It's April Fools Day.

Published for Lane Community College staff.

THANK YOU - Thanks and congratulations to Virginia Brady in Campus Services who processed 148 work orders in two days -- a phenomenal amount normally processed over a couple of months. We explored every aspect of all campus buildings and documented maintenance items, capital repairs and other needed actions. Virginia processed the results of these audits while running the office. Good job!

INSTITUTION.

BUDGET COMMITTEE TO MEET - The LCC Budget Committee will hold its first meeting of the year this Wednesday night, at 7 in the Board Room. The meeting will include election of new committee officers, presentation of the budget message by President Richard M. Turner, III, and a presentation of the proposed budget document by Vice President Bill Berry.

The LCC Budget Committee is made up of members of the LCC Board of Education and seven citizens appointed by the board. Current lay members of the committee are: Larry Brown, Junction City, a Texaco products distributor; Carole Daly, Eugene, director of the Oregon Museum Commission; Linda Hunter, Cottage Grove, vice president of the Cottage Grove Bank; Gary Parrish, Springfield, an administrator with Centennial Bank; Dean Van Leuven, Veneta, attorney; Mark Wright, Eugene, a division manager for United Pipe Co.; and Catherine Lauris, Eugene, a retired University of Oregon catalog editor and former LCC board member.

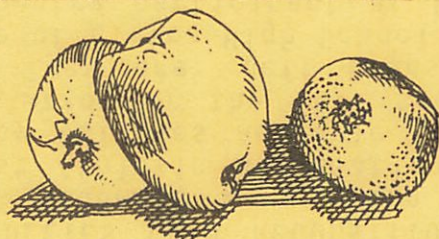

SEMINAR OFFERED FLYERS - Those who fly as passengers in light aircraft can learn how to assist pilots through a seminar offered this month by LCC Adult Education, in cooperation with the Willamette Valley 99's.

Learn about chart reading, radio communications, navigation, aircraft control and more.

The seminar will be held from 7 to 9 p.m. on Thursday, April 10, and from 9 a.m. to 12 noon on Saturday, April 12. Deadline for registration is Friday, April 4. Call ext. 2908 for information.

WELLNESS SPACE - As part of a fad diet, fasting usually is ineffectual. Total fasting as a medical treatment for severe obesity first was introduced about 30 years ago. A drastic method that is risky and usually uncomfortable, fasting indeed results in a rapid, initial weight loss, but most of the loss is fluid and minerals rather than fat. As the fast continues, the person loses body fat, but also considerable lean body mass (especially muscle) and more minerals. Because of the dangers of a prolonged fast, this technique rarely is recommended any longer, even for the morbidly obese. Few people who actually lose weight by this means maintain their loss, and some may sustain permanent injury. For a person in good health, there is no danger in a self-imposed 24-hour fast. But, despite some claims made for fasting, it won't "cleanse the body" or result in permanent weight loss.

WELLNESS SPACE

A low resting heart rate is a sign of good cardiovascular condition. To measure your resting heart rate, hold a finger over the carotid artery in the neck or the radial artery near the wrist. A true resting heart rate is counted immediately upon waking in the morning. In contrast, an exercise heart rate is taken during vigorous exertion. You should compute your optimum target heart rate as 70% of 220 minus your age. The best measure of fitness in most healthy people is the length of time it takes the heart rate to return to its normal resting level after strenuous exercise has raised it to its optimum exercise rate for a few minutes. The sooner it recovers - usually one to three minutes - the fitter you are. The more you exercise, the faster your heart rate will return to normal. An improved recovery time may not necessarily mean that you are healthier, but it does show that your heart is stronger.

BUDGET WRAP-UP LIKELY - LCC's Budget Committee meets Thursday evening at 8 to continue study of the proposed spending plan for next year. Open to the public, the session will be held in the Board Room, Administration 216. (The Budget Committee includes seven elected Board of Education members and seven appointees.)

The Budget Committee began its deliberations last Wednesday and indicated it probably will approve the college administration's proposed 29.6-million operating budget. The total is up 2.6 percent over this year and falls within projected revenues, making unnecessary a funding election for the fiscal year which begins this July 1.

Members said that holding LCC to very lean spending for another year would be a show of good faith toward a college district with its own economic problems. There was discussion, however, that indicated LCC might seek voter approval later for continuing a debt service levy which expires in fiscal year 1987-88. The "mortgage" on the main campus will be paid off, reducing the property tax levy by 10 cents per \$1,000 of true cash value. Voters could be asked to continue paying the 10 cents to give LCC about \$700,000 more each year for such things as maintenance and teaching equipment needs.

Chairing the Budget Committee for the third consecutive year is Dean Van Leuven of Veneta. Bill Manley of Eugene is vice chairman. Gary Parrish of Springfield was re-elected secretary.

Those who'd like to examine the budget document will find copies at the library, at Carol Beckley's office in Administration 202 (Administrative Services), and at Dean Larry Murray's office at the Downtown Center.

THANKS TO BUDGET HELPERS - Vice President Bill Berry extends appreciation to all who helped put together the college's budget document. These include staff in Media Productions, Word Processing, Printing/Graphics and Data Processing, as well as Carol Beckley and Bev Jordan of Administrative Services.

DAY CARE HAPPINESS & HEALTH - LCC's Linda Riepe is helping lead a four-session series, Your Child in Day Care: Happiness & Health, at Monroe Middle School this month. The first session meets this Tuesday at 7 p.m., and Riepe will discuss selecting and adjusting to suitable day care services. The coordinator of LCC's Early Childhood Education programs, Riepe is conducting the free series with Dr. Jerome Dayton of Oakway Pediatrics. For more information, call ext. 2287.

BOARD MEETS THURSDAY - The LCC Board of Education meets Thursday evening at 7 in the Board Room. On the agenda are the canvass of the March 25 board election and discussion of a faculty exchange agreement. The Budget Committee will meet at 8 p.m.

SUBMIT LISTINGS ON HAZARDS - All department directors and administrators who haven't submitted listing of hazardous chemicals and substances used in their areas should do so by this Friday, April 11. These lists are required if the college is to avoid penalties for noncompliance with the Hazard Communication Act. Send your lists to safety coordinator Bill Mansell, Administration Services (ext. 2312). In addition, please send all material safety data sheets (MSDS) for each new hazardous chemical or substance received.

RUN IN THE RAIN - Don your most outrageous costume for the Eugene Parks and Recreation fourth annual "Fools Run in the Rain" fun run and costume event this Saturday on the Eugene Downtown Mall. A one-mile run begins at 9:30 a.m. and a three-mile run at 9:55. Proceeds will fund scholarship programs for disabled persons. For information, call 687-5333.

ART ON MAIN CAMPUS - Watercolors by Nancy Holzhauser, a former wildlife biologist and naturalist, are on display in the library's mezzanine gallery through April 30....Works employing screenprint and acrylic techniques are on display in the LCC Art Department gallery through April 24. They're by Dennis Gould, an Oregon native now living in Los Angeles and heading The Armand Hammer Foundation.

HOW MIGHT GRAMM-RUDMAN AFFECT LCC?
- Nobody knows for sure how the Gramm-Rudman-Hollings Bill (Balanced Budget and Emergency Deficit Control Act of 1985--P.L. 99-177) will affect LCC. It calls for cutting the federal budget deficit from around \$200 billion to zero by 1991. According to information collected by Larry Warford of the President's Office, it appears several programs at LCC could be hurt. Vocational education funds could be trimmed by \$80,000 over four years (from the current \$500,000). Student financial aid could be cut to the extent of withdrawing funds from 150 to 900 students. Small Business Administration funds for the Business Assistance Center might not be affected at all. It is thought that cuts in financial aid might cause some students now at four-year schools to switch to community colleges.

MORE CLASSES OFFERED - Noncredit classes for spring term are up 40, a 15 percent increase over the usual spring list.

The money was earned by WAC students in work projects. Lon Mills of Mills & Associates was hired to help negotiate a new labor contract with the LCCEF for \$6,000. His charge was "improper use of a school bus" and he was sentenced to get on the phone and call people or businesses for donations. He raised \$315. Porter commented, "I'm glad people were so generous the day after taxes were due, or it could have been a long afternoon." Porter represented LCC in this "escapade." **INNOVATOR OF THE YEAR** Coordinator of Testing Daniel Hodges has been named LCC's League for Innovation "Innovator of the Year." Hodges, who learned of the award Thursday morning, is being honored for developing six innovations: the study tips collection, learning tapes and outlines, textbook readability program, computerized test scoring and analysis, course comparison program, and "an open letter to students." Hodges joined the LCC faculty in 1970. He was selected for the innovation award by a committee which included Cheri Courtnage, Lane County Employment & Training; Larry Douglas, Eugene Chamber of Commerce; Charlene Blinn, Counseling Dept; Charles Reich, Business Assistance Center; and Bill Mullin, Social Science, who was Innovator of the Year for 1985. The award is given annually to one individual from each of the 18 League member college districts. Under the OCCA proposal, community colleges would still be governed by the State Board of Education. New officers elected by the membership include Vice-President Mary Unruh, LCC Board member.

With the completion of the remodeling, the Production Lab has finally reached the stage of being a fully functional area. Stop by for free root beer floats and popcorn.

**RETIREMENT** Virginia Roles, office manager of Adult Education, celebrates 19 years at LCC on Friday, May 9. RSVP to Debra Carroll, Business Assistance Center, ext. 2923 by May 2. The celebration is at the Eugene Elks Club, 2727 Centennial, from 6:30 - 8:30 p.m.

**WELLNESS** Did you know that we have 80 facial muscles that are used to express emotions? But is "express" the right word? Smiles and blushes divert the flow of blood from brain to face. This may alter brain temperature which is one factor that influences synthesis of endorphins, chemical keys to pain relief and perhaps to human emotions. You may not be smiling because you feel good, but rather you feel good because you are smiling! -- Wellness Task Force, Amy King.

**PROJECT LEADER** In a news conference last Thursday morning in Center Lab 423, President Turner said, "Interactive videodisc is perhaps one of the most exciting educational tools to become available to instructors in the last decade." Turner was remarking on the \$100,000 worth of donated computers and software received from Sony Corporation and National Education Training Corporation. Fourteen programs in the areas of mechanics and electronics have been provided. Approximately three programs will be selected for the pilot program. Ted Kotsakis, Mechanics Department Chairman added, "So far, student response has been tremendous." Six LCC students will be chosen to test the equipment this summer.

**NEW PHONE SYSTEM** The Board has approved the acquisition of a new NEC NEAX 2400 telephone system to replace the Dimension System. The new system incorporates state-of-the-art hardware and software which will be dependable and flexible enough to meet the needs of the college for the next seven to ten years. Most individual phone users will experience very little difference between the new and old systems. Those individuals presently using key telephones (phones with buttons and lights) will experience some changes. Additional information to reach a telephone operator: dial 0 for the campus operator; dial 9 + 0 for a local Pacific NW Bell operator; dial 9 +00 for an AT & T operator.
