Week 1 of Spring Term

Editor: Diane Prokop, ext. 2591

**CHOSEN** - President Richard M. Turner, III, has been elected to a three-year term on the Board of Directors of the American Association of Community and Junior Colleges (AACJC). He assumes office July 1. Turner was chosen in balloting conducted last month among chief executives of the 1,200-plus community colleges in the U.S. and Canada. He was nominated for the 35-member Board by AACJC's National Council on Black American Affairs.

**AIDS SESSION TONIGHT** - Willamette AIDS Council and LCC DTC are co-sponsoring a free public presentation about AIDS tonight, 7-10 p.m., at Churchill High School. Titled "AIDS Update," the program will address medical, social and legal issues surrounding the disease. Speakers include Nora Glenn, RPh; Kean Arpke, volunteer member of Willamette AIDS Council's speakers bureau; Grant McKernie, volunteer member of Oregon Shanti AIDS support group; and Gretchen Miller, attorney and member of WAC. For more information, call the Council at 687-0449.

**NATIONAL RESOURCE PERSON** - Jean Conklin, coordinator of the Career Information Center, is among those quoted in Better Homes and Gardens magazine in its April 1987 issue. The article, "Would it Pay You to go Back to School?" quotes Jean as suggesting, "Be reflective and introspective to see what you want out of life. Start out by talking to a counselor--we help people with goal setting." Jean completed a master's degree 20 years after her undergraduate degree. The article suggests that, during the 1990s, nearly half of all college students will be adults.

**"PLEASE EXTEND OUR THANKS....** - The College received the following note from Gerald (Rich) and Cynthia Upp. "This letter is to thank you for the gift of money that the Foundation made on the occasion of my father's death. When we first learned of Dad's illness last summer, Cynthia and I wanted to cancel our plans to teach for a year in France. When Dad heard this, he became adamant that we go. When he became gravely ill this winter, he didn't want us to come back to Eugene for fear that we might not be able to return to France. We came back to Eugene anyway and, thanks to your Foundation, we were able to return to France to fulfill my teaching obligation. We would sincerely like to thank the Foundation as well as all those who made donations, in Plant Services and elsewhere, for their generosity. Please extend our thanks to them."

**SOFTWARE DONATED** - Some \$41,000 worth of computer software has been donated to the Electronics Department by VERSACAD Corporation of Huntington Beach, Calif. Chairman Robert S. Vogel says the material will be used in classes in Advanced CAD--Mechanical, Electronics CAD, and Architectural CAD. Five packages were donated for each of 10 stations. Non-credit classes also will be offered to staff and through the Community Education Division in VERSACAD applications for business.

**CONGRATULATIONS** - From President Richard M. Turner, III: "Dave Marotta's Symphony computer work sessions were a great success. He conducted 11 sessions and trained more than 200 staff members. The classes were timely, and all reports were very positive. I was especially pleased with the electronic mail training. Thanks Dave, keep up the good work."

**THANKS** - To the LCC Board of Education and staff:

Thank you so very much for the beautiful floral basket sent in memory of my husband. Your kind thoughts and caring words of comfort have helped ease my heartache. I have read and read again your many notes and letters and I want you to know how truly comforting they are. The College was a very special part of Hank's life and he would have been deeply touched to know how much you cared. In sincere appreciation, Mary Louise Douda

**PRINTING/GRAPHICS CLOSED FRIDAY, APRIL 3** - Printing/Graphics will be closed Friday, April 3. Please submit all work orders that you will need on April 3 no later than noon, Thursday April 2. **"SO MANY DID SO MUCH ..."** - (A Note from the President) One of the nicest things about Tuesday's election win for LCC is that it would take pages to mention all the people who helped assure a positive outcome, and to thank each properly. So many did so much! I am sure that a widespread helping attitude was key to the success. Sincere thanks to everybody involved--those who voted as well as those who contributed time, talent, wisdom, and money to get the word out. It took an ample measure of each to get the job done.

"LCC YES," the message on the lapel sticker, means much more than simply a request for a "yes" vote. In fact, that is the lesser meaning. It means: "Yes, I will help keep a good thing going," and "Yes, LCC is a good college with a fine faculty and staff," and "Yes, I am proud to be part of this institution," and even "Yes, I am proud to attend LCC." As you can see, "LCC YES" is a statement embodying both image and reality.

Many thanks to all who did and will continue to say, "LCC YES," including

...The Board of Education, whose members made a wise decision on the levy amount, wrote letters to editors, encouraged editorial support, and contributed leadership to LCC Advocates;

...The Steering Committee on Taxation, whose members planned and carried out the strong information campaign;

...The LCC Advocates, who raised funds and spent them strategically on media advertising;

...The cadre of students, classified, faculty and managers who made the case by speaking to groups on and off campus;

...The College departments which went beyond the call of duty to perform in support roles, including Printing/Graphics, Word Processing, Media Productions, Mail Room, KLCC, Central Area Center, and Siuslaw Area Center;

...Associated Students of LCC and dozens of members of Advisory Committees, who were there when needed;

...The Mass Media for news coverage and editorial support in abundant measure;

...The Lane County Labor Council, Oregon Federation Teachers, Oregon Education Association, LCCEF, LCCEA, and others in organized labor who provided critical support;

...The Springfield Chamber of Commerce, Eugene Area Chamber of Commerce, and other community groups which rallied to the cause; and

To each of you and others, who may not be cited here by name, but who also deserve so much appreciation. Thanks for going the extra mile to see that the job was well done. I am most grateful.

*Richard M. Juvon*

**FINAL RESULTS** - LCC won a 55 percent yes vote for its serial levy at last Tuesday's election. Final counts show totals of 21,000 to 17,022. In Lane County, the vote was 20,778 to 16,639 (56% yes), Monroe Elementary School District in Benton County voted 28-75 (27% yes). Harrisburg Union High School District in Linn County voted 194-308 (39% yes). Voters in Douglas County (there are only 21 Douglas registered voters in the LCC District) are included in the Lane County total. Analysis of the voting by precinct is to be completed later, but this election appears at first glance to parallel prior LCC elections. LCC, to win an election, must attract a majority of yes votes in Eugene. The goal, outside Eugene, is to try to attract yes votes in the 30 to 40 percent range, at least. Larry Romine, Institutional Advancement

**FOCUS ON NICARAGUA** - All students, faculty and staff are invited to today's forum and video presentation on the US/CONTRA/SANDINISTA conflict. Richard Glauber of Eugene will share his perspective and his eye-witness report from the combat zones in northern Nicaragua. A continuous video presentation from 9 a.m. until noon will be followed by two fifty-minute sessions with the speakers. Activities will take place in the FRIDAY FORUM area of the cafeteria between 9 a.m. and 2 p.m. Background and other reading material will be available at the literature table all day. For more information, please contact Jerome Garger, English & Foreign Language Department, ext. 2419.

**REPORT OF LCC ADVOCATES** - Jim Pitney, Junction City dairyman and LCC Board member and chairman of LCC Advocates, asked The Daily to share this report of Advocates activities with staff.

"LCC Advocates registered on March 18 as a political action committee to promote the serial levy. We received and spent \$1,437 in donations. Some \$625 was spent on the Advisory Committee endorsement ad in last Sunday's Register-Guard; \$812 was spent on 30-second spots on KUGN AM and FM on the day of the election and the preceeding three days. Gordon Bussey volunteered to do the voice for the radio spots."

"We appreciated all the help from staff and others. The giving of your time and talents was invaluable: speaking formally and informally to civic clubs, chambers of commerce, seniors and other groups; getting newspaper and editorial support and endorsements from the Labor Council and others; sending letters to editors; and just plain talking to friends and neighbors. Thanks to Rob Ward, treasurer; Mike Clark and Martin Lewis; Larry Warford for keeping us organized; and Larry Romine for keeping us out of trouble. It is nice to work with a winning team. Thanks to all of you."

**ARTICLE REPRINT AVAILABLE** - Copies of an article, "The New Tax-Reform Law Need Not Have a Negative Effect on Gifts to Colleges," have been sent to all managers, including department heads. A few extra copies are available for the asking to others interested in securing donations. Call Pat Williams, Foundation, ext. 2810, to have a copy sent to you.

# INNOVATION

April 8, 1987

AT LANE COMMUNITY COLLEGE

A N N O U N C I N G

LEAGUE FOR INNOVATION

INNOVATOR OF THE YEAR AWARD

The League for Innovation in the Community College has created an award that is designed to recognize League College staff members who have designed and implemented a significant innovation during this past year. The recognition is known as the Innovator of the Year Award and is given annually to one individual from each of the 19 League member college districts. Any current Lane Community College employee, part-time or full-time, may be considered for the award.

The recipient of the Innovator of the Year Award will receive a plaque from the League for Innovation to be presented at an appropriate LCC function. The award winner will also be featured in the League publication, Innovator.

Last year's award went to Dr. Daniel Hodges, Coordinator of Testing, Counseling Department, who developed six innovations: the study tips collection, learning tapes and outlines, textbook readability program, computerized test scoring and analysis, course comparison program, and "an open letter to students."

The deadline for nominations is April 30, 1987.

## CALL FOR NOMINATIONS

### WHO MAY NOMINATE?

Nominations may come from anyone either inside or outside the College.

### WHAT ARE THE SELECTION CRITERIA?

The award will be given to an individual who has designed and implemented a significant innovation at LCC. The League has established the following criteria for making the selection from among nominees. PLEASE NOTE THAT ONE OR MORE OF THE CRITERIA SHOULD BE MET, BUT IT IS NOT NECESSARY THAT ANY NOMINEE SHOULD MEET ALL CRITERIA.

1. Quality - Students and/or staff agree that the innovation increases quality in the course program, office, or institution. Evidence of quality may include student ratings or letters of support from colleagues.
2. Efficiency - There is evidence that the innovation or outstanding program contributes to a more efficient way of doing things. Student ratings, perceptions of outside consultants, and pre- and post-comparison of time involved are examples of evidence.

(over)

3. Cost effectiveness - There is evidence that the innovation adds a value to the institution while at the same time containing or reducing costs. Cost data will serve as evidence.
4. Replication - The program selected can be used by other institutions with a minimum of difficulty. The description of the program should include any conditions necessary for replication.
5. Creativity - The selected program should be as original as possible or the adaptation should at least be creative. The description of the program or letters from experts are examples of evidence.
6. Timeliness - The award-winning program should not be more than five years old at that institution, but it must have been around long enough to have been tested so that it meets most of the criteria.

#### HOW WILL THE WINNER BE SELECTED?

LCC's Innovator of the Year Award Selection Committee will review the nomination and supporting materials and select one award winner by May 15. The Committee will invite and encourage high-quality nominations, and in the event no nominations are deemed to be of a caliber worthy of nationwide recognition, no award will be made.

The Selection Committee consists of the four past recipients of the Innovator of the Year award. They are: Ms. Arden Woods, Spanish Instructor (1983), Ms. Velma Jesser, Business Department (1984), Mr. Bill Mullins, Social Science (1985), and Dr. Daniel Hodges, Counseling Department (1986). Mr. Larry Warford, League Representative, chairs the Committee.

#### HOW ARE NOMINATIONS MADE?

Nominations should consist of the name and department of the innovator and a one-page description of the project, process, item, or activity supported by relevant materials. If materials are visual, or in some other form, it may be necessary for the nominee to make arrangements for the Award Selection Committee to have access for viewing purposes.

Nominations should be directed to League Representative, Larry Warford, Office of the President, Administration Building.

#### WHAT IS THE DEADLINE FOR NOMINATIONS?

April 30, 1987

If there are any questions about this award, please contact Mr. Larry Warford, ext. 2302.

In 1986, the LCC SBDC provided business counseling to 780 Lane County small business owners and would-be business owners, and offered 128 small business classes, seminars, and workshops attended by 3,000 people. The SBDC has helped business such as Fall Creek Nursery, Pasta Plus, and Euphoria Chocolate Company.

The LCC SBDC, established in 1982, is a charter member of the OSBDC Network. Funding for the Oregon SBDC program is provided by the US Small Business Administration, the state of Oregon through the Department of Education, and local college operating funds.

# THE DAILY

Wednesday, April 15, 1987  
Week 3 of Spring Term

Editor: Diane Prokop, ext. 2591

**TODAY** - Board of Education Work Session, Siuslaw Area Center, 6:30 p.m.  
- Open House, Off-campus Child Development Centers, 9 to 11 a.m.

**RECOGNIZED** - The Oregon Community College Association recently awarded Dedicated Service Awards to two of LCC's Board of Education members. Larry Perry and Jim Pitney were recognized for 12 years of service to the board.

**WE HAVE A WINNER!** - Over 27 people entered more than 50 suggestions in the contest to name the new touch-tone telephone registration system. Mari Reed, Campus Services, came up with the winning entry. From here on in the registration system will be referred to as the **ClassLine**. Congratulations Mari!!! ClassLine will be up and running beginning summer term. LCC will be one of only an estimated 20 colleges nationwide that will use this innovative system. ClassLine will provide a more efficient, convenient, easy and inexpensive way for students to register. For instance, students will no longer be required to come to the campus to register and pay tuition and fees. A touch-tone telephone will be all that is required for a student to register from home, work or wherever. (Telephones will be available on the LCC campus for those students who do not have access to touch-tone telephones.) Also, the registration system will be conveniently open for 15 hours a day, seven days a week, with approximately 15 phone lines available. This will eliminate spending great amounts of time in the registration process. Watch The Daily for more information about ClassLine.

**RETIREMENT RECEPTION** - All staff are invited to attend a retirement reception for Thelma Kitterman this Friday, April 17. Thelma has worked at LCC for over 20 years. She started as a bookkeeper in 1966 and was promoted to head cashier in 1968. She also held the positions of Revenue Manager, Operations Manager and finally Financial Services Office Manager. The reception will be in the Board Room from 2 to 4 p.m.

**INTERESTED IN JOB OPPORTUNITIES?** - "Jobs-Jobs-Jobs" is the name of a new brochure developed by Cooperative Work Experience, Financial Aid (Work Study), and Student Employment Services. The brochure is aimed at students who are looking for job opportunities and who want to identify which LCC program fits their needs. For copies of the brochure, call Valerie Brooks, CWE, ext. 2454.

**IMPORTANT PURCHASING/WAREHOUSE NEWS** - Before sending Purchase Orders and Inter-Campus forms to our area for services and supplies, be sure to include written approval from your Vice-President. This approval is required due to the President's Expenditure Curtailment Memo dated April 10. Call Stephen Evans or Irene Crombie, ext. 2208, for further information.

**BUSINESS DEPARTMENT HONORED** - The Business Department's Office Administration Program has been selected as the 1987 Outstanding Community College Vocational Program for the entire state of Oregon by the Oregon Council of Career and Vocational Administrators (OCCVA). The award is to be conferred at the OCCVA spring meeting at Salishan. Retired Business Department Chair Jack Kreitz will accept the award on behalf of the department.

**SHOW OFF YOUR COMMUNITY** - Have you ever considered showing off your community and your College by bringing your professional or avocational association to Eugene/Springfield for a conference? If this idea sounds like a good one to you, plan on attending a reception hosted by the Eugene/Springfield Convention and Visitors Bureau on Tuesday, April 28. The reception will give you an opportunity to meet with members of the local hospitality industry and to learn about the support services available to those groups that bring their annual meetings to our area. The event begins at 4 p.m. on the 4th floor of the Center Building outside the Social Science Department. If you are interested, get your R.S.V.P. in to Jim Piercy, Instructional Centers, ext. 2855. The refreshments and prizes will be from some of the finest places in our hospitality industry.

**CLOSED FOR THE EVENING** - The Testing Office (Center 227) will close at 5 p.m. on Thursday, April 16. There will be no evening hours for that day only. Marilyn Pepple, ext. 2324.

*For exercise,  
health  
— and fulfillment —  
plant a garden this year*

The image of today's gardener is vastly changed from what it once was. We're not the victory gardeners of WWII, growing for survival; not the family gardeners of just a few years ago who gardened just to save money.

Our activity is spurred by something other than necessity. Though the National Gardening Association points out that the typical garden produces \$356 worth of produce and costs \$32 in materials, today's gardeners have other goals in mind. They include:

- \* **Emotion.** Our gardens are smaller, half as big as in 1983. Busy people still like the peace and relaxation of working the soil. As one seed company executive put it, "People have an inherent interest in gardening. It's just something the Lord put in us."
- \* **Healthful foods.** Our more-knowledgeable gardeners know that the vitamin content of vegetables is highest right after being picked. It declines steadily and significantly for the first couple of days afterward. The only way to get just-picked quality? Grow it yourself.
- \* **Exercise.** The conditioning effect of gardening is ranked somewhere between brisk walking and jogging. Many gardeners take this into consideration at planting time.
- \* **Beauty.** There is a new trend of planting both flowers and vegetables to create decorative effect around the exterior of the home. It attracts people interested in decor and downright show-off gardening.
- \* **It's fun to save.** While saving the food dollar is now ranked as the fifth in importance to gardeners, it's still there. It's a pleasure to boast about how much a supermarket would charge for these masterpieces — if they could get such high-quality vegetables.

The NGA says people in their 30s are out-buying all other age groups accounting for about half of all gardening supply purchases. If you're a member of that group, or just as busy as they are, consider planting a garden this year. You'll get exercise, vitamin-rich vegetables, communication with nature, and maybe even save a few dollars.

**RAISE THE FLAG** - The LCC Board, President Turner, and other campus representatives took a trip to Florence last Wednesday to listen to community input. A greatly appreciated flag pole was accepted from the Florence Kiwanis Club. That was followed by a tour of the facilities and a talk session where the community exchanged ideas with the visitors. Many valuable insights were gained; one senior said that LCC was important to her because it helped her "keep abreast of the magic happening around the world." An ex-student said that she wouldn't have been able to stay in Florence and support her three children if it hadn't been for LCC. LCC makes a difference!

**AVAILABLE IN THE GRANTS OFFICE** - We've recently received the following publications describing grant opportunities:

- Applications for Grants Under Women's Educational Equity Program (closing date May 21)
- Grants for Research and Education in Science and Engineering from the National Science Foundation.
- Program Guidelines for programs relating to Aging and Independence, from the Fred Meyer Charitable Trust.

These publications are available in Room 209 of the Administration Building. Diane Dann, Institutional Advancement, ext. 2592

**CALLING ALL AUTHORS** - In May we would like to organize a display in the LCC Library of recent publications by LCC faculty members and students. People wishing to submit books, articles, or other materials, should send them to Kathy Wiederholt at the library. For information, call Kathy, ext. 2355, or Peter Jensen (MWF) at the English & Foreign Language Department, ext. 2419.

**DEPARTMENT OF GOOD NEWS** - The May issue of Better Homes and Gardens listed LCC as a school with a well-respected cooperative work study program. Also, because Marie Matsen of Computer Services contacted me about our charming new Chinese student, I was able to work with the Register-Guard's Don Bishoff in getting a nice story in his column last Friday. Check the bulletin board on the second floor of the Administration Building to get the whole story. Once again, if any of you have an interesting or newsworthy story be sure to give me a call. Diane Prokop, Institutional Advancement, ext. 2591

**CLOSED** - The Financial Services Counter will be closed on Thursday, April 23 from 11:30 a.m. to 1 p.m.

**JUST SO YOU KNOW** - All power on campus will be turned off on Saturday, August 29 and Sunday, August 30, for electrical maintenance. If you have any questions about this, please contact Dave Wienecke, Campus Services, ext. 2564.

**THE LOSERS ARE WINNING** - The weight-loss contest is off to a great start. In its first week 40 losers out of 64 participants earned seven points each - a perfect score. Team standings are incomplete, and will be published beginning next week. We hope your Easter baked goodies didn't hurt your progress. Keep up the good effort, for THE HEALTH OF IT!

**DISPLAYWRITE 4 DEMO** - Looking for a word-processing program that is more powerful than WordPerfect, but easier to use and more visually oriented? Come and see a demonstration of DisplayWrite 4 this Friday, April 24, from 2 to 4 p.m. in Electronics Room 208. DisplayWrite is available from IBM for \$248. For more information, contact David Marotta, Computer Services, ext. 2245.

**IS YOUR NAME MISSING?** - A reception is planned on May 21 to honor those retiring this year, as well as those who have served LCC on a continuous-employment basis for the past 10 and 20 years. If you know of someone who should be on one of the following lists, but is not, call Lee Sowers, ext. 2583.

Week 4 of Spring Term

**TODAY** - Free Teleconference for Secretaries, 9:30 a.m. to 1:30 p.m., Board Room

**STAYING IN TOUCH** - The College has received the results of a survey conducted this March. Four hundred people over the age of 16 were interviewed by phone regarding community needs and perceptions of LCC. The survey, which was done by Watson & Associates, came up with some interesting results that The Daily will be sharing with you over the next few weeks. Thirty-six per cent of the people interviewed said that they plan to attend a class or use a service provided by LCC in the next three years. The pie chart on the right speaks clearly on the issue of why people attend LCC. Copies of the survey are available for viewing in the Office of Institutional Research, Planning and Evaluation.

- NOTES** - This month the Oregon Community College Board of Directors elected LCC Board Chair, Mary Unruh, to the position of President.
- George Alvargue, instructor in the Social Science Department, was appointed to Attorney General Dave Frohnmayer's Consumer Advisory Council. This council addresses concerns in consumer fraud, liability insurance, reference pricing and proposed consumer legislation.
  - Jeff Moisan, Associated Students of LCC Vice President, was recently elected national vice president of the Phi Theta Kappa Fraternity for the west-northwest region at the annual convention in Dallas, Texas.

**CROSS-CULTURAL COMMUNICATION** - Three 1/2" video tapes that provide insights into the special needs and attitudes of the international student are now available in the library for classroom, departmental, or individual use. The tapes, made with NAFSA funding and provided by the Department of English & Foreign Language, are:

- "The Dull Guys"
- "Culture Shock"
- "What is Expected of Foreign Graduate Students in the U.S."

One of the goals of the International Education Committee is to raise staff consciousness regarding cross-cultural communication. We hope you will have an opportunity to view these films. Julie Baker, Chair, International Students Peer Mentoring Program Advisory, ext. 2872

**UNFUNDED AFTER JUNE 30** - Some 46.63 full-time equivalent (FTE) positions, in addition to the 20 FTE faculty positions announced earlier, are unfunded for the fiscal year which begins July 1. In a letter sent to all staff Wednesday, President Turner said the staff reductions are necessary to achieve a balanced budget for the 1987-88 year. "We simply cannot continue . . . to provide the same level of offerings and services that we did when our enrollment and resources were better matched," he said. More than \$2 million had to be cut. Names of persons affected by the reduction have not been made available to the general public, but those whose positions are unfunded were to have been notified of their status not later than last Tuesday. Since some positions are part-time or were only cut in part, the number of people affected is larger than the number of positions reduced.

Approximately proportionate reductions were spread among the three College branches and Office of the President. Administrative Services Branch has 16.04 FTE classified staff unfunded. Most affected areas are plant operations and maintenance, accounting, and Computer Services. Instructional Branch is reduced 18.44 FTE classified and management staff. Four management positions are eliminated and six other management positions will have reduced workloads or altered assignments. Media Productions is cut in its entirety. Student Services Branch loses 8.95 FTE. Reduced in staff are Counseling, Career Information Center, Multicultural Center, Athletics, and Student Activities. Office of the President loses 3.2 FTE classified staff, along with reductions in funding for Printing/Graphics and KLCC. Word Processing Center will be closed.

President Turner said the College will do all it can to assist persons affected by the reductions. The Board of Education will meet in executive session on Wednesday, April 29, to discuss matters pertaining to personnel affected.

**SUMMER YOUTH EMPLOYMENT PROGRAM** - Information and position request forms are now available from Personnel Services for the Summer Youth Employment Program. The jobs are for youth ages 14 to 21. **HANDS-ON WORKSHOP** - Managers, faculty, and staff who are interested in learning about the Degree Audit Program should plan on attending a hands-on workshop. This program is used to determine what requirements a student must fulfill to graduate. It does this by comparing transcripts with degree/certificate requirements. The workshop is scheduled for Wednesday, April 29, from 4 to 5 p.m. in the computer terminal lab in PE 122B. Please call Shirley Baldwin, ext. 2245, to reserve a space. The workshop will be limited to 30 staff members.

**CPR UPDATE** - There are still spaces available in Cecil Hodges' CPR classes which run for three weeks and begin at the following times:

April 27, Monday and Wednesday, 7:30 to 9 a.m.

April 28, Tuesday and Thursday, 10 to 11:30 a.m.

1:30 to 3 p.m.

For more information and registration, call Cecil Hodges at ext. 2552 or 2545.

**MORE ABOUT CLASSLINE** - Did you know that with the new touch-tone registration system students will be able to add or drop classes at any time during registration as well as after the term begins. And, of course, they will be able to make these changes from the comfort of their home or office. This means that they won't have to bother with making a special trip to campus or paying a dollar fee, and their schedule will be more likely to be accurate on the first day of classes. Stay tuned for more information about ClassLine.

The students are enrolled in LCC courses in their high schools through the College High Program. They toured departments, the Career Information Center and Library, and were provided with course and transfer information by Student Services personnel. Shan and Ginger were very responsive in organizing and conducting the tours. I appreciate your work! Judith Gabriel, College High Program Coordinator, ext. 2687

- Fifth All-Faculty Conference, 2:30 p.m., Forum 308  
- Degree Audit Workshop, 4 to 5 p.m., PE 122B  
- LCC Board Work Session, 7 p.m., Board Room  
- Farm Business Management Regional Meeting, all day, Ramada Inn

**WORK SESSION TONIGHT** - The Board of Education meets in ADM 216 at 7 tonight to hear an Administration presentation on proposed unfunded positions and activities in the 1987-88 budget. The agenda includes questions and comments from the Board members. A previously scheduled executive session of the Board has been cancelled.

**FUNDRAISING VIDEO CONFERENCE** - Seats are still available at a fundraising video conference to be held in ADM 216 during four mornings in May. Sessions will be conducted from 9 a.m. to 12-noon on four Fridays: May 1, 8, 15, 22. Topics include use of volunteers, annual giving strategies, corporate giving, direct mail, special events, soliciting major donors, etc. Cost is \$30 per person for all or part of the sessions. Call Larry Romine, I.A., at ext. 2303 for more information or to reserve a place.

**SURVEY CONTINUED** - Continuing with the results of LCC's community perception and needs assessment study, of the 400 persons interviewed, 33 percent had attended a class or used an LCC service in the past five years; 51 percent said that they or a member of their household had taken a class or used a service in the past five years.

When asked whether they were aware that LCC offered certain options, LCC services with the highest awareness in the community were:

- High school equivalency program (89%)
- Vocational/technical training (85%)
- LCC's Downtown Center (81%)
- Financial Aid (79%)
- College transfer courses (78%)
- Career advising (77%)
- Counseling (75%)

Copies of the survey are available for viewing in the Office of Institutional Research, Planning and Evaluation.

**SUMMER YOUTH EMPLOYMENT PROGRAM** - Information and position request forms are now available from Personnel Services office for the Summer Youth Employment Program. The jobs are for youth ages 14-21. Youth can work either part-time (15 to 20 hours per week) or full-time (32 to 40 hours per week). The youth cannot replace laid-off staff in your department, nor can they perform the duties of a laid-off person. Departments must send their position request forms directly to the Looking Glass Summer Youth Employment Office by May 1 for priority consideration. Rose Holeman, Personnel Services, ext. 2584.

**DEPARTMENT OF GOOD NEWS** - LCC made the news in a big way during the last week. For instance, in the national magazine QST LCC electronics instructor Mac Allison is mentioned in a photo and story about ham radio users. Apparently, the Eugene/Springfield W7LVN Repeater Association, to which Mac belongs, has built a commercial-grade, computer-assisted repeater dedicated to emergency services. Bob Prokop, Mass Communication instructor, was featured last week on KVAL TV in a segment on the department's new computer video editing equipment. LCC was named as one of the only schools on the west coast to offer classes in this highly technical field. Tuesday's Register-Guard did a fantastic story on the athlete exchange that LCC is taking part in this summer. Janet Anderson, trainer for the Department of Health & PE, came up with the idea for this first-of-its-kind exchange with the Soviet Union. Watch the Daily for more details on this exciting journey. LCC managed Heceta House was in the April/May issue of Oregon Coast magazine. Its history is covered, as well as, the upcoming open house on May 16 and 17. If you missed these articles, remember that they are available for your viewing at the second floor bulletin board.

**VOLUNTEERS** - It's National Volunteer Week! Do your part to recognize the volunteers in our community by wearing a 6" piece of red ribbon folded in a "V." A special thanks to the 60 volunteers who donate thousands of hours each term to the ABE/ESL Tutor Program. Liz Coleman, ABE, ext. 2919

**MEMORIES** - My last two hours as a staff member at LCC will always be a bright spot in my memories. Thank you for coming to share that time with me and for your many expressions of love and caring. The lovely musical jewelry chest will always be a reminder of a great 20 years in my life. A "special thanks" to my co-workers in Financial Services for all their hard work and effort to coordinate my favorite colors into a beautiful reception. Remember it isn't "good bye" since I hope to see many of you soon. Thelma Kitterman

**LAST CALL FOR INNOVATORS** - The deadline for Innovator of the Year is April 30. This award is given annually to one individual from each of the 19 League College districts. **CLASSLINE UPDATE** - One of the more interesting features of the new ClassLine registration system will be its tracking capabilities. Instructional staff will be able to monitor and track requests for classes. For instance, when a student calls to request a class and it's already full, the system will make a note of this. Departments will then be able to decide whether they should add another section. This should result in class offerings that match student need more closely. Do you have questions about ClassLine? If so, let me know. Put your question in writing, submit to me, and I will print the answer in the Daily. Diane Prokop, Institutional Advancement, ext. 2591

## Some Things We "Know" Just Aren't So

The French writer Montaigne once observed that we believe nothing so firmly as what we know least. It's true that many of the things we "know" simply aren't so. Furthermore, some of our convictions have a surface plausibility that makes them potentially more harmful than just-plain-crazy notions.

For instance:

Night driving is safer than day, because there are fewer cars on the road at night.

*Not so. Accident statistics indicate that 10 pm to 3 am is the most dangerous period; 10 am to 3 pm, the safest.*

Always keep your eyes glued to the road while driving.

*No, it's better to let them roam around a little, except in very fast or intricate traffic. This reduces the deadly, mesmerizing effect of the unending, unchanging road.*

The best treatment for frostbite is rubbing the area with snow.

*No, the favored remedy now is warm water at or a little higher than body temperature.*

To control bleeding, apply a tourniquet.

*On the contrary, medical experts come very near to saying that an untrained person should never try this. The possible consequences of shutting off circulation are too dire. Instead, press a sterilized bandage or handkerchief against the wound until medical help arrives.*

"Repeaters" or accident-prone individuals and "scofflaws" who have a total disregard for the law cause most highway accidents.

*Not according to a survey made some years ago. It found that 8 out of 10 drivers involved in fatal accidents had no previous records and that 4 out of 5 were obeying traffic laws when their accidents occurred. These things can happen to anybody, and constant vigilance is the only protection.*

Swimming in cold water is not only exhilarating, but especially beneficial.

*Health authorities don't seem to think so. A water temperature in the 70s is relaxing and comfortable. Water of 60 degrees or lower may produce dangerous exhaustion, since it requires an increased energy output to counter the loss of body heat.*

In heavy fog, turn on your brightest lights and drive slowly.

*The "slowly" part is good, but your lights should be on low beam, as the high beam will only reflect back into your eyes.*

Lightning never strikes the same place twice.

*Nonsense. The Empire State Building was hit 48 times in one year.*

If you want to be really safe, stay home.

*No. Estimates of the number of home accidents run into the millions each year. Falls, collisions with heavy instruments, fires, discharges of firearms that were presumed to be unloaded—things like these make the home an unsafe haven.*
