MONDAY  
March 3, 1980

Published for the staff of Lane Community College.  
Deadline for contributions is 2 p.m. on the day before publication.  
Editor/Coordinator: Jeannine Ferguson, ext. 2201

**TUITION** - LCC's Board of Education will decide at its March 12 meeting how much to increase tuition for next school year. Figures of 8 to 15 percent have been discussed. Over the past 4 years, credit tuition has increased an average of 3.25 percent or a total of \$17. Non-credit tuition has increased \$2 per 30-hour class over the last 4 years, also a 3.25 percent increase. A \$2 per credit hour increase would raise an estimated \$412,000 in additional revenue and raise the full-time rate from the present \$143 a term to \$165, a 15.38 percent increase.

**ACCESS** - The State Highway Department has proposed that a direct access to the campus be added from 30th Avenue to the northeast parking lot. Lane County is now studying the proposal. An earlier idea of an access from I-5 to the northeast lot apparently has been abandoned.

**BROWN BAG FORUM** - Attend a "Social Science Summer in Mexico" preview Wednesday from noon to 1 p.m. in Center 449. Slides and materials from last summer's study tour in Mexico will be presented, as well as information about this coming summer's trip. Interested persons are invited to come with their lunch and their questions. Contact persons in the Social Science department are Joe Searl, Ingrid Gram, and John Klobas.

**FUNERAL** - A funeral for Jim Massey, husband of Eileen Massey, Coordinator of the Medical Office Assistant Program, will be held today at 10 a.m. at St. Paul's Catholic Church, 475 Satre (off Coburg Road). Jim Massey died Friday morning.

**OUTREACH AT WORK** - Linda Myers, mobile classroom instructor, and Norma Stevens of Health Occupations met Friday with 3 mobile classroom students who are potential recruits for the Medical Office Assistant program. The 3, from Leaburg, Marcola and Springfield, studied medical terminology on the bus and are now ready to pursue their academic goals on the main campus.

**WEIGHT LIFTING CONTEST** - Competition in military press, bench press, and arm curls will be held Wednesday in Room 125 Health & P.E. Awards go to the top lifters in each weight division. Weigh-in is at 2:30; competition begins at 3. All LCC staff and students are invited to compete or watch.

**POLKA PARTY** - The Daily can't get involved with politics, but we can report that staff members John Klobas and Linda Danielson are part of a polka party tied to extracurricular activities of staff member Ted Romoser. Contact one of those people before March 8 for details.

**KLCC** - Today at 12:40 p.m., Community Access presents President Eldon Schafer talking about "Lane Community College, today and tomorrow." And tonight from 10 to midnight, KLCC plays, without interruption, the new two-record concert album "Chick Corea/Herbie Hancock," recorded live.

FROM THE RENAISSANCE ROOM - Come join us tomorrow for a delicious lunch served in a relaxed atmosphere. Our menu Tuesday includes an Apricot Orange Frappe for 35¢; your choice of chicken consomme soup or house salad; an entree of Coquille St. Jacques (a combination of scallops and snapper covered with a wine and mushroom sauce, placed in shells and topped with grated Swiss cheese and broiled to a golden brown); Tomatoes Provençale (a lightly seasoned stuffed tomato baked until tender). Dessert is Orange Bavarian Creme, a cold orange-flavored souffle. Your choice of tea or imported coffee blends is included, all for \$3.25. Call ext. 2519 for reservations.

RENAISSANCE ROOM REMINDER - The Renaissance Room is still featuring gift certificates. Wouldn't it be a nice surprise to treat that special person to a relaxed and delicious lunch--just a little something to make the day a bit brighter? We are also featuring birthday cakes to order. Just call ext. 2697 any Tuesday or Thursday between 8 a.m. and 2:30 p.m., or stop in for lunch while you make your order.

**READER** - Bob Way, CWE Director, spent last week in Washington, D.C., as one of 24 people reading proposals from colleges seeking HEW grants to fund CWE programs. Bob says his group awarded \$15 million.

**EXPULSION UPHOLD** - The 1976 expulsion of a student from the LCC high school completion program has been ruled constitutional by a U.S. magistrate. The student, Dean Grazier, had alleged that the College denied him due process by expelling him for one year, and sought a court order declaring LCC's actions unconstitutional, and also asked for \$18,000 in damages. Grazier was expelled for disrupting a class and for intimidating students and faculty members by carrying a knife on campus. U.S. magistrate Michael Hogan said LCC presented persuasive evidence that officials involved in disciplining Grazier acted in good faith.

**GOODBYE** - A going-away party is planned for Friday at 2:15 for Lula Humphries, Foodservices cashier, who is leaving LCC to work for her son on the coast. Lula has worked at LCC for over 10 years. The going-away party, to include cake and punch, will be in Section D of the cafeteria.

She began at LCC as a Language Arts secretary in 1974, moved to assistant to Dean Rasmussen for a term in 1977, moved to assistant to Dean Williams that same year for a term, then became a business and math aide at the Downtown Center, and then spent the last 2 years as a math instructor.

**TELEPHONE NEWS** - Direct phone service to the Downtown Service (via ext. 2227) will be "down" this week while work is being done on the system. The DTC can be reached by calling 484-2126. KLCC CELEBRATES WOMEN'S DAY - Tomorrow, KLCC lends recognition to International Women's Day with special programs highlighting the contribution of women in the musical arts--from European classics to American folk. Tomorrow marks the 72nd anniversary of the day women garment workers in New York City marched in protest against low wages (\$1.25 a week), child labor and sweat shop conditions. The ultimate result was acceptance of a needleworker's union by over 300 firms in 1910. Among the featured entertainers tomorrow are Eugene actress Jan Van Boskirk in a special preview of "Northwest Woman," a one-woman play depicting the lives of pioneer women, at 11:30 a.m.; the late folksinger/activist Malvina Reynolds, Holly Near, and others on Folk Festival USA at noon; and composer Carla Bley on Focus on Jazz from 7 to 8 p.m. All programming throughout the day Saturday will be hosted by women.

**SECOND TRY** - State Department of Education representatives go before a subcommittee of the Legislative Emergency Board today to seek a higher FTE student reimbursement level for state community colleges for next fiscal year. A request for \$4.8 million for both this and next year was flatly rejected Monday. That means no money for this year's overenrollment. If LCC could get some \$750,000 to \$1 million toward 1980-81, however, it would do a lot to solve next year's expected higher costs. Without that help, the College will have to drop enrollment levels for next year.

**BOARD MEETING** - The agenda for tomorrow night's meeting of the Board of Education includes a tuition increase for next year, discussion on next year's budget, and discussion of a request for formation of a part-time instructor bargaining unit. Dean of Students Jack Carter is recommending a 7.69 percent increase in tuition for in-district credit students, an 18.5 percent hike for out-of-state and foreign students, and an 11.8 percent increase for non-credit students. The increases would generate about \$220,000 in additional revenues for next year. The budget discussion will focus on whether the Legislative Emergency Board granted LCC additional funds for overenrollment at its meeting in Salem Monday and today. Without that aid, the College could have to ask for an increase in the local property tax levy ranging up to 38 percent. Open to the public, the LCC Board meeting begins at 7:30 in the Boardroom.

**DEADLINE APPROACHES** - The Lane County Fair is coming. LCC's booth will be located in the new Convention Center during Fair week, August 12-17. By now, departments should have received a memo giving information about how to become involved in the Fair project. The deadline for departments to submit their ideas and requests for funding is Friday, April 11. If your department has not yet received a memo, contact Jolene Bowers at ext. 2680.

**SUMMER YOUTH PROGRAM** - Information and position request forms are now available from Rose in Personnel Services (ext. 2584) for the Summer Youth CETA Program. The jobs are for youth ages 14-21 and are part-time as well as full-time. Departments must send their position request forms to the Summer Youth CETA Office by April 1 for priority consideration.

**ADVANCE NOTICE** - June, 1981, has been established by the Post Office as a tentative date for the issuing of new zip codes. Please keep this in mind when ordering materials bearing LCC's zip code. The Mailroom promises to keep us informed of developments regarding this matter.

**OUTSTANDING TEACHER OF THE YEAR AWARD** - On the back of today's Daily is a nomination form for the LCC "Outstanding Teacher of the Year" award. All LCC staff and students are invited to nominate one instructor for the award. The instructor nominated must be currently teaching at LCC and have been employed by the College for at least one year. The winner will be selected by a committee made up of past recipients, an associate dean, a department head, an instructor, and a student. Please make a statement telling why you feel your nominee is an outstanding instructor, and include the names, addresses and phone numbers of 3 others who support your nomination. Turn nomination forms in to the Office of Instruction in the Administration Building by 4 p.m. this Friday, March 14.

**TURNED DOWN AGAIN** - The Legislative Emergency Board again rejected a state community college request for funding of overenrollment at its Tuesday meeting. The community colleges will now prepare a third proposal for submission to the E-Board at its April 10-11 meeting. LCC's share of the proposal will drop from the original \$1.9 million to, perhaps, several hundred thousand dollars toward next year's budget. That's IF we get anything. The forecast: higher tuition and reduced spending.

**ROMANEK REACHES INDIA** - Richard Romanek, Electronics instructor, has received a letter of thanks from a 72-year-old retired physics professor in New Delhi. The letter commends Romanek's book, Introduction to Electronic Technology, which the letter writer, C.L. Vohra, says he found after a search of many days, and has studied intensively. Vohra requests the names of more books to feed his new interest, and closes his letter with a bit of advice: "To live a fuller and meaningful life, no man should be concerned by his date of birth."

**MORE APPRECIATION** - President Schafer has received a letter of thanks from Ralph Rands, Associate Professor of Education at the U of O, for assistance given him in a seminar on Community College Programs by Community Education staff members Nile Williams, Carl Horstrup, Dick Newell, Bob Way, Naomi Soules, Al Owens and Loretta Daniel. Rands says his students were "very favorably impressed and spoke highly of the calibre of people Lane Community College has in this very important component of the college."....Bill Dotson was commended in a letter from Tom Hagg, instructor of Business Management at North Eugene High School, for his presentation on starting a business given to a Business Management class.

**ELECTED** - Buck Bailey, Counseling, was elected to the Credit Committee of Selco Credit Union in its February meeting. With Julie Aspinwall-Lamberts and Ron Edelman on the Selco Board of Directors, LCC has a healthy representation at Selco.

**PROPERTY TAX LEVIES** - On March 25, five community colleges and the Treaty Oak Education Center in The Dalles will ask local voters to approve 1980-81 property tax levies. Only one of the five, Southwestern, has a tax base. The base would generate \$1,472,120; SWOCC is asking its voters to approved a levy in excess of that by \$567,799. Treaty Oak is after a 3-year rate-based serial levy that would generate about \$140,000 in its first year. Blue Mountain is submitting a levy of \$2,335,439; Central Oregon, \$2,852,524; Clatsop, \$1,551,556, and Chemeketa, \$7,112,926.

**STATUS OF FACULTY BARGAINING** - Southwestern Oregon became the first community college to declare an impasse in bargaining a faculty contract for 1980-81 with a mediation session held March 6. Central Oregon was not far behind, scheduling its first mediation session for March 11. Negotiations continue at Blue Mountain, Treasure Valley, Rogue and Umpqua. LCC and others are in the midst of multi-year agreements. Portland CC's faculty has agreed to a one-year extension of its contract, which was scheduled to expire at the end of this year.

**MT. HOOD FACULTY AFFILIATES WITH OEA** - The Oregon Education Association (OEA) picked up its third community college affiliate of the year as the Mt. Hood faculty association voted to join. OEA now represents nine of Oregon's 13 community colleges, including LCC.

CHEMEKETA COULD LOSE - Marion County's Investment Pool, funded by money from local governments within the county, is facing a loss of about \$20 million as the result of speculative investments. Chemeketa Community College faces the prospect of losing about \$1.7 million of the money it had invested in the pool; as a result, Chemeketa has begun a hiring freeze, eliminated out-of-state and is discouraging out-of-district travel. President Art Binnie has said he does not anticipate any staff layoffs as a result of the crisis.

KLCC - This week and next, KLCC's film and theatre reviewer John Mitchell presents 10-minute reviews of the winter/spring season of the Oregon Shakespearean Festival in Ashland. **ENERGY GRANT** - LCC has been awarded a grant from the Department of Energy for Technical Assistance under the Institutional Buildings Grant Program to fund an architectural engineering study of buildings on campus to find ways they can be made more energy efficient. The study will be aimed at developing proposals for projects to improve energy efficiency based on needs identified in the December energy audit conducted on campus.

**CALIFORNIA HAS MONEY WOES, TOO** - California's community colleges are facing the prospect of charging tuition for the first time ever if the state income tax initiative known as Jarvis II is passed by the voters in June. The initiative, which basically cuts the state's income taxes in half, is expected to produce a revenue drop of nearly \$5 billion. Gerald C. Hayward, chancellor of the California community colleges, says his schools face a revenue loss of between \$100 and \$360 million, and unless they limit enrollments tuition is almost a certainty. Community colleges received about 80 percent of their operating budgets from the state this year.

**HELPING STUDENTS** - How do you help students find support services, such as the library or bookstore? Some ways are suggested in an abstract, "Working Together to Help Our Students." It's at the Staff Development Office.

## Language defended

*The Scranton, Pa., Tribune*

"For sure," "bottom line," "really," are examples of malignant catch phrases that pepper our speech patterns. Such words are cliches that should be barred from usage.

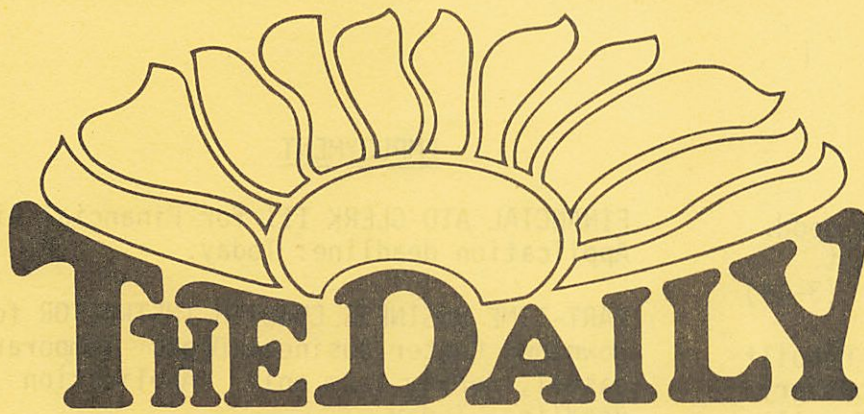

The Unicorn Hunters Club of Lake Superior State College in northern Michigan is trying to perform a clean-up job on English. Every New Year's Day, the club ceremoniously announces the things it would like to hear Americans stop saying.

In the past, banalities such as "parenting," "viable alternatives" and "out of sight" have been figuratively banished. Club members, in 1979, voted "time frame" as a leading example of a phrase that should be outlawed, along with that Watergate leftover "this point in time."

The greatest enemy of straight talk is, of course, the government, which spews out dozens of mind-boggling catch phrases daily. Bureaucratic jargon is popular because it gives the illusion of thought occurring where none really exists.

**BOARD MEETING** - The Administration was instructed Wednesday night to work on a budget proposal for next year that holds the local levy increase to around 25 percent. It is to include a tuition increase ranging from about 8 to 16 percent and a speculative \$400,000 allocation for overenrollment from the Legislative Emergency Board. The proposal is to be placed before the LCC Board at its March 26 meeting. In other business, President Schafer said he expects "no startling revelations" from the current investigation of student athletics, but that regulations are being developed to provide better administrative controls. The LCC Part-Time Teachers Association must wait until the April Board meeting to learn whether it will be recognized as the representative of some 100 people who teach from 3 to 7 credit courses a year. The part-timers seek more pay, a fair dismissal plan, and health and life insurance.

**COUNTY FAIR REMINDER** - The Lane County Fair is coming. LCC's booth will be located in the new Convention Center during Fair week, August 12-17. By now, departments should have received a memo giving information about how to become involved in the Fair project. How can we as staff help?

All college staff are invited to attend.

Instead we got "The officer sacrificed by immersing himself in a freezing seawater environment." --from The Ragan Report, March 10, 1980.

**RUNNING AGAIN** - Board of Education incumbents Steve Reid and Ed Cooper have announced they'll seek re-election via the June 24 ballot. Reid has been on the Board since 1971 and Cooper since 1976. Each seeks a new 4-year term.

**BOARD MEETING** - Budget development and a tuition increase head the agenda of tonight's Board of Education meeting. Open to the public, it begins at 7:30 in the Boardroom. Up for consideration is a proposal for a \$22.8 million budget for next year. It is 16 percent greater than this year and would need a 26 percent increase in local property taxes (less state offsets) to fund it. On May 20, the public will be asked to approve an increase in the LCC tax base from \$5.9 million to \$7.9 million. If that request is rejected, the June 24 ballot will carry requests for \$1.7 million on an A ballot and \$338,879 on a B ballot. The latter two amounts are beyond the existing tax base. Proposed tuition increases for next year include \$22 per term for full-time credit students, \$110 per term for out-of-state and foreign students, and \$3 per class for adult education students. At these rates, tuition next year should generate an additional \$457,000 in revenue.

**IMPACTFUL TEACHING** - Every activity in use in teaching is presumed to have some influence for learning. Deciding which activity has the greatest impact is the subject of an innovation abstract, "Choosing Learning Activities for Greater Impact," now available at instructional departments and the Staff Development office.

**STILL GROWING** - A new Spring Term enrollment record is forecast by Registrar Bob Marshall. As of last Friday, enrollment was 167 full-time equivalent students ahead of spring 1979. By the completion of registration this term, he expects the old record to be beaten considerably.

**FACULTY MEETING** - A meeting for all contracted faculty is scheduled for Thursday at 3 p.m. in Forum 308, to discuss opening negotiations for next year's contract. The discussion will include the LCCEA bargaining committee and Al Hein, chief negotiator.

**GUIDE AVAILABLE** - An updated version of the LCC "Staff Member's Guide to Placing Public Service Announcements in Lane County Radio and Television" is now available at the Community Relations office. Copies have been sent to instructional departments. Those who need a personal copy may pick one up at the Information Window, first floor Administration.
