SPOTLIGHT - The next in the series on innovators focuses on Bob Prokop. Prokop came to the Mass Communications Department in 1978 as an instructor, after a career in commercial and fashion photography in Chicago. Recently, he was one of the finalists for the Innovator of the Year award. Prokop was nominated for his work with the new Computerized Video Editing (CVE) system. He took a complex professional editing system and adapted it to the special needs of instruction. The CVE system is the only one of its kind in any education unit in the Northwest. However, these systems are in use in most commercial broadcasting stations and professional video production houses. This kind of editing is a blend of art and technology and by having instruction available in this area of expertise, LCC is keeping in step with state-of-the-art production and editing techniques making LCC students more employable in Eugene, and throughout the country. Prokop earned a bachelor's (1963) in photography from the Illinois Institute of Technology and a master's (1978) in public visual communication from Southern Illinois University. (The Daily Editor is very proud to be married to this innovator!)

DOLL/PHOTO EXHIBIT - There will be an exhibit of works by local doll artist and author, Susanna Oroyan, and photos of her work by Don Smith, Study Skills instructor. The exhibit can be seen at the Springfield Museum, 6th and Main Sts. in Springfield, June 10 through August 10.

TO ALL STAFF - With the start of the new budget year on July 1, the spending and hiring restrictions we have had for the last several months will no longer be in effect. Its purpose was to reduce expenditures as much as possible to ensure a positive cash carry-forward for 1986-87 year-end. The fact that this goal has been achieved is due to the dedicated efforts of all staff and their ability to successfully continue the College's operations during a period of extremely scarce resources. Your efforts will pay off in a healthier budget for next year. Paul Colvin, Interim Vice President for Administrative Services
