Tuesday, Sept. 3, 1985

Published for Lane Community College staff.  
Deadline for contributions 1 p.m. the day before publication.  
Editor: Kelli M. Osborn, ext. 2591.

**WHAT'S GOING ON?** - Does your office get a lot of general questions from the community? If so, the Public Relations office is very interested in seeing that you know when we do advertising or other activities that might result in calls to the college. Call me at ext. 2592.

--Diane Dann, chair, Marketing Task Force

**FALL WELCOME** - Fall classes begin the week of Sept. 30. In an all-out effort to make the campus more user-friendly, four areas have been targeted for activity: advertising and recruitment, information, festive greeting, and staff development. Some things in the works for this fall welcome include:

- An information booth--festively decorated and staffed by friendly, competent individuals--will be set up between the Administration and PE buildings during registration and orientation.
- Helpful students and staff will wear "Ask me" buttons so that students, staff and visitors will be able to identify resource people.
- The college will promote registration and the arrival of our fall schedule through public service announcements on television and radio and paid advertisements in the Register-Guard and Springfield News (beginning this weekend).
- Staff may join the Sept. 5 workshop on staff-student relations (see "You Can Make the Difference," p. 2).

These efforts should help make the campus a warmer, more inviting place. But, be prepared...you just might get caught up in the fall welcome yourself.

**VOLUNTEERS NEEDED FOR FALL WELCOME** - You're needed to staff the information booth during orientation and registration, Sept. 10 through 23. Welcome new and returning students to campus and provide directions and referrals to campus resources. Or, if that doesn't suit you, how about joining colleagues in decorating booths, blowing up balloons, and placing balloons around campus? If you'd like to decorate or work at the information booth, please call Bev Jordan at ext. 2311 to volunteer.

**DEBATE OF THE CENTURY** - On Thursday, Sept. 5, KLCC will stage a public forum on the sales tax ballot measure we'll be voting on Sept. 17. The debate will take place in the Board Room, from 12 noon to 1 p.m. If you can't attend, tune in to 89.7 FM for a live broadcast. Attorney Kaye Robinette and Stan Long, former assistant state attorney general, will argue for the tax. State Sen. Ed Fadeley and John Burnett of Citizens Opposed to Sales Tax will oppose.

**WHAT HAPPENS AT LCC AFTER 5 P.M.?** - As part of an effort to revitalize the college's evening offerings, a quarterly newsletter will be published beginning fall term. The publication will include information of interest to students attending classes on the main campus at night. Vicki Miller, Public Relations, is gathering information. Will your department have regular evening office hours? (see other side)

LCC AFTER 5 P.M., cont. - Do you want to promote special nighttime activities outside the classroom (club meetings, cultural events)? If you have some ideas for news that would appeal to evening students, please pass them on to Vicki Miller, ext. 2268.

YOU CAN MAKE THE DIFFERENCE - Your interactions with students can make a difference in their experience at LCC. This Thursday, attend a session at which you can pick up techniques and tips for working with students. The session is scheduled from 8:30 to 10:30 a.m. Preregister by calling Staff Development at ext. 2577.

THANKS - Congratulations to Bob Cramblit, Bob Dyck and Alvin Howard in special maintenance for your timely and efficient work in several recent projects. Your efforts are appreciated by me and the people you've helped. Thanks.

--Dave Wienecke, Campus Services

EUGENE CELEBRATION - The Eugene Celebration is scheduled for the last weekend of this month and LCC will be participating. The mobile classroom will join the Sept. 28 parade and staff are developing an information booth. Watch this space for details.

GET YOUR STAFF DEVELOPMENT CALENDAR? - The fall 1985 calendar of staff development activities is out. Have you received yours? It's full of activities. Call Barbara Mathewson, ext. 2577, if you still need one.

They're volunteering time next week to staff an information booth during LCC's Fall Welcome. Join the crew and become eligible for a prize drawing.

You, too, are needed to make next week's Fall Welcome successful. Staff from departments all over campus have been collaborating to develop advertising and recruiting messages, an information-and-referral strategy for campus newcomers, festive ways of greeting students and visitors, and staff development activities. How can you help? Your energy and time are needed in decorating the campus during next week's orientation and registration and in staffing the information booth.

According to Hank Doua, Employee Relations: "It is my understanding that compensatory time previously accrued may still be taken off (at time and one-half). LCC is an equal opportunity/affirmative action institution.

**CLASSIFIED AWARD GOES TO EVELYN TENNIS** - One of LCC's longest-serving employees was honored Monday for her outstanding service to students and staff. Evelyn Tennis was named Outstanding Classified/Support Staff Person for 1984-85. Tennis began working at LCC in 1964--"a month before the college opened," she says. An administrative assistant in Student Activities, Tennis also has worked in Financial Aid, as a secretary to Gerry Rasmussen (when he was associate dean), and as head secretary for transfer programs (when it was based at the Georgia-Pacific Building in Springfield). She now works with Jay Jones--"the greatest boss," she says--dealing with student complaints, advising student government, and assisting Food Services and the Bookstore.

Tennis helped found the LCC Employees Federation and was its president for four years. She's helped organize LCC's graduation ceremony almost from the beginning. Next year's will be her last. Tennis plans to retire after December 1986.

"LCC has been a great part of my life," she says. "I've met such impressive people here. Having been with the college from the beginning has given me kind of a proprietary feeling. I feel as though it's my college. It's been fun to watch it grow and develop."

**OPEN ENROLLMENT** - If you're a classified, management or faculty employee and are interested in changing from one medical insurance plan to another--or adding a dependent to your medical/vision or dental insurance coverage--you may do so during open enrollment, Sept. 1-Oct. 15. All changes and additions received by Nanci Haines, Personnel Services, by 5 p.m. on Oct. 15 will be effective Nov. 1.

If you need more information about the different medical plans available to you, plan to attend a health insurance forum on Tuesday, Sept. 24, 9 to 11 a.m., or on Wednesday, Sept. 25, 1 to 3 p.m. Both will be held in Health 102. Representatives from Blue Cross/Blue Shield, OEA Choice Trust and SelectCare will be on hand to explain their plans.

**SUGGESTION PROGRAM UNDERWAY** - The Idea Exchange was launched Monday. It's a program that gives you a chance to suggest ways the college can cut costs while maintaining quality. The Productivity Center seeks applicants to The Idea Exchange Committee. The committee will:

advocate The Idea Exchange among employees; review submitted suggestions at least two times each term; transmit approved suggestions to appropriate unit managers for action; prepare written rationales for all ideas rejected by the committee; periodically review and track the status of recommended suggestions; approve and verify awards to persons whose ideas result in tangible savings; and set the amount and type of awards to persons whose ideas result in no tangible savings.

The committee will be made up of three representatives each from students, classified staff, management, and faculty members. The Productivity Center director will facilitate. President Richard M. Turner III will appoint members, who will serve for two-year terms.

If you're interested in serving on the committee, obtain an application form by calling the Productivity Center, ext. 2576. Applications are due by Oct. 4.

**THANK YOU** - Thank you, Campus Services! Your entire staff has been helpful and courteous during the recent remodeling of the Apprenticeship Annex. Everything's about done and we're moved in. **LCC STUDENTS TO FINISH HOUSES** - LCC students this fall will finish construction on two houses owned by the City of Springfield. The Springfield City Council Monday night approved a contract drawn up between representatives from the city's finance department and LCC. "It's just a great tie-in," says Carl Horstrup, coordinator of the Industrial Technology Programs. "It will be a fantastic opportunity for our students."

Students from LCC and the Springfield School District, as well as electrician apprentices, will work on the two houses. Located at 4406 Kalmia St. and 1081 S. 44th St., the houses require insulation, plumbing, wiring, sheetrock, cabinets, floor coverings, appliances, hardware and fixtures. Although LCC students will provide the bulk of the labor, the City of Springfield will pick up material and other expenses, according to Horstrup. The houses are part of a group of homes on which Springfield foreclosed last year, because of delinquent Bancroft assessments.

**INSURANCE COSTS SOARING** - The 13 types of insurance that LCC carries went up in price this year from \$142,200 to \$279,828. That's a 97 percent increase in one year. The largest percentage increases were in umbrella liability, up 430 percent, and general liability, up 122 percent. Aviation insurance went up 97 percent, theft insurance up 83 percent, and broadcaster's errors and omissions insurance up 72 percent. Because the total increase could not be anticipated, the new costs put a little more pressure on an already-tight budget for the fiscal year.

**THANKS** - I would like to give my appreciation to all our staff who have done an outstanding job this summer accomplishing the remodeling and maintenance needs of the college. Their patience, conscientiousness and high standards of quality under conditions of very tight timelines have been consistently above and beyond the call of duty. I would like to express my sincere appreciation to:

Bob Upp, Frank Brendel, Mike Skeers, Alvin Howard, Guy Harshbarger, Don Milligan, Ken Johnson, Darrell Allyn, Duane Mick, Galen Looney, Mike Ruiz, Tracy Wickwire, Marvin Luzier, Ken Sprague, Steve Wickwire, Jo Stejskal, Tom Schoen, Bob Cramblit, Bob Dyck, Ted Florey, Virginia Brady, Deloris Herman, Fred Hazard, Norm Kirtley, Chuck Reid, Jerry Langdon, Donna Morgan, Mari Reid, and Ralph Wilson.

**PLEASE RETURN** - Printing/Graphics is looking for its handtruck. If you have it, please return.

**ENVELOPES NEEDED** - Mailroom staff need more intracampus envelopes. Please return your extra envelopes.

**WOMEN'S CENTER CLOSED** - The Women's Center will be closed on Thursday, Monday, Tuesday and Thursday--Sept. 19, 23, 24 and 26--for staff training.

**OPEN HOUSE IN FLORENCE** - LCC's Siuslaw Area Center in Florence is holding an open house on Sunday, Sept. 22, from 1 to 4 p.m. President Richard M. Turner III will be on hand to help kick off the fall term there.

**FITNESS AT LANE** - During Monday's all-staff meeting, Fred Loveys of the Health & PE Department described efforts now underway to help staff achieve their desired levels of fitness. He offered an "employee wish list" of results we might attain from a wellness program. These benefits job satisfaction, ability to handle stress, self-esteem, looking better and feeling better, energy and vitality, improved relations, fitness and health, a healthy work environment, and the sense that management cares about us.

Among the things you can do is attend Monday's Wellness Decathlon. Assess your fitness. For information, consult your Staff Development Calendar or see your Daily on Thursday.

**CONTRIBUTIONS SOUGHT FOR DANCE COMPANY** - Have you enjoyed a C. Rider Dance Company performance? Have you participated in an LCC dance class? Have you benefited from Mary Seereiter's teaching at LCC? You can help the C. Rider Dance Company make the most of a three-month stay in New York City by sending your donations to the C. # THE DAILY

The Daily will be published on Mondays, Wednesdays and Fridays during fall term.

Thursday, Sept. 19, 1985  
Inservice Week

Published for Lane Community College staff.  
Deadline for contributions 1 p.m. the day before publication.  
Editor: Keli M. Osborn, ext. 2591.

**INVESTMENT REPORT** - During the last five years, the college has earned \$4,172,686 in investment income, according to Bill Mansell, assistant to the vice president for Administrative Services. During the 1984-85 year, LCC earned \$660,668 in interest income. In a report included in the September mailing to the LCC Board of Education, Mansell reviewed the college's investments. The State Pool was the most-used investment resource during the 1984-85 year--with an average daily investment of \$5,810,689 and total interest earnings of \$535,053. The State Pool, founded in November 1974, operates within the State of Oregon Treasury Department. A number of government agencies participate. What's ahead for college investments? From Mansell's report: "Interest rates appear to be holding steady at this time. Barring any unusual influences to the money market that may arise during the year, we should expect interest earnings for 1985-86 to be lower than earnings of the previous year--perhaps in the \$525,000-\$600,000 range."

**PLANNING GRANT** - The Oregon Small Business Development Center Network has received a \$5,000 planning grant from the Sears Roebuck Foundation, Partnership Development Fund. The \$5,000 will be used to develop a Rural Small Business Program elsewhere in Oregon similar to the program already in place at LCC's Downtown Center.

**SALES TAX IS DEFEATED** - Oregon voters defeated the sales tax proposal Tuesday. At 12:15 a.m. Wednesday, with 1,731 of Oregon's 2,048 precincts reporting, 536,138 voters, or 78.1 percent, had opposed the measure and 150,313 had voted for it. This was the seventh time since 1933 that Oregonians had rejected a sales tax.

**OPEN ENROLLMENT** - If you're a classified, management or faculty employee and are interested in changing from one medical insurance plan to another--or in adding a dependent to your medical/vision or dental insurance coverage--you may do so during open enrollment, in effect through Oct. 15. All changes and additions received by Nanci Haines, Personnel Services, by 5 p.m. on Oct. 15 will be effective Nov. 1.

If you need more information about the different medical plans available to you, plan to attend a health insurance forum on Tuesday, Sept. 24, 9 to 11 a.m. or 1 to 3 p.m. OR on Wednesday, Sept. 25, 1 to 3 p.m. All will be held in Health 102. Representatives from Blue Cross/Blue Shield, OEA Choice Trust and SelectCare will be on hand to explain their plans.

**CHANGE YOUR ACADEMIC CALENDARS** - Winter term registration for new and returning students has been rescheduled from Monday, Dec. 23, to Thursday, Jan. 2, 1986.

**CHANGES IN ATHLETICS** - Sue Thompson, Athletics director and women's basketball coach, is taking a one-year leave of absence from coaching and will be replaced by Assistant Coach Dave Loos. Bobby Foster will become coordinator of Intramurals and Recreational Sports, and will continue to coach baseball. Gary Knapp, assistant supervisor of the men's locker room, also will be coordinator of Special Events. "The reorganization is designed to increase participation in activities, facility usage and community services," says Thompson.

**ATTENTION, FACULTY** - Staff Development recently received information about the Fulbright Teacher Exchange Program for 1986-87. Exchange opportunities and summer seminars are available in Denmark, Italy, the United Kingdom and other nations. The application is long and complicated, and is due in Washington, D.C., on Oct. 15. Call ext. 2577 for details.

**SUGGESTION PROGRAM UNDERWAY** - The Idea Exchange was launched Monday. A committee will be formed to review and track suggestions, determine awards for those making approved suggestions, and advocating The Idea Exchange among employees. Committee members will represent all employee groups, as well as students. If you're interested in serving, contact the Productivity Center for an application by Oct. 4.

**WELLNESS DECATHLON** - Assess your level of wellness Monday, Sept. 23. The Wellness Decathlon will begin in the gym lobby at 9 a.m., and will continue throughout the morning and again in the afternoon. Free events include anemia testing, blood pressure screening and skin fold fat measurement. Bring a 24-hour eating and drinking diary for a nutritional assessment.

**CHANGING REQUIREMENTS AT THE U OF O** - The University of Oregon recently changed its degree requirements. Our students need this information to better plan their education. For up-to-date information, **anyone who advises students (informally or formally)** is encouraged to attend a session on Monday, Sept. 23, from 10:30 a.m. to noon in Forum 308. Charlene Blinn of Counseling will be the presenter.

**RADIO FUNNIES** - "True Heart Radio Funnies" is a series of three-minute comedy features based on the cartoons of nationally syndicated humorists Nicole Hollander and Lynda Barry and produced by KLCC's D. Roberts. The series will air for 10 weeks during "Sunday Morning," 10:30 to noon on KLCC, and on Wednesdays during "Morning Edition," at 7:50.

**SUCCESSFUL STUDENTS** - The Productivity Center has recieved word from the University of Oregon that several former LCC students have been placed on the Dean's List (GPA=3.75 and higher) for spring 1985. Perhaps you remembers these students: Steven A. Bauder, Wayne T. Black, Ronald B. Budde, Samuel H. Burr Jr., Donald A. Carroll, Suzanne R. Davies, Christopher J. Ferguson, Larry W. Tracey, Joanne K. Wallace and Diane F. Williams. In addition, three of the above qualified for Dean's Scholar recognition, because they were on the Dean's List for three terms. These were Ferguson, Tracey and Wallace.

**OFF-CAMPUS WORKSHOPS** - Staff Development has information on upcoming workshops in Eugene and Portland, include those dealing with secretarial survival, managing stress for effectiveness, Lotus software, accelerating excellence through employee involvement, and managing people. For information, call ext. 2577.

**PROMOTIONS IN PROGRESS** - The Adult Education office has placed ads in The Register-Guard, Springfield News and area shoppers promoting its court reporting program. For information, call ext. 2908. In Florence, the Siuslaw Area Center is running ads on KGBU radio. For more information about promotions in progress, watch The Daily. Or call Diane Dann, ext. 2592, for her brief and occasional sheet on college promotions.

**EUGENE CELEBRATION** - The college will have three booths and three parade entries in the Eugene Celebration this weekend. Volunteers still are needed to staff the college's general information booth. **TELEPHONE SERVICES** - As you may know, people calling the main campus switchboard don't hear a busy signal when the operator is engaged. To address the problem of callers not getting through, the switchboard now has two operators. And the switchboard will be staffed until 8:30 p.m. "This should allow us to improve the telephone service we are providing and to maintain a good public image," says Paul Colvin of Campus Services in a memo to all departments.

**NO ROOM** - There's no room for classified ads today, so here's a reminder from Nancy Fausone in Industrial Tech: If you wish to join colleagues in a (non-LCC) trip to Reno the weekend of Nov. 1, call her at ext. 2496 by Thursday afternoon. You pay for the bus and hotel accommodations. (The Staff Development column will be a monthly feature in The Daily this fall, so there usually will be room for your ads.)

CLASSIFIED TRAINING AND DEVELOPMENT FUND...Here's another opportunity for classified employees to obtain funds for attendance at workshops, conferences or other short-term training relevant to their position or reasonable career opportunities with the college. The money is available. Classified employees are encouraged to examine their training needs and apply for these funds. Detailed information about how to apply is indicated in "Training and Development Guidelines and Information for Classified Staff" available from the Office of Employee Relations, Personnel Services, LCCEF, or Staff Development. After reading the guidelines, if you still have any questions about your eligibility or whether the training opportunity you'd like to have funded is likely to be approved, please feel free to contact Classified Training and Development Committee members Sue Jordan, ext. 2580, or Tzvi Lachman, ext. 2813, for clarification.

QUICK REMINDER TO FACULTY: If you're interested in taking professional development leave during spring term 1986, the deadline for applications is Friday, October 11. Applications are available from Staff Development or the Office of Instruction.

MORE GOOD STUFF FOR FACULTY...Have you ever had the experience of working with some new technological marvel only to find that it didn't quite meet your needs? Here's your chance to provide meaningful feedback to the people who design these materials. LCC has been chosen as one of nine educational institutions in the country to take part in a study for the Corp. for Public Broadcasting. The study will examine the "fit" between technology-based instructional materials (computer, video and audio) and the actual instructional needs of faculty. Two opportunities will occur. The first, involving material of interest to faculty and administrators in the science, math and business areas, will take place on Thurs., Oct. 3. The second session, covering academic content in the fields of social science, the humanities and the arts, is scheduled for Fri., Oct. 4. Both meetings will occur from 3-5 p.m. in APR 216. Space is limited to 15 per session and pre-registration is required. Please call Staff Development at ext. 2577 by the end of the day on Wed., Oct. 2 to reserve your spot.

FOR WOMEN...The college has recently received applications for the Leaders Project (formerly called Leaders for the 80's). The Leaders Project is the only national training program designed specifically to improve career skills and opportunities for women interested in community college administration. Participants will experience a week-long, content-intensive workshop on current administrative issues. Criteria for selection include the following: (1) master's degree, (2) full-time experience in a two-year institution of higher education, (3) a proposed campus project designed to both enhance administrative skills and benefit the college, and (4) a mentor at the college who agrees to work cooperatively with the participant. Past participants from LCC include Vivian Frelix-Hart, Anne O'Brien, Julie Aspinwall-Lamberts, Joyce Hopps, Mabel Armstrong, Anne Stewart, and Diane Dann. Applications can be obtained from Larry Warford in the Office of the President and are also available from Staff Development. They are due by Oct. 11. Contact Larry Warford at ext. 2302 if you have questions.

MONEY, MONEY, MONEY, MONEY...Interested in saving a few bucks for your future? Maybe you're wondering how you're going to make it when retirement time comes along. Will Social Security be there or not? You may be trying to figure a way to get your kids to college or how you'll ever be able to afford that great trip you'd like to take. Better plan on attending our workshop, "Retirement/Investment Strategies for LCC Employees." You may think you don't have two spare dimes to rub together, but you'll find there are ways to invest without affecting your take-home pay. The workshop takes place four Thursday evenings from 7:30-9:30, beginning Oct. 3. It's being presented by Chuck Reich, a licensed tax consultant and registered investment advisor who also happens to be the director of LCC's Business Assistance Center. There is no charge for this class, but we need to have your pre-registration by the end of the day Monday, September 30. Call 2577.

WHAT ARE YOUR CAREER OPTIONS? UPWARD MOBILITY? LATERAL MOBILITY? OUTWARD MOBILITY? Are you feeling stuck in your career? Are you wanting more career satisfaction? Are you interested in moving into new areas of employment, in other work settings or at LCC? Come to "What Are My Options?(previously scheduled for early September) and learn about possible avenues for greater career and life satisfaction. You'll hear about assessing your career interests, skill development for use either at LCC or elsewhere, and possible reclassifications or promotions. This activity will be presented by Jan Brandstrom, Counseling and Jean Conklin, Career Information Center and is scheduled for either Oct. 17 or Oct. 31 from 3-5 p.m., with a follow-up session on Nov. 14 from 3-5. Call 2577.

THANKS TO ALL THE FOLKS who provided us with information about the software they're using. Our office is in the process of compiling the list. It should be ready to go within a week or so. Everyone who contributed will automatically received a copy of the list, as will anyone else who calls Staff Development at ext. 2577 and requests one.

THAT'S IT FOR THIS MONTH. See you the last Wednesday in October!

# THE DAILY

Monday, Sept. 30, 1985  
First Week of Fall Classes

Published for Lane Community College staff.  
Deadline for contributions 1 p.m. the day before publication  
Editor: Keli M. Osborn, ext. 2591.

**ENROLLMENT DOWN** - End-of-registration enrollment figures indicate that fewer students are attending LCC this fall than in fall 1984. According to Vice President Jack Carter, registered students at this time last year totaled 5,878. This year, enrollment is down to 5,473. That's a drop of 405, about 6.9 percent, or the equivalent of 121 full-time students. Carter says the figures include only credit students in mostly on-campus classes. The enrollment drop will mean a corresponding drop in tuition revenue, Carter adds, and may affect LCC's state reimbursement. A number of classes have low enrollments, he says, which the Office of Instruction will examine.

**HANDS-ON TRAINING** - Do you know students interested in exploring new careers in such areas as computers, robotics and electronics? LCC offers realistic, hands-on elective courses in each of these areas. Contact Reneé Lo Pilato, Industrial Technology, ext. 2802.

**CENTER OPENS TODAY** - LCC today opens a care center for infants and toddlers at Fox Hollow School in south Eugene. The new center will accept children aged six weeks to three years. Centers for children aged three to five already operate at Fox Hollow and on the main campus. The child development centers provide both care for children and laboratory schools for student teachers in the Early Childhood Education program of the Home Economics Department. For information, call Home Ec at ext. 2519.

**INVESTMENT STRATEGIES** - Even if you're under 30, it's not too soon to begin planning for your future. A series of four weekly sessions begins this Wednesday evening at 7:30. To make better-informed decisions about retirement and investment opportunities, sign up for Investment Strategies for LCC Employees. Preregister today with Staff Development, ext. 2577. The series is free.

**INFORMATION TECHNOLOGIES** - LCC is one of nine educational institutions taking part in a national study for the Corporation for Public Broadcasting. Ray Lewis, a consultant in learning and technology services, will be at LCC this week to examine the "fit" between existing computer video and audio instructional materials and the actual instructional needs of faculty. Sessions on Thursday and Friday will give LCC faculty an opportunity to provide feedback for the designers of these "new technology" materials. On Thursday, the session is geared to math and science teachers. Friday's session is for social science and humanities instructors. Both are scheduled from 3 to 5 p.m. in Apprenticeship 216. Please preregister by calling Staff Development, ext. 2577.

**KLCC FORMAT CHANGES** - This afternoon, KLCC adopts afternoon format changes designed to provide more news coverage. Weekday afternoons will feature jazz until 4 p.m. From 4 to 5 p.m., KLCC will present an hour of National Public Radio's "All Things Considered." From 5 to 5:30 p.m., there will be local news, with a half-hour of "Monitorradio" following. "Monitorradio" is a public radio broadcast service of the Christian Science Monitor. From 6 to 7:30 p.m., KLCC will air the entire broadcast of "All Things Considered."

**THANKS** - Thank you to Data Processing staff members, Wilma Luckey and Jan Kleminsky, for processing on-line all the changes of address submitted by LCC's credit students during registration. Because you were able to accomplish the task so expeditiously, financial aid students should receive their checks at the correct addresses.  
--Admissions staff, who were busy "admitting"

**UPDATE ON LADD DEPOSIT ADVICE** - Replacement deposit advices were reprinted and mailed on Friday. (Pay was deposited okay.) My apologies. I'm sorry if you were caused any inconvenience. My thanks to those who called and alerted us so that we were able to get replacements reprinted and mailed Friday.  
--Verne Whittaker, Financial Services

**ROAD OPENING** - The new, northeast access road will open on Friday. The old access road soon will be closed. Drivers entering campus from that side will be able to make the free right turn off gasoline alley and turn left onto the new access road.

**IS IT YOURS?** - Has anyone on campus recently subscribed to "Personal Report for the Professional Secretary?" Staff Development has just received what appears to be the first issue of a year's subscription, addressed only to Lane Community College. Please call ext. 2577 if you think it's yours.

**THIS WEEK** - Lane's volleyball team faces Southwestern Oregon Community College in a 7 p.m. match at home on Wednesday.

**NOW IT CAN BE TOLD** - The Daily will be published three times a week during fall term--on Mondays, Tuesdays and Thursdays. With your cooperation, Monday's edition will preview events and deadlines of the week to come. Deadline for submitting news items and classified ads will remain 1 p.m. the day before publication.
