CHRISTMAS PARTY - DECEMBER 19!!! Reserve that date for an enjoyable evening at the Red Lion Motor Inn with your fellow employees. Tickets will go on sale in the bookstore on NOVEMBER 17 for only \$7.00 each and this will include a classy evening with great hors d'oeuvres, Christmas punch, dancing to the Emmett Williams Quartet, special entertainment, some good old-fashioned Christmas cheer and a SPECIAL GIFT DRAWING with some help from Santa's little helper. To encourage you to buy your tickets early (to help in the planning) there will be a SPECIAL RANDOM DRAWING every Friday at noon through December 12 from those tickets already purchased. This will be one party you won't want to miss! Stay tuned... Tom Birkenhead, Business Department, x2221.

VOTE REMINDER -- Teachers are encouraged to remind students to vote next Tuesday, without telling them how to vote. Students not registered should apply at the County Elections office at 135 E. 6th, Eugene. Any questions may be directed to their office by calling 687-4234.

WORD PROCESSING TELEPHONE DICTATION -- Those of you who use the telephone dictation unit in the Word Processing Center may want to plan your dictation ahead for the coming weekend. The telephone system changeover scheduled for November 8 and 9 will mean the dictation unit will be inoperative. Call Trish Weeden, Word Processing Center, x2305, if you have any questions.

DAYCARE OPENINGS -- The Child Development Center at 5055 Mahalo Drive has openings for infants and toddlers and preschool age children. Those interested may call Martha DeGiusti, Home Economics Department, x2522, in the morning or leave a message.

PEOPLE HELPING PEOPLE -- The United Way of Lane County fund raising campaign for 1986 is now underway at Lane Community College. Your donation to United Way helps meet local county needs through a rational and balanced fund distribution to 95 human services programs administered by 53 non-profit agencies. LCC's campaign representatives are: Sue Kangas, ABE, for classified staff; Delta Sanderson, English and Foreign Language Department, for Faculty; and Bob Way, CWE, for Management staff. Bill Porter, Office of Institutional Advancement, is coordinator of overall activity. President Turner urges LCC staff to join him in supporting the United Way of Lane County.

BACK BY POPULAR REQUEST -- "Math for the Curious" workshops will be presented at LCC on Saturday, November 22 from 8:15 a.m. - 12:30 p.m. in Room 308 of the Forum Building. The cost of the workshop is \$8.00 for each team of student/adult. All students (grades 2 - 6) must be accompanied by either a parent or a teacher. Registration is limited and pre-registration is required by November 7. The sponsors of the workshop are The Oregon Council of Teachers of Mathematics and LCC Math Department. Further information and registration forms are available from Alice Kaseberg, Math Department, x2392.

EMERGENCY CANVASS FOR "NO ON BM/9" -- "This is probably the most important memo that you will receive this year. The Oregon Committee has been tracking the polls on BM/9 for the past month. As you will have noticed in the last canvass request for Saturday, November 1, we have been able to whittle the lead down from 57%-yes to 51%-yes as of Monday, October 27. Unfortunately, the lead has increased to 52%-yes and appears to have stabilized there as of Thursday's poll (October 30). We believe that we can still make the difference, so there will be a special, 1 hour only, literature drop canvass on BM/9 only on Monday afternoon, November 3 at 4:00 p.m. from the EEA/LCUC OEA office (2815 Coburg Road, north of the Belt-line on the right-hand side going north). We need every person we can get to canvass! The piece of literature to be dropped will be a statement in opposition to BM/9 by both Norma Paulus and Neil Goldschmidt, leading law enforcement and fire protection officials, and leading state and local officials. Again, I don't have to tell you what BM/9 will do to LCC -- let's get behind this last effort to defeat this measure that will devastate all of the efforts at continuing excellence in education at LCC! Thank You!" George Alvergue, President, LCCEA, x2433.

ALL-FACULTY CONFERENCE -- Faculty members attending the first All-Faculty Conference today at 2:15 p.m. in Apprenticeship 222/223 will hear Vice President Jacquelyn Belcher's responses to several questions which the faculty submitted last week. The following questions are among those she will be prepared to answer: Do you foresee future department consolidations? LCC is plagued with worn-out equipment in classrooms and labs. Is it possible for your office to administer a permanent maintenance budget for instructional and laboratory equipment? How would you evaluate the current administrative structure? What new committees have you organized, and what are your charges to these committees? If a department fails to meet its FTE goals over a period of time, will you award that department with the same level of funding it historically receives, or redistribute some of the funds to departments which meet or exceed FTE goals? Are all administration meetings on the LCC campus "open to all," or only to members of the administration? Pete Peterson, Mass Communications, x2474.

OREGON EDUCATIONAL TELECOMMUNICATIONS NETWORK-- Angel Pilato of Tektronix will be at LCC on Thursday, November 20 to speak about the proposed Oregon Educational Telecommunications Network (Ed-Net). The meeting will be held in the Board Room from 12:00 noon - 1:30 p.m.

In other business, the Board passed a resolution thanking staff for supporting the College at the November 4 election; approved a \$5,000 expenditure for extending the Center Building basement outside air intake from the loading dock area to the terrace level; agreed to hold work sessions to meet citizens at Cottage Grove Center on February 18 and at Siuslaw Center, Florence, on April 15; specified Ethernet cable system with XNS access as the basis for the College's future management information system; approved the retirements of Jean Specht of Admissions, Chuck Lamb of Data Processing, and Bill Mansell of Administrative Services; and heard that Data Processing instruction and Mathematics will be combined under one chairperson effective January 1.
