MONDAY

Ninth Week of Winter Term

Published for the staff of Lane Community College.  
Deadline for contributions is 2 p.m. on the day before publication.  
Editor/Coordinator: Jeannine Ferguson, ext. 2201

**CAN WE SURVIVE** - Can LCC survive today's political and economic climate--and tomorrow's? Come hear President Schafer's "State of the College" message this Thursday, March 5, at 3 p.m. in the Boardroom. Supervisors are encouraged to provide release time for at least one person from each work group to attend.

**APPOINTED** - Irene Parent, Counselor and Coordinator of International Students, has been appointed the Community College Campus Coordinator at LCC for the Oregon National Identification Program. The primary goal of the program is to identify and help capable women advance in academic administration. Because of the relatively few women at policy-making levels of administration, the higher education community suffers a loss of intellectual talent, potential leadership, and female role models for students and other professionals. A national network, under the auspices of the American Council on Education, has been established to assist the full and equal participation of women in the educational enterprise.

**DICTIONARY WORKSHOP** - If you dictate information, you may be interested in Trish Hamer's workshop on March 3, 3-4 p.m., in CEN 421. Allen Anderson of Lanier Business Products will assist with the workshop. Trish plans a small and informal session with time for your questions on dictation techniques. Please call her at ext. 2305 for reservations.

**DANCE CONCERT** - The Premier Studio Concert of the Lane Dance Theatre is scheduled for Thursday, March 5, at 4 p.m. in the Auxiliary Gym. The concert will include a variety of jazz, ballet, and modern dance performed by LCC students and choreographed by dance instructor Mary Seereiter. Admission is free and anyone is welcome to attend.

**WELDING SEMINAR** - STP's Welding Technology Program is sponsoring a Welding Seminar on new procedures and processes, today from 9 a.m. to noon in the Welding Shop. Multi-faceted techniques and materials will be demonstrated by local welding suppliers and STP's instructors. Stop by anytime between 9 and 1 for this interesting and educational overview of welding.

**QUOTABLE** - "The business of education is not to make the young (sic) perfect in any one of the sciences, but so to open and dispose their minds as may best make them capable of any, when they shall apply themselves to it." --John Locke (1632-1704)

**RENAISSANCE ROOM** - Today's Thrifty Two-Fifty Special: a Strawberry-Orange Frostee; Caesar Salad (prepared at your table); homemade bread; Manicotti--pasta shells stuffed with a spinach-cheese filling and smothered in tomato-wine sauce; and for dessert--Zuppa Inglese, rum-drenched cake layered with marmalade and fruited custard and topped with meringue. All this, plus your choice of coffee or tea, for Monday's extra special price of just \$2.50!

**Got a Question?  
Ask ANSWER**

ANSWER is for your questions. Questions about fringe benefits, work conditions, management decisions and policies, salaries, . . . anything that affects how you feel about the college, your job, or your future at LCC. ANSWER gives you straight answers, promptly, on any college-related topic - and it keeps your name confidential. The forms are easy to fill out, are located in your own work area, and can be mailed at no expense to you.

For more information or for a supply of ANSWER forms, call Jeannine Ferguson, ext. 2201.

**BOARD MEETS TONIGHT** - A proposed tuition increase for next year will be before LCC Board of Education members tonight. Their session begins at 7:30 in ADM 216. The Administration is recommending a 6.7 percent hike for in-district full-timers, up \$11 a term to \$176; a 7.7 percent increase for out-of-district full-timers, up \$22 a term to \$308; a 9.4 percent increase for out-of-state and foreign students, up \$66 a term to \$770. Community Education would go up \$2 for a 30-hour class, an increase of 10 percent. For in-district credit students, LCC would be about in the middle of the tuition range for Oregon community colleges. If about 9,000 FTE students were to enroll next year, the tuition increases would be expected to generate an additional \$241,000. The agenda also includes a discussion by President Schafer on state funding levels, inflation factors, the productivity workshop and planning. Other agenda items are primarily housekeeping matters.

**SEX EQUITY PROJECT** - The Women's Program has been funded by College SIP funds to conduct a Department Profile Pilot Project. This project involves gathering data to determine a department's standing in regard to sex equity. Eleven areas will be investigated: employee data, professional development, student data, retention rates, work experience placements, job placements, advisory committee membership, program materials used for outreach and advertising, classroom materials, evaluation systems used by department heads, and complaints received. Beverly Behrman, Women's Program, is coordinating the project, assisted by Nancy Chevier, a workstudy student, and Kate Barry, Social Science. Dean Piercey has chosen the Science Department and Dean Hopps has chosen the Mass Communications Department for the project. Both departments contain a mix of vocational education and lower division credit students. The pilot project will be completed by June 30.

**FLOWERS** - The Grounds Department asks your help. The bulbs they have put out are being clipped off as soon as they bloom. Their beauty is for all to enjoy. Please don't clip flowers for your desk, etc.

**FREE CONCERT** - The LCC Percussion Ensemble, Woodwind Ensemble, and Chamber Choir will present a free concert in the theatre this Thursday, March 5, at 8 p.m. A featured work on the program is "African Welcome Piece" by Michael Udow, performed by the Percussion Ensemble under the direction of Nathan Cammack and assisted by the Chamber Choir. Deadline for contributions is 2 p.m. on the day before publication.

**WHAT'S HAPPENING?** - To learn what's happening with LCC's budget planning process and how inflation might affect the college over the next decade, come hear President Schafer's "State of the College" message today at 3 in the Boardroom. Supervisors are encouraged to provide release time for at least one person from each work group to attend.

**SOLAR GRANT** - The State Department of Education has awarded the LCC Energy Management Technician program \$20,000 to install a solar domestic hot water training facility and monitoring equipment. Allen Gubrud, who wrote the grant application, says the facility will provide a hands-on learning experience for students in the program, enabling them to disassemble and rebuild the solar hot water heating system to learn how it's done. The monitoring equipment will measure the efficiency of solar collectors and heat exchangers, and solar energy availability. Gubrud says the grant money also provides for one- or two-day workshops on energy topics to be held on campus, which he says will attract potential employers as well as students.

**UNDERSTANDING JAPAN** - A \$1,015 grant from the Oregon Committee for the Humanities will fund an LCC project entitled "Japan--Bridges to Understanding." The project will include a 3-credit course, Humanities 105, to be taught by Dave Croft, Social Science, and Ruth Bowman, Language Arts; the course will be in conjunction with a free series of weekly films to be shown during spring term at the Eugene Public Library. The films will be open to the public, and will also form the basis for class discussions and lectures. Croft says the series will include both documentary and feature films, focusing on specific themes of Japanese culture and society. The project is co-sponsored by Friends of the Public Library.

**MEETING CANCELLED** - LCCEA will not hold its meeting on insurance plans today as scheduled. The meeting is rescheduled for Tuesday, March 17, at 3 p.m. for department representatives and other interested people. The meeting was rescheduled so that it would not conflict with President Schafer's "State of the College" speech.

**SD RESOURCES** - Staff Development has the following available for staff use: (1) Teacher Education Reports - a bimonthly publication offering current information on education legislation and related teacher topics; (2) Innovation Abstracts - topical papers for community college staff; (3) Self-Learning Modules on a variety of educational topics.

**FOR MARIE TWITTY**, DTC Switchboard Operator - Lois Mortensen, Program Monitor for Lane County Community Services, praises Marie's "friendly courteous and efficient manner" which brightens her day, she says in a letter of praise to DTC administrator Lyle Swetland.

**WHEELCHAIR ASSIGNMENT** - It's the little things that make life in a wheelchair difficult-- things like opening doors and navigating hallways without running into the walls. Rennie Wolfe, an able-bodied instructor at Greenville, S.C., Technical College, writes about these and other problems she encountered in a one-day sensitivity exercise, in the latest Innovation Abstract. Copies are available in the SD office or offices of instructional department heads.

**JOGATHON** - Need to earn additional money for your department? The Athletic Department is holding a jogathon on April 9 for just that purpose. You can earn money for your department by participating. Contact the Athletic Department, ext. 2215, to arrange a time for the big meeting on March 10, the day U.S. fundraiser representative Bob Renggli will be on campus to discuss in detail the how, when, and where!

**PARTY TICKETS** - Watch for the winner of today's Early Bird raffle drawing. Two other Early Bird drawings will be conducted next week. Prizes are a \$25 gift certificate from SELCO and a non-primetime membership at Courtsports. Buy your tickets from your nearest promoter!

**CORRECTION** - A special prize will go to the ticket seller who sells the most RAFFLE tickets. The word is that Larry Warford is ahead with 41. Let's top that!

**DANCE CONCERT** - Remember the free performance of jazz, ballet and modern dance by the Lane Dance Theatre, today at 4 p.m. in the Auxiliary Gym.

**TONIGHT** - The LCC Percussion Ensemble, Woodwind Ensemble, and Chamber Choir will perform a free concert at 8 p.m. in the Theatre. An exotic African work is featured.

ATTENTION PART-TIME INSTRUCTORS - Friday at 3 p.m. is the last chance to hear OEA and AFT representatives. The meeting is in PE 205.

CAT SHOW - If you've wondered what a cat show is like, plan to attend the Oregon Feline Fanciers Cat Show this weekend, March 7 and 8, from 11 a.m. to 5 p.m. at the Lane County Fairgrounds.

FLOWERS - The Grounds Department asks your help. The bulbs they have put out are being clipped as soon as they bloom. Their beauty is for all to enjoy. Please don't clip flowers for your desk, etc. Thanks!

RENAISSANCE ROOM - Today's Special: a Daybreaker mocktail, a frothy blend of pineapple and grapefruit juices; a Chilled Cucumber Cocktail served with homemade bread; Moussaka and Tomatoes Provencale; and for dessert, Pavlova, a cake-like meringue torte topped with whipped cream, bananas, kiwi fruit and a splash of banana liqueur. **TIE VOTES** - Three-to-three votes killed proposed tuition increases and union mergers at Wednesday's Board of Education meeting. LCCEA President Art Tegger's request that all teachers except those in the Part-Timer union be voluntarily merged into one group was approved by Lauris, Perry and Hendrickson and rejected by Pitney, Reid and Cooper. The same split occurred on the tuition increase, with the latter group for and the former against. The Administration was asked for more information on how the increase would affect students receiving financial aid. Both issues are likely to be back before the Board again, the tuition matter perhaps as early as April 8. Other business included award of this year's catalog printing to the Springfield News for \$11,258. A cost avoidance of 24 percent was made possible by cutting the book by some 76 pages. The Board was advised that Governor Atiyeh will visit the campus for the first time on April 6. The Office of Instruction survey of what staff think the College should look like in terms of curricula in three years should be available in a couple of weeks. The resignation of Eugene Hysmith from the Mechanics faculty, effective at the end of winter term, was accepted.

**RECORD STILL AVAILABLE** - The new Jazz Minors album that was made available for the first time at last week's benefit can still be purchased at the Development Fund office at the Downtown Center. BEHIND JAPAN'S PRODUCTIVITY - Two national characteristics have produced Japan's economic rise, says Kyonosuke Ibe, president of Sumitomo Bank. They are austerity and total loyalty to the institution that employs the worker. "In a country where only 15% of the land area is arable and a large population must be supplied," says Ibe, "austerity developed long ago from an economic necessity into a way of life and a form of art. Our paintings and sculpture, our architecture and our gardens have been designed on the premise that 'less is more' because less is all there is." Ibe says loyalty comes down from the samurai warrior swearing fealty to his lord. "The company's success is the employees' success, regardless of where they fit in the scheme of things, and the company's failure is unthinkable. The company's reputation has to be protected tenderly." Japan's only natural resource, Ibe says, "is its people."  
 --From Business Week, October 6, 1980, p. 17.

"I do wonder, sometimes, what other galaxies have done about productivity."

INDIVIDUALIZED LEARNING ADVOCATED - Peter Drucker in the March 31 Wall Street Journal says the demand for education is going up, if it's job-related education which is slanted to the way people learn best. Some, he says, "learn best by rote, in structured environments with high certainty and strict discipline. Others thrive in the less structured 'permissive' atmosphere of a 'progressive' school. Some adults learn out of books, some learn by doing, some learn best by listening. Some students need prescribed daily doses of information; others need challenge, the 'broad picture' and a high degree of responsibility for the design of their own work." Drucker says competition and choice will force educators to act on the fact that no one educational method suits all. "...Economics, student needs and our new understanding of how people learn are bound to break the traditional education monopoly just as trucks and airplanes broke the monopoly of the railroads, and computers and 'chips' are breaking the telephone monopoly."

**SHORTHAND REVIEW FOR SECRETARIAL STAFF** - If you are currently employed as a secretary and would like to take your "free class" to brush up on your shorthand skills, there is an excellent opportunity for you to do so this summer. The Business Department can offer a Shorthand Lab on an individualized based, including practice on speeds from 60 to 140 wpm and transcription practice. You work only on the speed that is at your level and receive personal assistance with transcription and English usage in producing mailable correspondence. The class would be offered from 11 to 12:30 Monday through Thursday for those wishing to receive credit; special arrangements could be made for those who wish to audit the course and cannot attend daily. Before the course can be offered, we must have an idea of how many might be interested. If you think you might be interested and would like to discuss the details as they might apply to your own individual situation, please call Velma Jesser, ext. 2534, before April 3 to place your name on a temporary list for the course.

**ELEVATOR TO BE SHUT DOWN** - The north elevator in the Center Bldg. will be shut down Monday through Wednesday of Spring Break (March 23-25) from 8 a.m. to 4:30 p.m. The elevator is being remodeled to make it accessible for disabled, which involves lowering the button panel. The south elevator will be in use; keys for that elevator must be obtained from Student Health. If you have questions about the elevator closure, call Darrell Allyn at ext. 2569.

**SPECIAL THANKS** - To Marsha Russell, Jane Wojcik, Rose Arnold, Angie Dean and Diana Reiber for filling in for Division I Secretary Helen Hunter this past week. --From Jim Piercey, Associate Dean of Instruction

**PARTY - ONLY ONE MORE DAY 'TIL THE BIGEVENT!** Here's how to get to the Forrest Inn on Saturday night: Take I-5 south to the Creswell exit; take the exit to Cloverdale Road and make a left turn; follow Cloverdale to Dale Kuni Road; turn left on Dale Kuni and drive a short distance to the Forrest Inn....The winner of yesterday's "early bird" drawing was Jo Anderson, Flight Technology. She won a Courtsports non-primetime membership initiation....Ticket sellers: remember to turn in your money and unsold tickets to Lee in Personnel by 3 p.m. today!

**VOLUNTEER RECOGNITION** - Valley River Center and the Voluntary Action Center are sponsoring a Volunteer Recognition Program to honor volunteers in the Lane County area. They have asked LCC to submit nominations. If you know a volunteer you would like to nominate, forms are available in Personnel Services. **NOMINATIONS ARE DUE IN PERSONNEL BY MARCH 18.** Please use the following guidelines in selecting your nominee: (1) The past or current volunteer selected from your area should have performed without pay either a direct service (e.g., tutoring, hospital aide, or counselor) or an administrative service (e.g., project organization and/or administration). This does not include volunteers involved in either fund raising or partisan politics. (2) The volunteer should have demonstrated an exceptional commitment to his/her job and should have performed an outstanding or unique service. A dedicated volunteer who has not received area-wide recognition is important. Don't forget teen-age volunteers. VAC hopes to make a special award to a teen-ager in 1981.

PAYROLL - March payroll verification sheets will be available in Personnel at 1:30 p.m. on Wednesday, March 18. Signed and completed sheets are due back in Personnel by 5 p.m. Thursday.

BOOKSTORE CLOSURE - The Bookstore will close at 3 p.m. today for a staff in-service meeting.
