TIBETAN EXPERIENCE - More than a week of art exhibits, slide presentations and lectures about Tibet start today at the college. An exhibit of Tibetan art will be held in the Library's Mezzanine Gallery May 3-7 and 10-14. Gallery hours are 7:30 a.m. to 10 p.m., Monday through Thursday, and 7:30 a.m. to 5 p.m., Friday. Other events will be held in the gallery at night. These include a Tuesday, May 4, reception and slide show presentation, "Tibet Comes to Oregon."

PRESSURE - Have your blood pressure read and pick up materials on your heart and blood at today's Apple Booth in the Cafeteria lobby. Sponsored by Student Health Services, the booth will be open from 11 a.m. to 1 p.m.

CAREER TALK - Matthew Schubert, an instructor in LCC's Respiratory Therapy program, will talk about the field in a career talk scheduled Tuesday afternoon on campus. It will begin at 3 in room 219, Center Building. The Career Information Center sponsors.

ONCE AGAIN - On Thursday, May 20, the college will host a social hour for staff who have completed their tenth year of continuous employment with LCC. The 3-4 p.m. reception will take place in the northeast corner of the Cafeteria. Those known to be 10-year employees include Ann F. Augard, Susan E. Bennett, Deborah C. Bernhard, Dyna B. Besse, Ralph E. Burns, Patricia J. Creal, Carmel B. DeCroos, Ingrid M. Gram, Dallas K. Haverland, Margie M. Holland, Brenda L. Jennings, Edna V. Jellesed, Patricia J. John, Twyla L. Long, Roger C. McAlister, James L. Mathews, Boyd Mortenson, James R. Piercey, Vicki E. Reed, Michael C. Ruiz, Matthew P. Schubert, Kurt C. Schultz, Susan J. Thompson, Daniel L. White, Douglas G. White, and Ida M. Wright. LCC's retired associates also have been invited to join the festivities. Among those retired and retiring this year are Ben Crawford, Bert Dotson, Leland Hunt, John Jacobs, Paula Lutz, Jed Merrill, Irene Parent, John Phillips, and Gene Sorenson.

SLASH - An LCC staff member walked through the logged area south of campus and discovered "lots of slash around." What, the person asks, is going to happen? Science Department head John Jacob's response to the official ANSWER questionnaire follows: "The part logged was by agreement with Northwest Christian College and a lumber company in Sweet Home, Oregon. The slash is to be removed and if not used for building; to be replanted within three to five years. The only connection LCC had with the operation was to grant permission to have access through LCC property to haul out the logs. The road put in by the lumber company is now under control of LCC."

STUDENTS SCORE - Six students out of 1981's graduating class of Respiratory Therapy program took the national registry exam in March. The results, just in, show that five passed the optional test. This was the first part of the exam, according to Matthew Schubert, Health Occupations. A second, multimedia, practical part of the exam will be administered in September or October. Individuals must have worked in the field for at least a year before taking the second part of the exam. Hospital employers encourage respiratory therapists to take the exam, Schubert says; but it is optional and there is no state licensure in effect.

ARMS RACE FILM - "War Without Winners" will be shown in room 105, Health Building, at noon and one on Wednesday. Both showings of the film will be followed by discussion. For information, call Janet Anderson in Athletics, ext. 2555. Anderson also will clue you in on nuclear freeze activities on campus and in the surrounding community.

WELLNESS AT NOON - LCC and the Eugene Hospital and Clinic are sponsoring a free series of classes on parenting this month. They will be held on Wednesday noons, beginning May 5 with a session on discipline. Other topics are "How to Nurture Positive Growth," "Common Behavior Problems," and "Developmental Milestones." Preregistration is required. Contact Lydia Alkire at 687-6217. The classes will be held at the Eugene Hospital and Clinic on Eugene's Olive Street.

JAZZ - LCC's jazz band, directed by Sid Appleman, and Crosswind II (jazz vocal), directed by Dan Sachs, will present a joint concert on the LCC main stage Thursday night. The 8 o'clock concert is free.

SOCIAL SECURITY - If you're 60 years old and more, and are wondering what your Social Security retirement benefit will be, call the local Social Security TeleClaims service for an estimate at 687-6405. When you call, the benefits representative will want to know your name, date of birth and the address to which the estimate can be mailed.

MAKING MONEY - Don't forget the women's basketball teams are raising money by selling gift, cards and stationery from Current. These are high-quality items at low prices. For a catalog, call Sue Thompson at ext. 2548 or ext. 2215.

POTTERY FOR MA - The annual Mother's Day pottery sale is scheduled from 9 a.m. and 4 p.m., today and Wednesday, in the Cafeteria. Part of the proceeds will benefit LCC's Art and Applied Design Department.

CAREER TALK - Learn about the respiratory therapy field in a career talk which begins at 3 this afternoon. Matthew Schubert, LCC Respiratory Therapy program, will be the speaker. The session is sponsored by the Career Information Center. It will be held in room 219, Center Building.

INSURANCE - The college insurance agent-of-record representative will be in Personnel Services today, from noon to 1 p.m.

SCOREBOARD GIFT - An electronic scoreboard is going up this week on campus, and may be functioning for the track-and-field championships this Friday and Saturday. The scoreboard was donated by Willamette Beverage Co. "We really appreciate that local support," says Sue Thompson, LCC Athletic director. The track-and-field events, in which 27 regional teams will participate, begin at 3 p.m. Friday and at 10:30 a.m. Saturday. Women and men will compete in the National Junior College Athletic Association events.

KUDOS - "Innovation Abstracts" will be sharing some of the ideas of LCC staff on a national basis. Editor Karen Watkins says she stumbled onto a copy of "Focus on Productivity" and "found so many good ideas." She particularly likes the work of Dan Hodges, testing coordinator. "Innovation Abstracts" is published through the program in community college education at the University of Texas at Austin.

NEW TIE - Hewlett-Packard executive Ron Given visited LCC last week to get acquainted. The result, reports Productivity Center Director Casey Fast, is that HP will use the college as an alpha test site for checking out various electronic equipment in the advanced design state. It is hoped that other ties will follow.

QUALITY CIRCLE AT WORK - The Social Science Department quality circle made its first management presentation Friday, April 28, with a proposal calling for using the current computer class printout as a grade book listing. The only director cost will be \$200 for binders to hold the printouts. A survey of department instructors shows that faculty spend an average of 1.5 hours per term transferring names from class lists to grade books. The recommended change will allow instructors more time to plan courses and meet with students. The potential dollar savings for one year is estimated at \$2,000 for the Social Science Department. The project will be tested summer term and implemented in the fall. Members of the Social Science quality circle are Ryan Anderson, Bill Beals, Ron Mitchell, Ken Murdoff, Rod Metzger and Penny Schlueter. Vern Ho is the facilitator.

THANKS to Kim Baggett, Business, for picking up trash. To pick up one piece of paper would be understandable, but to pick up several strewn about was noteworthy!

--John Kocher, Social Science

INDEPENDENCE DAY - A holiday will be observed Monday, July 5, with the college closed and no classes to be held.

BARBEQUE - Vote for barbeque. Students who vote in this week's Associated Students of LCC elections will get a 50 cents discount on a barbeque lunch planned Friday, from 11:30 to 1. Everyone else will pay \$3.50. HELT will provide musical entertainment. The lunch will be in the Cafeteria.

FILMS ON CAMPUS - "War Without Winners," a film about the nuclear arms race, will be shown three times on campus this week. On Wednesday, it will be screened in room 105, Health Building, at noon and again at 1 p.m. On Thursday, the film will be shown with "The Last Epidemic" - which documents the medical consequences of nuclear war. The Thursday session will include a guest speaker; it begins at 2 p.m. in room 235, Math & Art Building. For information about the Thursday showings, call Robert Thompson, Math, ext. 2392.

FROM STAFF DEVELOPMENT - The American Council of Life Insurance (ACLI) has released a program for training teachers to help recent immigrants and native adults from differing cultural backgrounds deal with income and money management. Program materials are available for \$2. Contact Staff Development, ext. 2260, for information.

DON'T BE NERVOUS - Hewlett-Packard may use LCC as an alpha, as in primary, site for testing equipment - not as an alpha, as in radioactive, site. As reported in Tuesday's "Daily," this may come about because of contact Productivity Center Director Casey Fast made with HP executive Ron Given.

RETIREMENT - This is Gene Sorenson's last week on campus. He's retiring to travel and do "all kinds of things." A special luncheon - Sorenson calls it a roast - is planned for him and Irene Parent, also of Counseling, on Thursday. Sorenson started at LCC 14 years ago, when the Cafeteria was "still mud." Staff and students dined in barracks located where the Campus Services Building is. Prior to joining the LCC staff, Sorenson worked for the Springfield School District for five years. Before that, he worked for the Astoria schools for eight years. He moved to Oregon from Montana in 1955. Nominated for outstanding teacher and vocational education awards, Sorenson says he'll miss working with students. He taught for a year at the University of Oregon graduate school and, at one point, had a choice between jobs here and there. He stayed with LCC. "I liked the freedom to be innovative in the classroom and in counseling," he says. He has plans to travel this summer to Colorado, Seattle, Vancouver and Victoria.

Powell will be responsible for reservists who augment regular Coast Guard personnel between the California/Oregon border and Lincoln City. This includes people in Depoe Bay, Brookings and Florence. EXPERIMENT UNDERWAY - Nell Caraway, Media Productions, has suggested LCC save money by using postcards instead of first class mail, whenever possible. Math, Science, Business, Mechanics, Health Occupations and other departments are helping by generating examples of how cards might be used. They suggest cards for requests for examination copies of textbooks, confirmation of appointments, notification of acceptance into programs, and so on. It costs LCC about 24 cents for each first class mailing - compared to 11 cents per postcard. The time savings is even greater. (from the Productivity Center)

A SPECIAL THANKS to all the staff and students who helped make the Region 18 track and field championships for women and men a successful event. The Athletic and Health & P.E. departments appreciate the quick services supplied by the departments of Printing/Graphics, Plant Services, Media Services and Facilities. The Women's Program wants to help get such meetings off the ground and today is sponsoring an initial gathering at noon. Those interested should come to determine how extensive interest is and how feasible such regular meetings are. Meet in room 219, Center Building. If you cannot make the meeting, but are interested in having "women's time and talk," call Corinne Meehan at ext. 2353.

BUDGET APPROVED - LCC's Budget Committee completed its review of next year's spending plan on Wednesday night. The administration's proposal for a \$25.6 million budget - up only \$186,000 over this year - won quick approval after study committees pronounced it sound. Concerns were expressed over further postponement of physical plant upkeep. Reroofing main campus buildings will be a large expense item which must be dealt with in the near future.

BOARD ASKS CONTRACT MODIFICATION - At President Schafer's request, LCC's Board of Education Wednesday night asked the LCC Education Association (faculty union) to open its 1982-83 contract to pay cuts. LCCEA President John Kocher said the union declines, that the negotiated pay increase is reasonable. President Schafer proposes to carry savings into the 1983-84 year, where a \$3.5 million revenue shortage is projected. Kocher argues that the savings should be realized by cutting nonteaching functions.

OTHER BOARD BUSINESS - In other board business, the question of adding ROTC to the curricula was tabled until June 9, following testimony by a number of staff and nonstaff members. Resignation of Catherine Lauris from the board was accepted and newly elected Mary Unruh was seated in her place. Rollins Burdick Hunter Agency of Eugene was named agent of record of plant and liability insurance through June 30, 1985. All bids for building the proposed new classroom building were rejected as being much higher than expected.

COOPERATIVE LIVING - Cooperative living will inspire three discussions next week on the LCC campus. "Toward the City of Light: New Visions of Cooperative Living," sponsored by Campus Ministry and the Social Science Department, is scheduled Monday, Wednesday and Friday at noon. Ramon Echevarria, an adjunct professor at the University of Nevada Basque Studies program, will explore the common elements of the Mondragon movement in Spain and Japanese corporate success - as well as yearning in the United States for a new social and economic order and the emerging "third wave" in cultural evolution. The sessions will be held in room 244, Math & Art Building.

BOOKS ON SALE - Thousands of used books go on sale next week, upstairs in the LCC Library. Sponsored by the Friends of the LCC Library, the sale begins Wednesday at 8 a.m. and continues through the end of the week. Karen Landsdowne, Language Arts, has offered two rare volumes - "The First Folio," by Ben Jonson. A collection of Jonson's writings, the price for both is \$5,000. Volume I was published in 1616, the second volume in 1640. If they are sold, Landsdowne will donate \$2,500 to the Library. If you are interested, or if you know someone who might be, contact the Library at ext. 2354 - or call Landsdowne at ext. 2419.

NEW VISIONS OF COOPERATIVE LIVING - What common elements are found in the Mondragon movement of Spain, Japanese corporate success, American yearning for a new social and economic order, and the emerging "third wave" in cultural evolution? A series of films and discussions this week will explore cooperative living. Eugene resident Ramon Echevarria, an adjunct professor of the University of Nevada Basque Studies program and a theologian, will make the presentations. They are scheduled today, Wednesday and Friday at noon, in room 244, Math & Art Building. Campus Ministry and the LCC Social Science Department sponsor.

PAYROLL - Payroll verification sheets will be available this afternoon from Personnel Services.

HERE'S YOUR CHANCE - Give recognition to an off-campus person who volunteers time and effort to LCC. The Office of College/Community Relations would like to identify half a dozen volunteers for a possible story in LCC Report. We're looking for examples who reflect the variety of things people do for the college. We'd especially like to have examples from "outreach" areas of the district. We'll need names, what they do, and why they are important. We will pick from submissions to achieve a good cross section of volunteers. Don't forget to include your name, so we can contact you for more information. Please send ideas to Diane Dann, College/Community Relations.

STRESS MANAGEMENT - The Staff Development office offers a self-paced workbook on stress management. It allows you to identify stressors and map solutions. Check it out from room 238, Center Building. The office also has a research paper published by the National Association of Independent Schools on faculty burnout.

THANK YOU to Jay Marston from the thirty staff and spouses who survived his weekend wild foods trip! Not only did we learn about the incredible wild edibles on the Oregon coast, we learned more about each other in a fun way. Thanks, Jay, for volunteering your expertise to the rest of us and we hope you will do this again.

Lane Community College

TRAGEDY STRIKES AT LCC!

No...it isn't the budget this time. It is far more serious and will no doubt have a much greater impact on the College.

Dr. Schafer did not recommend this thing to occur. The staff advised against it. The Board of Education unanimously refused to accept it, but still it is happening. Our worst fears are realized!

BERT DOTSON IS RETIRING.

On Wednesday, June 9, there will be a reception in the cafeteria beginning at 4 p.m. to honor Bert, and, in some measure, to show the esteem and affection the College people and the community have for him.

Please indicate below if you can attend. Your family and friends are also welcome to the occasion. A small fee of \$4 per person will cover food and drink, and the purchase of a gift.

A big thank you to all the wonderful people who helped make the reception for our ten-year people and retirees a memorable occasion. To Barbara Hasbrouck, Florence Hedden, Jack Powell, Trudy Parker, Emily Sachs and Jean Specht for sharing flowers from their gardens which Margaret Knutson so beautifully arranged; to Larry Romine for taking the souvenir pictures; to Vicki Doughty, Susan Fjerkenstad, Laura Gauderman, Nancy Haines, Helen Hunter, Sue Kangas, Marlene Makie, Marie Reid and Lee Sowers for helping Florence with all the arrangements and serving; and to all the other campus support areas which contributed in making everything fall in place. Again, my thanks for helping make it a special afternoon.

--President Schafer

GOOD WORDS - As he retires from LCC, Eugene Sorenson has good words for the Home Economics Department for which he has been a counselor the past two years. "Unsolicited remarks from students exclaim the high quality of instruction.... The staff is sensitive to the many needs of the students.... Another characteristic of this department that makes it great, is the harmonious working relationships among the members of the faculty." Sorenson attributes many achievements to the department head, its coordinators and other leaders.

MIME SCHOOL - The New Mime Circus, of which LCC instructor Judith Barker Roberts is a part, offers "Action Theatre" this summer for talented people in a broad age spectrum - with emphasis on ages 9 to 15. Creative mime, music, art, poetry, masks and more will be used. Sessions run through July 11. Exceptionally expressive people are invited to call 686-9781, or leave a message at 485-6344. Applications will be accepted through May.

WORK - Work has much to do with how people feel about themselves, according to the continuing survey of Ogilvy & Mather Research. The advertising agency reports that: 64 percent of those surveyed get a sense of accomplishment from work; 48 percent find it a fulfilling part of life; 46 percent look forward to it; 40 percent consider it the primary responsibility; only 35 percent consider work a necessary chore, and only 17 percent consider it just a way to earn money. The reasons for changing jobs and the reasons for staying differ. Money and pension plans are the most attractive reasons, according to the survey. Ninety-one percent of survey participants called "enjoying what I do" the most important reason for staying in their present jobs. Although 58 percent of survey participants said they would choose the same career if they were starting out again, 39 percent said they would not. The survey found a link between career satisfaction and satisfaction with life. ("The Work Ethic is Alive and Well," Oregon ASTD newsletter, submitted by Staff Development)

SMALL BUSINESS - LCC's Rural Small Business Resource Center tonight in Veneta offers a practical workshop on understanding small business financial statements. It's scheduled from 7 to 9:30 at the Midlane Multi-Service Center, 88149 Territorial Road. For information, call the center's new main campus extension, 2821. The center is temporarily in the CETA office (Apprenticeship Annex) during remodeling of the Downtown Center. Carol Campbell and Mark Phelps will move downtown in late August when the center becomes part of the new Business Assistance Center.

SIGN UP - Deadline for registration in Thursday's round robin softball tournament is 5 p.m., today. The event, sponsored by the Intramural office, requires five women and five men playing at all times. Thursday games begin at 5 p.m.; there are no entry fees. The five-inning games are open to LCC staff and students.

MINDPOWER PRODUCES AWARD - LCC has won national recognition from the Council for Advancement and Support of Education for activities planned in conjunction with Mindpower Week last fall. The national campaign was an effort to put the spotlight on the importance of education. LCC's "Special Merit Award" was received for the memory tips brochure that was distributed at the Lane County Fair and on campus. LCC's "mindpower" activities were coordinated by Diane Dann, College/Community Relations, who wrote the brochure using Dan Hodges' learning tips. Edna Kennel, Printing/Graphics, designed the brochure. Copies of the brochure are available at the Information Window in the Administration Building.

SPEAKING OF THE FAIR - LCC's Lane County Fair committee is hard at work on another award-winning effort. The theme this year will be "Lane Community College...We deliver." The booth will feature a giant map of the county showing the many services LCC provides to district residents. We will hand out plastic bags printed with a similar map. As last year, Jolene Bowers, Admissions, is our fair coordinator. Anyone wishing to work at the booth should contact her or Shan Titus at ext. 2688. The dates of this year's fair are Tuesday through Sunday, Aug. 17-22.

THANKS to Cynde Leathers and Jim Brock of Media Services for their suggestions for this year's county fair booth. We incorporated some of them with those presented by members of the fair planning committee to bring about a most interesting theme and design for this year's booth. Also, thanks to members of the County Fair Planning Committee. Your creativity, enthusiasm, great and zany ideas provided some really interesting and entertaining meetings. You are a neat bunch!
--Jolene Bowers, Admissions

MORE BUDGET CUTS - Another 5 percent cut in state support for the 1982-83 year is possible, says the Oregon Community College Association News Digest in its May 21 issue. The Legislature will meet in special session, probably sometime in June, to decide how to accommodate another \$100-million shortfall in revenue. The deans are looking at decision packages in an effort to identify possibly further cuts.

TODAY...

MUSIC - A free concert will be presented at 8 tonight on the LCC main stage. Directed by Sidney Appleman, the 24-piece Concert Band will play transcriptions from Bach and Stravinsky, as well as works by Gustav Holst, Walter Murphy and K.L. King. The Chamber Choir, directed by Wayte Kirchner, will sing several renaissance songs, one song each from Handel and Mozart, and three modern pieces. The Percussion Ensemble, directed by Nathan Cammack, will perform the allegro movement from Cirone's Symphony No. 2 and the same composer's "Triptych."

CAREER TALK - Newspaper reporter Susan Pack will talk today about her job. The 2:30 p.m. presentation is scheduled in room 420, Center Building, and is sponsored by the Career Information Center.

BIG HIKE IN BASE - If LCC decides to seek a larger tax base in the November general election, an increase of about \$4 million might be necessary to continue present operations. The present base of just more than \$10 million would have to be increased to \$14,618,500 to cover the 1983-84 year. That would be 38 percent above the 1983-84 base and 46 percent above the 1982-83 base. It would shift local support from about a third to about half of the budget. The issue will receive further study in coming months.

LUAU TICKETS - Tickets may be purchased through Friday for next Thursday's campus luau. Produced by LCC Food Service students, the luau will feature lomi-lomi salmon, tropical fruits, rice and vegetables, macadamia-rum cake, roast pork, teriyaki chicken and more. The luau, with door prizes and entertainment, is scheduled from 4 to 7 p.m. on June 3. Contact the Home Economics office or Renaissance Room for your tickets.

EXTRA REPORTS NEEDED - Do you have more copies of the LCC Report than you need? Bring any surplus copies of the summer edition from home and office to the Information Window in the Administration Building.

ONLY ONE APPROVED - Community colleges lost eight of nine issues put before primary election voters, but at least three of the losses were close. Treaty Oak in The Dalles got a 55 percent yes vote for a new tax base. Tax base losers included Chemeketa, Linn-Benton, Mt. Hood, Treasure Valley and Umpqua. "A" ballot losers were Southwestern, Central and Clatsop. Three of the colleges, however, got at least 48 percent yes votes: Chemeketa, Southwestern and Central. In Central's case, only 23 votes spelled the loss.

HOLIDAY - Monday, Memorial Day, is a paid holiday for all LCC staff.

THANKS to staff and students (including The Torch) who helped inform students of student service associates applications in April. Associates will be trained and ready to assist students in early September.
--Tim Blood, Counseling

FAREWELL - Friday will be Ben Crawford's last day in Financial Services. It is Crawford's second retirement; the first was from the military. Stop in and say goodbye.

BOOK DISCUSSION - The Friends of the LCC Library will sponsor a discussion of the novel "Emma," by Jane Austen, on Friday, from noon to 1 p.m. Readers will meet in room 205, Health & P.E. Everyone is invited.

RETIRING? - If you're 60 years old and greater, and are wondering what your Social Security benefits will be, call the local Social Security TeleClaims service for an estimate. The number is 1-800-452-1654. When you call, the benefits representative will want to know your name, Social Security number, date of birth and address to which the estimate can be mailed.

PARTICIPATION INVITED - Staff who would like to contribute letters to a remembrance book for soon-to-retire Bert Dotson are invited to send them to Marie Reid or Florence Hedden in the President's Complex by May 31.
