**VISITORS** - Representatives from the National Center for Research in Vocational Education, under contract with the U.S. Department of Education, will be visiting LCC's Cooperative Work Experience Department on June 13 and 14. The center is undertaking a study of postsecondary, cooperative, vocational education programs in high technology areas. According to Stephen J. Franchak, senior research specialist at the center, LCC was identified as "an agency with a high quality program (CWE) in this area."

**THANKS** - A very special thank you to Deborah Holmes for facilitating the Marketing Task Force employer group sessions. You did an outstanding, professional job which made our job much easier! We appreciate all the work that went into it. Thanks again.

--Leslie Rasor, Adult Ed; Jean Names, BAC; Linda Kluver, Student Employment Services; and Valerie Brooks, CWE

Information and registration materials are available from Mabel Armstrong, Science, ext. 2446.

WHAT'S SO GREAT AT LCC - Sally Meadow, secretary for the Associated Students of LCC, has discovered something great at LCC: Beginning Conditioning with Lyndell Wilken. In a note to Interim President Gerald Rasmussen, Meadow says the class improved her physique and attitude. "...I do feel that more faculty and staff on this campus should at least be aware of the tremendous difference a conditioning class can make to an individual," she says. If you are eligible for a staff tuition waiver, your only fee would be \$8 for the PE locker.

CLOSURES - The Electronics Department will be closed during the week of June 17 through 21. The Property Control office (surplus and inventory) is closed until July 8. There will be no sales or acceptance of surplus equipment and furniture. There will be no movement of such items by custodial staff into the surplus sales area. Messages may be left at Purchasing. Deadline for contributions: 7 p.m. on the day before publication

Editor: Keli M. Osborn, x2591

Lane Community College is an Equal Opportunity/  
Affirmative Action/Section 504/Title IX institution

**CUTOFF** - Today's the cutoff date for submitting final 1984-85 petty cash reimbursement requests and requests for ICC (individual contract certification) payments for services performed before today to Financial Services, to allow a check to be written before Friday. Petty cash reimbursements for Wednesday, Thursday and Friday may be made up to 12 noon on Friday from the Financial Services petty cash fund.

**CURRICULUM COMMITTEE** - The Curriculum Approval Committee will meet at 3 p.m. today in the Board Room.

**CLOSURES** - The Women's Center is closed this summer, and will reopen on Sept. 9. The property control (inventory and surplus sales) office is closed until July 8. During the closure, there will be neither sales nor acceptance of surplus equipment and furniture.

**WORDS OF APPRECIATION AND THANKS** - The quality of support I have received from the entire LCC staff during my tenure as acting chair of the Electronics Department was incredible. Without exception, every person I dealt with went out of their way to help me in any way they could--never once a bureaucratic answer. Exciting things are happening in the department, but they would not be possible without so much positive support and help from the LCC staff. What a great place to work. Thanks again to each of you.

--John Winqvist, Electronics

**ONWARD AND UPWARD** - Two former LCC students recently won awards for their designs in engineering. Robin Winter received an award from the Mechanical Engineering Department at the University of Nebraska and American Society of Heating and Air Conditioning Engineers for his design of a solar energy concentrator. Dana Burns did the design and drafting of a project which won third place in a competition sponsored by Weyerhaeuser. She is attending Oregon State University in mechanical engineering. Both students recently thanked LCC's Math Department for the strong preparation they undertook at Lane.

**WELCOME** - Welcome to these new staff members in Mechanics: Anne McCamman, administrative assistant (ext. 2376); Patty Gierga, secretary (ext. 2379); and Teddi Anderson, secretary (ext. 2379). Summer hours for the Mechanics Department is 7 a.m. to 4 p.m., Monday through Friday.

**LCCEA ELECTION RESULTS** - Ballots have been tallied, and here are the results from the recent LCC Education Association election. President: Dixie Maurer-Clemons, Science/CWE. Secretary: Ann Marie Prengaman, Language Arts. Treasurer: Bill Buskirk, Science. Representatives: Maxine Frauman, ESL; Jim Brooks, Mechanics; and Lance Sparks, Language Arts. The dues increase passed with a 67 percent yes vote.

**PAYROLL** - A special edition of payroll verification worksheets will be available in Personnel Services at 10 a.m. Thursday, June 27. These worksheets are to be used for timesheet hours for time worked after the regular June payroll was submitted June 17. The payroll verification worksheets, with timesheets attached, must be returned to Personnel Services before 5 p.m. on Monday, July 1. This is necessary, if the hours worked up to June 30 are to be charged to the 1984-85 fiscal year.

Something new is being tried this year. Pay for these hours will be issued on July 8, rather than at the end of July, and will be distributed by Financial Services in the usual manner.

**DAY CAMP** - The Associated Students of LCC are sponsoring a fun and educational day camp program on campus for children aged 6 to 12. The program began Monday, June 24, and will continue for eight weeks. It operates from 8 a.m. to 2 p.m., Monday through Thursday. It's only open to children of LCC students enrolled in summer classes. Two trained and qualified supervisors lead such activities as crafts, games, field trips and nature walks. The program is limited to between 10 and 20 children. Applications and information are available from head supervisor Don Metzler in Health 102.

**WOMEN AND TECHNOLOGY** - A one-day conference on Aug. 3 in Portland will focus on changes in the workplace and women's role in these technological changes. Sessions will cover such topics as managing technological anxiety, automating the office, career options, and technology's effects on employment. Registration before July 20 is \$30. For information, call 1-222-2606--or drop by The Daily desk for a look at the conference flyer.

**BOOKSTORE SUMMER HOURS** - Today, the main campus Bookstore is open from 8 a.m. to 7:30 p.m. On Friday, it will be open from 9 a.m. to 4:30 p.m. It will be closed July 1, 2 and 3 for inventory. The main campus Bookstore will reopen on July 5. At that time, summer hours will be 8 a.m. to 4:30 p.m., Monday through Thursday, and 9 a.m. to 4:30 p.m. on Friday. The Downtown Center Bookstore is open from 9 a.m. to 1:30 p.m. today. Starting Friday, it will be closed for the summer through Sept. 6.

**MORE SUMMER HOURS** - The Health and PE Department office will be closed on Friday during the summer. Hours are 7 a.m. to 5:30 p.m., Monday through Thursday. Thursday, July 4, is a paid LCC holiday. The Productivity Center will be closed on Friday, July 5. If your department is planning a July 5 closure or reduced summer hours, please call ext. 2591 to place information in The Daily.

**COURIER SERVICE OPINIONS** - Printing/Graphic couriers (work-study students) have gone home for the summer, so delivery and pickup service won't be available. Did the courier service serve your needs? Would you like it to continue in the future? Please address your replies to Barry Vaughn, Printing/Graphics.

**PAYROLL** - A special edition of payroll verification worksheets will be available in Personnel Services at 10 a.m. today. These worksheets are to be used for timesheet hours for time worked after the regular June payroll was submitted June 17. The payroll verification worksheets, with timesheets attached, must be returned to Personnel Services before 5 p.m. on Monday, July 1. This is necessary, if the hours worked up to June 30 are to be charged to the 1984-85 fiscal year.

Something new is being tried this year. Pay for these hours will be issued on July 8, rather than at the end of July, and will be distributed by Financial Services in the usual manner.

**DAY CAMP** - The Associated Students of LCC are sponsoring a fun and educational day camp program on campus for children aged 6 to 12. The program began Monday, June 24, and will continue for eight weeks. It operates from 8 a.m. to 2 p.m., Monday through Thursday. It's only open to children of LCC students enrolled in summer classes. Two trained and qualified supervisors lead such activities as crafts, games, field trips and nature walks. The program is limited to between 10 and 20 children. Applications and information are available from head supervisor Don Metzler in Health 102.

**KLCC WINS NATIONAL AWARD** - KLCC-FM was awarded a first prize by the Corporation for Public Broadcasting for its "Morning Edition" promotional/-advertising campaign. KLCC won the prize in the category of markets with 399,999 and fewer persons. Paula Chan Gallagher, KLCC's development director, picked up the award--a plaque and \$1,000 check--at a Seattle conference last week. The campaign, "Drive Time is News Time," included bus posters, television ads, billboards and other features. The campaign promoted KLCC's switch last year to morning news (dropping classical music for national and local programming) and "Jazz and News" in the afternoon. Judges praised KLCC's "progressive approach," citing "consistent emphasis on purpose" and "especially good definition of goals." The campaign was a collaborative effort among a number of staff members and supportive businesses.

Former KLCC music director Ken Croes, co-owner of Techniques Advertising, created and produced the TV spot with KLCC's Gallagher; Jon Schwartz, station manager; and Denny Guehler, promotion director. KMTR-TV provided studios for production work. Joyce Croes, also of Techniques Advertising, designed the bus poster. Cheryle Hawkins, Oregon Outdoor Posters, designed KLCC's billboards, charging only for materials and placement. On a trade basis, KLCC arranged print ads with five weekly and monthly newspapers and magazines. Guehler and staff from The Production Department designed the print ads, again on a trade basis.

**MORE KLCC NEWS** - KLCC will present a folk concert from Seattle's Northwest Folklife Festival during the "Friends and Neighbors" program on Monday, July 1. The program will air between 7:30 and 9:30 p.m.

**COMING THIS SUMMER** - Don't forget to sign up with Staff Development, ext. 2577, for the Aug. 8 and 9 workshop on time management. Learn how to gain control of your work day. The cost is about \$150 per person, which includes lunch and materials.

We ran out of room for a good column on tips for a healthy summer, so be sure to pick up a copy of Tuesday's Daily, July 2. There will be no Daily on July 4. And the deadline for submitting items for the July 9 Daily is 1 p.m., July 3.
