CAMPUS TOURS AVAILABLE

You don't need to do your own campus tours for new employees, work study students, new or potential students or campus visitors. The College has two employees who are specialists in this area. For individual or group tours, call Ginger Yamamoto or Shan Titus of Admissions at ext. 2688.

NEWS FROM THE WAREHOUSE

In an effort to increase the speed and efficiency of delivery service to departments on campus, UPS parcels and Federal Express documents clearly marked with the department name will be delivered by UPS and Federal Express personnel. When ordering, a department should be as specific as possible as to where it wants the merchandise delivered (dept., person, room, etc.). Parcels not specifically designated for a department or recipient will be delivered by warehouse personnel. If you have questions, call Steve Evans at ext. 2453.

DISCOVER YOURSELF

Join the "Fit For Life" conditioning class for staff. Discussion, activity instruction, and physical testing sessions will give you a good start toward developing your personal exercise program. Attend the first meeting on Tuesday, October 4, at 11:30 a.m. in HEA 269. For more information, call Kurt Schultz, ext. 2545.

ATTENTION COMPUTER USERS

- Does your Kaypro computer prompt you for the time and date? If so, your computer can be modified with a battery pack replacement kit that will automatically bring up the time and date when you turn on your computer. The cost is \$18. Please fill out a Service Request form and send it to Electronic Services. A technician will contact you to make arrangements for this modification.

- Jim Cox is available for consultation and assistance regarding various microcomputer-related problems including microcomputer software installation and printer problems. Jim's scheduled hours are Monday through Friday, 8 a.m. to 3:30 p.m., and he is located in CEN 15A. He can be reached at ext. 2369 or by E-Mail.

DISPLAY ITEMS AVAILABLE

LCC display items are available for your campus or community information event. Call Shan Titus or Ginger Yamamoto in Admissions, ext. 2688, if you would like to borrow any of the following display items: LCC tablecloths, felt banners, large vinyl banner, tabletop display with photos and text (display is generic for use by any department--or departments can exchange photos and text for their own if they wish), literature holders and brochures, life-size photographic figure (created by David Joyce), and an LCC blue ribbon. We'd like to put these items to good use, so give us a call!

Lane Community College

Office of the President

September 30, 1988

Dear Colleague,

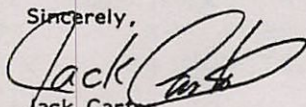

It is that time of year when you are called upon to assist our community in the United Way of Lane County Campaign for 1988-89. Lane Community College helps support several of the human service programs funded by United Way. Your donation stays in Lane County and helps provide over 140,000 services to people in need, through 77 programs.

It is a pleasure to call your attention to the record year of giving by LCC staff last year. We exceeded our goal, and the College received the Silver Award for giving over 50% of potential. This year the campaign goal is \$10,000, which represents an increase of 8% over the last campaign.

LCC campaign representatives this year are Kathleen Wiederholt (Learning Resource Center) for faculty; Sandy Young (Food Services) for classified staff; and Jim Ellison (Weekend College) for administrative staff. Helen Hunter (Weekend College) is coordinating the overall LCC campaign again this year.

Our college community traditionally has demonstrated its caring for the needs of so many of our fellow residents through the annual campaign of the United Way. Within a week, you will receive a pledge card for your contribution. May I ask you to join Lane Community College volunteers and me in strengthening the United Way effort for 1988? Thank you.

Sincerely,

Jack Carter
Interim President

QUICK WORK, MEDIA CENTER!

LCC's new Media Center operating out of the Mass Communication Department met the challenge of two requests from Institutional Advancement last week. Last Friday, it provided videographers to tape the ping-pong ball drop for the KVAL-TV evening news when KVAL came up short of a crew. The Center also provided I.A. with a taped fanfare with only one hour's notice. The Center is destined for more substantial projects (like creating an LCC slide show), but we did appreciate its help and quick turnaround on our small requests. For more information about the Media Center, call Jim Dunne, at ext. 2472.

GO FOR SUCCESS

Tuesday morning's Health and P.E. staff meeting was interrupted by President Carter who was there to present the College's staff marketing award. LCC's coaches and coaching staff were honored for their efforts to raise scholarship money and for their work to attract and serve LCC students. Recipients were: Dale Bates, Lyndell Wilken, Bob Foster, Ed Jacobson, Gary Knapp, Dave Loos, Kevin Myers, Sue Thompson, Judy Ward, and Harland Yriarte. Diane Dann, Institutional Advancement

ATTENTION XENOPHILES

LCC is now a member of the Faculty Exchange Center (FEC) making it possible for interested faculty members to exchange positions with colleagues from other institutions in America and abroad. The Office of Instruction has received the latest directory containing names of instructors, their institutions, fields of specialty, and the region in which they prefer to teach. This is truly an international opportunity for each of you. Please call Del Blankenship at ext. 2308 to see the directory.

CREDIT HEADCOUNT UP TO 7,100

Evidence continues to mount in support of the contention that LCC enrollment will be up fall term. The credit headcount reached 7,100 as of Friday, September 30, according to Interim Vice President Bob Marshall. At the end of fall term 1987, it was 7,200, Marshall said, suggesting that it could yet climb this fall to 7,700 or 7,800. The full-time equivalency (FTE) count was up 75 as of Friday, September 23. It appears that the College is on track to reach and surpass the 7,555 FTE projected for 1988-89. As for non-credit enrollment, no numbers are in yet, but officials have the impression that the total will exceed that of fall term 1987.

CC CONFERENCE COMING UP

The ninth annual conference of the Community College Humanities Association will be held November 3, 4, and 5 at the Stouffer Madison Hotel in Seattle, Washington. Registration forms for the conference may be picked up in ADM 210.

LCC'S EUGENE CELEBRATION INFORMATION BOOTH A GREAT SUCCESS!

Bill Porter, Community Events Coordinator

WELCOME

The folks in Institutional Research, Planning, and Evaluation would like to welcome Marie Matsen to the position of research analyst/computer specialist. Marie has been a longterm LCC employee and brings a wealth of skills and knowledge to the position. Marie's office is in ADM 116 and her extension is 2364. Please join us in giving her a big welcome!

WHERE'S THE CHAIR?

A red canvas director's chair with a wooden frame was borrowed from the LCC promotional booth equipment stored in a classroom on the lower-level of the Health Building. This occurred during the summer but has not been returned. Anyone knowing its whereabouts should contact Bill Porter, ext. 2100.

WE HEARD YOU!

Many of your suggestions during the All Staff Inservice (September 19) dealt with our search for a new president. Because of the immediacy of the selection process, we've given your ideas to Sue Colvin (Personnel Services), who is coordinating the search process. The Planning Task Force has recommended that these suggestions be shared with the Search Committee as soon as possible. Thanks for your input into this vital LCC effort! Julie Aspinwall-Lamberts, IRPE

FIRST FACULTY FORUM: Thursday, November 27, 2:30-4:30 p.m. in Forum 309

Information will be presented by a panel of experts, pro and con, to be followed by discussion and questions about Ed-Net, the proposed statewide telecommunications network. This is an \$8 million item in Governor Goldschmidt's budget to be presented to legislature this coming January. Ed-Net technology will transmit video, computer data, and voice communications between all involved institutions.

According to the Legislature's Feasibility Study, the purpose of Ed-Net is:

To strengthen Oregon's educational and economic infrastructure. Ed-Net would enhance current education, training and information activities of the organizations that use it. Using the network, organizations could deliver courses, data, information, meetings, etc. to virtually any location in Oregon. They could also access such resources from any location in Oregon and beyond.

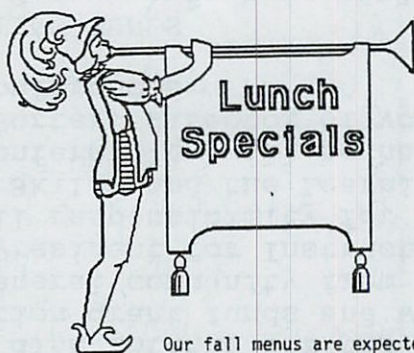

The Ed-Net system proposes to serve: K-12 through university, libraries, business and industry, government agencies, community service organizations.

QUESTIONS: How will L.C.C. and other Oregon institutions benefit?
How will Ed-Net affect you, your workload, and the quality of your program?
Should the state spend \$8 million at this time on this proposal?

AN OPEN FORUM: Because of the expense and potential effects on education, the Faculty Forum is open to other community colleges and the larger Eugene community.

WHAT YOU CAN DO? Mark your calendars, see the whole Ed-Net proposal on reserve in the library or the summary available soon in campus departments, and ATTEND THE FORUM TO INFLUENCE L.C.C.'S AND OREGON EDUCATION'S POSITION AND POSSIBLE PLAN OF ACTION. Jay Marston, Science, ext. 2446

CLARIFICATION PROVIDED

Several times over the past several years, the question about the right of staff and students regarding political persuasion activities has come up. The following is provided to clarify these questions:

The law, (ORS 260.432) Solicitation of public employees; activities of public employees during working hours, provides that it is unlawful for persons to coerce employees to promote or oppose the nomination or election of a candidate or the adoption of a measure. The law specifically states, however, that this does not restrict the right of a public employee to express personal political views.

College legal counsel's position and the college practice is that it is fine for staff and students to wear buttons of their political persuasion on candidates or measures. Signs expressing political views are subject to college posting regulations. Staff and students are expected not to attempt to persuade others on political views during paid time or by use of college equipment, facilities, or property. Larry Warford, Office of the President, ext. 2302

CCS LOOK AT FOREIGN STUDY

In July, the American Institute for Foreign Study initiated contact with Jacquee Belcher, Vice President for Instruction. AIFS asked Vice President Belcher to take a leadership role in sharing information about AIFS with Oregon's community colleges. Dr. Belcher contacted a number of Oregon's larger to mid-size community colleges to share preliminary information about AIFS and discuss the possibility of forming a consortium to examine the feasibility of an AIFS linkage. The intent of such information sharing was to familiarize the colleges with AIFS and its College division which provides educational management services to U.S. colleges that wish to have their own educational program abroad. Five Oregon community colleges (Chemeketa, Clackamas, Lane, Mt. Hood, Portland) decided to meet for further exploration and discussion about establishing an international education consortium.

Vice President Belcher made periodic reports to Executive Council about discussions among the five colleges with and regarding AIFS. The presidents of all five colleges were aware of on-going discussions and gave preliminary approval for an international education consortium and approved continued contact with AIFS.

Following a series of meetings planned and coordinated by Dr. Belcher, these five colleges agreed that the AIFS proposal warranted further consideration. As a result, AIFS scheduled a site visit in London for the interested Oregon colleges. Site visits are part of the customary proposal AIFS submits to interested colleges/consortiums.

Representatives from Lane and Mt. Hood (one from each college) made up the site visit team; representatives from Chemeketa, Clackamas, and Portland were unable to attend during the time period established by AIFS for the site visit. The total cost of the site visit was paid by AIFS.

The purpose of the site visit was to allow interested colleges to examine AIFS college programs from every aspect: academic and instructional support programs, student and faculty support services, student and faculty accommodations, social and cultural activities, student enrichment programs, facilities, and adjunct faculty arrangements. The site visit team met with faculty, staff, and students; visited all facilities; attended classes; and became familiar with all auxiliary and support services.

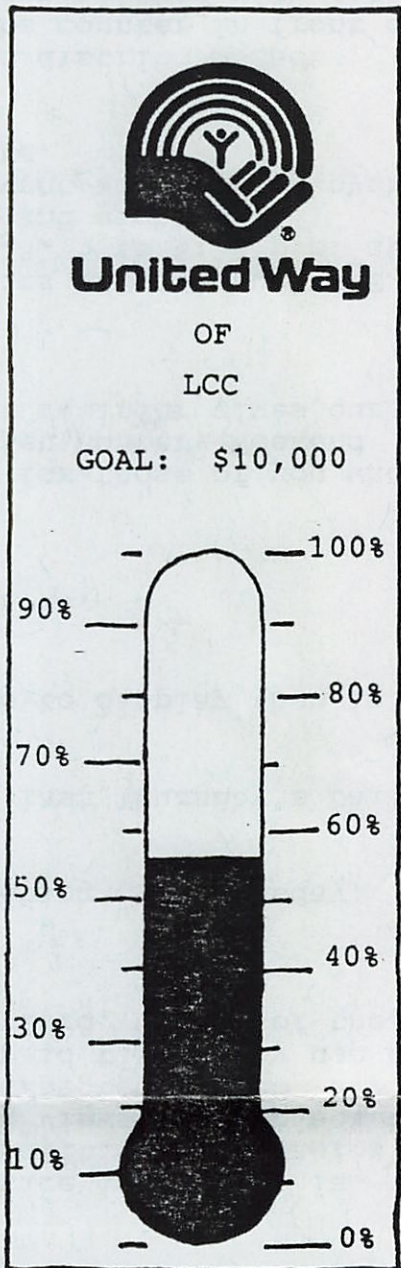

AIFS developed a comprehensive and tightly planned agenda for the site visit, as well as making all travel and accommodation arrangements. AIFS planned the entire schedule for the 6-day site visit (September 24 to October 1 with two full days for air travel); the schedule permitted minimal discretionary time for site visit team members.

Representatives from Chemeketa, Clackamas, Lane, Mt. Hood and Portland will continue to meet regarding the AIFS proposal. Vice President Belcher will continue to chair the group and to plan, coordinate, and facilitate meetings. The group will examine closely the benefits that would be available to the colleges involved, their faculty, and their students.

Certain information about potential benefits is already known. The colleges would retain complete academic control of any instructional program abroad involving AIFS, including selection of faculty, choice of courses/curriculum to be taught, and approval of adjunct faculty. All college credits earned by students would be part of the colleges' authorized course offerings and will appear on the participating students' transcripts from their home institution. These arrangements allow students to make normal progress toward their instructional program while benefitting from international resources and cross-cultural experiences. Students who participate can receive financial aid for study abroad. AIFS also provides a course on Life and Culture at no cost to the home institutions.

An integral part of the AIFS programs is the use of instructors from the "home" institutions. Faculty are selected by the home institutions to teach abroad. Faculty participation in international education programs offers significant professional development opportunities and is a major benefit.

Further information about AIFS is available in the Office of Instruction. Additionally, the LRC has a videotape about the AIFS London program that provides a program overview including student commentary. The videotape is available for anyone to view.

SHORTAGES AHEAD

The newsletter of the American Council on Education cites a future shortage of faculty in several disciplines including computer science, business, mathematics, health professions, and engineering. In 1987, only 25 percent reported increased difficulty.

MARK YOUR CALENDAR

A representative from the American Institute for Foreign Study will meet with interested faculty on Tuesday, October 25, 9 to 10:30 a.m. in FOR 308. If LCC decides to take part in the program, LCC instructors would be able to teach abroad. ATTENTION FACULTY

The Office of Instruction invites you to attend a meeting on Tuesday, October 25, to hear about the London Study Program. Mr. Colin Speakman, Director of Academic Programs at the American Institute of Foreign Study, will be on campus to answer questions about the program for all interested faculty. Faculty from Chemeketa Community College have been invited to attend. The meeting will be held from 9 to 10:30 a.m. in Forum 308. For more information, call the Office of Instruction at ext. 2306.

ELECTION UPDATE

As most of you know, LCC is asking voters at the November 8 election for permission to continue its present level of programs and services through at least the next three years. The request comes in the form of a proposal for a \$1.3 million increase in the college's tax base. If approved, the new base would go into effect next July 1, 1989. College officials estimate that the ballot proposal would cost property tax payers 19-cents per \$1,000 of assessed property value. The owner of a \$60,000 home would pay an estimated additional \$11.40 in LCC taxes for the 1989-90 year. Voters last approved a base for the college in 1980.

In the last two years, LCC cut back its operation by \$3.6 million, eliminating 89 full-time equivalent positions from its staff. None of the cuts will be restored. Without a new tax base, college officials say they will have to continue to cut back. About \$2.1 million, including 55 more staff positions, will have to be eliminated in the next three years. The request comes at a time when enrollment is stabilizing and a growth of five percent is forecast for the next three to four years. A recent survey showed that more than half of Lane County households have had one or more people enrolled at LCC in the last five years. A third of people contacted said they plan to take an LCC course in the immediate future. The new \$16.3 million base that would result from approval of the November 8 election measure provides that local taxes continue to be the largest source of college income. Local taxes supply 42 to 43 percent of operating revenue. The state pays 27 percent, the federal government about 9 percent, and tuition and fees make up the remaining 21 percent.

CONGRATULATIONS

The Oregon Small Business Development Center Network (OSBDCN) recognizes the important contribution that support staff make to the SBDC program. The Support Staff Award is given each month to an important player on the OSBDCN team to acknowledge the effort that has been made to help build the "best-run businesses in America." This month's award goes to Barbara Cardwell. Edward "Sandy" Cutler, State Director of the OSBDCN, presented a certificate of appreciation to Barbara during an in-service meeting for all of the support staff from the SBDCs throughout the state on October 5. Barbara was recognized for her diplomacy and ability to find solutions to what often seems to be insurmountable problems.

ACTIVITIES CLEARED

Several questions have been received regarding the distribution of the New Testament, Psalms, Proverbs by the Gideons International. All requests to distribute literature on campus are received and approval granted by Student Activities. The college does not take a position on any first amendment activity that is conducted on the campus except where the person or persons exert undue pressure on our staff and students or are disruptive to the mission of the institution. Under college practice, these people are free to distribute materials. Bob Marshall, Interim Vice President of Student Services

BOARD WRAP-UP

The LCC Board of Education ratified the classified union contract last Wednesday. The three-year agreement will be retroactive to July, 1988 and provides, in addition to wage increases, improved insurance benefits and a \$150 bonus each year for employees on Step 8 who did not receive a step or bonus during the previous year. The Board also agreed to contract with Consultant Pat Fitzwater, of the Oregon School Boards Association, to assist with the presidential search. College Mission, Unifying Principles, Philosophy and College-wide Goals were formally adopted. KLCC was given the go ahead to pursue the construction of a transmitter in Newport. Finally, the Board confirmed the appointment of Lyn Francis and Aimee Phillips to the Transitions to Success Advisory Committee. Joella Ewing was appointed to the Nursing Programs Advisory Committee. All appointments continue through June 30, 1989.

LISTENERS END KLCC RADIOTHON IN RECORD TIME

Listeners of KLCC 89.7 FM pledged the most amount of money in the least days to end Radiothon in record time. The \$65,000 goal was reached eight and a half days after Radiothon began. The pre-Radiothon "Thonbuster Campaign" brought in \$12,100 from nearly 300 mail-in pledges. Then 1405 phone pledges brought the grand total to \$65,000. This was KLCC's largest goal to date. A big thanks goes to all the listeners who pledged their hard-earned money, volunteers who staffed the phones at all hours and sorted through stacks of paperwork, the many wonderful businesses who offered an incredible variety of premiums as incentives to the listeners, and those businesses and listeners who provided food and moral support to the station.

FLU VACCINE AVAILABLE

Student Health Services is offering flu vaccine for staff members and students at a cost of \$6. The vaccine is available from 8 a.m. to 12:30 p.m. and 1:30 to 4 p.m., Monday through Thursday, and from 10 a.m. to 12:30 p.m. and 1:30 to 3 p.m. on Friday. The vaccine is recommended for healthy persons over 65 and for persons under 65 who have serious, chronic medical problems. However, the vaccine is available for persons who do not meet these guidelines. The flu vaccination should be completed by November 30. If you have questions, call Student Health at ext. 2665.

COLLEGE WORK STUDY WORKSHOP

Having difficulty with College Work Study? A workshop will be conducted Wednesday, October 26, at 3 p.m. in Center 423C to share some techniques and ideas that have been successful in some departments. We will help you customize a very simple and easy to use spreadsheet program to help you keep track of hours, scheduling, etc. We also will give you copies of guidelines to assist you in hiring, training, and managing work study personnel. Bring your own 5 1/4 floppy disk to take your program back with you. Anyone with ideas and information they have developed and are using successfully are encouraged to share with the group. Please contact Anne Bacon, Center Lab, ext. 2436, if you wish to attend.

ATTENTION FACULTY

The Office of Instruction invites you to attend a meeting on Tuesday, October 25, to hear about the London Study Program. Mr. Colin Speakman, Director of Academic Programs at the American Institute of Foreign Study, will be on campus to answer questions about the program for all interested faculty. Faculty from Chemeketa Community College have been invited to attend. The meeting will be held from 9 to 10:30 a.m. in Forum 308. For more information, call the Office of Instruction at ext. 2306.

ELECTION EFFORT MOVING ALONG

The Advocates have reported to The Daily that the Springfield News and Eugene Chamber of Commerce have endorsed LCC's tax base at the November 8 election. Canvassers will visit 30 key precincts this month to promote the election effort. An estimated \$2,000 to \$3,000 of radio ads about the tax base will begin soon and lawn signs should be in place this week.

LEGISLATION VIEWS SHARED

Marion Craft, Senior Vocational Education Officer, U.S. Department of Education, Washington, D.C., will be on campus as a guest of the CWE Department on Thursday, October 27. She will make an informal presentation from 10 a.m. to 12-noon in the Board Room. She will share her views on new legislation as well as the format for the Office of Education in Washington, D.C. All staff members are invited to attend. For more information, call Bob Way, CWE, ext. 2203.

DON'T MISS THIS SHOW!

A portion of "Oregon Biennial 1987," an exhibit celebrating Oregon art and artists, opened this week and runs through November 11 at the LCC Art Department Gallery. The Biennial selection was an open competition including work in all media except film and video. Eighty-eight artists were chosen from 420 entrants to be included in the exhibition.

The LCC exhibit is titled "Works on Paper" and includes 37 pieces of the "Oregon Biennial 1987" show consisting of drawings, prints, paintings, photographs and mixed media. Three Eugene artists are included: Jani Hoberg, Ken O'Connell, and Aaron Friedman. The show is sponsored by a major grant from US WEST with additional support by PacifiCorp, James River Corporation and Pacific Telecom.

The gallery is located in the M&A building. Hours are Monday through Thursday, 8 a.m. to 10 p.m. and Friday from 8 a.m. to 5 p.m.

FILING INSURANCE CLAIMS

Most of the time the insurance forms needed to file a claim for payment of medical services can be completed in the admitting office of your doctor or hospital. Your identification card will have the group number, social security number and certificate number (if needed). After services have been completed, the doctor's office or hospital office will send the claim direct to the insurance company. If you receive a statement that has not been billed, write your social security number, group number and certificate number (SelectCare) on the statement and send the statement to the insurance company. If you have any questions about the procedure, call Marie Nelson in Personnel Services at ext. 2590.

SUBMISSIONS SOLICITED

Denali Magazine is accepting submissions for poems, prose, artwork and photography for the fall issue. The submission deadline is November 2. You can pick up submission forms at the Denali Office, CEN 479D, or at the Student Resource Center desk in the Center Building lobby. Submissions from staff members, students, and the general public are welcome. Kimberly Buchanan, Denali Associate Editor

WATCH YOUR MAIL

Remember September 19 when we all gathered to talk about LCC's response to several major issues? That meeting resulted in more than 200 pages of suggestions. A number of these ideas already have been referred to the presidential search process. The rest have been compiled in a summary report coming to you next week through campus mail. Watch for it. Find out how people suggested we tackle our major concerns. The next step will be to use this information in our departmental planning process in November. Planning Task Force

JAMAICANS NEED FUNDS

The thirteen Jamaican women who attended LCC this past year returned home a few weeks prior to Hurricane Gilbert. I have been in contact with the women since then and have learned that all of the women were affected by the hurricane and are in need of assistance. Several women had the roofs of their homes blown off or damaged, and all of them have suffered water damage to their furnishings and belongings. Food is becoming scarce and extremely expensive. Due to the shortage of building materials, there is little work available for the women to earn the money they need to afford to pay the high prices for groceries and materials to repair their homes. Staff members interested in contributing money to assist the women should contact me at ext. 2883 or 344-6483. Linda Myers, Industrial Technology

SUPPORT GROUP AVAILABLE FOR STUDENTS

A support group for students will be held on Fridays from 12-noon to 1 p.m. in Center 219. The group, led by Izetta Hunter, is open to anyone. Drop in or sign up in the Women's Center, Center 213.

TWO MILLION DOLLAR 'PAYROLL'

President Carter spoke to RSVP volunteers last Wednesday and shared some facts that other LCC people might be interested in knowing. The College has sponsored the Retired Senior Volunteer Program since July 1974. Some 800 people are on the volunteer roster. Portland, with its much larger population, only has 100 more. Lane volunteers work at 80 agencies, all non-profit or health care facilities. Their 141,164 hours a year equal the equivalent of 68 full-time people worth a payroll of about \$2 million. The two oldest volunteers are 92, the youngest 60. The in-betweens include six people who are 90 and five who are 89. In saluting them for their charity, President Carter quoted Rabindranath Tagore, who wrote: "I slept and dreamed that life is happiness. I awoke and saw that life is service. I served and found that in service happiness is found."

CONGRATULATIONS!

Instructor Leigh Bass, Emergency Medical Technician program, received a letter from the Oregon Board of Medical Examiners congratulating her on a job well done. The pass rate for students in Leigh's EMT IV class was 93 percent for both the written and practical exams--well above the state average of 71 and 55 percent. Additionally, the written scores were the highest ever recorded in the state for the EMT IV examination.

LCC WELL REPRESENTED AT CONFERENCE

The Health & PE Department was well represented at the Oregon Alliance in Health and PE convention this month. Six instructors/administrators were presenters. Bob Radcliff, Kurt Schultz, Sue Thompson, Harland Yriarte, Fred Loveys, and Mary Seereiter all shared knowledge in their areas of expertise including: trends in adventure education, marketing, aerobic dance accreditation, strength training, and the Soviet Sports Exchange.

REMINDER

LCC Advocates would like to remind staff members and students that they can still make contributions to the Advocates. They ask that checks be sent to Sandy Young, George Alvergue, Sandy Ing, or Paula Chan-Gallagher.

COMPUTER LAB ENTRY ETIQUETTE

Only registered students who have paid a \$4 lab fee and/or students who have a current lab card (pink for fall) may use the LCC computer labs including the Center Apple Lab, the Micro Computer Lab, and the Time Share Lab in H&PE. Many classes in business, data processing, English, health, social science, etc., have computer lab fees already included in the class fee--those students are entitled to receive a lab card. If staff members have any questions regarding the lab fees, please contact Bob Vogel, Electronics, at ext. 2459 or one of the above mentioned labs.

UPDATE

- Bill Cox has moved to 455 Alexander Loop, Apt. 328, Eugene 97401. Sympathy cards can be directed to him at that address.

PROMOTION CEREMONY TOMORROW NIGHT

LCC will host a promotion ceremony for students completing training in the pilot program "New Jobs" Tuesday, November 1, at 7 p.m. in Forum 308. U.S. Representative Peter DeFazio will be the keynote speaker. The program, co-sponsored by LCC, the Southern Willamette Private Industry Council, and Adult and Family Services, provides training opportunities for welfare recipients and others, primarily females who are single heads-of-households, so that they may gain employment. Participants received six months of training in one of the following areas: office and accounting skills, health unit coordinator, or pharmacy technician. These areas were targeted in response to market research that showed there are job opportunities in these fields. Seven Oregon cities are participating in the "New Jobs" program.

REMINDER

Faculty level-change requests must be received in Personnel Services by November 1.

NEWS NEEDED

Judging by the volume of requests for cards or remembrances I've received fall term, LCCEF membership and college community must be in fine health, etc. This is simply a reminder that I'd like to hear from anyone who has news the Union might wish to share. This need not be only news of ill health, accidents, loss of loved ones. Pleasant news such as marriage, births, campus position changes, awards received would be welcomed. Carroll Barton, LRC, ext. 2640

FACULTY FILM SERVICES

Faculty interested in scheduling films or videos for their classes should contact Terria Burch, LRC, at ext. 2220 or 2673. Roxanne Flowerday, the former film services clerk, has moved into a full-time secretarial position and it will take some time to replace her. Patience during this period of transition will be appreciated. Don Ownbey, LRC, ext. 2277
