**PRESIDENTIAL SEARCH** - The search for a new LCC president shifts into high gear this week. The field of 122 applicants has been narrowed to 15 semifinalists. On Wednesday, the 13-member search advisory committee (staff, students and community members) will join search consultants from the Association of Community College Trustees, Marie Y. Martin and James B. Tatum, to narrow the field to five finalists. At 4 p.m. on Wednesday, the consultants will meet with the LCC Board of Education in executive session to present the names of those finalists. The board is scheduled to interview finalists April 11, 12 and 13. May 1 still is the target date for naming a new president. President Eldon G. Schafer plans to retire this summer.

**INSTALLATION WILL FEATURE KINETIC SCULPTURE** - Lights, sound and movement characterize the works of Ken Butler, a Portland artist who will be showing his kinetic sculptures at LCC today through April 19. Butler creates installations and hybrid musical instruments. The LCC show will include a piece, "Key Light," that measures 5 feet by 35 feet by 12 feet, and is partially viewer activated. The show is in the Art & Applied Design Department gallery, located on the first floor of the Math/Art Building. Gallery hours are 8 a.m. to 10 p.m., Monday through Thursday, and 8 a.m. to 5 p.m. on Friday. Butler will give a slide lecture and play his hybrid musical instruments next Monday, at 1 p.m. in the gallery. A public reception will follow.

**MORE ART** - From Tuesday through April 19, Kathy Hoy will display her Chinese brush paintings in the Learning Resource Center (library) gallery. Hoy, who studied this special painting media in Taiwan, obtained a Master's of Fine Arts degree from the University of Oregon and has taught at LCC and the Maude Kerns Arts Center. An artist's reception is planned Wednesday, 1:30 to 3 p.m., in library room 316. The gallery is located on the mezzanine level of the library and is open from 8 a.m. to 10 p.m., Monday through Thursday, and 8 a.m. to 5 p.m. on Friday.

**GETTING DOWN TO BUSINESS** - The LCC Business Assistance Center is presenting a television series, "Getting Down to Business," designed to help individuals select and run a small business successfully. The 10-part series will begin this Wednesday evening. Each half-hour program will be broadcast from 6 to 6:30 on Group W Cable channel 20 each Wednesday through June 5. Tune in to learn about such topics as marketing, evaluation, credit and collections, and finances.

**CREATING COMMUNITY ALLIANCES** - LCC's Building Better Boards Project offers a seminar Thursday afternoon, April 11, that will explore ways to create community alliances and how those alliances can help community organizations. **BAC WINS AWARD** - LCC's Business Assistance Center has been selected the outstanding vocational program (category: community college, adult) for 1985 by the Oregon Department of Education. **GO FOR BAROQUE AT LCC** - Do you have your "Go for Baroque at LCC" T-shirt yet? The white-on-black shirt, available now at the Learning Resource Center (library), features likenesses of three great composers - Bach, Handel and Scarlatti. They and other things Baroque will be celebrated at LCC during National Library Week, April 15 through 19. Watch The Daily for details.

**SCHOLARSHIP NEWS** - The Weyerhaeuser Scholarship pays for tuition and/or books for selected data processing, electronics and mechanics majors. Scholarship students must carry at least 12 credit hours per term. The application deadline is May 1. Another scholarship opportunity is the Person Business Scholarship for business majors. That scholarship also requires a 3.0 grade point average and a course load of 12 credit hours. The deadline is June 15. Send interested students to the Foundation office, Administration 209. Call ext. 2810 for information.

**MEDIA PRODUCTION LAB** - Learn how to produce your own instructional media in the production lab held every Tuesday and Wednesday in the conference room of the Center Building basement. **MASS IS MOVED** - Mass will be held at noon, each day through Thursday, in Machine Technology 216.

**WORKSHOP AND SEMINAR FEES** - The Business Assistance Center offers all programs on a fee basis, giving a 50 percent discount to LCC employees. The net costs stated by the BAC were correct - they were discounted workshop fees, not tuition or expense costs.

**EXCURSION FARE** - University Theatre will give a special performance of "Excursion Fare" at 8 p.m. Saturday in LCC's Main Stage Theatre. The play was written by Eugene playwright Dennis Smith and recently was named the best original play in the nation by the American College Theatre Festival. Tickets are \$6 for the general public, \$4 for all students. They are available at the LCC box office. All seats are reserved.

**MARKETING UPDATE** - The college's Marketing Task Force has been formed and begun its work. The group's first major activity was to develop a list of assumptions about our community and its needs. The task force now is forming a series of small study groups to look at specific segments of the district population. The first of these is a group to study the district's high school population and to make recommendations about how LCC can best serve this population. The group will be chaired by Bob Marshall and includes Shan Titus and Phyllis Geyer from Student Services and Deborah Holmes and Reneé Lo Pilato from the Office of Instruction.

The Marketing Task Force is made up Bill Berry, Jack Carter, Gerry Rasmussen, Julie Aspinwall-Lamberts, Larry Warford, and Diane Dann, who is chairperson. Ron Mitchell is the group's facilitator.

**ART TALK SLATED** - Portland artist Ken Butler, whose kinetic sculptures and hybrid musical instruments are on display in the Art Department gallery, will speak in the gallery on Monday. The lecture and musical presentation will begin at 1 p.m. A public reception will follow at 2:30 p.m.

Teams will compete in a math relay, math bee, and math dartboard throw. Featured speaker will be Jerry Fisher, manager of public affairs for Hewlett-Packard, who also will present awards. The Math Skills Fair is held each year by LCC's Math Department to promote mathematics and motivate students to learn about math. The fair combines learning and fun.

**PRESIDENTIAL FINALISTS VISIT** - Finalists in the LCC presidential search begin visiting campus today. Richard Turner is here today. James Heinzelman begins his rounds today and winds up his interview Friday. Gerard Moseley and Allan Kurki also will be here Friday. Jared Sharon will visit Friday and Saturday. All five will participate in such activities as visits with students and staff representatives, a campus tour, and board interview. May 1 remains the target date for the LCC Board of Education to name a new president.

**BE PREPARED** - This Sunday, LCC will have a full-page ad in the Cross-roads issue of The Register-Guard. To make it easy on potential callers, we used a main phone number, Counseling's 726-2204, and the outreach center numbers. But the ad covers a wide range of college programs and services and your area may get calls. Some of these calls might be from people who haven't had any previous contact with the college, so it's especially important to see that callers are referred to the right campus department.

**SPEAKING OF THE "CUSTOMER"** - According to George Miaoulis, a University of Southern Maine marketing professor writing in Marketing News, nonprofit organizations frequently miss the point when they are developing marketing strategies. Miaoulis describes a museum that spent a great deal of money trying to enhance its image, yet, when he visited the museum, he found "confined exhibit space, long lines, a lack of signs and programs, poor service, and other problems." He says organizations that don't pay attention to their customers "usually discover that any image they create, any research they conduct, and any new programs they develop have little or no value."

**DISCUSSION WILL AIR ON RADIO MOSCOW** - You're invited to a panel discussion by LCC students on relations between the Soviet Union and the United States. The discussion, which will be taped for an exchange with Soviet college students, is scheduled from noon to 1 p.m. this Friday in the Board Room. Janet Anderson, athletic trainer in Health & PE, is leaving Eugene on April 25 for a three-week visit to the Soviet Union with other citizen diplomats. She'll take the taped discussion along. Soviet college students will respond to the American discussion, and the entire exchange will be aired later on Radio Moscow and KLCC radio. Join the discussion and be heard on Russian radio!

**BIRTHDAY CONTEST** - It's the fourth day in our birthday contest. Read through "Twenty Years - A Great Beginning," the 20-year report on LCC's history, and find the makers of five statements appearing in The Daily this week. Submit your entry with five names to Keli M. Osborn, Public Relations. Call ext. 2591 for your copy of the 20-year report.

Today's quote: "It's a lot easier for an institution to grow than remain stable or shrink."

**VIDEO LAB COMPLETED** - Media Productions has completed the remodeling of its video control booth. We are now back in the video business. The first production is the second part of a medical terminology telecourse. A note of appreciation to Electronic Services, especially Dennis Mills, for the timely completion of the video wiring.  
--Media Productions staff

**THANKS FOR SPEEDY WORK** - Thanks to Printing/Graphics staff - especially Loréta Pritchard, in resolving a situation that required immediate attention. I really appreciate the cooperation and help.  
--David Wienecke, Campus Services

THANKS FOR GUIDANCE - I want to thank Marna Crawford, Campus Ministry, for providing me the necessary guidance to get last week's food distribution together. Marna played a pivotal role in the distribution, and I apologize for omitting her name in my first Daily note.  
--Joel Slavin, ASLCC Senate

**SATURDAY SOFTWARE CONFERENCE** - On Saturday, LCC will host a teleconference on educational microcomputer software. Learn about identifying and evaluating software, and get tips on integrating software into your curriculum. The teleconference costs only \$12.50. It will be held simultaneously on the main campus and at the Siuslaw Area Outreach Center in Florence. The program is scheduled from 9 a.m. to 2:30 p.m. For information and to register, call Naomi Soules at ext. 7519 or Jim Brock at ext. 2371.

**INVITATION** - The LCC Employees Federation invites all interested staff to attend the union's April 17 meeting, which will focus on PERS and retirement. Jerry Liebertz of the Public Employe Retirement System (PERS) will be on hand to provide valuable information on what staff should do now to prepare for retirement. There will be a question-and-answer period. Because the topic has such broad interest, all staff are welcome to attend.

**FACULTY** - Retention advisor Corilee Heinis of Counseling will contact students who are missing classes for those faculty who choose not to make the calls themselves. Interested? Call Heinis, ext. 2232, with pertinent information or leave a message for her at ext. 2204. The Telephone Project (contacting missing students) is going strong. Early contact is more effective in encouraging students to return to class.

**INVITATION TO FUNDRAISER & FEST** - You're invited to a Salute to Loran L. "Stub" Stewart. The event will be held the evening of May 23 at Valley River Inn. Dinner tickets are \$100 per person. Contributions also may be made through a journal that will be presented to "Stub" Stewart. All will benefit an LCC Foundation special project to be named in Stewart's honor. Invitations already have been sent by the LCC Foundation to community, state and national friends of Stewart's. If you, too, would like to attend the toast/roast for "Stub" Stewart, call Pat Williams at ext. 2810.

**ENDOWMENT FOR INNOVATION ESTABLISHED** - About 300 persons attended Sunday night's retirement reception and dinner for LCC President Eldon G. Schafer. In honor of the president, the LCC Board of Education has created the Eldon G. Schafer Endowment for Innovation through the LCC Foundation. The board will set up an endowment committee in consultation with Eldon and Lucy Schafer, and that committee will work at identifying funding sources, and maintaining and expanding a funding base. The endowment will include, but not be limited to, the use of interest funds for grants to individuals who need help in implementing a promising innovation at LCC.

At LCC, we recognize an Innovator of the Year. This year that person is Bill Mullin of Social Science. Still, just what is innovation? Here's a definition from President Schafer.

"Innovation is purposeful, organized risk-taking change introduced for the purpose of doing better with less. Based on a vision of what is possible and achievable, it is changing a procedure or approach into something new. By altering or renewing a practice, a new potential is created for action that better meets needs."

**HELP FOR EATING DISORDERS** - A self-help group is meeting on Mondays to provide support and information to people with bulimia and anorexia nervosa. The group meets from 1 to 2 in Health 209. For information, call Anne Metzger in Student Health Services, ext. 2665.

**CURRICULUM MEETING** - The Curriculum Approval Committee will meet Tuesday at 3 p.m. in the Board Room. The group will consider proposed new courses in Human Development and Flight Technology, as well as a proposed revision to a course on changing cultures in the Social Science Department.

**POTTERY SALE** - The annual Mother's Day pottery sale by LCC staff and students is scheduled in the cafeteria this week. You can purchase inexpensive, attractive and useful pottery pieces from 9 a.m. to 3 p.m., Tuesday and Wednesday, in the cafeteria.
