The college's budget totals \$8.7 million. Vice President Gerry Rasmussen expressed delight at Hopps' promotion. "Her steady, unfaltering contributions to LCC have been impressive," he said. "We wish her the best of luck in her new challenge and stand ready to help her in any way we can."

**THE FUTURE** - A major, one-day business conference is planned Tuesday, Sept. 20. "The Future is Now for Business and Industry" is sponsored by the Eugene and Lane County Private Industry Councils, in association with the LCC Business Assistance Center. Lane Community College is an Equal Opportunity/

**DAILY AND UNDAILY** - The Daily this week and next will provide information about inservice activities and other college items. This week, the staff newsletter comes out today and Thursday - resuming a daily publication schedule next week. As always, the deadline for contributions is 2 p.m. on the day before publication.

**REORGANIZATION** - The Office of Instruction has eliminated the Division of Instructional Services as a separate division, transferring curriculum and scheduling to Bill Porter's management and assigning Jim Ellison some of his previous responsibilities and Division A departments. Division A was headed by Joyce Hopps, who is on vacation and will leave in October for a new post at Everett, Wash., Community College. The reorganization leaves Ellison as an associate dean of instruction, but with new responsibilities. The change is "effective immediately." (For a synopsis of other changes at LCC during the summer, consult this week's Torch. Its "Of Interest..." column recaps news items reported in The Daily throughout the summer.)

**BOARD MEETS** - The LCC Board of Education meets at 7:30 Wednesday night, in Administration 216. On the agenda: advisory committee and budget committee appointments, consideration of a KLCC grant application, and consideration of an appeal of last spring's student body elections by a former candidate.

**STILL CLOSED** - The Library remains closed this week for inservice. It is scheduled to reopen next Monday.

**OPEN ENROLLMENT FOR GROUP INSURANCE** - For Classified and Management Employees: Sept. 1-Oct. 15; for OEA Choice Trust Faculty: Sept. 19-30. If you are interested in changing from one college medical insurance plan to the other, or in adding an existing dependent to your medical/vision or dental insurance policy without having to submit a Statement of Insurability, you may do so during open enrollment. Enrollment forms and current insurance premium rate charts are available from Nanci Haines in Personnel Services (ext. 2584).

**PERS MESSAGE** - If you're a member of PERS and interested in buying back service time you lost by accepting an account refund which you didn't repay upon reemployment with a participating employer, contact Lee Sowers in Personnel Services (ext. 2583) for a copy of a synopsis of SB 328 (Buy-Back Bill), recently signed into law by the governor.

**UPSTAIRS AT THE PRODUCTIVITY CENTER** - Julie Aspinwall-Lamberts is acting director of the Productivity Center. Casey Fast is on leave, working on his doctorate.

**WORKSHOP IN SURVEY INSTRUMENTATION** - LCC's Forestry program is helping sponsor a survey instrumentation workshop Wednesday afternoon. The other sponsor is the Nessee Supply Co. of Beaverton, and the Wildt Heerbrugg Instrument Co. will provide demonstrations. For information, call John Phillips at ext. 2730. The workshop is planned in the Industrial Technology building.

**PAYROLL** - Payroll verification sheets will be available Friday.

**IN HEALTH OCCUPATIONS** - Jeanne Harclerod is the new coordinator for LCC's nursing programs. New on staff is Kris Stewart, a dental assisting instructor.

It's again my pleasure to welcome you to another exciting year at Lane Community College. 1983-84 promises to offer many challenges and opportunities for LCC.

In a departure from what we have done in previous years, this year's Inservice activities will be published in The Daily as opposed to printing a separate brochure. I would like to encourage you to use the time available over the next several days to your advantage in preparing for next year.

# THE DAILY

The Daily goes daily this week.

Monday, Sept. 19, 1983

Published for the staff of Lane Community College.

Lane Community College is an Equal Opportunity/  
Affirmative Action/Section 503/Title IX institution.

**LENDING A HAND** - Though LCC has its own budget problems, the college will lend a hand to three local agencies in the same plight. The Board of Education last week voted 6-0 to give \$14,132.20 to the Cooperative Museum Commission to support its 1983-84 budget. Also supporting the agency are the Lane Education Service District, City of Eugene, Lane County, and the University of Oregon. The commission hopes to construct a museum building in Alton Baker Park, in the next three to five years. The LCC board also authorized \$600 as LCC's share of support for the Southern Willamette Research Corridor Consortium. That group is working for economic diversification and improvement of the quality of life of the area. Its members include LCC, Linn-Benton C.C., Oregon State University, University of Oregon, Cities of Albany, Eugene, Junction City and Springfield, and the Oregon District 4 Council of Governments. The LCC administration announced it will loan accounting help to the Lane County assessor from Nov. 1 through Dec. 10 to help disburse property tax receipts. The 15 largest taxing districts in the county have been asked to help the understaffed assessment office, so that disbursements aren't delayed. LCC, for example, could lose about \$12,000 in interest earnings if receipt of taxes were delayed 10 days.

In other business at last Wednesday's meeting, the board was advised that LCC is making progress in affirmative action. Beth Webb, coordinator of the Dental Assisting program, said: "Overall, LCC seems to be doing very well...." She chaired a Compliance Review Committee which included Roy Summers, Bill Mansell, Rosco Wright, Dick Reid, Paquita Garatea, Patricia Creal and Nancy Cheffings. For a look at the report, check in your department office or, if none is available there, contact the President's Office.

A report to the board on student fees indicates the college collected \$194,286 last year in instructional fees and \$103,528 in student service fees. Board member Larry Perry, who had requested the summary, declared himself "pleased to see that fees generally are quite low."

**BACK BY POPULAR DEMAND** - "Meet a Micro" is back. The two-week mini-class offers novices hands-on experience and an introduction to the world of microcomputers. Two sections, one day and one evening, are offered this term. For details, call René LoPilato, Industrial Orientation, ext. 2802.

**INSURANCE AND MONEY** - The annuity representatives, and representatives from SelectCare and Smith & Crakes Insurance will be on campus Wednesday, Sept. 21, from 11:30 to 1. If you have a problem or questions, stop by the northwest corner of the cafeteria after the all-staff meeting.

**BOWL THIS FALL** - The LCC bowling league will play at Southtowne Lanes, 2486 Willamette in Eugene, on Tuesday nights (6:30-9, starting Sept. 27). An orientation meeting is set for Tuesday, Sept. 20, at 6:30 p.m. Please call Diana Rieber, ext. 2221, if you are interested in joining the fun.

**CLASSIFIED** - An LCC Employees Federation meeting is scheduled Wednesday, 5:15 p.m., in Apprenticeship 223-224. On the agenda: a short film from United Way, and discussion of upcoming elections and contract negotiations.

**CAMPUS VISITORS** - Associate Dean Jim Piercey is hosting a 7 a.m. breakfast Wednesday. About 20 members of the Springfield Chamber of Commerce are expected. They will dine and tour vocational-technical areas.

**CAREER INFORMATION** - A representative from Oregon Career Information System will be on campus Thursday to tell LCC staff members about the system. The session is scheduled in the LCC Career Information Center, Center 203, from 10 a.m. to noon. CIS operates statewide to provide current information about job outlook, wages and training requirements for more than 260 careers in the state. Plan to attend and learn how to integrate this useful system into work with students.

**UNITED WAY MESSAGE** - United Way's money serves Lane Community College some of the following direct ways: The Work Activity Center has clients living at the John Collier and Alvord Taylor houses, funded in part by UW. The area for semi-independent living also is housed at Alvord Taylor. Adult Basic Education has a class in Florence which receives UW money for the transportation of wheelchairs to class. "United Way gives LCC a good piece of the pie," according to classified UW representative Sue Kangas.

**PAY DISTRIBUTION** - As a convenience, the college offers three methods of pay distribution. Employees can choose (1) Lane Automatic Direct Deposit (LADD), (2) to have checks mailed to them at home, or (3) to pick up checks at Financial Services. For those picking option 2, checks are mailed two days before payday to the address on the Personnel Services data base. For those picking option 3, checks will be available on payday at the Financial Services counter to individual employees only. This continues a practice from the summer.

**PAY FOR WORK-STUDY STUDENTS** - College work-study checks will be disbursed at the Financial Services counter the day before payday, between 9 a.m. and 2 p.m. All checks not picked up will be mailed after 2 p.m. the same day to students at their addresses on the Personnel Services data base.

**ACCIDENT REPORT** - In his 1982-83 safety/accident report, Bill Mansell says job-related accidents are up at LCC. "There were 56 job-related accidents totaling \$64,570 during 1982-83 - a 12 percent increase over 1981-82. The \$64,570 includes \$24,813 in reserves that cover the estimated final cost of accidents that are still on open status." Half of the accidents that occurred during the 1982-83 year resulted from falls or physical actions. Seven, serious, disabling accidents were responsible for the high accident cost total for 1982-83, according to Mansell, assistant to the vice president for administrative services.

These industries together have created more than 50,000 jobs in Oregon since 1974. (Oregon School Boards Assoc. newsletter, 8/23/83)

**AWARDS** - Nancy Fausone and Jerry Sirois are the 1983 recipients of LCC's Outstanding Classified and Support Staff Award. The two were surprised with the award at Wednesday's all-staff meeting. Fausone is an administrative assistant in the Industrial Technology Department. Sirois is a counseling information specialist in the Counseling Department. This is the first year the selection committee has picked two winners. Fausone joined LCC's staff in 1976, as a department secretary. Sirois began at LCC in 1968 as a courier and worked his way into positions as security guard, clerk in the business office, and tour guide. Since 1978, he has worked in the Counseling Department. The award, first given in 1981, is intended to recognize classified and support staff members who provide outstanding service to the college. To be eligible for nomination, a staff member must have worked for the college half-time or more for at least three years.

**INSTRUCTORS, RESERVE YOUR BOOKS** - Instructors wishing to reserve materials in the Library should call Jeremy Gunn now, at ext. 2273.

She will provide you with a copy of the Buy-Back Bill (SB 328) recently signed by the governor.

PERS RATES GOING DOWN FOR SCHOOLS - School districts that are members of PERS in Oregon will be paying less to PERS beginning Jan. 1, 1984. **DIRECTORY IS COMING** - The 1983-84 staff directory is printed and almost ready for distribution. Department representatives can pick up copies for their department after 1 p.m. Thursday. The directory was begun this past summer, and camera work was done well before relocations and staff changes altered many office numbers and extensions. So, yes, the directory is hopelessly outdated. Department secretaries and other staff can help update the new directory by calling in changes for publication in The Daily. Monday (5 p.m.), Oct. 3, is the deadline for calling in changes for publication in next Wednesday's Daily. Thank you for your cooperation.

**QUALITY CIRCLE CONFERENCE** - Several LCC staff members will attend the annual conference, Sept. 29-30, of the Columbia Willamette Chapter of the International Association of Quality Circles. Going up from LCC will be Ron Mitchell and John Kocher, Social Science; Julie Aspinwall-Lamberts, Casey Fast and Sally Gover, Productivity Center; and Terry Hagberg, Flight Technology. Former LCC staff member Vern Ho will be a workshop leader.

With that thought in mind, I would like to thank those persons who nominated me...and share the award with ALL support staff who put forth that "extra effort." We are excellent examples of valued professional employees. --Nancy Fausone

Welding Technology staff express their appreciation and an "extra special thank you" to Mike Convey, ITP Woodworking staff. Mike took time from his already busy schedule to construct the individual office units for the Welding instructors. This makes the first time that Welding instructors have their own offices. Mike, your effort is really appreciated.
