The resource center is located in front of the Library, on the second floor of the Center Building. Its extension is 2343.

**VISITORS** - Those 17 people touring the main campus Thursday morning were community business leaders. They came to campus at the invitation of Lyle Swetland and Pat Williams of the LCC Development Fund. After meeting with President Schafer and Productivity Center Director Casey Fast, they toured the campus with Jolene Bowers of Admissions and, then, lunched. They reportedly were pleased with what they saw, and one bank executive remarked it was his first trip to the campus in 17 years of living in the community. Blooms Flowers donated table decorations. The Development Fund people call the activity Bunch for Lunch, or BFL. Its aim is to build financial support and acceptance for the college.

**ENERGY-EFFICIENT INTERIOR DESIGN** - Part of creating an energy-efficient home is in the interior design, and area residents can learn decorating tips in a workshop on Saturday. Sponsored by LCC's Energy Management Technician Program and funded by an Oregon Department of Education grant, the workshop will take place on the LCC campus. To give an idea of the requests we receive...a youth agency called last month for someone who could present a slide show and lecture about western Europe; a business organization called a few weeks ago for someone well-versed in economics; and a senior citizens church group sought someone to speak about the Eugene mall. If you feel comfortable speaking about any or many subjects, consider signing on. Call ext. 2201 for information. The deadline for submission of directory information is Nov. 16, so call immediately with questions.

**PRODUCTIVITY IDEAS** - The Productivity Center seeks staff ideas for the Productivity Suggestion Program. Deans, directors and most supervisors have rough drafts of the program description. Review it and bring your thoughts to a discussion meeting Tuesday or Friday. Both meetings are scheduled between noon and 1 p.m. in the Board Room (Room 216, Administration).

**HOLIDAY** - Remember that Wednesday is the Veterans Day holiday - a day off for students and staff.

**WELDING WOMEN** - A guest speaker will come to campus Wednesday to talk about women in welding. The LCC Women's Program is holding the session, "Nontraditional Career Options for Women," at 2 p.m. in Room 217, Apprenticeship. For information, call ext. 2353.

**COMEDY THIS WEEK** - Good seats for "Bullshot Crommond" remain. The LCC production opens Thursday night at 8. Tickets are \$4 and all seats are reserved. Performances are scheduled on the LCC main stage Nov. 12-14 and 17-21. For information, call the box office at ext. 2202.

**THE SYLLABUS** - Students who visit the advising center at Pacific Lutheran University in Tacoma, Wash., often do not clearly understand what is expected of them in their classes. Even if they can visualize the products their instructors request - paper, exam, presentation - they do not know how to produce them. They do not understand the objectives of their classes. PLU's Rick Seeger suggests that detailed and useful course syllabi and assignment sheets can help solve the communication problem. In a recent page from Innovation Abstracts, Seeger outlines how to develop useful syllabi. For a closer look at what he is proposing, obtain a copy of the Oct. 16, 1981 "Strategies" page from Staff Development.

**MORE VISITORS** - About 300 people were on campus early this morning for the City of Eugene's hospitality training program.

**RADIO** - KLCC-FM begins a Radiothon today. One of the most listened-to public stations in the country, KLCC receives about 25 percent of its operating budget from its audience. The station's goal for this Radiothon is \$25,000 in pledges. As a community service of LCC, the station receives about 50 percent of its budget from the College's general fund. The remaining 25 percent comes from the Corporation for Public Broadcasting's Community Service Grant and local program underwriting. Faced with local and pending federal cutbacks, KLCC is "more dependent on listener support than ever," says Development Director Paula Chan Gallagher. KLCC Radiothon specials include: TODAY - From the Leffside, "The Hits in Folk Music," 7:30 p.m.; live electronic music, 11 p.m.; TUESDAY - digital classical recordings, 8:30 a.m.; Blue Plate Special revisits KLCC news alumni, noon; and 1981 Monterey Jazz Festival, 3:30 p.m. Tune in 89.7 on your FM dial, or 91.5 in the outlying areas.

**DENOUEMENT** - Artist Nancy Arthur Hoskins will present a handwoven wall-hanging to the LCC Performing Arts Department Thursday night, following the opening performance of "Bullshot Crummond". The presentation will take place in the theatre lobby, where the hanging will be installed on a stairwell wall. Ranging in colors from orange to violet on a blue field, the brocaded tapestry is like a medieval stained glass window, according to Hoskins. It measures 6½ by 11 feet. The subject and title of the tapestry is "denouement," the unknottting or resolution of the plot in a drama or story. The opening night audience of "Bullshot Crummond" will be invited to the presentation Thursday. Thereafter, Hoskins' gift will be on permanent display and accessible to the public during regular business hours - 8 a.m.-5 p.m., Monday through Friday.

**SPORTING NEWS** - The LCC Women's cross country team and three members of the men's team will head to Wichita, Kan., this week to participate in the National Junior College Athletic Association Cross Country Championships. The women, currently ranked number two nationally, ran away with the Region 18 team championship in Salem this past Saturday. LCC's cross-country women hope to return to Lane County with a third consecutive national title after Saturday's national competition. In volleyball, the news also is good. The Titan squad will go to Rexburg, Idaho, Friday and Saturday to make their bid for the Region 18 title and a chance to represent the region at the NJCAA championships in Cantonville, Md., on Nov. 28. The Titan volleyball players are beginning fundraising efforts to send themselves to the national meet, should they do well this weekend. Donations may be made through the LCC Development Fund, and are tax deductible.

**WELDING WOMEN** - A talk about women in welding set for Wednesday has been cancelled.

I would like to express my sincere appreciation to James Dieringer for making a demonstration window and a light box for me. His patience, along with his ingenuity, expertise and skill, has led to two outstanding teaching aids. Thank you, James Dieringer.

A five-person group will look primarily at college publications and campus signing. Members are Bets Cole, Art instructor; Diane Dann, manager of publications; Edna Kennel, graphic designer in Printing/Graphics; Mari Reed, architectural drafter in Facilities; and Larry Romine, director of College/Community Relations, who will chair the committee.

--Laurie Gardner, Media Productions

**EMPLOYEES RATE COMPANIES** - The Opinion Research Corp. analyzed how employees rate companies. Some of their findings: Overall, favorable attitudes of middle managers are down. There is a "Hierarchy Gap" between the attitudes of managers, and clerical and hourly wage employees. Few managers - and even fewer clerical and hourly wage employees - feel their companies make promotions fairly. There is little relation between employees' educational backgrounds and their attitudes toward work. Among managers, men have more favorable attitudes toward their jobs than do women. Among hourly wage employees, the opposite is true. Among clerical employees, there is no clearcut pattern. (From Staff Development)

THANK YOU TO SUSAN COOLEY - for taking the time to give us an excellent presentation on back care Tuesday. The information provided, along with the demonstration of exercises for proper back care, was most beneficial. Thanks again for helping us all to change our way of thinking on exercises and proper back care.

**LOANS COMING THROUGH** - The Federal Reserve Board reversed itself on the student loan issue Thursday. That means the 450-500 LCC students who are counting on Guaranteed Student Loans through First Interstate and U.S. National banks should receive their loans sooner than later. Frances Howard, LCC financial aid director, says her office has been notified that loan checks will be in the banks next week. It could be Nov. 30 before the checks are processed and mailed to LCC for students to pick up, according to at least one bank's spokesperson. The loan hangup came when two federal agencies disagreed over how the banks should comply with the Truth in Lending Act in imposing a new 5 percent loan origination fee. The Federal Reserve Board's present stance means banks won't have to notify students in writing of the origination fee until 1982.

**FACULTY PAY** - The method of paying contracted faculty has been modified only for the 1981-82 contract year. According to the negotiated agreement, faculty on a ten-month pay plan will receive five equal paychecks calculated according to Salary Schedule A and five equal paychecks according to Schedule B. Faculty on a twelve-month pay plan will receive six equal paychecks according to Salary Schedule A and six according to B. Salary schedules A and B are printed on the last page of the 1981-83 LCC Education Association contract. Copies of the contract will be distributed to unit members within the next week. If you do not receive a copy of the contract, please contact your LCCEA representative.

**RETENTION** - Refer those students who seem to be dropping out or who have a dangerous number of absences to Bob McCorkle in Counseling. If you need details, call McCorkle at ext. 2235 or see him in the Counseling Department.

**KLCC RADIOTHON CONCLUDES SUCCESSFULLY** - A flood of last-minute pledges brought the KLCC Fall Radiathon to a rousing, successful conclusion Tuesday night. KLCC now depends on listeners for 25 percent of its annual operating budget, and 1,266 KLCC friends came through with \$25,140 during the fundraising event. Special recognition goes to Paula Chan Gallagher, KLCC director of development, for her planning and cheerful presence, and to Howie Leff for his "pitching" during "From the Leffside." (He brought in more than \$3,000 during five hours.) KLCC especially thanks Vollstedt Volkswagen, Don Brand of the Register-Guard, and the Voluntary Action Center for their help.

TALK ABOUT THE FUTURE - Richard Scammon an NBC-TV news consultant who spoke to 1500 members of the Public Relations Society of America earlier this month, said the 1980s will see later marriages, fewer children, fewer people per household, and more two-earner families. Scammon also predicted a flight to small towns within a 150-mile radius of big cities, and a growing ambivalence of most Americans on most issues. (The Ragan Report, Nov. 16, 1981)

**INEXPENSIVE READING** - The LCC Bookstore continues with its booksale, with books marked 40-60 percent off. Give a gift of knowledge this holiday season and save money.

The one-hour session begins at 2:30 in Room 219, Center.

**TURKEY TROT** - Students and staff can enter the Turkey Trot Fun Run - a 2.2-mile run around the LCC athletic field Tuesday and Wednesday - for free. Those running the cross-country course closest to their predicted times will win turkeys. Competition is in four divisions - women and men students, women and men staff - with two winners in each category. Tuesday's run begins at 4 p.m., and Wednesday's begins at noon. Come out and join the fun. Maps are available at the Intramural Office, ext. 2599.

**HOLIDAY CLOSURES** - Many departments will close at 5 p.m. Wednesday for the Thanksgiving holiday. **STREPTOCOCCUS** - Student Health Services is seeing more Strep throats this year. This sore throat infection is contagious and should be treated. If your students mention a sore throat or a lingering cold, suggest they drop in at the Student Health Center, Room 126, Center. This term, Student Health will do free throat cultures for staff members with especially sore throats and fever, and those who have had cold-like symptoms for more than two weeks. But remember that a fever means your body should be resting in bed - not at work. No throat cultures will be done Wednesday because of the holiday.

**MAIL RUSH MESSAGE** - Once again, the LCC mailroom is anticipating close to 10,000 pieces of incoming mail because of the holiday buildup at the post office. According to established holiday procedure, the mailroom staff members are asking that on Monday, Nov. 30, you bring outgoing and intra-campus mail to the mailroom between 1 and 3 p.m. - at which time you will be able to pick up incoming mail. This, in the past, has enabled the mailroom staff to deliver departments' incoming mail on a timely basis.

**BOARD MEETING** - Continued discussion of the proposed new classroom building on the main campus and the next phase of remodeling of the Downtown Center highlight the agenda for Wednesday night's meeting of the LCC Board of Education. The session is to begin at 7:30 in Room 216, Administration. It is open to the public. The agenda also includes financial and investment reports, purchase of word processing equipment for the Business Department, appointments to the College Budget Committee, advisory committee appointments, and course changes.

**HIGH EARNINGS** - Investment earnings for July 1 through Sept. 30 total \$197,161. That is 50 percent above investment income earned for the same period last year. LCC's average daily investment was \$4.6 million; it produced an average interest rate of 16.71. Bill Mansell, assistant to the dean of administrative services, manages the program. He is beginning to direct more money into high yield U.S. government securities and less into time certificates of deposit. He recently purchased a U.S. Treasury bill for \$466,112 (it will yield \$500,000 at maturity) at 14.46 percent for a six-month period. This yield should prove favorable because rates are expected to drop.

**RETIRING** - John M. Phillips, who has headed the College forestry program since 1965 and who was at Eugene Technical-Vocational School for three years before that, will retire Jan. 1. Phillips, 62, says he will "work my own tree farm" near Veneta for income and firewood. He also hops to stay with LCC as a part-timer, managing the College forest and teaching.

Just a note of thanks to all the staff in Personnel for all their hard work involved in issuing retro checks for the faculty.
