FROM: Jack Carter  
RE: LCC "Open House" at Valley River Center

A wonderful opportunity has been made available for us to take the LCC story to thousands of people. On Saturday and Sunday, February 11 & 12, 1989 Valley River Center is turning the entire mall area over to Lane Community College. This allows us to place college and departmental displays throughout all open areas in the center. There are at least thirty 12'x12' and larger display areas and I am confident that LCC will be utilizing every available space. Valley River Center will provide tables and electrical outlets but everything else will be up to the creativity of LCC staff. This event is being coordinated by Bill Porter, LCC Director of Vocational/Technical Education, Ext. 2100 and assisted by Joyce Kofford, Student Services, Ext. 2315 and Charlene Blinn, Ext. 2235.

I urge every one of you to start planning right now as to how your particular department or activity can be presented to the public so as to both inform them of the excellent results their tax dollar support of LCC has achieved as well as to gain new friends and students. At the minimum, I foresee the following general categories of booths or displays. Some activities may wish to share booths.

1. Each instructional department, including credit, non-credit, specialized programs.
2. Academic support and special instructional delivery activities, e.g., Library, Telecourses and Teleconferences, Weekend and Evening College, outreach centers.
3. Student Services, e.g., Admissions, Counseling, Financial Aid, Student Government, Phi Theta Kappa, and Specialized Support Services, Career Information System and Student Employment/Placement.
4. Information booths, KLCC remote broadcast, Purchasing Department on "How to Do Business with LCC," Institutional Research conducting and "LCC Perception" survey, etc.
5. Special performances in the Central Kiosk on a regular basis throughout both days. Performing Arts and Health & PE activity performances, Art Department and Adult Education demonstrations for example.

I am sure you recognize the many benefits that first-class displays of LCC's fine accomplishments and outstanding offerings will achieve. Please involve your staff immediately so as to assure this being a notable event.

Participants earn LCC college credits in the program which consists of six classes -- English literature, composition, Shakespeare, speech, theatre arts, and sociology. Housing and meals are included in the plan. An integral part of the AIFS programs is the use of instructors from the "home" college. LCC has named Mary Forestieri as its first London Scholar. ## TODAY

- All-Campus Conference, 2:30 p.m. in APR 223. One-hour question-and-answer conference open to all staff members, students, and interested community members.

## TWO SELECTED FOR LEADERS PROGRAM

Joan Adams, assistant director of Student Employment at LCC, and Lynne Swift, a counselor in the college's Dislocated Worker Program, have been chosen to participate in the "Leaders" program, an international leadership training program for two-year college women administrators. Designed to enhance the skills participants will need to assume decision-making roles in two-year institutions, the program includes instruction and practice in supervisory and human relations skills, planning and budgeting, organizational transformation, and discussions with national experts on the issues confronting two-year colleges during the next 15 years. During the year-long program, participants are paired with mentors at their colleges to work on projects that will aid their institutions and foster individual professional growth. Participants are chosen for their interest in leadership in two-year college administration and the quality of their proposed projects.

The Leaders program is sponsored by the League for Innovation in Community Colleges, a consortium of community college districts in the United States and Canada, and by the American Association of Women in Community and Junior Colleges. The program is conducted by the National Institute for Leadership Development of Rio Salado Community College of the Maricopa Colleges in Phoenix, Arizona

## ON THE BOARD AGENDA

Items on the agenda for the LCC Board meeting tonight include a proposed hourly rate increase for Adult Education instructors of reimbursable noncredit classes, the appointment of advisory committee members, and discussion of 1989-90 fiscal concerns. In addition, Dr. Karen Gorder Garst, executive director of OCCA, will be present to discuss state legislative matters of concern to Oregon community colleges.

## OPEN HOUSE PLAN SHAPING UP

At least 28 volunteers are needed to help staff two information booths when the entire college stages an open house at Valley River Center February 11 and 12. Staff in the information booths will assist community members by answering general questions and giving directions to specific department exhibits and demonstrations. In-depth knowledge of LCC is not necessary to participate -- your help, smile and enthusiasm are the main ingredients. It's also a great opportunity for you to get to know other department staff. To schedule a block of two hours, call Charlene Blinn, ext. 2204.

## OF NOTE

- KLCC's news director, Don Hein, is one of six news people in the nation advising National Public Radio (NPR) on how to set up a national hourly news program. He was in Washington, D.C. last weekend to consult with those who will inaugurate a full-time news operation for NPR next July 1.

- Organizational meeting of LCC Young Democrats Club, 3 to 5 p.m. in CEN 420. The meeting is open to all students and staff.

## LCC'S 25TH YEAR STARTS JULY 1

Preparations are underway for celebrating LCC's 25th anniversary. Observances will occur between October 19, the 25th anniversary of the election at which voters approved establishment of the College, and July 1, 1990, the 25th anniversary of the date on which LCC first conducted classes. President Jack Carter has appointed a 25th Anniversary Steering Committee to begin planning. Its members include Jolene Bowers, Student Records; Susan Colvin, representing the Wellness Task Force; Diane Dann, representing Marketing Council; Bert Dotson, Retired Associate; Jim Greenwood, Performing Arts; Edna Kennel, Printing/Graphics; Diane Prokop, Computer Services; and Larry Romine, Institutional Advancement, chair. Other appointments can be made and all interested staff are invited to serve on the various subcommittees that are being organized. Steering Committee meetings are open; if this reaches you in time, the Committee's second meeting is being held this morning, Thursday, January 12, at 9 o'clock in ADM 216. The Committee earlier voted to hold a staff-community party in spring 1990 in the cafeteria and to invite Founding President Dale Parnell to share views about LCC in the year 2000 and later. A futurist orientation to activities was approved by the Committee. All departments/units of the College are asked to consider how they can be part of the coming celebration and to coordinate with the Committee.

## HELPFUL INFORMATION ABOUT W-4 FORMS

Although there is no requirement to refile Form W-4 Employee's Withholding Allowance Certificate, you should review your withholding situation each year to be sure enough tax is being withheld. Employees whose personal situations have changed may need to file a new Form W-4. Changes that might make it necessary are changes in marital status, number of dependents, non-wage income (interest, dividends, capital gains, etc.), family income (more than one job or both spouses work), itemized deductions (if a significant change), or owing extra tax when you file your 1989 return. The Personnel reception area has the new 1989 Form W-4 if you need to make a change. Darlene Turpin, Payroll.

Campus Ministry is still looking for a few volunteers to help with the recycling program on campus. For more information, contact Jim Dieringer, ext. 2850.

#### ENROLLMENT NEWS

The trend toward fewer full-time students continues at LCC. This is most evident in the population of credit students taking vocational preparatory classes. As the graph below illustrates, the percentage of vocational prep students taking a full-time load (12 or more credits per term) has fallen from 22 percent in 1982-83 to 13 percent in the fall of 1988. At the same time the percentage of part-time students (those taking five credits or less) has risen approximately 14 percent. A similar trend is occurring among lower division credit students. LCC data reflects state and national trends toward more part-time and fewer full-time students in community colleges. Marie Matsen, Institutional Research, Planning, and Evaluation.

## MEET A LEADER

Joan Adams, assistant director of Student Employment/Placement Service, is one of LCC's participants in this year's "Leaders" program, an international leadership training program for two-year college women administrators. In addition to giving a new and important service to LCC graduates, the project will benefit the college in general by providing statistical information to track the graduate placement rates for the various educational programs.

Joan earned a bachelor's degree in public administration from the University of Oregon, and Associate of General Studies and Associate of Arts degrees from LCC.

The event will be celebrated between October 19, 1989, and July 1, 1990. Departments may want to consider open houses, alumni events, or other activities with supporters and friends. The 25th Anniversary Steering Committee is organizing college-wide activities, which will include a staff-community party in spring 1990. Under consideration is a futurist-oriented program, a printed history, a slide program, a Board of Education event, and tie-ins by the Marketing Council, Wellness Task Force, and LCC Foundation. Steering committee membership now includes Jolene Bowers, Larry Brown, Susan Colvin, Diane Dann, Bert Dotson, Joe Farmer, Jim Greenwood, Edna Kennel, Diane Prokop, and Larry Romine. A list of subcommittee members will be shared as soon as it is developed fully. Larry Romine, Institutional Advancement, extension 2303.

## HAMILL SERVICES THIS SATURDAY, FEBRUARY 4

A memorial service will be conducted Saturday for Robert E. "Bob" Hamill, former LCC acting president, who died last Wednesday in Salem of brain cancer. The service will be held at 11 a.m. at Queen of Peace Catholic Church, 4170 Pullman Avenue, in south Salem. In lieu of flowers, contributions may be made to the Chemeketa Community College student loan fund, 4000 Lancaster Dr., N.E., Salem 97309. Hamill's wife, Kay, resides at 4399 Oakman, S., Salem, 97302. He was administrative intern at LCC in 1965-66, director of Institutional Research in 1966-67, and acting president in 1968-69. Subsequently, he was a community college president in Washington, returning to Oregon as associate superintendent for community colleges at the State Board of Education from 1977-86. Hamill was 62. While at LCC, according to a 1968 story in The Register-Guard, he tried to foster an "open system," which he defined as one in which "the people affected by decisions have something to say about the development of those decisions." Larry Romine, Institutional Advancement, ext. 2303.

## RECYCLING AWARENESS

I would like to encourage the faculty and staff of LCC to take part in paper recycling. This school generates a lot of paper that can and should be recycled. Such recycling takes a small amount of staff time and produces many benefits. It saves our resources, diminishes the cost of garbage collection, helps in the problem of garbage disposal at our landfill, and provides money for direct student aid.

Campus Ministry has agreed to do the paper recycling and has dedicated the money earned to its Emergency Loan Fund, which is on deposit with the LCC Foundation.

I know, from personal experience, how much good this fund has done for many LCC students; and I urge all staff to cooperate with Jim Dieringer and his crew to develop and expedite this recycling program. For more information and to get paper recycling going in your area or office, call Jim Dieringer at extension 2850.
