Fifth Week
WEDNESDAY
February 1, 1978

PROPOSALS--The Administration is studying three proposals for possible fee changes:
1) Eliminating the \$10 tuition deposit as part of the admissions process. About \$3,000 is generated each year by students who pay the deposit but don't register. But, it costs more than that to collect it; 2) Charging \$1 for adding or dropping classes after the third day of each term. Under the present free system, students add and drop for reasons often unrelated to academic needs; 3) Dropping the mileage offset against tuition for those who commute 30 miles or more. About 180 students claim the differential each year; the registrar finds it impossible to verify their claims.

SURVEY DISTRIBUTED--A survey on the proposed Teaching Resource Center was distributed early this week to all faculty. Please complete and return it to Jo Wallin, instructional technologist, by Monday, February 6. If you have questions or would like a representative to visit your department to discuss the proposed center, call Jo Wallin, or Tito Balducci, ext. 315 or Vern Ho, Study Skills, ext. 355.

PAYROLL INFORMATION--Faculty are asked to submit all requests for level changes as soon as possible. The level change committee will consider all requests received by February 3, in time for adjustment on the February payroll. Those requests received after that date may not be approved until March.

PAYROLL CHANGES--Faculty who elected to receive all of their retroactive pay with their February pay check may want to adjust their tax information to accommodate the additional pay. If you want to change your W-4 form, contact the payroll section of Personnel Services, ext. 258. The deadline for payroll changes, which includes making changes on W-4 forms or address changes, is Monday, February 13.

NEW FORMS--All Faculty Bargaining Unit Members must sign a new enrollment for their dental insurance coverage. These forms are available at the Personnel Reception desk. The forms must be turned back in to Lorraine in the Personnel Office no later than February 15. For questions call Lorraine, ext. 258.

INPUT--President Schafer would like to hear from you this week or early next week if you wish to react to the first draft of a proposed administration reorganization to occur July 1. With the exception of the President's staff, all departments would be assigned to one of three areas: Instructional Services, Student Services or Administrative Services. Each would be headed by a vice president. Academic & College Planning would no longer exist as a major division. Resource Development, Instructional Development and Program Evaluation would be assigned to Instructional Services. Excess Property, Institutional Research and Facilities Planning would become a part of Administrative Services, along with--possibly--Printing/Graphics and Word Processing. Student Services would assume responsibility for Foodservices, Bookstore and High School Relations. Organizational changes within each of the three administrative elements will be announced soon.

Please drive the vehicle to Mechanics 120 on Tuesdays or Thursdays between 10:30 a.m. and noon for appraisal and an appointment. Ask for John Haurigan. No phone calls please.

SELCO's ANNUAL MEETING--If you are planning to attend the annual meeting of SELCO credit union and didn't realize that you must be pre-registered, it's not too late. Call 686-925 today and register by phone.

DOWN WITH PROPERTY TAXES--The Community Press in Salem says that Jim Whittenburg, who is identified only as a "state lobbyist," plans to file an initiative to eliminate property taxes for retired senior citizens and deferring them for young families who are buying their first homes. To prevent overburdening those in between, he would limit property taxes to two or three percent of assessed value. Further, property taxes couldn't be increased more than two or three percent annually. He would have to get 61,646 valid signatures on petitions by July 7 to get the measure on the Nov. 7 ballot. Comment: Whittenburg doesn't offer an alternative means to raise monies to substitute for the property tax. Tuition might have to be raised out of sight. Meanwhile, he says getting the necessary signatures will be "a piece of cake."

BOARD ACTION--Board members heard statements from Adult Basic Ed. and High School Completion union representatives urging them (the Board) to expedite contract negotiations with the Board negotiator. Concerning the 1978-79 budget, board members directed the Administration to identify the college's goals for the next year in instruction and services and then build a budget on these plans for next year. The Board will then discuss the proposed budget at its next meeting and will attempt to identify in general terms where resources are to be allocated at that point. In other matters the Board approved a maternity leave for Adeline Romoser, Study Skills; an academic leave for Robert A. More cuts are forecast for next year; last year the college dropped the equivalent of 10 classified positions....Umpqua CC seeks voter approval of a \$1.3 million levy on April 4. Tuition at UCC will be hiked 10 percent next year....U of O says it won't send any more art exhibits to Linn-Benton CC. Someone stole a painting from a Jan. 10 exhibit. Seventh Week
WEDNESDAY
February 15, 1978

INCREASE--The Administration is studying the possibility of a tuition raise to help fund next year's predicted cost increases. LCC presently has the highest full-time credit tuition among Oregon community colleges, a part-time rate among the lowest, and a non-credit adult education tuition rate in the middle. One of the proposals would change the part-time tuition to \$12 per credit hour up to 11 credits or \$132, change the full-time tuition from the present \$130.80 to \$132, and change adult education costs from the present \$15 per class to \$16. Percentage increases would be 10 percent for part-time, 1 percent for full-time, and 6.6 percent for adult ed. New revenue might range up to \$100,000.

MORE ON REORGANIZATION--President Schafer is soliciting input on possible reorganization in the proposed Administrative Services Division. Vice President Tony Birch would have a budget specialist and administrative assistant (as at present) and six departments: personnel services, financial services, purchasing services, support services, information services, and facilities services. The latter two are new and might involve Paul Colvin and Lewis Case, who are now in Academic and College Planning. It's all tentative at this point and discussions are continuing.

STAFF INVITED TO GAMES AND SOCIAL--All LCC staff are encouraged to attend the last double-header of this season tonight beginning at 6 p.m. in the main gym. The LCC Women's team will meet Central Oregon CC followed at 8 p.m. with the Men's game. The Titans and COCC are presently tied for the number one spot in the OCCAA League. Tonight's game will be a deciding factor in determining the league champs. After the game, friends and staff are invited to attend a no host social at the Quarterdeck Restaurant.

AWARD--Douglas White, Health Occupations head, has received a "certificate of merit" plaque from the League for Innovation. He was cited for the many hours of time and miles traveled in his role as coordinator of the health instruction exchange program of the League. The exchange is one of the League's very successful activities.

SERVICE--A memorial service for Mrs. Jack (Barbara) Carter will be held Friday at 2 p.m. at United Methodist Trinity Church, 440 Maxwell Rd., Eugene. Dean Carter says contributions in Barbara's memory can be sent to United Methodist Trinity Church or to your favorite charity. Barbara died Monday evening at Sacred Heart Hospital.

THANKS--The Teaching Resource Center sends thanks to those who participated in its recent survey. Jo Wallin says the results will be disseminated as soon as tabulations are complete.

BLOODMOBILE--Some 17 pints of blood were collected at the recent bloodmobile visit. They will be credited to former student Kim Wilson, leukemia victim.

REMINDER TO DEPARTMENT HEADS--Faculty evaluations (comprehensive and periodic) are due in the Personnel Services office on or before March 1. Completed evaluation forms should be returned to either Judy Bagby or Rose Holeman.

REFER THEM ON - If people ask you how to preview or purchase ACCESS courses, tell them to contact Alfred L. Browne, Cambridge Book Co., 488 Madison Ave, New York, N.Y. 10022.

INTERESTING INTEREST - The college's investment program has reaped earnings of \$108,506 for the first half of the fiscal year. We got 6.34% on \$3.3 million. Most banks in the district at one time or another have shared the action.

VERY NICE EVENING - Social Science Prof Joe Kremers has sent notes of appreciation to Performing Arts and Foodservices for Friday night's staff party. Some 272 people attended, including five Board members. Many good comments on the food were received by Bob Tegge, and Dick Reid says PA got some nice notes about the play. Kremers says the group is talking about making the party a recurring winter social event.

WORK SAFELY - The on-the-job accident record for the period from July 1 through December 31 is "dismal", reports Bill Mansell, assistant to the dean of Business Operations. The half-year total is 41; that compares to an average of 40 per whole year over the past five years. Instruction and Business Operations have already reached their annual average accident frequency. Academic and College Planning recorded three accidents in the past six months, compared to one in the prior five years. Student Services and the President's Complex had no accidents during the first half of this fiscal year. Biggest increase: Maintenance and Grounds with 15 accidents. Sharpest decrease: Custodial and Foodservices. The accident repeater is still with us. Fourteen of the 41 accidents during the six months involved repeaters. They accounted for 38 percent of the total cost and 47 percent of the lost workdays. A bright note, however, is that there have been only 22½ lost workdays this fiscal year. The five-year average is 140 lost workdays per year.

CARPPOOL - Bert Dotson is arranging carpooling to the Friday afternoon memorial service for Barbara Carter at United Methodist Trinity Church. Parking is reported to be limited at the church; call Bert at ext. 332 to share a ride.

February 23, 1978

ANOTHER KLCC AIRING--Responding to an advisory committee request, the Board of Education last night agreed to call a special session to hear objections to the naming of Mass Communication Head Jim Dunne as interim manager of KLCC. Advisory Committee Chairman Jim Williams said his group wants the station to be separate from the Mass Communication Department. The Board agreed to talk about it on Wednesday, March 8 from 6 to 8 p.m. In other business, the Board took no action on a proposed tuition increase and asked the Administration to continue to explore options. Faculty Union Head Joe Kremers announced that a hearing on the possible merging of the HSC/ABE group with the faculty union will be held in the Board Room on Tuesday, Feb. 28 at 9:30 a.m.

HONORED--Four teachers were cited as outstanding vocational educators at a dinner preceding the Board meeting. Named were: Jim Lawson, CWE coordinator for construction, welding, electronics and drafting programs; Lloyd Lindley, part-time utility lineman apprenticeship instructor for 12 years; Henry Naessens, auto-diesel mechanics instructor since 1968; and John Phillips, forestry instructor at ETVS and LCC since 1963.

STUDENT OPTIONS--Tomorrow is the last day for students to turn in grade option requests in Student Records. Students may request a change from credit to audit or from letter grade to pass/no pass. Forms are available in the Student Records Office.

VESELA FESTIVAL--LCC Campus Ministry will hold its annual family-style Vesela Festival featuring a sausage dinner and dance, this Friday in the cafeteria. The dinner which includes Kilbassy sausage or hotdogs (for children), sauerkraut, parsleyed potatoes, and coffee or punch, will be served from 5:30-8:30 p.m. Cost is \$3 for adults, \$2.50 for seniors and students and \$1.50 for children under 10. A family ticket is \$10. The dance will feature the Polka Pipers and will continue until 10 p.m. Tickets can be reserved by calling Sallie Torres, ext. 231 or may be purchased at the door.

PLAUDITS--The Community College Health Services bulletin applauds LCC Health Services' annual report in its January issue and the department's health promotion efforts in the February issue. Pats on the back go to Laura Oswalt and Bill Seavey. LCC Printing/Graphics isn't mentioned, but their work in designing and printing the annual report gets the highest marks from the bulletin.

CRITIQUE--The Women's Awareness Center will preview another film tomorrow at 11 a.m. in the Media Services viewing room. The film, "Leadership: Style or Circumstance", is concerned with business management. All staff are invited to attend.

FROM OCCA DIGEST--Police science enrollment is down at Clackamas CC, Chemeketa CC, Portland CC and Linn-Benton CC. Number of students at Clackamas dropped from 302 to 146 in a year and the department head is being laid off. The drops are attributed to saturated employment....Clackamas CC's Board has agreed to reconsider its decision last December to drop intercollegiate football....Chemeketa students in a deaf and hearing-impaired program will sign three one-act plays.

Eighth Week
FRIDAY

February 24, 1978

BOARD MEMBER DIES--Lynn Moore, elected to the LCC Board last year, died Thursday morning at Sacred Heart Hospital of complications resulting from an abdominal aneurism. The 63-year-old Springfield lawyer was a 1937 law graduate of Willamette University. He had practiced in Springfield since 1946. He was the Democratic nominee for state senator in 1966, a past president of the Lane County Bar Association, and a member of the Rotary, Masons, IOOF, Elks, Moose and Ebbert Memorial Methodist Church. He was an avid mountain hiker and swam daily. Survivors include his wife, Mary, and three grown children. Time of the service is to be announced.

REPLACEMENT--A successor to Lynn Moore on the LCC Board of Education is expected to be named in March or April. The Board at its March 8 meeting probably will declare the Zone 3 (Springfield, Marcola and McKenzie school districts) position open and announce procedures for screening applicants for appointment. The appointee will serve through June 30, 1979. The seat will be filled by election in April 1979, with the winner taking over July 1, 1979 and serving the two-year balance of the term.

INELIGIBLE--A recent "space eligibility" document out of the State Department indicates that LCC probably won't be eligible for construction allocations in the next four years. LCC, Linn-Benton, Treasure Valley, Mt. Hood, and Blue Mountain reportedly already have enough space for present needs. Available monies probably will go to Portland, Rogue, Chemeketa, and perhaps Umpqua, Southwestern, Clackamas, Central Oregon and Clatsop.

POET AND AUTHOR--Jerome Hall, noted black poet and author, will present readings today at 2 p.m. in Forum 311. Hall is from Madrid Spain. His visit to LCC is sponsored by the LCC Black Student Union.

EXECUTIVE CHANGE--The president's office at Spokane Community College sends this change for the LCC mailing lists. Dr. Ramon F. LaGrandeur is now president at SCC. He replaces Lloyd E. Stannard effective July 1, 1977. Dr. LaGrandeur is a former LCC Associate Dean of Instruction at LCC.

SPEAKER--Journalism Instructor Ralph "Pete" Peterson will speak on "Mechanics of Newsletters" at the March 17 meeting of the Oregon Communicators Association. The group will assemble at the Valley River Inn.

XEROX READINGS--Present Xerox readings are due in the Printing/Graphics Office, ext. 351. Department secretaries should call in their department's reading this next week.

GERMS OF INTEREST

from Student Health Services

** DOING BETTER AND FEELING WORSE **

John Hilton Knowles, M.D. is not exactly the most popular physician in the world, especially among his fellow physicians, but he means what he says - and he's saying something to all of us!

In his book, Doing Better and Feeling Worse: Health in the United States, he manages to offend many people. Liberals cry that he has forsaken them and the far right scream that he's robbing them of individual liberty. He believes that "control of the present major health problems in the U.S. depends directly on modification of individual behavior and habits of living."

He believes the first priorities in human health are the things one can do directly to preserve one's full health potential. These include maintaining a normal weight, eating a prudent diet, not drinking too much alcohol, getting some exercise and not smoking.

He believes we need massive public health education. He believes schools are not teaching as many people as adequately as they should about health.

Dr. Knowles' book is thought provoking. It just might lead one to sign up for one of our fine courses here at LCC in Personal Health or Community Health taught by one of our own health educators!

** HEALTH LEGISLATION **

The January 1978 issue of the American Journal of Nursing notes that health topics will frequently be in the headlines from Washington D.C. this spring as the 2nd session of the 95th Congress takes up the heaviest health legislation calendar in the history of the U.S. Hospital cost containment, national health insurance, emphasis on preventive care for mothers and children, health services research, funding for health grants, and a look at the Health Planning Act are some of the legislative chores.

** PRESCRIPTION DRUG ABUSE **

The Community Colleges Health Services Newsletter for February 1978 notes that street drugs are not the sole source of drug abuse. "Those handy sleeping pills (barbituates) in the family medicine cabinet are instrumental in 5000 deaths and many trips to emergency rooms each year. Most of these drugs are obtained through a physician's prescription which says something about the problems with the present system. Keeping sleeping pills 'safely' in the medicine cabinet or the drawer of the bedside stand carries the same risk as having a loaded gun in the house."

INPUT SOUGHT-- The Business Operations' Handicapped Committee, established in conjunction with Section 504 of the Rehabilitation Act of 1973, is seeking input from staff and students on possible Business Operations related problems encountered by handicapped persons on campus. This might include portable obstructions, pedestrian hazards, or other conditions that can be corrected by college maintenance staff, or it could pertain to policies and procedures maintained within other departments in Business Operations, such as Financial Services, Personnel Services, Data Processing, Bookstore, Foodservices, Laundry, Warehouse, Security, and Purchasing. We want to be made aware of any problem that exists that might present a difficult situation for handicapped persons on campus. Please submit your ideas or suggestions to Bill Mansell, committee chairman, Rm. 116 Administration, by March 3.

Entry blanks for joggers are available at the American Cancer Society, 19th & Willamette and area high schools. Sponsor sheets for the participants are available at the Student Health Services and the Health & Physical Education Department office on campus. Jog for a good cause--sponsor donations are tax deductible.

SPECIAL MEETING-- The Board of Education will meet in special session Wednesday night to declare the Zone 3 seat vacant and adopt a resolution changing the filing deadline. That will be the sole item on the agenda. The meeting will be held in Center 107, starting at 5:30 p.m. This action will make it possible for the seat to be filled at the April 4 election. Candidates will have at least 10 calendar days after Wednesday to file with the Lane County Department of Elections. The winner of the April election will assume office July 1 and serve until June 30, 1981, the remaining 3 years of the term of the late Lynn Moore.
