Joan Aschim of Institutional Advancement prepared the winning entry and conducted much of the media effort during the tax base campaign. 747-4501; Ext. 2591

## TODAY

- Facilities Management Committee meeting, 3 p.m., ADM 216.
- Wellness Committee meeting, 3 p.m., CS 203.

**LATEST BUDGET ESTIMATE** - If the new tax base isn't funded by the Legislature, LCC will have to cut about \$1.2 million for the new fiscal year which begins July 1. That amount is \$725,000 less than expected, because it now appears that the equipment and maintenance serial levy which was approved before Measure 5 will be funded. Vice President for Administrative Services Richard Hillier said the \$1.2 million probably will come from increased tuition along with reduced expenditures.

**ENROLLMENT CLIMBS** - Spring term enrollment is up about 100 FTE, or 800 headcount, from a year ago as of March 29, says Vice President for Student Services Bob Marshall.

He believes this indicates an increase in part-time students over full-time students because people can't get all the classes they want. Lane has experienced about 500 headcount more students per term this year than last, he says.

Marshall is working on a plan to allow students close to graduation to register before other students. It takes 93 credits to graduate and Marshall is concerned for those who have 70 or 80 credits but can't get in the last few classes they need. The plan would have to be programmed into LCC's automatic touch-tone telephone registration system, ClassLine. Marshall hopes it will be in place by fall. In the meantime, the Office of Instruction has added sections and worked with individuals to help them get through the crunch.

**PROPOSED POLICY ABOUT READY** - A draft of a proposed sexual harrassment policy, which has been four years in the writing, will be shared with College Council at its April 30 meeting.

Council members also learned at their Tuesday meeting that a series of benchmark reports to the Board of Education on the College's progress will be shared monthly beginning with the May Board meeting.

Council also is looking for a process to get at the issue of smoking on campus, with the aim of eventual creation of a policy. The process may include holding a unity conference of the type held earlier for timber and environment people.

LCCEF President Jerry Sirois raised the issue of how Campus Ministry can get additional financial support for the present and the future. Much of its present support comes from Father James Dieringer, chaplain. He uses his total income from the Archdiocese of Portland to support the wages of his assistant. When he retires in about six years, the Catholic money will disappear. It was suggested that staff support the effort by payroll deduction through the Foundation. Most gifts go to needy students.

**DEADLINE FOR ELDON G. SCHAFFER AWARD IS FRIDAY** - The deadline for the Eldon G. Schaffer Endowment for Innovation applications is Friday, April 5. If you haven't turned in your application for the innovation awards, you'd better do so now! For those who have misplaced the application form which was distributed with the March 7 Daily, go to the Foundation and ask Roberta Opdenweyer or Joe Farmer for another copy.

**MAKE A DEPOSIT IN THE TALENT BANK BY FRIDAY** - The deadline for recommending faculty to lead in-service workshops on instructional techniques, practices, ideas, and other subjects is Friday, April 5. Recommendations were requested in a memo dated March 13 from the Faculty Professional Development Team which noted a frequent request for "in-house" talent sharing rather than hiring outside "authorities" in a survey in January. Recommendations should be submitted to Charley Bentz, Science 127; or Maxine Frauman, ESL/DTC.

**SUMMER YOUTH EMPLOYMENT PROGRAM** - Information and position request forms are available from Personnel Services for the Summer Youth Employment Program. The jobs are for youth ages 14 to 21. They can work 15 to 32 hours per week. Departments must send their Position Request Forms directly to the Summer Youth Employment Program by April 15 for priority consideration. - Rose Holeman, Personnel, ext. 2584.

**DECEASED** - Wallace "Wally" Rowland, campus traffic officer from 1967-69, died in Portland March 27 at age 86. The funeral is at 11 a.m. Saturday at Buell Chapel. A former officer with the Springfield police, Rowland was the descendant of a long line of western town marshalls. Old timers at LCC recall that he was a tall, lean man who wore a mustache, cowboy boots, and a six-shooter until the latter became outmoded on college campuses.

**PHOTOS COMMEMORATE WOMEN'S HISTORY MONTH** - Photographs of working women from 1910 through the 1920s is on display in the Library mezzanine. The photos are by Lewis Hine, a social documentary photographer whose work focuses on working and living conditions early in this century. The display will be up until mid-April. - Kate Barry, Women's Program

**HEALTH PROGRAM NEARS** - A Cholesterol Screening and Intervention Program for some LCC staff is to begin about mid-April by the Oregon Research Institute of Eugene. ORI's Lee Pettigrew (formerly of LCC Research Dept.) says the program will involve staff from Campus Services, Purchasing, Security, Laundry, and the Administration Building. The program is funded through a federal grant to ORI. Arrangements for the LCC effort were made by the Wellness Committee, which is co-chaired by Charlotte Brown, Nursing; and Judith Gabriel, College High.

**RESPONSES POSITIVE** - A Wellness Committee survey of staff regarding health activities included questions about the wellness newsletter, Well, Well, Well.... Those who responded were 96 percent positive. Content suggestions included requests for additional information on nutrition, diet, recipes, stress, mental health, etc. It was suggested that the publication be shared with students.

**UPCOMING CONFERENCES** - For information about these and other workshops, contact Julie Baker, ext. 2544.

# THE DAILY

Published for the staff of Lane Community College  
747-4501, Ext. 2591

**TODAY** - Applications for the 1991/92 academic school year are due today to Pat John or Roxanne Flowerday in the Study Skills Dept., ext. 2439.

**BOARD APPROVES TUITION CHANGE** - The Board of Education approved charging tuition for all credit hours at its Wednesday night meeting. The change was part of a package that also included charging senior citizens 50 percent of credit and non-credit tuition, charging \$1.37 per class hour for community education classes, charging \$88 per registered credit for international and out-of-state students, and charging \$39 per class for High School Completion.

Voting in favor of the package were Peter Sorenson, Jim Pitney, Cindy Weeldryer and Larry Mann. Opposed were Larry Perry, Pat Riggs, and Chuck Ivey.

Also at the meeting, the Board gave President Moskus the go-ahead to pursue administrative restructuring. The restructuring involves moving Community Education and Economic Development to a newly created vice presidential position, as announced in the January 28 Daily.

In other business the Board:

- ♦ heard that spring headcount is up 786;
- ♦ heard program presentations from ESL's Maxine Frauman and students, and Customized Training's Dave Oatman;
- ♦ tabled redistricting until the next meeting or work session;
- ♦ decided that the College should be represented at City Club of Eugene, but worked out no further details;
- ♦ approved advisory committee appointments;
- ♦ changed the regularly scheduled May 8 meeting to May 15, and the June 12 meeting to June 10.

**STUDENT NEWSPAPER TO BE MICROFILMED** - The Torch, published since November, 1965, will be preserved on microfilm by the Oregon Newspaper Microfilm Project, a non-profit program at the University of Oregon library.

Michael Ridderbusch, LCC archivist, applied to ONMP directors last month to include the Torch in its collection. He received word of acceptance March 29. Project directors are microfilming other major student newspapers, such as the Oregon Daily Emerald at the U.O., the Barometer at Oregon State University, and the Vanguard at Portland State University.

In preparation for the filming, Ridderbusch is attempting to assemble a complete set of the Torch from available sources on or off campus. While much of the paper still exists in the LCC Library and Torch office, he invites contributions to fill gaps, particularly for the 1966-67, 1967-68 and 1968-69 volumes. He may be contacted at ext. 2466.

Ridderbusch says it will cost the College about \$300 to film the first 25 years, compared to \$1,400 it would have cost without the assistance of ONMP.

**MAKING PROGRESS** - Flight Technology soon should be able once again to issue temporary pilot certificates to its graduates, according to Acting Chair Bob Farrand. A representative from the FAA Flight Standards District Office in Portland visited recently. Bruce Gustafson was renewed as chief instructor and thus is able to continue to give flight checks to students. As soon as the department completes some minor changes in procedures, Farrand will become eligible to apply for Aviation Certification Representative (ACR) status so he can issue temporary pilot certificates to graduates. That could happen by the end of spring term, Farrand says. LCC lost its ACR status when Terry Hagberg, ACR, left the department last August.

**AACJC MEETS THIS WEEK** - The 71st annual convention of the AACJC got underway Saturday, April 13, and concludes this Tuesday. President Moskus and Executive Dean Larry Warford are among the participants.

**USHER OPPORTUNITY** - Staff are welcome and encouraged to sign up to be an usher for one of the upcoming performances of "A Midsummer Night's Dream" on April 26 and 27, and May 3, 4, 9, 10, and 11 in the Performing Arts main theater at 8 p.m. It's easy and fun. Just bring a smile...then see the performance at no charge! Call soon to ensure your spot. Call the Box Office at ext. 2202 between 12-noon and 4 p.m.

**SCULPTORS TO LECTURE** - Sculptors Mark Fessler and Barbara Kolar will lecture on their work on Monday, April 22 at 1 p.m., and on Tuesday, April 23 at 10 a.m., each in Forum 309. The artists' collaborative show, "Chrome Heat and Border Lights" is at the Art Department Gallery through April 19.

**ESL HOSTS AWARENESS DAY** - "ESL Day," an event to raise awareness about English as a Second Language programs, will be held all day, Wednesday, April 17, at the Downtown Center. ESL students will sell baked goods, sing, read poetry, and display art at the event. Dramatic performances will be offered from 11:30 a.m. to 1 p.m. and 5:30-7 p.m. Visitors will be able to play language and flag identification games. About 300 students from 36 different countries are attending ESL classes at LCC this term, says instructor Dimitri Lontos.

**TEACHING IMPROVEMENT PROCESS WORKSHOP** - A T.I.P. workshop originally set for fall, 1990, will be held from 4 p.m. on Friday, May 31, through 4 p.m. on Saturday, June 1, at Heceta House. For more information, contact Sharon Thomas, English, ext. 2145.

**HAVE YOU NOMINATED AN INSTRUCTOR YET?** - Outstanding Instructor of the Year nomination forms were circulated with the April 10 Daily. If you didn't get one, more are available at the Student Resource Center, Downtown Center, Office of Instruction, or Mechanics. The winner will be announced at the graduation ceremony on June 1. The deadline for nominations is April 26 to the Mechanics Dept.

**BOUQUETS TO PRINTING/GRAPHICS** - "Thank you for your patience, ideas and extra work to complete our specialized and massive print job on short notice during finals week." - Dixie Mauer-Clemons, CWE

**PROFESSIONAL JOURNAL FEATURES LCC HEALTH OCCUPATIONS** - The March issue of AARC Times, published by the American Association of Respiratory Care, highlights LCC's Health Occupations' respiratory care program in an article about AARC's fellowship program. Two fellows from Thailand toured LCC and healthcare institutions in Eugene last December. Doug White helped facilitate that successful exchange.

**HELP AVAILABLE TO IMPROVE PROMOTIONAL FORMATS** - Institutional Advancement and Printing/Graphics are working together to improve the quality and consistency of college brochures and advertisements. Samples of the college's new design format are on display on bulletin boards on the second floor of Administration and in Printing/Graphics. These departments also have binders with samples and information about the format.

There are several benefits to using a common format: 1) the format is based on a good strong design; 2) as the same format is used over and over, the college's various promotional efforts will reinforce each other; 3) it will streamline graphic production. Stop by either place to take a look.

**WOMEN AND QUILTS DISCUSSION THIS WEEK** - A video-discussion program, "Hearts and Hands: A Social History of Nineteenth Century Women and Quilts," will be present Wednesday, April 17, from 12-noon to 1:30 p.m., in Forum 307. The public is invited and admission is free. - Women's Program

**IT'S NATIONAL LIBRARY WEEK** - Visit the Library for a display of how LCC folks "Reach for the World" through reading.

Interactive programs are telecast live via satellite and allow students to talk with instructors by phone during the telecast, distinguishing them from telecourses, which are recorded videotapes that students can watch on cable television or with a video cassette player.

**LEGISLATIVE UPDATE** - The following article is reprinted from the Oregon Community College Association's newsletter, Legislative Digest, of April 16. The newsletter is edited by OCCA's Dana Spielmann.

### **Distribution plan for replacement dollars passes out of House committee**

After weeks of delays and holdovers and 10 amended versions, Senate Bill 815-A Engrossed finally passed out of the House Revenue and School Finance Committee on April 15.

The bill defines the distribution of replacement dollars for K-12, ESDs and community colleges for 1991-92.

For community colleges, SB 815 requires that the amount appropriated to the Community College Support Fund for 1991-92 be distributed by the State Board of Education based on administrative rule. The Governor has recommended \$50.5 million in replacement dollars for the Support Fund.

The bill also sets a minimum state obligation for community college replacement at 1990-91 levies plus 6 percent. This provision does not pre-empt the State Board from allocating dollars from the Support Fund above the minimum state obligation to address the unique situations of ✓ Lane and Clackamas Community Colleges. Lane passed a new tax base in November and Clackamas will be in its second year of a serial levy. Both colleges will require replacement dollars that exceed the 6 percent minimum.

Given recent estimates by the state assessor's office, there may be enough dollars within the Support Fund to fully accommodate these needs. If there are not sufficient funds, the need for additional replacement dollars will be addressed before the Ways and Means Subcommittee on Education.

**BOOKSTORE COMPUTER FAIR** - The Bookstore will host vendors from Apple, IBM, Microsoft, Zenith Data Systems, Westridge Designs, Douglas Stewart Company, and Claris on Tuesday, April 23, from 10 a.m. to 2 p.m., in the cafeteria.

**BOARD MEMBER-ELECT PREPARING TO SERVE** - Board of Education member-elect Roger Hall attended his first Board meeting on April 10 as a visitor. He was elected March 26 to an at-large seat, defeating Michael Dubick and Julia Keizur, both of Creswell. His four-year term begins July 1 when he succeeds Larry Perry, who decided not to run after 16 years on the Board.

Hall, 51, is a radiologist at McKenzie Medical Imaging and is a general partner in M.R. Imaging Associates. He has taken many classes at LCC for personal enrichment, including Spanish language instruction from his wife, Elizabeth, of English & Foreign Language. Sculpture is his avocation. Hall speculates that three issues helped him win. One, he lives in Eugene. During his campaign, he pointed out that if he were not elected, Eugene would have only one member on the seven-member Board. Two, he maintains an independent political posture. That appeals to a public that will not accept "politics as usual" anymore. Three, he has a business and professional background, seen as a benefit by many voters.

Hall brings a philosophy of shared accountability to the Measure 5 battlefield. He applies it to the Board, staff, students and the legislature. He feels that those first three groups demonstrated accountability with the tuition changes adopted at the April 10 board meeting. "Ideally, there'd be no tuition at all, like Larry Perry said. But since we don't have resources to reach that goal, I think the Tuition Committee's solution was a good one. It's about the smallest impact you could have." Accordingly, the program review of required credit hours should help, he says. The legislature must do its part next and fund the tax base, he says.

If the College has to make cuts, Hall would begin with a cost-benefit analysis of programs and services. He feels that program cuts are preferable to across-the-board cuts, which decrease the effectiveness of all programs. If cost-benefit analysis doesn't provide an answer, then it will come down to philosophy, he says.

That's where shared governance becomes critical, Hall adds. "Difficult decisions we may be forced to make will be most effective when the people impacted have an input. Even if they don't agree with the decision, they'll agree with the process," which will strengthen morale, he says.

**STUDY IN CHILE** - Take advantage of an opportunity to spend one month in Chile this summer, all expenses paid. Requirement: you must incorporate what you learn into your courses. Commitment is needed by May 1. Orientation will be held in Ellensburg, Wash., June 24-29 (lodging, food, and transportation paid for by participant). The trip to Chile will be July 1 to August 4 (all expenses paid). **WHO GETS ON THE LONG-TIME EMPLOYEES LISTS?** - Interested in how Personnel Services identifies employees for the ten- and twenty-year employees lists? This is how it works. Employees who have continuously worked at least .50 FTE, without a break in service, will be recognized in the calendar year in which they complete (or are scheduled to complete) 10 or 20 years of service.

Periods spent on paid or unpaid leave of absence or on an official recall list are not counted as breaks in service. No service time is earned, however, while on unpaid leave or on the recall list. (In other words, unpaid or recall leave may alter your official anniversary date.) Still have questions? Contact Judy Ward, ext. 2583, in Personnel Services.
