THANK YOU!! all you wonderful people for the great reception ("roast") you put on to celebrate the 25th anniversary of my ordination as a priest. The stories and jokes were atrocious and the lies were outlandish, but I enjoyed them. I grant absolution to all who took part in the conspiracy, and lift the Censure from the "Committee" -- Marna Crawford, Darrell Allyn, Kitty Seymour, Evelyn Tennis and Jerry Sirois, and hereby restore them to full communion in my love and affection.  
--Jim Dieringer, Campus Ministry

Urge your students, friends and family to take advantage of this free, high-quality musical offering.

**ANOTHER MUSICAL OFFERING** - LCC's Summer Theatre '83 will revive the spring production of "The Sound of Music," which received great reviews and sold out nine performances. Starting July 1, he will devote full-time efforts to the Downtown Center, where he has been an administrator/coordinator. One of the country's pioneers in community college fundraising, Swetland established LCC's Development Fund. President Eldon G. Schafer says the college's fundraising effort will be moved from the Downtown Center to the main campus and will be coordinated through his office. ## SPEAK OUT

A legislator/businessperson recently said:

**If you draw a paycheck from a publicly-supported institution, you have a responsibility and obligation to help in income production and revenue maintenance.**

What are your thoughts on this? Do you agree or disagree? Why? How can public employees help in income production and revenue maintenance?

Let's hear from you!! Send your reaction to Julie Aspinwall-Lamberts in the Productivity Center within the next few weeks. We'll share the results with you in the next issue of Focus.

In the meantime, you can help by cleaning out cupboards and closets and using up old stationery, envelopes, memo sheets, notepads and business cards. Don't worry too much about the July 1 cutoff. If you have old paper, you should continue to use it through the summer. If you need stationery, order through the Warehouse as usual. Watch for more details here.

Performances are scheduled July 1, 2 and 6 through 9, at 8 p.m. in the mainstage theatre. Directed by Stan Elberson, with Dan Sachs conducting the 25-piece pit orchestra, the show's cast will be virtually unchanged from the spring production's. Classes planned this summer include: "Computers - The Ideal Business Partner," offered June 20 through July 13 and July 26 through Aug. 18 (8-10 a.m., two days a week); "Visicalc I," offered June 20 through July 13 (7-9 p.m., Monday and Wednesday) and July 25 through Aug. 17 (8-10 a.m., Monday and Wednesday); and "Visicalc II Plus Visitrend," offered July 25 through Aug. 17 (7-9 p.m., Monday and Wednesday). **CURRICULUM MEETING TODAY** - LCC's Curriculum Approval Committee meets at 3 p.m. today in the Board Room (Administration 216). **ENROLLMENT UP** - Summer term credit enrollment, compared to last summer's, is up; and it's expected to grow still more when final counts are in. As of June 10, the FTE (full-term equivalency) student count was up 14.3 percent and the headcount was up 53 people to a total of 1,627 - a 3 percent gain. The reason for the big FTE jump and modest increase in headcount is a 60 percent gain in students who are attending full time. A possible motivation for attending full time is the lack of summer jobs. Experiencing the largest increases are Mechanics, Data Processing and Health Occupations. Community Education enrollment hasn't yet been reported.

**ELECTION NEWS** - Three community colleges lost their requests for money, in Tuesday's election. Southwestern Oregon Community College (SWOCC) lost both A and B ballots, which were up for the second time. SWOCC likely will go to voters in August or September with another request. Linn-Benton Community College lost its money request by about 3,500 votes, and its board met Wednesday night to discuss whether and when to return to voters with another money request. Treasure Valley Community College also lost a money request in Tuesday's election; it was that college's second attempt with the B ballot. Another vote is likely in September.

**A LITTLE STORY** - This is a story about four people named Everybody, Somebody, Anybody and Nobody. There was an important job to be done and Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done!

Her 25-minute, one-act play focuses on a group of disabled performers who are turned down for an audition for a play, and refuse to leave the audition unless the director gives them a chance to show their talents. Funding of the three projects is anticipated to be in the range of \$60,000-100,000.

**SMOKING QUESTION** - Questions about the impact of the state's new Indoor Clean Air Act on LCC smoking policies prompted the ANSWER program to query administrators. From Dean Bill Berry, Administrative Services, comes this: "Existing Board policy states, 'Smoking is permitted anywhere on the campuses except in the classrooms when classes are in session, in the Library, and in posted areas. No instructor shall smoke while instructing a class. There shall be no smoking during a public meeting of the Board of Education.' I see no substantial change from this policy needed to comply with the Clean Air Act. We will review the regulation issued by the Health Division for compliance. I would expect most people will abide by the regulations on a voluntary basis."
