ENROLLMENT NOT TOO BAD -- As of last Thursday, fall term enrollment in credit classes was ahead of fall 1985 by 28 full-time equivalent students. Vice President Jack Carter says that offsets a 30 FTE decrease in summer term, meaning that the College is at least holding its own. Final counts, including adult education, probably won't be known for several more weeks. Most credit departments are doing well at this point, though there are FTE decreases in several areas. Mechanics and Mass Communication, Carter reports, are each down 21 percent from a year ago; Business is down 7.7 percent.

STRAIGHT TALK -- Videotapes of two recent Staff Development activities are available for viewing by those who were unable to attend the sessions or who want to review the material more closely. Contact Larry Warford, ext. 2302 to borrow "Straight Talk: Effective Communication for Managers", by Eric Allenbaugh. To check out "Recent Developments in Learning/Memory Research" by Dr. Robert Sylwester, call Pat John at ext. 2439.

LCC NETWORKS WORK! -- "Mickie, an exceptionally bright student who completed the pre-engineering mechanics sequence last year, was unable to continue her engineering education this fall for personal reasons. When LCC math/science instructor, Alice Kaseberg, discovered Mickie had a delivery job not using her engineering talents, she helped her put together a resume and at the suggestion of Mabel Armstrong, put Mickie in touch with Bob Bowser, former LCC board member. Now Mickie is delighted to have a job with Bowser's engineering consulting firm and she can continue to progress with her career". Submitted by Jill McKenney, Math Department, ext. 2392.

HALT -- The Classified Training & Development Committee has announced a halt in funding requests. "The 1986-87 demand for money has been so great that we needed to take a break while the accounting records catch up. We will announce resumption of funding as soon as we can," says Hank Douda.

INFORMATION AVAILABLE -- Those interested in knowing what Oregon Education is doing regarding the November 4 election are invited to call George Alvergue at 344-3430.

REMINDER -- Only those students who want to enroll in DTC credit classes can actually register at the DTC. Credit classes held on the main campus must be registered for on the main campus. "We are creating unhappy students by giving out incorrect information," says Phyllis Geyer, counselor at the DTC.

ART -- Members of the LCC art faculty will exhibit their works in the Art Department Gallery between September 29 -October 24. On display will be works of painting, sculpture, textile, ceramics, printmaking, drawing, graphic design, and metalsmithing. Gallery hours are 8 a.m. to 10 p.m. Monday through Thursday and 8 a.m. to 5 p.m. on Friday.

DID YOU KNOW? -- One of the benefits of working at LCC is the opportunity to enroll in one credit or one noncredit class each term with no tuition charge. However, did you know that you absolutely must have the completed tuition waiver at the time you register. A request to enroll in a tuition-free class is initiated by the employee by completing a Tuition Waiver form, securing all necessary signatures, and forwarding the request to Personnel Services for determination of eligibility. Approved requests are then returned to the employee by Personnel Services.

PLANNING ACTIVITIES -- The planning process for 1987-88 through 1991-92 is underway! The Planning Committee is currently developing the guidelines, priorities, and reporting formats to be used. This year's process will be a streamlined and simplified version of last year's procedures. Departments will begin their planning activities in mid-October. Information sessions will be held on procedures for completing the planning forms. Watch The Daily for further updates and announcements. Call Julie Aspinwall-Lamberts, ext. 2576, for further information.

ATTENTION, WOMEN -- Applications are being accepted for the Leaders Program-- a professional development project for community college women administrators. The program is starting its 7th year and has had strong participation from LCC.

Applicants must possess a masters degree, be in a full-time position at LCC, and identify a project that would be done in conjunction with the program that would benefit both the individual and the college.

Weeklong workshops will be held in Baltimore, MD, Phoenix, AZ, Milwaukee, WI, and Toronto, ON. From the applicants recommended to the President by a committee composed of former LEADERS participants, he is expected to select up to three people to apply to represent the college at one of the workshops. Final selection to attend the program is made by staff of the Institute for Leadership Development. The college will seek to obtain non-departmental funds to pay workshop expenses of those selected to participate.

There will be a no-host, brown bag lunch and information session, Friday, October 3 from noon to 1:30 p.m. in the Renaissance Room. Come, learn about the program and pick up an application. Or applications can be picked up in the Office of the President, Staff Development or from any of the past recipients. They are: Mabel Armstrong, Diane Dann, Julie Aspinwall-Lamberts, Helen Hunter, Julie Baker, Laura Weaver, and Jacquelyn Belcher. The deadline for application is October 17.

EVENING INFO -- LCC's Evening Edition newsletter is now available. It contains useful information about evening hours of operation for different offices on campus and a host of other items of interest. Staff may pick up a copy of the newsletter at the Student Resource Center, Counseling or by calling Lynn Richmond, Evening Administrator, ext. 2900. Instructors who teach in the evening will receive copies of the newsletter from their department offices, for distribution to their evening classes.

The 10K run begins Sunday, October 12, at 8:30 a.m. in front of the EMU on University Street. The course travels through South Eugene and over the famous 30th Street hill to finish at the main entrance to LCC. Following the run, an awards ceremony will present prizes to the top finishers in each division and all runners will receive a colorful T-shirt. To register for this tough course, call 747-4501, ext. 2330. Day of the race registration begins at 7 a.m. at the starting line. Challenge yourself - run for those who can not run!

INTERESTED READERS -- Staff Development has recently subscribed to two new publications and is currently putting together routing lists for them. Communication Briefings includes articles like these sample titles from the latest edition: "Improving Company Letters," "Publication Tips," "Media Relations--Idea for That Next Interview," "How to Use and Spell Words," "Short Facts on Communication". Nova is a newsletter devoted to those interested in wellness and is very readable with short, snappy articles. If you would be interested in adding your name to either of these routing lists, please call Barbara Mathewson at ext. 2577.

DEVELOPMENT LEAVE DEADLINE -- All faculty interested in taking professional development leave during the spring 1987 term, must submit an application to the Office of Instruction by the end of the day on Friday, October 10. Application forms are available from Staff Development, ext. 2577, or from Shirley Pearson in the Office of Instruction, ext. 2306.

MANY THANKS -- Many thanks to Jim Brock, teleconference coordinator, and his staff for their fine efforts in providing technical assistance in delivery of the September 30, "Community College Partnerships" teleconference in the Board Room. Twenty-five educators from school districts and LCC attended to help initiate articulation efforts. Thanks to all who attended for your ideas and participation. - Judith Gabriel

THE SEARCH GOES ON -- Searching for Academic Excellence will be on long-term reserve in the Learning Resource Center. It can be checked out for one day. If interested, please check with the Reserve Department.

MAKE YOUR RESERVATIONS NOW -- Although the Renaissance Room is not in operation at the present time, reservations are being accepted. The first day of business will be Monday, October 20. Lunch is served from 11:30 a.m. to 1:30 p.m., Monday through Thursday. Call ext. 2697 for reservations. There will be a .50 discount for the first 30 reservations made for between 11:30 and noon.

WE DELIVER -- How many of you know that the Word Processing Center will deliver your finished work to you? We have two delivery times - 11 a.m. and 4 p.m. We will also pick up work that you'd like done in our center. Just call us at ext. 2305 and leave a message. We'll pick it up on our next trip.

TELEPHONE SOLICITATION-OFFICE/COPIER SUPPLIES SALES SCAM -- You may occasionally get long distance calls from companies with important sounding names. The salesperson will tell you that they have been referred to you by someone, or that they work for a government agency or even that they have a free gift for you. They will offer you various office or copier supplies at supposedly bargain prices due to overshipments, death of the company owner, their freight shipment derailed, etc., etc. It usually sounds like a good deal. If you do respond to their sales pitch and place an order over the phone - you'll more than likely regret it. When the supplies arrive you'll find them other than as represented over the phone, of inferior quality, and always highly overpriced. Trying to return them ends up an experience in frustration. These companies will even threaten to sue you (some have). It's a mess.

These professional con artists and the fraudulent companies they represent are on the increase. Be alert - know your suppliers! The best way to deal with these types of situations is to refer all telephone solicitors to the college Warehouse and state that all office/copier supplies are purchased only there. Remember to buy all of your office supplies from the Warehouse. The prices are the best around and you get same day delivery also. -

FACULTY UNION DUES -- According to the best information available, it appears that, with the passage of the new federal tax bill, the deductibility of union dues from federal income taxes will be severely limited or, for most people, completely eliminated as of Jan. 1, 1987. If you itemize on your tax return, it will be very advantageous to you to pay your 1986-87 LCCEA dues in one lump sum before the end of the calendar year, rather than continue payroll dues deductions into 1987. If you decide to do this, send a notethis week through campus mail to Bill Buskirk, Science Dept., to discontinue your monthly dues deductions. OUCH! If Ballot Measure 9 (the 1½% limitation on property taxes) is approved at the November 4 election, LCC will lose \$2,333,891 in fiscal year 1987-88, according to the Oregon Legislative Revenue Office. In fiscal year 1988-89, the LCC cut will jump to \$6,278,830. Administrative Services Vice-President Bill Berry says the loss of \$2.3 million could require: a cut of 92 of 254 classified people (36%); a cut of 55 of 256 faculty (21%); or a cut of 48 of 84 management positions (57%). He says the loss of \$6.2 million could mean: a cut of 248 of 254 classified positions; a cut of 147 of 256 faculty positions; or a loss of 84 management positions plus 86 classified positions. As for the impact on students, some 3,000 would have to go elsewhere the first year and up to three times that many in the second year.

TO LCC DEPARTMENT HEADS: The insurance company for LCC has asked that we request a copy of the driving record from the Motor Vehicles Department for any individual driving LCC vehicles. Please prepare a listing of all persons in your department who may be driving LCC vehicles. Include name as listed on the license, the license number and date of birth. Please send the information to Carol Beckley, Administrative Services, as soon as possible. Thank you.

TWO MORE DESERVE THANKS -- In addition to those mentioned as Eugene Celebration volunteers in last Thursday's Daily, two more must be added. Sincere thanks to two Performing Arts people, Barbara Myrick and Karen Falise. They added entertainment and face painting to the LCC Booth and were much appreciated by the crowds.

A STAFF OF GIVERS -- You probably read earlier that 89 staff members are involved in Showplace: LCC, the volunteer effort to beautify the main campus. But, have you heard that the 1986 President's Club of LCC Foundation has 79 staff members who have given a total this year of \$26,752 in cash and in-kind gifts to the College? President's Club membership requires an annual gift of at least \$100. Also greatly appreciated are the under-\$100 gifts given this year by 34 other staff members. LCC has many generous, giving people. If you know of other examples, share them with the Daily editor.

WINNING IDEAS -- If you're interested in what it takes to win the Idea Exchange program, here are the ideas that won certificates and \$50 savings bonds (the bond comes after the idea has been implemented) for four staff members. Rod Metzger, Social Science faculty, suggested modifying teacher list printouts so they are more useful for roll-taking and other record-keeping. The idea was implemented as of last summer term. Tom Birkenhead, Business faculty, suggested use of a Delphi Technique to solicit ideas from staff and students to solve specific problems. His idea was used last year to seek ways to increase enrollment. Janet Anderson, Athletics, suggested contacting former students to let them know if they have completed academic requirements. If not, they are advised of registration dates. Implementation is to take place next summer. Sue Colvin, Personnel Services director, suggested use of gift certificates for LCC tuition. They could be offered as Christmas or special occasion gifts. A winter term implementation date is planned.

RETIRING -- Three more LCC pioneers are retiring. The Board of Education approved retirement requests last week for Victor Favier, who has taught biology since 1966; Hayden Hodges, physics/engineering instructor since 1968, and John Kreitz, Business Department head since 1967. Favier and Hodges leave December 31, Kreitz February 28, 1987. In other personnel matters, the Board accepted the resignation of Mitch Stepanovich, assistant reference librarian and Phi Theta Kappa advisor, who becomes a library department head at the University of Texas; and moved Ruth Coffman from temporary to permanent instructor in Health Occupations. She came to LCC from Sacred Heart Hospital, where she was evening charge nurse.

In other business at its October 8 meeting, the Board agreed to schedule public sessions in 1987 in outlying areas of the District to meet residents and hear about needs and ideas for solving them. A resolution was passed to honor the contributions of now-retired Evelyn Tennis, former Student Activities support person. The administration was authorized to sell surplus items, including a 1981 Oldsmobile and a blister-pack machine. Investment earnings in fiscal year 1985-86 totaled \$460,008, the Board was informed. on average daily investments of \$5.9 million at an average interest rate of 7.63 percent. Some \$421,000 went to the general fund and the rest to the plant fund.

A safety/accident report for the years 1983-86, the Board learned, shows a number of departments to have been accident free for up to eight years. English & Foreign language has gone more than eight years without an accident; Siuslaw Education Center at Florence and Student Health Center have gone six years; and Performing Arts, more than four years. Reporting no accidents in the last three years were Cottage Grove Center, Business Department, Mass Communication, Social Science, Electronic Services, Study Skills, Athletics, Printing/Graphics, and Institutional Advancement. Accidents from falling or slipping and from moving or lifting objects continue to plague those departments which focus on physical labor. Some 46 accidents in 1985-86 cost the College \$64,229. Both numbers, however, were reductions from the prior year, in which 50 accidents cost \$186,884.

TWO POINTS OF VIEW -- Here are the opposing arguments on Ballot Measure 9, which will be on the Nov. 4 General Election ballot. Please vote on this important issue.

VOTE YES ON

MEASURE 9

A TRUE TAX CUT

A VOTE FOR OREGON

PAID FOR BY
LANE COUNTY CHAPTER OF
OREGON TAXPAYERS UNITED
1588 W. 25th Ave.
Eugene, Oregon 97405

VOTE YES ON MEASURE 9
THE ONLY TRUE TAX CUT

1. Measure 9 repeals Article XI in the Oregon Constitution and REPEALS the 6% escalation of the tax base. This would take effect July 1, 1987.
2. The rate limitation the first year would be 2% of assessed value or rate in effect on July 1, 1985, whichever is less.
3. The second year the TAX rate would be 1 1/4% of assessed value or rate in effect July 1, 1985, whichever is less.
4. This one is VERY IMPORTANT, THE assessed value of any property SHALL NOT increase in ANY ONE YEAR by more than 2% OF THE PRIOR YEARS ASSESSED VALUE.
5. The rate limitation will NOT apply to ad valorem taxes or special assessments levied to pay bonded indebtedness or interest. The limitation will not apply to non-operating serial levies that exist on July 1, 1986, and beyond July 1, 1986 and extend beyond July 1, 1987.
6. The RATE LIMITATIONS imposed by this Constitutional Amendment could be exceeded ONLY by a vote of the people at elections in MAY & NOVEMBER.

The passage of Measure 9 will be a blessing to home owners, renters, unemployed and employed people, as well as businesses and retired people. If property taxes are allowed to increase the next 20 years like they have the past 20 years, the property taxes on the average home would be \$8000 to \$10,000 per year. We have thousands of women and men in Oregon where their only source of income is Social Security. The average woman in 1985 on Social Security drew \$399 per month and the average man \$521 per month. There are thousands more of widows, retired people, unemployed, disabled and Veterans living on LESS than \$10,000 per year. These people are paying from 10 to 30% of their TOTAL INCOMES in property taxes. Most of these people have paid taxes to support our schools, cities, counties, State and Federal Governments all their lives and many served our country in our Armed Forces. DO THEY DESERVE TO BE TAXED OUT OF THEIR HOMES ??? THIS IS TRULY SINFUL. ONLY THE GREEDY BELIEVE IT IS O.K. TO LOWER THE STANDARD OF LIVING OF THOSE ON LIMITED INCOMES (young and old) and INCREASE THEIR OWN HIGH STANDARD OF LIVING.

PER CAPITA PROPERTY TAXES in Idaho are \$256 per year, California \$385 per year, Washington \$395 per year AND OREGON \$571 per year. SOMETHING IS RADICALLY WRONG. California had Prop. 13, which

reduced Property taxes about 30%, yet they have schools, police, fireman, and roads and still had a budget surplus last year.

Massachusetts had Prop 2 1/2 a few years ago and inspite of the hue and cry from the pessimists, Mass. has gone from having the third slowest growing economy in the Nation to the third fastest. The State boasts a 3.6% unemployment rate (compare that with Oregon) and per capita personal income growing at the second fastest rate in the nation.

There are many people in Oregon who rent and Senior Citizens who live in Senior Centers who rent, and think they do not pay taxes, BUT THEY DO. The higher PROPERTY taxes go, the higher the rent. And Senior Citizens, think of the thousands of young people, who want to have a home of their own in a few years, but WILL NOT BE ABLE TO PAY THE \$8,000 to \$10,000 per year in property taxes.

LAST BUT NOT LEAST, BEWARE of the other so called TAX REFORMS ON THE BALLOT NOV. 4th. Measure 7, the O.E.A. 5% SALES TAX, DOES NOT REMOVE THE 6% escalation clause, so that in a few years you would be paying higher property taxes, and would have the billion dollar a year in Sales Taxes to divide up. Measure 11 and 12, also does NOT eliminate the 6% escalation of property taxes and would not reduce your taxes, ONLY SHIFT IT. DO NOT LISTEN to the scare tactics of our opponets, look at the success story in Mass. and Calif. AFTER THEY PASSED THEIR TAX LIMITATIONS.

IF YOU BELIEVE AS WE DO, THAT PROPERTY TAXES IN OREGON ARE THE MOST DISCRIMINATING TAX there is against people with limited incomes, that it is SINFUL, then please join THE LANE COUNTY CHAPTER OF OREGON TAXPAYERS UNITED and fill out and mail in the attached form on the first page. WE ARE GOING TO WIN IN NOVEMBER. "RIGHT MAKES MIGHT AND WITH YOUR HELP WE WILL WIN"

NO ON 9

The Wrong Way To Get Property Tax Relief.

- Cuts police and fire protection.
- Cripples schools and would force school closures.
- Provides no renter relief.
- Gives big business too much of a tax break. Only 40% of relief dollars would go to homeowners.
- Cuts \$1.2 billion in services in first two years unless voters override 1 1/4% limit.
- Eliminates local control. The Legislature and courts will make local funding decisions.
- Threatens Oregon's quality of life.

MEASURE 9: ANOTHER IRRESPONSIBLE APPROACH TO CUTTING TAXES.

Tax relief without maintaining our quality of life is no relief at all. Vote No on 9.

For the fifth time in eight years, Oregonians are being asked to turn down another attempt to irresponsibly cut taxes. Measure 9, like Measure 2 in 1984 and all others before, is a short-sighted approach to reducing property taxes at the expense of needed and wanted public services. It is estimated that local governments will lose more than \$1.2 billion in the first two years if Measure 9 passes. That's a lot of lost services.

A crippling measure to schools, police, fire.

These key public services depend on property taxes to provide quality and vital services to the community. Measure 9 would strip away their tax bases and provide no alternate method of financing. The result? Crippled police and fire departments, schools unable to open, reduced emergency paramedic and ambulance help, and more. Clearly, it's not in our best interests to vote for this kind of tax measure.

For our children, a cruel blow.

Measure 9 is especially cruel to schools. It takes away stability and predictability in funding. It slashes school revenues and will cause school closures. Who gets hurt the most? You guessed it, our kids.

Renters get no relief but out-of- state property owners do.

Under Measure 9, landlords pocket the savings on their taxes while renters get no relief at all. Worse yet, renter relief programs

that currently exist — like HARRP — would likely be discontinued due to lack of funding. Measure 9 makes no provision for renter relief, but gives major relief to out-of-state property owners. It's not fair to Oregonians.

Big business gets a big break.

Measure 9 makes no distinction between residential property and other property such as commercial and industrial. The result: more than 60% of all relief goes to business/commercial interests, while only 40% goes to homeowners. That's not fair.

Tax bases are eliminated, inviting state control over local affairs.

It happened in California, and it would happen here. Measure 9 eliminates all tax bases and reduces levies voters have already approved. The chaos would force the Legislature and courts to step in to sort out the mess. The result? Loss of local control.

Let's not threaten Oregon's quality of life.

Oregonians are proud of their state and their way of life. Let's not compromise it with a bad measure that got its start in California. Measure 9 offers no cures, just cuts and chaos. The result is not what Oregonians want. Voters have rejected this measure four times before. We should reject it again.

Measure 9 is the wrong way to cut property taxes.

Vote No on Measure 9.

NON-SMOKING AREAS -- The ANSWER PROGRAM, through which staff can submit anonymous questions for answers from managers, received this question.

I work in an area where smoking is not permitted. However, there are two administrators who disregard this ordinance. When all staff strongly object to this situation, how can it be resolved?

The Daily Editor referred it to President Richard M. Turner, III, who offered this answer.

Smoking in College buildings is not permitted except in designated areas posted with "Smoking Permitted" or "Smoking Area" signs or except in any individual office occupied by a person who wishes to allow smoking.

The Facilities Management Committee, chaired by Mr. Paul Colvin, is responsible to designate building areas as smoking or non-smoking.

If an administrator is the supervisor of the person submitting the questions, then his/her supervisor should be advised of the issue and this process continued, until the matter is resolved.
