## Moskus announces vice president decision

At a special meeting of Instructional Services Council on April 27, President Moskus announced that the college is beginning the search for a vice president of instruction to succeed Jim Ellison when he retires in late summer. The application deadline is June 2. The vice president will oversee transfer programs; articulation with other educational institutions; and program planning, development and evaluation. The new vice president will work jointly as a team with Vice President for Instruction Larry Warford who will oversee professional-technical and non-credit instruction. Both vice presidents will work out of one Instructional Services Office.

## Voters' pamphlet is state's, not county's

Several staff have questioned why the LCC bond, Measure 20-44, does not appear in the voter's pamphlet for the May 16 election. Since the college bond measure is a *county* issue, it does not appear in the *state* voter's pamphlet. Due to financial restrictions, Lane County does not produce a voters' pamphlet for special elections. Of the four counties represented in LCC's district, only Benton County produces a voters' pamphlet. LCC's bond measure does appear in the Benton County pamphlet. - Linda Waddell, Ext. 2313

## Tuition input sought via hearings and voice mail

The Tuition Committee will hold three open hearings for staff and students to provide input on the proposed tuition increases. Options under consideration are (1) no increase for 1995/96 and a \$4 increase per resident credit hour for 1996-97; or (2) \$2 increase for 1995/96 and a \$2 increase for 1996/97. The open hearings are scheduled for: Tuesday, May 2, 7:30-8:30 a.m., Boardroom; Wednesday, May 3, 1-2 p.m., PE 205; and Wednesday, May 3, 5-6 p.m., Boardroom.

Tables with flyers to solicit student input will be set up adjacent to student polling places during the ASLCC elections from May 1-3. In addition, staff and students may leave their comments on voice mail by calling 741-1212, box 2337, by Thursday, May 4. - Barb Delansky

## College Council agenda

College Council will meet on Tuesday, May 2, from 1:30-3:30 p.m. in the Boardroom. Agenda highlights: review collegewide computer use guidelines proposed by the Network Task Force; review agenda for May 10 Board of Education meeting.

## Correction

The photo in the April 26 *Daily* incorrectly identified Marie Nelson. Marie Nelson is formerly of Personnel Services. Marie Reid was former secretary to the president and Board of Education. The error is regretted.

## Meeting scheduled to discuss college processes

A meeting has been called for Friday, May 5, from 8:30-10 a.m. in the Boardroom to provide information and answer questions about the possibility of launching a project to redesign some college processes. Refreshments will be served. If interested, we hope your schedule permits you to attend. - Marie Matsen and Linda Waddell

## Career fair arrives

"Career Fair 1995: Explore the Possibilities" happens Wednesday, May 3, from 10 a.m. to 2 p.m. in the cafeteria. Employers will be on site to provide information to career-seeking students and to recruit potential employees. The fair is sponsored by LCC's Job Placement Office. The office provides a free job listing service, computer matches, applicant pre-screening, referrals, and on-campus interview sites for students, graduates and employers.

## Collegewide computer use guidelines proposed

The Network Task Force has drafted guidelines for the use of college computers by students and employees. The guidelines cover issues of access, usage, copyright, privacy, harassment, the consequences of mis-use, and personal responsibility. The three-and-a-quarter page proposal will be debated by College Council at its May 2 meeting from 1:30-3:30 p.m. in the Boardroom. Interested staff are welcome to attend. For a copy of the proposal, contact College Operations Office, 2nd floor of the Administration Building.

## Multimedia/Internet expert to visit Lane this week

Alan Levine, instructional technologist at Maricopa Community College's Center for Learning and Instruction, will present and discuss uses of multimedia technology in education on Wednesday, May 3 and Thursday, May 4, from 3:30-5 p.m. in CEN 421, the new Instructional Technology Center. Levine has created a model World Wide Web Internet site at Maricopa and has a special interest in appropriate uses of technology in the "classroom of the future. Call Tim Blood at Ext. 2243 for more information.

## Dealing with defensiveness

A workshop on dealing with defensiveness will be offered on Wednesday, May 3, from 10 a.m.-noon in HEA 105, and again from 2-4 p.m. in M&A 235. The presenter is Linda deCaccia, part-time counselor and instructor at Lane, and private clinical practitioner. Reserve your place with Julie Baker, Ext. 2199.

## Technology initiative seeks participants

Approximately 25 people directly involved in teaching and learning will be selected to participate in the Instructional Technology Initiative during the summer months. Another 15 will be selected for fall term. Faculty and staff are provided paid time for projects that improve teaching and learning and/or provide improved access to our programs and services. They also are awarded use of a lap top computer for the duration of their project, time in the technology lab and training assistance. Details and project proposal forms are available in departmental offices. Deadline for summer project proposals is May 18. - Larry Warford

## Classified Council report

At Classified Council's April 12 meeting, facilitators Carrol Barton and Elaine Marsh discussed their recent meeting with President Moskus. They said he praised council's work, noting the implementation of the staff suggestion box and research members have done on important issues. He offered suggestions for other topics that could be addressed such as the mentoring program and fall in-service. Moskus will visit council during its first meeting in May; classified staff are invited to attend or to forward questions and concerns to council.

In other business, Bob Barber of Computer Information Technology and Sylvia Sandoz of Instructional Computing presented on the status of technology at Lane. They asked for feedback from the perspective of classified staff on how technology should be used and how faculty and classified staff can work together to integrate technology into instruction. - Kimberly Buchanan

## Junction City board members observe 30 years of service

Jim Pitney, John Barber, Cliff Matson, Jerry Moskus

Junction City retirees Cliff Matson, John Barber and Jim Pitney received special thanks and recognition at a luncheon for Board of Education members on April 20. The trio are the only people ever to have held the Zone 2 post on the board. "Together they have 30 years of service to Lane," said President Jerry Moskus. "That's about 1,200 hours of volunteer service." Current board member Pitney added, "We're sort of a living history exhibit."

Matson served from 1964-71. He is a retired dentist and former teacher and principal of Junction City High School. Barber was on the board from 1971-75. He is a former Eugene Municipal Court judge. Pitney, a

retired farmer and dairyman, was elected in 1975 and begins his sixth term this July.

Reminiscing, Matson said that in the beginning, he and others traveled to California to study its 29 two-year colleges. "They told us to think big, build big, so we did. At the time it seemed a little too big, but now I can see it was the right thing to do."

Barber commented on the variety of opportunities available to students, from career training to transfer credits to basic education, and on the advance of technology into education. "I remember the first computer we ever got," he said. "It was as tall and wide as a door and just as deep. Only one guy knew how to run it." That was in 1973. Now computers play a role in nearly every occupation and are a common teaching aid and office tool.

Pitney was impressed by growth and change in numbers of people and programs, and also in management. He said Lane has moved from autocracy to shared governance. Pitney, whose 20 years of service exceed any other board member's in LCC's history, has seen changes in the news media as well. "It used to be that they came to every board meeting. We were pretty well attended. Now you rarely see the TV stations or the local paper here."

Pitney said he is glad to continue on the board, drawing on the past to help build the future. Barber, too, is proud of the role he played in shaping Lane. Matson declared, "If I were 30 years younger, I'd do it again."

## Early advising open

Thanks to instructors for handing out early advising cards. With your help, the Counseling Department can provide early advising and registration times for 3,000 students. If you don't have an early advising schedule, see the April 21 *Torch* or get a copy from the Counseling and Advising Center. - Carol Lynn Morse, Ext. 2234

## Instructional support staff to hold special meeting

## Phi Theta Kappa recognition ceremony

The Sigma Zeta Chapter of Phi Theta Kappa is happy to sponsor a campuswide ceremony to celebrate the selection of over 75 students to receive awards from various departments. The ceremony will be held on Friday, May 12, at 3 p.m. in the northeast corner of the cafeteria (or just outside if the weather permits). Friends, family and all employees are encouraged to attend and support these outstanding students. For more information contact Dr. Velma Jessor at Ext. 2157.

## Digital Chisel how-to workshop offered

A free training session for the multimedia program Digital Chisel will be held on Saturday, May 13 from 9 a.m. to 4 p.m. in CEN 478. This program was named best new multimedia software by MacUser. It turns the Macintosh into a multimedia tool which allows quick and easy incorporation of sound, video, and/or graphics in combination with text, enabling students and/or staff to create interactive lessons, tutorials, talking storybooks, reports, presentations, and tests. Seating is limited. To reserve a place, please call Anne Bacon, Ext. 2065.

## Social hour to feature Oregon and the Oregon Trail

Everyone is invited to the sixth international student social hour hosted by the International Student Community Program on Wednesday, May 17, from 2-4 p.m. in the northeast corner of the cafeteria. A special presentation on Oregon and the Oregon Trail will be made by Milt Madden, social science instructor, Jim Pitney, LCC Board of Education member, and Betty Pitney, local historian. Enjoy their stories and illustrations of how the state we live in came to be. - Pat Williams, Ext. 2165

## Nancy Jaques to retire

Nancy Jaques, administrative specialist in Curriculum and Scheduling, is taking disability retirement. Nancy has worked with LCC since 1968, most recently supervising the detail work involved in the class schedule, room scheduling and the curriculum approval process. A farewell reception is planned Tuesday, May 30 from 2-4 p.m. in PE 205. Contributions toward a gift may be sent to Curriculum and Scheduling.

## Fund established in memory of Japanese student

*Coordinator Pat Williams (seated, center) and students in Lane's International Students Community Program.*

The parents of Toshiya Ikegami, a Japanese student at Lane killed in a car accident on October 26, 1994, have endowed the Toshiya Ikegami Memorial International Student Loan Fund with a gift of \$10,000 to the LCC Foundation. The fund will provide up to \$200 in emergency loans each year to LCC international students.

Mr. and Mrs. Nobuo Ikegami of Tokyo, Japan, wrote, "We establish this fund to contribute to the ability of the college to shape and enhance the lives of international students in the college district, to encourage and

assist their involvement in education in the Oregon community, and to add to their quality of life and joy of living." Members of Lane's International Student Community Program helped develop the loan criteria. Foundation Director Joe Farmer says loans will be available by fall 1995.

## Business Department names students of the year

Every year, Business Department faculty nominate and choose two students of the year. This year's winners are Adrienne Gold and Joy Holland. Gold received the Outstanding Office Administration Student of the Year Award. She is an office administration and associate of accounting major. Holland received the Wall Street Journal Award (and a free one-year subscription). She is a business management major. Each was chosen for academic excellence, cooperative work experience and second-year standing, as well as for a sense of commitment, positive attitude and general behaviors that impressed their instructor nominators. Nominations were made winter term. Many students were qualified and were nominated in this unannounced process, and the decision was very difficult.

The awards will be presented as part of the collegewide student recognition ceremony sponsored by Phi Theta Kappa on Friday, May 12 at 3 p.m. in the cafeteria.

## LCC grad earns employee award

Juan Gonzalez graduated from Lane in 1991 with an associate of applied science degree in computer operations. He worked at the University of Oregon Computing Center as part of his LCC cooperative work experience, first as a student computer operator, and after graduation as a classified computer operator. The part-time position eventually expanded to full-time. About a year ago, Juan prepared to take responsibility for operation of the scanner service, which processes exam scoring, course evaluations, entry of grades, and analysis of scanner surveys. Juan has now received the UO's classified employee recognition award for outstanding performance!

## Kudos

Steve Candee, political science instructor and cooperative education coordinator, has been selected to be a revision author for the introductory government text, *People & Politics: An Introduction to American Politics*. Candee will be responsible for the section on public opinion.

## Wayne Shields scholarship applications available

## Process redesign information offered

Executive Cabinet is considering a project to redesign some college processes to generate greater efficiency and improved customer service, Assistant to the President Linda Waddell told College Council on May 2. The idea is a continuation of college restructuring launched a year ago. Cabinet has begun listing processes that might benefit from redesign and will provide one-time funding for selected projects. "It is not our goal to eliminate staff," Waddell assured the council, adding that "this project will be highly participatory." More information will be presented in an information session open to all interested employees on Friday, May 5 from 8:30-10 a.m. in the Boardroom.

## Kudos

Vice President Linda Fossen is one of only 35 community college leaders selected to attend the Executive Leadership Institute sponsored by the League for Innovation to be held in Newport Beach, Calif., from August 6-11. A five-member national panel selected the participants from a pool of more than 100 applicants.

## KLCC fosters another winner

One of the local student commentaries entered by KLCC in the National Public Radio "Coming of Age" writing contest has been chosen as a national runner up in the age 12-to-14 category. Simon Corcoran of St. Paul Catholic School was one of 12 runners up chosen from among 2,000 entries. NPR remarked that Corcoran's entry "reflected creative and well-written opinions of what it is like to come of age in the 90s." He will receive a certificate of achievement and contest sweatshirt from NPR. The essays by middle school and high school students aired by KLCC are scheduled to be excerpted in the May 8 issue of *The Register-Guard*.

## Marketing grants awarded

The following two staff members recently were awarded marketing grants: Bill Porter, LCC at Florence, \$670, to create and install directional signs to Siltcoos Station; and Tamara Pinkas, Cooperative Education, \$610, to help pay for video to promote Cooperative Education. The next round of marketing grant applications will be in the fall. Watch *The Daily* for details. - Diane Dann

## Donations sought to assist Mexican students

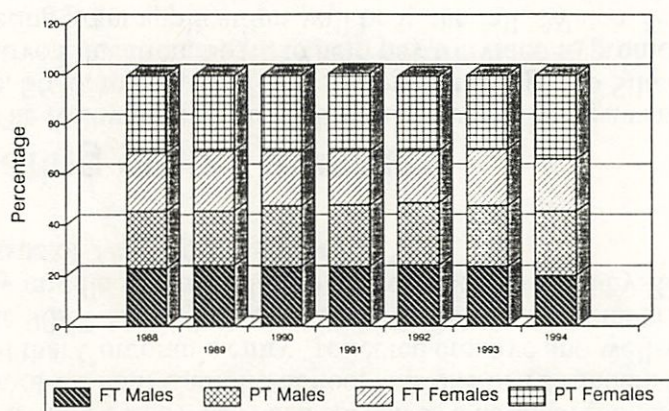

Donations to assist Mexican students in financial need due to the devaluation of the peso are being sought by the International Students Community Program. Checks should be made payable to the LCC Foundation and include the notation "international Mexican grant fund." Checks may be sent to the Foundation or to Pat Williams, ISCP.

## Today

- Faculty Council special meeting, 3-4:30 p.m., Boardroom.

## Classified Council agenda

Classified Council will meet Wednesday, May 10, 3-5 p.m. in PE 205. President Moskus is on the agenda for 3 p.m., and Vice President Larry Warford will discuss inservice at 3:30 p.m.

## Betty Svarverud named employee of the month

*Larry Warford presents award to Betty Svarverud*

What goes around comes around. In 1979/80, Betty Svarverud of Mechanical Technologies helped create the Outstanding Classified Employee of the Month Award to honor the contributions of support staff. Last week, she found herself the recipient of the award for May 1995.

Svarverud has advised mechanical technology students since 1974. Before Lane, she worked in administration at the University of California at Santa Barbara. She is a graduate of South Eugene High School and Eugene Business College and has completed various professional training seminars.

In addition to the classified employee award committee, Svarverud has served on many others including two accreditation self-study teams, the degree requirements committee, the

student services team, and the LCCEF fact finding committee.

She has earned certificates of appreciation from the aviation maintenance technician program, the dislocated worker program, the cooperative education program, the Mechanical Technologies Department, the auto body paint program, and the Board of Education. Outside of Lane she is a charter member of the Good Shepherd Lutheran Church.

Her nominators included both staff and students. Among the accolades: "When you need a problem solved, I recommend Betty." "If you need something done, see Betty." "...she can always find the answer..." "Betty is always considerate, kind and respectful." "Betty found credits in my old transcripts I didn't even know I had! I wouldn't graduate if it were not for Betty's help."

## Lane student wins short story award

Lane student Kyle P. Whelliston has won an honorable mention for his short story, "Foreign Customs," entered in the League for Innovation Student Literary Competition. Whelliston's story was one of 14 entries in this second annual competition. Juror was Rosemarie Kinder.

## Education reform summit to be held

Lane's Education Reform Director Greg Fishwick is coordinating an education reform summit to be held Friday, May 19 from 8 a.m.-4 p.m. at the Emerald Valley Resort and Conference Center in Creswell. The summit is designed for K-college faculty, educational leaders, parents, businesses, and others wanting an overview of how education is delivered in Oregon. Board of Education member and state Sen. Peter Sorenson and President Jerry Moskus will deliver opening remarks. Registration brochures have been sent to all staff. If you didn't get one or need more information, call Mary Moore at Ext. 2179. The summit dovetails with the culmination of the Lane County Student Achievement Convention at the Lane County Fairgrounds. Displays of work by over 300 students will be open to the public May 17-18 from 9 a.m. -5 p.m., with an awards presentation at 6:30 p.m. on May 18.

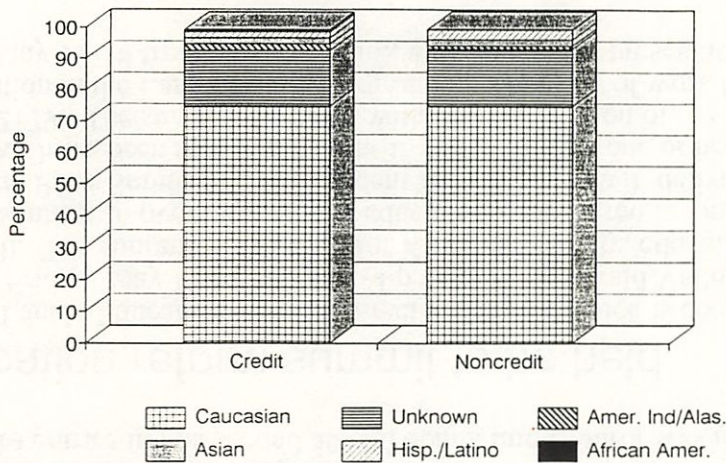

## Printing deadline reminder

Instructional packets and books needed for summer term classes should be submitted to Printing/Graphics by Thursday, May 25. Materials needed for the first day of summer term should be submitted by June 13. Thanks for your cooperation.

## College Council news

**Proposed tuition increases** of \$2 for 1995/96 and \$2 for 1996/97 received reluctant consensus support at College Council's May 2 meeting, in preference to program cuts and with respect to the limits of state funding under the new community college equalization formula.

**Instruction needs two vice presidents**, President Jerry Moskus said, to administer its 28 departments. He reached that conclusion after months of study precipitated by Jim Ellison's retirement announcement. On April 27 he announced a hiring process including a June 2 application deadline. Faculty Council criticized the process as too fast and lacking faculty

involvement. Moskus said faculty will have a chance to participate in screening and selection. He will send a memo to Faculty Council.

**Process redesign** is being explored by Executive Cabinet as a way to reduce stress in an era of "doing more with less," Assistant to the President Linda Waddell told council. She and Vice President Marie Matsen are interviewing staff about processes that might benefit from redesign and will meet with governance councils. She added, "it is not our goal to eliminate staff" and "this project will be highly participatory."

**The roles of various technology committees** were reviewed: Network Task Force, to research and recommend a collegewide network and guidelines for computer use; Computer Support Committee, to develop and maintain a list of supported hardware and software; and Technology Think Tank, concerned that the college systematize and coordinate its approach to technology. Membership lists are available from Linda Waddell. In related discussion, council supported a **computer use policy** proposed by the Network Task Force. Linda Loft will proceed with refining and distributing the policy.

## Board agenda

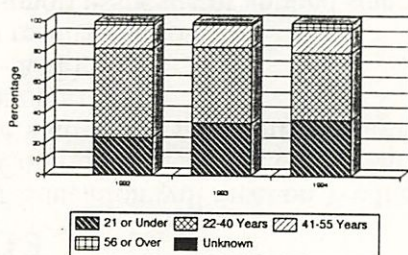

The Board of Education will meet on Wednesday, May 10, at 7:15 p.m. in the Boardroom, following a Budget Committee meeting at 5:30 p.m., same place. Agenda highlights:

- legislative update with Karn Garst, Oregon Community College Association executive director
- process redesign report
- tuition proposal - action
- ASLCC election results - action
- computer user support associate of applied science degree program - action
- avionics technician associate of applied science, two-year and one-year certificate programs - action
- draft resolution authorizing sale of construction bonds - discussion
- bond architecture master planning - discussion
- full-time/part-time faculty - discussion

International students invite everyone to their sixth social hour on Wednesday, May 17, from 2-4 p.m. in the northeast corner of the cafeteria. A special presentation on Oregon and the Oregon Trail will be made by Milt Madden, social science instructor; Jim Pitney, LCC Board of Education member; and Betty Pitney, local historian. Mr. Pitney promises to tell "A Plum Good Story" having something to do with fruit, and Mrs. Pitney will discuss "Elizabeth's Daffodils."

## Board approves tuition increase

**Tuition will increase** from \$30 to \$32 effective summer term, following unanimous vote of the Board of Education at its May 10 meeting. Related tuition raises: out-of-state from \$105 to \$109 per credit hour, and non-credit from \$50 to \$53 per 30 hours.

In other action:

- **ASLCC election results** were approved: Adam Young, president; Noni Lundi, vice president; Thomas Lee, treasurer; Angela Kellner, cultural director; David Jost, Randy Dreiling, Zach Majors, Aisha Panas, Trev Mostella, Lisa Linnell, Christian Hill, and Max Reams, senators. The \$.50 Torch fee was defeated. Passed were ASLCC constitutional revisions, funding for the statewide student leaders association, and a cap on student fees at 78.5 percent of one credit hour of tuition.
- **Computer user support** associate of applied science degree program was approved.
- **Avionics technician** associate of applied science, two-year and one-year certificate programs were approved.
- **Selection waiver for process redesign consultants** was approved with Michael Dubick abstaining. The consultants are Ted Jeffcoat of Coopers & Lybrand and Susan Phillips of Phillips & Associates, for a combined total fee not to exceed \$128,000.
- **Retirements** were accepted from **W. Donald Smith**, Study Skills instructor; **Dick Reid**, Performing Arts chair; and **Richard Fraga**, biology instructor.

Major discussion focused on the **full-time part-time faculty ratio**. The board heard considerable testimony from a standing-room-only crowd arguing for a higher ratio of full-time to part-time faculty. The board pledged extensive review of the issue, including a work session.

The **next regularly scheduled meeting** is June 14.

## In case you were wondering

The U.S. House and Senate are working to resolve large differences in the recissions each has proposed for federal spending for fiscal year 1995. Despite the recissions, overall funding for education in FY 1995 will still be greater than in FY 1994. Here's a run-down:

- Congress initially appropriated \$33.7 billion for the U.S. Department of Education for FY 1995. This is an increase of \$6.7 billion over FY 1994 or about 20 percent more.
- The President's proposed budget would rescind \$188 million or about 2.7 percent of the increase.
- The House of Representatives' bill would rescind \$1.7 billion or about 25 percent of the increase.
- The Senate's bill would rescind \$405 million or about 6 percent of the increase.

Key programs at risk in the various bills are Carl Perkins funding as we know it, Title III grants, and numerous K-12 programs. Source: *The Guide to Federal Assistance Newsletter*, May 3, 1995.

## Voters support Lane

Strong voter support carried Lane's \$42.8 million bond request to victory on Tuesday. The final count showed a 52 percent yes vote vs. a 38 percent no vote (overvotes and undervotes comprised the remainder). "The voters understand how important we are to the community," said President Jerry Moskus. "They recognize the value of community college education."

The Board of Education held a phone meeting yesterday to authorize issuance of the bonds and hire architects. Staff input to the design phase will begin with the identification of about 30 user groups, said Campus Services Director Paul Colvin. Many of the groups may not convene until fall when all staff are back from summer leave. The master planning phase will take six to nine months.

## Faculty Council report

Faculty Council held a special meeting May 9 to discuss the hiring process for the new vice president of instruction. Members were concerned about the short timeline and wanted to ensure that faculty has a primary role in the hiring process for this position. President Moskus attended and explained that important decisions needed to be made about the vice president position before the hiring process could begin, so the process got a late start. He said several members of the Future Faculty Task Force have been involved in the hiring process, and faculty will be selected for the screening and interviewing committees. He told council that Sue Colvin of Personnel Services is helping to plan the process and will have a large group question process with the candidates; the group will advise the committees. Council asked the president to set a tentative time for the group question period so that it could be announced before the end of the term. During this discussion, Moskus asked for clarification of his relationship to council and agreed that either he or one of the vice presidents will attend each Faculty Council meeting.

Moskus and council also discussed the full-time/part-time faculty ratio. He supported council's position statement but wanted to know what ideas council has for alternatives to part-time faculty. Council's last meeting for the term is May 25 at 3 p.m. in the Boardroom. - Kimberly Buchanan

## Rita Hennessy wins innovation award

Philosophy instructor Rita Hennessy has received the League for Innovation 1995 Innovation of the Year Award at Lane for development of the Fast Forward program. A reception will be held in her honor on Tuesday, May 23 at 3:45 p.m. in the Social Science lounge, fourth floor Center.

Fast Forward is an interdisciplinary, multicultural learning community which helps students earn the associate of arts Oregon transfer degree in a timely manner. Students set up an entire year's schedule after orientation and are guaranteed early registration. Two classrooms have been renovated and dedicated to Fast Forward classes to enhance the sense of community among the students.

The Innovation of the Year Award is presented annually to one person at each of the League's 18 member college districts.

## Lane to train Hyundai employees

Lane will train Hyundai Electronics America employees, Business and Industry Services Director Dave Oatman said Monday after the corporation's announcement that it will build a \$1.3 billion computer memory chip plant in Eugene. This is the third major employer Lane has helped attract to the community in recent years by delivering customized workforce training. Sony Disc Manufacturing selected Springfield in January 1994 as the site of a new plant and Symantec Corporation chose Eugene for its technical support division relocation in October 1993. Each company cited Lane's custom training services as a key factor in its location decision, as did Hyundai.

Oatman said Lane and Hyundai officials are working out a specific training program. He anticipates training mostly operators and technicians. In the meantime, Bob Vogel in the Electronics Department is developing new courses applicable to the microelectronics industry such as wafer manufacturing, integrated circuits and clean room procedures. Oatman said prospective employees could get a head start by studying electronics, math, and chemistry.

Hyundai officials expect to hire about 1,000 people beginning spring or summer 1996 and to begin production in January 1997. Lane would train employees after the hiring process.

## Classified Council agenda

Classified Council will discuss the college computer use policy at its meeting on Wednesday, May 24, at 4 p.m. in PE 205. Carrol Barton will facilitate.

## Judge to speak

Lane County District Court Judge Lauren Holland will speak to Steve Candee's State and Local Government classes on Wednesday, May 24 from 10-10:50 a.m. and 11-11:50 a.m. in CEN 402. She will address current issues facing the court. Guests are welcome.

## Betty Vail honored

Counselor Betty Vail has been named 1995 Counselor of the Year by the Oregon College and University Counselor's Association. She currently serves as OCUCA treasurer. She has been a counselor at Lane for 20 years.

## Faculty Council meeting date changed

Faculty Council will not meet May 25. The next meeting is Thursday, June 1 from 3-4:30 p.m. in the Boardroom. The agenda includes discussing the process of deciding the bond projects. Paul Colvin and Linda Waddell will attend. All faculty are urged to attend. - Joyce Fish, Ext. 2397

## Funding available for faculty professional leave

Winter and spring term professional development leave applications are being accepted through October 2. Contracted faculty members may apply for one to two terms of paid professional leave to do research, retrain for new assignments at Lane, or return to school. Guidelines and applications are available from Roxanne Flowerday or Pat John in Study Skills at Ext. 2439.

## Financial aid exit interviews to be held

Federal regulations require that students receiving a Federal Stafford Loan or a Federal SLS Loan while attending Lane must attend an exit interview during their last term of attendance. The exit interview outlines financial planning, disclosure statements, repayment procedures, how to correspond with the lender, secondary markets, loan consolidation, options for making payments, and the consequences of default. Exit interviews are scheduled for Tuesday, May 30 at 10 a.m., 2 p.m. and 6 p.m. in HEA 269; and Wednesday, May 31 at 9 a.m., 1 p.m. and 4 p.m. in HEA 105. The sessions will begin on time and latecomers cannot be admitted. Each session will last approximately 50 minutes.

## Women's Program scholarship available

The Women's Program is awarding a \$500 scholarship for 1995/96. Applicants must be second-year Lane students and be single mothers on welfare. Deadline for applications is June 9. Applications may be picked up in the Women's Center.

## ESL students get a boost

*Heide Baer, Julio Postigo and Maxine Frauman*

Spanish speaking students in the English as a Second Language are getting a boost. Heidi Baer, a University of Oregon student intern with the Counseling Department, and Julio Postigo, a university graduate from Bolivia now working on an associate degree at Lane, teamed up last winter to offer counseling and advising services in Spanish to ESL students. Such services have been provided mostly in English.

The duo conduct new student orientations and offer one-on-one counseling and advising. Postigo, who holds a teaching

credential in physical education, kicked in and formed an ESL intramural soccer team this spring as a bonus. Clients come from all educational and economic backgrounds, age groups, and countries. They want to know about financial aid, transferring international college credits, immigration, and other issues. Lead instructor Maxine Frauman says ESL is an open-entry program and typically serves 400 students at any given time. Winter term statistics show 122 students from Asia, 31 from Europe, 237 from Latin America, and 12 from the Middle East.

Baer and Postigo's services are funded through June. They are seeking additional funding and hope to add in-depth, single-topic orientations and to organize an ESL student government.

## PTK chapter earns five-star status

Lane's Sigma Zeta Chapter of Phi Theta Kappa, the honor society for two-year colleges, has been named a Five Star Chapter. PTK executive Director Rod Risley wrote in a congratulatory letter that Lane's chapter "has continually proved itself as an exemplary model of Phi Theta Kappa's four hallmarks: scholarship, leadership, fellowship, and service." He also thanked President Jerry Moskus for "allegiance to the Sigma Zeta Chapter which continues to draw regional and international attention to the academic superiority of Lane Community College." Moskus received the Most Supportive College President award at a recent regional convention and Dr. Velma Jesser won the Horizon Award for Advisors. Several Lane student officers also won awards at the convention (see May 9 *Daily*). Lane's chapter will be listed in the international PTK 1996 Awards Tabloid and in the *Five-Star Chapter Program Guide, Seventh Edition*.

## Classified Council report

President Moskus attended Classified Council's May 10 meeting and discussed how outstanding classified employees can be recognized more for their work and accomplishments. He said he would like to give greater recognition to retiring staff members. He also suggested managers and faculty acknowledge classified staff more often for their work. Vice President Larry Warford of Instructional Services also attended and suggested that other kinds of awards be given to acknowledge employees in addition to the employee of the month award. It was also suggested that acknowledgments be published in *The Daily*.

Council expressed ideas and concerns about Martin Luther King Day and asked Moskus what staff can do in the interest of diversity. He said he would like to change the notion that people have to learn to fit in and suggested staff work to promote the idea of diversity within the community.

Warford discussed fall in-service and asked council what the classified staff's issues and concerns are. He also asked for ideas on how to make it a valuable experience for all Lane staff. Council will pass along the results of a survey it conducted of classified employees regarding fall in-service. Council meets today at 4 p.m. in PE 205. - Kimberly Buchanan

## Another WWW demonstration offered

Bill Griffiths of Math will take a plain text file and turn it into a complete HTML document with formatting, links and graphics in "Creating World Wide Web Documents: Part 2" on Monday, June 5 from 3-4 p.m. in M&A 235. Come watch.

## Welcome

*Inge Van Laecke*

College Operations is hosting Inge Van Laecke, an intern from Belgium, during May and June. Inge is working on several special projects for College Operations, College Finance, Purchasing, Foodservices, and Bookstore.

Inge has this to say about her stay in Oregon: "I 'm studying business management in Ghent, Belgium. To graduate at the end of June I have to do an internship, which I am doing here at LCC, at Marie Matsen's office. I am really glad that I got the opportunity to do this internship abroad, because I don't only want to learn a lot about business, but also a lot about Oregon. During the weekends I will visit some interesting places like Crater Lake, Multnomah Falls, Portland, San Francisco, etc."

Inge is staying with a host family in Cottage Grove. She may be reached by calling College Operations at Ext. 2311 or College Finance at Ext. 2605. Please stop by and welcome Inge!

## TTT plans interdepartmental faculty mixers

During 1995/96, Teachers Talking About Teaching will sponsor interdepartmental faculty mixers to encourage campuswide community building. The Mathematics Department will host the first mixer in October. The mixer will feature refreshments, interesting conversation and a door-prize drawing. If your department would like to host a faculty mixer, contact Pat McLaughlin at Ext. 2481.

## Titans competing in track championships

The Titans men's and women's track and field teams will be in Spokane today and Friday to compete in the NWAACC track and field championships at Spokane Falls Community College. ### THANKS

May has been a month of meetings with out-of-town visitors, presentations, statewide meetings, a student recognition banquet, a fiesta, and Casino Night. Throughout all these events, Campus Services, Audio Visual Services, Foodservices, and Culinary Arts crews did an outstanding job of providing quality, professional service and made the whole process seem effortless. Thanks to all who have participated in making Lane a terrific place to work. - Miriam Thompson, Office for Student Services.

---

### CLOSURES

- The Training and Development Department will be closed on Thursday, June 1, from 11 a.m. to 2 p.m. so that staff can attend the sixth annual Dislocated Worker Program picnic.
- The Counseling Department will have in-service all day Friday, June 2, and our full-time staff will be off campus. During that time, our part-time staff will provide limited services in the Counseling and Advising Center. - Judy Ward, Ext. 2583

## Computer Support Committee to solicit staff feedback

The Computer Support Committee is nearing completion of lists of supported hardware and software. Over the summer, the committee will develop an information packet containing the lists, information about how they were developed and a feedback form to solicit input from staff. The packet will be distributed prior to fall inservice, so that all staff will have an opportunity to review the lists and offer feedback. One or two fall inservice forums also are planned to share information and get face-to-face feedback. Input from staff will be used in a consultative manner to inform the decisions the committee members make. The Computer Support Committee uses a consensus decision-making process. Final supported hardware and software lists and a process for future revisions to the lists should be completed by Dec. 1. If you have questions or input, contact Nick Cheshire, Ext. 2804; Sarah LaMaster, Ext. 2312; or Tom Taylor, Ext. 4444.

## Financial aid exit interviews to be held

Federal regulations require that students receiving a Federal Stafford Loan or a Federal SLS Loan while attending Lane must attend an exit interview during their last term of attendance. The exit interview outlines financial planning, disclosure statements, repayment procedures, how to correspond with the lender, secondary markets, loan consolidation, options for making payments, and the consequences of default. Exit interviews are scheduled for Tuesday, May 30 at 10 a.m., 2 p.m. and 6 p.m. in HEA 269; and Wednesday, May 31 at 9 a.m., 1 p.m. and 4 p.m. in HEA 105. The sessions will begin on time and latecomers cannot be admitted. Each session will last approximately 50 minutes.

## Network update

The installation of the new collegewide is entering its final stages and will be brought on-line steadily throughout the summer. The network will provide internal college e-mail and access to the Internet. All full-time and part-time staff are eligible for network training. Training for LCC at Cottage Grove will begin this week. Trainings for LCC at Florence and the Downtown Center will follow. The main campus trainings will begin the first of summer term and continue through the summer and fall. A detailed schedule will be published in The Daily next week along with instructions on how to sign up. Please note that attendance at an initial training session will be necessary in order to set up your network access. Minutes from all Network Task Force meetings are available in all departments from the department chairs. - Bob Barber, Ext. 2305

## TTT plans interdepartmental faculty mixers

During 1995/96, Teachers Talking About Teaching will sponsor interdepartmental faculty mixers to encourage collegewide community building. The Mathematics Department will host the first mixer in October. The mixer will feature refreshments, interesting conversation and a door-prize drawing. If your department would like to host a faculty mixer, contact Pat McLaughlin at Ext. 2481.

## 1995 fall inservice

Fall inservice for 1995 will be held during the weeks of Sept. 11-14 and 18-21. The week of Sept. 11-14 has been designated for department activities. The all-staff meeting and activities coordinated by the President's Office will be held on Sept. 18. Cross-campus activities will be held Sept. 18-21. The areas of focus are assessment, diversity, technology, and education reform. If you have a special event you would like to have on the calendar, please pick up a fall inservice 1995 request form from Julie Baker's desk outside ADM 209 and return it to her by June 30. The request will then be shared with the fall inservice team. Because the team will not be meeting again before inservice, requests submitted after June 30 will not be considered. If you have questions, call Baker at Ext. 2199.

## Faculty pay plan changes require a form
