TODAY - Mike Melinger Quartet, 12 to 1:15 p.m., north of the cafeteria

DON'T MISS! - The LCC Art Faculty Exhibition began this week and it includes some great works of art! You won't want to miss the reception, which is open to the public, on this Friday, October 2, 7 to 9 p.m. The Art Department Gallery is located on the first floor of the Math & Arts Building. Gallery hours are Monday through Thursday, 8 a.m. to 10 p.m., and Friday, 8 a.m. to 5 p.m.

WHO'S NEW? - Laura Weaver, the new Assistant to the Vice President for Instruction, that's who! Laura joined the staff of the Office of Instruction on September 1. Curriculum and scheduling are two of her major responsibilities. However, the new position, part of the Office of Instruction reorganization, also was created to enhance coordination with other branches and offices of the College. Areas of increased interaction will include grants; staff development; evaluation, research, and development; and marketing, public relations, and information dissemination. Bill Porter, Laura's counterpart and Vice President Belcher's other assistant, will be responsible for budget, enrollment, and management information systems for the Instructional Branch.

Laura, who has a master's degree from the University of Oregon, came to LCC in 1983 after several years of computer-related work in the private sector. She first worked as an instructor and program developer in what is now the Training and Development Department's Office and Accounting Skills Training Program. In 1984 she became Assistant State Director of the Oregon Small Business Development Center Network, a position she held until her move to the Office of Instruction.

Laura's extension is 2312 and she is located in ADM 204. She invites all staff to call or stop by and get acquainted. Welcome Laura!

LIFO TRAINING - If you enjoyed Jane DeGidio at the "All Staff Wrap-Up," you will enjoy her LIFO presentation to be held on Thursday, October 8, 6:30 to 9:30 p.m., at the Town Club (9th floor of the Citizen's Bank Building). The cost is \$35 and includes refreshments and materials. Learn how to accelerate your discovery process toward resolving differences, improving teamwork, and increasing productivity. "I am going places. My goal is to someday own a restaurant and serve on boards that respond to the needs in the community. I have ambitions; in fact, I was recently elected to the Student Senate at Lane Community College. I want my story to be told. I want you to know, if it weren't for three United Way funded programs, I wouldn't be here."

OUTSTANDING CONTRIBUTIONS RECOGNIZED - Elaine Marsh has been honored with September's Oregon Small Business Development Center Network Support Staff Award. The Network office established this award to be given each month to recognize the outstanding contributions that individual staff members have made to the SBDC program. The award acknowledges the important effort our support staff have made to "help build the best-run businesses in America." Elaine joined the Network staff as a part-time data entry clerk in 1984. In 1985 she became a full-time employee, and during the last two years has become one of the most valuable staff members on the OSBDCN team. Elaine asked The Daily editor to share these thoughts: "I want to thank the Network Office for recognizing me as the support staff person of the month. I was very surprised! I enjoy working for the Network Office mainly because they are supportive of me and also because they encourage me in my work and in attaining more skills, which has given me more confidence in myself. I would also like the participants in the Training & Development Program to know that there are rewards for going through the program--I completed the program in 1984."

CAMPUS CASH MACHINE UP AND RUNNING! - Representatives from SELCO Credit Union will be on campus this week to demonstrate its new campus cash machine. Stop by the cafeteria between 9 a.m. and 2 p.m. daily. You may even be a lucky winner of some cash! Did you know that when a SELCO member uses a cash machine other than SELCO's own machines, it is at a cost to SELCO of .55 per transaction. As you might imagine, this can add up quite rapidly. Help keep costs down by using SELCO's Cash Machine only.

KLCC NEEDS YOUR SUPPORT - KLCC radio began its 1987 fall on-air Radiothon last week with a goal of \$57,500. Due to what KLCC's Director of Development Paula Chan-Gallagher calls "a tremendous show of community spirit" the station's pre-Radiothon Thon-buster campaign has already generated over \$10,000 in mail-in contributions. KLCC, the only National Public Radio member station in the Eugene-Springfield area, depends on listener contributions for 20% of its \$380,000 operating budget. LCC, private underwriters, and the federal Corporation for Public Broadcasting make up the rest of the station's budget. All contributors to the Radiothon will receive a subscription to KLCC's bi-monthly Program Guide. Special premiums are being offered for contributions of \$35 or more. For more information on how you can contribute tune in to 89.7 FM, or call 726-2224.

EVENTS OF THE MONTH

- **National Pasta, Popcorn, Pretzel, & Pizza Month: October 1-31, 1987.** It is sheer coincidence that all these "phun" foods share the spotlight in October. Yet each is nutritious and filling ... and, of course, popular because it's always in good taste. Enjoy a munch this month!
- **National Respiratory Care Week: October 4-10, 1987.** This week is set aside to honor inhalation therapists and other professionals who care for individuals with lung and respiratory tract ailments. Breathe deep and think about the importance of your lungs this week.
- **National Bookkeepers Week: October 5-9, 1987.** Every organization has its bookkeeper to keep the tallies straight. Lend a hand: Start paying attention to your recordkeeping system this week. Keep receipts, put them in 1-2-3 order, and don't rest until your accounts are all reconciled.
- **Credit Union Week: October 11-17, 1987.** Credit Unions throughout the world help individuals achieve their personal financial goals. Support your local Credit Union. Set up an account, make a deposit, pay off a loan—let your Credit Union help you to help yourself better!
- **Standard Time Resumes: October 25, 1987.** You sprang forward. Now it's time to fall back. Rejoice: In so doing, you gain an extra hour on Sunday morning to sleep or, better yet, to devote to a loved one!

THE DAILY

Published for the staff of Lane Community College

TODAY - Chris Sorenson (Solo Guitar), 12-noon, main cafeteria
- LCC Board of Education Meeting, 7:30 p.m., Board Room (ADM 216)

The LCC Board meets tonight to discuss plans for a tax base election in 1988 to provide resources to stabilize the fiscal status of the College for the next three to five years. Reports will be given on the semester/quarter system, 1987 fall term enrollment, and ClassLine.

MAGNIFICENT GIFT GIVEN - Retired Eugene general contractor Wayne H. Shields has given \$500,000 to the College for scholarships, teaching equipment, the Dislocated Worker Program, and other College priorities. Recognized widely for the Valley River Center, which he started with partners in 1968, Shields spent four decades from the 1940s through the 1980s building schools, churches, banks and homes in Oregon, Washington and Northern California.

The half-million dollar gift will be set up in the LCC Foundation as "The Wayne H. Shields Endowment for Excellence." Only the income from the principal will be expended yearly for projects of interest to the donors. Investment income will be used to help financially needy students through scholarships, long-term and emergency loans, and grants; to support people in programs such as those in the Dislocated Worker Program; to acquire specialized equipment, particularly for career training; and similar priorities.

President Turner said of the gift, "We are bouyed by this generous gift, because it is a statement of faith in what LCC does for the community, and, it comes from a member of the community. No college can ever succeed unless its community believes in it and generously supports it."

FLU VACCINE - Student Health Services is offering flu vaccines for staff and students at a cost of \$6. The vaccine is available from 8 a.m. to 12:30 p.m. and 1:30 to 4 p.m., Monday through Thursday, and from 10 a.m. to 12:30 p.m. and 1:30 to 3 p.m. on Friday. The vaccine is recommended for healthy persons over 65 and for persons under 65 who have serious, chronic health problems. However, the vaccine is also available for persons who do not meet these guidelines. The flu vaccination should be received by November 30. If you have questions, please call Student Health at ext. 2665 to discuss the pros and cons with a staff member.

FAIR SHARE MEETING - There will be a meeting of those of us who pay "fair share" and are not participating union members in PE 205 from 1 to 2 p.m. on Thursday. This will be an organizational meeting during which we will discuss the feasibility of forming a group to address common concerns, and aid in retreiving money spent in non-legitimate collective bargaining activities. For more information, contact Dave Roof, Counseling, ext. 2418 or Jack Robert, Eng. & For. Lang., ext. 2476.

LEADER'S FOR THE 80'S - Applications will soon be due for the "Leaders for the 80's" program and interested staff are encouraged to apply. The program, which involves one week of training away from campus, is designed to prepare women for leadership positions at community colleges. National eligibility rules require that applicants have a master's degree and work full time at the College. For information/applications, contact the President's Office or one of LCC's past participants: Mabel Armstrong, Julie Aspinwall-Lamberts, Julie Baker, Diane Dann, Judy Dresser, Helen Hunter, Sandy Ing, Linda Loft, or Laura Weaver. Applications are due back in the President's Office by October 16.

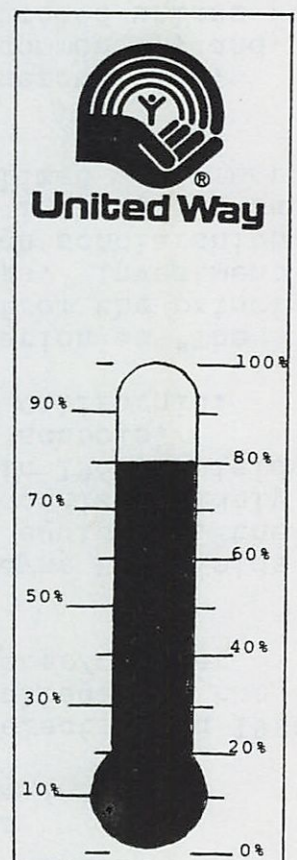

DON'T MISS! - Don't miss LCC theatre instructors Patrick Torelle, Jerry Seifert, and Judith "Sparky" Roberts in Ronald Ribman's drama **COLD STORAGE**. Performances are on Friday, October 16 and Saturday, October 17 at 8 p.m. in the Blue Door Theatre, downstairs in the Performing Arts Building. The play is about two very different men who meet in a cancer ward. "COLD STORAGE is surprising, funny, and intense with adult themes and humor," says director Sparky Roberts. Following the performances on both evenings, Sparky, Patrick, and Jerry will be available to answer questions and discuss issues raised by the play. General admission tickets are \$4 and may be purchased at the door or in advance. There is limited seating, so come early.

TODAY - Fair Share Meeting, 1 to 2 p.m., PE 205
- International Coffee Hour, 1:30 to 3 p.m., CEN 409
- Insurance Open Enrollment Deadline

EMPLOYER OF THE YEAR NAMED - LCC's Cooperative Work Experience (CWE) Department recognized local businesses this week for their outstanding contributions to the program. During this ceremony, the 1987 CWE Employer of the Year award was presented to KOZY-TV. Other nominees were Lane County Area Information Records System, Lane County Regional Information System, Looking Glass Shelter Program, and Oregon State University Computing Services Department.

Businesses were recognized for their dedication to CWE's aim of providing on-the-job practical work experience related to the student's career pursuit. The CWE program is a three-way partnership between the student, college, and employer. The partnership encourages students to remain working in Lane County after graduation. It also keeps students abreast of the latest business trends. In addition, CWE aids in economic development for our area by utilizing local resources.

LCC is number one among all United States community colleges in terms of number of students enrolled. Some 1,789 students earned CWE credit at LCC last year.

RECENT MOVE - Judith Gabriel, College High Program Coordinator, and Renee LoPilato, CWE coordinator, have moved to their new office in FOR 304. Judith's new phone extension is 2699 and Renee's remains 2802.

LISTENING AUDIENCE - There is still time for you to support KLCC-FM, 89.7, by sending in your payroll deduction form. Send the completed form to Paula Chan-Gallagher, Director of Development, KLCC (ext. 2224).

ATTENTION CLASSIFIED STAFF - There will be a meeting for all LCCEF members on Wednesday, October 21, at 12-noon in FOR 308. Jane Howard of the Oregon Federation of Teachers will be here to discuss the upcoming contract and new officers will be nominated.

LOCKERS NEEDED - I desperately need lockers in the Women's Staff Locker Room. If anyone out there had good intentions to exercise and reserved a locker but never used it, please think about turning in your locker to me. Send me a note, or give me a call, or better yet, stop by and visit - it's lonely down here in the catacombs! Thanks! Jan Ryer, HPE 104, ext. 2557

SCULPTURE DONATED - There will be a presentation and dedication of former student Bill Bradish's ferro-cement sculpture, BIOMORPH II, to the College at 3 p.m., Thursday, October 22. The ceremonies will take place at the southwest corner of the Math & Arts Building. Speakers include Roger McAlister, Head of the Art & Applied Design Department; Bill Blix, LCC instructor; Bill Bradish, artist; and President Turner. Immediately following the presentation there will be a coffee and punch reception in the Art & Applied Design Gallery.

COLLEGEWIDE COFFEE NEWS - Last year we had tremendous success with the collegewide coffees. It was a great way to meet people and renew acquaintances. We hope departments will continue the tradition of hosting these special events - you will no longer need to coordinate them through the Office of the President. I look forward to seeing you at these events. Larry Warford, Office of the President

OPEN HOUSE - The Women's Center will host an open house on Wednesday, October 21, from 10 a.m. to 2 p.m. The party will take place in CEN 217. All staff members are invited to come share in the fun and refreshments.

KLCC RADIOTHON TOPS GOAL - In just over eight days radio station KLCC surpassed its fall fundraising RADIOTHON goal of \$57,500. Over 1,200 community members donated to KLCC, Oregon's most powerful public radio station.

KLCC's Director of Development Paula Chan-Gallagher credits much of the RADIOTHON's brevity and success to the support generated from the THONBUSTER campaign. Designed to keep on-air solicitation as brief as possible, the direct-mail THONBUSTER campaign raised over \$15,000 in listener contributions before the RADIOTHON actually began. This figure represents a KLCC record for pre-RADIOTHON support.

BOARD WRAP-UP - At last week's meeting, the Board discussed the possibility of improving our tax base in the May, 1988, primary election. The Board also passed a resolution in support of Junction City's application for designation of an area within the city as an enterprise zone. Campus Services Director Paul Colvin was recognized for his dedication and exceptional performance in keeping the Administrative Services Branch operating effectively after Bill Berry left and up to the arrival of Dick Hillier.

KLCC RADIO APPOINTS NEW MANAGER - Steve Barton has been selected as the new station manager for public radio station KLCC. The selection was a result of a lengthy application and screening period, during which numerous candidates from around the country were considered. Barton, who had been interim station manager since the departure of Jon Schwartz in June, has worked at KLCC for over 10 years as the station's director of engineering. Barton commented, "Knowing the staff, the equipment, and the policies that have evolved at the station over the past ten years should be extremely helpful in my new job."

Barton has no immediate plans for dramatic changes at KLCC. He intends to "continue upgrading and expanding technical capabilities and to fine-tune programming to the desires of listeners." Further integration of computers into KLCC's operations and expanding the area covered by its broadcast signal are two goals Barton hopes to help the station achieve.

FIRST 1988 MEMBER - A staff member gave LCC Foundation a check last week to become the first person to pay 1988 dues for membership in The President's Club. The donor designated the gift to go anonymously to the Student Emergency Loan Fund. Others who wish to apply a dues deduction against this year's taxes also may submit checks between now and December 31 to Kim Knowlen in ADM 205. Membership in The President's Club is contingent upon a donation of \$100 or more per calendar year for a designated or undesignated use. An elected representative of The President's Club (this year, it is Doug White of Health Occupations) sits on the LCC Foundation Board of Trustees.

PHOTO EXHIBIT IN LIBRARY - The photographs of Eugene photographer George Mallery will be featured at the LCC Library's Mezzanine Gallery beginning today and running through November 13. Mallery, who studied classical music performance and cinematography at the State University of New York and at Barrington College in Rhode Island, turned to still photography in 1983 and apprenticed under Harvery Ferschneider, master printer and student of well-known photographer Paul Caponigro. Area residents may recognize the images in this exhibit as enlargements of a collection of notecards handprinted by the photographer and available in book and gift shops in Eugene, Portland and the Oregon Coast. Mallery now owns and operates the White Apple Photography studio in Eugene, specializing in black and white imagery for fashion, portraits, commercial illustration and advertising.

ATTENTION CLASSIFIED STAFF - There will be a meeting for all LCCEF members on Wednesday, October 21, at 12-noon in FOR 308. Jane Howard of the Oregon Federation of Teachers will be here to discuss the upcoming contract and new officers will be nominated. By now you should have received the union mailing. Please check your name and address, and notify Joyce Kofford, Home Economics (ext. 2521) if corrections are necessary.

Thanks to all the staff, students, and community volunteers who participated in the "Careers for Women" entry in the Eugene Celebration parade. We had a great time and have had several women from the community enroll in our Transitions to Success program due to that outreach effort. Geri Hopkins, LCC student and program aide, took some great pictures of our group in the parade, and they are on display in the Women's Center. Come see how your department was represented.

GRANT WORK - A Grant Steering Committee appointed by President Turner is working to improve LCC's ability to get grants. Initial plans include the creation of a grant resource library available to all staff in the Learning Resource Center -- watch The Daily for details -- and a grant network to enable staff to share expertise and information. As part of this networking, the committee will conclude each meeting with a Grant Roundtable for staff who want to drop in to discuss grant ideas. The document will assist community colleges in developing and implementing appropriate measures of institutional effectiveness, and thereby, encourage increased effectiveness. It will also educate external groups about the distinctiveness of community college missions and the relevance of that distinctiveness to measuring institutional effectiveness, and by doing so, influence the mandates and activities of these groups, including testing organizations, accrediting agencies, and state coordinating or governing boards and legislatures.

POUNDS LOST - The 25 sign-ups for our Weight-Loss Contest lost a total of 44.50 pounds in the first week. More in tomorrow's Daily. KEEP LOSING!

DON'T MISS! - LCC music faculty will open the concert season with STARDUST SERENADE, an evening of classical and popular favorites on Friday, October 23, at 8 p.m. in the LCC Main Theatre. Won't you consider making a life-saving blood donation? Call Student Health for an appointment at ext. 2665.

Roll Up Your Sleeves: GIVE LIFE

If you're blessed with good health, share it! Give blood!

"What me, give blood??!!!"—Yes, YOU! Everyone is skittish about giving blood. It's natural, but needless. Giving blood is perfectly safe, says American Red Cross Spokesperson Carbery Moore.

"I'll contract the AIDS virus!"—Don't confuse the fear of AIDS with the spread of AIDS. It's a fact: You can't get AIDS from giving blood. (66% of AIDS victims got it from high-risk sexual practices; 32% from intravenous drug use; 2% from blood transfusions received before Spring, 1985.)

"I might miss it."—Hardly! Your blood system has 10 to 12 pints of blood. A blood donation takes only about 1 pint, which your body quickly replaces. You can safely donate again in 56 days.

"I hate needles. They hurt!"—Sure, but only slightly and only for a second. "The fear is always worse than the actual sting," says Moore.

"There's a possibility I will get light-headed and dizzy."—Eat a good meal before donating, then relax. Trained nurses at the donation site will take good care of you!

"I don't have the time!"—It takes less than an hour. What a great way to deserve an extended coffee break!

Now let's skip the excuses and get down to the genuinely serious facts of why you should give blood. Think for a moment about where your pint might go:

To a person along some highway clinging desperately to life...

To a faceless, nameless person lying on some cold table with his body split open and a team working feverishly to keep him alive...

To a newborn infant, needing a second chance at life...

And maybe, just maybe, to someone you love.

You have the gift of life to give. Go ahead. Roll up your sleeves and give it.

A message about AIDS from

American Red Cross

People are asking a lot of questions about AIDS (Acquired Immune Deficiency Syndrome). It's a frightening disease, and unfortunately the scientists who are working to fight it don't have all the answers yet.

But there is one thing we do know: **You can't get AIDS from donating blood.** The Red Cross and other blood centers use sterile needles and blood bags just once and then safely discard them. You can't get AIDS from contact with nurses at collection sites or from donor beds.

Maintaining a safe, adequate blood supply is one of the most important challenges we face as a community. We need healthy volunteers like you, now more than ever, to make sure blood is available to those who need it. And if you're in good health, **giving blood can't hurt you.**

Donate blood. Your community can't live without you.

TELEPHONE SYSTEM RESET - On Friday, October 23, between 7 and 7:30 a.m. the telephone company will be performing a routine maintenance check of our telephone system which requires that our system be "down" for 15 to 20 minutes. During that period of time, there will be NO PHONE SERVICE either on the Main Campus or the Downtown Center. Unfortunately, it also means that all call-forwarding (*2, *1, *3) and speed-dial assignments will be lost and will, therefore, need to be re-entered on your phone. Those of you with D-Term dataphones will also need to reset the internal settings for your data adapters. If you have any questions or problems regarding your telephone, please call Donna Morgan at ext. 2565.

REMINDERS - CPR/First Aid Class is scheduled for Tuesday, October 27, and Thursday, October 29, 5:30 to 9:30 p.m., at the Downtown Center. Preregistration is required. Call Adult Education for more information at 726-2252.

QUARTER VS. SEMESTER CALENDAR TASK FORCE REPORT

The President's charge to the task force was for it to develop a process which ensures input from all members of our college community on the question, "Should LCC retain its quarter calendar or begin to plan for a semester one?"

The task force's overriding concern in undertaking this task was how to convey to our college community that, indeed, the College had not formally or informally answered that question. So, we wanted our survey to be as unbiased as possible. To that end, the task force created a fact sheet which listed the advantages and disadvantages of the semester system. These pro and con statements were published at LCC during the 1980-81 academic year when the same calendar question surfaced in response to the University of Oregon's desire to move to semesters by 1983. They are a composite of views presented in studies from the University of Oregon, College of the Redwoods (Eureka, CA), Schenectady County Community College (New York), and Ocean County College (New Jersey).

Thus, the question of whether to have a quarter calendar or a semester calendar is not a new question for LCC. However, its current importance may be greater than before since semester conversion is now a firm commitment by the State System of Higher Education. It is a State direction rather than a local direction as expressed by the University of Oregon in 1983.

Formal solicitation of campus input on the current semester question began with the distribution of a survey on Monday, October 5 to 701 individuals. All bargaining unit members and administrative staff members were surveyed. Responses were received from 40% of the faculty, 27% of the classified staff, and 50% of the administrators. The overall response rate was 35.2% (247 individuals). This should provide a reasonable indication of staff reaction to the issue.

In general, the survey appears to indicate a slight preference (many with qualifications) for the early semester system. However, there is notable difference in the responses from faculty versus classified and administration. The faculty responses leaned toward opposition (47%), while classified and administrative staff members supported the conversion (56% and 71% respectively).

It is important to note that this is the outcome of our college community's initial input on the question of whether LCC should move to a semester calendar. Further opportunities for discussion will be necessary to ensure that issues are fully discussed before the final decision is made. Later this week a calendar of activities detailing the balance of the committee's process will be published in The Daily.

ENDOWMENT INTEREST NOT YET AVAILABLE - For those who have inquired about applying for interest earnings from the \$500,000 Wayne H. Shields Endowment for Excellence, the word is that disbursement probably will not be made this year. The principal sum may not be spent. The interest on investments, according to the donor's instructions, "may be used for, but not limited to, helping financially needy students through scholarships; long-term and emergency loans, and grants; equipment purchase and replacement, particularly for career training; programs such as that for dislocated workers; and other priorities as determined by the College President." The instructions further state "That the income from the fund shall be administered by the Lane Community College President, who shall decide on an annual basis how said income shall be applied...." In an October 13 news release about the Shields gift, President Turner said, "The Foundation will have some investment income by next fall and will allocate it according to Mr. Shields' request."

TODAY - Chick Whitter (piano), 12-noon, main cafeteria

NOMINATIONS DUE - Currently, there are an estimated 50 LCC advisory committees comprised of community members and an LCC representative. These committees advise the college on instructional programming and materials, equipment standards for production work, and course outlines and curriculum so that the college can keep its occupational programs up-to-date and functional. The members give their time and expertise to ensure that LCC continues to offer programs that meet the requirements of local business and industry. The Vocational Education Advisory Committee would like to acknowledge committee members for the contribution they make to the vocational curriculum at LCC. The executive secretary of each committee is encouraged to nominate one lay committee member to receive an award for "Outstanding Vocational Education Advisory Committee Member." Nominations should be returned to Larry Murray, Community Education and Economic Development, by Friday, December 2. For more information, call ext. 2949.

CASH MACHINE FEE CHARGED - Beginning November 1, SELCO will charge 55 cents each time a member uses the U.S. Bank Cash machine located in the LCC cafeteria. The transaction fee will not show up on the receipt, but it will be deducted from the account balance. There is no charge to members when they use SELCO's Cash Machine on campus. SELCO Marketing Director Jean Webb says, "Since SELCO has placed an ATM machine on campus for member convenience, we feel it is only fair that members who choose to use the U.S. Bank Cash Machine pay the 55 cent Exchange interchange fee."

Three women and six men are needed. Roberts is also seeking versatile musicians to form the "combo" that accompanies the troupe. The performance runs January 29 through February 6. For more information, contact the LCC Performing Arts Department at 726-2209.

Riding very fast.
Ooooo, Ooooo,
Halloween at last!*

Watch Out for Witches!

Children and adults alike look forward to Halloween—the holiday that allows each of us to escape the mundane and step into a fantasy world. From tiny ghosts and goblins to grotesque gorillas, from ballerinas to belly dancers, everyone gets into the act on the last day of October.

This year Halloween falls on a Saturday, the best time for trick-or-treating... parties for young and old... and the most dangerous for children and motorists.

Whether you are creating elaborate costumes, buying simple treats, or planning an extravagant party, you can make Halloween happy for everyone by using a lot of common sense and a little caution.

Costumes

Children talk for weeks ahead about who they will be for Halloween. As the holiday approaches, select or make costumes that allow them to enjoy the long-awaited day.

- Use makeup instead of masks. Children can breathe and see easier, and usually are less frightened of others.
- Select only flame resistant materials. Avoid flimsy fabrics and baggy designs.
- Choose colors that are easily visible at night. If your child insists on being a dark witch, trim the costume and hat with reflective tape. Goodie bags can sport some tape, too, and children should carry flashlights. All the better to see them by.
- Make sure costumes are comfortable and safe because many homes will have steps to climb, and party games require ease of action. This is no time to parade around in Mommy's old high heels. Hats should be fastened to stay atop the child's head.
- Remember that very young children can be easily frightened, even when Mom or Dad puts on a mask right before their eyes. Don't let the holiday be overwhelming—it will spoil the fun.

Tricks and Treats

Take these precautions before your children head off with their goodie bags:

- Instruct your children to go only to homes where they know the people. A parent or older brother or sister should

accompany all children younger than about 8. Rehearse crossing streets safely and how to say "thank you." Reduce competition for collecting large quantities by using small bags and talking about how much fun it will be to see whether people can guess who the children are.

- Without unduly alarming children, ask them to wait until they get home to sort and eat their goodies. Send them off with a full stomach to reduce temptation. Hospital offers of X-rays for treats are generous, but X-rays can't detect poisons or glass.

- Invent a system for eating treats. Some parents allow children to eat all the candy they want on Halloween night, then throw the rest into the trash or donate it to a hospital, church group, or others less fortunate. Other parents allot a certain number of pieces each day until everything is gone. Find a method that works for you.

- If you welcome trick-or-treaters, turn on your porch light. Remove obstacles from the sidewalk. Keep jack-o-lanterns with candles out of reach. Give out only prepackaged treats—parents will be less likely to discard these. Better yet, give out pennies, stickers, or other non-food trinkets.

Let's Party!

- Hold children's parties in the daylight. Welcome parents. Keep it short and simple. Emphasize fun and games, not sweets. Visit a farm for a hayride or a harvest festival.
- Throw a BYOP party—bring your own pumpkin. Young and old enjoy carving. Then turn out the lights and award a lot of prizes. Toast the seeds for treats: Boil in salted water for 5 minutes. Drain, dry, and coat lightly with oil. Spread on a baking sheet. Toast at 250 degrees for about 30 minutes, stirring often to prevent burning.
- Encourage teens to plan a party. Pranks seem to have less appeal than they once did, and there are better alternatives than harrasing, which could seem like a good idea to reduce boredom on a Saturday night.
- Tell guests in advance if you are having a costume party. How embarrassing to show up in a T-shirt and jeans when everyone else is in an elaborate outfit. And beware of the witches!

Week 5 of Fall Term

THE DAILY

Published for the staff of Lane Community College
Editor: Diane Prokop, Ext. 2591

TONIGHT - The Oregon League of Women Voters is undertaking a statewide effort to find out what Oregonians think should be done to solve the state's school funding problems. The League's goals are to: 1. encourage a fresh look at school financing in the state of Oregon; 2. involve a broad spectrum of Oregonians in developing solutions; 3. bring together representatives of diverse interests; and 4. develop a plan that can be supported by the governor and the Legislature. The Eugene meeting is scheduled tonight at 7:30 at the Eugene Conference Center.

NOTEWORTHY - A recent LCC study indicates that there has been an almost 100% decrease in the number of students seeking a two-year degree and a 50% increase in the numbers of students seeking only self-improvement or enhanced job skills in LCC credit classes this year. The Student Intention Study is a computer listing of the results of several questions about students' goals that Registrar Bob Marshall has placed on the admissions form for the past several years. In addition, the majority (51%) of our credit students say that they intend to be at LCC for one term only.

OF NOTE - Health Occupations Department Head Doug White has been named Chairman of the Annual Fund Committee for the University of Oregon Foundation. The Chairman is responsible for providing leadership for a committee of 14 members of the Foundation Board of Trustees.

- The Electronics Department is the recipient of a cryogenic unit that will be used in the Industrial Maintenance curriculum. The donation came from the Rheem Corporation of North Carolina and is valued at \$6,000.

BOOKLETS AVAILABLE - Booklets provided by the Internal Revenue Service titled **EXPLANATION OF THE TAX REFORM ACT OF 1986 FOR INDIVIDUALS** are available free in the library. Ask for yours at the reference desk.

OPPORTUNITY - The League for Innovation in the Community College, in collaboration with the University of Texas at Austin, has received a \$1,783,750 grant for a major new program to prepare community college leaders. The grant from the W.K. Kellogg Foundation of Battle Creek, Michigan, is aimed at improving educational programs and services by strengthening the leadership skills of community college administrators. During the five-year program, 10 potential leaders will be selected annually to become Kellogg Fellows. Five will be from League for Innovation member institutions and five from other community colleges. Priority will be given to women and minority group members. For more information, contact Diane Prokop, Institutional Advancement, ext. 2591

CLOSED

- Admissions staff will attend inservice activities on Friday, October 30. The office will have some phone and counter coverage.
