Week of September 6-9, 1977

DAILY CHANGES--Along with the new head and space saving design, the Daily has a new coordinator. Kathy Dave, administrative assistant in College/Community Relations, will be the coordinator of the Daily. Kathy isn't new to LCC, having worked on campus from 1968 to 1972 and as a part-timer from 1972 to 1975. She most recently worked as the receptionist at SELCO. Susan Shepard will continue as editor of the Daily, but Kathy will take your calls and notices. Call her at ext. 340 if you have an item you want to publicize. The Daily will resume a daily publication schedule on Sept. 12 with the return to full staff.

IN-SERVICE--The professional growth in-service program is scheduled for Sept. 12 through 16 and Sept. 19 through 23. The first week will be devoted to departmental activities and a review CPR (Cardio-Pulmonary Resuscitation) session for staff who completed their CPR training last year. The second week will include scheduled speakers and attendance is required.

REGISTRATION DATES--Continuing (returning) students will register Monday through Thursday, September 12-15 according to the last four digits of their Social Security numbers. The order will be listed in the Fall Term schedule of classes, which will be published in the Register-Guard on Monday, Sept. 5. Registration will be held in the auxiliary gym from 8 a.m. to 7 p.m.

New students register Friday, September 16 and Monday through Thursday, September 19-22 by appointment. Those attending a September 16 departmental orientation may register after their session is completed. Place: auxiliary gym, 8 a.m. to 7 p.m., Monday through Thursday, and 8 a.m. to 5 p.m. on Friday.

Schedule adjustments (drops/adds) may be made on Friday, September 23 in the auxiliary gym from 8 a.m. to 4 p.m.

Late registration will be conducted Monday through Thursday, September 26-29 (the first week of classes) in the lobby of the main gym from 8 a.m. to 7 p.m. and on Friday, September 30 from 8 a.m. to 5 p.m.

Mail-in registration will be accepted Tuesday through Friday, September 6-9. Letters postmarked later than September 9 will be returned to senders. Those who miss their assigned registration time may register any time at subsequent sessions.

REMINDER--Payroll action forms are needed by September 14 for all classified personnel returning to work in September after having the summer off. Also, the deadline for September mid-month draw sign-ups, changes, and terminations is September 8.

IMAC IN-SERVICE--Instructional Managers Action Council (IMAC) will meet at the LCC center on the Eugene Mall on Tuesday-Wednesday-Thursday. A charette on organization of the Office of Instruction will be held the last two days.

SKELETON CREW--During registration, beginning September 12 through September 23, Accounts Payable in Financial Services will have only a skeleton crew. Please be patient with requests for checks, petty cash, etc. Time will limit them to emergencies only.

NEW PROCEDURE--All documents being hand carried to the Accounts Payable section of Financial Services should be delivered to the section's incoming basket on the counter at the Accounts Payable check clerk's desk. These include travel claims, memos, invoices, packing slips, and purchase orders for Emily Sachs, Frances Summers and Sue Bayliss.

Processing of accounts payable claims has been split on an alphabetical basis. Sue Bayliss will handle claims for vendors A through L and Frances Summers will handle claims for M through Z.

"THIS IS SPEAKER CALLIN' GOOD BUDDY"--The Mathematics Department wants to borrow a Citizens Band radio or two for use in Fall Term registration. An aide will have a table in the auxiliary gym and will use the CB to call the Math office to get answers to students' questions. Chairman Casey Fast says he might also set up a system for people in their cars to call the Math Department with their questions, if he can get the equipment. Give Casey a call at ext. 386 if you can help.

APPRECIATION--To George Alvergue, Social Science, for speaking to the American Business Womens Association of Springfield last Thursday on "The Need for Consumer Education."

CONGRATULATIONS--To David Joyce, Art and Applied Design, whose two entries in the Northwest Film and Video Festival were selected as highlights of the Festival. The show was held at the Portland Art Museum.

FROM OREGON NEWSPAPERS-- Chemeketa CC, which attracts the lowest percentage (9%) of its students directly from high school among the Oregon community colleges, is gearing up a high school relations program....The new Wasco Area Education District (first step toward establishment of a new community college) is headquartered in The Dalles IED office....Clatsop CC has converted a church into a music hall....Chemeketa CC has a new educational aide program....Mt. Hood CC is starting an occupational therapy program....Portland CC is adding an advertising sales program. Portland also has put a van on the road to dispense information, career counseling and to register students....Mt. Hood CC had a "shadow day" day in which classified employees traded jobs with administrators. President Stephen Nicholson teamed with a secretary and stuffed envelopes, ran a mimeograph machine and got out the mail....Linn Benton CC's proposed new theatre has grown from 300 to 500 and now may be enlarged to 700 seats....Clackamas CC won the Governor's Conservation Award for reducing electricity use this summer by 37 percent. They operated on a 4-day week, lowered thermostats, and virtually turned the lights out....New Chemeketa CC president Arthur Binnie (fourth president in four years) says he'll work on the college's "greatest needs"--stability and opening of channels of communication.

OVERDRAWN--Bert Lance is not alone...LCC is overdrawn at the bank, too. The LCC account at the Lane Memorial Blood Bank is overdrawn. If you have donated before or would like to become a donor for LCC just call the Lane Memorial Blood Bank for an appointment and credit your donation to the LCC account. We have been extended blood on credit at the Bank and we need to replace this blood as soon as possible. For further information, call Steve John in Science, ext. 382.

KLCC ADVISORY COMMITTEE--The KLCC Advisory Board will meet tonight at 7:30 in the LCC boardroom to discuss possible changes in the KLCC public affairs programming. The public is welcome to attend any of the KLCC Advisory Board meetings which are held on the second Tuesday of each month.

ARCHIE'S BACK--College insurance representative Archie Zarewski will be on campus today and Wednesday to answer questions. He will be in the auxiliary gymnasium. Drop by and see him if you are having trouble with insurance.

BUSY--During registration Financial Services is busy and often short-handed for handling staff requests for checks, petty cash, etc. Try to limit your requests to emergencies.

LCC NEEDS RUNNERS-- The women's cross-country team is looking for members. Five women are needed to form a team and LCC has only two at present. If you are interested please contact Al Tarpenning or Bill Theriault at ext. 277. Practice begins Sept. 26 at 2 p.m. on the track.

TODAY'S THE DAY--Payroll change notices must be received in the Personnel Services office by today for the change to appear on payroll worksheets this month.

BAD NEWS FROM CETA--LCC may get as few as a half dozen or less of the 45 new CETA positions requested. And about 14 present CETA positions won't be funded beyond Oct. 1.

TAKEN FOR A RIDE--Hurricane Anita played havoc with the transportation of three Cessna 150's to LCC for the Flight Technology program. Bert Dotson spent 38 hours flying one of the aircraft from Charlotte, N.C., Jim Piercey flew for 24 hours from Sherman, Texas, and Terry Hagberg was airborne 16 hours from Denver, Colo. All three made it safely home to LCC but were bounced around by the hurricane and accompanying storms.

FROM THE RAGAN REPORT--A Boston sports writer, commenting on the pre-season football game between the New England Patriots and the Green Bay Packers, burred, "If Vince Lombardi were alive today, he'd turn over in his grave."...When Julius Stone, a prominent insurance attorney, died recently, a newsletter published by his company headlined the story, "Leader Stone Dead at Age 77."...Rising postal rates are reducing the volume of junk mail and increasing the volume of junk telephone calls....An editorialist at WBBM radio scoffs at the Postal Service's proposals for special rates and discounts for businesses who sort their own mail. THURSDAY
September 14, 1977

BOARD OF EDUCATION--The LCC Board of Education officially named the recently purchased Downtown Center at its meeting last night, and oddly enough, the Center will be called the LCC Downtown Center. The Board approved acceptance of a \$1 million Economic Development Administration grant which will go toward construction of phase one of the physical education building addition. The 20,000 square foot building will house weight and combative activity areas, office space and classrooms. The project is expected to cost nearly \$1,095,000 and construction will begin Nov. 30. The Board also heard a report that some 38 CETA employees will be terminated Sept. 30 since CETA funding has not been reallocated for the positions. And Lester Zook of Springfield and Richard Charters of Eugene were appointed to the LCC budget committee, and Tom Lichty was appointed to the KLCC advisory committee.

ID PLEASE--LCC employees visiting the Downtown Center are asked to check in and out with the switchboard operator at the Center. It seems the operators are having a problem locating and identifying people in the building who are getting calls.

FREEBIE--The Selco appointment calendar booklets are available to LCC staff at the Information window, first floor Administration building. Only about 300 are available so we ask that you take one. Distribution will be available on a first come, first serve basis.

CURRICULUM APPROVAL--The Curriculum Committee meeting for workshop approval will be today at 1:30 p.m. in the boardroom. The following workshops will be reviewed for fall term: Building Skill at the Typewriter, Beginning Pantomime, Class Guitar, American Folksong, Careers in Music, Real Estate Escrow 2, The Legal Secretary at Work, Panorama of Lane County, Adolescent-Parent Relationships, Preschool Leadership Training, and Sewing as a Business.

INCENTIVE--Mathematics is making it easy for students to talk with staff -- and to see them. A CB radio has been set up in the registration area and in the math office to help answer questions of students needing help. Students may also call the math office from the parking lot on channel 1 with the handle "2 + 2". (Casey Fast, department head, said transmission has been regulated so it won't interfere with the freeway CB's.) In addition to the CB, math faculty are wearing t-shirts with the slogans "Mathematics -- You Can Count On It" and "Math in our culture."

QUESTIONS? ASK ANSWER--Any staff member with a question may ask that question anonymously by filling out an answer form. The form is then sent to the proper management person for an answer, and then returned to you through Kathy Dave at the Information Desk. Check with her for Answer forms or more information.

MONDAY
September 19, 1977

WELCOME BACK--In-service for staff and faculty is scheduled from 9 a.m. to noon today in the Performing Arts Theatre. Speakers during the morning include Gerald Rasmussen, President Schafer, Tony Birch, Lew Case and Jack Carter. In addition to the morning presentations, Tuesday and Wednesday have workshops scheduled for staff to choose from. A more complete listing of workshops is included in the green in-service program.

BUSY--The LCC switchboard with two full-time operators is currently handling about 2,500 calls a day -- that is about twice what the optimum number of calls is. As long as the switchboard is a two-person one and the calls continue to increase, the job of the two operators becomes more difficult and, often times, impossible to meet both the demands of courtesy and speed simultaneously. Please be patient. One way the staff can help is to let the switchboard know when no one will be in a particular office. This eliminates calls from going through and the phone ringing without hope of an answer. Taking your phone off the hook when you aren't in means a call is often put on hold until the line isn't "busy" and the call is never able to be put through.

MANAGEMENT MEETING--A meeting of all management employees will be Thursday, Sept. 22, in Apprenticeship 216 at 12:10 p.m. Salaries, fringe benefits, and changes in the 1977-78 working agreement are on the agenda.

The SHS won't be open for full service until after Oct. 3 but they invited interested staff to drop by and see the new quarters on Friday, Sept. 23, from 10 a.m. to noon.

SPEAKER--David Frohnmayer will be a guest speaker on Thursday, Sept. 22, from 1 to 2:30 p.m. in Health 202. He will discuss health care legislation. Those interested are invited to attend.

LAST CHANCE--For those of you trained in cardio-pulmonary resuscitation last year, another review session to renew certification has been scheduled for tomorrow from 8 to 11 a.m. in Health 102. Sign up by calling Adult Education, ext. 323.

BOOKSTORE HOURS--The Bookstore will be closed from 8:50 a.m. to noon this morning to allow staff members to attend in-service. Regular school session hours will resume Sept. 26. They are 8 a.m. to 4 p.m. and 5 to 8:30 p.m. Monday through Thursday, and 8 a.m. to 4:30 p.m. on Fridays. The air-ground station provides radio contact with students and staff while in the air during flight training. The radio transmits and receives on 123.3 MH. The transmitter/receiver was donated by the Mechanics Department and modified by the LRC's Media Distribution and Maintenance Shop for use by Flight Technology.

AS GOOD A REASON AS ANY--"Suppose you were a Prince of Denmark," Art Buchwald says he once asked a student, "and you came back from school to discover your uncle had murdered your father and married your mother and you fell in love with a beautiful girl named Ophelia and mistakenly murdered her father and then Ophelia went crazy and drowned in a brook. What would you do?" After thinking that over for a while, says Buchwald, the student replied, "I guess I'd go for my Master's degree."

ONE MORE TIME--In the spring Bob Wynia, Director of Social Services for Lane County, mailed out a faculty questionnaire to LCC instructors for research in his doctoral studies. When the questionnaire was submitted to the Post Office an error was made in the postage required. Consequently, the mailing was sent to faculty members with postage due. Wynia earlier used the Daily to convey his apologies, but since many staff members were not on campus this summer he asked if he could again express his regret for the error. We imagine that in addition to Wynia's embarrassment, the postage due mailing probably didn't help his survey results.

First Week
MONDAY
September 26, 1977

THAT TIME AGAIN--Anyone who would like a new picture taken for the 1978-79 catalog (and if you are still using your high school graduation picture and your youngest child is attending LCC, it would be wise to consider having a new picture taken), call College/Community Relations, ext. 340, to make an appointment.

PAY UP--There will be payroll deduction for employee health insurance. The 37 percent increase in premiums effective July 1, 1977, is not covered by the classified or faculty union contracts. These deductions will start with the September 30 check and be effective since July 1. For further information, call Lorraine, ext. 258.

NEW QUARTERS--Media Production has moved to the mezzanine level of the library. The extension is 352.

BEGINS--Today is the first day of classes for fall term and if this year is the same as others, parking was at a premium this morning.

Today also is the first women's cross country practice for interested women students.

BOOKSTORE HOURS--The Bookstore will be open from 8 a.m. to 4 p.m. and 5 to 8:30 p.m. Monday through Thursday, and 8 a.m. to 4:30 p.m. Fridays through Oct. 14.

SUMMER GRADES--A total of 263 students, including 65 with perfect 4.0 averages, have been named to the summer term honor roll. Of the total, 87 are on the President's List (3.5 to 3.99) and 111 are on the Dean's List (3.0 to 3.49). To be on the honor roll students have to carry at least 12 hours of credit.

IN THE GALLERY--Sculpture by Tommy Griffin and paintings by Madeleine Liepe will be exhibited in the Art and Applied Design main gallery today through Oct. 12. A reception for the two artists will be Friday, Sept. 30, from 8 to 10 p.m. in the gallery. The event is free and open to the public.

BUSY--It is again the time of year when pressures in the Printing/Graphics area become their greatest. The staff begs you to not detain them with calls about the location of your work order. Your job just may not be the most crucial at that particular time, and constant telephone calls can slow the shop down by hours. You will be called when you have material ready. They are still keeping up on the daily work. Thank you for your courtesy.

Child wears swimsuit, parent does not. Bring a towel." We think the description means the parent must accompany the child to the pool but needn't swim -- at least we hope that's what is meant.

First Week
THURSDAY
September 29, 1977

BOARD OF EDUCATION--During its meeting last night, the Board heard reports on fall term enrollment (it is about the same as that of a year ago -- 1,734 full-time equivalent students), the status of CETA employees (most will not be terminated since CETA has assured the College it will continue funding for most of the positions), and the success of the energy management system (the College has received its lowest electric bill since August, 1971, even though four buildings have been added to campus and electric rates have increased three times during those six years). The Board also discussed its policy on guidelines for the President, appointed Dr. Edna Wooten of Eugene to the budget committee, and accepted the resignation of Karl Schleicher of Home Economics and offered a management contract to Raymond Hall in Personnel Services.

LIGHTER SIDE--The Electronic Maintenance Services area of the College recently installed new microphones in the Boardroom. The microphones worked perfectly at last night's meeting. So well, in fact, that in addition to amplifying Board members' voices, the sound system picked up CB channel 16 in the background.

MAYBE HE IS ELIGIBLE FOR UNEMPLOYMENT--Counselor/Coordinator of Counseling John Bernham's marriage was written up in the Sunday Register-Guard. He married Peggy Cordell on Sept. 10. The story concluded with "The couple is at home in Eugene, where the bride is employed and the groom is a counselor." And we always thought counseling was a form of employment...

SEE FOR YOURSELF--Freeman Rowe has a display of live mushrooms found in the Northwest on exhibit at the west entrance of the Science Building. Drop by and look at the various types of mushrooms found growing in this area.

STILL AVAILABLE--A limited supply of Selco appointment calendars are still available at the Information Desk. The calendar booklets are free to faculty and staff. Stop by and pick one up.

XEROX READINGS DUE--Call Loreta, ext. 351, with the departmental xerox key reading for this month.

The class meets on Tuesday and Thursday evenings at 7:30 in room 130 of the Art and Applied Design building. Signup in the Art Department office or at the class, before Oct. 4.

WAC HOURS--The Women's Awareness Center reminds staff and students that it is open from 8 a.m. to 7 p.m. weekdays. Stop by and have a cup of coffee and meet the WAC staff.

ADDRESSES--Helma Olsen in the Mailroom asks that all intracampus envelopes be addressed with both the department, as well as the individual's name to speed sorting.

First Week
FRIDAY
September 30, 1977

PICNIC--All LCC classified employees are invited to an American Federation of Teachers union picnic Sunday, Oct. 2, at 3 p.m. in Skinner's Butte Park. The LCCEF is affiliated with the AFT. In addition to LCC union members, AFT-affiliates from the University of Oregon and 4-J are invited to attend. Participants are asked to bring salads and desserts. Kegs and burgers will be provided. RSVP at ext. 218.

FROM ANOTHER PROSPECTIVE--A check with Registrar Bob Marshall indicates that enrollment is in deed 1,734 full-time equivalent students but since FTE is a difficult concept to explain and understand, Marshall says it is more meaningful to report that our enrollment is 6,259 registered students in credit programs. That figure does not include enrollment in Outreach programs in Oakridge, Junction City, Cottage Grove or Florence, though. In other words, we have 6,259 actual people taking classes on campus but only an equivalent of 1,734 students taking full-time (12 or more hours) loads. Marshall says he expects enrollment will hit between 7,300 and 7,400 registered students after all the Outreach enrollment is reported.

IT IS NOW OR NEVER--Kathy Dave, C/CR, ext. 308, is accepting last minute changes for the 1978-79 staff directory. No changes will be accepted after today.

XEROX READINGS DUE--Call Loreta, ext. 351, with the departmental Xerox key reading for this month.

PAYDAY--Classified and faculty will have the 37 percent increase in health insurance premiums deducted from this month's check, since the increase isn't covered by the two union contracts. These deductions start with today's check and are effective since July 1. For further information, call Lorraine, ext. 258.

SPEAKER--Harold Molenkamp of Social Science will present a paper at the Northwest Conference on Philosophy in Ellensburg, Washington, on Nov. 18 and 19.

AVAILABLE--"Motor Vehicle Regulations" for LCC are available in a pamphlet from Campus Services and the Information Desk. The pamphlet notes that LCC staff are required to register any motor vehicle that will be operated within the boundaries of LCC. Staff members will be issued permanent numbered vehicle registration stickers which should be placed on the inside of the rear window, lower left side. Staff stickers may be obtained from the Campus Security Office, located in the Campus Support Services building. For more information, call Security at ext. 305.
