Sixth Week
MONDAY
May 1, 1978

SUPPORT--The LCC student senate voted by a 3-2 margin to endorse the proposed \$784,194 increase in the present LCC tax base during a meeting last Wednesday. The increase will be on the May 23 election ballot.

WINNER--Margaret Knutson, Records Management, was selected last week as the Secretary of the Week by KUGN radio as part of festivities for National Secretary's Week. Les Hanson, disc jockey from KUGN will take Margaret to lunch at the Coburg Inn, and she also received a bouquet of flowers from Oakway Florists. Margaret was nominated by her supervisor John Wilson, who seems to have a streak of luck going. Last year about this same time Shirley Baldwin of Data Processing received the same honor and her name was also submitted by John Wilson. Congratulations Margaret.

MORE ON COPYRIGHTS--prepared by Librarian Don Ownbey, ext. 211.

FAIR USE: Fair use involves the production of copyrighted materials for purposes such criticism, comment, news reporting, teaching (includes multiple copies for classroom use), scholarship, or research. There are four criteria to be considered in determining fair use.

1. Purpose and character of the use, including whether such use is of a commercial use or is for nonprofit educational purposes. This criterion also includes whether or not the use is "spontaneous" and at the volition of the teacher, not at the direction of the administration.
2. The nature of the copyrighted work. A news article from a current newspaper or a portion of a book would be judged differently from the score of a musical composition, a textbook, a 'consumable' such as a workbook, or a motion picture.
3. The amount and substantially of the portion used in relation to the copyrighted work as a whole. This allows copying of extracts or portions but not multiple copies of the same work on a repetitive basis or for continued use.
4. The effect of the use upon the potential market for or value of the copyrighted work. Be careful if there is a fee or charge for copied materials.

All four factors must be considered together, although it is generally conceded that the last criterion is the most important consideration. There will be more information later about such phrases as 'multiple copies for classroom use', 'spontaneity', and 'amount and substantiality of the portion' (referred to in guidelines as brevity).

Fair use implies that there is a limitation on the exclusive right of copyright and that there will be some copying permitted. The concern of the law is not in the copying but in the abuse of the privilege.

NOTE FROM HELEN--"To all my friends at LCC: It's been a week since I officially retired. Such a wonderful time it has been for me--the weeks before and the days since I closed the book on the most rewarding chapter of my working life. I hope you know how much each of you contributed. You've not only been great to work with, you've been family, and I love you all. My special thanks to those of you who participated in the fantastic luncheon on Friday--'Helen Haynie Day,' no less! You can't imagine how it felt to see my name 'up in lights' on the International's marquee. So many of you were there to share the celebration, and so many who had to stay to 'mind the store' said such kind things--I can't believe it happened to me. My thanks for the gifts, which I shall always treasure. Your expressions of affection will forever remain in my heart. You are the very special people who have made Lane a truly special kind of place. I'm proud to have had the chance to be a part of the team.-- Affectionately, Helen"

FACTS & FIGURES--By now you should have received your copy of the folder giving the facts about the May 23 tax base election. Use it to answer questions posed by your friends and neighbors. Thanks.

PREVIEW--The Women's Awareness Center has a program pilot for a television show, "Womankind". It's designed as a multi-disciplinary introduction to women's studies for both men and women. The film will be shown in the Media Services previewing room tomorrow at 12 p.m. All staff and students are welcome.

REMINDER--Friday, May 5, is the deadline for submitting applications for workshops offered Summer Term. Please contact Mary Jeanne Jacobsen for forms or assistance. Her extension is 201, mezzanine level of the Library.

BUDGET DOCUMENT--A copy of the proposed college budget for 1978-79 will be available at the Library after Thursday morning. Ask for it at the Reserve Desk.

THANK YOU NOTES--The college has received various expressions of appreciation: from British Columbia Institute of Technology for a visit to the CWE staff, from Pleasant Hill High School for campus tours and career guidance; from student Edrey Anker for her steno training at the Downtown Center, from the Valley Chapter of Oregon Escrow Council for a class on Title Insurance, from the Chancellor of Cuyahoga Community College for copies of college publications, from the Office Careers Advisory Committee for a new pamphlet on office careers, from the Aviation Maintenance Foundation for use of college facilities for a mechanics seminar, from OCCA Assistant Secretary Doug Browning who calls The Torch "the best college paper in the state," and from Nancy Taurillott of Blue River for the Coming Your Way Bus.

SOLAR GRANT--LCC is among 9 League for Innovation districts which will be part of a \$95,000 federal grant to provide training for faculty members in selected occupational/technical areas in skills and knowledge related to solar energy systems installation.

EVENING COLLEGE--Dean Rasmussen reports that the evening college is slowly growing. Some 13% of credit sections are offered in the evening; 17% of all credit courses offered are in the evening; 6% of the credit FTE occurs in evening classes; and 41% of part-time credit students are registered for evening classes. These statistics are based on this term.

INVESTMENTS--At the close of the third quarter of the 1977-78 fiscal year, the college's investment program has earned a total of \$246,574 in interest income. This is nearly 2½ times the earnings realized at this time last year and eclipses all earlier investment income predictions. This year's increase in investment funds is due to the receipt of more than \$3.1 million in state-allocated construction funds plus an improved cash operating base. Bill Mansell, assistant to the dean of business operations, manages the investments.

To set the stage, there will be a mock New Orleans style funeral for the English Measuring system Monday at 11 a.m. on the lawn North of the Center Building. The Performing Arts Department will provide music for the processional before the service and also during the service. John Loughlin, math instructor will offer the eulogy. On a more serious note, three two-hour workshops on use of the metric system have been planned for Monday and Wednesday at 1 p.m. in Math 209 and Tuesday at 12 p.m. in room 20 of the Downtown Center. To register, just call the Math Department at ext. 386. Also, several displays on metrics, numerous hands-on activities (including learning metrics on the computer), and a continuous showing of the video tape, "Just Think Metric", will be available in the main hall of the Math Building Monday-Wednesday from 8 a.m. to 5 p.m. Student ID cards with weight and height in both metric and English will be available at a reduced cost, and petitions supporting the change-over from English to metrics will be circulated. Other items include a metric bake sale and metric cookbooks.

HOUSEKEEPING--In a short meeting Wednesday night, the Board of Education approved an allocation of \$7,100 from construction funds to build a classroom for welding and sheetmetal students on the first floor of the Apprenticeship Building; bought 2 TV projectors for \$4,257 and a TV character generator for \$3,350; adopted a new construction priorities list; certified the results of the April 4 Board member election; authorized the sale of about \$3,375 worth of surplus property; and accepted 3 resignations and approved a parental leave from Oct. 1 through June 30, 1979 for Jeanne Harclerod, associate head of Health Occupations. Suzanne Davis, nursing instructor, will move with her family to Mississippi; Eggert Madsen, photography instructor, is persuing other interests; and Jerry Berg of the Study Skills faculty will devote more time to his writing career.

ELECTED--The college Budget Committee got its annual review underway Wednesday night with the election of Ken Parks of Lowell as chairman and the selection of Lester Zook of Springfield as vice chairman and Jim Pitney of Junction City as secretary. GRADUATION--LCC's graduation will be Friday, June 2, at 7:30 p.m. in the Performing Arts Theatre. Dean Jack Carter requests that all instructors remind students who may be eligible to file an application with the Student Records office by Monday, May 15. Since we have only one graduation ceremony per year, even those students who will be short a few credits and will not complete degrees or certificates until Fall Term, 1978, should apply now so that they may participate in the graduation ceremony if they wish.

RAP SESSION--The LCC student service associates have scheduled an informal rap session May 16 from 11 a.m. to 1 p.m. for students who are interested in transferring from Lane to the U of O. The group will meet in Forum 302. The associates have researched entry procedures at the University and though they don't profess to have all the answers they can give accurate referral service. Interested students will have an opportunity to ask questions or relate problems they've had in transferring. Students who attend will find out about deadlines for admission at various schools, obtain information about financial aid, admissions and housing. The rap will be led by Sue Henderson and Katherine Hall, LCC student associates. Instructors are asked to relate this information to their students.

PERSPECTIVE--An outstanding statistical summary of what's happening to America's 2-year institutions appears on the back cover of the April issue of American Education. The number grew from 865 in 1968 to 1,154 in 1977. There were 919 public and 235 private 2-year colleges in 1977, an increase of 325 public and decrease of 36 private. In the fall of 1977, these 1,154 schools reported more than 4 million students in attendance, nearly 36 percent of total postsecondary enrollment. Most students--3,943,000--were in public colleges. For the first time, there were more women students than men, 2,098,000 to 1,987,000. Enrollment is concentrated in California, Illinois, New York and Texas, which account for 50 percent of the enrollees. California alone has 27 percent of the national total. Average annual 2-year, public college tuition is \$407, compared to \$598 at public 4-year colleges, \$741 at public universities, \$1,758 at private 2-year colleges, and \$3,403 at private 4-year institutions.

EVALUATION DEADLINE--The June 1 deadline for classified evaluations is drawing near. Please remember that only those classified employees whose signed evaluation forms have been received in the Personnel Services office on or before June 1 will be eligible for a step effective July 1--depending of course on the supervisor's recommendation. Additional forms are available in the Personnel Office if you can't find the forms distributed to you last Fall. Completed forms should be returned to Judy Bagby or Jill Neudorfer, in Personnel, ext. 258.

Seventh Week
TGI FRIDAY
May 12, 1978

CHOSEN - LCC's Board of Education has selected an architectural firm to produce a schematic design for the Downtown Center. Their choice, out of 19 applicant firms, was The Amundson Associates of Springfield. They'll look at the programs to be housed downtown and suggest space allocations. Later, the Board will name a firm to do the actual working drawings. Cost of the Downtown Center remodeling, including elevator and various safety changes, could ultimately run to half to three quarters of a million dollars. State construction monies for the project are in the bank drawing interest.

BUDGET PROCESS - The college Budget Committee continued its review on Wednesday night of next year's proposed expenditures. They got to about page 51 in the budget working document, so they'll have to go lickety-split at next Wednesday night's session if they want to finish the chore without a fourth meeting. One thing they focused on Wednesday was a need for additional travel and staff development monies for faculty. The Administration agreed to search for ways to bring next year's allocations closer to amounts budgeted for this year. Travel had been among the first items to go in attempts to balance next year's budget.

DEADLINE - Faculty may want to remind students that this is the last day to withdraw without it appearing on the grade record.

NOW AVAILABLE - Lorraine Dillon in Personnel Services has a form for you to fill out if you've been having trouble with your LCC medical insurance. Hopefully, it will encourage the company to provide a prompt response and action.

COMING TUESDAY - Students who plan to transfer to the U of O are invited to rap with the Student Service Associates on May 16 from 11 a.m. to 1 p.m. in Forum 302. They want to help ease the transfer process.

SPEAKER - Edith Maddron, member of the Oregon Educational Coordinating Council and 40-year Eugene resident, will speak at commencement on June 2. Some 550 students will receive associate degrees or certificates of completion in a 7:30 p.m. ceremony in the Performing Arts Theatre. Maddron and husband Bill now produce and distribute educational films; they formerly operated Industrial Litho Printing for 26 years until 1975. Other participants: ASB President Tom Ruckman, Board of Education Chairman Catherine Lauris, President Eldon Schafer, Dean Gerald Rasmussen, Newman Chaplain James Dieringer, the 42-member LCC Wind Symphony under the direction of Noyes Bartholomew, and Language Arts Head Jack Lee Powell who will be MC.

WARMTH - As the Daily went to press, rain was predicted for today. Brighten up your day by visiting the Student Health Services area on the first floor of the Center Building during its 1 p.m. dedication. They call it "sunshine alley" because of its vivid yellow floors and walls.

Eighth Week
MONDAY
May 15, 1978

NEW CLASS--Using bulldozers and other equipment secured from the federal excess property program, LCC will begin a 12-week class in heavy equipment operation June 19. Twenty students will be admitted to the class, which will include 440 hours of information and skills training needed for entry-level employment. Tuition, fees, materials and supplies will total about \$776 per student. Students may apply to the Admissions Office beginning today, May 15. All students will be admitted to the class on a first come, first served basis.

WOMEN'S CAUCUS--People interested in forming a bi-weekly lunch group are invited to meet on Monday, May 22 in the Renaissance Room at noon. This should provide opportunity for people who ordinarily might not cross paths on campus to get acquainted and share information on topics of mutual interest. Bring your brown bag or go through the cafeteria line.

USE EXTENSION NUMBERS--The switchboard operators would like to remind all staff who leave the College phone number as a message or call-back number when making outside calls to please include the proper extension for the office or department where you can be reached. Extension numbers are much more accurate than names, because there are many new employees whose names are unfamiliar to the switchboard operators. So, when leaving the College number for a return call please leave 747-4501, extension number. Thank you.

REMINDER--Students who plan to transfer to the U of O are invited to a rap session tomorrow from 11 a.m. to 1 p.m. in Forum 302. Its purpose is to ease the transfer process.

PARISH DRAMA--David Sherman, Performing Arts instructor, and Linda Sherman, Printing/Graphics artist, will conduct workshops on set and costume design at a conference on parish drama June 5-8 at Claremont School of Theology, Claremont, CA. The session is sponsored by the Episcopal Church's Diocese of Los Angeles. Performer Steve Allen is honorary chairman; also listed among those to appear is Rex the Wonderhorse.

WINNERS--This year's 20-woman dental hygiene class sailed through the National Board Examinations with everyone passing and a class average of 87.74. It's almost routine for LCC to have 100 percent passing each year. Congratulations to students and faculty.

POTPOURI--Media to please everybody's taste will be shown in an Art Students Exhibition starting Monday and running through June 1 in the Art and Applied Design Department Gallery. FORUM--The rights of women to have charge accounts, mortgages and other commercial credit in their own name will be outlined in an open forum today at noon in the Women's Center. Guest speaker is Caroline Wilkins of the State Department of Commerce. Admission is free and open to the public.

DISPLAY--Drop by the lower parking area on the east side of the Auto/Diesel Building today or tomorrow. The area will be jammed with some 30 pieces of heavy equipment which have been overhauled and repainted by mechanics students. The gear was acquired through the federal excess property program. Mechanics head Howard Dull says there will be equipment representing all areas of the Mechanics Department, including several pieces soon to be used in a Summer Term heavy equipment operation. Official display time is 11 a.m. to 1 p.m. However, most of the display will be open for the rest of the afternoon and into Friday, weather permitting.

BOOKSTORE HOURS CHANGE--The Bookstore will observe the following schedule of hours beginning Monday, May 22 through June 2: Monday through Thursday, 8 a.m. to 5 p.m. and Friday, 8 a.m. to 4:30 p.m. There will be no evening hours again until June 5. Please pass this information on to students.

MUSIC TONIGHT--There will be a free concert tonight at 8 p.m. in the Performing Arts Theatre featuring the LCC Baroque orchestra, under the direction of Nathan Cammack, and the vocal jazz ensemble, directed by Dan Sachs. Both men are Performing Arts instructors at LCC. The concert is open to the public.

STUDENTS FIRST--Staff members may use Student Health Services for emergency first aid, but should seek other care from their own physicians. Increasing requests from staff are interfering with services to students, which is a no-no. Dean of Student Services Jack Carter says: If Health Services has to turn down your request, "it is not an indication that they do not love staff members, it only means they are trying to function within their policy guidelines."

GET THE FACTS--and then give them to your friends and neighbors. The C/CR office has a surplus of the recent fact folder on LCC's May 23 tax base election. Stop by the Information Counter, 1st floor ADM, and pick up a supply to give to interested friends & neighbors so they'll know the facts when they go to the polls on May 23.

NO DISHES, PLEASE--The Mailroom would like to remind all staff that dishes, tableware and trays are not to be returned to Foodservices through intra campus mail. The Mailroom is responsible for delivery of off campus and intra campus printed mail, and is not equipped to be a courier service for personal use. Thank you for your cooperation.

MORE PARKING--That broken asphalt and used gravel which is piling up in the dirt surface parking at the southwest edge of the campus is coming from road repair sites on I-5, I-105 and the Beltline Road. Hatch Bros. Construction of Bend is supplying the material. LCC's summer class in heavy equipment operation will level and grade the area to provide graveled parking for about 400 cars.

VESELA DINNER--Tickets for a Vesela Dinner sponsored by the LCC campus ministry will be held tomorrow night in the cafeteria. Tickets are on sale in the cafeteria today and Friday. Prices are: \$3 for adults, \$2.50 for students and senior citizens, \$1.50 for children 10 and under. Family tickets (for those with 6 or less) are \$10.

CORRECTION--All curriculum review and approval is handled by the Curriculum Committee. It was incorrectly stated in yesterday's Daily that the Curriculum Commission was in charge of these procedures. If you have questions call Mary Jeanne Jacobsen, ext. 201.

ARCHIE COMING--Insurance Agent Archie Zarewski will be on campus tomorrow. If you need to see him, please call Lorraine in the Personnel Office, ext. 258, for an appointment.

Eighth Week
FRIDAY
May 19, 1979

APPROVED--LCC's Budget Committee on Wednesday night put its stamp of approval on the college's proposed \$16.8 million budget for next fiscal year. The go signal is subject, of course, to voter approval May 23 of the \$705,000 needed to balance the budget. In a Board of Education session preceding the Budget meeting, course revisions to update a half dozen tech-voc programs were approved. The Board also bought a used 15-passenger van for the Health & Physical Education Department to replace two vans presently leased.

DECENTRALIZATION--Departments will have their own telephone monies in the new fiscal year budget. Campus Support Services is redistributing the approximately \$36,000 spent annually for telephone equipment and services. Department heads will be able to make their own decisions as to expenditures for such things as out-of-state long distance calls. Campus Support Services will continue to have central authority for the switchboard and WATS line.

GRANT AWARDED--A \$20,000 apprenticeship grant has been awarded to LCC, Unmpqua and Rogue community colleges according to Carl Horstrup, LCC apprenticeship coordinator who developed the proposal. The grant, awarded by the State Department of Education's Career and Vocational Education Section, will be used to develop methods of providing registered apprentices in low-enrollment trades or in isolated areas the opportunity to participate in classroom training. LCC's share, which totals some \$15,000, will be used to explore the feasibility of using phone conferences, correspondence and cooperative work experience as a means of providing classroom training.

RUST TO SPEAK--Jerry Rust, Lane County Commissioner, will present a film, "Alternatives to Herbicides", which was produced by two LCC Mass Communication students. He will also speak to some of the other issues currently under discussion in Lane County. The session is scheduled for 1 p.m. today in Forum 301. The talk is free and open to the public.

WOMAN OF THE YEAR--Loretta Daniel, student services specialist in the Counseling Department has been named Woman of the Year by the Lane Council of Organizations, and will be honored along with several other Eugene area women at a May 22 luncheon at the Valley River Inn. Loretta's nomination was sponsored by Lane County Client's Council for Legal Services. She is a board member of Looking Glass Family Intervention and Crisis Center, and Family Counseling Services; a charter member of the Lane County ADC (aid to dependent children) Association, and one of the early planners of Meals on Wheels.

BOOKSTORE HOURS REDUCED--The Boostore will be closed during evening hours beginning Monday through June 2. Their schedule will be Monday - Thursday, 8 a.m. to 5 p.m. and Friday, 8 a.m. to 4:30 p.m. Evening hours will resume on June 5 when Summer Term registration begins.

WOMEN'S CAUCUS--People interested in forming a bi-weekly lunch group are invited to meet this Monday, May 22, in the Renaissance Room at noon. Bring your brown bag or go through the cafeteria line. It's an informal gathering of people who can share information on topics of mutual interest and take time to get acquainted.

CANDIDATE HERE--Ralph Groener, candidate for State Labor Commissioner will be circulating in the cafeteria area today from 11:30 a.m. to 1 p.m. He will answer questions or discuss topics related to his candidacy. Staff are invited to drop by and meet him.

VISITORS--The Cooperative Work Experience program will be hosting visitors from Tacoma Community College in Washington, Monday, May 22, and a group from Northland Pioneer College on Thursday, May 25. Our CWE program has hosted groups from more than 20 4-year and 2-year colleges thus far this year. BROWN BAG --The Women's Awareness Center is sponsoring part 3 of Women in Management tomorrow at noon in the Board Room. This session will feature Counselor Betty Vail who will present a skills-oriented resume. Discussion will include how to research and gather information used to compile a resume of this nature and the basics of what it should include. All staff are invited.

APPROVAL MEETING CANCELLED--The workshop approval meeting scheduled for Wednesday has been cancelled, but will be rescheduled at a later date.

MANAGEMENT STYLES--Three people acted out roles dramatizing differing management styles at a recent communications conference at Toronto. The audience voted for the person who promised to delegate authority. In second place was the hard driving tyrant, who easily edged the role-player who stressed that decisions must be made in committee.--From the Ragan Report of May 22.

BOARD MEETING--The Board of Education holds its fourth public meeting of the month Wednesday at 7:30 p.m. in the Board Room. Most of the agenda will be devoted to discussions and reports, one of the biggies being the administrative placement of KLCC. Others will concern services offered by the student government, construction progress, and the reduction in force policy. Bids will be considered for a television character generator for Printing/Graphics. That device electronically produces titles and other word messages used in television production, thus avoiding the need for expensive and time-consuming graphics.

MOVING ALONG--The Health & P.E. addition is 40 percent completed, Academic and College Planning Dean Lew Case reports. Roofing on the ABE/HSC building is done and interior work is underway. Finish work will be completed over the summer. At the Downtown Center, two classrooms in the basement are done and in service. Deterioration of the canopy over the main entrance is being assessed. The energy management pipe replacement is done and landscaping over the storage tanks will be completed this summer. The landscaping class is presently working on the grounds around the portables south of the Apprenticeship Bldg.

PARKING--Don't take a chance on having your car towed away while at the LCC Downtown Center. If your area has business on a steady basis with the Downtown staff drop by Security or see Patty King at the Downtown Center for a special parking permit. This will enable staff from the main campus to park for short periods of time on the Center's parking area on the East side of the building without being towed or fined. The permits are to be visible on the left dash of the car.

Ninth Week
THURSDAY
May 25, 1978

BOARD MEETING--The administrative placement of KLCC apparently will be decided at the Board of Education's July meeting. Board members Wednesday night agreed to wait for a report from the KLCC Advisory Board before making their decision. Instructional Dean Gerry Rasmussen has recommended that Mass Communication Department head Jim Dunne succeed him as KLCC general manager. In other business, the Board bought a \$7,714 character generator for the Printing/Graphics department, learned that 21 CETA-paid staff members will lose their funding and go off staff in June and July, praised ASB President Tom Ruckman for his accomplishments in office this year, and approved 3 personnel moves: Dick Newell from Health and P.E. Department head to community education coordinator to succeed Bud Proctor, accepted with regret the resignation of Molly Holsapple as adult basic education coordinator, and granted a leave without pay fall term for ceramics instructor Bruce Wild.

ELECTION--Tuesday's 47 percent yes vote was the strongest first election support received by LCC in the 1970s. The low was 25% in 1970 and the support has been climbing ever since. The college has never won at a first election in the 1970s and only twice have we won a levy in as few as two elections. Also, LCC has never won a primary election tax base measure in the 1970s, but we've never lost a tax base measure in a general election. Tuesday's support would seem to suggest that a win could be just around the corner.

JOURNALISM CONFERENCE--About 40 high school and community college journalism students will meet on campus tomorrow as LCC's Mass Communication Department hosts a high school journalism conference. The day-long session will begin with a coffee hour at 8:30 a.m. in the Board Room. Students will share information and discoveries about their publications and discuss reporting ethics and procedures. Speakers include Jim Dunne, Mass Communication Department head and Dr. Dan Rothwell, LCC communication instructor. A 2 p.m. panel discussion will feature five former LCC students who are now employed as journalists in Oregon. All LCC staff and students are welcome to attend. There is no fee for the conference.

LCCEF POSITIONS--Any member of the LCCEF interested in serving as an officer next year (1978-79) should contact Pat John, Study Skills, ext. 355, or Joe Kremers, Social Science, ext. 241 before 5 p.m. Tuesday, May 30.

FROM OCCA DIGEST of May 22--Clackamas CC Board Chairwoman Anne Nickel says the board "should have the right to expect some improvement from staff before they get a raise in salary."...Clackamas has hired Gary Haroldson as enrollment management specialist to coordinate efforts to inform potential students of educational opportunities....Rogue CC's Board has agreed in principle to a proposed arrangement with LCC for the block transfer of RCC respiratory therapy students into Lane's second year program....Southwestern Oregon CC's outreach program has grown from 18 classes and 270 students in 1972 to 290 classes and 4,350 students this year. The growth is attributed in part to the college's new willingness to take classes to outlying areas and to offer hobby and recreation classes....Linn-Benton CC has a \$68,000 CETA grant to recruit adults in rural areas into ABE classes.

ARCHIE HERE--Archie the insurance man will be here today at 2 p.m. If you need to see him, call Lorraine at ext. 258.

Staff and students in the Food Management and Dietetic Assistant programs express appreciation to those who patronized the restaurant during the year. The Renaissance Room will reopen in October. It was incorrectly stated in yesterday's Daily that the LCCFE (classified unit) was looking for officers. They are not. Sorry for the confusion.

ONE MORE TIME - To avoid overlooking any staff member employed by LCC for the past 10 years (1968-78), The Daily is printing this list of those whose personnel records show 10-year employment this year, in hopes of learning if we've left anyone off who should be on. If you were hired full-time in 1968 and maintained continuous employment and your name isn't printed here, please notify Kathy Dave at ext. 340 TODAY. Thanks.

HUG TIME--Student Health Services reports that this is National Mental Health Month and asks if you've hugged your kid today. President Carter's Commission on Mental Health reports that 15 percent, or 1 of each 6 or 7 Americans needs mental health care. Of the total expenditures for health care in the U.S., only 12 cents of each dollar goes for mental health care. Perhaps as many as half of those who need help are underserved, unserved or inappropriately served.

CHOW TIME--This noon is the last Renaissance Room lunch of the year. Call ext. 208 for reservations. Teriyaki beef kebabs.
