THE DAILY

MONDAY
September 14, 1981

Published for the staff of Lane Community College.
Deadline for contributions is 2 p.m. on the day before publication.
Editor/Coordinator: Keli Osborn, ext. 2201

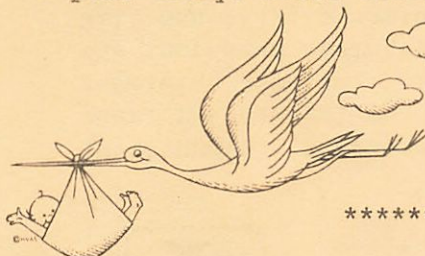

CLOSED - The Library is closed today for inservice.

DAILY "DAILY" RETURNS - Beginning with today's issue, "The Daily" resumes its daily schedule. Submit news items and classified ads by 2 p.m., the day before publications is sought. Ads will run two days, and a call will be needed for extensions. When dropping off items, please include full name, department and extension. Those who were away this summer, and sincerely missed "The Daily," can examine copies on file in College/Community Relations (1st floor ADM). As space permits, especially important or interesting items from summer issues will be repeated this month.

STAFF DIRECTORY - If the creeks don't rise, the 1981-82 staff directory should be out by mid-October. Most of the information has been compiled - with only a couple of departments still to be heard from. A tentative schedule has the directory information going to Word Processing this week for typing, and afterwards to Printing & Graphics. No extra copies of the 1980-81 directory remain, so hold on to those you have for new staff members. Concerns about the directory and its distribution should be directed to Keli Osborn, CCR, ext. 2201.

INSERVICE - Everyone is invited to an administrative session at the Performing Arts Theatre, this morning between 9 and 11. Coffee and doughnuts will be provided. This afternoon, full-time faculty have a special orientation session with members of the Personnel Services staff. The orientation begins at 1 in Rooms 223-224 in the Apprenticeship building. Tuesday has been set aside as a departmental inservice day. And Wednesday features a session on what the Division of Instructional Services has for instructors. It begins at 9 a.m., in 308-309 FOR. Later, at 10:30, Susan Cooley (Health & PE) will lead a session on preventive and therapeutic back care. This health-oriented program is open to the first 60 staff members who sign up; call ext. 2260 to register. All staff are invited to a Wednesday afternoon program on student services and student rights. It begins at 1 in 308-309 FOR.

SHARING INSERVICES - Departments wanting to invite other staff members to workshops and programs they've planned for themselves, should call Staff Development at ext. 2260, by 5 p.m. today. Staff Development will help get the word out.

Baby Sean Charles is "healthy and doing well - doesn't even cry a lot." That from father Bob Hoffman, Financial Aid. He and mother Christine Moats, Student Records, delivered their 7 lb., 4 oz., son on Sept. 4. Congratulations.

BOOKSTORE HOURS - This week, the Bookstore will be open on Monday from 11:30 a.m. until 7:30 p.m.; on Tuesday through Thursday, from 8 a.m. until 7:30 p.m.; and on Friday, from 8 a.m. until 4:30 p.m. The Downtown Center Annex will open Monday at 11:30 a.m.; and will open at 8:30 a.m., Tuesday through Friday.

GROUP INSURANCE - Interested in changing from one LCC health plan to another? Want to add a dependent to your dental insurance policy? Make changes in your health and dental plans during the open enrollment period, Sept. 14-Oct. 15. Changes can be made by signing a new insurance card in the Personnel Services office. Changes authorized on or before Sept. 18 will take effect on Oct. 1. Those authorized Sept. 19-Oct. 15 will take effect Nov. 1. Aetna, Selectcare and Crown Life have all agreed to open enrollment during this period. If you want to know more about LCC insurance programs, stop by the Foodservice area following the all-staff inservice meeting this morning. Insurance representatives will be available for questions.

ART SHOW - The graphics production staff of Printing & Graphics will show their work in the Mezzanine Gallery, beginning Sept. 15. Artists include Gary Anderson - silk screen prints; Kristina Wong - mixed media; Kimberly Carter - photography; and Edna Kennel - watercolor. Most of the art work will be for sale.

FOCUS - LCC's Focus on Productivity magazine, beginning with the fall issue (due out in October), will be sent only to staff members who request a free subscription. This is to avoid the waste of printing copies for those who don't want them. If you wish to receive Focus, call ext. 2201 and give your name and department, so that a campus mailing label can be created for you. Several issues of the magazine are planned for this school year.

NEXT YEAR'S FUNDING BLEAK - This year's LCC budget appears adequate to serve at least 9,200 FTE students; though that could swell to 9,500, if they can be squeezed in. But, in the 1982-1983 year, the College could come up one or two million dollars short of enough money to simply duplicate this year's programs. That is the prediction of Dean Bill Berry and his financial aides, based on decreasing state support and continuing inflation. Board of Education members last Wednesday night talked about the possibility of asking local voters to make up the difference. A proposal to increase the tax base could be put on the May 18 primary ballot, or a levy outside the base could be placed on the June 29 (1982) ballot. To hold down the amount needed, the College will continue to tighten the belt this year, so that savings can be carried over for use next year.

Thank you, Sandy Ing and Carol Tedder, for your professional help and concern in my recent emergency. The staff and students of LCC are fortunate to have you on board. Thanks, also, to Nancy Cheffings for coming to my aid; and to Edna Berndt, Verne Shittaker, Paul Crouse and all the rest of my LCC family for your care and concern. Sometimes it takes a jolt to recognize one's wealth. I am feeling fine.
--Emily Sachs, Financial Services

INVESTMENTS - Investment earning for the College exceeded \$1 million for the 1980-81 fiscal year. The General Fund will receive nearly \$735,000 and the Plant Fund will receive the remaining \$300,000. Higher interest rates and a larger cash base to invest contributed to the increased savings, according to Bill Berry, dean of Administrative Services. He credits Bill Mansell, in Administrative Services, and Sue Bayliss, of Financial Services, with maintaining accurate cash flow reports which helped take advantage of daily investment opportunities.

SAFETY - LCC's safety record improved during the 1980-81 year with 44 accidents and a total cost of \$32,314 - about half the 1979-80 cost. A stronger accident prevention effort by most of the college's high-risk areas was responsible for keeping on-the-job accident costs to an acceptable level, according to Bill Mansell.

KLCC RATINGS - In a memo to President Eldon G. Schafer, KLCC Station Manager Jon Schwartz noted that recently received Arbitron ratings for six weeks in April and May showed the radio station's audience growing. KLCC received a 10.6 cume rating - up from 7.2 six months earlier - which is the station's highest in its 14-year history. It is also one of the highest ratings recorded in the history of U.S. public radio. Translated into unduplicated listeners, the Arbitron ratings mean an estimated 24,200 area residents tune in at least once a week. With outlying areas counted in, the audience grows to 27,000.

CLOSED - Media Productions will be closed all day Friday for department inservice. The staff will be going to the IBM Guided Learning Center in Portland to learn how to operate computers.

TWO WINS, ONE LOSS - Voters Tuesday rejected Linn-Benton Community College's request for a \$491,000 B levy. The Albany school's measure went down by 900 votes. A college spokesperson said LBCC will trim enrollment this year by 165 FTE students. Community college winners of A levies Tuesday were Southwestern Oregon in Coos Bay and Treasure Valley in Ontario. SWOCC won a \$588,000 levy by about 120 votes. TVCC gained approval of a \$1.5 million levy by 368 votes.

UW TEAM APPOINTED - The LCC Management Group - which contributed \$2,542 last year to United Way - has appointed five persons to head its attempt to top that total this year. Diane Dann, Community Relations, is team leader again this year. Other team members are Jim Dunne, Instruction; Bill Mansell, Administrative Services; Bob Tegge, Student Services; and Pat Williams, Downtown Center managers. Sixty-two percent of the managers donated last year, with an average gift of \$43.82.

I want to take this opportunity to say thanks to the many people who assisted us in making individuals more aware of our Respiratory Therapy Program. The response to the collective marketing effort was excellent and, as a result, we will be admitting a very qualified group of students to the first year of the program this fall. Special thanks go to the Department of Health Occupations staff, Tito Balducci, and to Diane Dann for their efforts in this project.

--Douglas White, Health Occ.

Many LCC students, faculty and staff will be able to make transfer connections at 30th and Hilyard - eliminating the need to travel to downtown Eugene. If you live in the areas listed below, you can catch the new #20, 30th Avenue shuttle which travels from 30th and Hilyard to LCC every half hour.

--East-West Amazon Area - you would catch #25 Amazon to 30th and Hilyard.

--Fox Hollow - South Willamette Area - you would catch the #23 Fox Hollow to 30th and Hilyard.

--Crest Drive Area - you would catch the #32 Crest Drive to 30th and Hilyard.

Riding the bus will be easier and cheaper. Also beginning Sunday, cash fare will be 50 cents (10 cents cheaper) - and tokens, purchased five at a time, will be 40 cents each. A monthly pass for the Eugene-Springfield area will be \$16. Tokens and passes are available at all local 7-Eleven Food Stores and at the downtown Eugene LTD Customer Service Center.

To all my friends at LCC: "Friendship - Our Friendship - is like the beautiful shadows of evening, spreading and growing till life and its light pass away." (Vit Kovics) Thank you all for the wonderful sendoff. I will not say goodbye. I will say, "See you soon."

MAIL REPORT - The U.S. Postal Service says that non-profit organizations send 16 percent of all mail that American families receive. Most of the mail is delivered on Thursdays, the least on Mondays. The heaviest volume of outgoing mail hits the post office on Sunday and Monday - the slowest day is Saturday.

STUDY OF RELIGION - A national opinion study by Research & Forecasts suggests that 74 percent of all Americans consider themselves religious, 26 percent highly religious, 73 percent that God loves them, and 50 percent frequently engage in prayer and attend services. Of those who are religious, 92 percent find their jobs interesting and 97 percent feel a sense of dedication. Religious people are five times more likely than non-religious people to be active in the community, and outvote non-religious people by three to two. The report is available at \$10 from Connecticut Mutual Life, G-26, 140 Garden St., Hartford, CT 06115.

WELCOME IN YELLOW - Associate Dean Jim Ellison and Dean of Students Jack Carter are urging LCC staff members to wear specially printed yellow name tags the first few days of this fall term. The tags will signal to students that staff members are here and available to help. Tags are available in each department or from Charlene Van Sickle in the Admissions Office, ext. 2687.

LISTENING - Though an often overlooked communication skill, listening is a key to effective learning. Two new sheets from Innovation Abstracts, available in the Staff Development office, address two aspects of listening in the classroom: teaching students to stop poor listening habits and lecturing more effectively. An average adult spends 45 percent of the waking day in listening situations, 31 percent in speaking situations, about 12 percent reading, and about 10 percent writing. Listening well is vital.

HMMMM - Public schools and their principals and administrators are given higher grades for educating students than parents are for raising their children to be self-disciplined and responsible young people, according to the results of the 13th Annual Survey of the Public's Attitudes Toward the Public Schools conducted by the Gallup Poll. Respondents from cities with fewer than 50,000 persons have higher opinions of their public schools than do those from larger metropolitan areas. And, on a regional basis, people in the West rate their schools lower than do residents in the rest of the nation. Discipline continues to be the number-one problem facing public schools, according to respondents. Also of interest: While 82 percent of the white respondents felt the public schools have achieved equal educational opportunity for all races, only 60 percent of blacks saw the situation that way. By better than a two-to-one margin, the respondents opposed tenure for public school teachers. And 56 percent said public school teachers should not be able to strike - that is up from 48 percent saying no in 1975. The survey sampled 1,519 adults (18+) in May 1981.

INTRAMURALS - There will be no intramural free time activities on Monday and Tuesday, Sept. 28-29. Fall term's intramural activities begin Wednesday. Check the Intramural Office in the gym lobby for a complete activities schedule.

ENROLLMENT NATIONWIDE GROWS - Enrollment in U.S. community, junior and technical colleges will top five million this fall for the first time, according to the American Association of Community and Junior Colleges. A 5.5 percent enrollment increase is expected over last year's total, and four million people will be enrolled in non-credit courses at colleges nationwide. Association President Dale Parnell says it is customary that "during times of economic recession, community and technical colleges enrollments increase." (AP Wire)

CROSS COUNTRY - The LCC women's and men's cross country teams will host the Garrie Franklin Memorial Cross Country Classic on the LCC track Saturday, with the first race at 9:45 a.m. Seven running events are planned, beginning with elementary school girls and boys. The LCC Titans will compete in open-college division with the women's race at 11 a.m. and the men's at 12 noon.

MORE SPORTS - The LCC Titans host the LCC Invitational in volleyball Saturday at 2 p.m. Then, on Sunday at 2 p.m., the Titans face Oregon State University in a soccer match here on campus.

To all friends at LCC: Thank you for your support and understanding.

To raise money for music scholarships, the Department of Performing Arts has engaged Anne Baxter to entertain us with 90 minutes of reminiscences about herself, her career, and Hollywood's golden years. The star of such memorable films as "The Razor's Edge" and "All About Eve," and the appreciative granddaughter of Frank Lloyd Wright, Baxter has led a remarkable life - both personal and professional. (Her autobiography, Intermission, has been a big seller.) Tickets are \$10 each, and all seats (just 550 of them) are reserved. Call the box office, ext. 2202, to place your order.

SHAPE UP - Early risers can meet on the main campus for exercise classes beginning on Wednesday. Led by Pat Williams, assistant director for the LCC Development Fund, the credit class is offered through Adult Education. Staff may waive the \$22 fee. The hour-long class has open-ended registration, and meets at 6:30 on Monday, Wednesday and Friday mornings. Locker rooms are available, and a \$1 PE fee will gain participants clean towels and gym clothes. Register in Adult Education at the Downtown Center or on the second floor of the Apprenticeship building.

VOCATIONAL STORIES - Some 5,000 Oregonians read about vocational training and education in a tabloid put together by the Oregon Vocational Association. LCC's stories could be included. Editor Mary Strohecker welcomes story ideas, and especially seeks anecdotes about LCC faculty and articles about special programs. Contact the College/Community Relations office, ext. 2201, for information.

CARS FIXED - Students in the auto-diesel mechanics program needs cars to repair. No labor charges are included in the final billing. The repair program is not a one-day service, Michael Bailey from Mechanics cautions - but a learning experience for students. Call ext. 2388 for information about this low-cost service.

MOVING ALONG - LCC's United Way drive for this year is at the 18 percent mark and climbing, compared to giving in prior years. Some \$1,448 has been donated or pledged by 24 people.

QUALITY - "Quality Teams at Hewlett Packard," a 17-minute video tape, will be shown repeatedly between noon and 1 in the Board Room Wednesday. Attend, and see quality circles, displaying both their benefits and shortcomings. The tape will be repeated on Thursday, between noon and 1.

DEADLINE - The number of quality circles to be established in the fall term pilot program is limited to six, the number of trainers. More circles will be added later. Twelve department circle applications have been received, and choices will be made according to established criteria rather than on a first come, first served basis. The application deadline is 10 Wednesday morning. Contact the Productivity Center, ext. 2803, with any questions.

SHAPE UP, CORRECTED - Early risers can meet on the main campus for exercise classes beginning Wednesday. Led by Pat Williams, assistant director for the LCC Development Fund, the class will meet at 6:30 a.m. on Mondays, Wednesdays and Fridays. The hour-long class has open-ended registration, and staff may waive the \$22 fee. Locker rooms are available, and an \$8 PE fee will gain participants clean towels and gym clothes. Register by calling Pat Williams at ext. 7523, or Adult Education at the Downtown Center at ext. 7512.

"Just a note to tell you how much I enjoyed my day at Lane....

Although I enjoyed the presentations at all seven community colleges, my efforts at Lane seemed to be the most memorable. I feel it was the highlight of the entire tour.

"Long after my presentation is considered history and my ideas hopefully permeated into the subconscious acts of those present at the occasion, I'll remember all of you with great affection."

--Ed Wolpert, Ball State University (Wolpert spoke on "gross injustices" during inservice)

FACULTY LEAVES - Professional Development Leaves for spring 1982 are due in the Office of Instruction Friday, Oct. 9, by 5 p.m. Copies of previous applications and leave reports are available as references in Staff Development and the Office of Instruction. Application forms are available from Shirley Pearson in the Office of Instruction, and Carol Clarke and Barbara Mathewson in Staff Development.

WELCOME - Students and staff are invited to a welcome party today. Sponsored by the Associated Students of LCC, the event features a chicken-and-salad lunch for \$1, and music from three bands. The affair begins at 11 a.m.

ENROLLMENT UP - Credit student enrollment this term is up slightly over last year's at this time, according to Dean of Students Jack Carter. Enrollment gains were experienced by Data Processing, Math, Business and Mechanics. Slight losses were recorded by Science, Language Arts and Home Economics. Carter says that more students than ever before are paying their tuition on the installment plan. Final numbers for fall enrollment will be available in about three weeks. In non-credit Adult Education, enrollment appears to be up strongly, according to Associate Dean Nile Williams. Final figures won't be available, however, until later in the term.

ATTENTION - To all Media Services equipment users: Please remember that Media Services requires four hours prior notice when any equipment orders are placed.
