FACULTY

REQUEST FOR PROPOSALS

The Oregon Community College Consortium for Foreign Study is requesting proposals from faculty with status of full-time, non-probationary.

Proposals are to teach in London Spring Term 1989. The applicant must be able to teach three (3) five-credit courses in the areas of literature, poetry, drama, art history, western civilization, U. S. history, economics, psychology, or sociology. Applicants must send the following information to the Office of Instruction:

Letter of Application
Resume
Letter of Recommendation from Immediate Supervisor
College Approval through Office of Instruction

The successful applicant will have transportation paid, receive salary same as if teaching at home site, be responsible for own room and board (aid is provided in selecting and finding housing). Spouses and children may accompany faculty at expense of faculty.

Note: The videotape on this program is in the Library. Additional information can be obtained from Judy Dresser or Vice President Belcher.

Deadline: November 10, 1988 at 8:00 A.M.

This is short turn around. The important aspect of this RFP is to be able to teach three different credit courses that are State approved for Oregon colleges.

NEW MISSION STATEMENT

On October 19 the Board of Education adopted a new mission statement for LCC. The statement was proposed by the Planning Task Force based on staff input and an examination of the trends and issues facing LCC. The new mission statement follows:

Mission Statement

Lane Community College is a comprehensive community college whose mission is to provide accessible, high quality, affordable, lifelong education through:

- * Vocational/career preparation and retraining.
- * Skill upgrading.
- * Lower division transfer programs.
- * Personal development and enrichment.
- * Cultural and community services.

(Oregon Revised Statutes 341.009)

Unifying Principles

Unifying principles are highly valued concepts or beliefs which form the basis for policy setting, goal planning, daily operations, and decision-making. They are the corner-stones which support long-lived, successful organizations.

Lane Community College's unifying principles are to:

- * Respect the individual.
- * Provide quality learning experiences.
- * Commit to excellence.
- * Ensure a participatory environment.
- * Connect with our community.
- * Communicate openly.
- * Manage with goals.
- * Promote a sense of achievement.
- * Develop a sense of community ownership.

Philosophy

Lane Community College strives to be a dynamic, forward-looking organization focusing on the needs of individuals as they grow, learn, and adapt throughout their lifetimes to the changing demands of occupational competence, responsible citizenship, and personal living.

To accomplish this goal, the college pledges to use its creative energy and resources to offer quality educational opportunities and learning experiences that recognize individual worth and lead to the successful realization of each student's potential.

Lane is committed to being responsive to and leading in the quest for educational excellence and serving as an active partner with other public and private agencies in our community. The college recognizes the critical interdependency of local, state, national, and international issues and their impact on the lives of local constituents. The college values harmonious and creative collaboration among individuals and groups.

Above all, the college seeks to create a positive, open, participatory environment for learning and working and to maintain the highest integrity in relationships with college personnel, students, and community members.

FIRST ALL-CAMPUS CONFERENCE COMING UP

All staff members, students, and interested community members are invited to this year's first All-Campus Conference on Wednesday, November 9 from 2:30 to 3:30 p.m. in APR 223. Interim President Jack Carter and Vice President Jacquelyn Belcher are sponsoring the event. Counselor Joe Freeman will serve as emcee.

The one-hour conference uses a question-and-answer format. Audience members may ask questions from the floor, or may submit them in advance (anonymously, if desired) to members of the conference committee -- Joe Freeman, (ext. 2493), Beth Webb (ext. 2261), Joyce Fish (ext. 2392), Pete Peterson, (ext. 2655), or Vice President Belcher (ext. 2306).

The 12 previous sessions sponsored by the Office of Instruction since 1986 had been called All-Faculty Conferences, although all interested parties were welcome. To assure the invitation is clearly offered to all segments of the campus community, this year the meetings will be renamed All-Campus Conferences.

Please plan to attend. One obvious agenda item will be election results.

QUESTIONS ABOUT FEDERAL GRANTS?

I'll be attending the Washington D.C. meeting of the National Council for Resource Development the end of November. Staff from many federal granting agencies will be presenters. Please contact me before Thanksgiving if you have questions about specific federal grant programs and I'll see what I can learn. Diane Dann, Institutional Advancement, ext. 2592

PREVIEW THE STAFF DIRECTORY

The 1988-89 Staff Directory will be available for proofing on Monday, November 7. Each department should send one representative to ADM 210 to review its area of the directory. Diane Prokop, Institutional Advancement

ASSISTANCE REQUESTED

Your assistance is needed to help us better serve the members of our community who request information from the Administration Building Information Window/Telephone. Please provide information of changes in your department's office hours or closures. Also, when scheduling rooms in your building for any LCC meetings, activities, and off-campus groups, please remember to include the information on the LCC Electronic Calendar. Thank you. Carol Woodman, Personnel Services

QUESTIONS FOR THE CANDIDATES

Some staff members suggested that candidates for LCC's presidency be asked to address the same questions that staff members discussed at the All Staff Inservice meeting. The Planning Task Force has shared that suggestion with Sue Colvin for referral to the Search Committee. The seven questions were:

1. LCC is facing limited financial resources. How should LCC respond?
2. In the near future, people will be seeking more part-time, short-term education and training. How can LCC best meet their needs?
3. According to demographic information, the district's population is getting older and the majority of adults are working. LCC's student population is getting older and is now 55-60% women. How should LCC respond?
4. Many LCC students leave before reaching their goals. How can LCC help students succeed?
5. Recent information gathered from staff and community members showed a concern about internal climate and competition. How can we create a better environment?
6. Recent information gathered from staff and community members showed concern about leadership, direction, and vision. How can we address this issue?
7. We are all affected by global environmental, economic, social, and political concerns. How should LCC respond?

BACK BY POPULAR DEMAND

The Advocates are planning another day of canvassing for the LCC tax base on Saturday, November 5. Volunteers should call Larry Warford, President's Office, at ext. 2302. Canvassers will meet at the River Rd. McDonald's Restaurant (55 River Ave.) at 9 a.m.

The topic for this teleconference is the recently released report of the Commission on The Future of Community Colleges. Its purpose is to give LCC faculty and staff the opportunity to interact with and challenge Commission members and to set the stage for individual colleges to chart their own courses through the 1990s and into the 21st century. Teleconference participants include Dr. Ernest L. Boyer, Senator Nancy Kassebaum, and the full Futures Commission. WHY YOU CAN BE PROUD OF CWE

LCC's Cooperative Work Experience program is the nation's largest among community colleges. It enrolls 2,300 students, a fourth more than anyplace else. There are 750 employers, or field faculty, including 100 out of district in 17 foreign countries and 12 other states. They pay students \$4 million a year in wages. The national average for employer longevity is about three years. LCC has 100 who have been in the program 10 or more years. CWE, through Director Bob Way, has won a half million dollars in grants; thus the College has never had to spend capital outlay money for the program. Last summer, delegations from colleges in five states, the farthest from New York, came to LCC to talk to the director, 34 instructor-coordinators, and support staff.

WEDDING BELLS RANG

Lee Sowers, Personnel Services, will be known as Lee Lyman due to her recent marriage to Dr. Howard Lyman, a retired Eugene ophthalmologist. Lee is planning to retire at the end of January after 10 years with the college. She and Howard plan to travel and Lee hopes to spend more time pursuing genealogical research. Congratulations and best wishes to Lee and Howard.

JAMAICANS STILL NEED FUNDS

The thirteen Jamaican women who attended LCC this past year returned home a few weeks prior to Hurricane Gilbert. I have been in contact with the women and have learned that all of the women were affected by the hurricane and are in need of assistance. Your donations could really make a difference and will be used to buy groceries and materials to rebuild their homes. If you wish to make a donation, please call me at ext. 2843 or 344-6483. Linda Myers, Industrial Technology

Faculty who have not picked up RIF grids from Personnel Services are urged to do so--the deadline for submitting requests for RIF grid review is November 30. If you have a question about your seniority, RIF unit, or instructor qualifications, you must notify Personnel by this deadline.

PURCHASING WORKSHOP COMMING UP

Oregon Public Purchasing Association is sponsoring a workshop on November 17 on using the Request for Proposal Process to make purchases of goods and services. This is a good opportunity for non-purchasing personnel to learn more about writing and evaluating a Request for Proposal. The cost of the workshop is \$23 and includes a luncheon buffet. For more information or registration form, call Carol Smith or Bob Cudmore, Purchasing Services, at ext. 2208.

TAX BASE FAILS BY SLIM MARGIN

The LCC tax base failed to pass on Tuesday. An unofficial final count showed that 48 percent of voters in our district voted for the increased tax base. The count showed 55,050 yes votes and 59,171 no votes. Some absentee ballots and Douglas County ballots had not been counted as of Wednesday afternoon. The LCC Advocates thank those people who helped with the election effort including those who canvassed for the tax base in Cottage Grove: Maxine Simeone, Mary Foust, Jayne Lowan, Bonnie Morris, Mae Westfall Cook, Don Strahan, Chanya Gatchell, and Shelley Lewis. The Advocates also would like to thank Bob Foster and the 40 LCC athletes who canvassed South Eugene last week as well as Richard Null, Martin Lewis, Joe Farmer, and Donna Miller for walking precincts on November 5. Finally the Advocates thank the following people who participated in the Tax Base Information Cadre by speaking to various departments on the need for a new tax base: Darrell Allyn, Joyce Kofford, Dave Oatman, Doug White, Sandy Ing, Steve Barton, Don Strahan, Al Owens, Pat John, George Alvergue, Dixie Maurer-Clemons, Fred Loveys, Mike Rose, Sharon Thomas, Carol Beckley, and Shannon Kracht.

MONEY AVAILABLE

Requests are being accepted for Classified Training and Development funds for the 1988/89 fiscal year. A total of \$1,250 is available to reimburse eligible employees for training and development activities from July 1, 1988 through September 30, 1988. Another \$1,250 is available for activities during the period October 1, 1988 through December 31, 1988. At least \$1,250 will be available for activities during each of the two remaining quarters of the fiscal year (January - March and April - June).

Reimbursement requests for activities held during the period July 1 - November 17, 1988 are due in Personnel Services no later than November 17. In order to be considered for a reimbursement, you must complete the Application for Training and Development Activity form and you must include documentation of actual costs and a clear explanation of who paid for the activity (you, your department, both). The committee will meet on November 18 to consider all reimbursement requests as well as any other requests received by November 17.

PROJECT GOOD NEWS UPDATE

By now all departments should have received information regarding Project Good News. I encourage everyone to participate in what I hope will improve our already great media coverage. Over a dozen staff members have called to volunteer as 'reporters.' I would still welcome more volunteers--the more 'reporters' I have, the more news releases, feature stories, television and radio spots I can generate.

As part of Project Good News, I have distributed copies of all LCC print coverage between July 1, 1988 through October 1. Copies went to each department and are available at the reserve desk in the library under LCC-Project Good News and in front of my office at ADM 210. Print coverage, which is 30 percent of all LCC coverage (radio and television make up the rest), includes 15 local papers. I will continue to provide these compilations on a regular basis.

If you have questions about Project Good News or if you would like to volunteer to be a reporter, please call me. Reporters will be contacted by me during the next two weeks so that I can share some general information about the project. Diane Prokop, Institutional Advancement, ext. 2591

NEW GRADE POLICY

Students who choose the pass/no pass grade option this term will be covered under a new policy approved May 23, 1988. Beginning Fall Term 1988, a grade of B or C will equate to a pass, while grades of D or F will equate to a no-pass grade. Students earning an A grade will continue to have that grade recorded on their transcript. Student Services

MARKETING FUNDS

Two departments have received funding to implement targeted marketing activities. ENROLLMENT NEWS

Fourth week fall enrollment projections indicate that LCC is showing an increase in FTE. The graph depicts fall enrollment trends since 1980. Fourth week projections have typically been very accurate, so we expect the final FTE for the term to be very close to our projection of 2,324, an increase of approximately 200 over fall 1987. Almost every program area is up, with the largest increase showing in lower division credit (transfer) area. The increase in FTE at LCC reflects a similar trend that began about two years ago at other community colleges across the state. Marie Matsen, Institutional Research, Planning, and Evaluation

LCC HAS HIGH PROFILE AT CONFERENCE

LCC was well represented at the National Association of Foreign Student Affairs (NAFSA) Region I conference in Yakima, Washington, October 27-29. Mason Davis, International Student Advisor, chaired a pre-conference workshop titled "The Foreign Student and the Community College." Julie Baker, creator of LCC's International Students' Peer Mentoring Program (ISPMP), led a discussion with panel participants Mason Davis, ESL instructor Frank Rossini, and two LCC students, Vincent Jones and Ken Dutchess, on the evolution of LCC's ISPMP and how other community colleges could adapt this program to their campus. Christine Strahan, Admissions Specialist, sharpened her knowledge of new immigration laws and regulations affecting our students at LCC, as well as new admissions information. The conference was attended by over 200 professionals in the field of International Education, Study Abroad, Faculty Exchange Programs, Admissions, and support areas for Foreign Students.

A+ for Cushy Shoes

Lighter doesn't always mean better, at least when it comes to running shoes. As reported by HEALTH Magazine, researchers at the University of Tennessee at Knoxville tested two different types of running shoes. They found that runners wearing heavier, well-cushioned shoes used about 2.4 percent less oxygen than those in lighter, non-cushioned ones. They attributed this lower demand for oxygen and energy to air cushions, which helped the runners' feet to rebound faster.

Researchers also applauded the heavier shoes for providing added protection from injury by reducing the force of impact.

ED-NET WRAP-UP

If you missed the All College Forum last Thursday, you missed a real treat! Discussion of the proposed ED-NET System was both lively and informative. Excellent presentations were made by five experts and proponents of ED-NET: Ray Pirkle, Portland Community College; Ray Lewis, ED-NET Committee; Dave Tilton, Office of Educational Policy & Planning; Bob Burns, State Department of Education; and Ben Hambleton, Boise State (presented via videotape). To balance the panel, Russell Sadler made his usual thought-provoking comments in opposition to ED-NET. Pat John, Study Skills, moderated the panel and did a fine job of keeping them on track. The forum was well attended by LCC staff and visitors from other schools, colleges, and agencies. The interaction between panel and forum participants was constructive and insightful. If you wish to view the happenings, a videotape will be placed in the LRC on Monday, November 28. Thanksgiving

And The Day After

You've devoured your Thanksgiving Day feast. And if you heeded the advice of experts, you bought the biggest bird you could find. Not all of it was eaten. Now, you're wondering, "Besides those great turkey sandwiches, how else can I use this delicious turkey?"

Turkey is so versatile, you don't have to go cold turkey with leftovers; instead, make appetizing "planned-overs." As you snap on the last storage container lid, think of turkey, stuffing, cranberry sauce, and holiday fruits as buried treasure waiting to be rediscovered in exciting new recipes.

But first, follow these basics immediately after the big feast:

- Carve meat from turkey bones.
- Place meat in covered containers and store in coldest part of refrigerator. Allow space around food for adequate air circulation. Cooked turkey may be stored in the refrigerator 2 days (longer if mixed with other foods).
- Make a rich broth from turkey carcass. Broth may be frozen if not used within 3 days.
- For make-ahead convenience, prepare recipes, divide into serving sizes for your family, cover, and freeze. Cooked turkey may be frozen for as long as 4 months.

For eight exciting new recipes that use your leftover turkey, write to the National Turkey Federation, 11319 Sunset Hills Road, Reston, VA 20190. Ask for their "Turkey Planned Overs" brochure. Include a legal-size, self-addressed, stamped, return envelope.

FIRE FIGHTERS FROM COSTA RICA AT LCC

Twenty career and volunteer fire fighters from Costa Rica are spending six weeks in the Eugene area improving their skills in fire fighting and immersing themselves in community culture.

While here, the fire fighters will receive training in fire department organization and management, forest fire strategy, fire prevention, community service, equipment maintenance and emergency medical technology.

The educational experiences are being delivered through the efforts of the Willamette National Forest, Eugene and Springfield Fire Departments and 17 rural fire departments. All instruction will be provided in Spanish and an emphasis will be placed on "hands-on" and "on-site" training.

The Small Business Development Center and Training and Development Department are coordinating the project and providing the portion called "Experience America" which includes field trips to various parts of the state.

WHAT TO DO WITH A TOOTH THAT IS K.O.'d. Don't despair if you or your child knocks out a permanent tooth. Act quickly and you can often help save it. Here's what to do.

1. Find the tooth. If it fell out of the mouth, rinse it gently under running water. Do not touch its root.
2. Keep it moist. Put the tooth back into the hole it came from; between your cheek and gum (or your child's cheek and gum, if you're sure the child won't swallow it in the excitement); or in a container of milk.
3. Call your dentist immediately. You only have about 30 minutes to replant the tooth.

TOOTHPASTE TIDBIT. This is the 111th year for toothpaste. Americans use about a quarter of a million pounds of it each year.
