**BOARD/BUDGET COMMITTEE MEETINGS** - LCC's Board of Education meets in the Boardroom Wednesday night at 7:30, then at 8:30 becomes part of the college Budget Committee meeting. Both are open to the public. The Board agenda includes a report on rezoning of the college district, a college financial report, an affirmative action report, discussion of the college long-range plan, and approval of new courses and personnel actions. The Budget Committee will hear the annual budget message of the President and begin a review of next year's proposed budget. Those who'd like to read the Board mailing may inquire at the office of the Assistant to the President.

**LONG-RANGE PLAN** - Some 8 goals appear in the college's latest draft of its long-range plan. In priority order, they are: (1) to investigate and increase productivity in all areas of the college; (2) to improve the effectiveness of all staff members; (3) to improve the economic stability of the college; (4) to explore methods by which educational services can be conveniently offered to all residents of the district; (5) to concentrate on the establishment of a strong curriculum development capability; (6) to develop, implement, and maintain a continuing, comprehensive public information program which maintains the college's image throughout the district; (7) to improve information processing and reporting systems; (8) to improve the quality and quantity of physical facilities. To read the full report, inquire at the Facilities Services office in the Campus Services Building.

**GOOD SHAPE** - Eight months into the fiscal year, the college's financial picture looks good, Dean of Administrative Services Bill Berry reports. Lane County property tax collections are approximately 5 percent slower than last year. The attempt to build a \$750,000 cash carryover for next year's budget is moving along well, with most of that already assured.

RE-ENTRY - The following poem was presented to Jean Conklin and Lynn Marx for "patience and understanding of one confused and bewildered person and their support of same" during the Women's Re-Entry Workshop held at the Downtown Center during the week of February 25-29:

#### THE BIG STEP

When this workshop was still only "someday"  
There turned out to be this beautiful Sunday  
And I found two dozen reasons why I couldn't face Monday.  
It was going to rain and be very bleak  
I needed to clean the house that week  
My legs would ache, my head would spin  
I'd get a bad cold, I had nothing to win.  
Then thanks to three mischievous "they think they're cute" teens  
They destroyed my reasons, even ones in between!  
So Monday came and I thought I'd just rest,  
But those same "cute teens" yelled "Mom, get dressed!"  
And away I went despairingly slow  
Dreading the day, that I had to go.  
For hours it seemed I walked down that hall  
Summoning my courage to face you all  
But the week's nearly over, our visits are done  
Now I find I dread, just as much, going home.

Thank you,  
Sincerely,  
Wilma Huggins

**MOST DEPARTMENTS GROWING** - The projected FTE student gain of 1,277 this year is spread among most instructional departments, according to a study by Juanita Foellinger in the Office of Instruction. Division A grew by 215 FTE, Division I by 321 FTE, Community Services by 706 FTE and Instructional Services by 35 FTE. Big gains included 319 in ABE/ESL, 220 in Adult Education, 104 in Business, 98 in Special Training Programs, 85 in Mathematics, 68 in High School Completion, 51 in Data Processing, and 50 in Language Arts. Cooperative Work Experience grew by 52 FTE, though the gain was credited to participating departments. The only drop in credit programs is in Mass Communication, which is 4 FTE behind last year.

**AFFIRMATIVE ACTION** - The Office of Instruction has completed modification of its affirmative action goals. It now has four main objectives. Because there are no minorities among the 38 instructional administrators, an attempt will be made to hire at least one minority in the next 5 vacancies. Because there are only 8 females among the 38 instructional administrators, an attempt will be made to promote or hire at least 3 women among the next 8 appointments. Because several departments are comprised totally of Caucasian staff members, an attempt will be made to hire 2 or 3 minority faculty members in the next 10 vacancies. Because some departments are either all male or all female, an attempt will be made to hire 3 or 4 opposite sex staff members in the next 10 vacancies.

**CETA** - Lane County CETA is currently seeking qualified applicants for funding under a recently established addition to the CETA Title IV Program: Youth Community Conservation and Improvement Projects (YCCIP). Request for Proposal Packets are available from Rose in Personnel Services. All proposals must have your dean's approval and be returned to Personnel Services no later than April 15. Projects are scheduled to start in October.

**FRIDAY FILMS** - Free films will be shown Fridays at noon, April 11 through May 2, in Math and Art 240. Student Activities reports that 4 primary and 3 alternative selections are tentatively scheduled. These are: "The Uncommitted Man--The Sociopath," "Blindman" (theft, rehabilitation, honor), "Design for Survival" (conservation), "Games--Equal Employment Opportunity," "Conflagration" (disaster, fire), "The Everglades and After" (disaster action and preparedness), and "Two Centuries of Service" (military history).

**KLCC** - Today's topic on Community Access at 12:40 p.m. is "Going Crazy in the 80s," with Rick Kunnes, psychiatrist and general secretary of the New American movement.

**NUMBER, PLEASE** - Security and Communications reports that some departments are sending out brochures with old, 3-digit phone numbers on them, creating problems for the switchboard and unnecessary delays in forwarding calls. Departments are requested to please be sure their brochures are updated with correct phone numbers before sending them out.

PALESTINIAN AWARENESS - Marhaba (Middle East American Relations Helping Americans Become Aware) will hold a 3-day conference in Eugene April 11-13. Marhaba is a group of Americans and Arabs formed to promote understanding in this country of the Palestinian experience and viewpoint. Their conference will focus on causes and consequences of the Palestinian issue; speakers will include Alexandra Johnson, former vice-consul at the U.S. Embassy in Jerusalem, and Terre Fleener, an American who served 20 months in an Israeli prison on charges of espionage. The conference will include cultural exhibits, entertainment, cooking demonstrations, an Arabian dinner, and a bazaar featuring Palestinian crafts. All events except the dinner will be held at Amazon Community Center, 2700 Hilyard; the dinner will be at the Emerald Baptist Church, 19th & Patterson. **WE'RE REZONED** - The LCC Board last night made the five college zones more equal in population by moving the outskirts of Eugene into the rural zones. Zone 1, west Lane, adds parts of Bethel and River Road. Zone 2, north Lane, picks up Santa Clara and Willakenzie. Zone 3, east Lane, includes Springfield, so it stays about the same. Zone 4, south Lane, absorbs a chunk of Eugene's south hills. And Zone 5, formerly School District 4-J, shrinks to the core area of the city. L-COG, which structured the new zones, says they're within a thousand or two of being equal in population. The 1980 census results will bring further zone changes.

**FOURTH UNION** - LCC's Board of Education has recognized the Part-Timers Association as the fourth collective bargaining unit on campus. The state Employment Relations Board will be asked to make a unit clarification, meaning a decision as to those eligible to be in the union. Then the college and union representatives will negotiate a contract. About 60 to 70 teachers apparently will be eligible for membership. Spokesman for the group has been John Duncan of Study Skills.

**HOLDING THE LINE** - Art Tegger, Faculty Association president, told the Board of Education Wednesday night that his group will forego its right this year to renegotiate salaries. That right apparently accrued because the cost of living increase exceeded 12.5 percent. Tegger says faculty members don't want to be in the position of saying to their neighbors: "We're sorry you're out of work; we want more money." He asked that the Administration continue to work with the Association "to avoid using retrenchment as the first line of budgetary defense. Candidly, I don't think anything would so violate the spirit of what we are announcing tonight, or make the faculty more militant." He invited the Management Group, which is informally negotiating salaries for next year, to "follow our leadership."

**REELECTED** - All three officers of last year's college Budget Committee were reelected Wednesday night to serve again through this year's budget process. Edna Wooten is chairperson, Ken Parks is vice chair, and Jim Pitney is secretary. The Committee will meet at 8 p.m. in the Boardroom on each of the next two Wednesday nights to continue the review of the proposed budget for next year. Financial Services Director Verne Whittaker is conducting the tour through the numbers.

**LEARNING** - Ways to help students in the lower third academically to learn are described in a new innovation abstract by K. Pat Cross, "New Education for the New Student." She advocates teaching skills that deal with working with people, things and ideas and offers a checklist of conditions for effective learning. Instructional department heads have copies, as does the Staff Development Office.

**READING** - A simple method for "Determining the Readability of Your Teaching Materials" is described in an innovation abstract by that title. Read it at the office of instructional department heads or in the Staff Development office. The abstract details the method developed by Edward Fry at Rutgers University.

**NEW COURSES** - Several new courses have been added to the curriculum, including: Microcomputers (Business Applications), Dictation Procedures, Electronic Typing, and Pantomime.

**GRILL THE DEAN** - All staff are invited to an open session with Deans Jack Carter and Gerry Rasmussen Wednesday, April 16, from 3 to 4 p.m. in the Boardroom. Both deans have agreed to use the time to respond to staff questions and concerns. This would be a good opportunity to follow up on questions generated by the State of the College Session.

**SUMMER EXCHANGE** - If you have been considering a summer exchange, you may be interested in registering with the Faculty Exchange Listing Service. Call or stop by the Staff Development Office for a registration form and further information (ext. 2260).

**RESIGNATIONS** - Two LCC faculty left the college during March: Nicola Foster, Health & P.E., has opened her own dance studio in Eugene, the Creative Institute of Dance; Florence Mambourg, formerly Coordinator of the Nursing Laboratory, Health Occupations, has taken a position as Inservice Director for McKenzie Willamette Hospital.

**HEALTH OCCUPATIONS REMINDER** - The application deadline for fall term admission into the Dental Assisting program is May 9; the deadline for the Respiratory Therapy program is June 25. Application packets are available in the Admissions office and the Downtown Center.

**ARCHIE** - Bring your insurance questions to Archie Zarewski in Personnel Services Tuesday, April 15, at 11 a.m.

**COMMUNITY ACCESS** - Today at 12:40 p.m. on KLCC, three Oregon printmakers discuss the world of printmaking.

# THE DAILY

Fourth Week of Spring Term  
FRIDAY  
April 18, 1980

Published for the staff of Lane Community College.  
Deadline for contributions is 2 p.m. on the day before publication.  
Editor/Coordinator: Jeannine Ferguson, ext. 2201

**PROPOSAL APPROVED** - The Administration's suggested \$22.8 million college budget for next fiscal year was approved Wednesday night by the Budget Committee. If resources can be found, however, several members urged that the \$250,000 capital outlay fund be increased as much as possible. The Board of Education will consider the suggestion further at one of its spring meetings. The approved total budget is 16 percent greater than this year, in recognition of inflation and enrollment growth. Property taxes needed to fund the budget total \$7.9 million and that amount will be placed before voters May 20 in the form of a request for an updated tax base. The owner of a home assessed at \$55,000 would be asked to pay an estimated \$10 additional next year for LCC.

**ATTENTION PART-TIME FACULTY** - The Part-Time Teachers Association will hold a meeting today at 4:30 p.m. in the Fishbowl at the EMU, U of O campus. All part-time faculty are invited to participate in the development and focus of our newly recognized bargaining unit.

**TAPES RESCHEDULED** - Two videotape showings by the Women's Center have been rescheduled for Monday at 2:40 p.m. in Center 9. The two 15-minute tapes, "The Rise of Rolag" and "Judge Me, Not My Shell," explore the process and effect of making appraisals of people based on group membership (e.g., female/male, black/white).

**IDEAS?** - Do you have an exciting workshop or course that you hope to see offered fall term? If so, the deadline for submitting that proposal is May 1. The May meeting of the Curriculum Committee is the final meeting until fall. If you have questions or need assistance with a course or workshop proposal, call Mildred Holly at ext. 2544.

**BIRDWATCHING** - Bruce Wilson, Science, will lead a birdwatching field trip in the area around the LCC campus this Saturday beginning at 7:30 a.m. Anyone is welcome to take part. Birds such as water fowl and spring warblers are likely to be seen. Binoculars, if you have them, will add to your enjoyment. If interested, come to the west parking lot, near the flag pole, tomorrow morning. The field trip will last until about 11 a.m., but participants may come and go as they please. There is no cost for the field trip, which is sponsored by the Lane County Audubon Society.

**FROM THE RENAISSANCE ROOM** - Calling all bosses, managers and supervisors! Now is the time to honor your secretary. The week of April 21-25 is declared "National Secretaries Week." We suggest that you treat your secretary to a delightfully delicious lunch in the Renaissance Room. Either present this special person with one of our Gift Certificates or accompany her or him to the Renaissance Room. Call the Home Economics office at ext. 2519 for reservations and information about purchasing Gift Certificates. Your secretary will be presented with a complimentary "Mocktail" and a special favor for the occasion.

**PLURAL OR SINGULAR** - There's a tale about a New York newspaper publisher of antiquity who insisted that the word "news" was plural. He would wire the paper from his yacht offshore to ask: "Are there any news?" One time, a newsroom was wired back, "No, not a single new." Some days, one almost can say that the "new" is singular in your Daily. Please use the space, in the plural. We can print items about marriages and babies, etc., as well as official stuff. Send a note to The Daily, ADM, or call us at ext. 2201.

MORE FROM THE RENAISSANCE ROOM - Join us for a Southern Specialty on Tuesday, April 22. For starters, sip a Citrus Collins, a healthful common-cold stopper consisting of blended citrus juices. The Special is Chicken Jambalaya, a delicious Creole chicken dish consisting of smoked sausage, sauteed green peppers, onions, celery and garlic combined with stewed tomatoes and seasoned rice and served with fresh, steamed asparagus. Naturally, your Special comes with a choice of our Special House Salad or a bowl of piquant Shrimp Bisque. For dessert, we'll be serving Jean Lafitte's favorite pie--Black Bottom Pecan Pie, flavored with bourbon and enhanced with chocolate chips for those chocolate lovers. C'est si bon! See y'all! (Price: \$3.25)

VOLUNTEER WEEK AT KLCC - National Volunteer Week (April 20-26) is an event KLCC would like to see celebrated every week of the year. With an operational staff that includes some 70 volunteers, it's easy to see why. KLCC is among very few stations around the country that uses volunteers from the community in most phases of operation. "Volunteers do everything from programming music to reporting news and producing public affairs features," says Program Director Sam Hochberg. One volunteer, M'Lou Zahner-Ollswang, was honored last month with a national award for Excellence in General Cultural Programs for her "Diner's Casebook" series. She competed against over 300 entrants, most of them "professional" public broadcasters, for ten awards. Some of KLCC's volunteers who have gone on to careers in commercial radio are Barbara Matt and Sue Ouderkirk of KASH/KSND, Tracy Berry, Ric Braun, Craig Thorne and Johnny Etheridge of KATR, and Barbara Dicker, now Executive Producer for talk radio programs at KAYO in Seattle.

PRESIDENT NAMED - The Rogue Community College Board of Education last Wednesday named Dr. Howard D. Sims, currently president of Highland Community College in Illinois, to succeed Henry Pete as RCC's president. Pete is retiring in July after nine years as president at RCC.

**BOARD** - Mostly housekeeping matters are on the agenda for Wednesday night's meeting of the Board of Education. A supplemental budget reflecting increased enrollment will be considered, a metal lathe and an optical mark reader are up for purchase approval, an auditing firm is to be appointed to review the budget, and a discussion of the long-range plan is scheduled. Open to the public, the meeting is to begin at 7:30.

**LEARNING** - We learn in relation to our own experiences, past and present. We cannot interact with what we do not know. But, for learning to occur, interaction is crucial. To read more about "Building a Theory of Learning," ask for an innovation abstract by that title at instructional department heads' offices or the Staff Development Office.

**VOTING PATTERNS** - Oregon school districts fared better at the March 25 election than in recent years, according to the State Department of Education. Nearly 80 percent of the "A" ballots were approved across the state. Some 42 percent of the "B" ballots were approved. In districts which had both types of ballot measures, both measures passed in half the cases, a third had split decisions, and a fourth of the districts rejected both. The community college record was 4 wins and 1 loss.

**TOP TEACHER** - Freeman Rowe, Biology, is LCC's 1980 Outstanding Instructor of the Year. "Considering all the great people who work at LCC," said Rowe, "it's really a great honor." He will receive a plaque at the May 14 Board of Education meeting. At LCC since 1967, Rowe was part of the 1978 League for Innovation summer study in the Mohave Desert. He has taught the popular Natural History of Baja class the last two Christmases in Mexico, following a professional development leave in that area in 1976. For the past five summers, he has taught Plants of the Willowa Mountains for Eastern Oregon State College. His long list of memberships includes the Mt. Pisgah Arboretum Society and the National Mycological Society. He was selected Tuesday from a list of student-staff nominees by a committee which included three past winners of the award: Sheila Juba, Language Arts; Leland Halberg, Mathematics; and Jay Marston, Science. Also on the committee were Gary Wilson, student; Pat John, Study Skills; Jim Piercey, associate dean, and Larry Warford, assistant to the dean of instruction.

**"A GREAT LOSS"** - The death Tuesday morning of diesel instructor Merle K. Ragland was termed "a great loss to the Mechanics Department" by Howard Dull, department head. He described Ragland as a high caliber teacher who had been in heavy equipment-truck repair almost all his life. Ragland joined the LCC staff as a CETA employee in 1971 and became a contracted employee the next year. At 66, he was working on a one-year post-retirement extension and was recently approved by the Board for a second extension. He was stricken in the shop Tuesday when a blood vessel near his heart burst. Services are pending.

**AWARDED** - The Respiratory Therapy Program and the Data Processing Department were awarded a Community Service Award by the Oregon Lung Association at its West Central Region Annual Meeting on April 19. The two programs contributed volunteer help to the Oregon Christmas Seal Run last October; Data Processing computerized the race results and Respiratory Therapy volunteers monitored the course and helped with promotional activities. Lung Association Regional Director JuneAnn Konker called the contributions of the two departments "outstanding."

Contact Jim Brooks, ext. 2379, for more information.

**KLCC SPECIAL** - This evening from 7:30-8 p.m., KLCC begins a six-part report on teenage pregnancy: why teenagers become pregnant, what their options are once they do, and how society views this problem. Part I gives an overview of the subject, examines the availability of birth control information, and asks teenagers about their pregnancies.

**COMMUNITY ACCESS** - Today at 12:40 p.m., KLCC presents "Back to Barter," with Vicki Stea of the Community Energy Bank.

**TRYING AGAIN** - The issue of increased funding for Oregon's community colleges toward next year's budgets goes before the Legislative Emergency Board today and Friday. Because of higher than anticipated enrollments, the State Department of Education requested \$4.8 million at the E-Board's March meeting. That was rejected and a compromise plan suggested by Senate president Jason Boe. It would provide limited funding only for those colleges which exceed next year's appropriated enrollments by 6 percent or more. The Boe plan was defeated last month, but pops up again this week with the State Board and the community colleges supporting it. LCC had the largest enrollment gain in the state this year and stands to get the largest bite of the new money, if any is approved.

**WHAT DO YOU NEED?** - The tentative Fall Staff Development Schedule is available in all departments. Please review and notify the Staff Development Office of any potential conflicts or problems. Our extension is 2260.

**WHAT YOU CAN OFFER** - The Staff Development Office invites requests from all staff on possible topics for workshops and activities. Examples of recent requests: (1) Information on values and educational experience of the different groups of foreign students. (2) Effective use of work study help. (3) Time management and organization techniques for individuals. We also invite staff who have specific expertise and information relating to the theme of Facing Change Together, to tell us of your interests. We are looking for in-house resource people for next year. Our extension is 2260.

**GROUPING** - Teachers interested in breaking their classes into small groups may find help in a new innovation abstract, "A Strategy for Forming Groups." Read it in department heads' offices or at the Staff Development Office.

**EMPLOYMENT OFF CAMPUS** - Not all the approximately 600 people on work-study are employed on campus. Some 67 during winter term worked at 35 different agencies off campus. Employers ranged from Pearl Buck Center to Eugene YMCA to Eugene Public Library and American Red Cross. The off-campus students were paid a total of \$28,612 or an average of \$427 each. Participating agencies paid 25 percent of the cost.

**GROWING USAGE** - The Board policy which permits citizens 62 and older to take classes tuition-free is attracting a growing number of retirees and near-retirees to LCC. This year, 1,863 people signed up for Adult Education classes. That's a 30 percent increase over last year. And 277 people this year enrolled in credit classes, a 49 percent increase. Tuition waived this year was worth \$66,776. The numbers were generated by John Wilson and the Information Services staff.

**FROM THE LIBRARY** - Four members of the library staff--Cheryl Coleman, Don Ownbey, Mitch Stepanovich, and Kathy Wiederholt--attended the Oregon Library Association annual meeting, April 17-19 in Bend. Don Ownbey was appointed as Parliamentarian for the Oregon Library Association for 1980-81.

**BLOODMOBILE** - It's time for the Lane Memorial Blood Bank Bloodmobile again--May 1, 1 to 4 p.m. Be sure to call Student Health at ext. 2665 to make an appointment to donate. See you there.

**BROKEN PHONES** - The following is offered by the Electronic Maintenance Services Department (EMS) as clarification of what to do if your phone doesn't work: (1) When a desk phone becomes defective, return it to EMS for exchange. All the desk phones are designed for ease in connecting and disconnecting them from the line. The EMS secretary will make and record the exchange. (2) If this exchange doesn't correct the problem, call the EMS secretary to make an appointment with a technician. (3) When a wall phone doesn't work, contact the EMS secretary to make an appointment with a technician to correct the problem. (4) If the telephone is a key set (one with lighted buttons), contact the switchboard and they will call Pacific Northwest Bell for repairs. (Electronic Maintenance Services is at ext. 2368.)

A reception tomorrow evening from 8 to 10 p.m. will kick off the exhibit. Gallery hours are 8 a.m. to 10 p.m. Monday through Thursday and 8 to 5 on Friday.

**KLCC EARScape** - Tonight from 8:30 to 10 p.m., a special NPR-produced program, "Edward R. Murrow," reviews the life of one of America's most respected broadcasters.

**SUMMER CLASSES ARE ON** - The Office of Instruction wants to nip in the bud a rumor that LCC will not be offering classes this summer. LCC will be offering classes, some 500 sections in fact. Adult ed, too, of course. The 1980 summer session will begin June 16. Three 4-week sessions, one 8-week session, and a 12-week session will be offered. The class schedule will be available on campus Tuesday, May 27.

**FOLLOW-UP** - One-hundred sixteen people heard information on LCC's budget at the 1980 State of the College Session. A tape of the message is now available in the Library for students and staff....Twenty-six people participated in the grilling of Deans Carter and Rasmussen last week. Among topics discussed: facilities planning; national trends in student enrollment; compressing registration; and discounted tuition at the U of O for LCC staff. Both Carter and Rasmussen are looking forward to more sessions next fall.

**UNIT DEFINED** - The LCC Part-Timers Association asked the Board of Education Wednesday night to approve its proposed unit definition instead of having the Employee Relations Board do that chore. The Board agreed and designated those who teach 12 or more credit hours in a single term or who teach credit courses for two terms in a given academic year as eligible for membership in the union. Up to 143 teachers are said to meet those requirements.

**WHAT DO YOU NEED?** - The tentative Fall Staff Development Schedule is available in all departments. Please review and notify the Staff Development Office of any potential conflicts or problems. Our extension is 2260.

**WHAT YOU CAN OFFER** - The Staff Development Office invites requests from all staff on possible topics for workshops and activities. Examples of recent requests: (1) Information on values and educational experience of the different groups of foreign students. (2) Effective use of work study help. (3) Time management and organization techniques for individuals. We also invite staff who have specific expertise and information relating to the theme of Facing Change Together, to tell us of your interests. We are looking for in-house resource people for next year. Our extension is 2260.

Eight teams from county high schools and junior highs participated in mathematics competition, with Junction City High emerging as the overall winner. A special thank-you goes to Performing Arts, Community Relations, and Media Productions for their help. Watch your T.V. and newspapers for information on the Math Department's outstanding promotional activities next year.

REMINDER - All interested persons are invited to attend an Aviation Maintenance Open House today from 9 a.m. to 3 p.m. in the Mechanics Department. Participants will see students in action, learn about the need for licensed mechanics in the aviation industry and how LCC can provide the knowledge to obtain a license, and see a Blue Angels film entitled "Threshold."

**ELECTED** - Bob Way, CWE director, has been elected to a one-year term as vice president of the 1,200-member national Cooperative Education Association. Part of Bob's job is to be in charge of the program for the group's April 1981 national conference in Boston. The organization includes members from public and private 2 and 4-year colleges and universities and a few employers. Bob says the Boston Marathon is scheduled to be run past the conference meeting site at the same time part of his programming is to take place.

**NO MONEY, PROBABLY** - The hope that LCC would get something in excess of \$400,000 from the state for overrealized enrollment may not be realized. The Legislative Emergency Board for the second time has turned its back on the request, though leaving the door open for a third try. However, the votes don't appear to be there.

**INELIGIBLE** - Community college and education service district employees are not eligible to serve on their governing boards, says the Oregon Government Ethics Commission. The law doesn't specifically mention the two type of employees, but they are covered by the doctrine of incompatibility of public offices, since one office is directly subordinate to the other. The same argument was offered earlier in Attorney General Opinion No. 7532. The Ethics Commission position was stated in an April 8, 1980, letter from Executive Director Betty J. Reynolds to Associate Superintendent Milt Baum of the State Department of Education.

**IMPROVING STUDY MOTIVATION** - Before reading, think about the purpose of the assignment and take time to set favorable conditions for concentration. During the study, take short breaks to avoid mental fatigue. Interested in further details? See Study Tips No. 6, "How to Create a Positive Mental Attitude and Learn More When You Study," at the LCC Testing Office.

**NEW ABSTRACT** - "An Oblique Approach to Change" is the title of a new innovation abstract by John E. Roueche. It's available at department heads' offices and the Staff Development Office. Roueche thinks out loud about the role of helping students change behavior.

**WORKSHOP POOL** - If you're interested in attending the Secretarial Stress Workshop on May 8, please contact the Staff Development Office. There is a discount for groups of four or more from the same institution. So far we have one person from Counseling and would like three others. The workshop is at the Rodeway Inn. Call Staff Development for further information at ext. 2260.

**CORRECTION** - The Daily has received word that the Oregon Community College Association erred in reporting Treasure Valley CC's tuition at \$180 per term for next year. OCCA now says TVCC tuition will be \$150 per term next year. Umpqua CC, at \$170, will have the highest tuition, with LCC right behind at \$165.

**TAX BASES** - Besides LCC, Mt. Hood and Rogue CC will have tax base proposals before voters at the May 20 election. Mt. Hood wants to raise its base from \$2.6 million to \$5.9 million and Rogue wants a hike from \$722,000 to \$1.63 million.

**GREAT EXPERIENCE** - Jim Piercey has received a letter from Costa Kostov, the Yugoslavian sculptor who exhibited in LCC's Gallery in late March, thanking everyone for their hospitality. He is now back in Zadar, Yugoslavia, but says that his spirit and soul are still in America. He concludes by saying his visit was the greatest experience of his life.
