The agenda for the regular board meeting includes consideration of a management employees working agreement, a resolution proposing to call off the Sept. 17 tax levy election, and discussion of a Title III proposal under which the college is seeking more than \$3 million in federal funds.

Or stop by Counseling to take a look.

A croquet tournament will feature such "celebrities" as Wendy Ray of KUGN, Jean Reeder of EWEB, Margaret Nichols of the Eugene School District and John Lively, former LCC student (1965) and Springfield mayor-on-leave. A brief program is planned at 5 p.m. Encourage your friends and neighbors to attend and join the fun.

EUGENE AGENDA PROGRAM - Spend your Thursday lunch hour learning about the Eugene Agenda, a proposal from Eugene Mayor Brian Obie and city councilors to revitalize the city. ICE CREAM SOCIAL RESCHEDULED - The ice cream social planned this afternoon for LCC's new president, Dr. Richard M. Turner III, and his wife, Dolores, has been postponed in the wake of former president Eldon G. Schafer's death Tuesday evening. The ice cream social, hosted by the LCC Board of Education, has been rescheduled for Tuesday, Aug. 20, 4 to 6 p.m. on Bristow Square. The social will feature a croquet tournament, custom-made ice cream sundaes, and a brief program at 5.

SCHAFER MEMORIAL SERVICE - The memorial service is planned at 11 a.m. on Monday, Aug. 12, in the LCC Performing Arts Theatre, for Eldon G. Schafer. LCC's recently retired president died at Sacred Heart General Hospital Tuesday evening. All staff members are warmly invited to join the public service. Please notify your supervisor, if you will be absent from work to attend.

Schafer was president at Lane from 1970 until his April 30 retirement. Since then, he had been in and out of Sacred Heart. His most recent relapse occurred about a week and a half ago, when he returned to the hospital with complications resulting from leukemia. He was 63. He is survived by his wife, Lucy, a graduate of the University of Oregon Law School and practicing attorney, and son, Kenneth, a recent graduate of the University of Oregon.

Those who would like to make contributions in Schafer's memory are invited to consider the Eldon G. Schafer Endowment for Innovation, the Lane Memorial Blood Bank and the American Cancer Society.

In a letter to Lucy Schafer, LCC President Turner wrote: "As President of Lane Community College, 1970-1985, Eldon G. Schafer was an educational leader, administrator and mentor par excellence! His personal qualities of love and concern for his family, fellowman and community; his integrity; his commitment to the highest ideals of our society; as well as his dogged determination to persevere in the face of adversity complemented his outstanding professional attributes and provided those who knew him, even for so short a time as I, with an exemplar or model of the fullness of the human spirit."

EUGENE AGENDA - If you'd like more information about the Eugene Agenda proposed by the mayor and city council of Eugene, attend today's lunchtime presentation in Forum 308. Councilor Debra Ehrman is visiting LCC to give a slide presentation and solicit opinions on the proposed economic development measures. The session will begin at noon.

CLOSED - Staff Development will be closed today through Aug. 26.

SOMEWHAT CLOSED - Financial Services will offer cashiering services only today and Friday. The rest of the department will be closed as staff attend inservice.

LCC is an equal opportunity/affirmative action institution.

RETIRED DEPARTMENT HEAD DIES - Melvin C. Gaskill, who retired as head of the LCC Mechanics Department in 1974, died Monday, Aug. 5. He was 70. He is survived by his wife, Lois, and other family members. Gaskill started his teaching career in 1942 at the Eugene Vocational School as an aircraft mechanics instructor. He joined LCC when the college was formed. The family requests that, in lieu of flowers, contributions be made to the Mel Gaskill Scholarship Fund for aircraft students. Contributions may be arranged with the LCC Foundation.

ELECTRONICS DEPARTMENT ZOOMS AHEAD - The college is developing a top-quality computer-aided drafting and design program. The Electronics Department has received a grant of four software packages for computer-aided drafting from AutoDesk, Inc., of Sausalito, Calif. The package is valued at about \$10,000. Earlier this summer, the department received \$30,000 in hardware and \$5,000 for curriculum development through federal Vocational Education Act funding. And, this fall, Dan Forbess will join the staff as an instructor in computer-aided drafting and design. Forbess, a supervising facilities engineer with Hughes Aircraft, holds a master's degree in industrial technology.

Eighth Week of Summer Term

Published for Lane Community College staff.
Deadline for contributions 1 p.m. the day before publication.

MEMORIAL CELEBRATION - A memorial celebration was held Monday morning for Eldon G. Schafer, LCC's recently retired president who died last week of cancer. The celebration featured music, presentations, and the recollections of friends and colleagues. Among those speaking were Dale Parnell, LCC's founding president and current president of the American Association of Community and Junior Colleges; Omar Barbarossa, LCC's student body president in the 1970-71 year; and Richard McClintic, president of the Oregon Trail Council, Boy Scouts of America.

LCC Pres. Richard M. Turner III read a resolution adopted by the LCC Board of Education last week that names Schafer "president emeritus in perpetuity." As president emeritus, Schafer's name with the title emeritus will be used in all official lists of college administrators. "This is a way of keeping his name and his memory before us and future generations," according to Turner.

THANKS TO ALL WHO HELPED - Thanks to the many staff members who contributed to Monday's memorial celebration for Eldon G. Schafer. Your efforts in organizing the event are appreciated.

BOARD PULLS TAX LEVY and OTHER BUSINESS - LCC is taking its one-year tax levy proposal off the Sept. 17 ballot and will return to voters after a more detailed analysis of financial needs. The LCC board voted last Wednesday to postpone the levy election after determining the college may receive money from two sources that would nearly equal the amount the levy would have brought in if passed. The two sources: about \$242,500 in unexpected tuition revenue, if enrollment reaches new, higher estimates; and about \$245,000 in state money approved by the 1985 Oregon Legislature. Pres. Turner says the college still needs additional financial resources, but will postpone asking taxpayers "until we can do better analysis and make our case to the community."

In other business, the LCC board approved a management employees working agreement, approved the 1985-86 College Plan, and changed a registration date for winter term.

The management agreement affects about 91 persons with the creation of a new salary schedule. The agreement represents an approximate 5 percent increase in the basic wage and salary package, according to Hank Doua of Employee Relations, and the maintenance of medical benefits at the October 1985 level, plus an additional \$50 a month per individual annuity.

The board okayed rescheduling winter term registration for new and returning students. The old date was Monday, Dec. 23; the new date is Thursday, Jan. 2. This change will make it easier for staff and students to disappear the week of Dec. 23-27. (Dec. 25, 26 and 27 are holidays.)

THANK YOU - A very special thanks to JEAN NAMES, Small Business Management instructor/coordinator, and LAURA WEAVER, assistant state director of the Oregon Small Business Development Center Network, for all of your help with planning and presenting Women in Management workshop topics. Your volunteered extra hours to do presentations in Eugene and Florence were really appreciated by the Business Assistance Center and the workshop participants.

--Debra Carroll, Rural Small Business Program

SUMMER CLOSURE - The Bookstore will close at 4:30 p.m. on Friday, Aug. 16, and will reopen at 8 a.m. on Monday, Sept. 9. The Learning Resource Center (library) will be closed Aug. 19 through Sept. 13, reopening on the 16th. (Telecourse students will be able to enter at circulation door.)

RESCHEDULED SOCIAL - The LCC board's ice cream social for Pres. Turner and his wife, Dolores, is set for Tuesday, Aug. 20, 4 to 6 p.m. on Bristow Square. The celebrity croquet tournament will feature such individuals as Serena Brooks, LCC student body president; John Lively, on-leave Springfield mayor and early LCC student; and Jan Welle, superintendent of the Harrisburg Union High School District. Everyone's invited to the social.

WORLD MUSIC - On Thursday night, KLCC will present a special concert by Nana Vasconcelos and the late Colin Walcott performed in 1982 in Woodstock, New York. The concert will air during "New Acoustic Music," a show that begins at 7:30 p.m. The music fuses the improvisational traditions of Africa, India, North America and Latin America.

ALL-STAFF MEETING - As a special feature to welcome LCC's new president, the college will host a breakfast for all staff on Monday, Sept. 16, in the cafeteria. Breakfast will be served from 7 to 8:30 a.m. The annual all-staff meeting will follow from 9 to about 11 a.m.

TEACHERS ARE VISITING - This week and next, LCC is hosting 21 teachers from elementary and middle schools throughout the area. The teachers are learning more about teaching science to students and fellow teachers. Sponsored by the Lane Regional Science Consortium, the two-week inservice aims to give the teachers in-depth training in science education that they can take back to their schools. In addition, the teachers will serve as consultants to colleagues at other schools. The project is funded through the Oregon Department of Education with federal money set aside to enhance teaching methods in science and other subjects. Welcome, teachers!

CLOSING - The Social Science office will be closed Aug. 19 through 30. Phone calls will be answered by staff in the English & Foreign Language Department.

NEWS IN PRE-ENGINEERING PROGRAM - For the first time, students will be able to complete the first two or three years of an engineering program in Lane County. LCC and the University of Oregon are cooperating to provide the classes that will enable students to transfer to engineering schools at Oregon State University or elsewhere. LCC offers core classes, but several engineering specialties require specialized or upper-division courses to be taken in the sophomore year. The cooperative program between LCC and the university allows full-time students to take these courses at the university. Engineering students at the university also may satisfy many course requirements at LCC. For information, call Mabel Armstrong at ext. 2446.

LOOKING AHEAD - The question has been on your mind all summer....What productions will the LCC Theatre present during the 1985-86 season? "The Teahouse of the August Moon," a World War II comedy by John Patrick, is set for November. "Baby," a recent Broadway musical about the baby boomlet by David Shire and Richard Maltby, is scheduled for late January and early February. And Shakespeare's "The Taming of the Shrew" is set for late April and early May.

MANAGING FARMS - LCC has a program for people who want to manage their farms more effectively. The Farm Business Management program, 10 years old this fall, has assisted about 200 farm owners since the college initiated it. Each fall, an advisory committee selects 15 new farms for participation in the three-year program. Applications for this year's class should be submitted this summer. For information, call Gary Valde at the Downtown Center, ext. 7528.

BOUGHT ANY NEW SOFTWARE LATELY? - Staff Development is compiling a list of who's using what programs and will publish it in early October. It should come in handy when you're trying to make a decision to purchase new programs or you're having difficulty with the ones you have. All who contribute to the list will receive a copy. If you'd like to contribute, send a note to Staff Development with the following information: brand of computer, name of software, and your name and extension.

BUSINESS BOOK IS OUT - "Your Business Plan," an easy-to-use, self-help workbook for the small business operator, is now available from the Oregon Small Business Development Center Network at LCC's Downtown Center. The workbook is the first in a series of five publications for owners of small businesses. Written by two business management instructors at Linn-Benton Community College, the work also is available in a Spanish edition. For information, call ext. 687-9125.

THOUGHT FOR THE DAY - A meeting is an event at which the minutes are kept and the hours are lost.

REORGANIZATION - Under the reorganization of the Archives/Records Management section of Personnel Services, effective July 1, Nita Cameron's and Steve Lange's duties have been divided. In the past, both shared the microfilming and records management. Cameron (ext. 2467) now is responsible for microfilming, and Lange (ext. 2466) is responsible for records management (archives). We hope these changes will result in an even more efficient ability to serve the college.

BRIGHT, FUNNY MAPS - Artist James Cloutier has designed a map of the Eugene-Springfield area that features LCC in several spots. (We're one of the sponsors.) A limited number of these fun posters are available. Call ext. 2592 with requests. (If interest exceeds the number of maps available, a lottery may be held.) There is a good reason to take a look at the map. Sponsor KUGN is holding a contest. Count the number of times that station's call letters are printed on the map and report your total to KUGN. Deadline for entries is Sept. 15. Two-thousand dollars in prizes will be awarded. One map already is posted on the window of Administration 211.

The workshop is scheduled from 10 a.m. to 3 p.m. The fee is \$15.50 for LCC staff, \$35 for others. Workshop materials and lunch are included. Preregister by Wednesday, Aug. 21. Call ext. 7530 for information.

CHANGE YOUR CALENDAR - Registration for new and returning students for winter term has been rescheduled from Dec. 23 to Thursday, Jan. 2.

VOTERS DEFEAT BUDGET REQUESTS - Voters rejected two community college budget requests last week. Umpqua Community College in Roseburg lost its \$250,000 supplemental operating levy, with 42 percent voting yes and 58 percent voting no. Portland Community College lost on a \$3.5-million three-year levy in a much closer race, with 49 percent voting yes and 51 percent voting no. PCC is questioning the legality of the election. The measure was approved by voters in Multnomah, Washington and Clackamas counties, but defeated by voters in Columbia and Yamhill counties. College officials had not been notified that Yamhill County voters would be using mail ballots.

COMPUTER GRAPHICS - The University of Oregon announces the Fourth Annual Pacific Northwest Computer Graphics Conference to be held on Oct. 28 and 29 in Eugene. The event will take a multidisciplinary view of computer graphics applications. Conference fees range from \$25 to \$75. For information, call 686-3536. (The Daily editor also has more information.)

ICE CREAM SOCIAL ROUNDUP - The sun came out Tuesday afternoon and shone on the ice cream social welcoming LCC Pres. Richard M. Turner and his wife, Dolores, to the community. Eighteen participants entered the croquet tournament. Prize winners were Traudl Lafferty, with the fewest number of strokes, and Gary Parrish, with the most strokes. Ice cream sundaes were offered, and the blackberries provided as a topping were picked by Audrey Razmus and Bob Tegge of Food Services.

A special thanks to the following persons who so willingly volunteered to serve refreshments at the ice cream social for Pres. Turner: Peggy and John Bernham, Melanie Brown-Carey, Barbara Cardwell, Sheila Christenson, Randee Franke, Sue Kangas, Jean and Ted Kotsakis, Maggie Larsen, Marianne Lindbloom, Dolores May, Georgia Nissen, Laurie Patterson, Tom Reimer, Teresa Sieg, Bob Tegge, Betty Vail, Marie Wiles and Jane Wojcik.

TO OUR FRIENDS AT LCC - In a thousand meaningful ways you gave our family 15 wonderful years. The blessing of your prayers during Eldon's illness and since--and the myriad kindnesses with which you've showered us--all have meant more to Eldon, Ken and me than you could possibly know.

The life-saving flow of your blood was an especially precious gift, for which we owe many extra months of Eldon's life. Since contributions to the LCC account at the Blood Bank aren't identified to us, I can't thank each of you personally, but please know how grateful we are. An unbelievable total of about 50 units of your blood have been credited to our Sacred Heart account, in addition to donations made specifically for Eldon.

Your outpouring of love since Eldon's death has been your most priceless gift of all. The flowers, cards, memorial contributions and all the other kindnesses will never be forgotten. Thank you for letting us be a part, of your lives, and for brightening ours.

COME AND GET YOUR CLOUTIER MAPS - The requests were greater than anticipated for the colorful, James Cloutier-designed maps of the Eugene-Springfield area. A lottery was held and the following names chosen: Terry Smith, Bookstore; Howard Bird, Work Activity Center; Larry Murray, Community Ed; Joyce Baldwin, Admissions; Sue McDonald, Financial Services; John Bernham, Counseling; Ed Case, Warehouse; Rob Ward, ASLCC; and Dee Tipping, Student Services. If you've been selected the recipient of one of these fun maps featuring LCC, please arrange to obtain yours by 5 p.m. on Monday, Aug. 26. (These maps are part of a limited-time contest sponsored by KUGN, so should be circulated soon.) We hope you'll post your map in a prominent place until Sept. 15, so that others on campus may view them while the contest continues. If you have questions, call ext. 2592 or ext. 2591.

Presenters will be Jan Brandstrom, Counseling, and Jean Conklin, Career Information Center.

SHORT, BUT IMPORTANT MEETING - Vocational teachers, counselors and Cooperative Work Experience coordinators are invited to attend a short, but important, luncheon meeting at the Eugene Hilton on Wednesday, Sept. 4. The meeting will provide an orientation to the Lane County Consortium for Vocational Education. The lunch and meeting will begin at 12:15, adjourning by 1:45. COUNSELING INSERVICE - The Counseling Department is offering limited services while staff attend inservice through Friday.

NEW ADDRESS - Do you send mail to the Eugene School District's Opportunity Center? The new address is: 3411-B Willamette St., Eugene 97405.

FALL WELCOME - Fall classes begin the week of Sept. 30. In an all-out effort to make the campus more user-friendly, four areas have been targeted for activity: advertising and recruitment, information, festive greeting, and staff development. Some things in the works for this fall welcome include:

- An information booth--festively decorated and staffed by friendly, competent individuals--will be set up between the Administration and PE buildings during registration and orientation.
- Helpful students and staff will wear "Ask me" buttons so that students, staff and visitors will be able to identify resource people.
- The college will promote registration and the arrival of our fall schedule through public service announcements on television and radio and paid advertisements in the Register-Guard and Springfield News (beginning this weekend).
- Staff may join the Sept. 5 workshop on staff-student relations (see "You Can Make the Difference," p. 2).

These efforts should help make the campus a warmer, more inviting place. But, be prepared...you just might get caught up in the fall welcome yourself.

VOLUNTEERS NEEDED FOR FALL WELCOME - You're needed to staff the information booth during orientation and registration, Sept. 10 through 23. Welcome new and returning students to campus and provide directions and referrals to campus resources. Or, if that doesn't suit you, how about joining colleagues in decorating booths, blowing up balloons, and placing balloons around campus? If you'd like to decorate or work at the information booth, please call Bev Jordan at ext. 2311 to volunteer.

THANK YOU - I want to thank all the LCC staff members who exhibited such generous love, concern and acts of kindness in the loss of my dear husband, Fred. I do so much appreciate working at Lane and all the support I get from those who work here. It's especially appreciated in times such as I'm going through now. Many thanks, both from me personally and the whole Kitterman family.

--Thelma Kitterman, Financial Services

APPRECIATION - Many thanks to Sandy Young and Irene Crombie of Purchasing for help above and beyond the call of duty. We appreciate your helping us in with our tight timeline.

--Dave Wienecke, Campus Services

A special thank you to Barry Vaughn and Printing/Graphics staff for the design of the booth and production of the fair "giveaways"--and most especially to Edna Kennel, who was responsible for our beautiful blue ribbon display. Thank you all!
--Shan Titus, Admissions

DEBATE OF THE CENTURY - On Thursday, Sept. 5, KLCC will stage a public forum on the sales tax ballot measure we'll be voting on Sept. 17. The debate will take place in the Board Room, from 12 noon to 1 p.m. If you can't attend, tune in to 89.7 FM for a live broadcast. Attorney Kaye Robinette and Stan Long, former assistant state attorney general, will argue for the tax. State Sen. Ed Fadeley and John Burnett of Citizens Opposed to Sales Tax will oppose.

WHAT HAPPENS AT LCC AFTER 5 P.M.? - As part of an effort to revitalize the college's evening offerings, a quarterly newsletter will be published beginning fall term. The publication will include information of interest to students attending classes on the main campus at night. Vicki Miller, Public Relations, is gathering information. Will your department have regular evening office hours? Do you want to promote special nighttime activities outside the classroom (club meetings, cultural events)?
