ATIYEH'S BUDGET - Gov. Vic Atiyeh's budget request for 1983-85 mixes old and new ideas to protect all state-funded programs from further cuts, according to the Oregon Community College Association. The old ideas include: a 1 percent personal and corporate net receipts tax; Atiyeh's own property tax limit proposal; adjusting the brackets of the existing income tax to make it more progressive; reconnecting the state and federal tax codes, benefiting businesses because the federal deductions are more liberal than state deductions; and discontinuing the 30-percent property tax relief program (and A/B ballot approach) in favor of an extended version of the Homeowners and Renters Relief Program (HARRP). The new include: replacing the \$1,000 personal income tax exemption with an \$85 tax credit; discontinuing the income tax surcharge - one of the "stop-gap" revenue proposals used to cover the 1981-83 budget shortfall; and continuing the one-time cigarette tax increase, but at a reduced level of three cents (for 12 cents total).

Atiyeh's total budget proposes a 15 percent (\$430 million) increase in state spending during the next two years and a 25 percent increase in income taxes to pay for it.

The OCCA provides further explanation....

\* The 1 percent net receipts tax on personal and corporate income would raise \$650 million. It would be a flat 1 percent levied on gross income before any deductions or exemptions. It broadens the income tax base, because everyone pays, and thus is more regressive than a graduated income tax. Social Security and public assistance payments are excluded from the tax, and the revenue committees of the Legislature would have to consider other exemptions.

\* Atiyeh proposes to freeze property tax rates at 1982-83 levels and limit assessed value increases to 5 percent per year statewide.

Atiyeh's proposed budget would make appropriations to education in the following ways: \$895.4 million to basic school support for a 4.9 percent increase; \$372.3 million to higher education for a 23.3 percent increase; \$103.7 million to community colleges for a 5.8 percent increase.

The governor's request allows community colleges an increase of state support of 7 percent in 1983-84 and 7 percent in 1984-85, recognizing expected inflations but allowing no enrollment increases. Complicating the picture is Atiyeh's plan to seek property tax limitation.

(information drawn from the Dec. 1, 1982, OCCA news digest.)

After panelists President Schafer, Mike Rose of the LCCEA, and Gail Currin of the LCCEF discuss application of Johnson's ideas (at 3 p.m.), Johnson will wrap up the day's discussions. All of these sessions will take place in Forum 308. President Schafer has asked managers to make it possible for classified to participate. Call Staff Development ext. 2360 to reserve a seat.

**DRAMA IN PORTLAND** - Portland Community College's fall theater production is a play written by Alan Loye, LCC High School Completion instructor. The play, based on the life of poet Emily Dickinson, is called, "The Grieved Are Many, I Am Told." It will be presented on the Sylvania campus at 8 p.m. today and Saturday.

**NEW LOCATION (Somebody tell Florence)** - The retirement observance for Florence Hedden, secretary to President Schafer, has been moved from the Board Room to the northeast corner of the Cafeteria. It is planned for next Thursday, Dec. 16, from 3:30 p.m. on. Those who want to donate to a retirement gift may contact Laura Gauderman in the Dean of Students office.

**STILL TIME TO HELP UW** - United Way, still short of its 1982 fundraising goal with more requests than ever for aid, has decided to extend its campaign through Jan. 15. LCC has pretty much wrapped up its formal effort, but late donations will be accepted and forwarded to United Way through mid-January. Contact your team leader if you are moved to help the needy through United Way. The leaders are Sue Kangas for classified, Dal Haverland for faculty and Bill Mansell for management.

**SERIAL LEVY CONSIDERED** - Because of tight budgets, maintenance of LCC's physical plant and updating of instructional equipment has been put off for years. LCC's Board of Education was advised Wednesday night that it's time to pay the piper. The flat roofs have bubbles and the pitched roofs have broken shingles. Paint is peeling off exterior building walls. Much teaching equipment is worn out or no longer reflects what's happening in the job market. It'll be several months before a decision is made. (continued on next page.)

SERIAL LEVY, cont. - The LCC board Wednesday night discussed the possibility of a serial levy on the May 17 ballot. Such a levy might run for about three years, cost about 20 cents per \$1,000 true cash value, and raise about \$4 million. The next step may be the appointment of a blue ribbon citizens committee. Its members would come to campus to see if they agree on what should be done.

MORE BOARD BUSINESS - In other business, the board Wednesday considered the possibility of avoiding a levy election next spring for operating monies. The governor's budget proposal calls for about \$600,000 in new monies for LCC. In addition, the automatic 6 percent increase in the property tax levy would produce another \$600,000. With sufficient cash carry-forward and other economies, the college might be able to get through 1983-84 without a levy. But there are a lot of ifs. Stay tuned.

Dean Bill Berry reported receiving a call from NIOSH regarding a chemical analysis of mid-October air samplings in the Health Building. The building is safe, the physicians say. Meanwhile, the laundry exhaust stack atop the building has been extended upward. Fans ordered for the dental area will be installed this month. Major work involving more exhaust ducts in the dental lab and extension of a fresh air intake toward the tennis courts will be done next summer.

Dean Jack Carter reported that enrollment this year won't reach the expected 9,000 FTE students. It will likely be closer to 8,700. That compares to 9,300 last year and 9,500 the year before. Summer session this year was cut from 12 to eight weeks to save money and that cut FTE production. This fall, enrollment is down in adult education, adult basic education and high school completion. Credit classes, on the other hand, are holding their own. Data Processing enrollment is up almost 100 percent, Dean Gerry Rasmussen told the board.

ATTENTION, BASKETBALL FANS - A local businessman has offered to match whatever faculty and staff contribute to the LCC men's basketball scholarship fund (maximum, one term's tuition). Please help. No amount is too small. Make checks payable to: LCC Men's Basketball Development Fund, and send them to the Athletic Department in care of Judy Ward.

INSTRUCTORS - Materials you wish to place on reserve for winter term needs to be brought to the Library for processing before Dec. 22. If you have questions, call Jeremy Gunn at ext. 2273.

EXERCISE - Do you find yourself with low or no energy during the day? Are you spreading in places you would rather be trim? Have you realized that your only daily exercise is walking to and from your car? Would you like to get more? Steve Shinn, Financial Aid, would like to organize an exercise group to meet in the mornings at the LCC gym - say from 7:15-7:30, starting in January. If you are interested, call Shinn at ext. 2205. Help each other get in shape.

**JAMES E. LAWSON, 1923-1982** - James Lawson, a construction instructor in Special Training Programs and coordinator for Cooperative Work Experience, died Friday. He is survived by his wife Eugenia, daughter Tanya, son Phil, and grandchildren Krista, Kenneth and Chia. Friends and family are invited to an open house on Wednesday, 3-6 p.m., at the Lawson home at 4157 Normandy Way, Eugene. (James Lawson did not want any kind of services.) At the open house, people may "enjoy some of the good jazz sounds from his fine collection of records and tapes and think positive thoughts - it is what he would have wanted," notes Dixie Maurer-Clemons. Lawson joined the LCC staff in 1975 after coming west from Yellow Springs, Ohio, where he was mayor from 1969 to 1975. Prior to that, he was a village councilman for 12 years. He served on Yellow Springs commissions and committees in human relations, racial equality and study of the village charter. He worked on numerous state and national energy committees, according to CWE Department Chairman Bob Way, and was a resource person in solar energy for the national League for Innovation in the Community College. His employment in the construction business began back in 1947.

"He will be missed by all of us - his unique wisdom and sense of humor helped all of us throughout the past years," Maurer-Clemons writes in a note to other CWE staff. Contributions can be made in James Lawson's memory through the Development Fund to Lane Community College, James Lawson Memorial Fund.

The volume is just off the press; it was published by the Pacific Coast Association of Physical Plant Administrators of Universities and Colleges.

ACCREDITATION - A full accreditation self-study for LCC has not been completed since 1973-74. The college received accreditation for 10 years but, as President Eldon G. Schafer noted in a Dec. 10 memo, "LCC has experienced many changes since our last study and our pending study will prove to be a critical element in our ability to continue to meet the needs of our community." **SAY GOODBYE** - A retirement reception is planned this afternoon for Karen Lansdowne, long-time Language Arts instructor at LCC, from 3-5 p.m. in the Board Room (Administration 216).

**PAYCHECKS** - Work-study and regular mid-month draw paychecks will be distributed today. This month's main payday for all staff is Wednesday, Dec. 22 (rather than the last working day of the month).

**LIBRARY CHANGING HOURS** - The Library will be closed from Monday, Dec. 20, until Monday, Jan. 3.

**HELP SELCO** - SELCO needs volunteers to serve on its board of directors, credit committees and supervisory committee. The SELCO membership will select new board and committee members at the Feb. 17, 1983, annual meeting. **EXERCISE** - Are you spreading in places you would rather be trim? Have you realized your only daily exercise is walking to and from your car? Do you find yourself with low or no energy during the day? Steve Shinn, Financial Aid, is organizing an exercise group to meet mornings in the LCC gym - from about 7:15 to 7:45, starting in January. If you're interested, call Shinn at ext. 2205.

**TOURNAMENT FOR THE BIRDS** - The LCC Intramural Office is planning a winter term badminton tournament on Wednesdays, Jan. 19 and 26 and Feb. 2, 16 and 23. Tournament play will be between 3 and 4:15 p.m. in a "drop flight" structure. Entrants will start in "A" flight, and drop to "B" or "C" upon losing. This women's and men's singles tournament is open to all staff and students. The entry deadline is Monday, Jan. 17. For information, contact Mitch Allara in P.E. 204, ext. 2599.

**A SCHEDULE CHANGE** - The 1982-83 academic calendar for LCC contained an error corrected by the LCC Board of Education at its last meeting. Make your own correction. The college will observe Monday, Feb. 21 (not Feb. 14) as President's Day.

**CHALLENGE** - Staff in Financial Services are bringing in money and food donations this week for the Sharing is Caring program. (Campus Ministry has identified needy people who might go without this holiday season, if not for the assistance of participants in the Sharing is Caring program.) Financial Services is challenging other departments to meet or beat their contributions, in an effort to pull in more participation.

**APPOINTED** - Springfield resident Gary Parrish has been appointed to the LCC Budget Committee by the LCC board. Parrish is vice president of the Springfield Chamber of Commerce and assistant vice president of Centennial Bank in Springfield. The board also has appointed numerous individuals to the college's various advisory committees. In recent personnel appointments, the board okayed hiring Renee E. LoPilato as associate coordinator of Women's Program and industrial orientation coordinator, Paul R. Donohoe as aviation maintenance instructor, and Gary L. Valde as a Special Training Programs instructor for Farm Business Management. A less-recent appointment is Tricia Hahn as a CWE coordinator for mechanics and food services.

KUDOS - LCC has a reputation. In a letter to Steven Ickes of Lane County Employment and Training, Arthur Binnie, president of Chemeketa Community College, wrote the following: "In a recent discussion with Monte Multanen, he mentioned that you had considerable success in developing manpower programs in cooperation with Lane Community College. The community college presidents' council has asked that I gather information on 'what makes successful program linkages between community colleges and manpower programs.'" In a reply to Binnie, Ickes explained the approach to developing comprehensive short-term training programs. And he added, "...our success here in Lane County with employment and training issues must be shared in large part with specific college staff. Without the hard work of Eldon Schafer, Jerry Rasmussen and Carl Horstrup, I'm sure we would have fallen far short of the high mark that we had set for ourselves."

CORRESPONDENCE - A note from a project engineer with the Tennessee Valley Authority thanks Carl Horstrup, Adult Education, for lending training materials on LCC's Power Plant Apprentice program. James K. Coons, an attorney who participated in a November collections seminar, sends his thanks for that opportunity. He also tells Sandy Cutler, LCC Business Assistance Center director who organized the seminar, "You are doing a fine job with the Business Assistance Center and I know you will continue to develop fine programs to assist the small businesses in our community."

**MAILROOM MESSAGE** - The LCC mailroom is anticipating about 10,000 pieces of incoming mail because of the holiday buildup at the post office. According to established procedure, the mailroom staff are asking that on Tuesday, Dec. 28, you bring outgoing and intracampus mail to the mailroom between 1 and 3 p.m. - at which time you will be able to pick up incoming mail. This, in the past, has enabled the mailroom staff to deliver departments' mail on timely basis.

THANK YOU dear friends, each and every one, for the wonderful retirement party you gave me; the many cards and kind thoughts; the thoughtful gifts; but, most of all, for being "special" people from a "special" place: LCC.

Dear Staff Member,

If you have not yet joined the Friends of the LCC Library, we urge you to do so. As an education worker, you understand the value of a well-maintained library with a good collection. The Friends was formed as a volunteer group to provide a variety of services in addition to those funded by the college, such as:

- \* raising funds to expand the LCC collection.
- \* sponsoring events with a basically literary appeal; for example the ongoing series of book discussions and last year's visiting lecturer series on Oregon history.

The dues are minimal and the benefits great. Your membership card entitles you to attend all events of the Friends of the LCC Library without further cost. Plans for the winter and spring terms include:

An Evening of Theatre with Michael Cadigan. Many of you remember Michael Cadigan's performances with ORT. He will be returning to LCC from a three-year stint with the Oregon Shakespearean Festival in Ashland.

Early Mining Claims of Eastern Oregon. This will be the premiere showing of an LCC instructional videotape now in production. We hope to have at least one guest speaker.

A membership application form is printed below. Just fill in the information and return it to Joyce Kofford, Library, with your dues. Remember that membership in the Friends of the LCC Library also makes a thoughtful, inexpensive Christmas remembrance for members of the family or friends. Gift order forms are available at the circulation desk in the Library and in Student Activities.
