ON HOLD - Recent decisions relating to the moving of various office in the Center Building have been put on hold as a result of discussions at Wednesday night's special Board of Education meeting. The Student Senate, in particular, had objected to its planned move from the second to the fourth floor. The Facilities Management Committee will hold hearings in coming days to gather alternate suggestions for solving the Center Building problems of more space needs than available space to meet those needs. The Administration will report its findings and decisions at the February 13 Board meeting. Over the long haul, it appears that some major remodeling will have to be done. In the short run, some temporary relocation must be carried out to get the Career Information System back in operation. It has been shut down as a result of fire safety requirements which forced it out of the second floor foyer. The plan was to move CIS into what has been the Student Senate office, but this will now be reviewed.

SELECTED - The LCC Industrial Orientation program is one of 12 non-traditional programs for women described in a U.S. Office of Education publication, Case Studies and Promising Approaches--Vocational Education Equity Study. The 12 programs were selected from throughout the country to serve as models for other schools and agencies wanting to start similar programs. Contact Leslie Rasor in Special Training, ext. 2503, if you would like to read the study.

NEW IDEAS - Interested in new ideas and recent research on ways to improve teaching, learning, and student retention? Take a look at the packet of one-page "Innovation Abstracts" distributed to all departments yesterday. Departments will receive a new issue of "Abstracts" each week. As they arrive, the Daily will carry a brief synopsis to alert staff to issues which may be of particular interest. Extra copies will be available at the Staff Development office.

THEATRE - Reserved-seat tickets are now on sale for the Performing Arts department's upcoming production of "The Club," a musical by Eve Merriam, directed by Nicola Foster. The show features an all-woman cast playing the all-male members of a private club. The time and music are turn-of-the-century. "The Club" runs Feb. 1, 2, and 4-9. Tickets are \$5 and are available at the theatre box office weekdays, 10-4, ext. 2202.

NEW HOURS - The Financial Aid office will have new hours beginning next week. They'll be open from 8 a.m. to 8 p.m. on Mondays and Tuesdays, and 8 to 5 as usual the remainder of the week. Applications for financial aid for 1980-81 are ready now.

AWARENESS - A workshop entitled "Project Awareness" will be held February 13, 14 and 15 at the Rodeway Inn. The 2½-day workshop examines the ways biases and forms of stereotyping--such as race, disabilities, age, sex, etc.--can be barriers to human potential. The Staff Development Office and the Human Awareness Council would like to encourage anyone who has not yet attended this beneficial workshop to do so now. Call Barbara McKillip at ext. 2358 for more information.

AUTHOR - Grace Z. Cameron, supervisor of Student Records, is the author of "Oregon 'Quick-Draw' Transcripts" in the Journal of Micrographics for January-February 1980. The article describes LCC's computerized grade records system and how it makes for quick and easy issuance of transcripts to students.

SURVEY - Some interesting answers came out of a Business Department survey of fall term students in real estate classes. The 225 respondents said overwhelmingly that they want night rather than day classes, and they want classes to meet once a week, preferably on Tuesdays. By a large majority, they prefer lecture/discussions over other teaching methods; they want to hear examples of practical applications, and they like handouts by far over audiovisual materials or chalkboard presentations. They take the courses out of personal interest or for licensing purposes. They learn about the courses through the class schedule in the main, along with mail-out brochures. Only a few saw newspaper ads. Some 30 percent registered by mail. Steve Hamilton of the Business faculty conducted the survey as part of the Department's continuing efforts to meet student needs as perceived by students.

ARCHIE CANCELLED - Archie will not be here February 7 as previously announced. Watch the Daily for the date of his next visit.

REMINDER - The Facilities Management Committee will conduct a public hearing regarding the relocation of the Career Information System and the Student Government Offices today at 3 in the Boardroom. Another hearing will be held Friday at noon. All interested individuals are invited to attend.

ATTENTION PART-TIME INSTRUCTORS - All non-contracted part-time instructors are urged to attend a meeting today or tomorrow from 12 to 1 p.m. in Health/P.E. 276. Call Karen Locke at ext. 2419 for more information.

SELCO MEMBERS - Don't forget the 44th Annual Meeting tomorrow at 7 p.m. at the Lane County Fairgrounds. Three LCC employees are candidates for the Board of Directors: Bob Boettcher and Ron Edelman seek the LCC seat; Julie Aspinwall-Lamberts is a candidate for the "at-large" position. There'll be entertainment, refreshments and prizes. Bring a friend and come vote!

GROWTH - Community college growth is the most dramatic sector in postsecondary education in the U.S. Between 1973-77, the growth of community colleges was 34 percent, while for all higher education the figure was only 17 percent.

DEGREES - In 1976-77, some 406,000 associate degrees were awarded at the nation's community colleges.

The 2½-day workshop examines the ways biases and forms of stereotyping--such as race, disabilities, age, sex, etc.--can be barriers to human potential. The Staff Development Office and the Human Awareness Council encourage anyone who has not yet attended this beneficial workshop to do so now. Call Barbara McKillip at ext. 2358 for more information.

ELECTIONS - Mt. Hood and Treasure Valley Community Colleges will seek voter approval of tax levies at the February 19 election. Mt. Hood will have a \$2.4 million A ballot and a B ballot of \$551,665. Approval of both is essential to maintaining present services, so President Steve Nicholson has authority to start staff reductions if either or both are defeated. TVCC seeks approval of a \$1.6 million levy, up 23 percent over this year.

SUIT SETTLED - Linn-Benton Community College has accepted an out-of-court settlement of nearly \$500,000 in its \$2 million suit against parties it believed responsible for failure of its heating and cooling pipes 2 years ago.

A SUCCESS - The New Employee Seminar held last Wednesday attracted 19 new LCC employees, and was by all accounts well-received by those attending. On behalf of the new employees who attended, thank you to the deans, President Schafer, and the Personnel Services office for an enjoyable and informative seminar.

HUMAN RESOURCE DEVELOPMENT - A three-week American Management Association extension institute in Human Resource Development, offered by the Business Department, begins tomorrow night. The class, taught by Jim Dunn of Mass Communications, will focus on employee behavior, employee/staff development, performance appraisal, wage and salary administration, job rights, discipline and due process and labor-management relations. The class will meet in M&A 245 from 7:30 to 9:10 p.m. each Tuesday and Thursday for three weeks. Registration can be done the first night of class. Tuition for the one-credit course may be waived; however, there is a special fee of \$37. Students are eligible to receive an AMA certificate upon completion of the course.

CONGRATULATIONS - Bonnie Theilman, a 1972 graduate of the Medical Office Assistant program and the program's first clinically certified medical assistant, is the new president of the Lane County Chapter of Medical Assistants. Her instructor at LCC, Norma Stevens, is the president-elect.

AND MORE CONGRATULATIONS - Two LCC employees were elected to the seven-member SELCO Board of Directors at last Thursday's annual meeting. MORE NEWS....

ECONOMICS - The Commerce Department offers these national averages for 1979: Prices up 13%, income up 12%, taxes up 16%, after-tax income up 9%, rate of savings down to 4% of income-- lowest rate in 30 years. What sent the CPI up was this group: retail energy up 37%, housing up 15%, food up 11%, medical care up 10% and transportation up 18%.

ANOTHER VIEW - In their new book, The Distribution of the Tax Burden, University of Virginia professors Edgar Browning and William Johnson say it isn't true that low income people pay a disproportionate share of sales taxes. They say that the top 15 percent of U.S. households pay approximately half of all taxes while the bottom 50 percent of households pay less than 15 percent of all taxes. Oregon is one of 11 states which doesn't have a general sales tax. The subject is bound to come up again as the Legislature limits property and income taxes.

MORE OF JARVIS - Howard Jarvis has his proposal to cut California income taxes by half on the ballot in June. Jarvis II would lop off \$5 billion annually, necessitating drastic layoffs for local governments and apparently community colleges. Jarvis was the proponent of Proposition 13, the 1978 measure which passed overwhelmingly and drastically reduced local property taxes. The prediction is that Jarvis II is likely to be approved, too.

FROM THE RENAISSANCE ROOM - Come try our delectable menu this week as we visit the Orient. Start with our delightfully carbonated Orange-Lemon Smash for 35¢. Then begin the feast with your choice of our special garden salad or Won Ton soup. Next dig in to Sweet and Sour Pork, bite-sized pieces of pork marinated and sauteed to perfection, and served with Chinese snow peas and fried rice. Chopsticks will be available for those with great patience and finger dexterity. Complete the meal with a delicious almond cookie. Chinese tea along with our imported coffee blends will be served. All for \$3.25. Call ext. 2519 soon for reservations.

TUITION - The Administration is making no recommendation at tomorrow night's Board of Education meeting, but a discussion is scheduled regarding a possible tuition hike. LCC is presently fifth highest in the list of in-district tuition rates among Oregon community colleges. Chemeketa is highest at \$150 per term and will not increase that rate this year. Umpqua already has raised its rate from this year's \$145 to \$170 next year. Central Oregon is considering a raise from \$125 to \$144, Linn-Benton from \$128 to \$141, and Mt. Hood from \$125 to \$150. Blue Mountain will stay at \$132. The State System of Higher Education will go from \$286 to \$315. If LCC were to increase tuition by \$1 per credit hour, the rate would climb from \$143 to \$154 per term for a full-time student, just under an 8 percent increase. A \$2 per credit hour increase would raise the rate to \$165, a 15 percent climb. The first option would add about \$206,000 to College revenues; the second would add \$412,000. A \$1 per class increase in Community Education would generate about \$15,000 and raise the tuition rate from \$17 to \$18, a 6 percent increase.

APPOINTED - Carl Horstrup, Community Education, has been appointed to positions on the Lane County Employment and Training Advisory Council Youth Subcommittee and on Springfield School District's Metals Cluster Advisory Committee.

IN THE NEWS - Sid Austin, work-study student in Records Management, was on television and in the Springfield News this week as a result of his collection of Lincoln memorabilia. Honest Abe's birthday is today. Sid is going to school now, but used to be a full-time staff member in Plant Services.

BOARD MEETING - LCC's Board of Education will meet tomorrow night at 7:30 p.m. in the Boardroom. The agenda includes a tuition review, audit report, investment report, discussion on re-zoning of the District, Budget subcommittee reports, and a discussion of facilities use. Those who want to read the Board mailing should contact Marie Reid, Board secretary, in the office of the Assistant to the President.

APPRECIATION - Joseph Mancuso of the Willamette National Forest wrote to thank Shirley Perry and Connie Mesquita of Counseling for their work in setting up interviews for students who want season work with the Forest Service....Monty Multanen of the State Department of Education has praise for LCC staff who process VEDS data, grants, projects, etc. He singles out Bonnie Graham of Records Management, John Wilson of Information Services, and Gerald Rasmussen and Julie Aspinwall-Lamberts of the Office of Instruction....The Washington Cooperative Education Consortium of Seattle thanks Bob Way and the CWE staff for hosting a recent visit of that group on campus....The Seattle Air Route Traffic Control Center has praise for Terry Hagbert and the Flight Tech people for their cooperation with changes in radar approach control service and development of a stereo flight plan system in the local area....The RSVP crew thanks those who helped the office put on its annual recognition day. They praise Dick Reed and Nicola Foster of Performing Arts, Bob Tegge and Horace Pendergrass in Food Services, Wendy Westfall in Security and Ken Anderson and the Plant Services crew, and Naomi Soules of Community Education.

VOCATIONAL EDUCATION AWARDS - Five LCC staff members have been chosen to receive Vocational Education Awards for 1980 for their "contributions to the learning activities of vocational students and contributions to LCC's vocational programs." They are: Jolene Bowers, Admissions; Roger Houglum, Electronics; Betty Svarverud, Mechanics; Bill Tweedie, Special Training Programs, and John Winquist, Counselor and CWE Coordinator for Electronics and Special Training Programs. Congratulations to all five!

NEW DEAN - William Berry, business manager at Johnston County Community at Overland Park, Kansas, is LCC's new Dean of Administrative Services. He will report the end of March. Berry has 18½ years experience in private and public accounting and business management. He was with the University of Missouri for 12 years before going to JCCC in 1976. He has bachelors and masters degrees in business administration.

PLANNING MONEY - LCC's Board of Education on Wednesday night appropriated \$15,000 to hire some planning done in the short range on space usage in the Center, Forum and Health buildings. It could take several months to get the information compiled. In other business, the Board voted to reshape its electoral zones in line with one person, one vote requirements. Members agreed to appoint a 7-member citizen committee to examine the many options for rezoning and make recommendations. The committee will be appointed at the February 27 meeting. The 1978-79 College audit was accepted and the books declared in good shape. A tuition review was postponed until the next meeting.

MOVES UNDERWAY - The Center Building relocations of the Career Information System and Student Government are underway. ASLCC is moving to the fourth floor offices in the west, central area. CIS is taking over the space formerly used by ASLCC on the second floor, west. ASLCC officers apparently see the temporary move as an imposition, but are willing to cooperate in the best interests of the College.

MANAGEMENT MEETING - An informational meeting for all management employees is scheduled for Monday at 10 a.m. in Forum 308. Taking part will be Hank Doua, reviewing the SelectCare health care plan; Sue Nieminen, with information regarding new employees; Jim Keizur, with a demonstration of minicomputer applications; Verne Whittaker, representing the Management Steering Committee, and reporting on possible economic and working benefit requests for next year. A film dealing with the handicapped will be shown. The film has received national recognition as one of the finest produced on the subject.

APPOINTED - Julie Aspinwall-Lamberts has been appointed by the Eugene City Council to a second 3-year term on the Eugene Commission on the Rights of Women. At the February meeting of the Commission, Julie was also elected to a second term as President. Double congratulations are in order!

ARCHIE - The insurance man will be here next Wednesday, February 20, at 2 p.m. If you have any problems with insurance before that time, you can call him collect at 1-503-228-1077.

MARK YOUR CALENDAR - The annual Library book sale is coming up on February 27, 28 and 29. It promises to be bigger and better than ever this year.

SCHEDULES ON THE WAY - The Spring Term Schedule of Classes is being mailed to all district residents this week. Schedules should arrive in homes by Friday or Saturday at the latest; if you haven't received your copy by then, please call the College/Community Relations Office at ext. 2201.

BUDGET ELECTIONS - Mount Hood Community College won voter approval last Tuesday of its "A" and "B" ballot measures totaling \$3 million. It was the first school election test of Oregon's new "A" and "B" ballot system. In another election, voters in the Treasure Valley Community College District in Malheur County rejected a proposed \$1.6 million operating levy by a margin of two to one.

FROM THE MAILROOM - Please return any extra intracampus envelopes you have to the Mailroom. Thank you.

CONCERT - Two LCC music faculty will be performing a program of French music for flute and piano this evening at 8 in the Performing Arts Theatre. Barbara Myrick will play the flute, and Larry Clabby the piano, in performances of pieces by César Franck, André Jolivet, and Claude Bölling.

BOOK SALE - The annual Library book sale begins Wednesday and continues through Friday of this week. Hardcover books will sell for \$1 on Wednesday, and paperbacks for 50¢. Prices will decrease by 50% on consecutive days. This year's sale promises to be bigger and better than ever.

AVAILABLE - The Staff Development Office has a new abstract on "Vulnerability in College Teaching." It deals with teaching as an exchange and suggests putting more responsibility for learning on students. It asks recognition for the fact that research and teaching are not only different functions but also different gifts. You can read it at the SD office, off the Library.

PART-TIME TEACHERS - All non-contracted part-time LCC instructors are reminded to attend the meeting Tuesday, February 26, at Mazzi's restaurant from 4 to 6 p.m. The OEA and the AFT are providing pizza and beer. Any questions may be directed to Joyce Duchesneau at ext. 2392 or to 342-2929.

CETA TITLE VI PROPOSALS - We have been notified by the CETA office of funding available for Title VI projects for short term (maximum 5 month) projects. Proposal information packets are available from Rose in Personnel Services. CETA maximum monthly salary will allow us to include only Pay Level A job descriptions. All proposals must have your dean's approval and a representative from your department must attend the Orientation Meeting Monday, February 25, from 1:30 to 3:30 at Harris Hall.

ALL EMPLOYEES WITH 1979 W-2 WAGE AND TAX STATEMENTS - Box 14 on the W-2 form should have been marked "Yes" for those employees who are members of Public Employees Retirement System (PERS). According to the IRS, a "Yes" in that box indicates that the person is not eligible to have an Individual Retirement Account (IRA). In response to our inquiry last week, PERS states that they were accepted as a qualified pension plan under IRC section 401(a) effective 2/15/79. Questions? Call Darlene Turpin, Payroll Manager, ext. 2586.

RETIRING SOON? - Please contact Lee in Personnel Services, ext. 2583, if you intend to retire at any time during the current academic year and would like to be included in retirement recognition activities this Spring.

FROM THE RENAISSANCE ROOM - Come join us in the Renaissance Room this week for a relaxing meal. First soothe your taste buds with a smooth drink, the Pina Coconutta (35¢ a la carte). Then begin a festive meal with your choice of fresh corn soup or our special house salad. Next dig into delicious chicken enchiladas--chicken and spices wrapped in a tortilla, and covered with a delectable sauce. Bananas Flambe complete the meal, with your choice of tea or imported coffee blends, all for the price of \$3.25. Call soon for reservations at ext. 2519.

ON TO E-BOARD - The State Board of Education has agreed to ask the Legislative Emergency Board for nearly \$4.8 million to fund overenrollment at state community colleges in this and next year. The E-Board will consider the request at its March 10-11 meeting at Salem. LCC, with its 1,000 FTE overrealization of enrollment this year could get the largest chunk of any monies granted. The request includes a new enrollment base for next year plus growth of 4 instead of 2 percent.

ON TARGET - The College's fiscal report for the first quarter of the year--July through November-- shows us in a favorable financial condition. We're in the black because of increased interest income and tuition from overrealized FTE student enrollment. Depending on whether there will be state reimbursement for the extra FTE, adjustments may have to be made Spring Term, however.

FROM HEALTH SERVICES - Do you have a used wheelchair, crutches, or a cane cluttering up your house or garage? Student Health Services is interested in taking them off your hands...we'll either pay a modest sum of money or you could have a nice tax deduction for next year. Call ext. 2665.

ARCHIE REMINDER - He'll be in Personnel Services today at 11 a.m. to answer your insurance questions.

PART-TIME TEACHERS - All non-contracted part-time LCC instructors are reminded to attend the meeting today at Mazzi's restaurant from 4-6 p.m. The OEA and the AFT are providing pizza and beer. Any questions may be directed to Joyce Duchesneau at ext. 2392 or to 342-2929.

KLCC - Today at 12:40 p.m., "Community Access" features Ben Bagdikian, former editor of the Washington Post, discussing the topic "Just how good is the news we get?" This evening from 7:30 to 10 p.m., "Women's Night Out" co-producers Iris Dudman and Beth Emmons talk with women about their decisions to have and not to have children.

OUTSTANDING TEACHER OF THE YEAR AWARD- On the back of today's Daily is a nomination form for the LCC "Outstanding Teacher of the Year" award. All LCC staff and students are invited to nominate one instructor for the award. The instructor nominated must be currently teaching at LCC and have been employed by the College for at least one year. The winner will be selected by a committee made up of past recipients, an associate dean, a department head, an instructor, and a student. Please make a statement telling why you feel your nominee is an outstanding instructor, and include the names, addresses and phone numbers of 3 others who support your nomination. Turn nomination forms in to the Office of Instruction in the Administration Building by 4 p.m. on Friday, March 14.

BOARD MEETING - If LCC doesn't get the nearly \$2 million being requested of the Legislative Emergency Board for this and next year, a budget increase of 44 percent would be required next year to serve 9,000 FTE students. Hearing that last night, LCC's Board of Education voted to serve 9,000 only if the money is granted. With it, the budget increase could be under 20 percent and the property tax increase about 11 percent. A decision on the amount of money to go on the May 20 ballot will be made March 26. In other business, the Board agreed to set next year's tuition at its March 12 meeting. And it was advised by President Schafer that he has placed Athletic Director Dale Bates on a year's probation and suspended him for a week without pay for arranging a one-credit P.E. class for a U of O football player without requiring him to earn the credit.

APPOINTED - Counselor Jack Shadwick has been appointed to a two-year term on the Oregon Commission on Indian Services by Oregon Senate President Jason Boe and Speaker of the House Hardy Myers. The Commission is an advisory body which serves as a liaison between the State of Oregon and Indian communities and groups.

ELECTED - Dean of Instruction Gerry Rasmussen was elected to represent the Northwest on the 13-member executive committee of the AACJC's National Council of Instructional Administrators. The group is for individuals involved in providing instructional leadership.

SEMINARS - Contact the Staff Development Office for information on Summer Seminars for College Teachers through the National Endowment for the Humanities. There are special seminars for community college teachers in anthropology, composition and rhetoric, English and American literature, history and political science. Stipends are \$2,500. Deadline for applying is April 1.

SELECTCARE - A final informational meeting on the SelectCare health insurance plan will be held at 5:05 p.m. today in the Boardroom. Kathy Rubaloff from SelectCare will be there to answer last-minute questions. Tomorrow is the last day to sign up for SelectCare.

SURVEY - A profile of students at the University of Oregon during Fall Term shows that transfers from LCC totaled 273 or 2 percent of the undergraduates. That was the largest single block of transferring students from any institution.

CHILD CARE - Because of the volume of discussion generated at last week's meeting, the Child Care Task Force will meet again on Monday, March 3, from 11:00 to 12:30 in Health 214. Any interested persons are invited to attend the meeting to discuss child care needs at LCC.

REMINDER - Applications are available for all the Health Occupations programs at the Admissions Office and the Downtown Center. The deadline for Dental Hygiene program applications is next Tuesday, March 4; the deadline for Nursing programs is March 28.

SOLAR TECHNOLOGY WEEK - The Student Resource Center is sponsoring a panel discussion on solar energy today at noon in Forum 308/9 to cap off Solar Technology Week. The panel will consist of Bob Brink, Citizens Bank; Larry Brew, Eugene Hearth & Home; Steven Funke, Solar Concepts; Bill Head, Amity Foundation, and Mel Simon, an independent solar expert. Everyone is invited to attend the discussion.

SOLAR PLANS - Board of Education member Catherine Lauris indirectly presented a beer drinking challenge to Dean Gerry Rasmussen at Wednesday's Board meeting. She donated plans for a solar collector which utilizes 60,000 empty beer cans. "I want to see the students out here build it," she said. At a nickle deposit per can, the students may have to go to a non-bottle bill state, however, to get their raw materials. If the dean were to supply the cans, we think he'd have to drink or otherwise empty a 6-pack a day for about 30 years.

HELP - The Downtown Center asks, "Are there any humanitarians on the main campus with a large fan hidden in a closet waiting for summer who would be interested in saving the life of an adult ed person working on the DTC mezzanine in 80 to 90 degree temperatures? We can't send you some of our heat, but would certainly guarantee the return of the fan." If you can help, call Virginia at 484-2126, ext. 532.

NO MORE - There will be no more open gyms on Sundays until Spring Term begins. Next open gym will be March 30, 12-4 p.m.

KLCC - Today at 12:40 p.m., Community Access presents "Leap Day," with a visitor from once every four years. Tomorrow on Folk Festival USA, from 1 to 3 p.m., accompany David Lewiston as he travels through Central and South America recording the music and dances of the country on "A journey through Guatamala and Southern Mexico," illustrated with stories and narration.
