FRIDAY

Fifth Week of Spring Term

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

INSTRUCTIONAL SPACE - More classrooms will be needed in the next few years to accommodate expected growth in enrollment, the LCC Board of Education was advised Wednesday night. President Eldon Schafer said it could cost some \$20 to \$25 million to build the needed facilities. A serial levy or bond issue may have to be considered for placement before voters as early as spring 1982. Paul Colvin, Facilities director, is to get a planning effort underway to determine space needs. Board members agreed that growth is likely and should be allowed. They left open the question of what kind of growth should be permitted and where it should be located. Decisions are expected as an information base is developed.

FACULTY RENEWAL - "You got me going again; your sending me to Stanford reenergized me as an independent scholar."--Susan Bennett, Language Arts. "I hope that faculty from all departments will be encouraged to apply for this refreshing 'renewal' experience." --Ruth Bowman, Language Arts. Hear more from Ruth and Susan about their experiences at the Stanford Teacher Renewal Program for two weeks last August. Funding was courtesy of the Stanford Project with travel paid for by the Dean of Instruction's Office. Join us for a Staff Development coffee break from 3 to 3:30 on Tuesday, in the mezzanine conference room.

PEOPLE PROBLEMS - Ninety percent of those who quit their jobs (or are fired) do so because of personality conflicts, not because of a lack of skill. Sixty-three percent of those in today's work force are unhappy with their jobs. Solving people problems can usually preclude dissatisfaction and inefficiency. Solutions to these and other employee/employer problems will be explored in a May 14 workshop, led by Virginia Lee Hallock. The workshop runs from 9 to 4 in room 309 at the Downtown Center. There is a \$22 fee which does not include lunch. Enrollment is limited to 30 people. Call Dick Newell, ext. 7532, to preregister.

AWARD - The National Council for Community Relations of AACJC announced the award of a plaque to Larry Romine, C/CR, at its conference last week in Washington, D.C. He was cited for service as national newsletter editor in 1980-81 (President Schafer also volunteered him for the same job for 1981-82) and as national treasurer in 1979-80 and research committee chair the year before.

LCCEF ELECTION RESULTS - The following people will be attending the OFT Convention in Lincoln City on May 29-31 with LCCEF President Mitch Stepanovich and Vice-President Gail Currin: Steve Lange, Mary Cudney, Sue Jordan, Sue Kangas, Audrey Razmus.

ASLCC ELECTIONS - ASLCC is sponsoring a candidate's forum Monday, May 4, at 1:30 p.m. in the east end of the cafeteria. All 1981 candidates will make brief oral presentations followed by a short question and answer period with the audience. All interested staff, faculty and students are urged to attend. The ASLCC elections will be held May 6 and 7 in the cafeteria. All LCC students registered for credit classes are eligible to vote.

TAX SHELTERED ANNUITIES - Interested in learning of more options you can use with your Tax Sheltered annuity fund--options which were first made available in 1978? A group of LCC staff members attended the OEA-sponsored financial planning class conducted by Jack Myers, Ph.D., a Registered Representative (investments). They have made arrangements to have Dr. Myers conduct a special session at no charge for LCC staff people on Wednesday, May 13, at 3 p.m. in Apprenticeship 133. Contact persons: Jean Shaffer, ext. 2685 or Frank Alexander, ext. 2539.

CAN YOU HELP? - The Multicultural Center is seeking contributions from staff members to help send a group of students to the coast later this month. If you can help, contact Pat Creal in the Multicultural Center, Center 409, ext. 2276.

RESPIRATORY THERAPY - Information about careers in one of the fastest growing health professions, Respiratory Therapy, will be presented Monday, May 4, at noon in the Career Information Center, 2nd floor of the Center Building.

BAKE SALE - The LCCEF will hold a bake sale Tuesday, May 5, from 10 to 2 on the second floor of the Center Bldg., outside the Library. The bake sale is for adding to the LCCEF Health and Welfare Fund that was started in February. The fund is to be used for emergencies of the LCCEF membership. There will be lots of goodies--don't miss it!

POTTERY SALE - A Mother's Day Pottery Sale by LCC art faculty and students will be held Monday and Tuesday, 9 to 4, in the cafeteria. A portion of the proceeds of the sale will be returned to the Art Department to be used to purchase materials and equipment.

INNOVATION ABSTRACT - Instructors at Central Oregon Community College make personal phone calls to absent students as a means of reducing the number of "vanishing students"--those who simply stop attending classes without officially withdrawing. John Weber, Dean of Instruction at COCC, reports in a recent Innovation Abstract on instructor response, student response, and changes in student attrition figures resulting from this personal approach. The Abstract, "Bringing Them Back--By Phone," is available for reading at the Staff Development office or the offices of instructional department heads.

WEDNESDAY

Sixth Week of Spring Term

Published for the staff of Lane Community College.

Deadline for contributions is 2 p.m. on the day before publication.

Editor/Coordinator: Jeannine Ferguson, ext. 2201

OUTSTANDING INSTRUCTOR - James Evans, accounting instructor, has been named LCC "Outstanding Instructor of the Year." Letters of nomination, from which the selection committee made its choice for the honor, were unanimous in describing him as an excellent teacher with a genuine concern for the welfare of his students. The committee was made up of previous winners, an associate dean and department head, one instructor, and one student. This year, names were submitted from all instructional areas of the college. Finalists, besides Evans, were Robert Farrand, Flight Technology; Allan Gubrud, Science; and Ken Rhodes, Special Training Programs. Previous winners of the award are Freeman Rowe, Science; Jay Marston, Science; Leland Halberg, Mathematics; and Sheila Juba, Language Arts. Evans will be honored at a special ceremony at the May 20 Board meeting.

BROWN BAG - How do we choose the words we use? What assumptions underlie our choice of words? How has language been modeled for us? These and other questions will be addressed by Dr. Julie Carson, asst. professor of English at the U of O, on Wednesday, May 13, at noon in the Boardroom. The Title of this Women's Program Brown Bag Talk is "Women and the Mother Tongue." Call ext. 2353 for more information.

ATHLETES MORE LIKELY TO GRADUATE - A five-year study by the American College Testing Program, conducted at 46 NCCA member schools, shows that a greater percentage of athletes are graduating from college than non-athletes. The study shows that among male students who entered college in the fall of 1975, 52 percent of the athletes had graduated by the spring of 1980; the graduation rate for non-athletes was 41.5 percent.

OCE NAME CHANGED - Gov. Atiyeh has signed legislation that changes the name of Oregon College of Education in Monmouth to Western Oregon State College. The legislation is effective immediately. Gerald Leinwand, college president, said the new name more accurately describes the college's broad range of liberal arts and professional programs and its regional character. However, Leinwand emphasized that teacher education will continue to play a major role in the college's curricula.

THEATER - Now's the time to pick up your tickets (\$4 each, general admission only) for the LCC production of "The Curious Savage," a comedy that runs May 15, 16 and 19-23. Get your tickets in advance so you won't be disappointed at the door. This comedy by John Patrick--described as "uniquely funny and touching"--will inaugurate the new Blue Door theatre, a 125-seat performance space located on the lower level of the P.A. Building. The smallness of the theatre gives audience and actors an intimate relation that is particularly suited to some plays. The cast of this production are all LCC students, directed by Stan Elbersen, who have been rehearsing since spring term began. The box office number is ext. 2202.

MOTHER'S DAY - Remember Mother this Sunday, May 10. The Bookstore has a large variety of Mother's Day cards.

REMINDER - The final deadline for Student Service Associate applications is Friday, May 8. Contact Tim Blood, Counseling, ext. 2243, for more information.

ASLCC ELECTION - ASLCC officers for the 1981-82 school year will be elected today and Thursday. Voting takes place in the cafeteria; all LCC students registered for credit classes are eligible to vote.

RENAISSANCE ROOM - Today's Special: Pink Mist Mocktail--a blend of grapefruit juice and cream with a splash of grenadine; Fresh Pea Soup with Butter Dumplings--a creamy soup made with wine, garnished with a buttery dumpling and served with a basket of bread; Shrimp Melon Basket--a fresh melon filled with shrimp salad mixed with seasonal fruits, highlighted with Green Goddess dressing; Dessert--Strawberry Bavarian Cream. Coffee or tea included, all for just \$3.50!

FACULTY EXCHANGES IN OREGON - The deadline for applications for faculty exchanges with other community colleges in Oregon is Friday, May 15. Stop by the Staff Development office for more information, or call ext. 2260. This is a new program, organized by the Deans of Instruction at the community colleges this year.

IDEA SPREADING - The Focus magazine concept has been adopted by two other community colleges and an additional two are considering it. Northampton County Area Community College in Pennsylvania has "Focus on NCACC," which it distributes to alumni to share student successes. Ocean County College in New Jersey has "Focus on People," which also details student successes and is distributed to prospective students. Spokane Community College is in the beginning stages of a "Focus" publication which may be related to productivity. The latest inquiry comes from Portland Community College. Beverly Hooten of the Human Resource Department writes: "Congratulations on such a fine publication. Sixth Week of Spring Term

Published for the staff of Lane Community College.

Deadline for contributions is 2 p.m. on the day before publication.

Editor/Coordinator: Jeannine Ferguson, ext. 2201

BUDGET PROPOSED - An operating budget of nearly \$24 million was proposed by President Schafer to the college's budget committee Wednesday night. The proposed budget represents a spending increase of just under 5 percent for the year starting July 1, and provides for some 9,200 FTE students, about the same as this year. Revenues would come about a third from state support, another third from property taxes, and the other third from tuition and miscellaneous sources. The committee will meet again May 20 to continue budget deliberations.

BOARD ACTION - At its Wednesday night meeting, the LCC Board: (1) approved the addition of a new 2-credit course in Chinese Cooking; (2) authorized the sale of 8 vehicles from the Mechanics Dept. which are no longer needed; (3) approved allocation of \$3,000 from Plant Funds for architectural consultation for long-range facility planning; (4) authorized the establishment of administrative procedures to sell the Construction Technology project house at 492 E. 53rd; and approved a short-term loan to the Construction Technology project from Plant Construction funds, to be repaid in full upon sale of the above-mentioned property, to be used to begin construction of a house at 25th & Chambers; (5) postponed action on a proposed merger of the ABE/HSC/ESL unit with the Greater Credit Faculty; (6) approved the awarding of full tuition LCC scholarships to one senior in each of 23 area high schools, and 7 scholarships to LCC High School Completion students yet to be named, for the 1981-82 academic year. The Board also took the following personnel actions: approved the appointment of Mary Lou Lynch, Eugene, as a part-time nursing instructor; approved the appointment of Martin Magallenenas from Ventura C.C. in California as full-time Diesel/Tech instructor at the Siuslaw Center; approved the appointment of Albert Rowe, Cottage Grove, as full-time welding instructor; approved the appointment of Gary Russell, Eugene, as full-time math instructor; and accepted with regret the retirement resignation of Bill Riley, Mass Communication, effective at the end of the current academic year.

PRODUCTIVITY - In the interest of increasing our understanding of productivity, the Staff Development Office is showing "Productivity: The Self-Fulfilling Prophecy." This 30-minute film introduces the concept that believing a certain outcome will affect that outcome. Many examples are offered of how a negative attitude may influence a large course of events such as public attitude during the Great Depression. The film shows other examples of how the productivity of people is influenced through both verbal and non-verbal communication. An excellent film for managers and supervisors! This showing is at 3:30 Tuesday, May 12, in the Boardroom.

HEALTH CARE FORUM - On Wednesday, May 13, the Health Alliance of Lane County will present a free public discussion on nutrition. This forum will include such topics as "The Incredible Bulk," "Ate Is Enough," and "Vitamins: The Dukes of Hazard." Panel members will be Loretta Plaa, R.D., of the Home Ec Department; Alison Wheeler, R.D., assistant head of the dietary department at McKenzie-Willamette Hospital; and Dr. Kirk Jacobson, specialist in internal medicine. The forum will be held at the Americana Room at Valley River Center (above the World's Fare restaurant) at 7:30 p.m. It is open to everyone.

PLEASE NOTE - The Counseling Department staff will be attending an inservice today; only emergency coverage will be provided.

HEALTH FAIR - Don't forget the Health Fair today from 10:30 a.m. to 2 p.m. off the north end of the cafeteria (or in the gym foyer in case of rain). Lots of great health activities are planned--come have fun and learn.

MONDAY

Seventh Week of Spring Term

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

APPOINTED - President Schafer announces the appointment of Mathematics Department Head Casey Fast as the College's director of productivity. Casey takes office officially on July 1 to serve a one-year term. While on leave from the Math Department, he will be replaced by an acting head, who will be named later. In what will be probably the first productivity directorship in education, Casey says his pioneering efforts will involve much work with staff working at "front-line" levels. "Our basic thrust will be to have the front-line people, classified and faculty, tell us how to be more productive, more effective, how to produce higher quality education," Casey said. "I hope people don't think this is just another bureaucratic thing; we want to train and organize our people so they will control what happens in their particular work situation."

SPOTLIGHT ON CASEY FAST - A fourth generation Oregonian, Casey was born in Dallas 38 years ago and raised in such western Oregon towns as Gresham, Amity and Molalla. He earned a B.S. in secondary education and mathematics at Portland State University, graduating in 1965. Two years later he received a M.S. in mathematics from the University of Oregon. In 1967-68 he was director of education at Willamette Christian Center in Eugene while also teaching part-time in the LCC Math Dept. He joined the College staff full-time in 1968 and became department head in 1975. He has been active in dramatically increasing Math Department productivity and promoting math through such activities as the Math Skills Fair, Einstein birthday party, and burial of the English system of measurement. He is active in the Oregon Council for Teachers of Mathematics and served as executive vice president in 1977-79. He presently is publicity chairman for the National Council of Supervisors of Mathematics. Since 1979, he has traveled across the nation as a speaker and consultant in marketing for Johnson Associates of Chicago. He has done post-degree work in management, computer science, and curriculum development at such institutions as University of California at Irvine, Western Washington University at Bellingham, and the University of Oregon.

ATTENTION MANAGEMENT EMPLOYEES - There will be a meeting for all management staff this Thursday at noon in the Boardroom to discuss the proposed working agreement for 1981-82. If you have not received a copy of the agreement by Wednesday, call Paul Colvin at ext. 2567.

GRILL THE DEANS - The final grilling is May 13, 3 to 4 p.m. in the Boardroom. Please drop by the Boardroom for this informal grilling.

LIBRARY OPEN HOUSE - Be sure to see the exhibit of Japanese woodblock prints while visiting the Library on May 18. This exhibit was brought to LCC through the efforts of Ruth Bowman's class titled, "Japan: Bridges to Understanding." Any staff person who has written a book is invited to display it at the Open House.

The orchestra will play some C.P.E. Bach and Corelli, as well as a contemporary piece; the choir will feature a short but lively rock cantata called, "The Creation." The concert is free.

ATTENTION MANAGEMENT - All members of the management group are encouraged to attend a meeting in the Boardroom at noon this Thursday. Any manager who has not received a copy by Wednesday should contact Paul Colvin at ext. 2567.

OPTIMUM SUCCESS - Optimum Health Day was a new venture for LCC. It was a grass roots effort by interested staff to organize a major health conference on stress. The result was a joint sponsorship by Western Oregon Health Systems Agency and the Staff Development Office to bring Dr. Ken Pelletier to Eugene. Over 300 health professionals and educators attended the day's events. The printed word does not begin to reflect the hours of planning, agony, and hard work that committee members and volunteers gave to make the event happen.

Special thanks to the Counseling Department, Student Health Services, and Health Occupations for making the conference their inservice. Thanks also to: Food Service, Printing/Graphics, College/Community Relations, Word Processing, Security, Plant Services, Performing Arts, Media Services, Financial Services, Student Service Associates from Counseling, and the Associated Students of LCC for their enthusiastic help and cooperation with the conference.

DONATIONS NEEDED - The LCC men's and women's track teams are making a final effort to raise money to send a number of athletes from each team to the NJCAA National Championships in San Angelo, Texas, May 21-23. Both teams did well in the NJCAA Region 18 Championships in Albany last weekend. The teams have worked hard to earn the money needed, but are still short some \$2500. All donations are tax deductible and may be sent to Pat Williams, Development Fund, at the DTC. Donations should be earmarked for men's or women's track, national travel fund. The money is needed by 10 a.m. Monday. Here are other ways you can help:

The men's track team will hold a bake/garage sale outside the snack bar area of the cafeteria Friday, all day. Bob McCorkle is campus chairman of the men's track team fund-raising, and would appreciate donations of either baked goods or items for the garage sale. Bob also will be making the rounds on campus to ask for your help with the fund raising. If you can help, give him a call at ext. 2512.

The women's track team will be selling t-shirts in the Center Building today from 10 to 2, in the second floor lobby. T-shirts will cost \$3 each or 2 for \$5. A bake sale will be held simultaneously.

LIVE CHESS - Those white squares that sprouted on the north lawn outside the Center Building are for a "living" chess game, to be played Friday from 11:30-12:30 by Bob Mitchell, ABE, and Tha Razghi, Chess Club member. Playing pieces will be Performing Arts students. Come watch the fun!

Examples of some 200 species of wildflowers will be included, labeled with common and scientific names. Guided bird walks and plant walks along the arboretum trails will be offered, with lists of birds (88 species) and plants (190 species) and trail maps available. Call 747-3817 for directions for reaching the arboretum, or other information.

BROOM BRIGADE? - The LCC Giraffe Club is sponsoring a Broom Brigade on Thursday, May 28, at 7 a.m. The Brigade will walk to LCC along 30th Avenue, sweeping the shoulders of 30th as they go. The idea is to promote awareness of alternative forms of transportation, and to demonstrate to the people of Lane County that LCC people are concerned about saving the county money. There will be a band, police escort, and dignitaries from the State Highway Commission. Participants will be asked to pay a \$1 registration fee to help with expenses of the walk; also, the fee will buy you a raffle ticket for a 10-speed bicycle to be awarded at the end of the walk. Registration may be done at the start of the walk, or in the cafeteria next week. Watch the Daily for more details! (The event is, by the way, B.Y.O.B.--Bring Your Own Broom.)

FROM CASEY FAST - Thank you to all who sent their kind remarks and good wishes on my new position as Productivity Director. I'm expecting a lot of help from LCC staff.

LEARNING SEMINAR - "Non-teachers" can improve their teaching skills at a one-day seminar to be sponsored by LCC on May 27 at Valley River Inn. It will be led by Dwight Fairbanks, a specialist in supervision and adult education. Registration is \$35. For more information, call Naomi Soules, DTC, at ext. 7519, or Dwight Fairbanks at 484-2349.

WEDNESDAY

Eighth Week of Spring Term

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Jeannine Ferguson, ext. 2201

LEGISLATION - This week's OCCA Legislative Digest reports that the budget picture is beginning to look bleak at the Oregon Legislature. House Revenue Committee Chairman Bill Grannell says legislative mail is running 20-to-1 against any tax increases. The Revenue Committee began hearings last week on the tax measures necessary to raise an additional \$236 million (latest revised estimate) in revenue for the biennium beginning July 1. The "new" revenue forecast (the one legislators have said they would wait for before beginning to make any decisions), will be unveiled Tuesday. The Ways & Means subcommittees holding budget hearings have developed contingency budgets for each state agency and for aid to local governments (which includes community colleges). These budgets are at least 10% less than the budget amounts suggested by the Governor....Governor Atiyeh has signed into law OCCA's first legislation of the current session, HB 2606, which says that a person cannot be simultaneously an employee of a college and a member of its board of education. The bill was guided through the legislature by its chief sponsor, Rep. Barbara Roberts, a member of Mt. Hood's board.

WRITERS SOUGHT - Staff who are willing to write articles for the fall issue of Focus magazine are invited to contact Larry Romine at ext. 2593. Articles should focus on how we're "doing better with less" through innovative and/or imaginative approaches or ideas as to how that goal can be achieved. Length should not exceed 3 double-spaced pages. Deadline is August 1. Aim is to have the fall issue out in time for in-service. Thanks for your willingness to share your accomplishments and ideas with other staff.

NO MORE CALLS, PLEASE--WE HAVE A WINNER - Actually, only one person called in to point out that Eugenean Dave Frohnmyer has moved up in the world--he is now Oregon's Attorney General (no longer State Representative as stated in yesterday's Daily). Walt Van Orden was the first (and only) to call and remind us of this fact. Frohnmyer will speak at LCC's June 5 commencement.

GIRAFFE CLUB UPDATE - Watch for the Broom Brigade registration table in the cafeteria beginning tomorrow. The 10-speed Nishiki bicycle, to be awarded to a Broom Brigade registrant, will be on display. Anyone interested in joining the Giraffe Club, or just finding out more about it, is invited to attend the meeting today at 3 p.m. in Center 478.

FROM THE LIBRARY - Thanks to all who participated in and attended the Library Open House. Winners of the drawing for new Friends of the Library are: Douglas Ladd, student, and Elizabeth Cooksey, a visitor, who each won a certificate for a lunch in the Renaissance Room; John Howard, formerly head of the LCC Language Arts Department, who won a copy of Dee Brown's book Creek Mary's Blood; and Chuck Ruff, Language Arts, who won the two-volume set of Noble House by James Clavell. Congratulations!

MINI-METRICS - A mini-metric fair will be held in the math building main hall Friday from 10:45 to 12:15.
