligible for the honor roll. Tell your friends if they're disappointed that their names were left off.

FUND RAISING IS A CINCH--We learn from Planning magazine that a disc jockey in Los Angeles got more than \$400,000 in pledges from his listeners to help save New York, during its recent financial crisis. Unfortunately, he received only \$32.96 in actual cash payments.

OPTIMISM--"The U.S. economy is improving. The rate of increase of the decrease in employment has decreased. This, coupled with a decrease in the rate of increase of inventory liquidations suggest an increase in the already evident increase of forward commitments which in turn suggests a general slowdown of the downturn with a slightly perceptible upturn of the downturn now occurring or about to occur. If you are concerned about the low level of the economic indicators today, you should be -- but remember -- an upturn only occurs at the bottom of a downturn."

FROM LAURA OSWALT--"Humiliation is what you feel when you've tripped over your own feat."
