## Trial access extended for on-line grants database

Staff and faculty can try out the Illinois Researcher Information Service (IRIS) on the World Wide Web via Netscape through October 20. IRIS is a unit of the University of Illinois Library at Urbana-Champaign. The IRIS database has been compiled since 1979 and currently contains over 7,000 federal and non-federal funding opportunities in the sciences, social sciences, arts, and humanities. It is compiled on the basis of information provided by the sponsors themselves and is updated daily. The database supports full Boolean searching on a dozen fields, including keywords in program descriptions. To access IRIS via the World Wide Web open this location: <http://www.grainger.uiuc.edu/iris/>. From the IRIS home page, click on "IRIS (www version)" for the funding database or "OPS (www version)" for access to selected items from the Federal Register and Commerce Business Daily. Please send feedback on your search experience to Sarah LaMaster, Institutional Advancement, at 2312 or via e-mail. If enough users find the service valuable, the grants office will acquire a collegewide subscription.

## Classified Council to participate in diversity training

At Classified Council's Sept. meeting, Donna Albro, director of Affirmative Action, reviewed Lane's Affirmative Action Plan. Copies of the plan are housed in each department and two copies are on reserve in the Library. Albro informed the council of two trainings available to staff that address diversity in the workplace. The trainings, presented in video modules, are called "A Winning Balance" and "Synergy: EEO, Diversity, and Management." According to Albro, fourteen Lane staff members have had diversity training and are available to train others. She requested that council do the trainings and critique the presentation. Council has reserved its regularly scheduled meeting on Oct. 25, for a diversity training session using the video "A Winning Balance."

In other business, council discussed past accomplishments and made plans to continue the Staff Suggestions and Concerns project. Council also saw a video called "Beyond the Glass Ceiling" that discusses women's issues in the workplace. - submitted by *Kimberly Buchanan*

## Faculty Council report

Faculty Council met Sept. 28 and discussed its work for the year. In addition to the fall agenda, council will discuss the Future Faculty Task Force Report. The work of the task force has been completed and the report passed on to Faculty Council. Faculty Council will organize discussion among faculty and the LCCEA and will strategize the best approach in implementing the task force vision and recommendations. Members reviewed council's role in college governance and its relationship to the faculty association while discussing how to carry out the recommendations outlined in the task force report. The group renewed its commitment to pursue a number of other academic issues, including the definition of grades which are not strongly connected to collective bargaining. Lane's hiring process and the use of part-time faculty, workload and faculty professional development are among the topics from the report that will be addressed first. - submitted by *Kimberly Buchanan*

## Getting published topic of workshops

Half a million book manuscripts circulate at any given time among U.S. publishers but only 10 percent make the grade. One reason is that many writers don't know how to write a book proposal, says Elizabeth Lyon, author of "Nonfiction Book Proposals Anybody Can Write: How to Get a Contract and Advance Before You Write Your Book." The book has been picked up by Writer's Digest Book Club and adopted as a text by the University of Washington in Seattle and Northeastern University of Boston. Lyons teaches freelance writing through Continuing Education and operates a consulting service. She is conducting a series of free, one-hour workshops on the topic of her book this month:

- Sunday, Oct. 15, 1-2:30 p.m., U of O Knight Library, Adelaide Church Browsing Room.
- Thursday, Oct. 26, 7-8:30 p.m., Peralandra Bookstore, Station Square Building, 199 E. 5th, Eugene, "Selling Your Nonfiction Book to Mainstream Publishing."
- Thursday, Nov. 9, 3-5 p.m., U of O Center for Women in Society, "Women Breaking In: Nonfiction Book Publishing."
- Tuesday, Nov. 14, 7-8 p.m., Java Joe's, 2690 Willamette, Eugene.

"Nonfiction Book Proposals Anybody Can Write: How to Get a Contract and Advance Before You Write Your Book" was released by Blue Heron Publishing of Hillsboro in August. It retails for \$14.95.

## Tuition waiver/courtesy appointment system under scrutiny

Begun as a way of saying thank-you to volunteers, tuition waivers have become an expected form of compensation for courtesy appointments. Such was the conclusion of College Council at its Oct. 17 meeting. A group of staff from College Finance, College Operations, Computer Services, Financial Aid, Job Placement Office, and Personnel Services who have been tackling the issue participated in the meeting. Council's intent was to advise the vice presidents in reforming the system. Concerns focused on meeting the needs of students, instruction and services while adhering to state and federal laws. Legal counsel is reviewing the matter. It was agreed that a reform plan could not be drafted until legal opinion is delivered. Council asked to be informed of the legal opinion and recommended that the review group keep working, with the addition of instructors and students to the review group's membership.

## Facilities Management Committee to meet

The Facilities Management Committee will meet Thursday, Oct. 19, at 3 p.m. in CEN 481E. Topics on the agenda: LCCEA office, long house, Downtown Center fire/security system, preliminary plans for Cottage Grove center, Campus Services conference room, workstation for College Operations, office landscaping in Applied Engineering, and the construction priorities list. All interested staff and students are invited to attend.

## Curriculum committee to meet

The Curriculum Approval Committee will meet on Wednesday, Oct. 25 from 3:15-4:45 p.m. in the Boardroom. Questions? Call Melanie Brown-Carey in Curriculum/Scheduling at 2367.

## Mutant sculpture show opens today

*Detail of "Delivery Room"*  
by Bruce Conkle

Wall-mounted faux Dalmatian parts and a 30-foot long Mickey Mouse rug are part of the installation sculpture by Portland artist Bruce Conkle showing in the Art Department Gallery today through Nov. 9. Described by some as a postmodern prankster, Conkle will lecture on his work today at noon sponsored by ASLCC. A reception will follow.

Conkle's bizarre sculptures have been called mutant, distorted, funny, lascivious, frightening and weird. The 31-year-old artist uses a startling variety of objects from toys to fake fur to tiny television screens running actual videos. Comments from his writings include "There is no normalcy, only a thinly veiled facade..." and "Consumerism has virtually replaced spirituality throughout the first world nations ... every object can be considered evidence and we are all implicated."

Conkle has shown in Oregon, New York and Iceland in solo and group shows. He was one of only 60 artists selected from 700 contenders for the provocative Portland Art Museum exhibit, "Crosscut," in 1993. He received his undergraduate degree from the University of Oregon and his master's from the Museum of Fine Arts in Boston.

Gallery hours are Mondays through Thursdays from 8 a.m. to 10 p.m. and Fridays from 8 a.m. to 5 p.m. For more information, call 2409.

A distinguished panel of experts will explain the benefits of diverse teams in business, civic and academic organizations. They will demonstrate how this team approach empowers workers, enabling any organization to achieve more with—vital knowledge in today's cost-cutting climate. The format will feature discussion, case studies, role-play simulations, questions and answers with sites via phone and fax, and video segments and workbook selections from the award-winning training series, "Valuing Diversity and Valuing Relationship." All interested staff are invited to attend. - Cynde Leathers, 2260

## Donations sought for Virginia DeChaine scholarship fund

The Virginia Howard DeChaine Memorial Endowed Scholarship Fund lives as a dream in the hearts of one anonymous donor and the LCC Foundation. The donor has pledged \$1,500 and hopes staff will donate the additional \$8,500 necessary to establish a \$10,000 endowment. The \$10,000 minimum is necessary because endowments draw awards from interest, not principal, explains Foundation Director Joe Farmer. The endowment would award \$500 annually to a student who is a single parent majoring in nursing, counseling, pre-school education, or education. Additional eligibility criteria includes first-year status with plans to continue; cumulative GPA of 3.0 or better; financial need; and enrollment or past enrollment in Listening and Critical Thinking.

DeChaine taught listening, critical thinking and speech at Lane from 1967-95. In addition to teaching, she chaired the Mass Communications Department from 1968-73. She was a national expert in listening skills and built a renowned listening skills programs at Lane. She passed away Aug. 2 at age 65 due to unknown causes.

To donate to the fund, contact the Foundation at 2810, or make checks payable to the LCC Foundation and mail to the Foundation, second floor Administration Building.
