Faculty input requested on possible periodical cuts

The Library is in the position of planning for reductions in periodical subscriptions for 1995-96 while at the same time requesting a budget increase for periodicals. If it is not possible to increase periodical funds, subscriptions must be reduced by May 1995. A detailed memo has been sent to department heads/administrators and to faculty library representatives. It explains the situation and proposes cancellation or changes in status for 153 of the Library's 496 subscriptions. Contact your department head or faculty library representative for details, including the list of proposed cuts or changes. Interested persons may also contact Don Ownbey, Ext. 2277, or Mary Cudney, Ext. 2832, or any of the reference librarians. The deadline is Feb. 28. Please note that current requests for new periodical subscriptions are on hold until this matter is resolved for this year.

She said they had done lots of traveling, including tours to China, Japan, Hong Kong, Hawaii, Poland, and Russia. LaGrandeur was instrumental in the establishment and growth of the community college system. Public forum to be held on child care issues

Child care experts and state legislators will hold a public forum, "Child Care: The Quiet Crisis," tonight from 7-9 p.m. at Central Presbyterian Church, 1475 Ferry Street in Eugene. Panelists will present information and take public comment on child care affordability, accessibility, compensation for child care providers, and current legislative bills. Parents, providers, employers, and the general public are invited.

Speaking will be Sen. Peter Sorenson, District 20; Rep. Kitty Piercy, District 39; Rep. Jim Welsh, District 43; Kerin Hoag, Child Care Resource Connection at Lane; John Radich, Adult and Family Services; Marcia Martin, Commission for Child Care; and Carol Mason, Oregon Association of Child Care Directors.

For more information, call Ext. 3954. Child care will be available at the forum.

All-staff meetings to be held

President Jerry Moskus sent a memo to all college employees on Feb. 1 announcing two all-staff meetings to present information and solicit feedback on the construction bond, accreditation, affirmative action, the budget, and restructuring. All employees are requested to attend one of the two meetings on Wednesday, Feb. 15, and Tuesday, Feb. 21, each from 3:30-4:30 p.m. in Forum 308/309. Cluster meetings also have been scheduled. Watch The Daily for reminders.

Saturday supervisor named

Julie Baker, Instructional Services project specialist, has been named Saturday supervisor for the college. Employed at Lane since 1978, Baker received her master of science degree in educational policy and management from the University of Oregon. Her position as Saturday supervisor will be in addition to her role as staff development project specialist. She has served as interim Saturday supervisor since October 1994.

Legislative bills to be tracked

Legislative bills that would impact Lane will be tracked by subcommittees of the Legislative Action Team. Volunteers interested in keeping tabs on bills in any of the following topic areas are encouraged to join the subcommittees. The topic areas are (1) public employment; (2) financial aid; (3) community college funding; (4) education reform; (5) workforce issues; (6) disabilities issues. To get involved, call LAT chair Larry Warford at Ext. 2120.

Equalization proposal could leave Lane level-funded

Lane would most likely be level-funded for two to three years under the current statewide community college funding equalization proposal, President Jerry Moskus reported to the Legislative Action Team on Feb. 2. Since costs are rising at a rate of 4 percent a year, it's like being cut, he said.

The equalization formula for distribution of funds was adopted by the State Board of Education. The level of community college funding will be settled by legislators and the governor sometime during the current legislative session. If the level of state funding is higher than in the governor's proposed budget, Lane could benefit by escaping from level-funding.

Nominations for outstanding employee due

Nominations for Outstanding Classified Employee of the Month for March should be submitted by Feb. 15. Forms are available from Addie Lou Willis in Instructional Services, second floor Administration Building, Ext. 2120.

A hot issue

Some offices and other spaces around campus have been too warm lately because of unseasonably warm weather, says Campus Services Director Paul Colvin. The cooling tower used to cool indoor temperatures is shut down in winter to protect it from freezing. It is reactivated in spring after danger of freezing is over, usually in March. It is not mechanically or economically feasible to activate the tower for only a day or two at a time, says Colvin.

Limited service

Counseling Department full-time staff will attend in-service all day on Friday, Feb. 10. Part-time staff will provide services in the Counseling & Advising Center. The Career Information Center will be open from 9 a.m.-5 p.m. The Testing Office will be closed.

TTT presentations inspiring

Special thanks to Jim Keizur of Computer Services for demonstrating PowerPoint software at the Jan. 27 Teachers Talking About Teaching meeting. He showed us how easy it is to transform our drab overhead transparencies into dazzling visual teaching aids. A video of Jim's presentation and the discussion following is available at the reserve desk in the library.

Warm thanks also to Jean Geiger who presented at TTT on Jan. 31. She demonstrated the creative thinking and initiative that have earned her a reputation as one of Lane's leading innovators. Unfortunately, a videotape of her dynamic presentation and our ensuing discussion is not available.

The next TTT meeting is Tuesday, Feb. 21, from 3-4:30 p.m. in Center 420. The topic will be "More Inspirational Teaching Strategies" facilitated by Jim Cobb of Social Science, Sparky Roberts of Performing Arts, and Sharon Thomas of English, Foreign Language and Speech. If you missed their smash-hit in-service presentation, don't miss this opportunity to be inspired. We hope you join us for good food, great company and fabulous door prizes. For more information about this and future TTT activities, contact Pat McLaughlin at Ext. 2419.

Board to take action on bond, affirmative action

The Lane Community College Board of Education will meet on Wednesday, Feb. 8, at 6 p.m. in the Boardroom. The board will be asked to approve a construction bond list totaling \$42.7 million, up from a prior recommendation of \$39.9 million. The new list addresses student support facilities, performing arts labs, and renovation of the Wildish Building.

The board also will be asked to approve the 1994-95 affirmative action plan.

Other agenda items include budget plans and projections, evening/weekend offerings, control systems for the Center Building, hiring of organizational development trainers, the president's contract negotiations, the retirement of Roy Summers from Study Skills, and the appointment of Marica Chala-O'Dea as Spanish instructor.

Budget reduction hearings will not be held

Executive Cabinet sent a memo to all college employees on Jan. 30 announcing that the hearings portion of the annual budget process will not be held. The reason: the deficit for 1995-96 is not expected to be as bad as thought earlier due to Gov. Kitzhaber's proposed budget and the probable funding formula for community college equalization. For more information contact your vice president.

LCC students fare well in statewide GPA study

Lane students who transfer to Oregon State System of Higher Education institutions achieve higher grade point averages than community college students as a whole statewide. That's according to a study by OSSHE and the Office of Community College Services released on January 18. Comparison data shows the following:

	OSSHE GPA		
	<u>2.5-2.99</u>	<u>3.0-3.49</u>	<u>3.5 or more</u>
Lane transfer students	27.2%	28.6%	18.7%
Statewide transfer students	24.7%	24.4%	17.8%

The study represents a pilot cooperative project for OSSHE and OCCS. For more information, contact Julie Aspinwall-Lamberts or Craig Taylor, Research and Planning, Ext. 2576.

Women's Day well attended

Titan basketball update

The men's and women's basketball teams continued their drive towards playoff action with games last week against Umpqua and Portland Community Colleges. Last Wednesday Lane challenged Umpqua. The Lady Titans gave Umpqua a good show, but were defeated 82-75. Krysten Leach led Lane with 16 points and eight rebounds. The men, however, were victorious. Taylor Ebright, with 23 points, was one of five Titans scoring in double figures in an impressive 94-69 victory. On Saturday, the Portland Panthers invaded the Titan gym, but Lane prevailed. Shela Pratt scored 27 points and 16 rebounds in the Lady Titans' 68-44 victory. The women's record is now 10 wins and nine losses, 4-6 in conference play. The men also dominated Portland with a 108-83 victory. Phil Phelps led a balanced Titan effort with a 23 point, 13 rebound performance. The Titans raised their conference record to 8-2 and are 14-6 overall. They are tied with Linn-Benton and Chemeketa for first place in the NWAACC Southern Division. Today they travel to Linn-Benton where playoff positions are on the line. The Titans host Mt. Hood on Saturday, Feb. 11, with the women playing at 6 p.m. and the men at 8 p.m. Please attend and support the quest for post-season berths.

Classified Council report

At its Jan. 25 meeting, Classified Council reviewed ideas learned at the Martin Luther King Day joint Faculty and Classified Council workshop. Council will implement several ideas discussed at the workshop on how to improve meeting facilitation. The group will use an accountability recorder to keep track of members who volunteer to carry out tasks, and it will practice using a timekeeper. Council will also work to define the role of the person who runs each meeting. Council met again on Feb. 8; watch *The Daily* for a report. - Kimberly Buchanan for *The Daily*, Ext. 2591

College Council report

The appropriate use of **incidental student fees** and how to account for them challenged College Council at its Feb. 7 meeting. A task force reported that no collegewide policy exists to govern how fees are set, used and accounted for and that department practices vary. Fees are created when budget funds fall short of providing equipment, supplies or faculty development expenses such as professional licensing. Council agreed that it would be better for the budget, and not fees, to cover these needs and that in any case, a policy is needed. President Jerry Moskus agreed to list the questions and suggestions in a memo to guide the task force in continuing research and drafting a policy recommendation.

In other business, Moskus took suggestions for topics for upcoming **all-staff meetings**. He said the meetings were to provide information on collegewide issues including accreditation, affirmative action, the bond, the budget, and restructuring. The meetings will be held on Wednesday, Feb. 15, and Tuesday, Feb. 21, each from 3:30-4:30 p.m. in Forum 308/309. Subsequent cluster meetings will be held to gather feedback.

In other discussion, the president confirmed that **bond projects** are conceptual for now and design decisions will not be made until after voter approval. He added that a citizen's group has formed to run a bond campaign. Sue Prichard and Ed King will co-chair, Scott Carpenter will manage, and Baden & Company will donate marketing services.

College Council will hold its **next meeting** on Tuesday, March 7 from 1:30-3:30 p.m. in the Boardroom.

Mexico to be celebrated at social hour

Mexico will be the featured country at the next social hour hosted by the International Student Community Program on Wednesday, Feb. 15 from 2-4 p.m. in the northeast corner of the cafeteria. There will be videos, slides, displays, clothing, and objects from Mexico as well as a drawing for two Mexican dinners (you must be present to win). Chips and salsa and beverages will be served. Everyone's invited! - Pat Williams, Ext. 2165

All-staff, cluster meetings scheduled

President Jerry Moskus will present information on accreditation, affirmative action, the bond, the budget, and restructuring at two all-staff meetings on Wednesday, Feb. 15, and Tuesday, Feb. 21, each from 3:30-4:30 p.m. in Forum 308/309. The Feb. 21 meeting will be videotaped and on reserve in the library. Cluster meetings have been scheduled to gather feedback. The meetings were announced in a Feb. 1 all-staff memo. Watch *The Daily* for reminders.

Faculty input requested on possible periodical cuts

The Library is in the position of planning for reductions in periodical subscriptions for 1995-96 while at the same time requesting a budget increase for periodicals. If it is not possible to increase periodical funds, subscriptions must be reduced by May 1995. A detailed memo has been sent to department heads/administrators and to faculty library representatives. It explains the situation and proposes cancellation or changes in status for 153 of the Library's 496 subscriptions. Contact your department head or faculty library representative for details, including the list of proposed cuts or changes. Interested persons may also contact Don Ownbey, Ext. 2277, or Mary Cudney, Ext. 2832, or any of the reference librarians. The deadline is Feb. 28. Please note that current requests for new periodical subscriptions are on hold until this matter is resolved for this year.

Board report

A **\$42.8 million conceptual package for the bond issue** received the unanimous approval of The Lane Community College Board of Education at its Feb. 8 meeting. The price is up from an earlier \$39.9 package due to the additions of student services space, Performing Arts labs, and Wildish Building renovations. The additions were based on recent student and staff input. Board member Cindy Weeldreyer said she wants the bond to solve the mixed-use problem in the Center Building. From the audience, three students advocated for student services space, and former board member Larry Mann and two guests advocated for a technology center in the Gateway area of Springfield. Chair Roger Hall advised that while kinds of needs have been identified, design decisions will begin only after and if the bond passes in the May 16 election.

The affirmative action plan was unanimously approved. Director Donna Albro emphasized that the one-year plan is a "living document" to be continually updated, such as incorporating pending recommendations from the diversity committee. Part-time athletics instructor Wes Chamberlain and faculty union president Dennis Gilbert raised concerns that the plan not overlook long-term part-time instructors in the hiring for full-time positions.

Also unanimously approved were:

- retirement of **Roy Summers** from Study Skills
- appointment of **Marcia Chala-O'Dea** as full-time Spanish instructor
- 1995-96 academic calendar
- purchase of new **fire detection and alarm systems** for Center Building from Honeywell, Inc., for \$65,498
- hiring of Glaser & Associates as **organizational development consultants** for \$75,000 for one year and \$50,000 for consecutive years

The president's annual evaluation is complete, said chair Roger Hall, and resulted in "superior to excellent" ratings in all evaluation areas. "We have the finest president in Oregon's community colleges," Cindy Weeldreyer said. Moskus credited his staff for their support. Routine contract negotiations will commence soon.

No program reductions are expected in 1995/96 due to the new statewide funding formula for community colleges, the president reported. Lane is level-funded under the formula and will receive the same amount of state support next year as this year. This is still a loss in the sense that expenses continue to increase, said the president, but things could be worse.

Seventy-five percent of evening and weekend students seek to improve their job skills, Vice President Jim Ellison reported. He is forming a student/staff advisory committee to help revitalize Lane's evening and weekend offerings.

In other discussion:

- **Roger Hall** announced that he is running unopposed for a second four-year term as an at-large member of the board. The election will be March 28 by mail.
- **Cindy Weeldreyer** is resigning as vice president of the Oregon Community College Association board to better keep up with her new duties as Lane County commissioner.

The next regular board meeting will be Wednesday, March 8.

Senior Companions help students with disabilities

Betty Woods of Springfield volunteers for the Senior Companion Program at Lane. When asked if she would be willing to work with students with head injuries, she was apprehensive. Her experience was with elderly people at Sacred Heart Hospital. Nonetheless, she decided to give it a try. She now spends five days a week helping three students with class notetaking. "These young men are teaching me so much about how to cope with difficulties," said Woods. "I have the greatest respect and admiration for them and am very pleased to be part of this very worthwhile program."

Woods is one of three seniors helping students with disabilities thanks to a new partnership launched by Sandra Jones of the Senior Companion Program and Nancy Hart-Fishwick of Lane's Disability Services. Hart-Fishwick said it is difficult to find people to provide critical support services for disabled students. When Jones proposed using the Senior Companions as service providers, Hart-Fishwick saw it as an opportunity to fill an important need in a creative, mutually supportive way.

The Senior Companion Program places low income seniors age 60 or older in part-time positions assisting frail, elderly or disabled adults in exchange for a non-taxable stipend and benefit package. The federally funded program serves 36 community agencies throughout Lane. Senior Companion Program sites contribute matching funds. - by Therese Picado for *The Daily*
