Free business fair

If you own a business, or are considering launching one, stop by "Boost Your Own Business Bonanza" on Saturday, Sept. 9, from 9 a.m.-4 p.m. in CEN first floor. This one-day fair is free of charge and aimed at educating individuals about how to start and operate a business. Presentations by private and public sector leaders are scheduled throughout the day. Exhibits with representatives from government agencies and organizations will be available all day to share agency and program specific resources and information. Participants are invited to come for a portion of the day, or to stay for the entire day. Lunch is brown bag or buy your own. To register, call the Business Development Center at Ext. 2255, or sign up at the door.

Airshow report

The 1995 U.S. Bank Eugene Airshow held August 5 and 6 at Eugene Airport attracted 15,000 spectators and resulted in a break-even budget, says Joe Farmer, director of the LCC Foundation and the airshow. Over 1,300 people volunteered to make the show enjoyable and safe.

Graphic design program featured in national newsletter

Lane's graphic design program is featured in the June 1995 issue of Adobe Designline, a newsletter published by Adobe Systems, Inc., maker of desktop publishing and graphic design software products. The article is titled "Success is in the Cards" and describes how students produce a poster featuring their business cards using Adobe Photoshop and PageMaker. Thomas Rubick coordinates Lane's graphic design program and created the business card poster project.

Daily to return to full-time schedule

The Daily will return to its full-time academic schedule effective Monday, Sept. 18. Issues will be published on Mondays, Tuesdays, Wednesdays, and Thursdays. Deadline is always noon of the day prior to publication. Mail or deliver submissions in writing, or via Mac or IBM 3-1/2" disk, to The Daily, ADM 210; or e-mail to aschimj@lanecc.edu; or fax to 744-3970. Editor is Joan Aschim. Assistant Editor is Angela Miller. For more information, call Ext. 2591.

Draft list of supported hardware and software available

The Computer Support Committee is distributing a packet containing information about the draft list of supported hardware and software and how it was developed. The packet will be available this Friday in department offices. All staff are encouraged to pick up a packet and review the information. Staff have three ways to give input on the proposed list: completing the survey form included in the packet; sending e-mail to COMPUTER X SUPPORTCOMM@COLLOPS-MA; and attending one of two open forums with members of the Computer Support Committee on September 21. The forums are from 1-2:45 p.m. and 3-4:45 p.m., both in FOR 308. Contact Sarah LaMaster, Ext. 2312, to get more packets or if you have other questions.

Printing deadline reminder

Material needed for the first day of fall term should be submitted to Printing/Graphics by Sept. 18. Thanks for your cooperation.

Foodservices closes early on Friday

The snack bar will close on Friday, Sept. 8 at 10:30 a.m. Foodservices has made arrangements for the vending machines in the snack bar and PE lobby to be filled to accommodate the closure.

Volunteers needed for LCC Welcome Week

Volunteers are needed to staff the LCC Welcome Week booth September 25-26. Two people are needed for each two-hour shift. Help welcome students to LCC. If you would like to volunteer, contact Jeannee Beauchaine at Ext. 2336.

THANKS

- I have enjoyed 21 years of teaching and learning with LCC. The opportunity to work with the Business and Cooperative Education Departments, and the Small Business Management Program have been fulfilling years for me. It is time to move on to new ventures and retire from LCC. Thanks to all who have touched my life the past 21 years. - Bill Dotson
- A very special thank you to all who worked at LCC's booth at the Lane County Fair this year. It takes about 60 people to staff the booth during the fair in addition to those individuals who work to set up, take down, and maintain and refinish the booth. This is a major effort on behalf of the college, and is a very worthwhile venture. Thank you to the following individuals who volunteered to make this a successful event: Linda Allen, Rob Atkins, Carrol Barton, Patti Bonitz, Harold Carothers, Sue Ferguson, Lois Frichtl, Mary Girard, Tracy Gregory, Steve Hamilton, Len Heflin, Velma Jesser, Kay King, Norm Kirtley, Jerry Langdon, Kathy and Tom Lee, Randy Lindstrom, Denine McMurren, Frank Merrill, Mary Michaud, Kelly Minter, Kristin Morrison, Pauline Moso, Diana Nelson, Leigh Alice Petty, Jane Phillips-Love, Ann Marie Prengamam, Loreta Prichard, Lloyd Rain, Vickie Ramsey, Max Reams, Nora Reynolds, Debbie Roach, Lorie Ryker, Carol Sirois, Cara Stewart, Sandy Young, Pat Williams, Women's Center Staff, and Ruth Wren.

Board agenda

The Lane Community College Board of Education meets Wednesday, Sept. 13, at 7 p.m. in the Boardroom. The board will hear a process redesign report and discuss the 1996/97 budget development criteria and process. It will take action on a public bidding exemption for ComputerPrep and Zenger-Miller training materials, a helicopter lease, and the following personnel appointments: Dr. Mary Spilde as instructional vice president, Craig Taylor as Research & Planning director, Catherine Miner as math instructor, Yvonne Martinez as public safety training coordinator, Thomas Marshall as electronics instructor, Beverly Hickey as early childhood education instructor, Marilou Good as computer information technology instructor, Jane Batterson as dental hygiene instructor, Thomas Brokaw as EMT instructor, and Roger D. Bates as health and physical education instructor.

Network training registration tip

To register for the remaining network classes this week, use the summer term code of 1 when you register on Classline, not the fall term code of 2.

Steering committee takes on web page issues

A steering committee has formed to begin development of the college home page and to help others develop related web pages. The committee seeks to ensure a quality identity for Lane by using consistent design standards. Lane's home page will officially debut Sept. 20. The committee has received page requests from several college departments and has evaluated the computer use guidelines with respect to web page authoring. A larger group of interested individuals will be involved in an advisory meeting on Tuesday, Oct. 3 from 3-4:30 p.m. in PE 205. Co-chairing the Home Page Steering Committee are Diane Dann, Institutional Advancement, and Nick Cheshire, Computer Services.

FIPSE grant workshop offered this Friday morning

The Fund for the Improvement of Postsecondary Education (FIPSE) preliminary grant applications are due Oct. 18. FIPSE reviews the five-page preliminary applications to select a pool of applicants to submit full proposals in the spring. FIPSE supports innovative ideas and Lane has received FIPSE grants in the past. To learn more about this grant opportunity, plan to attend the workshop this Friday, Sept. 15, 9:30-10:30 a.m. in APR 211. A more general grants overview workshop is scheduled for Sept. 18, 8-10 a.m. during in-service week. Contact Sarah LaMaster, Grants Coordinator, Ext. 2312 for more information about FIPSE grants and/or upcoming grants workshops.

Phone system improved

An "automated attendant" phone system is up and running evenings and weekends for the main college telephone number (747-4501). This means any extension may be dialed when the switchboard is closed. Later this year, the automated attendant function will be extended to daytime hours for service during busy times. Questions? Call Virginia Brady, Campus Services, Ext. 2565.

Local area code about to change

The local area code changes to 541 beginning Nov. 5. Both 503 and 541 will be allowed Nov. 5, 1995 through June 30, 1996. Afterwards, only the new 541 code will be allowed. The northwest corner of Oregon including Portland and Salem will retain the 503 code. Campus Services is preparing a list of affected exchanges. Questions? Call Virginia Brady, Campus Services, Ext. 2565.

Information technology conference discounts offered

Registration discounts of \$100 are available to Lane staff who want to attend the League for Innovation's annual conference on information technology to be held Nov. 5-8 in Kansas City, MO. For more information and a program brochure, contact Ext. 2120.

Reception planned for Jim Ellison

A reception for Jim Ellison will be held on Wednesday, Sept. 20 from 11:30 a.m.-1:30 p.m. in the cafeteria. A presentation of a gift and certificate will be made at 12:15 p.m. Light food and beverages will be provided. To contribute to a gift, call Marianne Kimball or Gloria Jarvis before Friday, Sept. 15.

Daily to resume full-time schedule

The Daily resumes its full-time schedule of Mondays, Tuesdays, Wednesdays, and Thursdays beginning Sept. 18. Deadline remains noon of the day prior to publication.

Contractor problems

Some of you have commented on difficulties you're having with collegewide contractors and suppliers. One getting more than its share of comments is our DOS-clone computer supplier. In most cases we try to resolve these difficulties within an hour or two. I would prefer to have the incidents described in writing just a short note stating the purchase order number, the date and a description of the problem. Also, please let me know of difficulties you've resolved yourself. I need to keep track of these things to address non-performance issues. - Lloyd Rain, Ext. 2572

Volunteers needed for LCC Welcome Week

Volunteers are needed to staff the LCC Welcome Week booth September 25-26. Two people are needed for each two-hour shift. If you can help, contact Jeannee Beauchaine at Ext. 2336.

This week

- Second week of fall in-service. See the in-service brochure and note highlights and changes below.
- The Daily's back on a Monday-Tuesday-Wednesday-Thursday schedule effective today.
- Reception for Jim Ellison, Wednesday, Sept. 20, 11:30 a.m.-1:30 p.m., cafeteria.

Today's all-staff meeting a special event

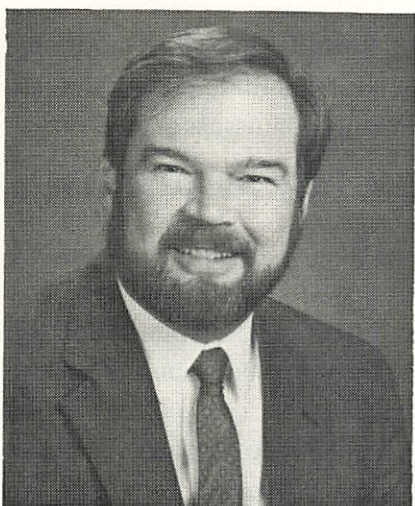

Today's all-staff meeting from 1-4:30 p.m. in Performing Arts main theater provides a special opportunity for employees to attend a presentation of David Mamet's play "Oleanna." The presentation was organized by classified, faculty and management staff. Produced in Ashland during the 1993/94 season, the play deals with powerful issues that all of us must contend with in our work. The *Boston Globe* said, "Mamet has raised outrage to an art form ... Oleanna is ... a scorcher. The woods are burning, and all of us are being seared in the fire." *Time* called it "one of the best 10 plays of 1992." President Jerry Moskus strongly supports this faculty and staff presentation of "Oleanna."

Everyone is encouraged to attend. Following the presentation, staff are invited to attend individual discussion groups facilitated by fellow staff members to reflect on and discuss the issues touched upon by the production.

Today's in-service highlights

- Breakfast for new and returning part-time faculty, 8 a.m., cafeteria, followed by skillshop and tour.
- Fitness Education Center open house, 8-10 a.m., PE 101. The center is open for staff and faculty access, Monday through Thursday, 11 a.m. to 1 p.m., during in-service.
- Tutoring at LCC, 8-10 a.m., CEN 420.
- Grant Development at Lane, 8-10 a.m., PE 205.
- CPR Certification and Recertification, 8-10 a.m., PE 115.
- Annual art faculty exhibition opening, 8 a.m., and reception, 9-10 a.m., Art Department Gallery. On the art faculty: Weltzin Blix, Bruce Dean, Glen Diseth, Kathleen Caprario, Deanna Douglas, Adam Grosowsky, Harold Hoy, David Joyce, Joyce Kommer, Ellen Lindly, Satoka Okito, Marilyn Robert, Tom Rubick, Matt Tullis, Craig Spilman, Walt Stevens, Dan White, and Bruce Wild.
- LCCEA faculty meeting, 10:30 a.m.-noon, FOR 308/309, followed by luncheon in cafeteria.
- All-staff meeting followed by "Oleanna" presentation and discussions (see above), 1-4:30 p.m., Performing Arts main theater.

President delivers annual address tomorrow

Dr. Jerry Moskus

President Jerry Moskus welcomes everyone to 1995/96. This year, he will deliver his annual address on Tuesday, Sept. 19, at 11:45 a.m. in the cafeteria. He also will present the annual employee awards including Instructor of the Year, Classified Employee of the Year, Innovation of the Year, and the Eldon. G. Schafer Innovation Awards. The awards luncheon is complimentary to the first 600 staff.

Classified picnic now a pizza party

The annual Lane Community College Employees Federation picnic has been changed to a pizza party at Pietro's on Franklin in Glenwood. LCCEF will pick up the tab on the pizza. Date and time remain Tuesday, Sept. 19, 4 p.m. For more information, contact Alen Bahret.

Home page to debut Sept. 20

Lane Community College's new home page will debut on the Internet's World Wide Web on Sept. 20. Lane's home page is the first screen of information someone would see if they visited the college on the Web. It will offer these choices for more information: About Lane, Calendar, Getting Started at Lane, Classes and Programs, and College Business. This is just the beginning. Many more categories and much more information will soon be added. If you think something should be there and don't see it, it's probably coming, but send your suggestions to Diane Dann, co-chair, Home Page Steering Committee. E-mail encouraged. For more information, contact Diane Dann.

Assessment Showcase open to all

The Assessment Showcase on Thursday, Sept. 21, from 9-11 a.m. in FOR 308, is open to both instructors and noninstructional staff. Assessment touches all programs and departments as well as the classroom. For more information, contact Dan Berger.

Play the change game

Do you like monopoly, chess, checkers, cards, or video games? Then come play Making Change on Wednesday, Sept. 20, beginning at 9 a.m. in FOR 309. Breakfast included at 8:30 a.m. and lunch at 12:20 p.m. Learn how to change Lane by trying out different strategies in a simulated school setting. See page 16 of the in-service brochure for more information or contact Greg Fishwick.

Think tank to meet

The Technology Think Tank will hold its first meeting of the year on Friday, Oct. 6, from 3-5 p.m. in CEN 420. Work of the Technology Planning Work Team will be discussed. For more information, contact Bob Barber.

Lane a site for National Depression Screening Day

Students may get information, depression screening, and brief individual interviews at Lane's Counseling Department on National Depression Screening Day on Thursday, Oct. 5, at 9 a.m. and again at 1 p.m. in CEN 321. For more information, contact Marje Takei.

THANKS

- Thank you to everyone for your generous support during my challenging and adventurous summer. I deeply appreciate all the love and care that Nicole and I received. - Laurel Henry
- A round of applause for Printing/Graphics who once again produced the fall in-service brochure. Special thanks to Patty Hammons, English, who filled in for me this summer while I was on family medical leave, and who helped complete the brochure. She contributed this year's "Schedule at a Glance" located in the center of the brochure. Thank you! - Julie Baker

College network training to continue

Training classes for the college network will resume in early October, including basic and advanced classes. A schedule of classes will be published in *The Daily* as soon as possible. Meanwhile, the classes scheduled for this Friday, September 22, are full. If you are registered for a class this Friday, September 22, but will be unable to attend, please contact Bob Barber in CIT directly. Other questions can also be directed to Bob Barber, Ext. 2305.

Board report

The procedure to place items on the board agenda drew criticism from English instructor William Powell at the Sept. 13 Board of Education meeting. He lodged his complaints under "statements from the audience." The board agreed to place his request to discuss the college's hiring and promotional practices on its October agenda.

In other business, approved were:

- the 1996/97 budget development criteria and process
- a public bidding exemption for ComputerPrep and Zenger-Miller training materials
- a helicopter lease

The board also approved 10 new hires. Board members noted that the hiring recommendation form still needs to reflect affirmative action involvement. Appointed were:

- Roger D. Bates as health and physical education instructor, effective Sept. 11
- Jane Batterson as dental hygiene instructor, effective Sept. 11
- Thomas R. Brokaw as EMT instructor, effective Aug. 28
- Marilou Good as computer information technology instructor, effective Sept. 11
- Beverly Hickey as early childhood education instructor, effective Sept. 11
- Thomas Marshall as electronics instructor, effective Sept. 11
- Yvonne Martinez as public safety training coordinator, effective Sept. 11
- Catherine A. Miner as math instructor, effective Sept. 11
- Dr. Mary Spilde as instructional vice president, effective Sept. 25
- Craig Taylor as Research & Planning director, effective Sept. 1

Dr. Jerry Moskus announced that he will be inducted into the College of Education Alumni Hall of Fame at Illinois State University later this month. He was cited for past and present accomplishments and the promise of future contributions to education. He is one of only 12 graduates inducted in the hall's inaugural class, and the only community college leader selected. He also noted that he gave the fall in-service keynote speech at Central Piedmont Community College in Charlotte, NC.

The board next meets Oct. 11.

How to e-mail *The Daily*

To send an e-mail message to *The Daily*, use one of the following:

aschimj@lanecc.edu - universal Internet address

internet[aschimj@lanecc.edu] - the Internet address required by on-campus Beyond Mail users

to use StreetTalk - click on the To: button, type Aschim, click on the Add and Okay buttons, and the StreetTalk address will be inserted

Previous publication of *The Daily's* Internet address had one too many dots in it. The above addresses are correct.

Toward teaching excellence

Contracted and continuing part-time instructors are invited to participate in Lane's term-long Teaching Improvement Process (TIP). Participants are observed by and consult with a non-threatening trained consultant, are videotaped, receive a computerized analysis of student responses to your class, and get many new ideas. Apply for any term during 1995/96 by calling Sharon Thomas at Ext. 2145.

LEAP's on main campus

Hi-tech training program launched

A pre-employment training program for high-tech occupations was announced by officials from Lane, Sony Disc Manufacturing and Symantec Corporation on Tuesday. The program will prepare graduates for entry-level jobs with high-tech employers such as Sony and Symantec. In turn, employers will have a steady flow of qualified applicants. Eight-week training sessions of 20 participants each will begin monthly over the course of one year. The pilot session begins Oct. 30, preceded by an Oct. 2 orientation. Training will be conducted at Lane and on site at Sony and Symantec.

"This is a win for everyone," said Lane President Jerry Moskus, "but especially for students who will get quick, job-specific training for the local high-tech industry." Vice President Larry Warford said the program is unique because it focuses on pre-employment. Participants will gain qualifications for high-tech jobs and local employers will be assured of a steady flow of skilled applicants.

Half of the program's direct instructional costs will be covered by participant tuition of \$495. The other half will be paid by Sony and Symantec. Lane will absorb all indirect costs.

As with other business-education partnerships Lane has pioneered, teamwork was the key to success. Serving on Lane's core team were Patti Lake, Kay Lutz-Ritzheimer, Linda Loft, and Dave Oatman, with leadership from Larry Warford and support from Jerry Moskus. Judith Watt will be training coordinator. For more information about the program, call Patti at 2848 or Judith at 2876.

Teleconference will address multimedia fair use guidelines

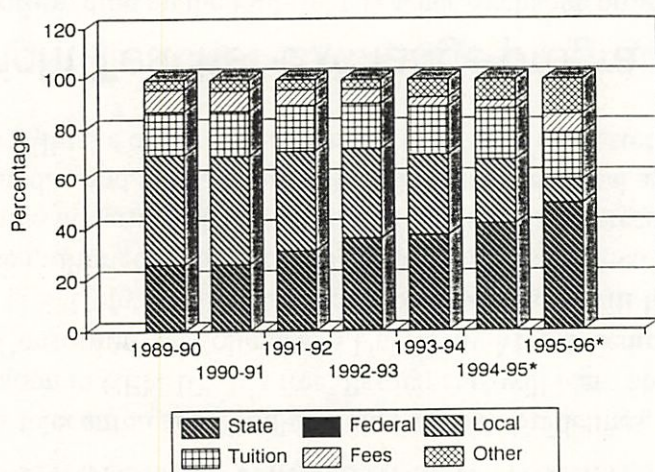

A teleconference, "Multimedia Fair Use Guidelines," will be held on Thursday, Sept. 21, from 10 a.m.-noon in CEN 10. It's free. Participants will learn about the fair use guidelines for multimedia that the Consortium of College and University Media Centers (CCUMC) is developing in cooperation with the U.S. Copyright Office. A series of vignettes will help illustrate what does and does not constitute multimedia fair use, and the expectations related to intellectual property, attribution, citation, and creative integrity will be thoroughly explained. Representatives from the publishing, recording, motion media, and music industries, and from educational associations and institutions and government agencies will take call-in questions on the air. All interested staff are invited to attend.

Fulbright Teacher Exchange program accepting applications

Information on the Fulbright Teacher Exchange program is available from Julie Baker at 2199. Application deadline is Oct. 15. The program involves direct one-for-one international exchanges. In most cases, both teachers secure a leave of absence with salary from their home institutions and then trade classrooms for the year. A few countries offer one-way assignments for which there is no exchange partner. The U.S. teacher secures a leave of absence without pay and receives a maintenance allowance from the U.S. Information Agency or Fulbright Commission.

Key Benchmarks

Percentage of Revenues by Source

* Budgeted

- ☒ Over the seven-year period, the local share of general fund revenues decreased from 43% to 9%.
- ☒ The impact of Ballot Measure 5 on the revenue sources is evident, as the state's share increased from 26% in 1989-90 to nearly 50% in 1995-96.

Faculty leave applications due

Winter and spring professional development leave applications are being accepted through Oct. 2. Contracted faculty members may apply for one to two terms of paid professional leave to do research, retrain for new assignments at Lane, or return to school. Guidelines and applications are available from Roxanne Flowerday or Pat John in Study Skills at 2439.

Discounts available to League conference

Registration discounts of \$100 are available to Lane staff who want to attend the League for Innovation's annual conference on information technology to be held Nov. 5-8 in Kansas City, MO. For more information, call 2120.

Assessment Showcase open to all staff

The Assessment Showcase, an in-service highlight, will be held today in FOR 308 from 9-11 a.m. New assessment ideas will be explored with hands-on exercises. Assessment issues touch all programs and departments as well as the classroom. Noninstructional as well as instructional staff are strongly encouraged to attend.

Computer Support Committee hosts open forums

The Computer Support Committee is hosting two open forum sessions today to gather feedback on the draft computer support standards. The forums are scheduled from 1-2:45 p.m. and 3-4:45 p.m., both in FOR 308. The two sessions will have the same format--a brief presentation by committee members and an extended opportunity for you to give feedback on any aspect of the draft standards. All staff should have received the information packet and draft standards already, and the packet was also sent out electronically. The packet contains a feedback form. You can turn the form in at the forums or you can mail it in to Instructional Services office anytime before Sept. 27. If you have questions, contact Sarah LaMaster, 2312.

Road closure

Eldon Schafer Drive (east entrance) will be closed on Saturday, Sept. 30 from 8 a.m.-4 p.m. for the Northwest Cross Country Classic. Gonyea Road (west entrance) will remain open.

Performance of "Oleanna" free to staff

Lane staff and one guest per staff member may attend the "Oleanna" performance on Friday, Sept. 22 and Saturday, Sept. 23 at 8 p.m. in the Performing Arts main theater at no cost. Additional tickets may be purchased for \$5. For more information, call the Box Office at 2202.

Washington colleges pattern kiosk system after Lane

Colleges in Washington State are currently poised to implement kiosks for providing students access to information. Bee McRea, admissions and records specialist, has had numerous requests from colleges in Washington State for "Let Your Fingers do the Talking," a video explaining how Lane's kiosks work. These colleges have expressed appreciation to Lane staff for pioneering this exciting innovation targeted to enhance student success.

Play takes center stage at all-staff meeting

President Jerry Moskus welcomed staff "to the beginning of our second 30 years" last Monday but delayed his annual speech by a day to let the play "Oleanna" take center stage. Faculty, classified and management staff produced the David Mamet play about power, sexual harassment and political correctness in a higher education setting. Discussion groups followed the presentation.

Welcoming remarks were also made by Board of Education Chair Cindy Weeldreyer, classified employee union president Alen Bahret, and faculty union president Dennis Gilbert.

President emphasizes four areas of focus

Keep your eye on the college's four areas of focus to navigate the waters of 1995/96, President Jerry Moskus said in his annual speech delivered at the all-staff luncheon last Tuesday. The four areas of focus are technology, customer service, diversity, and assessment. Other issues which will demand our attention in the coming year, the president said, are the impact of the Future Faculty Task Force report, faculty and management contract negotiations, and the continuing restructuring effort.

Moskus spent the remainder of his presentation reviewing the achievements of 1994/95 and presenting employee awards. Among the year's successes were accreditation; completion of reclassification and implementation of collaborative bargaining; an acceptable statewide funding formula; restructuring; and the bond measure. He also noted the development of the affirmative action and diversity plans and lamented the lack of time to note the other achievements of 1994/95.

President inducted into hall of fame

President Jerry Moskus was inducted into the Illinois State University College of Education Alumni Hall of Fame at a homecoming ceremony on September 23 in Normal, Illinois. He was the only community college professional of the 12 inaugural inductees. The hall was established this year to recognize graduates for exemplary leadership in education, excellence in the profession, governmental service, scholarship and productivity in contributing to education, and educational innovation. Moskus earned three degrees from ISU: a doctorate in educational administration in 1983, a master's in English in 1968, and a bachelor's in English in 1965. He has been president at Lane since 1990.

"Where to Find it at Lane" attached

The newest edition of "Where to Find it at Lane" is attached to today's *Daily*. "Where to Find it at Lane" is a quick reference guide to student and community resources and services. All listings appear in generic form so that main listings readily found in the directory are not duplicated. For example, "Disability Services" can be found under "Accessibility Accommodations," "Handicapped Resources," or "Disability Resources." Each department will receive several copies through intercampus mail for distribution. If you need more copies or have feedback, contact Therese Picado in Institutional Advancement at 2060. "Where to Find it at Lane" is updated annually.

Advanced Web page techniques

Bill Griffiths from the Mathematics Department will demonstrate advanced Web page techniques on Monday, Oct. 2, at 3 p.m. in M&A 235. Topics will include image maps, forms, server push, and client pull.

Progress on home page

The college's new home page debuted last Wednesday. It is the first thing you see when you go into Netscape. For now, the home page and attachments have very basic information about the college. More will follow soon. Huge thanks go to network administrator Bill Fletcher and page creator Beau Binder for working many extra hours to launch the page as promised on September 20. Others who worked hard to make it happen are Nick Cheshire and Pat Dickover, Computer Services; Bob Barber, Computer Information Technology; and Joan Aschim, Diane Dann and Therese Picado, Institutional Advancement. Additional staff will soon be involved in planning expansion of the pages.

Meanwhile, the committee is working to iron out two bugs. Mac users may find the current "links" hard to read. That is being remedied. Some Mac and PC users have reported that columns of information are out of alignment. This is related to individual preferences settings and can be corrected at each work station but the committee is also looking for a more universal solution.

Return borrowed videotapes

Copies of Lane's video tape titled "We Put Learning to Work" have become scarce. More will be ordered. In the meantime, if there are copies in departments that are not in use, please return them to Angela Miller in Institutional Advancement.

Surplus property going to auction

Another accumulation of college surplus property will go to auction at Northwest Auto Auction on Prairie Road in Eugene in mid-October. Please have items for disposal transferred to surplus property before Oct. 4. Use an ICO to effect the transfer. The surplus property loft will be open for final previewing from 1-3 p.m. on Thursday and Friday, Oct. 5 and 6. There is a large accumulation of furniture from the recent Administration Building remodel. Now would be a good time to trade up in office furniture. Call Bob Cudmore at 2571 for details.

Toward teaching excellence

Contracted and continuing part-time instructors are invited to participate in Lane's term-long Teaching Improvement Process (TIP). Participants are observed by and consult with a non-threatening trained consultant, are videotaped, receive a computerized analysis of student responses to your class, and get many new ideas. Apply for any term during 1995/96 by calling Sharon Thomas at 2145.

THANKS

Christine Strahan named classified employee of the year

The naming of Christine Strahan as Outstanding Classified Employee of the Year for 1994/95 brought the crowd to its feet in admiration at the Sept. 19 all-staff luncheon. She is international admissions specialist for Lane and has been with the college since 1980. A few comments from her colleagues: "Christine's entire demeanor, style and approach to her job exemplify the college's mission and unifying principles – she is committed to assisting students in their academic success." "Christine is without question the most professional person I have ever known." "Christine is a persistent and creative problem solver." "She consistently goes above and beyond."

Local area code about to change

The local area code changes to 541 beginning Nov. 5. Both 503 and 541 will be allowed from Nov. 5, 1995 through June 30, 1996. Afterwards, only the new 541 code will be allowed. The northwest corner of Oregon including Portland and Salem will retain the 503 code. Campus Services is preparing a list of affected exchanges. Call Virginia Brady at 2565 for more information.

Traffic flow pattern change

Since main campus opened in 1968, the south access from Gonyea Road has been one-way inbound from 6-10 a.m. and two-way at other times. No longer! Due to a number of close calls and complaints, the south access from Gonyea Road will now be one-way inbound at all times. West lot exit traffic will still be able to access the south end of Gonyea Road outbound lanes from the southwest corner by executing a right turn and staying in the new third lane marked outbound with white arrows.

Art instructors showing at Maude Kerns

Lane sculpture instructors Harold Hoy and Marilyn Robert are showing with 20 other artists from around the Northwest in the Fifth Sculpture Biennial at Maude Kerns Art Center in Eugene. The shop opened Sept. 8 and runs through Oct. 14. Gallery hours are Tuesdays-Fridays from 10 a.m.-5 p.m. and Saturdays from 1-5 p.m.

Thomas Rubick illustration featured in *Designer Magazine*

Lane graphic design instructor Thomas Rubick has a mixed media illustration in the summer 1995 issue of *Designer Magazine*. Rubick created the piece while at a week-long workshop held this June for graphic design instructors and professionals at Kent State University, sponsored by the College Designers Association. The magazine used the illustration for its story on the workshop. The illustration can be seen at the faculty art show in the Art Department Gallery now through Oct. 13. Gallery hours are Mondays-Thursdays from 8 a.m.-10 p.m. and Fridays from 8 a.m.-5 p.m.

Lane faculty participate in "American Woman" play

"American Woman" is a poignant and humorous play about six non-mainstream women in search of self-realization. Originally a one-woman show, the play is now performed by six actresses. Lane participants include playwright Bjo Ashwill, formerly with the Counseling Department, director Sparky Roberts, theater instructor, and actress Margo Van Ummersen, dance instructor. The play will be presented Thursday and Friday, Oct. 5 and 6 at 7:30 p.m., and Sunday, Oct. 8 at 3 p.m., at the Unitarian Church in Eugene at 40th and Donald. Suggested donation: \$5. For information or reservations call 686-2775 or 686-9781.

Technology workshop for faculty offered

"Technology for Teaching & Learning" is a conceptual overview of possibilities for using technology in the teaching and learning process. This class is a good place to get new ideas for proposals for release time to learn technology. The workshop will be held on two Saturdays, September 30 and October 7, from 8 a.m. to 5 p.m. in CEN 478. Sign up through ClassLine required; use registration number 5365. Use your tuition waiver for a Continuing Education class plus a \$29 fee. Call Sylvia Sandoz at 2779 for more information.

Faculty professional development planning retreat held

Carmel Decroos, the new faculty professional development facilitator, reports that the faculty team met Sept. 15-16 at Siltcoos Station to identify priorities and discuss ways to implement Future Faculty Task Force recommendations. Faculty emphasis on teaching strategies, student motivation and the integration of technology will be honored. Other priorities will include new faculty orientation, a newsletter and calendar of events, and work toward a resource center for teaching and learning as well as a regular "faculty learning time" set aside for professional development activities and special incentives for faculty participation. Decroos emphasized the benefits of working together and said, "I look forward to collaborating with many individuals and groups in reaching our common goals for student success." Interested faculty are invited to join the team or participate in planning special projects. Monthly meetings will be announced or call Decroos at 2638.

Shootin' Titans program available

Lane's Shootin' Titans program is available for young men and women 8-to-15-years-old. The program offers three Saturday morning basketball clinics on Oct. 21 and 28, and Nov. 4 from 9:45-11:30 a.m. Each participant receives an autographed basketball, T-shirt, tickets to Titan games, and three on-the-floor clinics, for \$25. Call Athletics at 2215 or Jim Boutin at 2553 for a brochure.

Funding available for faculty professional activities

Faculty professional activities funding is available to help pay expenses for workshops, conferences or other activities that will benefit the employee and the college. Deadlines for applications are the first Monday of each month through June. Upcoming deadlines are Oct. 2, Nov. 6, Dec. 4, Jan. 8, Feb. 5, March 4, April 1, May 6, and June 3. Proposals must be approved before the activity date. For more information contact Roxanne Flowerday or Pat John in Study Skills at 2440.

THANKS

This year's fall in-service effort was a real team effort and appeared to be well-received. Special thanks go to those who led the planning for assessment (Dan Berger and Craig Taylor), diversity (Mark Harris), education reform (Greg Fishwick), and technology (Bob Barber). Thanks also to Jane Russell and Jack Powell for "Oleanna." Also on the planning team were Lou Bombardier, Maxine Frauman, Cheryl Kempner, Pat McLaughlin, Sparky Roberts, and Mary Schreiber. Julie Baker did an excellent job of pulling together the myriad of details with good help from Patty Hammons. Finally, thanks to the many faculty and staff members who presented at the various sessions, as well as to those of you who attended and participated. - Larry Warford, Vice President for Instructional Services

Ron Little named instructor of the year

Ron Little, computer information technology instructor, was introduced as 1994/95 Instructor of the Year at the all-staff luncheon on Sept. 19. A committee of former outstanding instructors unanimously selected Ron earlier this year and presented the award at graduation.

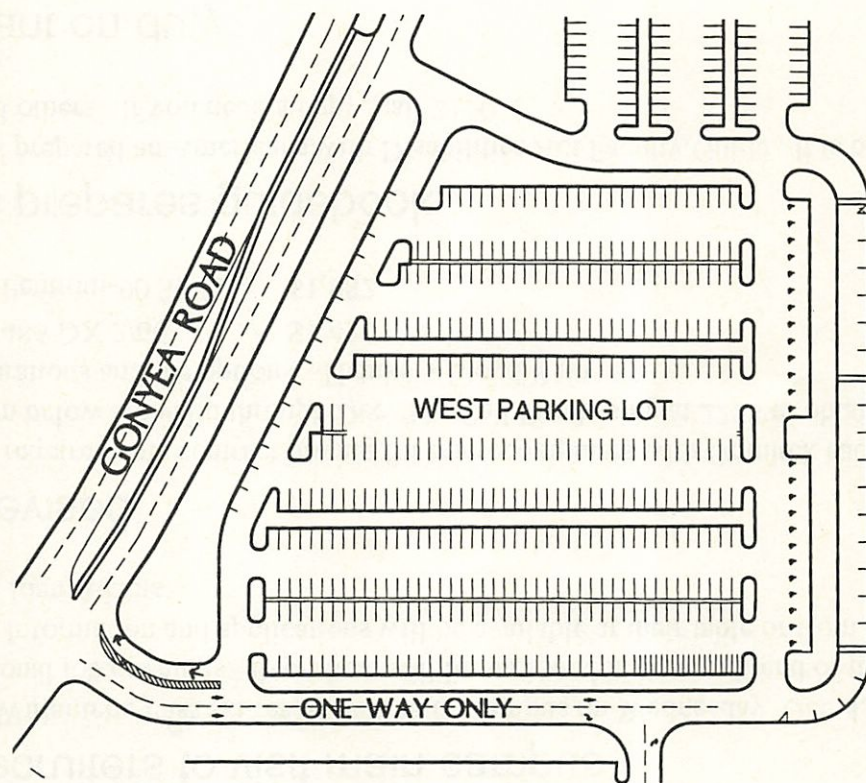

Ron teaches networking classes for Lane's two-year network operations degree. He has taught at Lane since 1989. He also taught at Lower Columbia College from 1985-88 and Portland State University in 1984/85. He completed a master's degree in education at PSU in 1989 and a bachelor's degree in mathematics from Montana State University in 1980.

Students nominate instructors for the award. Here are a few comments from Ron's students: "He really cares about his students and their success! He goes out of his way to be sure we really understand..." "Ron is an amazing instructor. He has the widest knowledge base of any instructor I know." "He is extremely patient. He has a passion for what he teaches." "Ron wants his students to do well." "Ron's attitude is always upbeat." "He promotes a feeling of partnership and trust in learning with his students." "Ron Little is a compassionate man." *Photo by John Bauguess*

Staff notes

- Sylvia Sandoz recently joined Research and Planning as research associate. She has worked at Lane since 1989 in Instructional Computing as Center Building computer lab coordinator. She is now located in ADM 118 at extension 2779.
- Craig Taylor was named director of Research and Planning effective Sept. 1 after three-and-a-half years with the department and Lane.
- Shan Titus will leave High School Relations in mid-October to accept a faculty position at Lane and also pursue her Yoga classes in her home studio.

Going my way?

The main campus south access entrance from Gonyea Road is now one-way inbound at all times, except for a new right hand turning lane for exiting traffic at the access road/Gonyea Road southwest intersection.

Rita Hennessy wins innovation award

Philosophy instructor Rita Hennessy was introduced as winner of the League for Innovation 1995 Innovation of the Year Award at the all-staff luncheon on Sept. 19. The award was first announced in May. She won the award for developing the Fast Forward program. Fast Forward is an interdisciplinary, multicultural learning community which helps students earn the associate of arts Oregon transfer degree in a timely manner. Students set up an entire year's schedule after orientation and are guaranteed early registration. Two classrooms have been renovated and dedicated to Fast Forward classes to enhance the sense of community among the students. The Innovation of the Year Award is presented annually to one person at each of the League's 18 member college districts.

Kudos

- Dr. Stephen Hamilton who has been promoted to Nidan Rank (second level black belt) in Aikido. Sensai Hamilton teaches Aikido at Lane and advises the Lane Aikido student organization. For information about Aikido, contact Hamilton at 2528.
- Craig Leavy, instructional support specialist in Media Arts and Technology, has been named the video teleconferencing administrator at the U of O Department of Telecommunications Services. Leavy has been with Lane since 1976.
- Jerri Adler, CMT, has completed recertification requirements to maintain the Certified Medical Transcriptionist credential through the Medical Transcriptionist Certification Program at the American Association for Medical Transcription. The CMT credential is the highest honor of professional achievement available to medical transcriptionists.
- Jim Boutin, men's basketball coach for Lane, was sent by Adidas to southwest France to conduct basketball clinics this past summer. He spent two weeks working with Adidas ABC camps. "It was a wonderful experience working with the former French national coach. It was rewarding to exchange basketball information and to represent Lane Community College," says Boutin.

Banned books on display in the library

Are you curious about which of your favorite authors have had their work banned or challenged somewhere in America? You'll be surprised at how many famous authors are on the list. Check out the banned books currently on exhibit in the library's Mezzanine Gallery in honor of Banned Books Week and the Uncensored Celebration. Can you guess which book has been banned in the U.S. more often than any other? For more information about this exhibit or the Mezzanine Gallery, contact Daniel Moret at 2318.

THANK YOU

- A special thanks to all who helped celebrated my retirement. It was a special time for me, and I appreciated your support and well wishes. I am looking forward to learning Spanish, traveling and reducing my golf score. I have many friends at Lane, and I will be looking forward to meeting you in the Canadian Rockies, on the Great Barrier Reef, on a South Sea island, or at the nineteenth hole of any golf course. Best wishes to All! - Jim Ellison
- Thank you to all of you at Printing/Graphics for the tremendous help you are to our Family & Health Careers Department. You do a terrific job with all our printing orders and are very timely. It is amazing with all the paperwork you process that there is such perfection! This has gotten our fall term classes up and running quickly! Thank you!
