BALANCING THE BUDGET--Foodservice, which has operated in the red in recent years, is now operating in the black. And it will begin a new project in about three weeks to help students gain restaurant experience. The President's dining room will become a reservation only restaurant for at least three days a week. The restaurant will support itself with a one item menu each day, and prices ranging from \$2.75 to \$4. The luncheon, which will usually be gourmet fare, will be served at four-place tables with candles and table cloths. The restaurant will be able to serve about 32 people each noon. As the project nears operation, we will give you the number to call for reservations.

FACULTY MEETINGS--In an effort to keep faculty informed during contract negotiations, LCCEA is holding a series of lunch-time forums for faculty representatives and interested union members. The first forum will be today at noon in Center 446. The second will be Thursday, Oct. 13, in the President's dining room.

TAKING ON ALL COMERS--October 8 is National Chess Day. In honor of the occasion, John Loughlin, Chess Club Advisor, will conduct a simultaneous chess exhibit in the cafeteria on Friday, Oct. 7, from 11 a.m. to 1 p.m. He will play 10 games at once. Everyone is invited to join in.

DOWNTOWN CENTER TELEPHONES--It is hoped that by Oct. 26, on-campus callers may dial the extensions of Adult Education and Development Funding and reach those offices downtown. In other words, rather than dialing the downtown switchboard (484-2126), you will be able to dial extensions 323, 324, and 325 for Adult Ed and extension 335 for Development Funding and reach those downtown offices. If those lines are tied up, you can dial downtown through the switchboard number. This is taking special new equipment and, while the completion date is Oct. 26, there may be some delay in getting the system working.

WE'RE "IN"--A survey of American adults by the Gallup Organization shows that 49 percent of adults would list personal improvement or enrichment as the main reason for going back to school, if they chose to do so. A plurality of those polled -- 39 percent -- viewed community colleges as a place to get good quality college instruction at a reasonable cost. When asked what kind of college they most likely would attend if they went back to school, 27 percent said a vocational-technical school, 25 percent mentioned a four-year college, and 21 percent said they would attend a community college. Only four percent indicated they would most likely return to college to take classes leading to a bachelor's degree. The nationwide poll included interviews with 1,526 persons 18 and older.

ATTENTION ERIC AUTHORS--If you have a paper at the ERIC Clearinghouse for Junior College at UCLA, you need not file written permission to reproduce and disseminate it in compliance with the new Copyright Revision Law. President Schafer has already done it for you by filing a blanket release for LCC. If you have questions, call Julie Lamberts, ext. 337.

He extends his thanks to the representatives in each department and asks that other faculty members keep up the good work started by those who have already given.

DON'T DELAY--On-the-job accidents/injuries must be reported by not less than five days from the date that knowledge or notification of the accident is received. Fourth Week
TUESDAY
October 18, 1977

DUE TODAY--Work-study time sheets are due today in the Financial Aids office.

DOING VERY WELL, THANK YOU--Ruby Vonderheit, Language Arts instructor, is home and recovering from her recent surgery. She is getting along very nicely and would like to thank all her LCC friends for the cards, notes and flowers. She said that she was overwhelmed by all the attention and is certain that there is a definite connection between that and her rapid recovery. She hopes to be back in the classroom soon and able to thank everyone in person.

SLIDE PRESENTATION--Don Hunter will present a multi-image, color, slide show with stereo sound at 4 p.m. today in the Performing Arts Theatre. The show, which is called an Oregon Spectacular, is free and open to the public.

NO JOB--The job announcement published in the Daily Oct. 13 for a new position to assist in Community College/Community Education development in the West was in error. While the announcement was worded as if it were a job announcement, in fact, it was an announcement that Larry Warford was the person filling that new position. He's probably getting a little paranoid with all the people who have been calling about applying for his new job.

FACT FINDING--The faculty's fact finding session, which was held Monday, was short and sweet. The faculty's representatives presented their written material to the fact finder; the Board's representative will present written material by October 31. Both groups agreed not to make lengthy oral presentations. The session was complete less than two hours after it began, but the fact finder's report will be a month or more in coming, it is expected. The classified staff has its day in court Thursday with its fact finding session scheduled at 1 p.m.

PERB INFORMATION MEETING--The Public Employees Retirement Board will have an informational meeting on Wednesday from 7:30 to 9:30 p.m. at the 4-J Education Center, 200 N. Monroe. Topics will include benefit programs, election and options, sick leave, variable annuity, social security and medicare, and supplemental health insurance.

DISCRIMINATION WORKSHOPS--"Discrimination Law as it Affects the LCC Staff" is the title of the workshop to be presented by the Personnel Policies Commission of the Human Awareness Council. Ms. Barbara Caulfield, University of Oregon professor of law (specializing in discrimination law) will conduct the mini-workshop on discrimination law as it affects the working person. Topics will include employee rights, privileges and limitations; what employees should expect the anti-discrimination law to do for them; what equal opportunity means; affirmative action and upward mobility, legislation on the pregnancy insurance. Each area of the College is being encouraged to make provisions for release time. Since classes won't be cancelled, and offices need to remain open, two sessions are scheduled to provide an opportunity for more people to attend. They are Wednesday, Oct. 19, from 3 to 4:30 p.m. in Forum 301, and Wednesday, Oct. 26, from 9:30 to 11 a.m. in Forum 301.

SIX WEEK CLASSES--They begin Monday, Oct. 31, and end Friday, Dec. 9. Many are variable credit and open entry-open exit. The full schedule is to be published in the Register-Guard television section on Saturday, Oct. 29, and in the Sunday, Oct. 30, edition. Tell your friends; it's a second chance to attend college this fall.

NURSING PROGRAM ADDS STUDENTS--A cooperative effort between LCC and the Comprehensive Education and Training Act (CETA) Title I project has increased the LCC practical nursing program by 10 students. CETA federal funds have been used to hire an additional nursing instructor at LCC and to support the CETA-eligible students while they complete the one-year practical nursing program. The Title I program was instituted to break down employment barriers and allow participants the opportunity to gain marketable skills -- and locally, nursing is a highly employable skill.

CHANGES IN THE MAIL--Starting April 15, the Postal Service will no longer accept mail that is less than 3 1/2 inches high or 5 inches long. On the other hand, mail that is more than 11 1/4 inches long or 6 1/8 inches high will be subject to a surcharge.

She would prefer to work mornings and a minimum of 4 hours each week (depending on the nature of the job). Her past employment has been as Assistant Dean of Women at San Jose State College; manager of Prentice-Hall Publishing Co. in San Francisco and New York, and administrative assistant with the National Park Service. Fourth Week
THURSDAY
October 20, 1977

NO BIG CONCERNS--A questionnaire sent by College/Community Relations to instructional managers and others who work directly with the quarterly schedule of classes indicates that the 38 respondents are largely satisfied (79 percent) with the publication. There was strong agreement that credit and non-credit classes should be more clearly differentiated (79 percent), and that the schedule should continue to be printed in the Register-Guard (87 percent). Slight majorities said that the cover should continue to be printed in a colored ink and that the cover should explain how to use the schedule. Other questions as to type size, use of photos, a selling approach to copy, etc., produced no real consensus. An effort to try some of the same questions on students is planned. Others who'd like to make suggestions are invited to send a note to Susan Shepard in C/CR.

NEW MEMBERS--Two new members have been elected to the Management Employees steering committee. Jim Dunne of Mass Communications was elected the representative for the department heads, and Susan Nieminen of Personnel Services is the representative for the specialists, supervisors and managers. Jim replaces Jim Ellison, and Sue replaces Zita Brevig. The two new members join with Bob Way, Jay Jones, Nile Williams, and Helen Haynie on the steering committee.

LOOK OUT FOR THE TAX ASSESSMENT--As Jolene Bowers was leading a tour of fifth graders around the College, the group was duly impressed with the size and grandeur of the campus. One of the youngsters made her way to the front of the group and stood tugging on Jolene's sweater. After getting her attention, the young woman looked at Jolene and asked, "Do you really own all this -- or do you just manage it?"

VISITATION--Pacific University in Forest Grove will visit LCC Friday from 9 to 11 a.m. to talk with prospective students. The representative will be in the cafeteria.

FACULTY CONCERT--A combined music and dance concert will be presented tonight by the LCC faculty. The concert is free, and will begin at 8 p.m. in the Performing Arts Theatre. Mary Curry will be the featured dancer, and Barbara Myrick will provide most of the music on the flute and piano. Several other performers also will participate.

Prof. Browne will discuss "Icons and Heroes of American Culture." Admission is free and open to the public. Prof. Browne has nothing against classics, he's just more interested in the Bobbsey Twins, Farrah Fawcett-Majors, Mickey Spillane and 24-year-old TV Guides. Such interests help explain Browne's position as chairman of the only pop culture department in the nation at Bowling Green State University in Ohio.

LIVE MUSIC ON KLCC--A new season of live broadcasts begins tonight on KLCC, 90.3 FM. LONG DAY'S JOURNEY INTO NIGHT--Could well describe the fact finder session with the representatives of the classified union. The Board of Education representatives and the LCCEF reps met with fact finder William Hammond from 1:20 p.m. Thursday until 1:30 a.m. Friday morning (with only an hour break for dinner). FIRE--A fire was discovered in the upper level of the Forum Building at 11:12 a.m. yesterday. The fire was in a corner in a utility area of the building and was quickly extinguished by the Goshen Fire Department with the help of the maintenance and security personnel of the College. The fire never really got to the flame stage, but rather was mostly smoke. There were no injuries, and an estimate of the damages has not been made but it is expected to be minor. The cause is under investigation. And staff and students in the Forum Building may rest assured that the fire alarm works effectively -- it was nearly a half an hour before the alarm was turned off and students were allowed back in the building.
