MARK YOUR CALENDAR - Next Tuesday is Women's Day at LCC, sponsored by the Women's Awareness Center and ASLCC. Scheduled activities include a panel discussion on abortion, 10 to 11:20 in FOR 308-9; a performance by the Wallflower Order Dance Collective in Rm. 101 Aux. Gym; acoustic music in the cafeteria from 1 to 2:30; and information tables in the north outside corridor of the Center Bldg. from 11 to 1. The day is planned to focus on contemporary issues for women, women's organizations and art. For more information, call Jim Pilon, ASLCC, ext. 2332, or the Women's Center at ext. 2353.

COMPUTER WORKSHOP - Bakersfield College and the League for Innovation have received a \$117,000 grant from the National Science Foundation to conduct a four-week workshop on instructional computing in the community college. The project is designed for full-time League community college faculty in physical sciences, life sciences, engineering, mathematics and social sciences. No previous background in computer use is required. The workshop, scheduled for June 15-July 10, 1981, will instruct participants in assessment and adaptation of computer programs for their own instructional use, and development of their own CAI materials. Participants will be paid a stipend and receive partial living and travel expenses. Application deadline is Dec. 15. For more information and an application form, contact the project leader: Robert D. Allison, Chairman, Physical Science Dept., Bakersfield College, 1801 Panorama Drive, Bakersfield CA 93305. Further details are in the Sept. 1980 issue of Jottings.

PAYING ATTENTION - If you'd like to read a conversational--rather than research-oriented--report on student retention, spend a few minutes with "Changing Organizations: To Reflect a Vision," by J. Victor Baldridge of UCLA. It's the latest Innovation Abstract and is available at instructional departments and the Staff Development office. Baldridge says there is lots of material available on retention, and the techniques work. But, for various human reasons, people don't implement them. He offers suggestions for overcoming the roadblocks.

NEW HOURS - The Career Information Center will be open these hours throughout fall term: Mondays, 8 a.m. to 8 p.m.; Tuesdays, 8 to 5; Wednesdays, 8 to 5 and 6 to 8; Thursdays, 8 to 6; and Fridays, 8 to 5.

THEY WANT CARS - The Mechanics Department needs your car with brake, clutch and tune-up problems. Contact Michael Bailey, ext. 2388.

HOW'S YOUR BODY? - If it needs help, consider Pat Williams' morning exercise class--every Monday-Wednesday-Friday at 6:30 a.m. It's a great day starter, and can be taken for a grade, pass/no pass, or audit. For more information, call Pat Williams at the Downtown Center, ext. 7523.

FRIENDS OF HOSPICE - "The Child in Sickness and Dying" will be the discussion topic at the Tuesday, Oct. 7, meeting of Friends of Hospice. The meeting will be held at the Eugene Hospital & Clinic, 1162 Willamette, conference room #3, at 7:30 p.m. Dr. Larry Fickenschner, a specialist in the area of pediatric oncology, will be the guest speaker. All interested persons are welcome to attend. Further information is available by calling Beth Paris, 484-9404, or Cynde Leathers at ext. 2533.

DID YOU KNOW? - The dollars you give to United Way stay here in Lane County to help you, your friends, and your neighbors.

First Week of Fall Term

THURSDAY

October 2, 1980

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.

INSERVICE FOLLOW-UP - Lane Community College is committed to Staff Development; is the staff committed to Lane Community College? Sixteen workshops, two tours and one key-note session were attended by a duplicated head count of 381. Workshops and tours attracted 256 and the keynote session interested 125. The approximate cost of Inservice is \$30,000 per day and an estimate of \$3,000 in time and materials from the SD office. So our Inservice cost over a quarter of a million dollars. Did you get your money's worth?

REMINDER - If you dial a personal extension at the Downtown Center and that person is not at his/her desk, the phone will not be answered. To leave a message, call back on 7512, 7531, 7532, or 7533. Also, please remember that you cannot transfer an outside call to the Downtown Center. Instead, ask the caller to dial direct to 484-2126. When you try to transfer the call, the call is lost as soon as you hang up.

MID-MONTH DRAWS - If you are a member of the classified bargaining unit and would like to receive a regular, monthly mid-month draw pay check, come to the Personnel Office by October 15th and sign up. Requests to stop mid-month pay checks will also be processed during this period only. Contact Marion or Nancy for sign-up forms.

HEY, HEY! - Barbeque Day is Friday, October 3, on the patio outside the Snack Bar area. There will be chicken, ribs, corn on the cob, baked beans, and a variety of salads and beverages. Plan on attending. Serving time is 11-2:30 p.m.

THE DEBATES COME TO LCC - LCC staff and students are invited to attend, tonight, the first in a series of debates between candidates on the November ballot. Tonight's debate is between City Councilor Scott Lieuallen and real estate agent Jim Hale. The two are contenders for the North Eugene seat now held by Archie Weinstein who is vacating the position. KLCC news director, Iris Dudman, says the candidates can be expected to debate issues such as bike paths, community support for the arts, zoning, and land use plans as they relate to economic development. You may address questions to the candidates in the Boardroom, second floor of the Administration bldg., at 7:30 p.m. In addition to questions from the audience, candidates will be questioned by a panel from KLCC, KVAL-TV, and the Willamette-Valley Observer. Co-sponsoring the debates are KLCC, The Observer, the League of Women Voters, and local neighborhood associations. KLCC is at 89.7 of your FM dial.

BROWN BAG BIBLE - A new course called Brown Bag Bible will be offered by LCC Campus Ministry every Friday this fall term, noon til 1:00, in Apprenticeship 214. The approach will be introductory and will touch on such topics as the historical settings and development of the scriptures; literary genres and styles; the formation of the Old and New Testaments; and selected themes. Norm Metzler, a Lutheran minister, and Jim Dieringer, a Catholic priest--both chaplains here-- will teach the course. Students and staff are welcome. Bring your bible.

COMMUNITY ACCESS - KLCC reporter John Cooney will interview Live Matinee, a comedy-satire group.

*****FROM STAFF DEVELOPMENT...**

Reaction to the Inservice Follow-up in Thursday's Daily: We really intended only to raise a question on inservice. We are very pleased with the turnout and people were generally satisfied with the program. Pat John, Study Skills, best captures the reactions:

"I must express my objection to the paragraph in the Daily of Oct. 2 relating to the level of participation of the staff in in-service.

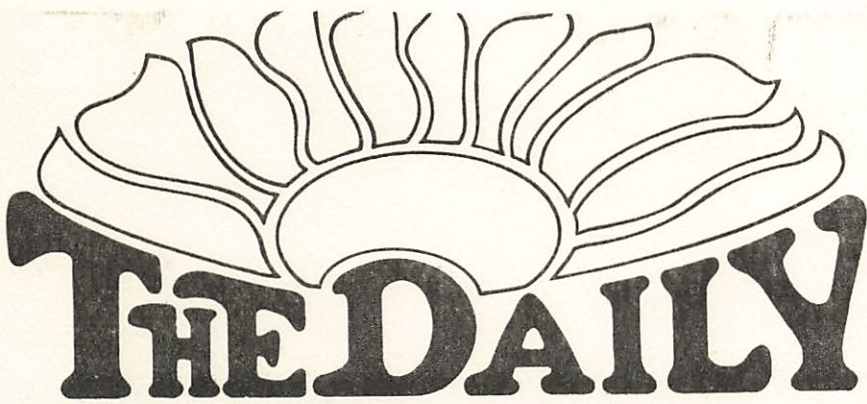

The implication was that inservice only occurs in workshops provided by staff development, and that if one does not attend those, one is not committed to Lane Community College. In my own department, staff were working very hard: some attended workshops; some trained others to teach a new class; and others held dept. meetings. No one was showing signs of not being committed to LCC.

The circulation of that Daily to the general public could be quite destructive to the image of LCC, and in my opinion, is quite misleading in its description of the general level of activity happening here.

Please keep in mind that the workshops were advertised as voluntary, and therefore you must accept the fact that some do not volunteer."

Thanks, Pat, and to those of you who shared your concerns with us.

Second Week of Fall Term

TUESDAY
October 7, 1980

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

DEAN RASMUSSEN RESPONDS - "Since the Daily chose to ask a question, "Did you get your money's worth?", I assume it wanted an answer. In any case, many department heads expressed agreement with Ron Mitchell's answer to that question and requested that I respond to the Daily on their behalf. The answer is yes! There was a great deal of useful and exciting staff development work that occurred within departments and also a good deal of staff development occurring as individual faculty prepared for the beginning of Fall Term.

From my own perspective an earlier question bothers me even more. The question was "Is the staff committed to Lane Community College?" The answer is obviously yes. No college, no matter what else it does right, could have justly earned its reputation for excellence unless its staff has a commitment."

FIGURE INCLUDED SALARIES - The Staff Development report on Inservice gave an approximate cost for inservice activities as \$30,000 a day. For those who expressed surprise at this figure-- it should be noted that faculty salaries were included in the total cost.

SCHEDULES TO BE MAILED - In answer to the question some have raised--YES, the LCC Report and Class Schedule will be mailed to district residents Winter Term, as it has been in the past.

INNOVATION ABSTRACTS - All departments have received two Innovation Abstracts from the University of Texas. They are "A Time for Heresy," on self-concept development, and "Classroom Arrangement," on seating patterns. Department heads receive one copy of Abstracts; extra copies are available at the Staff Development office. Abstracts are coded with the following:

<u>Color coding:</u>	Buff--All Personnel	<u>Lower Right-Hand Code Letter for Topic:</u>
	Blue--Faculty	A--Assessing and Evaluating Students
	Green--Counselors	B--Planning and Instruction
	Gold--Administrators	C--Management of Instruction
	Yellow--Special Distribution	D--Personal Effectiveness Skills
	White--Staff Developers	E--Student Skills
		F--Instructional Strategies

Stages of Concern (SoC) Code:

0--Awareness	4--Consequence
1--Informational	5--Collaboration
2--Personal	6--Refocusing
3--Management	

TODAY'S THE DAY - LCC Women's Day includes a panel discussion on abortion from 10 to 11:20 in FOR 308; a performance by the Wallflower Order Dance Collective from noon to 1 in 101 Auxiliary Gym; and information tables in the Center Bldg., north outside corridor. The activities are open to all.

VISITATION - Representatives of Southern Oregon College will be in the cafeteria tomorrow from 9:30 a.m. to 1 p.m.

FREE CONCERT - Tomorrow, October 8, at 4 p.m. in the Performing Arts Theatre, LCC instructor Kate Green, a mezzo-soprano, will perform a varied, pleasant program. A nice way to end your day....

DENTAL TIP - Clint Nelson, former Health Occupations dental instructor, has started his own practice. If you jog past 1604 Chambers, stop in and say hello to him.

KLCC - Tonight from 7:30 to 10 p.m., WOMEN'S NIGHT OUT focuses on country women, country music, and country living. Special guests include a 50-year-old Alvadore farmer, Willamette Valley wine growers, beekeepers, and women mountain climbers.

DID YOU KNOW? - A donation of \$4 per month to United Way of Lane County will help sponsor two children through Wilani Campfire Council for a full year. By giving to the United Way once a year you are helping to support vital human services in our community all year long.

CHRISTMAS SEAL RUN - The LCC Respiratory Therapy Program and Nike of Eugene are co-sponsoring a Christmas Seal Run Sunday, October 12. The event will include a 10-kilometer road race and a 2-mile fun run. Both runs start and finish on the U of O campus, with the course winding through the streets of Eugene. All age groups; refreshments, awards, drawings and free t-shirts to participants. Entrance fee is \$5 (\$6 after October 5) and goes to the Oregon Lung Association. Third Week of Fall Term

TUESDAY

October 14, 1980

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

COMMENDED - The KLCC Advisory Commission has sent to President Schafer a letter of commendation for Gina Ing, Development Director for the station. The letter cites Gina's contributions to improving the station's image in the community, the value of her contacts with staff members at NPR and CPB, and her work on the NTIA grant proposal last spring that brought KLCC a \$92,000 award for equipment. The letter also cites the fact that, in the 22 months since Gina was hired as Development Director, KLCC has raised about 40-45% of its operating budget. In the past, the College has paid about 90% of the total operating budget for the station.

LCC ENERGY PROGRAM RECOGNIZED - The success of the energy conservation program at LCC is the topic of a four-page article in the August, 1980, issue of Specifying Engineer, a monthly magazine that focuses on mechanical and electrical systems for buildings. The article was written by Joel Moss, president of Marquess Engineering of Springfield, the firm that helped engineer the College's energy management system.

GRANT MONEY AVAILABLE - The Oregon Committee for the Humanities has grant money for humanities projects. The preliminary deadline for both regular proposals and film proposals is October 27; the mini-grant (up to \$1,500) deadline is November 10. In addition, OCH awards public fellowships for summer research (deadline January 30), and chairman's grants of up to \$500 for which proposals may be submitted at any time. For further information on proposal criteria and assistance in preparation, contact LCC's liaison representative, Britta Hansen, Language Arts, ext. 2419.

FACILITIES SAYS....Don't call us if you want them! Remember, the Facilities Department (ext. 2567) consists of carpenters, painters, electricians, HVAC, and plumbers. Plant Services (ext. 2564) consists of custodians, grounds workers, ALL other maintenance, and the Motor Pool. If you call and the secretary answers for the wrong department, don't give up; they say sometimes even they can't remember who they work for.

BROWN BAG - The first in a series of brown bag talks sponsored by the Women's Program is today from noon to 1:30 in the Boardroom. Lisa Miller, Director of the Rape Crisis Network, will speak about "Victims of Rape in Lane County;" What happens to them? How does the law protect them? What social and financial services are available to them? How many victims are there? Bring your lunch and sit in on this informative and interesting discussion.

DENALI SUBSCRIPTIONS - The Denali, a student-staffed literary arts magazine, has launched a campaign for survival. Recent budget cuts have left Denali without funds for the 1980-81 school year, and it's a matter of publish or perish! A \$5, tax deductible donation will get you a full-year subscription to the quarterly publication. For more information, contact Libby at ext. 2330, or place your donation/subscription in Denali's mail box in the Language Arts area.

INSURANCE - Did you know you don't have to carry full family dental insurance just because you carry full family health insurance? Nine different combinations of health, dental and life insurance coverage are available to eligible classified, faculty and management employees. You can drop unneeded dependent insurance coverage at any time, but if you want to sign up for more dependent coverage than you have now, you must do so in the Personnel Services Office before 5 p.m. this Wednesday, October 15.

Third Week of Fall Term

WEDNESDAY

October 15, 1980

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

ELECTION ANALYSIS - Eugene and Springfield School Districts--the keys to LCC election success--carried the College to its two levy wins in the September 16 election. An analysis of the precinct printouts indicates that Eugene 4J voted 64% yes on the A ballot and 60% yes on the B measure. Some 74 of 83 Eugene 4J precincts supported the A (89%) and 66 supported the B (80%). Without the latter support, the B would have been defeated, as only 4J, Blachly and Marcola districts supported it. Spectacular highs were registered in the precincts worked by LCC Advocates, including yes percents of 97, 92, 88, 85, 83, etc. Springfield School District voted 53% yes on the A, but dropped to 46 on the B. Support continued to be weak in the rural areas, particularly in Siuslaw School Dist. That area voted 38% yes on the A and 35% yes on the B, with all 5 precincts voting a majority of no on both measures.

ENROLLMENT - Dean of Students Jack Carter advises that Fall Term enrollment, if continued at the same level all year, would produce about 9,500 FTE students. That's several hundred more than budgeted for and well above the 7,512 that the state is partially supporting. The number of full-time students is up about 250 and the number of part-timers is down from last fall. Community Education self-improvement course enrollment is down and enrollment in night classes is down. Math, Science and Social Science enrollments are up. That's as of the second week of classes; the official numbers will be based on fourth week counts.

TONIGHT - The LCC Board of Education meets at 7:30 in ADM 216. On the agenda are an access ramp for the lower levels of the P.E. and P.A. buildings; 3 course approvals; reports on enrollment, accidents, Center Building remodeling, site acquisitions for Construction Tech., and elections; and a resolution opposing Ballot Measure 6 in the November election. The meeting is open to the public.

WHO IS SHE? - This woman starred in "Hello, Dolly!" on Broadway, has been a concert pianist, has written books, went with the Bob Hope show to Vietnam in 1966, co-starred with Bob Hope in such movies as "Boy, Did I Get a Wrong Number" in 1966 and "Eight on the Lam" in 1967 and "The Private Navy of Sergeant O'Farrell" in 1967, is the mother of 5 children, and a popular supper club and tv entertainer. Yep, it's Phyllis Diller, who is the guest at the Development Fund's second annual benefit, "LCC Goes To the Movies II." Tickets to the Saturday, November 8, event at Valley River Inn are as close as your phone. Call Lyle Swetland or Pat Williams at ext. 7522 or 7523. Prices per couple are \$100, \$500 or \$1,000. Proceeds go to support student and staff projects which have been turned down everywhere else.

OFF AND RUNNING - The United Way campaign at LCC is about to pick up steam. Co-chairs of the campaign, Bert Dotson and Vivian Frelix-Hart, have assigned the following captains: Cherry Taylor, LCCEA; Loretta Daniel, DTC; Mitch Stepanovich, LCCEF; Diane Dann, Management; and Al Owens, Siuslaw Area Center. The goal for this year's drive, to be met by Nov. 15, is \$10,000--about \$1,500 more than last year's goal. United Way donations are tax deductible.

CLASSROOM CLIMATE - The latest innovation abstract describes an instrument which is available to help instructors measure and respond to various dimensions of the classroom environment which are known to affect student performance. Copies of the abstract are available at offices of instructional department heads. Ask for "Measuring Classroom Climate to Improve Teaching Effectiveness."

REMINDER - All new employees planning to attend the New Employees Seminar on Oct. 21 should call Personnel, ext. 2583, by tomorrow, Oct. 16, to reserve your space and lunch.

CONGRATULATIONS! Carmen Baraoidan of the Financial Aid office is the mother of a new baby girl born yesterday morning. The baby weighed 7 lb., 6 oz. at birth, is 20 inches long, and is named Maile Kaila-Nicole in honor of her Hawaiian heritage. She is Carmen's first child.

Third Week of Fall Term

THURSDAY

October 16, 1980

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

SWEET SIXTEEN - LCC will have existed for 16 years as of October 19, 1980. The election approving establishment of the college was held that long ago. Classes, however, were begun on July 1, 1965. (This is the final word because Bert Dotson and Larry Romine insist that they were there all night when the founding election was held and waited for rural paper votes in locked boxes to roll in through the dawn.)

LIMIT - The proposed new tax base for LCC on the November 4 ballot would keep property tax increases for the College 4 percent BELOW the average increases approved by voters over the last 7 years.

WINNERS - Numbers may trip up some of us, but not members of the Mathematics Department. They've gone 7 years and 6 months without an on-the-job accident, reports Bill Mansell, who administers the College safety program. Other departments doing better than average: Study Skills, 3 years 9 months; Home Economics, 2 years 11 months; Personnel, 2 years 7 months; and Counseling, 2 years 4 months. Bill says the two-year accident tally for 1978-80 is 101 accidents costing \$48,647 and 785 lost work days. This comparatively low record has kept LCC's accident cost ratio lowest among Oregon community colleges. Worst record last year, however, was compiled by clerical employees, who recorded 9 accidents costing \$12,000 or 43 percent of the dollar losses.

'CHAIR' IS SUGGESTED - The publication, On Campus with Women, suggests in its Summer 1980 issue that "chair" be used to refer to persons presiding at meetings. "Chair" is the oldest of terms generally used, having made its entrance in the year 1647. "Chairman" dates from 1654 and "chairwoman" from 1699. A review of the history of parliamentary procedure and Robert's Rules of Order suggests that the use of "chair" is clearly acceptable, the publication says.

PLEASE TELL YOUR STUDENTS - Student Health is forming a Student Advisory Committee to give input on services provided, policies, etc., relating to Student Health. Interested students should contact Student Health Services by October 24, in person or by calling ext. 2665.

NEW EMPLOYEE SEMINAR - The fourth New Employee Seminar is scheduled for Tuesday, October 21, for employees hired since the last seminar in May. A delicious deli lunch and dessert will be furnished courtesy of your dean. If you are a new, regular member of the College staff, and would like to attend on Tuesday, 8:30 a.m. to 3 p.m., call Personnel Services at ext. 2583 by the end of the day today to reserve your space and lunch. If you aren't able to attend the full day's activities, please feel free to attend whenever your schedule permits. The seminar will be held in the Health & PE conference room (PE 205).

KLCC SPECIAL PROGRAM - This evening from 7:30 to 10 p.m., KLCC examines issues on the November ballot in Oregon. Topics to be discussed include public power in Oregon; the banning of leghold traps; limitations on aerial spraying in Lincoln; the growth and use of marijuana; and Ballot Measure 6, which proposes limiting property taxes to 1% of assessed value. Another topic of discussion will be the "liberal dilemma" of voters who, if they cast their vote for John Anderson, Barry Commoner, or Gus Hall, may inadvertently affect the presidential race between Jimmy Carter and Ronald Reagan.

Deadline for contributions is 2 p.m. on the day before publication.

BALLOT MEASURE 6 - Reports of polls showing BM6 passing in Oregon make it appropriate for The Daily to remind staff that this limitation on property tax would chop 5 percent of community college local tax support. That's the word from the State Department of Education. Dean of Administrative Services Bill Berry says that means a cut for LCC of about \$4.4 million next year and \$5.5 million the year after. If you can help, send a donation to the Fair Tax Relief Committee, 689 Cottage St., N.E., Salem, OR 97301. They need the money to get the word out as to potential impact if this measure is approved at the November 4 election.

NEW OFFICERS - The Management Group Steering Committee has elected Paul Colvin of Facilities Services as its new chair; vice-chair is Jack Kreitz of Business. Committee members this year include Jack Kreitz and Bob Radcliff, Health and P.E., representing Instruction; John Bernham, Counseling, and Sandy Ing, Student Health Services, representing Student Services; Paul Colvin and Sue Colvin, Personnel Services, representing Administrative Services; Diane Dann, Community Relations, representing the President's Complex; and Verne Whittaker, Financial Services, immediate past chair.

WHAT THE BOARD DID - Here's what the LCC Board of Ed did in its Wednesday night meeting:

- (1) Approved one-year appointments for the current academic year for: Esther Andrews, Health Occupations; Cheryl Coleman, Circulation Librarian; Kathleen Dougherty, Counselor; Cynthia Herr, Study Skills instructor; Ira C. Wallace, Mechanics instructor; and Elizabeth Boyington, Senior Companion Project Director, Adult Ed.
- (2) Accepted the resignation of Nancy Kelsey, instructor in Study Skills, who will pursue a master's degree program in California.
- (3) Authorized allocation of up to \$9,350 from uncommitted plant funds to construct an access ramp in the P.E./Performing Arts area.
- (4) Approved three new courses: Introduction to Social Science Research Methods, Soc 292; Streamlined Sewing, CT 215; and Blazer Construction, CT 217.

TRAINING COMPLETED - Sharon Moore, CWE Coordinator for Business, has received a certificate of completion for her participation in the Oregon Extern Program for 1979-80. The Extern Program, sponsored by Oregon State University in conjunction with the Oregon Dept. of Education, is a vocational and career education leadership training program. Participants make on-site visits to outstanding vocational training programs throughout the state, and gain exposure to a wide variety of vocational and career education roles. Last year was the first time community college vocational educators were included in the program.

RECEIVES SPECIAL THANKS - Carl Horstrup, Coordinator of Apprenticeship Programs, was honored last month at the Regional Meeting in Cottage Grove of Boy Scouts of America. The special recognition came as a result of his work last year in updating the Scouts' Masonry Merit Badge Book. Carl says the book hadn't been updated since 1952, and when he pointed this out to Boy Scout officials, "they took me up on it." Carl and LCC are included in the acknowledgements of the book, which is internationally distributed. Carl was presented a token of recognition by Joseph Merton, National Director of Boy Scouts of America.

LCCEA DUES - Proposed dues on the LCCEA (local) ballot provide for a \$5 increase--from \$20 to \$25. If passed, the new dues will be pegged to the average annual salary. They will not be on a sliding scale. Dues will be the same for all full-time faculty. Pegging the fee does provide for increased printing and labor costs in coming years.

TAX BASE - The following news release, sent out recently to local media, is reprinted here for LCC staff members--to answer your questions on the tax base and to help you answer the questions of others:

Lane Community College's 1976 tax base will be updated to last through 1982, if the college receives a favorable vote at the November 4 election.

"Inflation and growth in enrollment have left the existing base of \$5.9 million far behind," says LCC President Eldon Schafer.

The college asks a new base of \$9.4 million, up \$1.8 million from the base and a one-year levy which fund this year's operations.

Schafer says the new base offers advantages to citizens as well as the college.

"It reduces uncertainty for both students and taxpayers," he says. "It will enable us to plan ahead so that everybody has a better idea as to what courses we can afford to offer. And staff can use their time to work on instruction rather than budget revisions."

The new base would limit growth, he says.

"Our tax rate this year is the lowest in 13 years, and we estimate it will stay at or below about 93 cents per \$1,000 true cash value for the next couple of years, if the base is approved.

"We know times are tough and therefore we've kept our proposed tax increase well below the average approved for LCC by voters over the past 7 years," Schafer says.

By living within the base for the next 2 years, the college would assure that LCC taxes are eligible for up to 30 percent homeowner-renter state tax relief.

Funding elections would be avoided in the 2-year period, saving up to \$75,000.

"Our cost per student is second lowest among Oregon institutions of higher education," Schafer said, "so I believe LCC represents a pretty good buy for the taxpayer. We may well serve up to 35,000 local people this year in spite of cuts in our state funding."

CORRECTION - The 1% property tax limitation proposed by Ballot Measure 6 would mean a loss of 56 percent of local tax support for LCC, not a mere 5 percent as reported in Friday's Daily. That amounts to about \$4.4 million next year, and \$5.5 million the year after.

LCC'S FUTURE DIRECTION - The College Board of Education will meet in a work session Wednesday night to talk about how and where enrollment might be limited if funding shortfalls continue. It's a discussion that should get to future philosophy and mission of the institution. Also on the agenda are a report on intramurals, a tour of the student government facilities and a tour of recently remodeled areas in several buildings. The tours start at 7, with the Board to meet about 8 p.m. in ADM 216. The public is welcome to attend.

STUDENTS APPROVE HSC PROGRAM - A study conducted by School District 4J last school year reveals that LCC High School Completion students are pleased with both courses and instruction in the HSC Program, and think their HSC instructors are more personable and individualistic in their interaction with students than were the students' public high school teachers. The questionnaire data was taken from 106, or 60%, of the 4J students who were enrolled in the HSC program during the early spring of 1980. The study also shows that students who transfer to the HSC program usually enroll shortly after leaving their high school or not at all, and that they frequently are discontented with the public school system and the lack of understanding of personal difficulties and needs, primarily on the part of high school teachers.

Fourth Week of Fall Term

FRIDAY

October 24, 1980

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

ALLOCATION - LCC gets \$109,026 of the October 17 Legislative Emergency Board allocation of \$471,000 to state community colleges. The money goes into the Board's contingency fund. The total from the state is a partial restoration of the \$5.1 million cut from community college allocations in August. All 13 colleges and the Treaty Oak Center at The Dalles got a piece of the restoration, based on overenrollment last year, the August cut, and recent enrollment experience. Allocations ranged from Lane's high to a low of \$5,238 for Treaty Oak.

AVAILABLE - Copies of a four-page President's Report for 1979-80 will be available Monday at the office of Diane Dann, publications manager, ADM 211. The report by President Schafer recaps the conflicting pressures of the year--increasing enrollment and budget uncertainties--and a solid list of achievements by staff at all levels.

ELECTED - Dr. Charlene Curry, vice chair of the LCC Board of Education, has been elected chair of the Association of Community College Trustees (ACCT) Pacific Region Caucus. She also is a member of ACCT's Board of Directors. Her election came at the group's recent convention in Honolulu. One of her primary responsibilities is to plan and preside at the Pacific Region meeting next June 24-27 at Portland. Charlene also spoke at the Honolulu meeting on "The Board Chairman--An Expert Politician."

LCC BOARD MEETING - Wednesday night, the Board toured the student government facilities on the 4th floor of the Center Building and remodeling projects in the Forum, Mechanics, Art, P.E., Administration, and Center Buildings, then met in the Boardroom for a work session. Agenda items included reports on the college's election plans and the intramural program, and a discussion of the impact of reduced state funding. The Board agreed the college should do everything possible to continue to offer a comprehensive program including vocational training, college transfer courses, and adult education.

MAKING REQUIREMENTS CLEARER - Are there hidden prerequisites in some courses? Are term papers required fall term while students aren't taught how to write papers until winter term? These are the questions asked in the new innovation abstract, "Discovering Hidden Prerequisites: The Interface Project." Read it at offices of instructional department heads.

STILL THE SAME - Over the years, LCC's share of the property tax dollar has been about a nickel; it is estimated to stay about the same if a new tax base is approved on November 4.

INTRAMURALS GROWING - Intramurals Coordinator Mitch Allara reported at Wednesday night's Board meeting that participation in Intramurals has increased about 20% each year since 1977-78. An attempt has been made to respond to a Board concern expressed earlier this year that the Intramural program not take a secondary position to athletics; figures for Intramurals growth and funding indicate this concern is being met.

DUES INCREASE APPROVED - The LCCEA Executive Committee voted overwhelmingly to approve a dues increase for LCCEA members from \$20 to \$25. The increase passed by a vote of 5 to 1.

LEGAL AID - Free legal services for LCC students currently registered for credit are available Tuesday through Friday, by appointment, on the 2nd floor of the Center Building. Call ext. 2340.

DID YOU KNOW? - A donation of \$6 per month to United Way of Lane County provides 3 days of education and training for a previously institutionalized adult, or 2½ hours of family counseling.

LCCEF ELECTIONS - Classified union members: petitions are now available for offices for the 1981 calendar year. If interested in serving as a federation officer, contact Laurel Paulson at ext. 2266 or Mary Cudney at ext. 2355. Deadline for petitions is November 1. Election of officers will be by mail in early November.

KLCC - Today at 12:40 p.m. on 89.7 FM, COMMUNITY ACCESS previews this weekend's "Take Back the Night" march to oppose rape, with Marsha Kraus....Tomorrow from 11 a.m. to noon, NEW DIMENSIONS features "Creative Living," with Gaye Luce, co-founder of the Sage Project and author of Your Second Life, who reveals a wide spectra of choices for personal growth.

STAFF DIRECTORIES READY - The 1980-81 staff phone directories are now available at the Information Window, 1st floor of the Administration Building. Please pick up one per phone for your department.

CANCELLED - "LCC Goes to the Movies II" has been cancelled. The fundraiser for student scholarships and staff projects was to have been held November 8 with comedienne Phyllis Diller as star. Dottie Chase, Development Fund Board president, said ticket sales weren't going well because of economic conditions in the community. And she said the usual volunteer leaders weren't available this year because of heavy commitment to various candidates and issues. Other activities in the community scheduled for the same night also took their toll. Already, however, Development Fund people are talking about next year's fundraiser. Watch for an announcement perhaps as early as the first of the year. And to the 11 staff couples who had bought tickets as of Thursday, many thanks for the sincere support. You'll be contacted soon by Development Fund staff.

GROWTH - State Department of Education figures for last year's state community college enrollment show 51,149 reimbursable FTE students. That was up 6 percent from 1978-79. Nine colleges showed enrollment gains; four had declines. Umpqua was up 15 percent, Lane was up 14 percent, Central Oregon and Linn-Benton up 12 percent, Blue Mountain up 11 percent, and Chemeketa and Clackamas up 8 percent. Declines were registered at Clatsop, Rogue, Southwestern Oregon and Treasure Valley. Growth statewide this year could be up another 6 percent.

EFFICIENCY - LCC's growth in operating cost per student was held last year to about a third the rate of inflation.

MARY BURROWS ON CAMPUS - Mary McCauley Burrows, candidate for District 41 state representative, will have an information table in the cafeteria today from noon to 1 p.m.

SAMPLE BALLOTS - Come by the Information Window, first floor of the ADM bldg., to pick up a Lane County Sample Ballot for the November 4 election.

Dean Joyce Hopps will present the slides and some background information about each. Save the noon time on Monday, November 3. The show is scheduled for the Boardroom, ADM 216. Coffee is free; you bring your lunch.

ART EXHIBIT - An exhibit of lithographs and drawings by Cima Katz, Professor of Lithography at the University of Kansas, will be displayed today through November 19 in the LCC Art Gallery, 1st floor of the Math & Art Building. WHAT A COMMUNITY COLLEGE IS: The following poem was written by the late Dr. Alfred Livingston, former vice-chancellor of Cuyahoga Community College in Cleveland, Ohio.

A community college
Is
Many things...

As a people's college
It will have,
And must have,
People problems.
Since
People are people--
And enjoy being
People.

Vitality,
Creativity--
A quality of
Being
Emerges from
People being people.
Always.

ASLCC OPPOSED - At the regular ASLCC meeting Tuesday, the Associated Students voted unanimously to endorse a NO vote on Ballot Measure 6. Measure 6 would limit property taxes to a level that opponents feel would dangerously affect the quality of education in Oregon schools, including LCC. According to Student Government spokesman Dale Parkera, the ASLCC feels passage of the measure would not be in the best interest of present and potential LCC students, and as official representatives of the student body, ASLCC felt compelled to take a stand.

COMPARING - LCC's property tax rate is at or below the Oregon community college average.

BUSINESS CAREER DAY - ASLCC and the LCC Business Dept. are offering a day-long Business Career Day workshop next Wednesday, Nov. 5. The event is free for all current and former LCC students, and will feature guest speakers from various local businesses discussing the types of jobs available in Eugene-Springfield, hiring practices, educational requirements for entry level positions, and other related topics. The workshop will begin at 9 a.m. in Forum 308/9 with an orientation/introduction, after which participants will select a program pertaining to their individual career goals from the five offered. Each session will be offered at four different times during the day to allow participants to attend several sessions. Instructors are urged to encourage students to attend.

LCCEF MEETING CHANGE - The meeting has moved indoors; Saturday, November 1: 2300 Oakmont, Eugene.

Congressman Jim Weaver and his Republican opponent Mike Fitzgerald have it out tonight, with questions from John Hockenberry of KLCC, Ken Doctor of the Willamette Valley Observer and Bob Zagorin of KEZI. KLCC listeners can phone in their questions to the live broadcast by calling 726-2200.

AFS - American Field Service returnees, and others interested in AFS activities, are asked to contact Dick Reid, ext. 2209, with a view to getting together and being useful to the program.

**** PAYCHECKS HAVE MOVED - Payroll checks will be distributed tomorrow ****
at the south end of the cashier's counter (by the Xerox machine).

NUCLEAR POWER FILM - Staff and students are invited to see "Incident at Brown's Ferry," a Nova film about the pros and cons of nuclear power. Come watch it so you can make an informed decision about Ballot Measure 7. The video tape will be shown at the west end of the cafeteria. Four showings are scheduled: Friday at 11 a.m. and noon; Monday at 11 a.m. and noon.

TRICK OR TREAT FOR DENALI - Tomorrow is Halloween, and Denali ghosts and goblins will be going "door to door" on campus soliciting subscriptions for the 1980-81 school year. Five dollars will buy you a full year's subscription to the quarterly literary arts publication.

HALLOWEEN SPECIAL - All Renaissance Room customers wearing a mask or costume will get \$1.00 OFF the price of today's special. The special features a Pineapple Pickup Frappe--a refreshing blend of pineapple and lime juices with a dash of rum extract--followed by your choice of cream of broccoli soup or garden salad, served with French bread. The entree is Croque Monsieur, a combination of Swiss cheese and baked ham on egg-dipped, homemade bread, grilled to a golden brown and topped with Mornay sauce and mushrooms. Dessert is Filbert Torte Francais--a scrumptious creation by Chef Guy, flavored with apricot jam and orange liqueur. All this, with your choice of coffee or tea, for just \$3.40 (or \$2.40 if you come incognito).

LAST CHANCE - Some 15,000 LCC tax base informational fliers will be distributed door-to-door tomorrow morning, if volunteer help is available. The OEA paid for the printing and Eugene-Bethel teachers will help in the distribution. But, so far, only a handful of LCC people have volunteered to help get the information out. Call Ted Romoser in Language Arts if you're willing to help, or show up at 9 Saturday morning at South Eugene High School. Material also will be distributed on Ballot Measure 6. The latest poll on BM6, taken Tuesday, showed statewide results of 49 percent yes, 41 percent no, and 10 percent undecided.

BUSINESS CAREERS DAY - More than 25 Lane County employers will be on campus next Wednesday for Business Careers Day. They will answer questions on what types of jobs are available, pay, qualifications, how to apply and the best strategies for getting the job you want. Employers will be divided into five panels by industry: retailing; data processing and word processing; administration, banking, accounting and clerical; government; and sales. The 40-minute sessions begin at 9 a.m. in Forum 308/9, and are open to all students. For more information, contact the ASLCC offices at ext. 2330, or the Business Dept. at ext. 2534.

DID YOU KNOW? - By giving to United Way of Lane County you can directly help 52 human service agencies right here in Lane County. UW dollars decrease the amount of tax dollars needed by some human service agencies to operate.

COPY KEY READINGS - Please call in your copy key total to Printing/Graphics, ext. 2373.

LCCEF MEETING CHANGE - The meeting has moved indoors: tomorrow, Nov. 1--2300 Oakmont, Eugene.

LEGAL AID - Free legal services for LCC students currently registered for credit are available through the Legal Services office. Attorneys are available by appointment Monday through Friday on the second floor of the Center Bldg., ext. 2340.

SOUL FOOD - Linda Danielson will be appearing with Chico at the 2nd annual Soul Food Benefit Dinner on Monday, Nov. 3, 5 to 10 p.m. at Homefried Truckstop Restaurant, 790 E. 14th.
