Included on the agenda are discussion of budget committee appointments, a labor relations consultant service and student body fees for the ASLCC. The meeting is open to the public.

During the fifth anniversary of the program, staff are welcome to drop by for punch, coffee, and cookies. The event is sponsored by the Eugene Kiwanis Club, the Business and Professional Women's Club, and LCC.

FOR CLASSIFIED STAFF--Any LCC Employees Federation members who were unable to attend the meeting last week may obtain a copy of the Grievance Pamphlet, the Federation Financial Statement, and the Legislative material (proposals to change the Oregon and Federal laws) from Evelyn Tennis, second floor of the Center Building.

Employees wishing to initiate, change or discontinue an existing mid-month draw must submit a written request by this date. Request forms are available in the Personnel Services Office, temporarily located on the first floor of the Health and P.E. Building (ext. 258).

GOOD TO BE BACK--After two months of wishing the sun would shine with more consistency this Daily editor is happy to be back to work. Welcome back to those of you who enjoy your summer off. The Daily -- which has been a weekly during the summer months -- will return to its everyday status on Sept. 13.

CLASSIFIED ADVERTISING POLICY--Ads are printed free on a space available basis for part and full-time employees and students only. Ads must include the first and last name and department of advertisers. Ads for ongoing part or full-time businesses cannot be accepted. The Daily editor is the judge of what will be accepted; appeals in writing may be made to the College President.

FIRST OF THE YEAR--Today is the first of the daily Dailies. Those of you with items to contribute, suggestions (pleasant or otherwise), or comments, may call Susan Shepard, ext. 340, prior to the 3 p.m. deadline.

BOARD OF EDUCATION--A new tax base will go to the voters in November, F's are back on the transcript, and mandatory student body fees are out as a result of action by the LCC Board of Education last Wednesday. The tax base election will be November 2 following the tax levy election September 21. If approved the tax base would go into effect for the 1977-78 school year and would result in about the same tax rate as experienced this year. The board also agreed to record F's on student transcripts. The procedure has not been used for the past three years. And Board members voted to eliminate mandatory student body fees but agreed to support a voluntary student fee. Several support services for student government will be continued this year -- including a part-time secretary -- while the change from mandatory to voluntary is made.

REGISTRATION--Fall term registration begins September 15 for returning students and September 21 for new students.

STAFF DIRECTORY--Information to update the staff directory should be to the College/Community Relations office prior to September 17. All departments should have received a memo requesting the information.

ARE YOU REGISTERED TO VOTE?--You may obtain the form to register by mail at the C/CR office, 2nd floor, Adm. Bldg. Or you may register at the Lane County Elections Dept., 7th and Oak, anytime before 5 p.m. election day. To register on the day of the election, you must appear in person at the Elections Department to obtain a certificate of registration to take to your polling place. For more information, call Joyce Nichols, ext. 340.

PLAN AHEAD--September 20 is the deadline to order 1977 calendar refills from the Warehouse.

INSTRUCTIONAL MATERIALS IN USE--Six LCC instructors have developed health instruction exchange packages funded by a grant from the W. K. Kellogg Foundation (which is a project of the League for Innovation in the Community College). The units are among those available for field-testing this fall. Packages for students include "No White Hats" (Introduction to Neoplasia) by Robert Boettcher; "Insulin Preparation Using U40, U80, U100 Syringes" by Saralie Lewis; "Library Research in Health and Nursing" by Terry Ann Forster; "Fluid, Electrolyte, Acid-Base Balance" by Linda Gibson Boettcher; and "How to Write Behavioral Objectives" by Douglas White. A LCC-designed package for the consumer is "Lice Begone!" by Laura Oswalt. Doug White heads the program at LCC.

NO COMMENT--We've discovered that a new business has taken a license in Eugene for a clothing store. The name -- "Oh Shirt!"

ART SHOW--The first art show of the new school year will be an exhibit by the Art and Applied Design faculty. The show will open September 27 and close October 14 in the main gallery. A reception will be held for the exhibiting artists from 8 to 10 p.m. October 1.

SCHOLARSHIP COMPETITION--The Associated General Contractors Education and Research Foundation has opened its ninth annual scholarship competition. It is open to college freshmen, sophomore and juniors, and high school seniors planning to enroll in 4-year construction and/or civil engineering degree programs. Winners may be eligible for grants of up to \$4,000 over four years of undergraduate study. Applications are available from Lisl Fenner, ext. 334. Deadline for application is December 1.

WE'RE SAVING ELECTRICITY BUT NOT MONEY--A review of electrical consumption and demand for May through August of 1974, 1975, and 1976 show electrical demand and consumption both are generally down (even though we have more space). However, the cost we have to bear has not changed all that much (our efforts to reduce have been offset by rate increases). Dean of Business Operations Tony Birch explains that the reductions are in part due to the energy consciousness of the entire College staff.

THURSDAY
September 16, 1976

THEY ARE HERE--Over a week past the expected arrival date, and with many stories to tell of the 1,000-mile journey, two trucks carrying two huge steel tanks arrived at LCC yesterday from Chatsworth, Calif. The two tanks, which were once a part of the space program of Rockwell International in suburban Los Angeles, will be used to hold more than 100,000 gallons of water at LCC as part of the College's energy management system. The tanks, weighing 50 tons each, reaching 13 feet one inch high and 65 feet long and 12 feet six inches wide, are parked in the east lot awaiting placement near the Mechanics Building. After installation this term, engineers estimate \$107,000 will be saved yearly on the College's electric bill, a reduction of nearly 40 per cent.

TO ALL NEW STUDENTS--If you think you're confused, consider poor Columbus. He didn't know where he was going. When he got there, he didn't know where he was. And when he got back he didn't know where he'd been.

CHOICE WORDS--Those of you wishing to make your opinion known on the field burning situation, may call 686-7618. Your comments will be recorded by the Lane Regional Air Pollution Authority staff as a gauge of public opinion in the Eugene-Springfield area.

COMMON CAUSE--Bob Blucher in the Institutional Research Department is organizing a LCC chapter of Common Cause. Bob needs volunteers to sit at an information table Monday and Tuesday, Sept. 20 and 21. Any staff members who are members of Common Cause or who are interested in learning more about Common Cause should call Bob at ext. 255.

YOU ARE APPRECIATED--Members of the Retired Senior Volunteer Program had a successful recognition day program last Friday. They would like to thank those of you who helped to make it so.

LEARN ABOUT THE BUSES--A new Lane Transit District bus will be on display at LCC Sept. 21, 22, and 23 from 10 a.m. to 4 p.m. in front of the reflection pool. Information about the buses, routes and schedules will be available to those who stop by the new bus.

To all LCC Staff,

Many articles, flyers and health related issues come to the attention of the Student Health Service without benefitting anyone but us. We plan, with the cooperation of the Daily editor, to get some of this information to you about once a month. If there are specific areas of health information you are interested in, give us a call at 268 or 269, drop in, or send a note and let us know.

Student Health Services

* SWINE FLU *

- ***** In cooperation with Lane County Health Dept., LCC Student Health Service will offer monovalent swine flu vaccine to individuals over 17 years of age. The vaccine is not expected to be available in Lane County until after mid-October.
- ***** Tentative plans call for the first public clinics in Lane County to be held specifically for high-risk individuals (those 65 years of age or over and those with chronic illnesses). These clinics will be followed by ones for the general public.
- ***** All vaccine for public clinics is being provided by the federal government. No operating funds are provided however. So, to help offset costs, a \$1.00 donation will be asked, a policy adopted statewide.
- ***** We will inform you as soon as we know of a possible date for the swine flu vaccine to be offered here at LCC.
- ***** Information from the Public Health Service Advisory Committee on immunization practice states: "Results of field trials provide clear evidence that adults can effectively and safely be immunized against A/New Jersey influenza with a single dose of monovalent vaccine. Bivalent vaccine containing A/New Jersey and A/Victoria vaccine will be available to the high-risk group."

###HEALTH HINT: Go to bed the same day you get up.

* RESEARCH *

- ***** Infants of smoking parents are more susceptible to respiratory infection, according to an English study of pneumonia and bronchitis in 2,200 babies in their first year of life. The researchers found the incidence of these diseases in children one year old or less to be 7.8% if neither parent smoked, 11.4% if one parent smoked, and 17.6% if both parents smoked. There was no consistent relationship between parental smoking and respiratory disease in children over one year of age. The researchers concluded that giving up smoking may be one of the very few ways parents could expect to lower the chances of their children developing respiratory diseases in early childhood.

- ***** All citizens concerned about dental health in children and adults are invited by Kess Hottel of Lane County Health & Social Services Dept. to support the measure which will provide for fluoridation of our public water supplies. Organizations and individuals are asked for written endorsements, or money, if they wish to support this measure. Responses can be sent to Stephen Brown, Eugene Citizens' Committee For Better Dental Health, 318 East 12th, Eugene, OR 97401. "Dental disease prevention in Oregon resembles a disaster area," he says. This is your opportunity to join a battle, whichever side you care to join!!!

September 21, 1976

ONE LAST TIME--The best way to end all of this talk about elections and voting (for a while, at least) is to do your part today and vote. Remind your friends, call your neighbors, and generally make a pest of yourself. Maybe if you vote, yours will be the one needed to carry LCC over the top. P.S. The polls are open until 8 p.m. and you can even register until 5 p.m.

GOODIES--This week's menu in the cafeteria includes veal Parmesan and grilled beef and cheese sandwiches today; franks and beans and grilled Hawaiian Farmer sandwiches on Wednesday; savory meat loaf and Monte Cristo ham and cheese sandwiches on Thursday, and broiled chicken and Mission City grilled sandwiches on Friday.

RESEARCH AND STUDY OPPORTUNITIES--The International Research and Exchanges Board is sponsoring opportunities for research and study in Eastern Europe and the Soviet Union. November 1 is the cutoff date for funding for 1977-78. Information and application forms are available from Lisl Fenner, ext. 334. To be eligible, one should have full-time teaching position with a college or university; or have completed all work on the doctoral degree except the thesis.

DUE TODAY--Completed payroll worksheets are due back in Financial Services today by 5 p.m.

TEN MORE DAYS--If you have any medical bills which were incurred prior to June 30, you have 10 more days to submit them to Greater Oregon Insurance Co. Failing to do so will mean the bills will not be paid by either Greater Oregon or Aetna.

LCCEA MEETING--The LCC Education Association will meet today from 10 to 11 a.m. in Forum 302. All faculty members are invited to attend.

FROHNMEYER ON CAMPUS--State Representative David Frohnmeier will discuss recent developments in health education at 1:30 p.m. today in Health 206. Staff is welcome to attend.

ON LIFE AND TRANSITIONS--Dr. Elisabeth Kubler-Ross will speak at 7:30 p.m. today at the auditorium at the Lane County Fairground. Tickets are \$5 and may be purchased at the door.

CLASSIFIED ADVERTISING POLICY--Ads are printed free on a space available basis for part and full-time employees and students only. Ads must include the first and last name and department of advertisers. Ads for ongoing part or full-time businesses cannot be accepted. The Daily editor is the judge of what will be accepted; appeals in writing may be made to the College President.

WEDNESDAY
September 22, 1976

WE WON--Finally! It took three times but LCC has an operating budget for the current school year. The vote was 17,981 yes to 15,284 no; a difference of 2,697. All of the school districts in the county were successful except South Lane. Districts 4J, Fern Ridge, Pleasant Hill, Junction City, and Oakridge all received levies yesterday. Mt. Hood Community College, which was seeking a levy yesterday, was going down the last we heard. (P.S. Those vote totals for LCC were as of 1 a.m. this morning. Many of us waited until then to breathe a sigh of relief.

BOARD OF EDUCATION--The LCC Board will meet tonight at 7:30 to accept the results of the election yesterday and to discuss a board policy which would allow the College to take disciplinary action if a person is in possession of a loaded firearm on campus. Following the official meeting, the Board will meet for a work session to discuss instructional goals, part-time employees, Community Education Division, and long range planning.

RETURN PHONE LISTS--Joyce Nichols asks that those of you who called to remind voters to do so, please return the lists to her. Her desk is on the second floor of the Administration Building. And she'll thank you personally for your efforts.

LOOK THEM OVER--A new Lane Transit District bus is on display today and tomorrow from 10 a.m. to 4 p.m. in front of the reflection pool. Information about the buses, routes and schedules will be available to those who stop by the colorful bus.

THURSDAY
September 23, 1976

WE WON--A happy Board of Education accepted the canvass of votes last night for Tuesday's election and approved a resolution levying \$5.2 million in property taxes toward this year's budget. The final tally was 18,029 for the good guys and 15,367 for the other side. Margin of victory was 2,662 or 54 per cent yes. The turnout was 23 per cent, which was 3 per cent more than June 29. The College won 86 precincts, compared to 48 on June 29. All but 5 Eugene precincts favored the levy. The historic voting pattern continued: high support in Eugene and parts of Springfield and low support in most of the outlying areas. LCC Advocates Chairwoman Mildred Holly was presented a plaque by the Board for "meritorious volunteer service."

In other business, the Board heard Dean of Students Jack Carter predict that Fall Term enrollment could be up 500 to 600 students over last year in credit programs. Headcount may reach 7,000 by the end of the week. New staff representatives were seated: Pat John for the faculty union and Jim Bacon for faculty council. A new Board policy banning possession of dangerous weapons on campus received a first reading.

John Elliott's resignation as Mass Communication chairman was accepted. Contracts were approved for Anne Stewart as women's program coordinator, Carl Horstrup as an adult education coordinator, Horace Pendergrass as food service supervisor, Barbara Harmon as veterans affairs coordinator, Donald Micken as electronics instructor, and Nancy Jolley as a management secretary in Personnel Services.

ONE WASN'T AS LUCKY--Multnomah County voters rejected for the fourth time yesterday Mt. Hood Community College's operating levy. The vote was 55 per cent no.

HUMOROUS APPROACH--The University of Southern California is experimenting with a program known as the Quality Teaching Effectiveness Program. Essentially, the fancy title means that instead of conducting conventional lectures, instructors have been urged to spice up lessons with jokes -- to turn them into something resembling comedy routines. College officials say that in classes where the course material was infused with humor and dramatic techniques, students did better than those where such methods were not used. It is too bad the USC's football team doesn't try the humorous approach; Oregon could have used a few laughs.

FRIDAY

TGIF--After a busy week of registration and the relief of Tuesday's election, it is nice to be looking forward to the weekend. Things have obviously slowed down -- news for today's Daily is minimal. So maybe today will be a quiet one, but Monday the students will be back for classes and things should be at the usual hectic pace.

INSURANCE PROBLEMS?--If so, talk with Archie Zarewski. He will be on campus at 2 p.m. Tuesday. Call Lorraine at ext. 259 for an appointment.

PAPER DRIVE--The Student Resource Center is having a paper drive. Please take all recyclable paper to the yellow bin in the SRC on the second floor of the Center Building. Those of you interested in a Yes on 9 (Nuclear Safeguards measure) bumper sticker, may pick one up in the SRC.
