**SUCCESS** - The Health Occupations department reports that their open house last Monday was well-attended, with some 200 visitors showing up and many requesting admission packets for the programs. They want to thank all LCC people who helped make the open house possible, and extend special thanks to staff members of the following departments: Admissions, Financial Aid, Counseling, Child Development Center, Foodservices, Printing/Graphics, and Plant Services.

**NEW PLAQUE** - The Development Fund has purchased a new, more durable plaque for the large granite boulder on "Bristol Square" (north lawn). The boulder is an example of a glacial erratic--a rock carried by glaciers during the Ice Age to the Willamette Valley from northern Canada. It was discovered on a farm near Cheshire by Clarence Pitney, father of LCC Board member Jim Pitney. It was brought to LCC in 1971, says Development Fund Director Nile Williams, much to the relief of the farmers who had been breaking their plows on it.

**VICTORY** - The women's basketball team opened their season with a victory over OCE JV's, 68-57. The Titans play Friday and Saturday in the Warner Pacific Tournament in Portland.

**TAX DEDUCTION FOR YOUR JUNK** - Junk, discards--any old stuff--is wanted by the women's basketball team for a garage sale Sunday, December 7, beginning at 10 a.m. at 2125 Dewey St. Donations for the sale would be appreciated. All proceeds go toward buying game shoes for the team. Pick up service is available. Call Sue Thompson at ext. 2215 or 2550, or after 6 p.m. at 689-4487.

**WELCOME** - The Counseling Department is happy to have three new employees: Mason Davis, Counselor; Corilee Heinis, Testing Specialist; and George Maumary, Disabled Student Support Services Aide. Welcome to LCC.

**FOR SALE FROM PURCHASING** - Twenty IBM Computer Disk Paks are available for purchase. They may be seen in the Business Education department. Minimum price for each is \$7.50, or make offer. Send your bids to the Purchasing office by Friday, December 5.

**ALSO FROM PURCHASING** - The Purchasing Office reports they have hundreds of pieces of used cork, approximately 5 inches in diameter. The entire lot will be sold to the highest bidder--bids close Friday noon. Call Irene Crombie in Purchasing, ext. 2208.

**BOOK SALE** - Thanks to you, last month's paperback sale was a great success! This month, the LCC Bookstore offers a wide selection of hardback quality books at TERRIFIC sale prices. With savings of up to 70%, this is a great opportunity to do some holiday gift buying.

Deadline for contributions is 2 p.m. on the day before publication.  
Editor/Coordinator: Jeannine Ferguson, ext. 2201

**ADVANCE WARNING** - Once again this year the Electrical Maintenance section of the Facilities Department will have the electricity and heating shut down completely during two days of Christmas vacation for high voltage maintenance. This will occur on December 26 and 27. This means there will be absolutely no electricity or heating on those two days. If it appears that this schedule will interfere with any departmental plans, please contact Bob Upp in Facilities Services, ext. 2541, as soon as possible.

**FREE CONCERTS** - Don't forget the free concert this evening at 8 p.m. in the Performing Arts Theatre. The LCC Chamber Choir, Vocal Jazz Ensemble, and Percussion Ensemble will perform a "Musical Potpourri." Next Thursday, December 11, also at 8 p.m. in the Theatre, the LCC Concert Choir, Baroque Orchestra, and guest soloists will perform Handel's Messiah. Guest soloists are John Bonney, bass; Kate Green, alto; Dan Sachs, tenor; and Sonja Rasmussen, soprano.

**TOYS NEEDED** - The Multicultural Center still needs donations for the Toys for Tots collection. Please bring your donation of a new or used toy to Room 409 Center before next Friday, December 12.

**OOPS** - Yesterday's Daily item about the new plaque on the north lawn was wrong about two things. The square of lawn on which the plaque is located is called Bristow Square--not to be confused with the Bristol Square that's in London. And the Director of the Development Fund is, of course, Lyle Swetland, not Associate Dean Nile Williams. Apologies to Nile, Lyle, and Elijah Bristow, an early settler in this area after whom the square was named.

**BOOK SALE** - This month, the LCC Bookstore is offering a wide selection of quality hardback books at savings of 30-70%. Don't miss this chance to do some holiday gift buying!

CONGRATULATIONS - Marsha Russell, Health Occupations secretary, had a baby boy Monday at 6:45 p.m. (We wonder if it was sheer dedication to her work, trust in the nursing faculty, or just that it's a fun place to work that kept her on the job until 3 p.m. Monday!) The new Russell, Ryan Blackwood, weighed in at 8 lbs. 2 oz. and measured 19½" tall. He joins a 3-year-old brother Ian. It was a boy for Richard Reuter, Counseling, and his wife Maggie, too. Their son, James Michael, was born last Wednesday, and weighed 8 lbs. 10 oz. at birth.

A REMINDER - Members of the management group, don't forget to turn in your fringe benefit survey. If you didn't get one, see Nancy Cheffings in Personnel Services.

NOT TRUE - There is no truth to the rumor that summer session '81 has been cancelled. No action has been taken on next year's summer term, and no alteration of regular course offerings has been proposed at this time.

COMPUTER PAKS - Twenty IBM Computer Disk Paks are available for purchase by the highest bidder. They may be seen in the Business Education Department. Minimum sale price \$7.50, or make offer. Submit bids to Purchasing before the end of the day today.

CORK, TOO - The Purchasing Office has hundreds of pieces of used cork, approximately 5" in diameter, to be sold for the highest bid for the lot. Bids close today at noon. Call Irene in Purchasing.

STUDENTS ONLY - The LCC Student Legal Services are for LCC students only. The services are supported by the mandatory student body fee of \$1.30, and only students paying the fee qualify.

PAYROLL - December payroll verification sheets will be available in Personnel at 1:30 p.m. December 11. Signed and completed sheets are due back in Personnel by 5 p.m. next Friday.

SAY IT IN THE PAPER - You can send Christmas greetings to your friends and benefit a worthy cause at the same time by making a contribution to the Christmas Greeting Program of the Lane County Chapter, American Cancer Society. The name of each donor who participates in this program will be listed in a Christmas Eve greeting which will be published in the local newspaper of his or her choice. Contributions must be received by December 15 in order for the donor's name to appear in the ad. Checks can be sent to: American Cancer Society--Christmas Greetings, 1625 Oak St., Eugene 97401. Specify one of the following newspapers: Eugene Register-Guard, Springfield News, Junction City Times, Cottage Grove Sentinel, Creswell Chronicle, Dead Mtn. Echo, or Siuslaw News. For more information, call 484-2211.

COMPARISON WITH OTHER STATES - Public postsecondary education: Oregon ranks 26th in per-student appropriations. Oregon is 6th in number of postsecondary students per 1,000 population. Oregon is 12th in allocations to postsecondary education as a percentage of state and local tax revenues. (Source: OECC)

Eleventh Week of Fall Term

Published for the staff of Lane Community College.  
Deadline for contributions is 2 p.m. on the day before publication.  
Editor/Coordinator: Jeannine Ferguson, ext. 2201

**FARING WELL** - Oregon's community colleges would get \$108.5 million toward operating costs in 1981-83 under Gov. Atiyeh's recommended budget. That's a 10.2 percent increase over the present biennium, a far more pleasant prospect than earlier predictions of more cuts. The Legislature will make the final decision this winter or spring.

**GIVE THE JAZZ MINORS FOR CHRISTMAS!** - Gift certificates for their Eugene concert and premiere album are available now. The gift certificates are redeemable for concert tickets to the Jazz Minors LCC Development Fund Benefit on Feb. 27, 8 to 11 p.m., and/or the Jazz Minors' latest album available exclusively at the concert. Phone orders for gift certificates, tickets and table reservations with bankcards may be made by calling the Development Fund office at ext. 7523.

**ATTENTION INSTRUCTORS** - If you have material you want placed on reserve in the Library for Winter Term, please take the material to Marvin in the Library before Winter Term begins. If you have any questions, please call Marvin at ext. 2273.

**ATTENTION EVERYONE** - The Financial Services office will be closed Friday, Dec. 12, from 11:30 to 1:00. Please plan to transact your business with Financial Services before or after.

**NEW PROCEDURE** - The Warehouse is now sending out the pink copy of the Inter-Campus Order/Services form as "Corrected Invoice" whenever a correction has been made. Please note this and make changes in your catalog accordingly. It is hoped that this procedure will enable departments to reconcile printouts and update their catalogs. For more information, call Mary Griesel at ext. 2574.

**STILL TIME** - It's not too late to make a contribution to the LCC United Way campaign. Help is needed to bring our total up; we're still far short of this year's goal. Send your tax-deductible donation to one of the campaign co-chairs: Bert Dotson in the President's Office or Vivian Frelix-Hart in Personnel.

**BOARD MEETING** - The LCC Board of Education meets at 7:30 Wednesday night in the Boardroom, ADM 216. The session is open to the public. Bill Blix, art instructor, will show slides of the fountain sculpture he built on the capitol mall in Salem. Also on the agenda: a report on child care needs of LCC students, consideration of several course revisions, bid awards for paper cups and equipment for KLCC, the 1979-80 College audit, advisory committee appointments, allocation of additional monies to complete the latest Construction Technology solar house, and allocation of planning funds for the remodeling of KLCC facilities.

**WHERE GINA WENT** - Gina Ing, KLCC Development Director, has left LCC to take a job with KSOR radio in Ashland. KSOR is a public radio station operating out of Southern Oregon College. Gina began her job as Development Director for KSOR last Monday. We wish her well!

**FOR REFERENCE** - The College has received two copies each of the 1980-81 Oregon School Directory and Oregon Administrative Rules. One set will be in the President's Office and the other in the Library for reference purposes.

**POTTERY SALE** - Staff and students of the LCC ceramics department will be selling pottery Thursday and Friday from 9 to 4 in the cafeteria. In addition to the sale, there will be a display of ware made from materials indigenous to this area.

## The Revitalization of the Community College

By William M. Randle, Jr.

**T**HE COMMUNITY COLLEGE is the last of the major urban institutions with the capacity to become the cutting edge of the future for American society. The failure of the entrenched bureaucracies in most areas of public higher education and the chaos associated with that failure are contemporary givens. Traditional lip service to missions-and-goals statements and public-relations imagery do not begin to meet the expressed and implied needs of urban America.

As we enter the 1980's, major trends are emerging that can be powerful catalysts for the renewal and revitalization of community colleges. They are:

► The greatly increased number of women actively determined to obtain the economic advantages and status benefits of higher education.

► Increasing urban tensions underline the recommendations of the Carnegie Council designed to bring unskilled and academically disadvantaged youth directly into the community-college service area.

► The "reverse migration" of students, because of inflation and recession, from away-from-home colleges and universities to lower-cost local institutions.

► The influx of a new blue-collar clientele, as the myth of working-class affluence erodes under the pressure of economic and high technology realities.

► The expansion of education opportunities to meet the needs of retiring professionals, workers who are displaced or those whose skills are obsolete and who need retraining, liberal-arts B.A.'s who want specific career training, and the growing number of people in general who want a college degree.

The fact that more and more women are entering institutions of higher education has already had an observable effect, but the current statistics do not begin to reflect the increase coming in the next decade. The proportion of young women (11 to 18 years old) indicating interest in attending college has skyrocketed. College women of the 80's will demand extensive institutional reforms and far more sophisticated responses to their needs than did those previously enrolled. Upward mobility, equivalent status, open access to all areas of the curriculum, more women teachers—these are only the beginning of an enormous pattern of change.

Existing inequities and progressively deteriorating educational and social futures are contemporary re-

alities for many Americans, particularly for members of minority groups. Massive numbers of young people, largely concentrated in urban areas, must be brought into the mainstream of society through successful educational intervention. The alternative is the development of a permanent underclass. The explosive social, economic, and political consequences of such negative forces (already well under way) would be devastating to democratic society.

Primary action to prevent crisis through positive intervention should include carefully planned and implemented expansion of community-college services to meet the real needs of disadvantaged youth. Programs in basic-skills training, job preparation, and apprenticeships and related vocational specializations are absolute essentials, and they must be coordinated with counseling, advising, career orientation, and referral and placement services.

Functional illiteracy, currently pandemic, must be attacked and largely eliminated. That will allow previously deprived members of society not only open access to the system but the chance to survive it and reap at least some of its benefits. Growth in the clientele for higher education coming from those emancipated millions will have positive short- and long-range effects on the future of community colleges, and will significantly increase the role and influence of those colleges in their communities.

The steady decline of middle-class economic and social status, because of paralyzing inflation and the economic downturn of the past two years, is challenging the historically stable foundation under institutions of higher education. As middle-class families realign their financial priorities, a reverse migration of thousands of students currently attending schools away from home is taking place. The students primarily involved are those studying for a bachelor's or career degree who are now deciding to take their first two years at a local low-cost institution while living at home. There is little question that most of the mature two-year institutions can readily expand and service large numbers of those new students.

Permanent layoffs and revised perceptions of the future of blue-collar jobs have brought new awareness of the need for higher-level training. The number of people going directly from secondary school to jobs will decline as the demand for skills requiring post-

secondary education rises. It is also clear that workers whose skills become obsolete will require additional training. Community colleges, industry-focused since their inception, will have to collaborate more closely with labor organizations and industries to meet effectively the training needs of both groups.

The increased expectations of older people (who now make up the largest and most rapidly growing segment of the population) will demand a new sophistication and sensitivity to their needs and expectations on the part of community-college leaders. It would be naive (and dangerous) to assume support of institutions of higher education by older people without real insight and widely publicized responses to their developing education imperatives.

**S**UCH COMMITMENT WILL NOT COME EASILY. Optimal availability of services and maximum effort by faculty and staff members are the minimum requirements. An adaptive curriculum should be offered at flexible and realistic times in easily accessible locations both on and off the campus, and skillful use should be made of such new technologies as cable television, the microprocessor, and the videodisc, among others.

The critical decade ahead must see the development of a new class of administrator in the community colleges—an academic professional with sophisticated management skills, socially and politically aware, and responsive to the community. There will also be a need for professional public-relations and marketing efforts that will present the institution accurately while emphasizing the benefits of its programs and services.

The coming of age of the expanded community college will mean the development of new responsibilities toward youth and older people and academic and career-oriented students; a greater involvement of women and members of minority groups; and a dynamic program of community service. Such an institution can really lead the way to new democratic vistas for America.

William M. Randle, Jr., former assistant vice-chancellor for educational planning and director of telecommunications at Cuyahoga Community College, is now a consultant.

**PIG ROASTING AND CHANGE** - What does pig roasting have to do with effecting change? Can Commonsense leap the barriers of the Status Quo? Can The System be improved in only four steps? The answers to these and other intriguing questions can be found in the latest Innovation Abstract, available in the Staff Development office and offices of instructional department heads.

**SPANISH MASS** - The Newman Center, 1850 Emerald St., will be celebrating a mass in Spanish at 7 p.m. Friday, Dec. 12. Following the mass, there will be a pot luck dinner, featuring Latin American food, in the lounge. Bring your food and come early for a traditional Latin procession into the chapel. There will be Spanish hymns, music and festivities.

DEPRESSED? - The University of Oregon psychology clinic is sponsoring an eight-week program, beginning January 12, designed to teach participants skills for overcoming depression. "Coping with Depression" will help participants decide what they want to change about themselves and then set up a step-by-step plan to achieve these changes. The fee for 12 sessions is \$100 or \$150, depending on family income. Half the fee can be earned back by completing questionnaires and participating in personal interviews. WEDNESDAY

Finals Week, Fall Term

Published for the staff of Lane Community College.  
Deadline for contributions is 2 p.m. on the day before publication.  
Editor/Coordinator: Jeannine Ferguson, ext. 2201

**GROWTH** - A ten-year enrollment study done by Research Associate Juanita Foellinger shows the college had 84.9% more students in 1979-80 than in 1972-73, growing from 20,632 credit and non-credit students in 1972-73 to 38,141 last year. The FTE for the same period rose from 5900 to 9498--a 61% increase. Part-time enrollment accounted for the increase. The unduplicated credit student headcount increased 33.5% from 1970-71 to 1979-80.

**THANKS FROM AUSTRALIA** - Jim Piercey reports that he received a fine letter of holiday greetings from Alf Crawford, the principal of Alanvale Community College in Tasmania. Crawford recalls the useful time he spent at LCC, particularly with Larry Warford, Helen Lynn and Joanne Ellingson. It seems that materials and ideas collected while here are being utilized considerably in planning the community colleges "down under."

**FROM ASLCC** - David Anderson, student body president, and the ASLCC staff wish all LCC staff and faculty a Merry Christmas and a Happy New Year!

**DATA PROCESSING CLOSURE** - The Data Processing office will be closed Friday, Dec. 19, from 11:30 to 1 p.m.

**PERSONNEL CLOSURE** - The Personnel Services office will be closed today from noon to 1:30 p.m.

**TV CLASSES** - Winter term, LCC is offering 5 television classes on KOZY, Cable 11. Beginning the week of January 5 are: INTRODUCTION TO BUSINESS, M-W-F at 2 p.m. and repeated U-H at 8 a.m. and Saturday at 10:30 a.m. (for information call Business, ext. 2534); and MATHEMATICS FOR MODERN LIVING, M-W-F at 1:30 p.m. and repeated U-H at 7:30 a.m. and Sat. at 10 a.m. (for information call Math, ext. 2392). Beginning the week of January 12 are: CONSUMER EDUCATION, M-W-F at 8:30 a.m. and Sat. at 1 p.m., and repeated U-H at 2:30 p.m. and Sat. at 1:30 p.m. (for information call Soc. Science, ext. 2427); YOUR HEALTH, YOUR CHOICE, M-W-F at 8 a.m. and Sat. at noon, and repeated U-H at 2 p.m. and Sat. at 12:30 (for information call Health & PE, ext. 2545); THE DRAMA OF CHILD DEVELOPMENT, M-W at 7:30 a.m. and Sat. at 11 a.m., and repeated on U-H at 1:30 p.m. and Sat. at 11:30 a.m. (for information call Home Ec., ext. 2519). An orientation session will be held for each course--see class listings for time and location.

**PETITION WITHDRAWN** - The state Employment Relations Board (ERB) says the full-time faculty bargaining unit at Rogue Community College has withdrawn its petition asking that part-time faculty be added to the unit. An ERB spokesman said the petition was withdrawn voluntarily because the Rogue Education Association had made an "insufficient showing of (commonality of interest" between the part-time and full-time faculty. The REA is free, however, to refile the petition anytime it wants. LCC is the only Oregon community college which has a recognized bargaining unit for part-time faculty. --from OCCA News Digest, December 12, 1980

**BASKETBALL** - The LCC men's basketball team is looking at a tough match Friday night against Chemeketa C.C., "the team to beat" in the OCCAA Conference. The Titans, with a 3-4 season record, will face Chemeketa in the Mt. Hood Invitational at 7 p.m. Friday in Gresham. Chemeketa is 9-0 for the season.

**ON LEADERSHIP** - "The question, 'Who ought to be boss?' is like asking 'Who ought to be the tenor in the quartet?' Obviously, the man who can sing tenor." --Henry Ford

**IDEA PAPERS WANTED** - The LCC Development Fund has set aside \$15,000 to be used to staff and recognize student programs. Allocation of these funds will be determined by Idea Papers. Papers are due by February 1, 1981. Ten grants of up to \$1,000 each and one grant of \$5,000 will be awarded. For more information, contact Lyle Swetland at the Downtown Center, ext. 522.

**CLASSIFIED APPRECIATION BREAKFAST** - Don't forget the breakfast tomorrow morning from 6:30 to 8:15 a.m. in the snack bar. If you haven't done so already, please pick up your ticket in Student Health by 1 p.m. today. We're only planning for the number of people who request tickets. Tickets are free.

**STAFF APPOINTMENT** - At the annual meeting of the National Council for Resource Development held in Washington, D.C., December 3-5, Lisl Fenner of Instructional Services was appointed to the national committee for State Coordinators. Lisl has been serving as State Coordinator for Oregon since last July. With her on the committee will be coordinators for New York, New Jersey, Florida, Utah, Arizona, and California.

**CLOSURES** - The Facilities and Plant Services Department will be closed on Friday from 11:30 a.m. to 1:30 p.m. Data Processing will be closed Friday from 11:30 to 1.

**MAIL** - The Mailroom anticipates receiving more than 10,000 pieces of mail on December 29. The post-holiday procedure which was followed after Thanksgiving enabled Mailroom staff to distribute approximately 6,000 pieces of mail in one half-day period. In an attempt to ensure that you receive your mail as soon as possible after the Christmas holiday, the Mailroom is asking that you follow the same procedure as on December 1. If you have any questions, call the Mailroom at ext. 2575. Thank you for your cooperation!

**MORE ON STUDENT ENROLLMENT** - The ten-year LCC student enrollment study done by Juanita Foellinger shows that the 1970-71 student body was 61.4% male and 38.6% female; by 1979-80, the balance had shifted to 55.7% female and 44.2% male. The ten-year increase for females is 119% compared to 9.3% for males. Although the number of women students is growing, the growth is mostly among part-timers; 58% of male students are full-time in contrast to 48% of females.

**FAMILIES** - The Census Bureau says the number of American families headed by women increased by 51% during the past decade. At the same time, the number of families headed by a man without a wife in the household grew 33.5%. The number of traditional husband-wife families grew only 6.6% during the same period. The growing number of households headed by women is of concern since the median income of such families in 1978 was just \$8,540, compared with the \$17,640 median income of all families. Husband-wife units still comprise 82.5% of all families; 14.6% are headed by women and only 2.9% are maintained by a man alone. (OCCA News Digest)

**WRESTLING** - The LCC 1980-81 wrestling team opens its season Sunday as it hosts the First Annual LCC Invitational Tourney. Starting time for the tourney is 10 a.m. The Titans are beginning a new era of wrestling at LCC under first-year coach Pete Helzer. The tournament was a part of the U. of Washington Invitational in past years, but when UW dropped their wrestling program, the U of O and LCC each picked up part of the event, with JV's and junior colleges coming to LCC.

ROOM NUMBER - The Human Resource Development class, to be held Monday and Wednesday evenings, will be in HEA 205. The room number was inadvertently left off a memo about the class.

KLCC - Today at 12:40 p.m. on KLCC, 89.7 FM, Dr. Peter Lewinsohn of the University of Oregon talks about holiday depression on COMMUNITY ACCESS....This evening from 8:30 to 10 p.m. on KLCC EARSCAPE, Robert Krulwich explores the food industry and how our eating habits have changed, in a program called "America is eating differently."

## Last Week of Fall Term

Published for the staff of Lane Community College.

**OLDER STUDENTS** - Are community college students older than those who attend four-year colleges? The answer is yes and no, according to the Education Commission of the States. Among full-time students, the median age of community college students is no different than the four-year schools. And if you consider part-time students as one category, there's still no difference: part-time students are older than full-time students in both segments. However, since community colleges have more part-time students, the overall age of community college students is higher than for four-year schools. (from OCCA News Digest, Dec. 12, 1980)

**AT LCC** - The greatest enrollment growth at LCC from the 1970-71 school year to 1979-80 was among people 42-61 years old. In 1970-71 there were 208 credit students in this age group. Ten years later, in 1979-80, the figure rose to 645, for a 210.1% increase. In 1970-71, the average age of LCC students was 23.35; in 1979-80 it was 26.90. In 1970-71 credit students 21 and under made up 55.2% of the student population. This steadily decreased to 37.2% in 1979-80. (from "Ten Year Student Enrollment Characteristics," by Juanita Foellinger, Research Associate)

Thank you for your cooperation!

HAPPY HOLIDAYS - The campus will be closed Wednesday through Friday this week for the Christmas holiday.

GIVE THE JAZZ MINORS FOR CHRISTMAS - Gift certificates are available at the Development Fund office, Downtown Center, for their Eugene concert February 27. Certificates are redeemable for concert tickets and/or for the Jazz Minors' latest album, to be available exclusively at the concert. Phone orders for gift certificates, tickets and table reservations with bankcards can be made by calling ext. 7523.

MINORITIES - In 1970-71 the LCC student body was 90% Caucasian. This rose to 96% the following year, but has gradually declined to 71% last year. Indian, Chicano, and Black students, in that order, are the largest ethnic minorities at LCC, but none of these groups exceeds about 1.5% of the population in any year. (from "Ten Year Student Enrollment Characteristics," by Juanita Foellinger)

COCC SIGNS CONTRACT WITH FACULTY - The Central Oregon Community College board has ratified a new three-year agreement with its faculty which provides a 12% wage hike for 1980-81. In succeeding years, the wage settlement is tied to a capped Consumer Price Index formula. The 12% figure for 1980-81 is based on a 6% wage hike and the college's picking up the faculty's contributions to the Public Employees Retirement System (PERS). Formerly independent, the COCC faculty was represented in negotiations for the first time this year by the Oregon Education Association.

HANDS-ON SCIENCE CLASSES AT WISTEC - The Willamette Science and Technology Center is offering a wide variety of hands-on science classes for 4-year-olds to adults. Classes begin the third week of January and run from 4 to 8 weeks. For schedule and registration information, call WISTEC at 484-9027.

TUITION WAIVERS - Beginning with Winter Term registration, a new form will be used to process requests for tuition-free classes. For classes held outside the employee's regularly scheduled working hours, the form only needs to be signed by the employee and the supervisor before it is sent to Personnel for verification of the employee's level of benefit. For classes being held during the employee's regular working hours, the form must also be signed by the associate dean/dean and the President before it is submitted to Personnel. Approved forms should be picked up in the Personnel office prior to the employee's scheduled registration time and presented as payment for tuition during the registration process. Blank forms are available in the Personnel Office and can be used to obtain approval for more than one tuition-free class at a time.

STATEMENTS OF APPOINTMENT - A new Statement of Appointment form is available in the Personnel office. This form must be used for all part-time instructors hired to teach in credit programs beginning Winter Term. Please destroy all supplies of the old yellow form (Rev. 3-23-78).
