HELP! ART SLEUTH NEEDED - The Art & Applied Design Department has an unusual situation that can be resolved with the cooperation of College departments. It has long been the practice of the AAD Department to loan out unclaimed paintings and art works to various departments who have an office or a conference room that needs a little "pick-me-up". Such was the case with the Administrative Services conference room where a loaned-out watercolor has been hung for over a year. By chance, last week, Gary Hopkins, an evening computer operator and artist, walked into the conference room and there on the wall was a watercolor he had entered in a Coos Bay Art Show several years earlier and hadn't seen since. As it turns out LCC is often used as a "drop spot" for unclaimed art in area art shows. Now comes the real need for the art sleuth. Gary Hopkins entered two watercolors in that long ago art show and he would like to recover the second painting. The AAD Department can't find a record of who borrowed the other painting so it's asking all department offices who have paintings or drawings on loan from AAD to please check for Gary's signature. If you should find the painting by Gary Hopkins, please notify the Art Department at ext. 2409 or 2410. Thanks for helping.

FINAL WORK SESSION - The Staff Development Advisory Committee will hold its final work session tomorrow, Wednesday, in CEN 420 from 3-5 p.m. The session is for any classified, faculty or management employee who was unable to attend one of the earlier sessions. About 140 staff or 1 out of 5 regular LCC employees have attended thus far, with representation of the three groups just about equal. Staff from the outreach areas and the Downtown Center have attended, also. The Committee encourages staff to take this opportunity to share your own particular concerns and ideas about staff development and to hear what others have to say. Please remember that this is the LAST session. There will not be a session on Tuesday, October 16 as stated in the Staff Development brochure.

SPEAKER - Math Department Head Casey Fast will be a speaker at a November 8-9 conference in Chicago on "Marketing The College and University." His topic is "Case Study: The Faculty and Marketing." Johnson Associates, a student-recruiting organization, is the conference sponsor.

TODAY'S QUESTION - Many students are eager to hear the answer to this question: How can we alleviate changes in the course schedule after it is printed and mailed to district students.

WHAT'S GOING ON? - Departments that are carrying out activities which they'd like other staff to know about and understand can use The Daily for getting the word out. Send a paragraph or two or three to the editor. Short items get the highest readership.

PROGRESS - Donors to the "LCC Goes to the Movies" benefit now total 15; the dollar amount has climbed to \$3,050. That dollar amount is quite a bit short of the 10 percent of the goal usually given by staff in events of this kind. Some \$7,000 or so is needed in the next couple of weeks. If you're willing to pitch in and help, call Pat Williams at the Development Fund, 484-2126.

VISIT FROM ARCHIE - LCC's insurance agent will be here tomorrow, Wednesday, at 10 a.m. in Personnel Services. Call them, ext. 2211 if you need to see him.

MORE ADULTS ENROLLED - Associate Dean Nile Williams hasn't any formal figures yet, but he believes that Community Education enrollment this term is up. If the surge in both credit and non-credit enrollment continues through the year, the College will exceed the legislature-imposed lid by perhaps 700 to 900 full-time equivalent students. That means no state reimbursement for the overage, unless the Emergency Board can be persuaded to allocate more funds.

LITTLE EFFECT - An attempt to persuade students to boycott the College Foodservices because of a 9 percent average rise in prices hasn't seemed to have much effect. "We've had the biggest week ever," says Dean of Students Jack Carter. LCC prices are still below comparable area food outlets, he says. The issue is expected to come up at the October 17 Board meeting.

FINAL SESSION - The Staff Development Advisory Committee will meet today for the last time this fall to share comments and listen to the views of other staff on the staff development program at LCC. The meeting will begin at 3 p.m. in Center 420. All classified, faculty and management employees who have not yet attended one of the work sessions is welcome. Please remember that there will not be another meeting on October 16.

JAZZ ALIVE - Broadcast Wednesday evenings at 8 p.m. on KLCC-FM (89.7mc). Mel Torme sings popular tunes and jazz standards accompanied by the Jerry Mulligan Band, followed by a set featuring saxophonist Mulligan leading his 14-piece group in a performance at the Kennedy Center for the Performing Arts in Washington, D.C.; pianist Monty Alexander leads his trio in a performance recorded in Kansas City last November.

IF YOU'VE GOT THE TIME... The second year automotive students will provide free labor for auto repair to staff and students who have cars that need repair work. In the past, there were always more jobs than students, but this year the reverse is true. Call Mike Bailey, ext. 2388 for an appointment. Necessary parts sell at retail prices.

BEEP, BEEP, BEEP - In our telephone system that is more commonly referred to as a confirmation tone--you have completed a correct procedure. It is used in different instances and usually is associated with the automatic queuing feature. If you dial the 9 for access to an outside line and you get the three short beeps (confirmation tone) just hang up your receiver within five seconds and when the next free outside trunk is available the system will call you and you can complete your call. The same procedure is true for using the wats lines. If you do not wish to be in the queuing line, when you hear the confirmation tone, keep the receiver off the hook for more than 5 seconds.

IT'S NOT TOO LATE - There is still time to preregister for the LCC golf tournament scheduled for Laurelwood on Friday, October 12. Call Mitch Allara at ext. 2599.

Linda will show you the facility, audio-visual materials, and describe the curriculum. She'd like to hear your ideas for additional courses and programs. Her fall schedule includes Mondays at Leaburg Community Center, Tuesdays at Marcola Community Church parking lot, Wednesdays at Oakridge Oak Super Market, and Thursdays at Blue River's McKenzie River Health Clinic. Friday is clean up-fix up day.

CALENDAR - Myron Pilon, ASLCC publicity director, is compiling information for a monthly calendar to be published in The Torch. To get your departmental activities on the calendar, call Myron at ext. 2335.

BOYCOTT - Tuesday's Daily reported that a proposed boycott of Foodservices due to increased prices hasn't had any effect yet. And that may be postponed if further time is needed to complete research on prices.

EVEN THEN - Government interference (or guidance) was a factor even in ancient days, according to a story going around. Moses came down from the Mount with the stone tablets bearing the Ten Commandments. He was met by various dignitaries, in their robes, with long flowing beards. Upon seeing Moses in the distance, the president of the local community college was heard to moan, "Oh no, not more regulations."

APPRECIATION - Thanks to John Klobas, Social Science, for volunteering to talk on "ethics and morals" to a group which he describes as 20 "upper class Springfield women" last Monday night. John doesn't remember the name of the group, but nobody's perfect. He says "they were tickled" and that he "told stories and even a bit of the truth."

MONDAY

IT WILL COME BACK TO YOU - The money you donate to "LCC Goes to the Movies" will return to LCC staff in many ways during the coming months. Twice yearly the Development fund requests idea papers from departments and offices for awards to be used from these monies. The idea papers are reviewed and approved by the Board of Trustees. For example a couple of years ago, the C/CR department was awarded a grant to cover the cost of developing a system and then implementing it for numbering the rooms of all buildings on campus. Student emergency loans and/or scholarships are direct student assistance. Some department recipients are Health Occupations, Mechanics, Performing Arts and Community Education. Development funds are also used for such things as faculty workshops or training sessions. Student Activities is another area: The Torch, Denali, Student Health Services and much more. If you want to be a part of these accomplishments call Pat Williams today at 484-2126.

SUCCESSFUL GRADS - Pete Peterson, Darlene Gore and others who work with The Torch staff can take pride in the fact that so many of their grads move into key positions on the U of O Oregon Daily Emerald. This term, three former Torch editors are in top spots on the Emerald staff. Kathleen Monje is editor, Sally Oljar is managing editor, and Stephen Myers is assistant news editor. Other Torch grads: Paul Yarnold is editorial page editor, John Healy is sports editor, Jeff Patterson is on the photo staff, and Bob Waite is on the reporting staff.

PAYROLL - Payroll verification sheets for October will be ready in Personnel Services at 2 p.m. October 18. They are due back in Personnel completed and signed by 5 p.m. on October 19.

INSURANCE - Archie will be here tomorrow (Tuesday) at 3 p.m. in Personnel Services. Call them if you need to see him, ext. 2211.

GOLF ANYONE? - The Intramurals Office is still accepting preregistrations for the golf tourney planned for this Friday at Laurelwood Golf course. The fee is \$3. Scoring will be by Callo-way Handicap System. Form your own foursome or be placed in a group. Call Mitch Allara at ext. 2599 today. There will be both men's and women's division awards.

WOMEN'S NIGHT OUT - A feature on KLCC-FM tomorrow night at 7:30. Women who walked the picket lines for nurses, the teachers, and the county employees discuss how the strike changed their lives; working women's music; women's news at 8 p.m. and other features with Iris Dudman and Beth Emmons as co-host.

BOARD MEETING - LCC's Board of Education will meet Wednesday, October 17, at 7:30 p.m. in the Board room, ADM Building.

LETTERS OF APPRECIATION - The College has received several letters of appreciation for time and services provided by staff. Here are a few of the comments: from the University of Minnesota's Speech and Communication Division to Gerry Rasmussen concerning Virginia DeChaine, speech instructor, and her participation in a conference on listening and the founding of the International Listening Association. Ginny is listed as a co-founder of the organization and was elected to serve on its steering committee. Bill Dotson of Community Education received a letter of thanks from Byron Krog of the Easter Seal School for some recent time management consultation. To Dean of Instruction Gerry Rasmussen from student Rebecca Bicksler praising the efforts of Leslie Rasor, Women's programs and Bob Way, Cooperative Work Experience, to help her set up a workable class schedule in Court Reporting. Ron Johnson, superintendent of the Lowell School District commended the Health & Physical Education Department and in particular Bob Radcliff and Scott Irving for providing much needed as well as quality student assistant coaches.

UNITED WAY - Today is the official kickoff for LCC's United Way campaign. An orientation meeting for all volunteer representatives is scheduled at 3 p.m. in Forum 308. The meeting will include a film about United Way, produced by and starring Mickey Rooney, and a discussion on how our campaign will be conducted. The key to this year's campaign is participation through giving. The campaign will be open until November 16. LCC's UW chairman is Jack Powell, Language Arts head. For additional information please call Jack, ext. 2420. Other staff who are interested in the United Way are welcome to attend the meeting this afternoon.

BROWN BAG - Students who participated in the summer field study in Mexico will present their experiences and learning at two one-hour sessions tomorrow in CEN 012. The first session is at noon and the second is at 1 p.m. Bring your lunch and enjoy the films, slides, student projects and other works.

YOU CAN STILL MAKE IT - By the time you get this Daily the New Employee Seminar will be underway, but you may still be able to attend an activity of interest to you. The schedule is printed on the back of yesterday's Daily. Time: 8 a.m. to 3 p.m. Place: the Board room, 2nd floor ADM Building.

RENAISSANCE ROOM - As a preview of good things to come from the student-operated Renaissance Restaurant the food services students are offering a special two-for-the-price-of-one luncheon today and Thursday from 11:30 a.m. to 1 p.m. Just call the Home Economics Department for reservations, ext. 2519 (sorry no drop-ins for the preview) and you're all set. The menu includes: complimentary mocktail-pineapple pickup, vegetarian sandwich on homemade wheat bread, crisp salad, chocolate carrot cake and coffee/tea. Two meals for \$3. Invite a friend and have lunch in the Renaissance Room.

FROM THE EDITOR - I just want to express my appreciation and thanks to staff and students for the cooperation and support you've given me in my time at LCC. --Kathy

the Daily

Fourth Week
WEDNESDAY
October 17, 1979

NEW EDITOR - Daily editor Kathy Dave has left LCC employment; her successor arrives next Monday. She is Jeannine Ferguson, former LCC student who has been a part-time writer here since January 1978. She is a U of O journalism graduate with some 10+ years experience in that field and in clerical roles. This week's interim Daily editor is Dona Dillon. The extension is still 2201.

LET US KNOW - If your office or department is sponsoring a special meeting or seminar, etc., which brings people to the campus, please notify the staff at the Information Window on the first floor of ADM. Visitors tend to stop at the window to ask directions and it's frustrating for both guests and staff if the latter does not know where your meeting is being held. The extension is 2201.

BOARD MAILING - Most of the material prepared for Board of Education meetings is open to public (and therefore staff member) scrutiny. The Library and each department is sent the agendas and minutes. Some 25 copies of the full mailing are sent to various managers, such as deans, associate deans, etc. If you can't find anyone in your area who has the full mailing, less confidential material, you can see it at the office of the assistant to the president, Bert Dotson, second floor, ADM.

CREATIVE MANAGEMENT - The Oregon Academy of Community College Managers is holding a seminar November 29-30 at Mt. Hood Community College. Dr. Robert Schwartz will speak on "Creativity in Management." LCC managers who'd like to attend should contact their deans immediately.

ENROLLMENT UP STATEWIDE - It appears from early, incomplete figures that statewide community college enrollment will be up at least 4 percent this year. State Department of Education estimates indicate that Lane, Linn-Benton and Umpqua could grow from 6 to 8 percent, Chemeketa could be up 4 percent, and Central Oregon and Rogue could grow 1 to 2 percent. Possible downward trends are seen for Mt. Hood, Clatsop and Blue Mountain.

BUDGET PROCESS - College Budget Committee work on the 1980-81 College budget could begin as early as November 28 this year. A document will be needed before the May 20, 1980, primary election if the College chooses to seek an increase in its tax base at that time.

SMOKING - Board policy forbids smoking in classrooms when classes are in session, in the Library, and in posted areas. Instructors are not to smoke while instructing a class. Instructors are asked to remind students of these rules at the beginning of each term.

WE'RE IMPROVING - Accident costs are going down, reports Bill Mansell, who among other duties is College Safety Coordinator. There were 48 accidents last year costing \$17,366. That compares to 86 accidents 2 years ago, costing \$26,475. Lost days last year totaled 458½, compared to 601½ the year previous. Falling, slipping and tripping have been reduced, but moving and lifting objects and working with machinery and equipment have been causing more mishaps. Plant Services, a high risk area, has improved its record significantly.

MAKING MONEY - The College investment program last year earned \$611,891. That was a gain of \$256,000 over the 1977-78. Annual yield rate was 9.08 percent, compared to 6.91 percent the year previous. Average daily investment during the year was \$6,648,000.

AGENDA - Tonight's Board of Education meeting agenda includes these items: budget preparation calendar, Budget Committee appointments, progress on Affirmative Action Plan, discussion of College long range plan, Adult Education instructor salary scale, course and program revisions, a number of personnel actions, discussion of serving beer and wine in the cafeteria, and a host of other reports. What could be a long meeting begins at 7:30 p.m. in the Board room.

ARCHIVAL WORKSHOP - Archivist Margaret Knutson recently attended an archival workshop at the University of Washington. She discovered that LCC's program stacks up with the best of them. Our records retrieval and microfilm programs are far advanced, she says, over most regional colleges and universities.

MORE NEWS...

PRODUCTIVITY - Instruction college-wide generated 430 more full-time equivalent students last year than the year before, a 5.59 percent increase. The big gains were registered by Community Education, up 19.7 percent; Flight Technology, up 39.5 percent; Data Processing, up 14.7 percent; and Mass Communication, up 9.4 percent. Five departments lost enrollment, including Art, down 9 percent; Social Science, down 7.6 percent; Health Occupations, down 5.8 percent; Science, down 9.2 percent; and Mathematics, down .8 percent. Within Community Education, ABE/ESL grew 44.2 percent; Special Training grew 22.8 percent; High School Completion grew 23 percent; and CWE gained 14.1 percent.

INTRAMURALS - Frisbee Golf is here! The Intramural office has set out a nine hole Frisbee Golf course on the athletic fields on the north side of campus. Frisbees, scorecards, and course maps are available at the Intramural office located in the Gym lobby. A student I.D. card is needed to check out a frisbee. Come out and try this new aerosport. For more information, call the Intramural office, ext. 2599 and ask for Mitch Allara.

SORRY! - Daralyn Hogardy, a new instructor in Health Occupations, was inadvertently left out of the Dental Assistant story that was printed on October 10. She attended the Procurement ceremonies with Beth Webb and Marcia Allen.

WHOOOP-DE-DEE - A suggestion that beer and wine be served in the cafeteria evoked this response from Evelyn Tennis of the Student Activities staff.

If we have wine and we have beer
Attendance at work will be great
We'll come early and we'll stay late
We'll be so glad just to be here.

The breaks will be long
The drinking strong
All day our lips will sing a song
And nothing at all will seem to go wrong.

Oh, come to work at LCC
The pay is low
Promotions come slow
But the fringes are "WHOOOP-DE-DEE."

CONFERENCE - A number of LCC people are on the program at the conference on "Serving The Needs of The Handicapped Through Community Colleges" being held today and tomorrow at the Eugene Rodeway Inn. President Schafer is presenting greetings and an overview of the conference; his assistant--Bert Dotson--is chairing the northwest section of this national meeting; Counselor Steve Hanamura is respondent to a video presentation by the U.S. Commissioner of the Rehabilitation Services Administration; Jean Bell, work activities coordinator, DTC, is part of an exemplary program demonstration; and Jan Mariano and Debbie Dorfler, students, will join with graduates Larry Craig and Chris Cassidy in a panel discussion by disabled people. The Conference is being conducted at 10 sites across the nation through videotapes and telephone hookups. Sponsor is The League for Innovation in the Community College. It's a new, experimental approach at hosting a national meeting without the heavy costs in time and money when all participants gather at one site.

STAFF DEVELOPEMENT - Carol Raney, regional coordinator for the Kellogg Foundation Project in which LCC is participating, has written a long, highly complimentary letter to President Schafer in which she identifies possible areas for staff development arising from her impressions from her recent visit here. She suggests these major areas: clarifying the direction of the college for faculty and staff not usually in contact with other program areas, clarifying and developing additional competencies required of middle managers, increasing organizational adaptability to meet new enrollment trends, providing new opportunities for faculty to develop additional teaching strategies to meet changing student populations, and improving information and marketing systems of the college. She suggests a series of workshops toward these ends. You'll be hearing more as concrete plans are developed.

LCCEA - The Lane County Uniserve council is holding a stress management workshop on Wednesday, October 24, at the Rodeway Inn from 5-9:30 p.m. The fee is \$10.00 and includes dinner. See your LCCEA department contact person for further information.

TUTORING - Does your course require written assignments? If so, your students can get help with writing problems. The Language Arts Department tutoring center is open from 9:00 to 4:00 everyday. It is located in room 445 (across from the north elevator). Experienced Language Arts students can help your students have more success. Please let your students know they can drop in at any time. Appointments are not necessary. The Language Arts tutors will not do assignments for others but they can help your students learn how to avoid unnecessary problems. For more information, call Ted Romoser, ext. 2419.

KLCC COMMUNITY ACCESS - Broadcast at 12:40 p.m. on 89.7 FM. Today--Robin Johnson of the Eugene Housing and Community Conservation Department talks about condominium conversions.

GRAND OPENING - The Renaissance Room is having their grand opening today but reservations are full. The official opening date is October 23. Watch the Daily next week for more information.

LOTS OF BUSINESS - Wednesday night's Board of Education meeting was devoted to a lot of housekeeping matters. The Board 1) adopted a draft of the College Affirmative Action plan, with additions and refinements to come; 2) approved a resolution asking the state to reimburse taxing bodies which have had to pay back Pacific Power & Light for over-valued properties (LCC's loss was \$18,855; statewide, the payback was \$5.5 million); 3) allocated \$10,000 for gravel and improvements to the southwest dirt parking lot; 4) learned that the ASLCC is investigating the running of a shuttle bus on a 30-minute schedule from 30th and Hilyard over the hill; 5) allocated \$40,132 to repair the heat recovery machine, refrigerant compressor, main air compressor and the main chiller; 6) allocated \$11,170 to remodel the former wrestling room into two classrooms; 7) approved buying a color tv camera and switcher for Media Productions at a cost of \$12,383; 8) approved revisions in a number of courses and changes in required credits for A.S. degrees from 120 to 112 and two-year certificates from 105 to 97; 9) reappointed Lester Zook of Springfield and Beverly Ficek of Eugene to 3-year terms on the College Budget Committee.

PEOPLE - Bill Mansell, assistant to the dean of administrative services, will be acting dean starting October 22 and serve until the new dean is on board. Don Dickinson has resigned from the Aviation Tech Faculty. Jean Spriggs, business instructor at Siuslaw Area Center, has decided to continue teaching rather than go on leave this year. Faculty contracts have been extended to Charles Foster in Mechanics, Ken Murdoff in Social Science, Linda Myers in Special Training, Douglas Partridge in Mechanics, Nancy Kelsey in Study Skills; Sharon Chandler, Lori Wurtz, Daralyn Hogardy, and Patricia Swisher in Health Occupations.

LAST DAY - Dean Tony Birch leaves LCC today for Whitman College. The staff is invited to be part of his send-off from 3 to 5 p.m. in the northeast end of the cafeteria. Happiness and success to you, Tony. For those who have not as yet had an opportunity to contribute toward a gift for Tony, please call Bert Dotson's office, ext. 2301 before noon.

SATURDAY NIGHT - It's "LCC Goes to the Movies" at Eugene Country Club and Valley River Inn. About 30 staff are expected to be among the 230 people attending the black tie event. Some \$40,000 will come to the College as a result of the occasion.

WORKSHEETS - Payroll Verification Sheets are available in Personnel Services and must be completed, signed, and returned to Personnel by 5 p.m. today.

FREE MOVIES - The ASLCC is sponsoring free movies every Friday from 12-12:50 p.m. in room 307 of the Forum Building. The films deal with ecology and the environment. The movies are open to both staff and students. It is requested that no food or drinks be brought in during the movies. For more information, contact Myron at ext. 2355.

KLCC COMMUNITY ACCESS - Broadcast at 12:40 p.m. on KLCC, 89.7 FM. Today: The Bassoon and bassoonists with BBC Symphony bassoonist William Waterhouse.

QUESTIONS WE COULDN'T ANSWER - 1) Why is there an LCC school bus parked on the top of Badger Mountain? 2) Is LCC sponsoring a Halloween fun house? We found the answer to the first (a field trip) but still can't answer the second.

Fifth Week of Fall Term
TUESDAY
October 23, 1979

VALUE OF CAMPUS - Somebody asked what the College's tangible assets are worth. Part of the answer is that our total buildings and equipment are insured at \$41 million. That doesn't include the land. Interestingly, the cost of insuring all this is only \$71,794 this year and that's nearly \$6,000 less than it cost last year.

REPORT COMING - Data was collected from students at Fall Term registration regarding their child care needs. Data Processing is doing tabulation work now; a report should be out in the near future from the Child Care Task Force, a group chaired by Jeanne Armstrong of Home Economics.

THE BLACK BOX IS WORKING - Recent enhancements of the College's computer system are paying off. On-line registration financial data input has now been integrated with on-line student registration, accounts receivable and financial aid systems. It's too complicated to describe here, but it adds up to far less hassle for students and staff. The first use of the integrated system was at Fall Term registration and the report is that the system functioned smoothly and responsively. It also cuts down the staff needed at registration. About 1,000 more people were registered this year than last with no increase in staff. Kudos to Data Processing, Financial Services, Registrar's Office and Financial Aid staff.

WORKING SAFELY SAVES MONEY - The reduction in accidents among employees this past year, combined with a different payment plan to the State Accident Insurance Fund, has resulted in savings to the College of \$44,000.

STILL EFFECTIVE - The College's energy management system continues to save energy and dollars. Last winter's number of heating degree days was 12 percent greater than the 30-year average, meaning that it was cold. Thus, consumption and cost were up, but the average monthly cost per square foot was still lower than the 1976-77 year when mechanical adjustments to the system were started.

MORE DONORS SOUGHT - Jack Powell, head of this year's LCC United Way drive, says he's looking for increased participation. Last year, 34 percent of the classified staff donated, 39 percent of the faculty gave, and 61 percent of management helped out. The goal is to raise those percentages. Some 58 volunteers are helping contact staff members and Jack plans a report for each Friday during the next month on how the drive is going. Watch this space for details and be ready when the volunteer in your department contacts you.

INSURANCE - Archie, insurance agent, will be on campus Wed., Oct. 24, at 2 p.m. Call Personnel at x2211 if you need to see him.

PARTY?? - Watch this space for details about your LCC all-staff party in December.

REMINDER - Administrative Services will hold "mini In-Service" sessions Wednesday and Thursday on new processes, forms, and other budget "how to" information. Sessions are identical: Wednesday, 2 to 5 p.m.; Thursday, 9 a.m. to 12 noon. Both are in Forum 309.

CORRECTION - The change in required credits for A.S. degrees in Friday's Daily applies to Aviation Maintenance A.S. degrees only; the minimum requirement for 2-year certificates remains the same.

ANOTHER CORRECTION - Faculty level change requests for the 1979-80 academic year ARE being accepted. Monday's Daily incorrectly reported that they were not. If you intend to apply, please read Article XXXII carefully and be as specific as possible in your application. All applications are to be filed with the Personnel Services office.

ENROLLMENT UP - The Business Department reports that enrollment is up 14 percent in that department, which equals about 40 F.T.E.

FACILITIES MANAGEMENT - The College now has a written document relating to facilities management procedures. It speaks to remodeling requests, space allocation requests and capital construction projects. Implementing the procedures are members of the Facilities Management Committee, which includes the 3 deans, one representative from each of the 3 major divisions, the assistant to the president, and the director of Facilities Services. The latter acts as executive secretary. Call Paul Colvin if you'd like to review the document. He's at ext. 2567.

UNITED WAY - Last year, College staff gave a total of \$8,200. Jack Powell, this year's chairman, would like to increase that if possible. But, what he's really looking for is increased participation. Not quite 40 percent donated last year. Will you help top that total this year? See the UW volunteer in your department.

NO BOOZE - The idea of serving beer and wine as part of the Foodservices operation isn't proving feasible. A separate room would be needed because of the problem of ensuring that customers were of legal age. Since the Renaissance Room may go to a four-day schedule in future years, that uses the only room available. And the cost of a licensed person to serve the "sauce" and a cook for the lounge would drive Foodservices costs upward.

KLCC COMMUNITY ACCESS - Broadcast weekdays at 12:40 p.m. on KLCC 89.7 FM. Today: Public power and the Jackson Bill, with Ed Wemple and Dick Eymann.

JAZZ - Tonight from 8-10 p.m. KLCC-FM "Jazz Alive" will feature the music of the 1978 Telluride Jazz Festival in Colorado, including Stan Getz and his Quintet. Later in the program Stan's son, drummer Steve Getz, and the New Orleans based drummer Johnny Vidacovitch each lead their own quartet.

PARTY?? - Watch this space for details about your LCC all-staff party in December.

ARCHIE - Archie Zarewski, insurance agent, will be here today at 2 p.m. Call Personnel at x2211 if you need to see him.

VISITATION - Representatives of Pacific University will be on campus Thursday, from 1 to 3 p.m., in 421 Center. They are interested in talking to pre-optometry and pre-physical therapy students.

RAPE PREVENTION - The Women's Center and Counseling are joint sponsors of a Rape Prevention Symposium being held today from 9 a.m. to 2 p.m. in the lobby of the gym.

BLOOD MOBILE - The Lane Memorial Blood Bank Blood Mobile will be on campus Monday, Oct. 29, from 1 to 4 p.m. Twenty-two donors are needed. Appointments may be made through Student Health Services, ext. 2665.

Fifth Week of Fall Term
THURSDAY
October 25, 1979

EXCHANGE PROGRAM - Northwestern Michigan College is acting as an information clearinghouse for community college faculty members and administrators who want to look into the possibility of changing jobs temporarily with someone at another community college. Details regarding salary, fringe benefits, etc., would be worked out between the two institutions involved in such an exchange. Deadline for registering for a possible exchange for the 1980-81 academic year is November 15. To obtain a registration form (cost: \$4 if you actually file it), write: Community and Junior College Exchange Office, c/o Northwestern Michigan College, Traverse City, MI 49684, or call (616) 946-5650, ext. 311.

AROUND THE OREGON COMMUNITY COLLEGES - Clackamas at Oregon City has signed a 2-year contract with its faculty at a 10.2 percent hike (including the PERS pickup) in the first year and 4 percent plus one-half of the Portland Consumer Price Index increase in the second year....Strong support has been identified for a bachelor's degree program conducted by Oregon State University on the Central Oregon CC campus at Bend....Umpqua CC President Bud Hakanson has been appointed to the 11-member Oregon Commission on Public Broadcasting....Blue Mountain CC's radio station, KRBM, may hook into the OEPBS radio network next year....Mt. Hood CC Board Chair Barbara Roberts will run for a legislative seat next year.

MORE ON OCE/CHEMEKETA FLAP - When the executive director of the Oregon Educational Coordinating Commission, T.K. Olson, was interviewed by Salem newspapers, he had this comment on Oregon College of Education's efforts to promote off-campus classes in Salem: "It isn't OCE's finest hour. The ad was really dumb. The headline was unfortunate, the text was unfortunate, the course descriptions were unfortunate, and the timing was bad. Other than that, it wasn't bad."

OEA SAYS THEIR PAY HIGHEST - The Oregon Education Association says it gets more bucks for its members. OEA says faculty pay raises at OEA-represented community colleges during the past four years averaged 6 percent higher than for non-OEA colleges. The OEA said all six of its represented faculties (Chemeketa, Blue Mountain, Clackamas, Lane, Rogue and Clatsop) exceeded the 37.6 percent statewide average pay hike for the four years. It notes that all but one of these colleges (Clatsop) granted pay hikes in excess of the Portland CPI as measured from January '75 to January '79. OEA says its members also get higher insurance contributions than faculty members at non-OEA colleges.

AVIATION MAINTENANCE - The Aviation Maintenance Technician program has been revamped to provide greater emphasis in the critical areas of Return to Service and electrical systems. Students will work on "live" (in-use) planes at the Creswell Airport instead of "dead" (out-of-use) planes as in the past. The rearranged curriculum will provide students more hands-on experience in the repair and maintenance of aircraft.

GIVE BLOOD - Twenty-two donors are needed to give blood to the Lane Memorial Blood Bank. The Blood Mobile will be on campus Monday, Oct. 29, from 1 to 4 p.m. Call Student Health Services at ext. 2665 to schedule your appointment.

RENAISSANCE ROOM - Diners at the Renaissance Room today will get an added treat. Allann Bros. Coffe Co. will be offering free tastes of two of their aromatic blends of coffee from 11:30 to 1:30. For Renaissance Room reservations call Home Economics, ext. 2519. Seating is limited, so call early.

LETTER FROM TONY - The following letter was received from Tony Birch, past Dean of Administrative Services, now Controller at Whitman College, Walla Walla, Washington 99362:

To the Staff at Lane Community College

My last Friday, October 19, was a beautiful experience for me. I do so appreciate the nice gifts, but more so your kind thoughts as I leave Lane Community College for a new experience at Whitman College.

The past five years were difficult, frustrating, rewarding, and a joy! The friendship of those I worked closely with will not be forgotten.

Thank you.

Congratulations, Anne.

ADMINISTRATIVE IN-SERVICE: The Administration In-Service sessions held this week attracted a total of about 57 campus employees, says Bill Mansell. Some notes of interest from the inservice: Mileage reimbursement rate for personal auto use is now 17¢ a mile for the first 600 miles of a single trip....Campus cars are now scheduled by Deloris Christian in Plant Services....That awful feeling of having no phone service some of us experienced during Wednesday's power outage will be remedied in a month or two, when all campus phones will be linked up to the emergency power generator in the Center Bldg. (At present, ten campus phones are so linked, and will be identified within the month by a red dot.).... Direct dialing from campus phones to the Downtown Center will soon be possible--implementation is awaiting the arrival of the necessary equipment at the Downtown Center.
