APPOINTED - President Richard M. Turner, III, has been appointed to serve as a member of the American Council on Education (ACE) Commission on International Education. His appointment will run until December 31, 1990.

The commission serves as an important advisory body for the council in the field of international education policy. During the next few years, it will be dealing with efforts to raise federal support for international and foreign language studies. It will also monitor progress on ACE's major study of undergraduate programs, and assist in implementing the resulting recommendations.

GOOD WORK NOTED - Each month the Oregon Small Business Development Center Network recognizes the important contribution support staff have made to the program. The Support Staff Award is given to an important player on the SBDC team to acknowledge the effort made to "help build the best-run businesses in America." This month's award goes to business management specialist Wendell Anderson. Wendell, who has been at LCC a little over a year, promotes the center within the community. Congratulations Wendell!

IT'S TAX TIME AGAIN - The Library has many resources to help get you through tax season. Federal and Oregon income tax forms are available - multiple copies of approximately 18 different federal forms and schedules are in paper copy. All other forms may be photocopied from masters in a reproducible copies notebook. There are also booklets on the new tax laws. In addition, a videotape and cassette are available to help you fill out these forms. You will find these tax aids by the reference desk. Kathy Wiederholt, Reference Librarian, ext. 2355

GET YOUR QUESTIONS ANSWERED - LCC's ANSWER PROGRAM is available to staff who would like to have a question or concern addressed but want to remain anonymous. ANSWER forms may be picked up in front of ADM 210, filled out, and then returned to me. The question is then forwarded to the appropriate administrator for response; the questioner's identity is kept confidential. He or she is allowed ten working days to return an answer to me. I then forward the response to the staff member. Diane Prokop, Institutional Advancement, ext. 2591

MARK YOUR CALENDAR - All staff are invited to a reception planned for Sharon Rexford of the Cottage Grove Center who is leaving to take a job with the newly established Oregon Coast Community College Service District. It will be held Thursday, February 4, from 4 to 6 p.m. at the Cottage Grove Center. Those interested in attending a no-host dinner at the Village Green after the reception should call Maxine at 942-4202. Sharon joined the LCC staff in 1975 as part-time instructor of typing and keyboarding.

HELP!

Who Can I Turn To For '87 TAX ADVICE?

January 1—Out with the old and on with the new. But before you finally wave 1987 good-bye, you'll need to settle things with Uncle Sam. Yes, taxes.

With the sweeping changes in the tax laws, this year might be a good one to pass on the headache of figuring out your taxes to a professional. But before you hire someone, be aware that the range of tax preparation services offered by different types of tax preparers depends on their education and training. What you need depends on your income situation.

If your return contains only W-2 and small investment income with basic itemized deductions, you can go to any reputable tax preparer for help. That includes **Public and Non-Certified Accountants**, as well as other tax experts, such as national firms or local individuals.

If your return is more complex, you should consider consulting a more highly trained individual, such as a **Certified Public Accountant** or an **Enrolled Agent**.

A **Certified Public Accountant (CPA)** will advise you on alternate ways to prepare your tax return, and can represent you before the Internal Revenue Service (IRS). CPAs are governed by the code of ethics of a professional organization, which requires that each CPA pass a stringent initial exam, and then continue earning education credits on a yearly basis.

An **Enrolled Agent** is also authorized to represent you before the IRS. Enrolled Agents are certified by the IRS after passing a government exam or after working five years as IRS auditors.

If your tax situation becomes involved and threatens to take you into federal court, CPAs and Enrolled Agents will recommend a **Tax Attorney**, who specializes in tax problems. Attorneys—with or without tax training—can represent you before the IRS.

Before hiring a tax service to prepare your return, here are a few things you should ask:

- How much will preparing my return cost?
- What kind of accuracy check will be made on it?
- Will it be reviewed for mathematical errors only or also for errors in tax law interpretation?
- Is the preparer willing to sign my return and provide his or her Social Security or Federal Identification Number on the return?
- Will the preparer represent me if the IRS audits my return? If so, will there be an extra charge?

The preparer should not guarantee you a refund before completing your return nor suggest that you take non-existent deductions or commit other dishonest acts. The preparer should not ask you to sign a blank return or one completed in pencil.

And remember, although you hire someone to prepare your return, you are personally liable for any additional tax, interest, or penalty. That threat alone should spur all taxpayers to hire the most competent and honest tax preparer available for the money!

Call On The IRS For FREE Tax Help

■ **Toll-Free Hot Lines:** Call the toll-free number, listed in your income tax packet for an answer to any question. They won't ask your name, so anonymity is guaranteed.

■ **1-800-424-FORM:** Call for forms or free publications on more than 90 tax topics. Highly recommended are IRS Publication 920 "An Explanation of the Tax Reform Act," and IRS Publication 17 "Your Federal Income Tax" (You'll also find an order blank for forms and publications in your tax packet.)

■ **Tele-Tax Service:** Check your tax packet for the Tele-Tax Number in your area. The toll-free Tele-Tax Service gives you access to about 150 recordings on various tax topics.

■ **Walk-In Service:** Feel free to drop in at your local IRS District Office to ask questions or to attend self-help classes. The IRS operates more than 500 walk-in offices.

■ **VITA:** If you know a senior citizen needing tax counseling, call your local tax assistance number to enlist the help of a local, specially trained community-service volunteer.

■ **IRS Service By Mail:** If you make under \$50,000 per year, you can send your signed return to the IRS with your W-2 wage statement attached, and income and expense information filled in. THE DAILY

Published for the staff of Lane Community College
Editor: Diane Prokop, Ext. 2591

VOLUNTEERS NEEDED - Volunteers are needed to conduct a voter information survey on behalf of the LCC Advocates. The survey will be taken on Saturday, February 6, 9:30 a.m. to noon, and will gather information that will help determine precinct support for LCC. If you can help, contact Larry Warford, Office of the President, ext. 2302.

INPUT APPRECIATED - The Board work session last weekend provided an opportunity for lengthy discussion on whether to proceed with the conversion to a semester system. It was noted that there appeared to be no inherent advantage to either the quarter or the semester calendar for community college students; students were being served well on both calendars in community, junior and technical colleges across the country. Only three Oregon community colleges appear likely to convert to the semester calendar. It was, therefore, felt that the decision regarding conversion should be deferred. A formal recommendation will be made at the February 17 meeting of the Board of Education. Any input you wish to contribute before that time will be considered and appreciated. Please send a written message or E-Mail with your comments to President Richard M. Turner. For further clarification or information, contact the President; Vice Presidents Belcher, Carter or Hillier; Executive Dean Warford; or members of the Quarter vs. Semester Calendar Task Force (Ms. Julie Aspinwall-Lamberts, Mr. Steve John, Ms. Kay Malmberg, Mr. John Winquist).

ACADEMIC CALENDAR CHANGE CONSIDERED - In response to suggestions that inservice be spread throughout the college year, Vice President Jack Carter is developing a proposal to place before the Board of Education at its February 17 meeting. Persons with suggestions should contact Carter by next Monday at the latest. One proposal calls for four days of inservice at the start of the college year and four days at other times: just after Thanksgiving, at the start of winter term, and at the start of spring term. Another option calls for maintaining the status quo.

CHECK YOUR FIRST AID KIT - LCC policy and OSHA guidelines require that first aid kits be available to all staff. Those with kit questions may contact department heads or Sandy Ing at Student Health Services, ext. 2666.

EVALUATIONS ARE DUE - Faculty comprehensive evaluations and 1988/89 contract recommendations for all probationary faculty employees are due in Personnel Services by 5 p.m. on Tuesday, March 1. If you have misplaced your list of probationary faculty employees, or if you cannot meet the March 1 deadline, please notify Lee Sowers, ext. 2583. Otherwise, notice of intent not to rehire could be sent to an employee in error.

AFRICAN MUSIC EXPLORED - In celebration of Black History Month in February, KLCC 89.7 FM explores the legacy of the African musical heritage, focusing on African music in the United States, Cuban religious music, the Brazilian samba, and African-American hymns. "Music From Africa to the Americans" is a series of four half-hour documentaries hosted by musician Taj Mahal. KLCC will broadcast the series in stereo during its Tropical Beat program each Friday night in the month of February at 10 p.m.

THANKS - I have been able to reflect on many fond memories of my mother while mourning her unexpected passing. To all of my kind and caring friends and staff members of LCC, I want to thank you for your calls, cards, and flowers. Your support at this time helps the hurt disappear much easier. Pat Williams, Office of Financial Aid.

INFORMATION NEEDED - Computer Services is ready to install Statistical Package for the Social Sciences on the mainframe. If you have any experience using SPSS in a mainframe environment, call Julie Aspinwall-Lamberts, I.R.P.E., ext. 2576, or Jim Keizur, Computer Services, ext. 2245.

THANKS TO YOU! - The injured Worker Retraining Program in the CWE Department would like to take advantage of the brief lull during another busy term to extend a sincere and heartfelt "THANKS TO YOU" to the personnel in the Bookstore, GED, Student Records, Admissions and Financial Services for all their extra effort, cooperation and courtesy extended to us and to our students. Your collective willingness to go "that extra mile" has made it easier for us to serve our students. We know that your efforts help us successfully serve and keep our clients, and we want you to know how much we appreciate it! Your fans: Bob Way, Judy North, Diana Donohoe-Lindsey, Renee' Lo Pilato and Dixie Maurer-Clemons

RIDE NEEDED - If you are planning to attend the Retention-Intervention Conference in Portland this week, I would appreciate a ride back to Eugene from the conference on Friday. Please call me if you want to carpool back. Dave Oatman, HSC, ext. 2515

Institutional Advancement, the Marketing Council Advertising Subcommittee, and the advertising firm Cappelli/Miles/Wiltz/Avery/Kelly, Ltd., worked together to develop the concept and script. The production crew will shoot the spots on the main campus this Saturday between 2 and 6 p.m. and will use LCC students as the primary talent. Staff who are interested in taking part in the shoot, should call Joann Pachito, Performing Arts, ext. 2209. In particular, the producer is looking for middle-aged and minority talent to broaden the diversity of students in the spot.

INSPECTION KEEPS SKIES SAFE - The Flight Technology Department has been selected by the Federal Aviation Administration for a safety and regulation compliance inspection known as the National Aviation Safety Inspection Program. Since the department conducts an FAA Approved Pilot Training program, it is monitored, regulated, and controlled by the FAA. This national inspection was mandated by Congress, to address safety considerations in the national air transportation systems and helps programs, such as the one at LCC, identify and correct potential weaknesses.

The inspection team will consist of FAA inspectors selected from FAA regional offices around the country. LCC falls into the FAA's Northwest/Rocky Mountain Region consisting of seven Northwestern states. The FAA is selecting a major airline, a commuter/regional airline, and an FAA approved flight school in each of its six regions. Those selected in our region include United Airlines, Denver; Horizon Airlines, Portland; and LCC Flight Technology.

Flight Technology Department Head Terry Hagberg says that he appreciates these inspections, and "it's because of this extensive inspection process, that when you board a flight crewed by LCC grads, you can expect your trip to be safe."

SCHOLARSHIPS AVAILABLE - A new business assistance program available through the Eugene Development Department offers scholarships to be used at LCC's Small Business Development Center. The program is designed to meet the needs of ethnic minorities, persons with disabilities, and female heads of households who operate or want to start retail, service, manufacturing or industrial businesses. The program, which provides other business services in addition to the scholarships, is offered semi-annually and is funded through a Federal Community Development Block Grant.

SUBSTANCE ABUSE - Identifying substance abuse and locating resources for help will be the topic of a talk by Dr. Michael Weinstein Friday, February 26, in the Board Room, at 8:30 a.m. Dr. Weinstein is affiliated with LCC Student Health Services, Whitebird Medical Clinic, and Lane County Outpatient Drug Treatment Program.

WEIGHT-LOSS CONTEST NEWS - Thirteen dedicated contestants are winning by losing weight and exercising regularly. A special welcome to the three from the Downtown Center!

The sign-up period was extended one week to encourage more participation, and so we are adjusting the length of the program down to seven instead of eight weeks. The final weigh-in for those who signed up the week of January 11 will be during the week of February 29. The final weigh-in for those who signed up the week of January 18 will be the week of March 7, and awards will be made during exam week.

Please adjust your goal, if necessary, at your next weigh-in.

SHORTS - LCC art instructors have taken their art on the road. February 10 through March 2 the instructors will exhibit work at the North View Gallery at Portland Community College.

- The mainframe computer will be down to all users (including E-Mail) the weekend of February 13, 14, and 15. The operations staff will be updating the mainframe system while the rest of LCC staff takes a three-day holiday. If you have questions, call Jerry Nehring, ext. 2245.

OF NOTE - Five LCC Speech/Forensics students (Mark Llerena, Serene Spiker, Brad Neuschwander, William Becones, and Vincent Jones) represented LCC February 5 and 6 at Clackamas Community College's Northwest Forensic Conference Invitational Tournament, which hosted 28 colleges and universities and over 250 students from Arizona, Idaho, Washington, and Oregon. We are happy to announce our first trophy for our newly established forensics team--a first place in extemporaneous speaking--awarded to William Becones, who earned a perfect score competing with University of Oregon and Carroll College students (among others) in his final speaking round. Neuschwander, Spiker, and Jones also earned first and second rankings in preliminary speaking rounds of extemporaneous speaking and dramatic interpretation.

The LCC team will compete again in April, thanks to ASLCC's generous support for our activities.

STUDENTS HOST CONFERENCE - The Sigma Zeta Chapter of LCC is hosting the 1988 West/Northwest Regional Conference of Phi Theta Kappa this Saturday and Sunday, February 13 and 14, at Nendels Motel. Sigma Zeta is the local chapter of the national community college honor society Phi Theta Kappa.

The theme of the conference will be "A Celebration of the U.S. Constitution." Lots of Good from Your Pint of Blood

When you donated a pint of blood a decade ago, your blood was probably transfused as whole blood to one specific patient. Now, with plastic bag systems for collection and high-speed refrigerated equipment for processing, your pint can treat many patients.

Here's how one pint of your blood can be broken down and used:

- Red Blood Cells carry oxygen and iron, and help anemics.
- White Blood Cells combat infections, and aid those with leukemia whose natural defense systems are weakened.
- Plasma helps trauma victims and offers defense against viral diseases.
- Platelets, which induce clotting, are valuable for patients with leukemia and hemophilia, and those undergoing bone marrow transplants.

ALL-STAFF MEETING

President Turner has called an all-staff meeting for Thursday, February 18 at 2:30 p.m. in the Performing Arts Theater. The purpose of the meeting is to provide information on the budget status of the College. All staff members are encouraged to attend.

The All-Faculty Conference that was scheduled for Thursday at 2:45 p.m. will not be held.

ATTENTION FACULTY

There will be an all-faculty bargaining unit meeting on Friday, February 19, at 3:30 p.m. in FOR 308-309. The results of the factfinders report on contract proposals will be presented for discussion. George Alvergue, Social Science, ext. 2433.

PROMOTION UPDATE

LCC is beginning a major promotional push that includes TV advertising on all three local channels, and LTD bus cards. Both will run February 15 through March 15. The TV spots emphasize good teaching and teachers who care. One showing scenes of a classroom started this week, and the other showing a college freshman will be phased in as soon as it is completed. Listen for radio spots promoting spring term and emphasizing good teaching March 7 through March 19. A series of small ads will run in the Register-Guard newspaper March 6 through March 16. The Spring Term Class Schedule & Report arrives in homes on March 4. For more information about these promotional efforts, contact Diane Dann, Institutional Advancement, ext. 2592.

HOUSING SUIT SETTLED

LCC received a check for \$124,515 in an out-of-court settlement in a lawsuit against Adult Student Housing Inc. (ASH) of Portland. The non-profit organization ASH built the apartment complex Ashlane in 1972 with a low-interest loan from the U.S. Department of Housing and Urban Development, and agreed to rent to LCC students at regulated rates. It also agreed that the apartments would be deeded to the College when the HUD loan was retired in the year 2013. In 1984, when ASH became a for-profit corporation it took back the deed being held in escrow for LCC. The College filed a suit in 1986 seeking return of the deeds to escrow and the property to the College in the year 2013. After negotiation, ASH agreed to pay LCC an amount equal to the estimated value of the apartments in the year 2013--\$1.1 million--discounted to the present. The money has been placed in an interest-bearing account until a recommendation can be made regarding its use.

A FRIEND PASSES ON

Heimo Matson, a member of the LCC grounds crew from 1976 to 1981, died Monday after a long illness. There will be no funeral or flowers but visitation services will be held today until 8 p.m. at the Chapel of Memories Funeral Home (3745 W. 11th).

MOVED

The Student Employment Service, which includes College Work Study, has moved to a new location. It is now located in FOR 311 and 312 and can be reached at 726-2217 or ext. 2217.

FINANCIAL AID AWARDED

LCC court reporting student Amanda Essner was the recipient of the first-ever Financial Aid Award of \$500 from the Oregon Shorthand Reporters Association. Amanda has actively sought ways to increase her academic competencies by completing courses in addition to those required for a certificate from the program. The OSRA vice president presented the award to Amanda at a ceremony at the Downtown Center attended by staff and fellow students. We wish to congratulate Amanda on her pursuit of excellence.

VOCATIONAL EDUCATION AWARDS CEREMONY

All staff members are invited to attend the reception and awards presentation ceremony tonight, 5:15 to 6:30 p.m., in the cafeteria. The awards honor local business people and college staff for their outstanding contributions to vocational education.

ALL-STAFF MEETING TODAY

President Turner has called an all-staff meeting for today at 2:30 p.m. in the Performing Arts Theater. The purpose of the meeting is to provide information on the budget status of the College. All staff members are encouraged to attend.

The All-Faculty Conference originally scheduled for today at 2:45 p.m. will not be held.

PRESENTATION MADE

Yesterday, the Disability Advisory Club presented President Turner with a certificate of \$400 toward the purchase of an FM Loop System. This is an audio system for students with hearing disabilities. The presentation was made at a membership social to increase awareness of accessibility rights for persons with disabilities.

NOTABLES ON CAMPUS

Assistant Secretary for Vocational and Adult Education Bonnie Guiton will visit the LCC campus Friday. Guiton is attending a Career Information Service conference in Eugene and has scheduled a luncheon with members of the Executive Council. While on campus she will visit Cooperative Work Experience, Dislocated Worker Program, Art & Applied Design, and the Nanny program. In her position as assistant secretary, Guiton administers programs of grants, contracts, and technical assistance for vocational and technical education, education professions development, community schools, and comprehensive employment and training.

BOARD SEATS ON MARCH BALLOT

Voters will be asked to fill two seats on the LCC Board of Education at the March 22 election. Barbara Doster, postmaster of the Mapleton Post Office, currently holds the Zone 1 seat. Doster will be challenged by R. Thomas Harris of Eugene, and Chuck Ivey of Veneta. Harris is a retired vice president of Wilson Showcase and Fixtures in Orange County, Calif. Ivey is a former Lane County Commissioner.

Mae Westfall Cook of Cottage Grove will run unopposed for the Zone 4 seat. Westfall is executive director of Community Sharing, a private, non-profit human services agency. Bill Manley, who currently holds the Zone 4 seat, learned he was unable to run for re-election because his new residence is two blocks outside Zone 4. Manley owns and operates The Cookie Cottage in downtown Eugene.

KLCC CELEBRATES 21ST BIRTHDAY

Yesterday, KLCC 89.7 FM celebrated its 21st year on Eugene's airways! KLCC has grown in popularity over the years, becoming one of the highest rated public radio stations in the country.

In addition to five full-time and nine part-time staff members, there are approximately sixty volunteers from all walks of life and age groups who keep KLCC operating. Many people trained at KLCC have been hired by the national networks, state broadcasting systems, and local radio and television stations.

Help celebrate 21 years on the air--tune in to KLCC and enjoy!

CLARIFICATION FROM THE OFFICE OF INSTRUCTION

Because I've had some reported confusion about my answer to the question in the All-Staff meeting about reallocation of funds within Instruction, I want to clarify my position:

It is my intent to use excess part-time money in some departments to supplement the efforts in other departments where there is demonstrated need and increased enrollment. The reallocation of money within Instruction will be done to minimize the effect of declining enrollment on contracted faculty, and to make maximum use of all funds within Instruction. Jacquelyn Belcher, Vice President for Instruction

MEMORANDUM

TO: Dr. Richard M. Turner, III
President

FROM: Dick Hillier

Subject: Serial Levy Update, 1987-88

Last summer, the Board of Education was asked to review the projects which we believed should be funded as a result of the 1987-88 Serial Levy approval. Since that time we have identified one project, namely Administrative Recarpeting, 2nd Floor, which could be placed on a "hold status." At this time those monies associated with that project can be more appropriately utilized to fund the following handicapped accessibility items:

1. Automatic door openers for the two main outside entrances to the cafeteria dining areas.
2. Main outside entrance on the east side of the Center-2nd floor.
3. Fourteen restroom doors throughout the Center Building.

Included for your review is an up-to-date status report on all of the projects which were discussed at the August Board meeting. Since time is of the essence for these improvements, we would like to proceed with the projects which reflect the highest priority needs of the campus. The three items which are outlined above are as a result of our recognizing what is in the best interest of the campus as a whole in light of the limited financial resources. We are currently engaged in discussions regarding the use of next year's serial levy funds, and we will inform you of our recommendations as soon as a list of the projects is developed.

TODAY - All-Faculty Conference, 2:30 to 3:30 p.m., FOR 309

BOARD NEWS

At last week's board meeting, action was taken to have the College continue to operate on the quarter calendar. For budgetary reasons, the Board suspended the Insurance Adjusting Program, effective at the end of spring term. The door was left open, however, to restoring all or part of the program in the future and moving it to the Business Department. In other business, the Board took no action on a proposal to split LCC's present tuition scholarships into smaller amounts in order to share the money with a larger number of students. Associated Students of LCC vigorously opposed the proposal, which would have cut full-time grants of six ASLCC officers. Athletics and Performing Arts students would have been among gainers of the shared monies.

The Board accepted the resignation of Robert M. Blucher from the Data Processing program. He has been at LCC since 1976; he now is taking classes at the University of Oregon, teaching at the U of O, and doing some writing. Tamara Pinkas, marketing specialist in Training and Development, moves to a job as CWE coordinator.

PHONE BOOK UPDATE

The PNB phone books have arrived. They will be delivered to departments throughout the week, as time permits. For old book disposal, call Curtis in the Student Resource Center (2nd floor CEN), ext. 2342, and he will pick them up--or take them by yourself. Donna Morgan, Campus Services, ext. 2565

BUDGET PROBLEM AGAIN UPON US

If you missed last Thursday's all-staff meeting, you should know that next fiscal year's budget probably will be between \$600,000 and \$1 million short of what we need to operate present programs and services. Dick Hillier, vice president for Administrative Services, said the College is studying ways to cut costs; he suggested that staff share ideas through department heads. One possible source of new income is voter approval this spring of a new tax base. The Board of Education will consider putting a measure before voters at the March or April meetings.

COURSEWARE DEMONSTRATION

School Futures representative Gene Small will be on campus Thursday, February 25, 10 a.m. to 5 p.m., demonstrating interactive videodisc courseware in room 423C of the Center Computer Lab.

Interactive videodisc technology combines the power of the computer with the realism of video. A typical system includes a videodisc player, color monitor, and frequently, a microcomputer. The technology permits individualized, self-paced instruction with discriminate feedback.

The demonstration will feature courseware produced by Health EduTech, Inc. This company produces and markets generic and custom interactive videodisc programs in three main areas: HEALTH--addressing current public requirements, such as safety and AIDS education; EDUCation--emphasizing adult basic skills, particularly in reading and math; and TECHNOlogy--focusing on the use of the personal computer. The math series, which ranges from basic math to applied algebra, also features both English and Spanish audio tracks.

For information, call the Center Lab, ext. 2436.

ATTENTION PRESIDENT'S CLUB MEMBERS

All 1988 President's Club members are invited to a reception to meet our new Foundation Director Joe Farmer. It will be held at 3:30 p.m. on Thursday, March 10 in the Board Room. Enjoy munchies and a beverage with fellow members of the Club and shake the hand of the man who is destined to enhance Foundation fortunes. Mark your calendar now - let's give Joe a rousing welcome!

WATCH FOR ERRORS

When you get your medical bill, look it over thoroughly. Mistakes can happen. Check accuracy of your name, address, group and identification numbers. Look at the services or supplies on the bill to see that you aren't billed for services or supplies you didn't receive. For example, you might have been charged for x-rays or lab tests that were ordered but later cancelled. It's not unheard of for someone to accidentally be billed for services that someone else has received. Finally, add up the figures yourself to make sure there are no mathematical errors.

If you do find a mistake, let your doctor or hospital know about it right away. If they agree, they can either send you a corrected billing, or you can cross out the incorrect item, and indicate on the billing that it is an error with your signature or initials beside the incorrect item. Then resubmit the bill to your insurance carrier for payment. If your doctor's office or hospital does not agree, you can call the claims department of your insurance carrier for assistance. YOUR OPINIONS ARE NEEDED

LCC is beginning a process to reexamine its mission, goals, and vision for the future. As part of the process, all contracted staff will be asked to complete the Community College Goals Inventory (CCGI). You should receive the survey during the first week of March. Developed by the Educational Testing Service, the CCGI is designed to stimulate discussion on a community college's policy and present and future directions. The results will be used as a tool to guide future planning, budgeting, and marketing activities. Responses to the CCGI will be completely anonymous. Your opinions and perceptions of LCC are important, so don't forget to complete this questionnaire! For further information, call Julie Aspinwall-Lamberts at ext. 2576.

COMING SOON

The first step in successful grantsmanship is finding appropriate funding sources. The second step is convincing that source that you've got a great idea and that their money will be well spent. Coming soon to the LCC Learning Resource Center is a Grant Resource Library that pulls together into one place on campus a variety of materials that can help you look for money and write compelling applications. EXCELLENCE RECOGNIZED

LCC's Career Information Center received the 1987-88 LES ADKINS award for career guidance excellence from the Career Information System Board at a recent conference held in Eugene. The award was established to provide a mechanism to recognize outstanding achievement by professionals and institutions in their work in the career development of youth and adults throughout the state of Oregon.

LCC's Career Information Center was started in 1973 by Margie Lorence based on groundwork laid by Betty-Coe de Broekert. Phyllis Ryan coordinated the center from 1979 to 1983 when Jean Conklin took over. Commenting on the award Jean said, "Part of the excellence can be attributed to the Student Service Associates that staff the center. In addition, the Career Information Center has received strong institutional support from John Bernham, Director of Counseling, and from Vice President of Student Services Jack Carter. It is very gratifying to be recognized for one of the integral services LCC provides its students-- the assistance we offer in career guidance."

FUTURE BUSINESS LEADERS COMPETE

About 300 students plus 30 teachers and parents were on campus last Saturday for the high school Future Business Leaders of America district office skills competition. Representatives from 17 high schools in this area competed for the right to go to state and national office skills competitions. This was the second consecutive year that LCC hosted the district contest, and the second year that it was facilitated by Greg Harpole of LCC's Office Administration faculty. That's the program which won the 1987 State Department of Education award as best postsecondary vocational program in Oregon.

COLLEGE HIGH CONFERENCE HELD

A College High Student Conference will be held on the LCC campus this Wednesday. Approximately 150 students from several area high schools will participate. The purpose of the conference is to provide information for transition from high school to college. Sessions are planned in Future Work Trends, Career Planning Ideas, Study Skills Workshops, as well as LCC tours and opportunities to sit in an LCC class. Many LCC staff members are participating.

Students in LCC's College High Program, coordinated by Judith Gabriel, earn college credits while fulfilling high school graduation requirements. The earned credits transfer to most colleges and universities. Currently, seven high schools participate in the College High Program. The number of students in the program has nearly doubled in the last three years. Judith said, "The high quality of the program and the important community service it provides are the reasons for the program's continued growth and success."

TAX INFORMATION BOOKLETS

The Explanation of Tax Reform Act of 1986 for Individuals (Pub. 920) and for Business (Pub. 921) are available free at the Information desk, first floor of the Administration Building. Rose Holeman, Personnel Services, ext. 2584

ON THE AIRWAVES

Lynne Swift, counselor in Training & Development, Jan Brandstrom, counselor, and Jean Conklin, coordinator of the Career Information Center, will be interviewed on the KWAX program "Oregon Tonight" on Wednesday, March 2, 6:15 to 7 p.m. They will talk about careers, career development, job trends, and LCC resources and programs to assist career decision-making.

LCC STUDENTS PERFORM COMIC DRAMA

THE HOT L BALTIMORE, a comedy-drama, will be performed at LCC's Blue Door Theatre on March 3, at 4:30 p.m., and March 4-5 at 8 p.m. The play, written by Lanford Wilson and voted Best American Play 1972-73 by the New York Drama Critics Circle, will be performed by LCC students.

The play is about the residents of a run-down hotel who are about to be thrown out into the streets. Its drama concerns the failure of people to take care of each other and to help their neighbors realize the best in themselves. The comedy is in the everyday encounters among the residents.

Tickets are \$3 for the evening shows and \$1.50 for the afternoon opening. Buy them at the door or in advance by calling the box office at 726-2202 between 9 a.m. and 1 p.m. weekdays.

Lauri Patterson and Larry Murray, for all their support, advice, and patience over the past two years. I will miss Lauri very much.

Ron Mitchell and Jim Ellison, for actively encouraging their staff to take chances and try new ideas in order to expand and promote computer access to all of LCC's student population.

"The Dynamic Duo," Alen Bahret of the Center Lab and Tom Taylor of Electronic Services, for solving some horrendous hardware and software problems, and making things work like they should.

Heidi von Ravensberg--student, friend, and lab assistant extraordinaire, for opening the eyes of many of us to the tremendous potential of computer technology for the visually impaired, and the possibility of making that technology available at LCC. Anne Bacon
