Second Week of Fall Classes

Published for the staff of Lane Community College.  
Deadline for contributions 2 p.m. on the day before publication.  
Editor: Kell Osborn, ext. 2201.

Lane Community College is an Equal Opportunity/  
Affirmative Action/Section 503/Title IX institution.

**INSURANCE** - If you are currently covered by one of the college's employee insurance plans and terminate qualifying employment for any reason, you may be eligible to continue your medical insurance at group rates for an additional six months by paying the insurance premiums yourself. For more information about this option, call Nanci Haines in the Personnel Services Office, ext. 2584.

**INSTRUCTORS** - Would you find any of these three services from the Testing Office useful? 1) Test item analysis by computer: Use SCANTRON answer sheets and get a printout telling the score distribution, each item's difficulty and power to discriminate among students, and other goodies. 2) Three audio tapes for students: "How to Prepare for Tests and Take Them Effectively: What the Experts Say," "How to Lower Your Anxiety About Tests," and "How to Use the Keyword Method to Memorize New Words Fast and Surely." (Testing also has printed note for each tape.) 3) A readability analysis of your textbooks. This one is different. It is matched to the Degrees of Reading Power test given to entering students. So, in addition to getting the readability score, you also get figures as to what percentage of LCC students could and could not read it and understand 90, 75 and 50 percent. For details, call the Testing Office at ext. 2324.

**FUNDING OPPORTUNITIES** - Innovations in High Tech Training: The state Legislature appropriated \$1 million in the current biennium, matched by private industry, for expanding and intensifying high tech training statewide. This program is research-directed, and an RFP should be out in mid-October. National Science Foundation: Ethics and Values in Science and Technology (EVIST) preliminary proposals are due Nov. 1; formal proposals are due Feb. 1. Fund for the Improvement of Postsecondary Education (FIPSE) invites proposals to solve pressing problems in postsecondary education and to strengthen future opportunities for underserved populations of learners. Projects may receive support for one-, two- or three-year periods. The expected deadline for preliminary applications for 1984-85 funding is December 1983. The Mina Shaughnessy Scholars Program, Learning from Practice, which helps educators develop ideas emerging from their experiences as teachers and administrators within postsecondary education, will accept applications up to Nov. 1. For information about these funding opportunities, call Resource Development at ext. 2593.

**GOLF TOURNEY NEWS AND THANKS** - LCC's Development Fund earned \$5,500 from the Sept. 17 golf tournament sponsored by the Register-Guard. That doubles income earned from past tournaments, which LCC has sponsored with other community colleges. Fourteen teams of 56 players participated. Five were from LCC - Eldon Schafer, Jay Jones, Larry Murray, Doug White and Sandy Cutler. Four Register-Guard staff formed a team, and 47 others played. The proceeds will benefit LCC through projects selected by Development Fund trustees. According to Pat Williams, a chief organizer, 29 volunteers helped make it a successful event. They include four LCC students - Jana Harms, Kelli Gaskill, Candace Walker and Collin Williams. (see page 2 for more)

GOLF TOURNEY - Also helping out the tournament from LCC were Lyle Swetland, a donor who didn't play; Jim Brock, who helped with video with Vern Fowler, Dennis Mills and Phil Powers; Dave Wienecke and Beth Webb, who helped solicit gifts; Jim Greenwood, who played piano; and Walt Van Orden, who served on the golf committee. Also helping out were Larry Warford, who steered the beverage cart; Larry Romine, who took photos; Bob Foster, who was a standby player; and Sandy Cutler, who was a stand-in player. Says Pat Williams: "Many hours of work - love of labor went into a very successful, fun, happy day with the weatherman on the good side of all the golfers and video -team and shutter-bugs. Thanks to you all for making it a great success! LCC proved it can have a great tournament by itself and not have to split the profits with other community colleges as it has done in the past six years."

A Celebration of Life mass will be held for Dick Newell at 2 p.m. Sunday, followed by a reception from 3 to 5. All at St. Jude's. The family requests Tuesday, Oct. 4, 1983 no flowers. Second Week of Fall Classes

Published for the staff of Lane Community College.  
Deadline for contributions 2 p.m. on the day before publication.  
Editor: Kelli Osborn, ext. 2201.

Lane Community College is an Equal Opportunity/  
Affirmative Action/Section 503/Title IX institution.

**DEPARTED** - Adult Education coordinator Dick Newell died Saturday after a battle with cancer. He was 47. Newell, former chairman of LCC's Health and Physical Education Department and Athletic director, started at the college in 1967. He obtained his bachelor's degree from the University of Illinois, where he was an honorable mention his senior year for the football All-Big Ten. Newell went on to coach sports and teach in other communities. Among his community activities in this area were memberships on the Health Education Advisory Committee to the State Department of Education, the board of Pearl Buck School, and the Lane County Council on Alcoholism. Newell also was the former chairman of the Lane County Health Department Committee.

**COMMEMORATION** - "Because he was so tough, it took Dick Newell a long time to die. If he had not been such a fierce competitor, he would have foregone a lot of the suffering he went through. His bulldog tenacity to 'hang in there' would not let him quit. 'Give up' was just not a phrase in his vocabulary. The last time we talked, his body was wasted, but his jaw was set and there was still that spark of defiance in his eyes. It was important to him that he let us know he was still very much 'in the game.' In my heart I know as he left the arena for the last time, he was saying, 'Just wait until next year!'"-- Buck Bailey, Dave Roof, Nile Williams

Up to 10 essays (2,000-3,000 words each) will be chosen and their authors paid \$300 each. Due date is Jan. 15, 1984. The Oregon Committee for the Humanities will award up to ten Summer Research Grants of \$2,000 each for study in the summer of 1984, leading to public presentation. ## -----APPRECIATION-----

Many thanks to Bob Cramblit and Alvin Howard (Plant Services) for coming to my rescue numerous times over the past four years when the mobile classroom has broken down and left me stranded on Highway 58 or some other lonely rural road. No matter when, where, or what kind of weather, Bob and Alvin have rushed to my aid. Their cleverness and knowledge of diesel mechanics and of the mobile classroom's idiosyncracies have saved the college many dollars in repair and towing bills. I always feel a sense of relief when I see them with their smiling faces drive up in their old, green truck. I know everything will be okay! The college should sleep well knowing Bob and Alvin are around to take care of us. Thanks again, Bob and Alvin. -- Linda Myers & the mobile classroom
