Week 1 of Winter Term

THE DAILY

Published for the staff of Lane Community College

WELCOME BACK! - I hope you shared a warm and wonderful holiday season with family and friends. In this new year, may we all meet the challenges that greet us with courage and faith and look to each other for inspiration to grow and prosper. Let us work together to make Lane Community College the best ever for our students, community, and each other. I wish you all great joy and happiness in every day of this new year of 1988. Richard M. Turner, III, President

GREAT START - The LCC Foundation announces that the membership in the staff President's Club is off to a great start in 1988. Thirty-four staff members have donated \$4,025. A big thank you goes to: five classified, fifteen faculty and fourteen managers.

These staff members donated through payroll deductions, cash and checks, toward trust accounts that are currently designated or undesignated funds. This is the donor's choice. If you have questions, please call Roberta Opdenweyer, Foundation, ext. 2803.

APPOINTED - President Richard M. Turner, III, has been appointed to an indefinite term on the board of trustees of the National Commission for Cooperative Education of Boston, Mass. He is the only community college president from the western U.S. on the 54-member board, which includes college and university presidents, corporate executives, and public dignitaries.

The National Commission encourages the linking of classroom theory with on-the-job experiences in students' chosen fields of study. Its membership includes 1,000 colleges and universities which enroll 200,000 students annually in co-op programs. LCC, with more than 2,000 students in a cooperative work experience program headed by international CWE expert Bob Way, has the largest community college program in the nation and is in the top ten nationally among all colleges and universities.

GO FOR SUCCESS - Vicki Miller in Institutional Advancement is the second recipient of LCC's "Go For Success" Marketing Staff Award. The purpose of the award is to recognize college staff who go "beyond the call of duty" in helping the college with its marketing communication activities. In presenting the award at the December 9 Board meeting, President Turner cited Vicki's extraordinary efforts over the past year to improve college publications...redesigning the class schedule, developing the attractive new brochure series, and producing a bound catalog. The first recipient of the award was Charlene Blinn, Counseling Department. To find out how to nominate fellow staff members for this award, contact Diane Dann, Institutional Advancement, ext. 2592.

SEND A NOTE - Those who wish to send a get-well card to Robert E. "Bob" Hamill, former LCC acting president, may reach him at 4399 Oakman St. S., Salem, OR 97302. His home telephone number is 581-0718. Hamill had surgery December 22 for a malignant brain tumor. He is now receiving chemotherapy and radiation treatments. Hamill was director of Institutional Research when tapped to be acting president at LCC in the 1968-69 year. He left here to become president of Whatcom Community College in Washington, then was associate superintendent for community colleges at the Oregon Department of Education until retiring a couple of years ago.

NEW TV COURSES - Telecourse offerings for winter term include two new ones, according to coordinator Cynde Leathers. Marketing will be taught by Dick Eno of the Business Department, and Personal Health: Here's To Your Health will be taught by Frances Thomas of Health & PE. Both classes begin this week. Ms. Leathers says she expects enrollment this term to be right on par with last winter's enrollment figures.

DOWNTOWN CENTER APPEARANCE UPGRADED - New awning at the front (west) door of the DTC has improved the look of the building. Lights under the canvas brighten up the entrance for night visitors. It's part of the City of Eugene effort to enhance the downtown look and feel; therefore, the City paid half the cost. Approved by the Board of Education some months ago, the project cost LCC about \$16,000.

CONFERENCE COMING UP - Department Head Dave Oatman, ABE/HSC, will be a featured speaker at an upcoming conference titled, "Literacy in the Workplace: Productivity and Profit." The conference, scheduled for Tuesday, January 19, noon to 1:30 p.m. at the Valley River Inn, is sponsored by LCC, Lane County Literacy Coalition, Southern Willamette Private Industry Council, Laubach Literacy Council, and the City of Eugene Public Library. Under discussion will be: 1) An employer's perspective on literacy in the workplace; 2) Changing technologies: the importance of literacy and basic skills in a computer age; 3) Literacy and workers compensation costs; 4) Local, cost-free instructional resources; and 5) Overcoming reading difficulties: personal examples. The conference is open to the public but preregistration must be completed by January 15. The \$15 fee includes lunch. For more information, call Pat Riggs at 687-3801 or Dave Oatman at ext. 2515.

COMPUTER CLASS OFFERED - A five-week course intended to give you the basics of the PC/MS-DOS operating system for the IBM-PC and its clones will be offered this term. In this class you will explore directories, command files, and back-up systems. You will discover what it means to install a software package and learn how to organize your own environment around the application packages you select. The one-credit class meets Tuesdays and Thursdays, 4 to 5 p.m. in M&A 250 and is offered Pass/No Pass only. Use your staff tuition waiver to enroll in seq. #1571. For more details, call the Data Processing Department at ext. 2826.

ATTENTION SMOKERS - LCC's Wellness Task Force and McKenzie-Willamette Hospital are sponsoring "Smoking Management" clinics. Smokers and/or smoking spouses are invited to come to free orientation sessions today at the Downtown Center in Room 306 or tomorrow at PE 239 from 5:15 to 6:30 p.m. Smoking teenage dependents are free with a paid parent. Classes begin the week of January 18. Stop smoking for the health of it! For more information, call Sue Thompson, ext. 2271, or Wendell Anderson, ext. 2468.

FAREWELL - Archivist Steve Lange, employed at LCC since 1977, is leaving to take a job with Pedal Power Bicycles. His last day is Tuesday, January 13. All staff are invited to a reception for Steve on Friday, January 8, 2:30 to 4 p.m., in PE 205.

ART IN THE GALLERY - Woodcuts and sculpture assemblages by two members of the University of Oregon art faculty will be displayed January 4-29 at the Art Department Gallery. Carol S. Gates will show woodcuts from her internationally known "The Garden Princess" series, along with what she terms "three dimensional narratives, and a few house paintings." Richard C. Pickering will share sculpture assemblages which sometimes include found objects. Pickering's sculpture has been exhibited dozens of times, mostly in the Pacific Northwest. Gates, on the other hand, has been seen internationally, partly because travel has been the source and inspiration for her work. Scotland's coasts and highlands have been a particular lure for her. The two artists will be honored at a public reception at the gallery from 7:30 to 9:30 p.m. on Friday, January 8. The gallery is located in the Math and Art Building. Free slide lectures sponsored by the Associated Students of LCC also are open to the public. Gates will speak Thursday, January 14, at 10 a.m. in FOR 308. Pickering will speak Wednesday, January 27, at 1 p.m. in FOR 308.

CORRECTION - Total cost of the new awning at the front of the Downtown Center was \$16,000, of which the City of Eugene has agreed to pay half.

WORKSHOPS FOR STUDENTS - The Financial Aid Office is offering the following workshops on how to fill out the 1988-89 financial aid form (FAF):

Something new in the news: Kenaf.

It's a nonwood, fiber plant that can be transformed from seedling to newsprint in less than six months. Newsprint is normally made from wood pulp, and most of it is imported from Canada. Kenaf production will mean more jobs along the southern tier of the United States, and more domestic production of newsprint.

There will be cash prizes of \$50 for first prize and \$25 for second prize. The essay should be 500 words or less and the deadline for entries is January 15. NOTABLE FACTS - The equivalent of 51,642 full-time students attended Oregon community colleges in 1986-87. According to an article in EDUGRAM published by the Oregon Department of Education, that's three percent more than the previous year and the first increase since 1980-81. Community college enrollment hit an all-time high of 57,667 in 1980-81. The article noted that fall term enrollment at the 16 colleges is one percent higher than a year ago, and continued growth is expected because the economy has improved and the number of high school graduates has increased. The major reason cited for the increase was a literacy campaign which drew thousands of Oregonians to basic skill classes at community college campuses.

"Service Management: Keeping the Customers Satisfied" is a seminar for entrepreneurs in the retail and service industries who want to understand the new service-oriented business environment. LEADERS CHOSEN - Marie Matsen, Computer Services, and Sharon Thomas, English & Foreign Language Department, have been chosen to participate in the "Leaders Project," an international leadership training program for two-year college women administrators. Designed to enhance the skills participants need to assume major decision-making roles in two-year institutions, the program will include instruction and practice in supervisory and human relations skills, planning and budgeting, organizational transformation and discussions with national experts on the issues confronting two-year colleges during the next fifteen years. During the year-long program, they will be paired with mentors to work on projects to aid LCC and promote individual growth. In addition, they will participate in special regional workshops and national conferences, and work with other women in top-ranked administrative positions. Participants were chosen for their interest in advancement in two-year college administration and the quality of their proposed projects.

The Leaders program is sponsored by the League for Innovation in Community Colleges, a consortium of community college districts in the United States and Canada, and by the American Association of Women in Community and Junior Colleges. The program is conducted by the National Institute for Leadership Development at Rio Salado Community College of the Maricopa Colleges in Phoenix, Arizona.

OF NOTE - Jacquelyn Belcher, Vice President for Instruction, is a new member of the executive committee of the Lane County Chapter of the American Red Cross. As a member, she will share the Chapter's goals of delivering emergency services to Lane County.

CONGRATULATIONS - Instructor Aide Shirley Hewitt, Downtown Business Education Center, passed the Certified Professional Secretary Exam last November. Other CPSs on campus are Velma Jesser, Diana Reiber, and Judy Lingo. For more information regarding CPS, contact Velma Jesser, ext. 2930

INTERESTED IN HOSTING A SOVIET ATHLETE? - Families are needed to host Soviet athletes for five days in May. From May 1 to May 6, 25 Soviet track and field athletes and coaches will be here for the second half of an exchange begun last summer with community college students. It is sponsored by the Northwest Athletic Association of Community Colleges. This is an exciting and unusual opportunity to be actively involved in bringing peace and understanding to the world. Host families are the heart of this visit by ordinary citizens. The day-to-day contact between our American families and their Soviet guests will be remembered long after the athletic, social, and educational events are forgotten. We hope that this contact will create a bond of friendship that will continue after our Soviet guests have returned home.

Host families will need to provide meals, transportation and most of all relaxed friendship for their guests. This will require a safe and insured automobile, at least one adult with a flexible work schedule, and enough beds to house two Soviet guests. A series of preparatory sessions will be provided for families including some language training.

If you are interested in being a host family, please call Marilyn or Gary Rholl, Business Department, at 484-0955 for an application. Completed applications are due February 5.

TURN A PROFIT - The Small Business Development Center will hold a seminar titled "Planning for Profit" on Tuesday, January 19, at the Holiday Inn. This seminar, which runs from 9 a.m. to noon, will explore the value of strategic, long-range planning for small and medium-sized businesses. "Planning for Profit" will help participants cope with future changes in their businesses. They will learn to identify and communicate the purpose, goals, and objectives of their businesses; how to develop ways to transform threats to their businesses into opportunities; how to identify competitors' strengths and weaknesses; and how to develop long-term plans that support both the owner's personal goals and the company's corporate objectives. Ed Hostmann, president of Management Group, Inc., a management and business consulting firm from Lake Oswego, will conduct the seminar. The cost of "Planning for Profit" is \$39. To register, call the SBDC at 726-2255.

In addition to Abernathy, LCC Vice President for Instruction Jacquelyn Belcher will speak and act as master of ceremonies. Poetry and music will also be part of the program. A reception featuring a giant birthday cake will be held in the Hult Center lobby following the event. The event, which begins at 8 p.m., is free but you will need a ticket for admission. MARTIN LUTHER KING, JR.

The Dream Lives On

**"When we let
freedom ring, when
we let it ring from
every village and
every hamlet, from
every state and every
city, we will be able to
speed up that day
when all of God's
children, black men
and white men, Jews
and Gentiles,
Protestants and
Catholics, will be able
to join hands and sing
in the words of the old
Negro spiritual, 'Free
at last! Free at last!
Thank God Almighty,
we are free at last!'"**

Nearly twenty years ago the world reeled in shock when the youngest man ever to win the Nobel Peace Prize was assassinated. The Baptist minister, civil rights leader, renowned author, *Time* Magazine's 1963 "Man of the Year," and eloquent dreamer of dreams was dead. Only one national holiday honors a private citizen: Dr. Martin Luther King, a man with a dream. His great achievements will be honored this year on Monday, January 18.

Born on January 15, 1929, King rose to national prominence in 1955 when he led a bus boycott in Montgomery, Alabama, and inspired generations of black Americans to insist on being treated as first-class citizens. Through his leadership, a local protest over a moral issue was converted into a national crusade. He appealed to white Americans' consciences and sense of justice. In turn, there was political leverage on the country's leaders. As a result, black citizens reaped the benefits of better housing, better education, better jobs, enabling the descendants of slaves to finally have a fair chance to join in the American dream.

The man who preached and practiced nonviolence died a violent death. But he left a legacy that lives today. More than equal rights, King wanted to generate a sense of pride and dignity in black Americans. He wanted to plant the seeds of mutual trust in all of us. His dream—"That one day this Nation will rise up and live out the true meaning of its creed: 'We hold these truths to be self-evident, that all men are created equal'"—lives on in each of us.

LEADER HIGHLIGHT - Marie Matsen, Computer Services, will participate in the "Leaders Project," an international leadership training program for two-year college women administrators. Marie, a computer programmer, has been with LCC since 1981. Her project will be to formulate a plan for automation of the LCC Library. An automated library will benefit students and the community by allowing the library to quickly and efficiently meet requests for information. It also will mean added capability to interface with area libraries that are automated to learn the availability of materials. In addition, an automated system will reduce the time needed to order, receive, catalog and put materials into circulation. Marie studied computer programming at LCC. In addition, she earned a B.A. from Carleton College (Northfield, Minnesota), and an M.S. from the University of Oregon.

HE'S DOING FINE - Bob Hamill, LCC acting president in 1968-69, says "Thanks very much for the lovely response" to The Daily's January 4 suggestion that he be sent get-well cards. Home from the hospital a couple weeks, Hamill says he is on chemotherapy and radiation for his malignant brain tumor. He has lost no motor skills and "everything seems fine," he says. "My thanks to all the neat people I heard from. It's always a good feeling to be reminded about my time at Lane." He said the funniest letter was from Counselor Buck Bailey, but he didn't want to say why. He just chuckled. Hamill's address is 4399 Oakman St. S., Salem, OR 97302. Larry Romine, Institutional Advancement, ext. 2303

ANNIVERSARY - The Oregon Career Information System is celebrating its 15th anniversary with a nationally advertised and recognized conference at the Eugene Conference Center February 18-20. TODAY - All-Faculty Conference, 2:45 p.m., FOR 309

SPEAKERS UNITE - Next week each department will receive biographical forms to distribute to each staff member. The completed forms will be kept on file in Institutional Advancement and used as needed to write news releases and Daily articles. The information on the back side will be used to create a Speaker Service Directory to respond to community requests for speakers. This is a good opportunity to let our community know about all the great things that are happening on campus. However, your topic need not be LCC related. If you have a passion for bird watching or a special insight into photography, you are encouraged to participate. When the directory is completed, it will be sent to all the local schools and major organizations in this area. These speaking engagements are a great way to meet people, create goodwill in the community, and help establish you in your field of expertise. **COMPLETING THIS FORM IS OPTIONAL.** If you do not receive a form and would like one, or if you have any questions, call Diane Prokop, Institutional Advancement, ext. 2591.

MEET THE PLAYWRIGHT - Award-winning Oregon playwright George Herman will be on campus next Friday, January 29, to teach a special playwrighting class at noon on the stage of the main theatre. Interested staff and students are invited to attend. Herman is the author of the comedy "A Company of Wayward Saints," which will open at LCC that evening. He will play "The Duke" in the opening night performance.

"A Company of Wayward Saints" is produced approximately 200 times a year in this country. For the LCC production, George Herman has given director Judith Roberts permission to expand some of the elements of the play. This kind of collaboration is in keeping with the spirit of this comedy about a troupe of touring actors who improvise in the tradition of Italian "commedia dell'arte."

"A Company of Wayward Saints" runs January 29 through February 6. For tickets, call ext. 2202 or stop by the Performing Arts Box Office 9 a.m. to 1 p.m.

SPECIAL THANKS - A special thank you to all of you who gave me support after Bill's death. I really appreciated the flowers and the donations to the William R. McMillan Math Scholarship. You've all been a great comfort to me. Mary McMillan, Library

GET WELL WISHES APPRECIATED - A great big THANKS to all of you who sent flowers, plants, balloons, cards, and to those of you who called during my hospital stay and recovery period. Much appreciated were the beautiful silk flower arrangement from my department and the lovely white azaleas from the LCC staff. The pretty fresh flowers from LCCEF are still being greatly appreciated. I greatly appreciated all the warmth showered on me. It's gratifying to know that three doctor's opinions that I had cancer were overpowered by my huge support group and family. Thanks again - now I can truly say, "I'll be seeing you." THE DAILY

Published for the staff of Lane Community College
Editor: Diane Prokop, Ext. 2591

TODAY - Brown Bag Lunch with President Turner, noon to 1 p.m., DTC 302

RECOVERY UNEVENTFUL - My sincere thanks to the Board of Education, members of the Executive Council, and members of my office staff, particularly, as well as other staff throughout the College, for their thoughtfulness and support during my recuperation from hernia surgery. I did not encourage widespread knowledge of this event; therefore, I expect many persons may be surprised to learn of it.

I hesitate to call my recent experience an illness. Rather, it may be referred to as an incapacity or an inconvenience. Except for an infection - discovered last Friday and treated promptly and effectively - my recovery has been uneventful. I have tested again, with excellent results, the use of a computer from a remote site as a communications and administrative tool. The results have been most effective.

Richard M. Turner, III
President
